### **BUSINESS REVIEW**

The Group recorded a negative revenue of HK\$10.2 million for the year ended 31 March 2012 (the "Year"), compared to the revenue of HK\$20.4 million of last year. It was attributable to the realised loss on disposal of listed securities investment of HK\$44.1 million for the Year. The net loss for the Year was HK\$167.5 million, compared to the loss of HK\$53.8 million of last year. Loss per share attributable to ordinary equity holders of the parent for the Year was HK5.49 cents (2011: HK1.64 cents). The Group's net loss for the Year was primarily attributable to realised loss of HK\$44.1 million and unrealised loss of HK\$98.3 million on the listed securities investment in the treasury investments segment.

According to the China Semiconductor Industry Association (CSIA) 2010 report, Mainland China's semiconductor consumption grew by over 30% in 2010 to reach a new record of USD132 billion, representing more than 40% worldwide semiconductor consumption. Since 2000, Mainland China semiconductor consumption has grown at approximately 25% compounded annual growth rate (CAGR) and continued to outpace all other regions. While it is evident that Mainland China leads a dominant position in the worldwide production of electronics and consumption of semiconductors, the current market trends of mobile internet and open-source development are also having a significant impact in shaping the future direction of the market.

Mobility and the internet are two key factors that have driven the consumption of personal computers and consumer electronics in the past decade. Mobile internet has witnessed the migration from personal computers to handheld computing devices, creating fertile ground for innovation tailored for mobile devices. The emergence of Google's Android platform, a free and open-source mobile operating system lead by Google's Android Open Handset Alliance has also expedited the development of a new generation of mobile computing devices. Analysis International's studies show that Mainland China's smartphone sales share (by operating systems) in Android had doubled from 33.6% (2011Q1) to 68.4% (2011Q4). At the end of 2011Q4, Symbian claimed 18.7% and Apple claimed 5.7% of the domestic market share respectively.

During the Year, the Group continued to place strong research and development efforts on its System-on-chip (SoC) technology. The core architecture in development is a Multi-Threaded Virtual Pipeline (MVP) on a scalable and programmable stream processor core, which is new core architecture for high computation performance based on multi-processing and parallel computing. ICube's MVP is an independently developed "China Core" featuring the versatility of a unified processor, combining the capabilities of a central processing unit (CPU) and graphics processing unit (GPU) in one solution for Mainland China's vast consumer electronics market. The Group's development of this new processing architecture has revolutionised mobile computing by unrolling its Harmony Unified Processor Technology, which contains an independent Instruction-Set-Architecture with optimised compiler, the MVP parallel computing core and dynamic load balancing with Agile Switching of simultaneously-multi-threading (SMT) threads.

The Group has achieved a significant milestone in bringing a higher level of technological development to Mainland China's semiconductor design space by developing new core architecture for high computation performance, based on multi-processing and paralleling computing. ICube's MVP is the first Unified Processor Unit (UPU) in the world that integrates CPU and GPU into one parallel computing core. During the Year, the Group also started to place more emphasis on the execution of sales and marketing strategy to introduce products based on the UPU technology to the market, to leverage the advantage of its proprietary intellectual property.

Amid the worsening sovereign debt crisis in Europe and the weakened demand for electronic products in the United States and Europe markets, the Group's electronic products business continued to operate in a difficult market environment. Customers in the export market reduced their inventory and cut the future sales orders. During the Year, the sales orders for the assembly of electronics products was slow down and thus the sales revenue from the electronic products segment decreased by HK\$15.4 million or 40.0% to HK\$23.1 million. The operating loss for this segment for the Year decreased to HK\$3.5 million.

The Group continued to utilise its available funds in treasury investments. During the Year, the United States suffered the loss of its triple A credit rating from an international agency, the worsening European debt crisis further spread and the potential default risk of Greece's debt was accelerating. The local stock market was therefore seriously hit and fluctuated with a high volatility. Under a panic and pessimistic atmosphere, the market sentiments and the investor confidence was heavily undermined and the Hang Seng index for the Year slumped in heavy volume. As a result of the general downturn in the local stock market, the Group's treasury investments segment for the Year recorded an unrealised loss of HK\$98.3 million and realised loss of HK\$44.1 million on equity investments.

Δ

## PROSPECTS

The smartphone market in Mainland China is expected to reach 630.5 million units in 2012 and will increase to 1,104.9 million units by 2015. If these estimates are realised, Mainland China will surpass the United States and become the leading country-level market for smartphone shipments in 2012. Worldwide media tablet sales are also expected to reach 118.9 million units in 2012. Mainland China tablet's market is anticipated to grow at CAGR of around 53.81% with the wide acceptance and increased demand from consumers. Tablets personal computers have filled the gap perfectly between a notebook computer and a smartphone. Both the global and Mainland China tablet personal computer market is growing at a much faster pace than originally anticipated. The lower market penetration with increasing consumer acceptance is driving the industry growth exponentially. This attractive growth prospective in Mainland China's production and consumption of electronic products introduces positive growth opportunities for domestic semiconductors that are well positioned to meet the increasing demand for low-cost, low-power and high-performance solutions. The Group looks forward to contributing to and growing with the market opportunities that are supported by Mainland China's vast semiconductor consumption market with products based on the Harmony Unified Processor Technology.

Looking ahead, the spiraling European debt crisis would continue to drag on the global economy and deal a blow to the economic recovery that is steaming slowly. The global economies will remain weak and the local stock market become volatile in response to the uncertainties over the fate of the euro-currency and the huge challenges posed by the high volatile global financial markets. The Group will continue to be on the alert and to pursue a prudent investment strategy in developing its existing and new businesses.

### FINANCIAL REVIEW

The Group recorded a negative revenue of HK\$10.2 million for the Year, comparing to the revenue of HK\$20.4 million of last year. The Group's revenue principally comprised the sales of electronic products of HK\$23.1 million and the realised loss on disposal of listed securities investments of HK\$44.1 million from treasury investments. During the Year, the revenue from electronic products decreased by HK\$15.4 million or 40.0% to HK\$23.1 million.

The total comprehensive loss attributable to owners of the parent for the Year was HK\$159.5 million compared to the total comprehensive loss of HK\$43.7 million last year. As at 31 March 2012, the Group's consolidated net asset value was HK\$6.2 million (31 March 2011: HK\$120.9 million).

Research and development costs for the Year came to HK\$7.2 million, compared to HK\$9.3 million of last year. The research and development costs were utilised primarily in the development of the Group's MVP based product, IC1. Administrative expenses amounted to HK\$33.7 million, representing an increase of HK\$2.8 million or 9.0% compared with last year.

The loss for the Year was HK\$167.5 million, compared to the loss of HK\$53.8 million of last year. As at 31 March 2012, the Group's net asset value was HK\$6.2 million compared to the net asset value of HK\$120.9 million last year. This was mainly due to the loss attributable to shareholders of HK\$167.5 million.

### LIQUIDITY AND FINANCIAL RESOURCES

During the Year, the Group generally financed its operation with internally generated cash flow, cash reserve and banking facilities. The Group's bank and short-term deposits as at 31 March 2012 were HK\$50.0 million (31 March 2011: HK\$50.7 million).

As at 31 March 2012, the Group had no bank overdrafts, short and long term interest-bearing bank borrowings (31 March 2011: Nil).

As at 31 March 2012, the Group's current ratio was 6.2 times (31 March 2011: 5.4 times) based on current assets of HK\$180.2 million (31 March 2011: HK\$299.7 million) and current liabilities of HK\$29.1 million (31 March 2011: HK\$55.5 million).

As at 31 March 2012, the Group did not have any significant commitment (31 March 2011: Nil). The Group also had no other contingent liabilities or material commitments.

### CAPITAL STRUCTURE

As at 31 March 2012, the Group's gearing ratio, being convertible bonds payable to net worth and the convertible bonds payable was 96.7% (31 March 2011: 60.9%).

The Group's bank deposits and borrowings are mainly denominated in Hong Kong dollars. Most of the Group's sales and purchases are made in United States dollars and Hong Kong dollars. Therefore, the exchange risks the Group is exposed to are minimal.

On 5 March 2012, the Company placed 564,920,000 new shares at the issued price of HK\$0.09 per share, representing approximately 20.00% of its existing issued share capital. The net proceeds from the placing of approximately HK\$49.8 million are to be utilised for funding the research and development on the Group's Multi-thread Virtual Pipeline based System-on-chip product and as general working capital.

### SIGNIFICANT INVESTMENTS

As at 31 March 2012, the Group had note receivables issued by a company listed on The Stock Exchange of Hong Kong Limited (the "Stock Exchange") with the carrying amount of HK\$15.4 million (31 March 2011: Convertible notes with conversion option derivatives of HK\$0.4 million and loan portion of HK\$70.4 million). The carrying amount of the loan portion is approximated to its fair value. The interest income for the Year was HK\$9.0 million.

As at 31 March 2012, the Group maintained a portfolio of equity investments (including availablefor-sale equity investments and equity investments at fair value through profit or loss) with total carrying amount of HK\$122.2 million. The related dividend income for the Year was HK\$1.9 million.

## DETAILS OF CHARGES ON ASSETS

As at 31 March 2012, the Company had no charges on assets (31 March 2011: fixed deposit of HK\$7.3 million was pledged to secure banking facilities granted to the Group).

## MATERIAL ACQUISITIONS AND DISPOSALS

During the Year, the Company had no material acquisition and disposal of subsidiaries and associate.

### EMPLOYMENT, TRAINING AND DEVELOPMENT

As at 31 March 2012, the Group had a total of 123 employees, of which 30 were based in Hong Kong and 93 based in Mainland China. The Group is committed to staff training and development and structured training programmes for all employees.

Remuneration packages are maintained at a competitive level and reviewed on a periodic basis. Bonuses and share options are awarded to certain employees according to individual performance and industry practice.

On behalf of the Board **Wong Howard** *Chairman of the Board* 

Hong Kong, 22 June 2012

# Directors and Senior Management Profile

### **EXECUTIVE DIRECTORS**

**Wong Howard**, aged 56, is an executive director, the Chairman of the Board, the Chief Executive Officer and the Chairman of both the Executive Committee and Nomination Committee of the Company. He is also a director of certain subsidiaries of the Company. Besides, Mr. Wong is a director and shareholder of Allied Way International Limited, the substantial shareholder of the Company. Mr. Wong joined the Group in February 2000. He has over 20 years of senior management experience in overall strategy, business development and retail chain shops establishment. Mr. Wong had been a Managing Director of a listed company in Hong Kong for two years before joining the Group.

