

# Corporate Profile

Agile Property Holdings Limited (“Agile Property” or the “Company”) and its subsidiaries (the “Group”) are one of the largest property developers in the rapidly growing Pearl River Delta region. Currently, the development property projects of the Group are concentrated in the Pearl River Delta region and offer a broad range of properties such as villas, duplexes, apartments and condominiums to cater to the needs of different customers. Besides residential property business, the Group is also engaged in the development of commercial properties including retail shops and commercial complexes.

As at 31 December 2005, the Group has 19 property development projects being developed at various stages through major cities in the Pearl River Delta region, such as Guangzhou, Zhongshan and Foshan. Looking ahead, we strive to become one of the most competitive property developers in the PRC through prudent expansion, effective management and cost control.

The Company was listed on the Main Board of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”) on 15 December 2005 (stock code: 3383), and was included into Morgan Stanley Capital International China Index in February 2006 and the Hang Seng Composite Index and Hang Seng Freefloat Composite Index in March 2006.
