FIRST QUARTERLY  
REPORT **2009**

## **Characteristics of The Growth Enterprise Market ("GEM") of The Stock Exchange of Hong Kong Limited (the "Stock Exchange")**

**GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.**

**Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.**

*Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.*

## NOTES TO THE UNAUDITED FIRST QUARTERLY FINANCIAL STATEMENTS

### 1. BASIS OF PREPARATION

The condensed consolidated financial statements for the three months ended 30 June 2009 have been prepared in accordance with the Hong Kong Accounting Standard No.34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and the applicable disclosure requirements of the GEM Listing Rules.

The condensed consolidated financial statements are unaudited but have been reviewed by the audit committee of the Company (the "Audit Committee").

### 2. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies and method of computation used in the preparation of the unaudited condensed consolidated financial statements are consistent with those applied in the Group's audited financial statements for the year ended 31 March 2009.

### 3. ADOPTION OF NEW AND REVISED HKFRSs

In the current period, the Group has adopted a number of new Hong Kong Financial Reporting Standards ("HKFRSs"), amendments to Hong Kong Accounting Standards ("HKASs") and Interpretations ("Ints") (hereinafter collectively referred to as "new HKFRSs") issued by the HKICPA that are relevant to the Group and effective for accounting periods beginning on or after 1 April 2009. The adoption of these new HKFRSs did not result in substantial changes to the Group's accounting policies and amounts reported for the current year and prior years.

The Group has not early adopted the new HKFRSs, that have been issued but are not yet effective. The directors of the Company anticipate that the application of the new HKFRSs will have no material impact on the results and financial position of the Group.

#### 4. REVENUE AND SEGMENT INFORMATION

The Group is organized into four major business segments: (i) sale and implementation of customised software and related computer equipment; (ii) provision of computer-related technical support and maintenance services; (iii) sharing of profits of a junket representative of a VIP lounge of a casino in Macau; and (iv) provision of money lending services. #### 6. LOSS PER SHARE

The calculation of the basic loss per share attributable to ordinary equity holders of the parent is based on the Group's loss attributable to equity holders of the parent for the three months ended 30 June 2009 of approximately HK\$2,276,000 (2008: HK\$65,000) and on the weighted average number of 3,037,155,632 (2008: 2,728,491,136) ordinary shares in issue during the period.

The basic and diluted loss per share are the same for the three months ended 30 June 2009 and 2008 respectively, as the Company recorded losses attributable to the equity holders of the parent and hence, the incremental shares from the assumed exercises of share options and warrants outstanding as at 30 June 2009 and 2008 are not included in calculating the diluted basic loss per share.

#### 7. INTERIM DIVIDEND

The board of directors (the "Board") of the Company does not recommend the payment of interim dividend for the period (2008: Nil).

## MANAGEMENT DISCUSSION AND ANALYSIS

### BUSINESS AND FINANCIAL REVIEW

During the period under review, the Group faced challenges in view of the global recession, resulting in a disappointing performance of the IT consulting services and gaming and entertainment business in Macau. The gloomy economic outlook has posed pressure on the IT consulting services and there was a great cut back in such demand. In July 2008, the measures adopted by the Guangdong government to further tighten the individual visits to Macau under the individual visit scheme and the global financial meltdown drove down the VIP gaming revenue during the period under review.

Operating under such difficult economic conditions, the Group's revenue dropped by 79.07% to approximately HK\$1.17 million when compared to the corresponding period of last year (2008: HK\$5.59 million). Loss attributable to shareholders was HK\$2.28 million (2008: HK\$65,000). The higher net loss attributable to the shareholders was mainly due to the non-cash cost associated with equity-settled share options and the decline in revenue.