**Wong Yat Fai**, aged 52, is an executive director and a member of both the Executive Committee and Nomination Committee of the Company. He is also a director of certain subsidiaries of the Company. Mr. Wong joined the Group in February 2000. He holds a professional diploma in banking from The Hong Kong Polytechnic University. Prior to joining the Group, Mr. Wong had over 13 years of working experience in an international banking group. He is a non-executive director of C C Land Holdings Limited, Yugang International Limited, Y. T. Realty Group Limited and The Cross-Harbour (Holdings) Limited, all being listed on the Main Board of the Stock Exchange.

### INDEPENDENT NON-EXECUTIVE DIRECTORS

Li Chi Ming, aged 54, is an independent non-executive director, the Chairman of the Remuneration Committee and a member of both the Audit Committee and Nomination Committee of the Company. He joined the Group in February 2000. Mr. Li holds an Honorary Bachelor of Laws (LLB) and Postgraduate Certificate in Laws (PCLL) from The University of Hong Kong, and Master of Laws (LLM) from City University of Hong Kong. He has been a Partner of Messrs Poon, Yeung & Li, Solicitors over 19 years.

**Tung Tat Chiu, Michael**, aged 50, is an independent non-executive director, the Chairman of the Audit Committee and a member of both the Remuneration Committee and Nomination Committee of the Company. He joined the Group in September 2000. Mr. Tung holds a Bachelor of Arts degree in law and accounting from The University of Manchester, U.K.. Mr. Tung is a practicing solicitor in Hong Kong. He is the company secretary of various listed companies in Hong Kong.

# Directors and Senior Management Profile

**Wan Ngar Yin, David**, aged 51, is an independent non-executive director and a member of the Audit Committee, Remuneration Committee and Nomination Committee of the Company. He joined the Group in September 2004. Mr. Wan holds a bachelor degree in social sciences from The University of Hong Kong and a master degree in business administration from the University of Sydney in Australia. Mr. Wan is a member of the Hong Kong Securities Institute, a member of the CPA Australia, an associate member of Hong Kong Institute of Certified Public Accountants, an associate member of The Taxation Institute of Hong Kong and a fellow member of the Association of Chartered Certified Accountants.

### COMPANY SECRETARY

**Szeto Pui Tong, Patrick**, aged 52, joined the Group in March 2000, is the Financial Controller and the Company Secretary of the Group. Before joining the Group, Mr. Szeto has over 13 years of experience in finance and accounting field. Mr. Szeto holds a master degree of business in accounting from Monash University in Australia and is an associate member of the Hong Kong Institute of Certified Public Accountants, the Hong Kong Institute of Company Secretaries, the Chartered Institute of Management Accountants and the Institute of Chartered Secretaries and Administrators.

### SENIOR MANAGEMENT

**Simon Moy**, aged 54, is the Chief Technical Officer of the Group. He joined the Group in March 2009. Mr. Moy has over 20 years of semiconductor experience including his previous position as Principal Engineer at NVIDIA. He holds over 30 US patents, including 3 that led to the first GPU, first programmable CPU and first general-purpose (compute) GPU (GGPU) respectively.

**Fred Chow**, aged 57, is the Chief Scientist of the Group. He joined the Group in July 2009. Dr. Chow has over 30 years of experience working on compilers and related software. With an international reputation in production optimising compilers, he has held other previous positions including Chief Scientist at SGI (Silicon Graphics Inc.) and Principal Engineer at MIPS. Dr. Chow holds 8 US patents and has written over 20 professional publications.

The directors present their report and the audited financial statements of the Company and the Group for the year ended 31 March 2012.

### **PRINCIPAL ACTIVITIES**

The principal activity of the Company is investment holding. The principal activities of the subsidiaries during the year consisted of the trading and distribution of electronic products and other merchandise, securities investment and trading, and the research and development of information technology. In the prior year, the Group discontinued the operation of convenience store business in Vietnam.

### **RESULTS AND DIVIDENDS**

The Group's loss for the year ended 31 March 2012 and the state of affairs of the Company and the Group at that date are set out in the financial statements on pages 38 to 126.

The directors do not recommend the payment of any dividend in respect of the year.

### SUMMARY FINANCIAL INFORMATION

A summary of the results and assets and liabilities of the Group for the last five financial years, as extracted from the published audited financial statements, is set out below. This summary does not form part of the audited financial statements.

## SUMMARY FINANCIAL INFORMATION (continued)

### PROPERTY, PLANT AND EQUIPMENT

Details of movements in the property, plant and equipment of the Company and the Group during the year are set out in note 14 to the financial statements.

### SHARE CAPITAL

Details of movements in the Company's share capital are set out in note 28 to the financial statements.

### CLOSURE OF REGISTER OF MEMBERS

The Register of Members of the Company will be closed from Wednesday, 15 August 2012 to Friday, 17 August 2012, both days inclusive, during which period no transfer of shares of the Company will be registered. In order to be eligible to attend and vote at the annual general meeting of the Company to be held on Friday, 17 August 2012, unregistered holders of shares of the Company should ensure that all share transfer forms accompanied by the relevant share certificates must be lodged with the Company's Branch Share Registrar in Hong Kong, Tricor Tengis Limited, at 26/F, Tesbury Centre, 28 Queen's Road East, Wanchai, Hong Kong, for registration not later than 4:30 p.m. on Tuesday, 14 August 2012.

### **PRE-EMPTIVE RIGHTS**

There are no provisions for pre-emptive rights under the Company's bye-laws or the Companies Act 1981 of Bermuda which would oblige the Company to offer new shares on a pro rata basis to existing shareholders.

# PURCHASE, REDEMPTION OR SALE OF LISTED SECURITIES OF THE COMPANY

Neither the Company, nor any of its subsidiaries purchased, redeemed or sold any of the Company's listed securities during the year.

#### RESERVES

Details of movements in the reserves of the Company and the Group during the year are set out in note 29 to the financial statements and in the consolidated statement of changes in equity, respectively.

### DISTRIBUTABLE RESERVES

At 31 March 2012, the Company had no reserves available for distribution. The Company's share premium account and capital reserve, with an aggregate balance of HK\$745,785,000, may be distributed in the form of fully paid bonus shares.

### MAJOR CUSTOMERS AND SUPPLIERS

In the year under review, sales of electronic products to the Group's five largest customers accounted for 98% of the sales from the electronic products segment for the year and sales to the largest customer included therein amounted to 64%. Purchases of electronic products from the Group's five largest suppliers accounted for 100% of the total purchases from the electronic products segment for the year and the largest supplier included therein amounted to 76%.

None of the directors of the Company or any of their associates or any shareholders (which, to the best knowledge of the directors, own more than 5% of the Company's issued share capital) had any beneficial interest in the Group's five largest customers and suppliers.

### DIRECTORS

The directors of the Company during the year were:

Executive directors: Mr. Wong Howard Mr. Wong Yat Fai

Independent non-executive directors: Mr. Tung Tat Chiu, Michael Mr. Li Chi Ming Mr. Wan Ngar Yin, David

In accordance with Clause 98 of the bye-laws of the Company, Mr. Wong Howard and Mr. Li Chi Ming, the existing directors of the Company, will retire from office by rotation at the forthcoming annual general meeting and, being eligible, will offer themselves for re-election at the said meeting.

The Company has received annual confirmations of independence from Mr. Tung Tat Chiu, Michael, Mr. Li Chi Ming and Mr. Wan Ngar Yin, David and as at the date of this report still considers them to be independent pursuant to Rule 3.13 of the Rules Governing the Listing of Securities on the Stock Exchange (the "Listing Rules").

### DIRECTORS' AND SENIOR MANAGEMENT'S BIOGRAPHIES

Biographical details of the directors of the Company and the senior management of the Group are set out on pages 8 and 9 of the annual report.

### DIRECTORS' SERVICE CONTRACTS

Each of Mr. Wong Howard and Mr. Wong Yat Fai has a service contract with the Company for a term of two years commencing on 1 February 2011 and 1 April 2011 respectively.

All the independent non-executive directors of the Company have been appointed for a fixed term of one year commencing on 27 September 2011.

All directors are subject to retirement by rotation and re-election at the annual general meeting in accordance with the bye-laws of the Company.

Apart from the foregoing, no director proposed for re-election at the forthcoming annual general meeting has a service contract with the Company which is not determinable by the Company within one year without payment, other than statutory compensation.

### DIRECTORS' REMUNERATION

The directors' fees are subject to shareholders' approval at general meetings. Other emoluments are determined by the Company's board of directors with reference to directors' duties, responsibilities and performance and the results of the Group.

### DIRECTORS' INTERESTS IN CONTRACTS

Save as disclosed above, no director had a material interest, either directly or indirectly, in any contract of significance to the business of the Group to which the Company or any of its subsidiaries was a party during the year.

### SHARE OPTION SCHEME

The Company currently operates a share option scheme (the "Scheme") adopted on 27 August 2003 for the purpose of providing incentives and rewards to eligible participants (including but not limited to the directors and employees of the Group) who contribute to the success of the Group's operations. Details of the Scheme are set out in note 32 to the financial statements.

A summary of the movements of the share options granted under the Scheme during the year ended 31 March 2012 is set out as follows:-

Name or category of participant	Number of share options outstanding at 1 April 2011	Number of share options granted during the year <sup>(3)</sup>	Number of share options exercised/ cancelled/ lapsed during the year	Number of share options outstanding at 31 March 2012	Date of grant of share options	Exercise period of share options <sup>(1)</sup>	Exercise price of share options <sup>(2)</sup> (HK\$ per share)

Notes:

- <sup>(1)</sup> The vesting period of the share options is from the date of grant until the commencement of the exercise period.
- <sup>(2)</sup> The exercise price of the share options is subject to adjustment in case of rights or bonus issues, or other similar changes in the Company's share capital.
- <sup>(3)</sup> The closing prices of the Company's shares immediately before the dates of grant on 18 July 2011 and 8 September 2011 were HK\$0.120 and HK\$0.108 respectively.

# DIRECTORS' INTERESTS IN SHARES AND UNDERLYING SHARES OF THE COMPANY

As at 31 March 2012, the interests of the directors of the Company in the shares and underlying shares of the Company (within the meaning of Part XV of the Securities and Futures Ordinance (the "SFO")), as recorded in the register required to be kept by the Company pursuant to Section 352 of the SFO, or as otherwise notified to the Company and the Stock Exchange pursuant to the Model Code for Securities Transactions by Directors of Listed Issuers (the "Model Code") were as follows:-

#### Number of Percentage\* of ordinary shares the Company's Name of director held/interested issued share capital Capacity Mr. Wong Howard Interest held by 680,000,000 20.06% a controlled (Note) corporation Beneficial owner 21,299,000 0.63% 701,299,000 20.69% Mr. Wong Yat Fai Beneficial owner 21,299,000 0.63%

### (1) Long position in ordinary shares of the Company

*Note:* These shares were held by Allied Way International Limited ("Allied Way"). Allied Way is a company incorporated in Hong Kong, the entire issued capital of which is owned as to 50% by Mr. Wong Howard and 50% by his spouse, Ms. Cheung Mei Yee, Rebacca ("Ms. Rebacca Cheung"). Mr. Wong Howard and his spouse were deemed to be interested in these 680,000,000 shares of the Company held by Allied Way under Part XV of the SFO.

