## CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

*Hong Kong Exchange and Clearing Limited and the Stock Exchange take no responsibilities for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.*

*This report, for which the directors (the “Directors”) of Eco-Tek Holdings Limited (the “Company”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the “GEM Listing Rules”) for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquires, confirm that, to the best of their knowledge and belief the information contained in this report is accurate and complete in all material aspects and not misleading or deceptive and there are no other matters the omission of which would make any statement herein or this report misleading.*

# Notes to the Consolidated Financial Results (Unaudited)

## 1. BASIS OF PREPARATION

Eco-Tek Holdings Limited (the "Company") is a limited liability company incorporated and domiciled in the Cayman Islands. The Company's shares are listed on the GEM of the Stock Exchange since 5 December 2001.

The unaudited consolidated results for the three months ended 31 January 2014 are presented in Hong Kong dollars ("HK\$"). Other than those subsidiaries established in the PRC whose functional currency is Renminbi ("RMB"), the functional currency of the Company and its subsidiaries are HK\$.

The unaudited consolidated results for the three months ended 31 January 2014 have been prepared in accordance with Hong Kong Financial Reporting Standard ("HKFRSs") which collective term includes all applicable individual HKFRSs, Hong Kong Accounting Standards ("HKASS") and interpretations issued by the Hong Kong Institutes of Certified Public Accountants ("HKICPA") and the disclosure requirements of the GEM Listing Rules.

The unaudited consolidated results should be read in conjunction with audited financial statements and notes thereto for the year ended 31 October 2013 ("2013 Audited Financial Statements"). The significant accounting policies that have been used in the preparation of these unaudited consolidated results are consistent with those followed in the preparation of 2013 Audited Financial Statement. It should be noted that accounting estimates and assumptions are used in preparation of unaudited consolidated results. Although these estimates are based on management's best knowledge and judgment of current events and actions, actual results may ultimately differ from those estimates.

The HKICPA has issued certain new and revised HKFRSs. For those which are effective for accounting period beginning on 1 November 2013, the adoption of the new HKFRSs had no material impact on how the results and financial positions for the current and prior periods have been prepared and presented. For those which are not yet effective and have not been early adopted in prior accounting periods, the Group is in the process of assessing their impact on the Group's results and financial position.

# Management Discussion and Analysis

## Business Review and Prospects

The Group's revenue for the three months ended 31 January 2014 was HK\$25,248,000 which was similar to that of last corresponding period (2013: HK\$26,003,000). The latest announced China GDP for the year of 2013 was 7.7% which was the second consecutive year of less than 8% growth and was the slowest growth in twelve years. The slower growth in China GDP will affect our business in the industrial environmental products. We have taken several measures including lowering our operation costs, speeding up market penetration of existing products and sourcing supply of new industrial environment products from Europe. Those measures, together with the discontinuation of loss making production of machines segments in December 2013, were expected to generate positive impacts to the Group's financial results in near future.

Many uncertainties in the overall operating environment, especially the slower growth in China's GDP suppressed capital investments, it will bring great challenges to the future development of the industrial environmental products sectors. In view of this, the Group will dedicate further efforts to enhance value added services to existing industrial environmental products and exploring opportunities in new products or services through implementation of flexible market strategies, capturing opportunities arising from continuous growth in China, so as to promote the long-term stable development of the Group's overall business.

"Energy Conservation and Emission Reduction" is one of the national strategies under China's 12th Five Years Plan. Leverage on the Group's past experience in this area, the Group will source supply of new products or services which fulfill the policy of energy conservation and emission reduction in China, although we will monitor the situation cautiously and adjust our development plan accordingly.

The water supply plant in Tianjin has the exclusive right to supply processed water to certain areas inside and near Baodi District of Tianjin City including Jing-Jin New City. Under China's 12th Five-Year Plan, an area of 15 square kilometers inside Jing-Jin New City and within our water supply plant's coverage area was strategically planned to be Tianjin Financial Valley to provide financial services including training, data backup and outsourcing for the financial institutes located in the Beijing and Tianjin cities. The Group has confidence that this will be positive for our water supply plant's future development.
