INTERIM REPORT 2005

### CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET ("GEM") OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

GEM has been established as a market designed to accommodate companies to which a high investment risk may be attached. In particular, companies may list on GEM with neither a track record of profitability nor any obligation to forecast future profitability. Furthermore, there may be risks arising out of the emerging nature of companies listed on GEM and the business sectors or countries in which the companies operate. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

The principal means of information dissemination on GEM is publication on the Internet website operated by the Stock Exchange. Listed companies are not generally required to issue paid announcement in gazetted newspapers. Accordingly, prospective investors should note that they need to have access to the GEM website in order to obtain up-to-date information on GEM-listed issuers.

The Stock Exchange of Hong Kong Limited takes no responsibility for the contents of this report, makes no representation as to its accuracy or completeness and expressly disclaims any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors of Info Communication Holdings Limited collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the Growth Enterprise Market of The Stock Exchange of Hong Kong Limited (the "GEM Listing Rules") for the purpose of giving information with regard to Info Communication Holdings Limited. The directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief: 1. The information contained in this report is accurate and complete in all material respects and not misleading; 2. There are no other matters the omission of which would make any statement in this report misleading; and 3. All opinions expressed in this report have been arrived at after due and careful consideration and are founded on bases and assumptions that are fair and reasonable.

Notes:

#### 1. Basis of preparation and accounting policies

These unaudited condensed consolidated interim results ("interim accounts") are prepared in accordance with Hong Kong Accounting Standard 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants and Chapter 18 of the Rules Governing the Listing of Securities on the Growth Enterprise Market of The Stock Exchange of Hong Kong Limited (the "GEM Listing Rules").

These condensed consolidated interim accounts should be read in conjunction with the 2005 annual financial statements. The principal accounting policies and methods of computation used in the preparation of these condensed interim accounts are consistent with those used in the annual financial statements for the year ended 31 March 2005, except for the accounting policy changes that are expected to be reflected in the annual financial statements for the year ending 31 March 2006 following by the Group's adoption of the new and revised Hong Kong Financial Reporting Standards ("HKFRSs") and Hong Kong Accounting Standards ("HKASs") (herein collectively referred to as "new HKFRSs") relevant to its operations, which are effective for accounting periods commencing on or after 1 January 2005. Details of the major changes in accounting policies are set out below:

The adoption of HKFRS 3 "Business Combinations", HKAS 36 "Impairment of Assets" and HKAS 38 "Intangible Assets" results in a change in the accounting policy for goodwill. Until 31 March 2005, goodwill was amortised using the straight-line method over its estimated useful life of ten years and was assessed for impairment whenever there was an indication of impairment.

In accordance with HKFRS 3, the Group ceased to amortise goodwill with effect from 1 April 2005. The accumulated amortisation as at 31 March 2005 had been eliminated with a corresponding decrease in the cost of goodwill. Commencing from the year ending 31 March 2006, goodwill is tested annually for impairment and when there are occasions indicating the requirement for impairment.

The Group's turnover for the six months ended 30 September 2005 was approximately HK\$13,280,000 and represented a decrease of approximately HK\$5,552,000 as compared to the corresponding six months ended 30 September 2004 which amounted to approximately HK\$18,832,000. Such decrease was principally attributable to the decrease in exhibition organisation income from its recurring exhibitions in the PRC and Malaysia during the current period, in particular the two newly launched exhibitions in Suzhou, namely Suzhou International Machine Tool & Mould Technology Exhibition and Suzhou International Plastics, Packaging & Rubber Exhibition, which were held by the Group in the second quarter of 2005/2006 and were first organised by the Group in last year. Although these two new exhibitions were well received by exhibitors and visitors, they commanded lower profit margin as they were in their early stage of the exhibition life cycle.

The Group recorded loss attributable to the Company's shareholders of approximately HK\$2,960,000 for the six months ended 30 September 2005, whereas profit attributable to the Company's shareholders for the corresponding six months ended 30 September 2004 amounted to approximately HK\$92,000. Such decrease was mainly attributable to the aforementioned decrease in the Group's turnover as compared with the same period last year.

#### Liquidity, financial resources and capital structure

The Group generally finances its daily operations and investing activities from internally generated cash flows. During the period, the Group has commenced its Investment project in relation to the outdoor advertising billboards in primary and secondary schools in Guangzhou, the advertising billboards are under construction as planned. The Group's total assets increased by approximately 20% to approximately HK\$41,591,000 as at 30 September 2005, compared to approximately HK\$34,646,000 as at 31 March 2005 as a result of the significant increase in construction in progress included in intangible assets and sale deposits receivable included in other receivables, deposits and prepayment under current assets.

The Group's current assets as at 30 September 2005 amounted to approximately HK\$26,602,000 and comprised trade receivables of approximately HK\$2,183,000, other receivables, deposits and prepayments of approximately HK\$13,550,000 and cash and bank balances of approximately HK\$10,869,000. As at 30 September 2005, the Group had net assets of approximately HK\$22,404,000 and had no bank and other borrowings or long-term liabilities. The Group's financial position is healthy, positioning the Group advantageously to expand its core business and to achieve its business objectives.

The gearing ratio, calculated on the basis of total liabilities over total equity as at 30 September 2005, is approximately 85.6% (31 March 2005: 28.7%). Such increase was mainly due to the significant increase in sales deposits received during the six months ended 30 September 2005 which amounted to approximately HK\$16,151,000, represented an increase of approximately HK\$13,600,000 as compared to approximately HK\$2,551,000 as at 31 March 2005.

Since the functional currencies of the Group's operations are Hong Kong dollars and Renminbi, the Directors consider that the potential foreign exchange exposure of the Group is limited.

#### Investment held and material acquisitions and disposals

During the six months ended 30 September 2005, the Group has made capital contribution of HK\$1,000,000 to the registered capital of its subsidiary, 廣東訊展會議展覽有限公司, which was established as a wholly-foreign owned enterprise under the laws of the PRC with limited liability on 27 December 2004 by the Company's wholly-owned subsidiary, Global Challenge Limited, and is principally engaged in the provision of exhibition organisation services in the PRC.

Save as the above, there were no material acquisitions and disposals of subsidiaries in the course of the six months ended 30 September 2005.

#### **Employees and remuneration policies**

As at 30 September 2005, the Group had 30 employees, including Directors. Total staff costs for the first six months of the year ending 31 March 2006, including Directors' remuneration, amounted to approximately HK\$4,642,000 (six months ended 30 September 2004: approximately HK\$5,878,000). The Group's employment and remuneration policies remained the same as detailed in the Annual Report 2005.

#### Charges on Group's assets and contingent liabilities

There were no charges on the Group's assets or any significant contingent liabilities as at 30 September 2005.