### DIRECTORS' INTERESTS IN SHARES AND UNDERLYING SHARES OF THE COMPANY (continued)

(2) Long position in underlying shares of the Company – physically settled unlisted equity derivatives

Name of director	Capacity	Number of underlying shares in respect of the share options granted	Percentage* of the underlying shares over the Company's issued share capital
Mr. Wong Howard	Beneficial owner	56,200,000	1.66%
Mr. Wong Yat Fai	Beneficial owner	38,200,000	1.13%

Details of the above share options granted by the Company are set out under the heading "Share Option Scheme" above and note 32 to the financial statements.

The percentage represents the number of ordinary shares/underlying shares held/interested divided by the number of the Company's issued shares as at 31 March 2012.

In addition to the above, as at 31 March 2012, certain directors of the Company held shares in certain subsidiaries of the Company in a non-beneficial capacity, solely for the purpose of complying with the previous requirement of a minimum of two shareholders.

Save as disclosed above, as at 31 March 2012, none of the directors or chief executive of the Company had any interests or short positions in the shares, underlying shares or debentures of the Company or any associated corporations (within the meaning of Part XV of the SFO) which were required to be notified to the Company and the Stock Exchange pursuant to Divisions 7 and 8 of Part XV of the SFO (including interests and short positions which he/she was deemed or taken to have under such provisions of the SFO) or which were required to be entered into the register kept by the Company pursuant to Section 352 of the SFO or which were required to be notified to be notified to be entered into the register kept by the Company and the Stock Exchange pursuant to the Model Code.

### DIRECTORS' RIGHTS TO ACQUIRE SHARES OR DEBENTURES

Save as disclosed under the headings "Directors' interests in shares and underlying shares of the Company" and "Share Option Scheme" above and in the share option scheme disclosures in note 32 to the financial statements, at no time during the year were rights to acquire benefits by means of the acquisition of shares in or debentures of the Company granted to any of the directors or their respective spouses or minor children, or were any such rights exercised by them; or was the Company, or any of its subsidiaries or fellow subsidiaries a party to any arrangement to enable the directors to acquire such rights in any other body corporate.

# SUBSTANTIAL SHAREHOLDERS' INTERESTS IN SHARES AND UNDERLYING SHARES OF THE COMPANY

At 31 March 2012, the following parties had interests of 5% or more in the shares and underlying shares of the Company as recorded in the register required to be kept by the Company pursuant to Section 336 of the SFO:

Name of substantial shareholder	Capacity	Note	Number of ordinary shares held/interested	Percentage* of the Company's issued share capital
Allied Way	Beneficial owner	(1)	680,000,000	20.06%
Ms. Rebacca Cheung	Interest held by a controlled corporation Interest of spouse	(1) (2)	680,000,000 21,299,000	20.06% 0.63%
			701,299,000	20.69%

### (1) Long position in ordinary shares of the Company

Notes:

(1) These shares were held by Allied Way. Allied Way is a company incorporated in Hong Kong, the entire issued capital of which is owned as to 50% by Mr. Wong Howard and 50% by his spouse, Ms. Rebacca Cheung. Mr. Wong Howard and his spouse were deemed to be interested in these 680,000,000 shares of the Company held by Allied Way under Part XV of the SFO.

The interest of Allied Way is also disclosed as the interest of Mr. Wong Howard in the above section headed "Directors' interests in shares and underlying shares of the Company".

(2) Ms. Rebacca Cheung was deemed to be interested in 21,299,000 shares of the Company through the interest of her spouse, Mr. Wong Howard, pursuant to Part XV of the SFO.

# SUBSTANTIAL SHAREHOLDERS' INTERESTS IN SHARES AND UNDERLYING SHARES OF THE COMPANY (continued)

(2) Long position in underlying shares of the Company – physically settled unlisted equity derivatives

Name of substantial shareholder	Capacity	Number of underlying shares in respect of the share options granted	Percentage* of the underlying shares over the Company's issued share capital
Ms. Rebacca Cheung	Interest of spouse	56,200,000 <i>(Note)</i>	1.66%

- *Note:* Ms. Rebacca Cheung was deemed to be interested in 56,200,000 share options of the Company through the interest of her spouse, Mr. Wong Howard, pursuant to Part XV of the SFO. Details of the above share options granted by the Company are set out under the heading "Share Option Scheme" above and note 32 to the financial statements.
- The percentage represents the number of ordinary shares/underlying shares held/interested divided by the number of the Company's issued shares as at 31 March 2012.

Save as disclosed above, as at 31 March 2012, no person, other than the directors of the Company, whose interests are set out in the section headed "Directors' interests in shares and underlying shares of the Company" above, had an interest or a short position in the shares or underlying shares of the Company as recorded in the register required to be kept by the Company under Section 336 of the SFO.

### SUFFICIENCY OF PUBLIC FLOAT

Based on information that is publicly available to the Company and within the knowledge of the directors as at the latest practicable date prior to the issue of this report, the Company has maintained a sufficient public float.

### DIRECTORS' INTERESTS IN A COMPETING BUSINESS

During the year and up to the date of this report, no director is considered to have interests in a business which competes or is likely to compete, either directly or indirectly, with the businesses of the Group, as defined in the Listing Rules.

### CORPORATE GOVERNANCE

Details of the corporate governance practices of the Company are set out in the section headed "Corporate Governance Report" in this annual report.

### **AUDITORS**

Ernst & Young retire and a resolution for their re-appointment as auditors of the Company will be proposed at the forthcoming annual general meeting of the Company.

On behalf of the Board

Wong Howard

Chairman

Hong Kong 22 June 2012

The Board is pleased to present this Corporate Governance Report in the Company's annual report for the year ended 31 March 2012.

### CORPORATE GOVERNANCE PRACTICES

The Board recognises the importance of good corporate governance to the Company's healthy growth and has devoted considerable efforts to identifying and formulating corporate governance practices appropriate to the Company's needs.

The "Code on Corporate Governance Practice" (the "CG Code") contained in Appendix 14 to the Listing Rules has been revised and renamed as the "Corporate Governance Code and Corporate Governance Report" with effect from 1 April 2012. As this Corporate Governance Report covers the year ended 31 March 2012, unless the otherwise is stated, all the corporate governance principles and code provisions mentioned herein refer to those stated in the CG Code, not the revised Corporate Governance Code.

The CG Code sets out the principles of good corporate governance and two levels of corporate governance practices, being (i) the code provisions which listed issuers are expected to comply with or to give considered reasons for any deviation; and (ii) the recommended best practices, for guidance only, which listed issuers are encouraged to comply with.

Throughout the year under review, the Company has complied with the code provisions set out in the CG Code, save for the code provision A.2.1 which requires that the roles of chairman and chief executive officer should be separate and should not be performed by the same individual. Key corporate governance principles and practices of the Company as well as the details of the foregoing deviation are summarised below.

The Board periodically reviews and improves the corporate governance standards and practices of the Company to ensure that such practices continue to comply with statutory and regulatory updates and align with the latest business developments.

### A. THE BOARD

#### A.1 RESPONSIBILITIES AND DELEGATION

Direction and control of Company business are vested in the Board. The Board establishes policies, strategies and plans for the development of Company business, and provides leadership in the creation of value for shareholders. All directors of the Board have carried out their duties in good faith, in compliance with applicable laws and regulations and in the interests of the Company and its shareholders at all times.

The Board takes responsibility for all major matters of the Company, including the approval and monitoring of all policy matters, overall strategies and budgets, internal control and risk management systems, material transactions (particularly those that may involve conflict of interests), financial information, appointment of directors and other significant financial and operational matters.

All directors have full and timely access to all relevant information as well as the advice and services of the Company Secretary, with a view to ensuring that Board procedures and all applicable laws and regulations are followed. Each director is normally able to seek independent professional advice in appropriate circumstances at the Company's expense, upon making request to the Board.

The day-to-day management, administration and operation of the Company are led by the Executive Committee and senior management of the Company. The Board has delegated a schedule of responsibilities to these officers for the implementation of Board decisions. The Board reviews the delegated functions and work tasks regularly. Prior to entering any significant transactions, the aforesaid officers have to obtain Board approval.

#### A.2 BOARD COMPOSITION

The following chart illustrates the current structure and membership of the Board and the Board Committees:

The list of directors (by category) is disclosed in all corporate communications issued by the Company from time to time. The independent non-executive directors are expressly identified in all corporate communications of the Company. The biographical details of the directors and the relationships among the members of the Board are disclosed under 'Directors and Senior Management Profile' in this annual report. None of the members of the Board is related to one another.

During the year ended 31 March 2012, the Board at all times met the requirements of the Listing Rules relating to the appointment of at least 3 independent non-executive directors with at least one independent non-executive director possessing appropriate professional qualifications or accounting or related financial management expertise. The Company has also adopted the recommended best practice under the CG Code for having at least one-third of its Board members being independent non-executive directors.

The composition of the Board reflects the necessary balance of skills and experience appropriate for the requirements of the business of the Group and for the exercise of independent judgement. Each executive director supervises specific areas of the Group's business in accordance with his expertise. The independent non-executive directors bring different business and financial expertise, experiences and independent judgment to the Board and they are invited to serve on the Board committees of the Company. Through participation at Board meetings, taking the lead in managing issues involving potential conflict of interests, the independent non-executive directors had made various contributions to the effective direction of the Company and provided adequate checks and balances to safeguard the interests of both the Group and the shareholders.

The Company has received written annual confirmation from each independent nonexecutive director of his independence pursuant to the requirements of the Listing Rules. The Company considers all independent non-executive directors to be independent in accordance with the independence guidelines set out in the Listing Rules.

### A.3 CHAIRMAN AND CHIEF EXECUTIVE OFFICER

Code provision A.2.1 stipulates that the roles of Chairman and Chief Executive Officer should be separate and should not be performed by the same individual.

Mr. Wong Howard is the Chairman of the Board and the Chief Executive Officer of the Company. The Board believes that vesting the roles of both Chairman and Chief Executive Officer in the same person provides the Company with strong and consistent leadership and allows for effective and efficient planning and implementation of business decisions and strategies.

