The Board wishes to inform Shareholders and potential investors that it is expected that the profit attributable to equity holders of the Company for the year ended 31 December 2011 will have an increase of over 100% as compared to the profit attributable to equity holders of the Company for the year ended 31 December 2010.

This announcement is made by TCC International Holdings Limited (the “**Company**” and, together with its subsidiaries, the “**Group**”) pursuant to Rule 13.09(1) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “**Listing Rules**”).

The board of Directors of the Company (the “**Board**”) wishes to inform shareholders of the Company (“**Shareholders**”) and potential investors that it is expected that the profit attributable to equity holders of the Company for the year ended 31 December 2011 will have an increase of over 100% as compared to the profit attributable to equity holders of the Company for the year ended 31 December 2010.

The Board considers that the principal factors contributing to the expected significant increase in the Group's profit for the financial year of 2011 when compared to the same period in 2010 include the increase in production capacity and sales volume and significant increase in the average selling price and the gross profit margin per tonne of the Group, when compared to those in the corresponding period in 2010.

The Group is still in the process of preparing its audited consolidated annual results for the year ended 31 December 2011. The expected increase in profit is based on a preliminary review of the unaudited internal management accounts of the Group, which are subject to possible adjustments arising from further internal review and review by the auditors of the Company. It is expected that the audited consolidated annual results of the Group for the year ended 31 December 2011 will be published by the Company before the end of March 2012.

Shareholders and potential investors are advised to exercise caution when dealing in the shares of the Company.
