CONSTRUCTION AND ENGINEERING

China:

The list of major Mainland Chinese projects that the Group has participated in during the last 30 years is every bit as impressive as its Hong Kong counterpart. Among its many landmark achievements are:

- Convention and Exhibition Centre, Shenzhen
- National Grand Theatre, Beijing
- Ching Chau Min Jiang Bridge, Fuzhou

Hong Kong:

The distinguished projects that the Group’s seasoned civil building and structural engineering experts have worked on in Hong Kong over the years include:

- Bank of China Building
- A and B coal-fuel power stations at Castle Peak
- Container terminals 4, 6 and 7
- The Kap Shui Mun Bridge
- The terminal buildings for the new Hong Kong International Airport
- Residential Development Carribean Coast Phase III in Tung Chung and Banyan Garden Phase II in Lai Chi Kok

Current construction and project management services:

- School of Creativity, Hong Kong
- Management Contract for Phase II ‘C’ Coalfire Power Station in Candiota, Brazil