The Board also considers that the current structure of vesting the roles of Chairman and Chief Executive Officer in the same person will not impair the balance of power and authority between the Board and the management of the Company.

### A.4 APPOINTMENT AND RE-ELECTION OF DIRECTORS

All directors of the Company are appointed for a specific term. Each executive director is engaged on a service contract for a term of 2 years. Each of the independent non-executive directors is appointed for a term of 1 year.

Besides, the procedures and process of appointment, re-election and removal of directors are laid down in the Company's bye-laws. According to the Company's byelaws, all directors of the Company are subject to retirement by rotation at least once every 3 years and any new director appointed to fill a casual vacancy or as an addition to the Board shall submit himself/herself for re-election by shareholders at the first general meeting after his/her appointment. The retiring directors are eligible for re-election by the shareholders at the relevant general meeting.

According to the aforesaid provisions of the Company's bye-laws, Mr. Wong Howard and Mr. Li Chi Ming shall retire by rotation and are eligible to offer themselves for reelection at the forthcoming 2012 annual general meeting. The Board recommended the re-appointment of both retiring directors standing for re-election at the 2012 annual general meeting. The Company's circular, sent together with this annual report, contains detailed information of Mr. Wong Howard and Mr. Li Chi Ming pursuant to the requirements of the Listing Rules.

The Company has set up a Nomination Committee on 28 February 2012 in compliance with the code provision set out in the revised Corporate Governance Code. Before the Nomination Committee is set up, the Board as a whole is responsible for reviewing the Board composition, developing and formulating the relevant procedures for nomination and appointment of directors, monitoring the appointment and succession planning of directors and assessing the independence of independent non-executive directors. In addition, the Company has adopted 'Directors Nomination Procedures' as written guidelines in providing formal, considered and transparent procedures to the Board for evaluating and selecting candidates for directorships. Where vacancies on the Board exist, the Board will carry out the selection process by making reference to the skills, experience, professional knowledge, personal integrity and time commitments of the proposed candidates, the Company's needs and other relevant statutory requirements and regulations.

During the year ended 31 March 2012, the Board, through its meeting held on 22 June 2011 with the presence of all the then directors of the Company, performed the following works:

- Review of the structure, size and composition of the Board to ensure that it has a balance of expertise, skills and experience appropriate to the requirements for the business of the Group;
- Recommendation of the re-election of the retiring directors standing for re-election at the 2011 annual general meeting of the Company; and
- Assessment of the independence of the independent non-executive directors of the Company.

### A.5 INDUCTION AND CONTINUING DEVELOPMENT OF DIRECTORS

All directors of the Company receive an induction on his appointment to ensure adequate understanding of the business and operations of the Group and full awareness of director's responsibilities and obligations under the Listing Rules and relevant statutory requirements. Such induction is normally supplemented with visits to the Group's key plant sites and/or meetings with the senior management of the Company.

Directors are continually updated on developments in the statutory and regulatory regime and the business environment to facilitate the discharge of their responsibilities. Additional briefing and professional development will be arranged for the Directors where necessary.

#### A.6 BOARD MEETINGS

#### A.6.1 Board Practices and Conduct of Meetings

Schedules for regular Board meetings are normally agreed with directors in advance to facilitate attendance. In addition, notice of at least 14 days is given of a regular Board meeting. For other Board meetings, reasonable notice is generally given.

Draft agenda of each Board meeting is usually sent to directors together with the notice of meeting in order to give them an opportunity to include any other matters for discussion in the meeting. Board papers together with all appropriate, complete and reliable information are sent to directors at least 3 days before each Board meeting to keep the directors apprised of the latest developments and financial position of the Group and to enable them to make informed decisions. The Board and each director also have separate and independent access to the senior management whenever necessary.

The Chairman, Company Secretary and other relevant senior management normally attend regular Board meetings and, where necessary, other Board and committee meetings to advise on business developments, financial and accounting matters, statutory compliance, corporate governance and other major aspects of the Group.

The Company Secretary is responsible to keep minutes of all Board and committee meetings. Draft minutes are normally circulated to directors for comment within a reasonable time after each meeting and the final version is open for directors' inspection.

The Company's bye-laws contain provisions requiring directors to abstain from voting and not to be counted in the quorum at meetings for approving transactions in which such directors or any of their associates have a material interest. According to current Board practice, any material transaction which involves a conflict of interests of a substantial shareholder or a director will be considered and dealt with by the Board at a duly convened Board meeting.

28

#### A.6.2 Directors' Attendance Records at Board Meetings

During the year ended 31 March 2012, 4 regular Board meetings were held at approximately quarterly intervals for reviewing and discussing the financial and operating performance and development of the Group, and considering and approving the overall strategies and policies of the Company. Attendance records of directors at these Board meetings are set out below:-

	Attendance/
Name of Director	Number of Board Meetings
Executive Directors	
Mr. Wong Howard	4/4
Mr. Wong Yat Fai	4/4
Independent Non-executive Directors	
Mr. Tung Tat Chiu, Michael	4/4
Mr. Li Chi Ming	4/4
Mr. Wan Ngar Yin, David	4/4

### A.7 MODEL CODE FOR SECURITIES TRANSACTIONS

The Company has adopted its own code of conduct regarding directors' dealings in the Company's securities (the "Own Code") on terms no less exacting than the Model Code. Specific enquiry has been made of all the Company's directors and the directors have confirmed that they have complied with the required standards set out in the Model Code and the Own Code throughout the period from 1 April 2011 to the date of this report.

The Company has also established written guidelines on no less exacting terms than the Model Code (the "Employees Written Guidelines") for securities transactions by employees who are likely to be in possession of unpublished price-sensitive information of the Company. No incident of non-compliance of the Employees Written Guidelines by the employees has been noted by the Company.

### B. BOARD COMMITTEES

The Board has established 4 Board committees, namely, the Executive Committee, the Audit Committee, the Remuneration Committee and the Nomination Committee, for overseeing particular aspects of the Company's affairs. All Board committees are established with defined written terms of reference which are available on the Stock Exchange's website (www.hkexnews.hk) and on the Company's website (except for the written terms of reference of the Executive Committee which is available to shareholders upon request). All the Board committees should report to the Board on their decisions or recommendations made.

All Board committees are provided with sufficient resources to discharge their duties and, upon reasonable request, are able to seek independent professional advice in appropriate circumstances at the Company's expense.

The practices, procedures and arrangements in conducting meetings of Board Committees follow in line with, so far as practicable, those of the Board meetings set out in section A.6.1 above.

#### **B.1 EXECUTIVE COMMITTEE**

The Executive Committee comprises all the executive directors of the Company with the Chairman of the Board, Mr. Wong Howard, acting as the Chairman of such Committee. The Executive Committee operates as a general management committee under the direct authority of the Board to increase the efficiency for the business decision. It monitors the execution of the Company's strategic plans and operations of all business units of the Group and discusses and makes decisions on matters relating to the management and day-to-day operations of the Group.

#### **B.2 AUDIT COMMITTEE**

The Audit Committee comprises of 3 members, namely, Mr. Tung Tat Chiu, Michael, Mr. Li Chi Ming and Mr. Wan Ngar Yin, David, all of whom are independent non-executive directors. Mr. Tung Tat Chiu, Michael is the Chairman of the Audit Committee whilst Mr. Wan Ngar Yin, David possesses the appropriate accounting and financial management expertise as required under Rule 3.10(2) of the Listing Rules. None of the members of the Audit Committee is a former partner of the Company's existing external auditors.

The main duties of the Audit Committee are to (i) review the financial statements and reports and consider any significant or unusual items raised by the staff responsible for the accounting and financial reporting function or external auditors before submission to the Board; (ii) review the relationship with the external auditors by reference to the work performed by the auditors, their fees and terms of engagement, and make recommendations to the Board on the appointment, re-appointment and removal of external auditors; and (iii) review the adequacy and effectiveness of the Company's financial reporting system, internal control system and risk management system and associated procedures.

During the year ended 31 March 2012, the Audit Committee met twice with the presence of all the committee members and performed the following works:

- Review and discussion of the financial statements, results announcements and reports for the year ended 31 March 2011 and for the six months ended 30 September 2011, the financial reporting and compliance procedures;
- Discussion of the audit plan of the Group;
- Discussion and recommendation of the re-appointment of external auditors; and
- Review of the internal control and risk management of the Group.

The external auditors were invited to attend one of the meetings without the presence of executive directors to discuss with the Audit Committee issues arising from the audit and financial reporting matters. The Company's annual results for the year ended 31 March 2012 have also been reviewed by the Audit Committee. There is no disagreement between the Board and the Audit Committee regarding the re-appointment of external auditors.

### **B.3 REMUNERATION COMMITTEE**

The Remuneration Committee comprises of 3 members, namely, Mr. Li Chi Ming (Chairman), Mr. Tung Tat Chiu, Michael and Mr. Wan Ngar Yin, David. All of them are independent non-executive directors of the Company.

The main duties of the Remuneration Committee are to (i) make recommendations on the establishment of procedures for developing the remuneration policy and structure for the executive directors and the senior management, which policy shall ensure that no director or any of his associates will participate in deciding his own remuneration; (ii) make recommendations on the remuneration packages of the executive directors and the senior management; and (iii) review and approve the remuneration packages of the executive directors and the senior management by reference to the performance of the individual and the Company as well as market practice and conditions.

The Human Resources Department is responsible for collection and administration of the human resources data and making recommendations to the Remuneration Committee for consideration. The Remuneration Committee consults with the Chairman of the Board/Chief Executive Officer of the Company about these recommendations on remuneration policy and structure and remuneration packages.

During the year ended 31 March 2012, the Remuneration Committee, with the presence of all the committee members, met once and generally reviewed and discussed the remuneration policy and structure and the current remuneration packages of the directors and senior management of the Group.

Details of the remuneration of each director of the Company for the year ended 31 March 2012 are set out in note 8 to the financial statements contained in this annual report.

#### **B.4 NOMINATION COMMITTEE**

As mentioned above, the Nomination Committee was established on 28 February 2012 in compliance with the code provision A.5.1 set out in the revised Corporate Governance Code. The Nomination Committee comprises all the executive directors and independent non-executive directors of the Company, namely, Mr. Wong Howard (Chairman), Mr. Wong Yat Fai, Mr. Tung Tat Chiu, Michael, Mr. Li Chi Ming and Mr. Wan Ngar Yin, David.