### SIGNIFICANT INVESTMENTS AND MATERIAL ACQUISITIONS

#### (A) *Very substantial acquisition*

Referring to the announcements dated 12 February 2009 and 31 March 2009 respectively, and the circular dated 14 May 2009 ("Circular"), the Board entered into an acquisition agreement ("Acquisition Agreement") whereby the Board proposed to acquire the entire equity interest in Mega Bright Investment Development Limited ("Mega Bright") (which holds 51% equity interest in Jining Gangning Paper Co. Ltd. ("Jining Gangning"), in Shandong Province in the People's Republic of China ("PRC")) at a consideration of HK\$190 million (the "Consideration", subject to adjustments). The payment of the Consideration is to be satisfied by (i) cash of HK\$103.5 million by two (2) installments; (ii) the issuance of convertible bonds by the Company in the aggregate principal amount of HK\$40 million convertible into 333,333,333 shares of HK\$0.01 each ("Convertible Bonds"), and (iii) the issuance of promissory notes in the principal sum of HK\$46.5 million by the Company. According to the Acquisition Agreement, the vendor shall provide profit guarantees of not less than RMB60 million profit after tax on Jining Gangning for each of the two years ended 31 December 2010 and 31 December 2011. Jining Gangning is engaged in the manufacture and sale of various types of kraft paper. Its production facilities comprise 2-paper production lines, a stock or pulp preparation section for making paper products, a waste water treatment plant, various plant utilities, and laboratory, office and material handling equipment. Jining Gangning has a factory complex which comprises two parcels of adjoining land of approximately 82,667 square meters with 31 various major buildings and structures erected thereon. According to the valuation reports as

set out in the Circular, the market values of plant and machinery and property were approximately RMB112 million and RMB55 million as at 30 April 2009 respectively. Details of the acquisition are set out in the Company's announcements dated 12 February 2009 and 31 March 2009 respectively, and the Circular. On 3 June 2009, the shareholders of the Company at the special general meeting approved the Acquisition Agreement and the transactions contemplated thereunder. The completion of acquisition of Mega Bright took place on 1 July 2009.

*(B) Issue of redeemable convertible note*

Referring to the announcement dated 19 June 2009, the Company entered into a subscription agreement with the subscriber to subscribe for the redeemable convertible note in the principal amount of HK\$15,000,000 with 36% interest rate per annum and due one year from the date of issue at the initial conversion price of HK\$0.13 per conversion share ("Redeemable Convertible Note"). Assuming full conversion of the Redeemable Convertible Note at the initial conversion price, the Redeemable Convertible Note will be convertible into 115,384,615 shares of HK\$0.01 each. Details of the issue of Convertible Redeemable Note are set out in the Company's announcement dated 19 June 2009. The Redeemable Convertible Note was issued to the subscriber on 13 July 2009.

*(C) Proposed share consolidation and change of board lot size*

Referring to the announcement dated 3 July 2009 and the circular dated 13 July 2009, the Board proposed to implement a share consolidation on the basis that every four issued and unissued shares of HK\$0.01 each in the share capital of the Company will be consolidated into one consolidated share of HK\$0.04 each ("Share Consolidation"). The Board also proposed to change the board lot size for trading in the shares from 4,000 shares to 10,000 consolidated shares upon the Share Consolidation becoming effective. Details of the Share Consolidation and change of board lot size are set out in the Company's announcement dated 3 July 2009 and the circular dated 13 July 2009. On 11 August 2009, the shareholders of the Company at the annual general meeting approved the Share Consolidation and change of board lot size. The Share Consolidation and change of board lot size became effective on 12 August 2009. The respective conversion prices of the Convertible Bonds (which are yet to be issued) and the Redeemable Convertible Note shall be adjusted by virtue of the Share Consolidation, details of which are set out in the announcement dated 11 August 2009.

## **PROSPECTS**

In view of the difficult operation environment for the IT consulting services and gaming and entertainment business in Macau, the Group intends to de-emphasize these two businesses in the future. Looking ahead, the Group discerns that the Chinese economy has been amongst the most resilient in the global economic downturn. The mainland government's economic stimulus packages to boost domestic consumption and the economic stamina of the country are advantages to the development of the Group's paper manufacturing business in China. With the completion of acquisition of Mega Bright on 1 July 2009, the Board believes that the paper manufacturing business will be the core business of the Group and will bring a higher return to the shareholders in the future.

## **SHARE OPTION SCHEME**

A share option scheme (the "Scheme") was approved and adopted by the shareholders of the Company at the annual general meeting held on 21 August 2006. Under the Scheme, the directors of the Company are authorised to grant options to the participants of the Group including any employee, director, adviser, consultant, licensor, distributor, supplier, agent, customer, joint venture partner, strategic partner and services provider to or of any member of the Group whom the Board considers in its sole discretion to subscribe for the shares of the Company. A summary of the movement of the share options for the three months ended 30 June 2009 is as follows:
