applicant's application under the Public Offer is bound to be rejected. The Public Offer will be subject to the conditions stated under "Structure and Conditions of the Share Offer".

If the Public Offer is not fully subscribed for, the Sole Global Coordinator (for itself and on behalf of the Public Offer Underwriters) has the authority to re-allocate all or any of the unsubscribed Public Offer Shares originally included in the Public Offer to the Placing, in such number as it deems appropriate to satisfy demand under the Placing. The total number of the Public Offer Shares to be allotted and issued may change as a result of the re-allocation as mentioned below.

When there is over-subscription, allocation of the Public Offer Shares to investors under the Public Offer, will be based solely on the level of valid applications received under the Public Offer. The allocation of Public Offer Shares could, where appropriate, consist of balloting, which would mean that some applicants may receive a higher allocation than others who have applied for the same number of Public Offer Shares and those applicants who are not successful in the ballot may not receive any Public Offer Shares.

Multiple or suspected multiple applications under the Public Offer and any application for more than 10,000,000 Public Offer Shares initially available for subscription will be rejected. Each applicant under the Public Offer will also be required to give an undertaking and confirmation in the Application Form submitted by him that he and any person(s) for whose benefit he is making the application have not received any Shares under the Placing, and such applicant's application is liable to be rejected if the said undertaking and/or confirmation is breached and/or untrue (as the case may be).

The Placing is fully underwritten by the Placing Underwriters on a several basis upon and subject to the terms and conditions of the Placing Underwriting Agreement.

Investors subscribing for the Placing Shares are also required to pay brokerage fee of 1.0%, SFC transaction levy of 0.0027% and Stock Exchange trading fee of 0.005%.

Allocation of the Placing Shares will be based on a number of factors, including the level and timing of demand and whether or not it is expected that the relevant investor is likely to purchase further Shares or hold or sell the Shares after the Listing. Such allocation is intended to result in a distribution of the Placing Shares which would lead to the establishment of a solid individual, professional, institutional shareholder base for the benefit of our Company and the Shareholders as a whole.

In addition, our Company and the Sole Global Coordinator will use their best endeavours to observe the minimum public float requirement under the GEM Listing Rules when making allocations of the Placing Shares to investors who are anticipated to have a sizeable demand for such Shares. The Placing is subject to the Public Offer being unconditional.