The main duties of the Nomination Committee are to (i) review the structure, size and composition (including the skills, knowledge and experience) of the Board on a regular basis and recommend any changes to the Board; (ii) identify qualified and suitable individuals to become Board members and select or make recommendations to the Board on the selection of individuals nominated for directorships; (iii) assess the independence of independent non-executive directors of the Company, having regard to the requirements under the Listing Rules; and (iv) make recommendations to the Board on relevant matters relating to the appointment or re-appointment of directors and succession planning for directors in particular, the Chairman and the Chief Executive Officer of the Company.

Subsequent to the setting up of the Nomination Committee, no Nomination Committee meeting was held during the year ended 31 March 2012.

### C. DIRECTORS' RESPONSIBILITIES FOR FINANCIAL REPORTING IN RESPECT OF THE FINANCIAL STATEMENTS

The directors have acknowledged their responsibilities for preparing the financial statements of the Company for the year ended 31 March 2012.

The Board is responsible for presenting a balanced, clear and understandable assessment of annual and interim reports, price-sensitive announcements and other disclosures required under the Listing Rules and other statutory and regulatory requirements. The management has provided to the Board such explanation and information as are necessary to enable the Board to carry out an informed assessment of the Company's financial statements, which are put to the Board for approval.

There are no material uncertainties relating to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern.

### D. INTERNAL CONTROLS

The Board has overall responsibility for the internal control system of the Company and for reviewing its effectiveness. The Board maintains an adequate internal control system to safeguard the interests of the shareholders and the assets of the Company. During the year under review, the Board, through the Audit Committee, has conducted a review of the effectiveness of the internal control system of the Group including the adequacy of resources, qualifications and experience of staff of the Company's accounting and financial reporting function, and their training programmes and budget.

### E. EXTERNAL AUDITORS AND AUDITORS' REMUNERATION

The statement of the external auditors of the Company about their reporting responsibilities for the Company's financial statements for the year ended 31 March 2012 is set out in the section headed 'Independent Auditors' Report' in this annual report.

During the year ended 31 March 2012, the remuneration paid to the Company's external auditors, Ernst & Young, is set out below:

Nature of Services	Remuneration (HK\$)
Audit services	1,200,000
Non-audit services	122,500

### F. COMMUNICATIONS WITH SHAREHOLDERS AND INVESTORS

The Board believes that effective communication with shareholders is vital for enhancing investor relations and investor understanding of the Group's business performance and strategies. The Board also recognises the importance of transparency and timely disclosure of corporate information, which will enable shareholders and investors to make the best investment decisions.

The general meetings of the Company provide the best opportunity for communication between the Board and the shareholders. The Chairman of the Board as well as chairmen of the Audit Committee, Remuneration Committee and Nomination Committee and, in their absence, other members of the respective committees and, where applicable, the chairman of the independent Board committee, normally attend the annual general meeting and other relevant shareholder meetings to answer questions.

The 2011 annual general meeting of the Company was held on 12 August 2011 and the notice of such meeting was sent to shareholders at least 20 clear business days before the meeting.

To promote effective communication, the Company maintains a website at www.icubetech.com.hk as a communication platform with shareholders and investors, where information and updates on the Group's business operations, developments and financial information are available for public access. Shareholders and investors may also write directly to the Company's principal place of business in Hong Kong at Room 1603-05, Harcourt House, 39 Gloucester Road, Wanchai, Hong Kong or via email to info@icubetech.com.hk for any enquiries which shall be dealt with in an informative and timely manner.

The Company continues to enhance communications and relationships with its investors. Designated senior management maintains regular dialogue with institutional investors and analysts to keep them posted of the Company's developments.

### G. SHAREHOLDER RIGHTS

To safeguard shareholder interests and rights, a separate resolution is proposed for each substantially separate issue at shareholder meetings, including the election of individual directors.

All resolutions put forward at shareholder meetings will be voted on by poll pursuant to the Listing Rules and poll results will be posted on the websites of the Company and of the Stock Exchange after each shareholder meeting.
## **Independent Auditors' Report**

#### To the shareholders of ICube Technology Holdings Limited

(Incorporated in Bermuda with limited liability)

We have audited the consolidated financial statements of ICube Technology Holdings Limited (the "Company") and its subsidiaries (together, the "Group") set out on pages 38 to 126, which comprise the consolidated and company statements of financial position as at 31 March 2012, and the consolidated income statement, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

## DIRECTORS' RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

## AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. Our report is made solely to you, as a body, in accordance with Section 90 of the Bermuda Companies Act 1981, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

## **Independent Auditors' Report**

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation of consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **OPINION**

In our opinion, the consolidated financial statements give a true and fair view of the state of affairs of the Company and of the Group as at 31 March 2012, and of the Group's loss and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards and have been properly prepared in accordance with the disclosure requirements of the Hong Kong Companies Ordinance.

## 1. CORPORATE INFORMATION

ICube Technology Holdings Limited (the "Company") is a limited liability company incorporated in Bermuda. The principal place of business of the Company is located at Rooms 1603-5, 16/F., Harcourt House, 39 Gloucester Road, Wanchai, Hong Kong.

The principal activity of the Company is investment holding. The principal activities of the subsidiaries during the year consisted of the trading and distribution of electronic products and other merchandise, securities investment and trading, and the research and development of information technology. In the prior year, the Group discontinued the operation of convenience store business in Vietnam, further details of which are included in notes 12 and 30 to the financial statements.

## 2.1. BASIS OF PREPARATION

These financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") (which include all Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants, accounting principles generally accepted in Hong Kong and the disclosure requirements of the Hong Kong Companies Ordinance. They have been prepared under the historical cost convention, except for equity investments and derivative financial instruments, which have been measured at fair value. These financial statements are presented in Hong Kong dollars ("HK\$") and all values are rounded to the nearest thousand except when otherwise indicated.

#### **Basis of consolidation**

The consolidated financial statements include the financial statements of the Company and its subsidiaries (collectively referred to as the "Group") for the year ended 31 March 2012. The financial statements of the subsidiaries are prepared for the same reporting period as the Company, using consistent accounting policies. The results of subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases. All intragroup balances, transactions, unrealised gains and losses resulting from intra-group transactions and dividends are eliminated on consolidation in full.

Total comprehensive income within a subsidiary is attributed to the non-controlling interest even if that results in a deficit balance.

31 March 2012

## 2.1. BASIS OF PREPARATION (continued)

#### **Basis of consolidation (continued)**

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

If the Group loses control over a subsidiary, it derecognises (i) the assets (including goodwill) and liabilities of the subsidiary, (ii) the carrying amount of any non-controlling interest and (iii) the cumulative translation differences recorded in equity; and recognises (i) the fair value of the consideration received, (ii) the fair value of any investment retained and (iii) any resulting surplus or deficit in profit or loss. The Group's share of components previously recognised in other comprehensive income is reclassified to profit or loss or retained profits, as appropriate.

### 2.2 CHANGES IN ACCOUNTING POLICY AND DISCLOSURES

The Group has adopted the following new and revised HKFRSs for the first time for the current year's financial statements.

HKFRS 1 Amendment	Amendment to HKFRS 1 First-time Adoption of
	Hong Kong Financial Reporting Standards
	– Limited Exemption from Comparative HKFRS 7
	Disclosures for First-time Adopters
HKAS 24 (Revised)	Related Party Disclosures
HK(IFRIC)-Int 14 Amendments	Amendments to HK(IFRIC)-Int 14 Prepayments of
	a Minimum Funding Requirement
HK(IFRIC)-Int 19	Extinguishing Financial Liabilities with Equity Instruments
Improvements to HKFRSs 2010	Amendments to a number of HKFRSs issued in May 2010

Other than as further explained below regarding the impact of HKAS 24 (Revised), and amendments to HKAS 1 and HKAS 27 included in *Improvements to HKFRSs 2010*, the adoption of the new and revised HKFRSs has had no significant financial effect on these financial statements.

## 2.2 CHANGES IN ACCOUNTING POLICY AND DISCLOSURES (continued)

The principal effects of adopting these HKFRSs are as follows:

(a) HKAS 24 (Revised) Related Party Disclosures

HKAS 24 (Revised) clarifies and simplifies the definitions of related parties. The new definitions emphasise a symmetrical view of related party relationships and clarify the circumstances in which persons and key management personnel affect related party relationships of an entity. The revised standard also introduces an exemption from the general related party disclosure requirements for transactions with a government and entities that are controlled, jointly controlled or significantly influenced by the same government as the reporting entity. The accounting policy for related parties has been revised to reflect the changes in the definitions of related parties under the revised standard. The adoption of the revised standard did not have any impact on the financial position or performance of the Group. Details of the related party transactions, including the related comparative information, are included in note 36 to the consolidated financial statements.

- (b) Improvements to HKFRSs 2010 issued in May 2010 sets out amendments to a number of HKFRSs. There are separate transitional provisions for each standard. While the adoption of some of the amendments may result in changes in accounting policies, none of these amendments has had a significant financial impact on the financial position or performance of the Group. Details of the key amendments most applicable to the Group are as follows:
  - HKAS 1 *Presentation of Financial Statements*: The amendment clarifies that an analysis of each component of other comprehensive income can be presented either in the statement of changes in equity or in the notes to the financial statements. The Group elects to present the analysis of each component of other comprehensive income in the statement of changes in equity.
  - HKAS 27 Consolidated and Separate Financial Statements: The amendment clarifies that the consequential amendments from HKAS 27 (as revised in 2008) made to HKAS 21, HKAS 28 and HKAS 31 shall be applied prospectively for annual periods beginning on or after 1 July 2009 or earlier if HKAS 27 is applied earlier.

31 March 2012

# 2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS

The Group has not applied the following new and revised HKFRSs, that have been issued but are not yet effective, in these financial statements.

Amendments to HKFRS 1 First-time Adoption of
Hong Kong Financial Reporting Standards
- Severe Hyperinflation and Removal of
Fixed Dates for First-time Adopters <sup>1</sup>
Amendments to HKFRS 1 First-time Adoption of
Hong Kong Financial Reporting Standards
– Government Loans <sup>4</sup>
Amendments to HKFRS 7 Financial Instruments:
Disclosures – Transfers of Financial Assets <sup>1</sup>
Amendments to HKFRS 7 Financial Instruments:
Disclosures – Offsetting Financial Assets and
Financial Liabilities <sup>4</sup>
Financial Instruments <sup>6</sup>
Consolidated Financial Statements <sup>4</sup>
Joint Arrangements <sup>4</sup>
Disclosure of Interests in Other Entities <sup>4</sup>
Fair Value Measurement <sup>4</sup>
Amendments to HKAS 1 Presentation of
Financial Statements – Presentation of Items of
Other Comprehensive Income <sup>3</sup>
Amendments to HKAS 12 Income Taxes
<ul> <li>Deferred Tax: Recovery of Underlying Assets<sup>2</sup></li> </ul>
Employee Benefits <sup>4</sup>
Separate Financial Statements <sup>4</sup>
Investments in Associates and Joint Ventures <sup>4</sup>
Amendments to HKAS 32 Financial Instruments:
Presentation – Offsetting Financial Assets and
Financial Liabilities⁵
Stripping Costs in the Production Phase of a Surface Mine <sup>4</sup>
Annual Improvements to HKFRSs 2009-2011 Cycle <sup>4</sup>

50

31 March 2012

## 2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS (continued)

- <sup>1</sup> Effective for annual periods beginning on or after 1 July 2011
- <sup>2</sup> Effective for annual periods beginning on or after 1 January 2012
- <sup>3</sup> Effective for annual periods beginning on or after 1 July 2012
- <sup>4</sup> Effective for annual periods beginning on or after 1 January 2013
- <sup>5</sup> Effective for annual periods beginning on or after 1 January 2014
- <sup>6</sup> Effective for annual periods beginning on or after 1 January 2015

Further information about those changes that are expected to significantly affect the Group is as follows:

HKFRS 9 issued in November 2009 is the first part of phase 1 of a comprehensive project to entirely replace HKAS 39 *Financial Instruments: Recognition and Measurement*. This phase focuses on the classification and measurement of financial assets. Instead of classifying financial assets into four categories, an entity shall classify financial assets as subsequently measured at either amortised cost or fair value, on the basis of both the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets. This aims to improve and simplify the approach for the classification and measurement of financial assets of HKAS 39.

In November 2010, the HKICPA issued additions to HKFRS 9 to address financial liabilities (the "Additions") and incorporated in HKFRS 9 the current derecognition principles of financial instruments of HKAS 39. Most of the Additions were carried forward unchanged from HKAS 39, while changes were made to the measurement of financial liabilities designated at fair value through profit or loss using the fair value option ("FVO"). For these FVO liabilities, the amount of change in the fair value of a liability that is attributable to changes in credit risk must be presented in other comprehensive income ("OCI"). The remainder of the change in fair value is presented in profit or loss, unless presentation of the fair value change in respect of the liability's credit risk in OCI would create or enlarge an accounting mismatch in profit or loss. However, loan commitments and financial guarantee contracts which have been designated under the FVO are scoped out of the Additions.

HKAS 39 is aimed to be replaced by HKFRS 9 in its entirely. Before this entire replacement, the guidance in HKAS 39 on hedge accounting and impairment of financial assets continues to apply. The Group expects to adopt HKFRS 9 from 1 April 2015.

31 March 2012

## 2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS (continued)

HKFRS 10 establishes a single control model that applies to all entities including special purpose entities or structured entities. It includes a new definition of control which is used to determine which entities are consolidated. The changes introduced by HKFRS 10 require management of the Group to exercise significant judgement to determine which entities are controlled, compared with the requirements in HKAS 27 and HK(SIC)-Int 12 *Consolidation – Special Purpose Entities*. HKFRS 10 replaces the portion of HKAS 27 *Consolidated and Separate Financial Statements* that addresses the accounting for consolidated financial statements. It also includes the issues raised in HK(SIC)-Int 12.

HKFRS 11 replaces HKAS 31 Interests in Joint Ventures and HK(SIC)-Int 13 Jointly Controlled Entities – Non-Monetary Contributions by Venturers. It describes the accounting for joint arrangements with joint control. It addresses only two forms of joint arrangements, i.e. joint operations and joint ventures, and removes the option to account for joint ventures using proportionate consolidation.

HKFRS 12 includes the disclosure requirements for subsidiaries, joint arrangements, associates and structured entities that are previously included in HKAS 27 *Consolidated and Separate Financial Statements*. HKAS 31 *Interests in Joint Ventures* and HKAS 28 *Investments in Associates*. It also introduces a number of new disclosure requirements for these entities.

Consequential amendments were made to HKAS 27 and HKAS 28 as a result of the issuance of HKFRS 10, HKFRS 11 and HKFRS 12. The Group expects to adopt HKFRS 10, HKFRS 11, HKFRS 12, and the consequential amendments to HKAS 27 and HKAS 28 from 1 April 2013.

HKFRS 13 provides a precise definition of fair value and a single source of fair value measurement and disclosure requirements for use across HKFRSs. The standard does not change the circumstances in which the Group is required to use fair value, but provides guidance on how fair value should be applied where its use is already required or permitted under other HKFRSs. The Group expects to adopt HKFRS 13 prospectively from 1 April 2013.

Amendments to HKAS 1 change the grouping of items presented in OCI. Items that could be reclassified (or recycled) to profit or loss at a future point in time (for example, upon derecognition or settlement) would be presented separately from items which will never be reclassified. The Group expects to adopt the amendments from 1 April 2013.

52

## 2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS (continued)

HKAS 12 Amendments clarify the determination of deferred tax for investment property measured at fair value. The amendments introduce a rebuttable presumption that deferred tax on investment property measured at fair value should be determined on the basis that its carrying amount will be recovered through sale. Furthermore, the amendments incorporate the requirement previously in HK(SIC)-Int 21 *Income Taxes – Recovery of Revalued Non-Depreciable Assets* that deferred tax on non-depreciable assets, measured using the revaluation model in HKAS 16, should always be measured on a sale basis. The Group expects to adopt HKAS 12 Amendments from 1 April 2012.

HKAS 19 (2011) includes a number of amendments that range from fundamental changes to simple clarifications and re-wording. The revised standard introduces significant changes in the accounting for defined benefit pension plans including removing the choice to defer the recognition of actuarial gains and losses. Other changes include modifications to the timing of recognition for termination benefits, the classification of short-term employee benefits and disclosures of defined benefit plans. The Group expects to adopt HKAS 19 (2011) from 1 April 2013.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Subsidiaries**

A subsidiary is an entity whose financial and operating policies the Company controls, directly or indirectly, so as to obtain benefits from its activities.

The results of subsidiaries are included in the Company's income statement to the extent of dividends received and receivable. The Company's investments in subsidiaries are stated at cost less any impairment losses.

#### **Joint ventures**

A joint venture is an entity set up by contractual arrangement, whereby the Group and other parties undertake an economic activity. The joint venture operates as a separate entity in which the Group and the other parties have an interest.

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Joint ventures (continued)

The joint venture agreement between the venturers stipulates the capital contributions of the joint venture parties, the duration of the joint venture and the basis on which the assets are to be realised upon its dissolution. The profits and losses from the joint venture's operations and any distributions of surplus assets are shared by the venturers, either in proportion to their respective capital contributions, or in accordance with the terms of the joint venture agreement.

A joint venture is treated as:

- (a) a subsidiary, if the Group has unilateral control, directly or indirectly, over the joint venture;
- (b) a jointly-controlled entity, if the Group does not have unilateral control, but has joint control, directly or indirectly, over the joint venture;
- (c) an associate, if the Group does not have unilateral or joint control, but holds, directly or indirectly, generally not less than 20% of the joint venture's registered capital and is in a position to exercise significant influence over the joint venture; or
- (d) an equity investment accounted for in accordance with HKAS 39, if the Group holds, directly or indirectly, less than 20% of the joint venture's registered capital and has neither joint control of, nor is in a position to exercise significant influence over, the joint venture.

#### **Business combinations and goodwill**

Business combinations are accounted for using the acquisition method. The consideration transferred is measured at the acquisition date fair value which is the sum of the acquisition date fair values of assets transferred by the Group, liabilities assumed by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. For each business combination, the Group elects whether it measures the non-controlling interests in the acquiree that are present ownership interests and entitle their holders to a proportionate share of net assets in the event of liquidation either at fair value or at the proportionate share of the acquiree's identifiable net assets. All other components of non-controlling interests are measured at fair value. Acquisition costs are expensed as incurred.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Business combinations and goodwill (continued)

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

If the business combination is achieved in stages, the acquisition date fair value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value as at the acquisition date through profit or loss.

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration which is deemed to be an asset or liability will be recognised in accordance with HKAS 39 either in profit or loss or as a change to other comprehensive income. If the contingent consideration is classified as equity, it will not be remeasured. Subsequent settlement is accounted for within equity. In instances where the contingent consideration does not fall within the scope of HKAS 39, it is measured in accordance with the appropriate HKFRS.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred, the amount recognised for non-controlling interests and any fair value of the Group's previously held equity interests in the acquiree over the identifiable net assets acquired and liabilities assumed. If the sum of this consideration and other items is lower than the fair value of the net assets of the subsidiary acquired, the difference is, after reassessment, recognised in profit or loss as a gain on bargain purchase.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. Goodwill is tested for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired. The Group performs its annual impairment test of goodwill as at 31 March. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units, or groups of cash-generating units, that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the Group are assigned to those units or groups of units.

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Business combinations and goodwill (continued)

Impairment is determined by assessing the recoverable amount of the cash-generating unit (group of cash-generating units) to which the goodwill relates. Where the recoverable amount of the cash-generating unit (group of cash-generating units) is less than the carrying amount, an impairment loss is recognised. An impairment loss recognised for goodwill is not reversed in a subsequent period.

Where goodwill forms part of a cash-generating unit (group of cash-generating units) and part of the operation within that unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on disposal of the operation. Goodwill disposed of in this circumstance is measured based on the relative values of the operation disposed of and the portion of the cash-generating unit retained.

#### Impairment of non-financial assets

Where an indication of impairment exists, or when annual impairment testing for an asset is required (other than inventories and financial assets), the asset's recoverable amount is estimated. An asset's recoverable amount is the higher of the asset's or cash-generating unit's value in use and its fair value less costs to sell, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case the recoverable amount is determined for the cash-generating unit to which the asset belongs.

An impairment loss is recognised only if the carrying amount of an asset exceeds its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. An impairment loss is charged to the income statement in the period in which it arises.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Impairment of non-financial assets (continued)

An assessment is made at the end of each reporting period as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such an indication exists, the recoverable amount is estimated. A previously recognised impairment loss of an asset is reversed only if there has been a change in the estimates used to determine the recoverable amount of that asset, but not to an amount higher than the carrying amount that would have been determined (net of any depreciation/ amortisation) had no impairment loss been recognised for the asset in prior years. A reversal of such an impairment loss is credited to the income statement in the period in which it arises.

#### **Related parties**

A party is considered to be related to the Group if:

- (a) the party is a person or a close member of that person's family and that person:
  - (i) has control or joint control over the Group;
  - (ii) has significant influence over the Group; or
  - (iii) is a member of the key management personnel of the Group or of a parent of the Group;

or

- (b) the party is an entity where any of the following conditions applies:
  - (i) the entity and the Group are members of the same group;
  - (ii) one entity is an associate or joint venture of the other entity (or of a parent, subsidiary or fellow subsidiary of the other entity);
  - (iii) the entity and the Group are joint ventures of the same third party;
  - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### **Related parties (continued)**

- (b) the party is an entity where any of the following conditions applies: (continued)
  - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group;
  - (vi) the entity is controlled or jointly controlled by a person identified in (a); and
  - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

#### Property, plant and equipment and depreciation

Property, plant and equipment are stated at cost less accumulated depreciation and any impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Expenditure incurred after items of property, plant and equipment have been put into operation, such as repairs and maintenance, is normally charged to the income statement in the period in which it is incurred. In situations where the recognition criteria are satisfied, the expenditure for a major inspection is capitalised in the carrying amount of the asset as a replacement. Where significant parts of property, plant and equipment are required to be replaced at intervals, the Group recognises such parts as individual assets with specific useful lives and depreciates them accordingly.

Depreciation is calculated on the straight-line basis to write off the cost of each item of property, plant and equipment to its residual value over the following estimated useful life.

Buildings	50 years or over the lease terms,
	whichever is shorter
Leasehold improvements	Over the remaining lease terms or 3 years
	whichever is shorter
Plant and machinery	7 to 10 years
Motor vehicles, furniture, fixtures	3 to 5 years
and equipment	

58

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Property, plant and equipment and depreciation (continued)

Where parts of an item of property, plant and equipment have different useful lives, the cost of that item is allocated on a reasonable basis among the parts and each part is depreciated separately.

Residual values, useful lives and the depreciation method are reviewed, and adjusted if appropriate, at least at each financial year end.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on disposal or retirement recognised in the income statement in the year the asset is derecognised is the difference between the net sales proceeds and the carrying amount of the relevant asset.

#### Leases

Leases that transfer substantially all the rewards and risks of ownership of assets to the Group, other than legal title, are accounted for as finance leases. At the inception of a finance lease, the cost of the leased asset is capitalised at the present value of the minimum lease payments and recorded together with the obligation, excluding the interest element, to reflect the purchase and financing. Assets held under capitalised finance leases are included in property, plant and equipment, and depreciated over the shorter of the lease terms and the estimated useful lives of the assets. The finance costs of such leases are charged to the income statement so as to provide a constant periodic rate of charge over the lease terms.

Leases where substantially all the rewards and risks of ownership of assets remain with the lessor are accounted for as operating leases. Where the Group is the lessee, rentals payable under operating leases are charged to the income statement on the straight-line basis over the lease terms.

Prepaid land lease payments under operating leases are initially stated at cost and subsequently recognised on the straight-line basis over the lease terms.

31 March 2012

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Investments and other financial assets

#### Initial recognition and measurement

Financial assets within the scope of HKAS 39 are classified as financial assets at fair value through profit or loss, loans and receivables, and available-for-sale financial investments, as appropriate. The Group determines the classification of its financial assets at initial recognition. When financial assets are recognised initially, they are measured at fair value plus transaction costs, except in the case of financial assets recorded at fair value through profit or loss.

All regular way purchases and sales of financial assets are recognised on the trade date, that is, the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace.

The Group's financial assets include cash and cash equivalents, trade and other receivables, convertible notes receivable, note receivables and quoted and unquoted financial instruments.

#### Subsequent measurement

The subsequent measurement of financial assets depends on their classification as follows:

#### Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss include financial assets held for trading. Financial assets are classified as held for trading if they are acquired for the purpose of sale in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments as defined by HKAS 39.

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognised in the income statement. These net fair value changes do not include any dividends earned on these financial assets, which are recognised in accordance with the policies set out for "Revenue recognition" below.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Investments and other financial assets (continued)

Financial assets at fair value through profit or loss (continued)

The Group evaluates its financial assets at fair value through profit or loss (held for trading) to assess whether the intent to sell them in the near term is still appropriate. When, in rare circumstances, the Group is unable to trade these financial assets due to inactive markets and management's intent to sell them in the foreseeable future significantly changes, the Group may elect to reclassify these financial assets. The reclassification from financial assets at fair value through profit or loss to loans and receivables, available-for-sale financial assets or held-to-maturity investments depends on the nature of the assets. This evaluation does not affect any financial assets designated at fair value through profit or loss using the fair value option at designation as these instruments cannot be reclassified after initial recognition.

#### Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial measurement, such assets are subsequently measured at amortised cost using the effective interest rate method less any allowance for impairment. Amortised cost is calculated by taking into account any discount or premium on acquisition and includes fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included in finance income in the income statement. The loss arising from impairment is recognised in the income statement in finance costs for loans and in other operating expenses for receivables.

#### Available-for-sale financial investments

Available-for-sale financial investments are non-derivative financial assets in listed equity investments. Equity investments classified as available for sale are those which are neither classified as held for trading nor designated at fair value through profit or loss.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Investments and other financial assets (continued)

#### Available-for-sale financial investments (continued)

After initial recognition, available-for-sale financial investments are subsequently measured at fair value, with unrealised gains or losses recognised as other comprehensive income in the available-for-sale equity investment revaluation reserve until the investment is derecognised, at which time the cumulative gain or loss is recognised in the income statement in other income, or until the investment is determined to be impaired, when the cumulative gain or loss is reclassified from the available-for-sale equity investment revaluation reserve to the income statement in other operating expenses. Interest and dividends earned whilst holding the available-for-sale financial investments are reported as interest income and dividend income, respectively and are recognised in the income statement as "Revenue – Treasury investments" in accordance with the policies set out for "Revenue recognition" below.

#### Fair value

The fair value of investments that are actively traded in organised financial markets is determined by reference to quoted market bid prices at the close of business at the end of the reporting period. For investments where there is no active market, the fair value is determined using appropriate valuation techniques. Such techniques include using recent arm's length market transactions; reference to the current market value of another instrument which is substantially the same; a discounted cash flow analysis; and option pricing models.

#### **Derecognition of financial assets**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when:

- (a) the rights to receive cash flows from the asset have expired; or
- (b) the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (i) the Group has transferred substantially all the risks and rewards of the asset, or (ii) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Derecognition of financial assets (continued)

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risk and rewards of ownership of the asset. When it has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognised to the extent of the Group's continuing involvement in the asset. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

#### Impairment of financial assets

The Group assesses at the end of each reporting period whether there is any objective evidence that a financial asset or a group of financial assets is impaired. A financial asset or a group of financial assets is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (an incurred "loss event") and that loss event has an impact on the estimated future cash flows of the financial asset or the group of financial assets that can be reliably estimated. Evidence of impairment may include indications that a debtor or a group of debtors is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganisation and observable data indicating that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Impairment of financial assets (continued)

#### Financial assets carried at amortised cost

For financial assets carried at amortised cost, the Group first assesses individually whether objective evidence of impairment exists for financial assets that are individually significant, or collectively for financial assets that are not individually significant. If the Group determines that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, it includes the asset in a group of financial assets with similar credit risk characteristics and collectively assesses them for impairment. Assets that are individually assessed for impairment and for which an impairment loss is, or continues to be, recognised are not included in a collective assessment of impairment.

If there is objective evidence that an impairment loss has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred). The present value of the estimated future cash flows is discounted at the financial asset's original effective interest rate (i.e., the effective interest rate computed at initial recognition). If a loan has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate.

The carrying amount of the asset is reduced through the use of an allowance account and the amount of the loss is recognised in the income statement. Interest income continues to be accrued on the reduced carrying amount and is accrued using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss. Loans and receivables together with any associated allowance are written off when there is no realistic prospect of future recovery.

If, in a subsequent period, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognised, the previously recognised impairment loss is increased or reduced by adjusting the allowance amount. If a future write-off is later recovered, the recovery is credited to other operating expenses in the income statement.

64

31 March 2012

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Impairment of financial assets (continued)

#### Available-for-sale financial investments

For available-for-sale financial investments, the Group assesses at the end of each reporting period whether there is objective evidence that an investment is impaired on an individual basis.

If an available-for-sale asset is impaired, an amount comprising the difference between its cost (net of any principal payment and amortisation) and its current fair value, less any impairment loss previously recognised in the income statement, is removed from other comprehensive income and recognised in the income statement.

In the case of equity investments classified as available for sale, objective evidence would include a significant or prolonged decline in the fair value of an investment below its cost. The determination of what is "significant" or "prolonged" requires judgement. "Significant" is evaluated against the original cost of the investment and "prolonged" against the period in which the fair value has been below its original cost. Where there is evidence of impairment, the cumulative loss – measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that investment previously recognised in the income statement. Impairment losses on equity instruments classified as available for sale are not reversed through the income statement. Increases in their fair value after impairment are recognised directly in other comprehensive income.

#### **Financial liabilities**

#### Initial recognition and measurement

Financial liabilities within the scope of HKAS 39 are classified as financial liabilities at fair value through profit or loss, loans and borrowings, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. The Group determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value plus, in the case of loans and borrowings, directly attributable transaction costs.

The Group's financial liabilities include trade payables, other payables and accruals, finance lease payables and convertible bonds.

31 March 2012

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### **Financial liabilities (continued)**

#### Subsequent measurement

The subsequent measurement of financial liabilities depends on their classification as follows:

#### Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost, using the effective interest rate method unless the effect of discounting would be immaterial, in which case they are stated at cost. Gains and losses are recognised in the income statement when the liabilities are derecognised as well as through the effective interest rate amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included in finance costs in the income statement.

#### Convertible bonds

The component of convertible bonds that exhibits characteristics of a liability is recognised as a liability in the statement of financial position, net of transaction costs. On issuance of convertible bonds, the fair value of the liability component is determined using a market rate for an equivalent non-convertible bond; and this amount is carried as a long term liability on the amortised cost basis until extinguished on conversion or redemption. The remainder of the proceeds is allocated to the conversion option that is recognised and included in shareholders' equity, net of transaction costs. The carrying amount of the conversion option is not remeasured in subsequent years. Transaction costs are apportioned between the liability and equity components of the convertible bonds based on the allocation of proceeds to the liability and equity components when the instruments are first recognised.

If the conversion option of convertible bonds exhibits characteristics of an embedded derivative, it is separated from its liability component. On initial recognition, the derivative component of the convertible bonds is measured at fair value and presented as part of derivative financial instruments. Any excess of proceeds over the amount initially recognised as the derivative component is recognised as the liability component. Transaction costs are apportioned between the liability and derivative components of the convertible bonds to the liability and derivative components when the instruments are initially recognised. The portion of the transaction costs relating to the liability component is recognised initially as part of the liability. The portion relating to the derivative component is recognised immediately in the income statement.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### **Derecognition of financial liabilities**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled, or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and a recognition of a new liability, and the difference between the respective carrying amounts is recognised in the income statement.

#### Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if, and only if, there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined on the first-in, first-out basis and, in the case of work in progress and finished goods, comprises direct materials, direct labour and an appropriate proportion of overheads. Net realisable value is based on estimated selling prices less any estimated costs to be incurred to completion and disposal.

#### Cash and cash equivalents

For the purpose of the consolidated statement of cash flows, cash and cash equivalents comprise cash on hand and demand deposits, and short term highly liquid investments that are readily convertible into known amounts of cash, are subject to an insignificant risk of changes in value, and have a short maturity of generally within three months when acquired, less bank overdrafts which are repayable on demand and form an integral part of the Group's cash management.

For the purpose of the statement of financial position, cash and cash equivalents comprise cash on hand and at banks, including term deposits, and assets similar in nature to cash, which are not restricted as to use.

31 March 2012

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### **Provisions**

A provision is recognised when a present obligation (legal or constructive) has arisen as a result of a past event and it is probable that a future outflow of resources will be required to settle the obligation, provided that a reliable estimate can be made of the amount of the obligation.

When the effect of discounting is material, the amount recognised for a provision is the present value at the end of the reporting period of the future expenditures expected to be required to settle the obligation. The increase in the discounted present value amount arising from the passage of time is included in finance costs in the income statement.

#### Income tax

Income tax comprises current and deferred tax. Income tax relating to items recognised outside profit or loss is recognised outside profit or loss, either in other comprehensive income or directly in equity.

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the tax authorities, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period, taking into consideration interpretations and practices prevailing in the countries in which the Group operates.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

31 March 2012

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Income tax (continued)

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- when the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of taxable temporary differences associated with investments in subsidiaries, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carryforward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, the carryforward of unused tax credits and unused tax losses can be utilised, except:

- when the deferred tax asset relating to the deductible temporary differences arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of deductible temporary differences associated with investments in subsidiaries, deferred tax assets are only recognised to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be recovered.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Income tax (continued)

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same tax authority.

#### **Government grants**

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. When the grant relates to an expense item, it is recognised as income over the periods necessary to match the grant on a systematic basis to the costs that it is intended to compensate.

#### **Revenue recognition**

Revenue is recognised when it is probable that the economic benefits will flow to the Group and when the revenue can be measured reliably, on the following bases:

- (a) from the sale of goods, when the significant risks and rewards of ownership have been transferred to the buyer, provided that the Group maintains neither managerial involvement to the degree usually associated with ownership, nor effective control over the goods sold;
- (b) the profit or loss on the trading of equity investments at fair value through profit or loss on the transaction dates when the relevant contract notes are executed;
- (c) interest income, on an accrual basis using the effective interest method by applying the rate that exactly discounts the estimated future cash receipts through the expected life of the financial instrument or a shorter period, when appropriate, to the net carrying amount of the financial asset; and
- (d) dividend income, when the shareholders' right to receive payment has been established.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### **Research costs**

All research costs are charged to the income statement as incurred.

Expenditure incurred on projects to develop new products is capitalised and deferred only when the Group can demonstrate the technical feasibility of completing the intangible asset so that it will be available for use or sale, its intention to complete and its ability to use or sell the asset, how the asset will generate future economic benefits, the availability of resources to complete the project and the ability to measure reliably the expenditure during the development. Product development expenditure which does not meet these criteria is expensed when incurred.

#### Share-based payment transactions

The Company operates a share option scheme for the purpose of providing incentives and rewards to eligible participants who contribute to the success of the Group's operations. Employees (including directors) of the Group receive remuneration in the form of share-based payment transactions, whereby employees render services as consideration for equity instruments ("equity-settled transactions").

The cost of equity-settled transactions with employees for grants after 7 November 2002 is measured by reference to the fair value at the date at which they are granted. The fair value is determined by an external valuer using the binomial model, further details of which are set out in note 32 to the financial statements.

The cost of equity-settled transactions is recognised, together with a corresponding increase in equity, over the period in which the performance and/or service conditions are fulfilled. The cumulative expense recognised for equity-settled transactions at the end of each reporting period until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The charge or credit to the income statement for a period represents the movement in the cumulative expense recognised as at the beginning and end of that period.

No expense is recognised for awards that do not ultimately vest, except for equity-settled transactions where vesting is conditional upon a market or non-vesting condition, which are treated as vesting irrespective of whether or not the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.
## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### Share-based payment transactions (continued)

Where the terms of an equity-settled award are modified, as a minimum an expense is recognised as if the terms had not been modified, if the original terms of the award are met. In addition, an expense is recognised for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification.

Where an equity-settled award is cancelled, it is treated as if it had vested on the date of cancellation, and any expense not yet recognised for the award is recognised immediately. This includes any award where non-vesting conditions within the control of either the Group or the employee are not met. However, if a new award is substituted for the cancelled award, and is designated as a replacement award on the date that it is granted, the cancelled and new awards are treated as if they were a modification of the original award, as described in the previous paragraph.

#### Other employee benefits

#### Retirement benefit schemes

The Group operates a defined contribution Mandatory Provident Fund retirement benefit scheme (the "MPF Scheme") under the Mandatory Provident Fund Schemes Ordinance for all of its employees. Contributions are made based on a percentage of the employees' basic salaries and are charged to the income statement as they become payable in accordance with the rules of the MPF Scheme. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group's employer contributions vest fully with the employees when contributed into the MPF Scheme, except for the Group's employer voluntary contributions, which are refunded to the Group when the employee leaves employment prior to the contributions vesting fully, in accordance with the rules of the MPF Scheme.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### Other employee benefits (continued)

#### Retirement benefit schemes (continued)

Pursuant to the relevant regulations of Mainland China, subsidiaries of the Company operating in Mainland China participate in a local municipal government retirement benefit scheme (the "Mainland Scheme") whereby the subsidiaries are required to contribute a percentage of the basic salaries of their employees to the Mainland Scheme to fund their retirement benefit obligations regarding all existing and future retired employees of the subsidiaries. The only obligation of the Group with respect to the Mainland Scheme is to pay the ongoing required contributions under the Mainland Scheme mentioned above. Contributions under the Mainland Scheme are charged to the income statement as incurred. There are no provisions under the Mainland Scheme whereby forfeited contributions may be used to reduce future contributions.

#### **Foreign currencies**

These financial statements are presented in Hong Kong dollars, which is the Company's functional and presentation currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. Foreign currency transactions recorded by the entities in the Group are initially recorded using their respective functional currency rates of ruling at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency rates of exchange ruling at the end of the reporting period. All differences arising on settlement or translation of monetary items are taken to the income statement.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. The gain or loss arising on retranslation of a non-monetary item is treated in line with the recognition of the gain or loss on change in fair value of the item (i.e., translation difference on item whose fair value gain or loss is recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Foreign currencies (continued)

The functional currencies of certain overseas subsidiaries are currencies other than the Hong Kong dollar. As at the end of the reporting period, the assets and liabilities of these entities are translated into the presentation currency of the Company at the exchange rates ruling at the end of the reporting period and their income statements are translated into Hong Kong dollars at the weighted average exchange rates for the year. The resulting exchange differences are recognised in other comprehensive income and accumulated in the exchange fluctuation reserve. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in the income statement.

For the purpose of the consolidated statement of cash flows, the cash flows of overseas subsidiaries are translated into Hong Kong dollars at the exchange rates ruling at the dates of the cash flows. Frequently recurring cash flows of overseas subsidiaries which arise throughout the year are translated into Hong Kong dollars at the weighted average exchange rates for the year.

### 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amounts of the assets or liabilities affected in the future.

#### Judgements

In the process of applying the Group's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

31 March 2012

# 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (continued)

### Judgements (continued)

#### Income tax

Deferred tax is provided using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax assets are recognised for unused tax losses carried forward to the extent that it is probable (i.e., more likely than not) that future taxable profits will be available against which the unused tax losses can be utilised, based on all available evidence. Recognition primarily involves judgement regarding the future performance of the particular legal entity or tax group in which the deferred tax asset has been recognised. A variety of other factors are also evaluated in considering whether there is convincing evidence that it is probable that some portion or all of the deferred tax assets will ultimately be realised, such as the existence of taxable temporary differences, tax planning strategies and the periods in which estimated tax losses can be utilised. The carrying amount of deferred tax assets and related financial models and budgets are reviewed at the end of each reporting period and to the extent that there is insufficient convincing evidence that sufficient taxable profits will be available within the utilisation periods to allow utilisation of the carried forward tax losses, the asset balance will be reduced and charged to the income statement.

#### Impairment of available-for-sale financial assets

The Group classifies certain assets as available-for-sale and recognises movements of their fair values in equity. An impairment allowance is made for available-for-sale equity investments when there has been a significant or prolonged decline in the fair value below its cost or where other objective evidence of impairment exists. The determination of what is "significant" or "prolonged" requires judgement by management who also evaluates other relevant factors, such as the share price volatility of the underlying equity investments. At 31 March 2012, no impairment (2011: Nil) was recognised as a charge to the income statement for the Group's available-for-sale equity investments was HK\$15,304,000 (2011: HK\$18,812,000) as at 31 March 2012.

31 March 2012

# 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (continued)

#### **Estimation uncertainty**

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below.

### Fair values of the embedded financial derivatives

As described in note 17 to the financial statements, the convertible notes include embedded derivatives that are measured at fair value through profit or loss. The fair values of the embedded derivatives of the convertible notes are determined by the directors using the binomial option pricing model. The significant inputs into the model were share price at the year end date, risk-free interest rate, exercise price, expected volatility of the underlying shares and term of maturity. When the actual results of the inputs differ from management's estimate, it will have an impact on the fair value gains, or losses and the fair values of the derivative component of the convertible notes.

As at 31 March 2011, the fair values of the embedded financial derivatives were HK\$390,000.

# Presentation of convertible bonds and fair value of derivative component of convertible bonds

As described in note 26 to the financial statements, the convertible bonds of the Group are presented as the derivative component and the liability component of the convertible bonds in accordance with HKAS 39. This requires an initial recognition of the derivative component and the liability component at fair value.

The derivative component initially recognised and subsequently measured at fair value is determined by a binomial model.

The amount of the liability component initially recognised is determined with reference to the net proceeds from the issuance of the convertible bonds and the fair value of the derivative component at initial recognition. The liability component is subsequently measured at amortised cost using the effective interest rate method until it is extinguished on conversion or redemption.

31 March 2012

# 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (continued)

### **Estimation uncertainty (continued)**

Presentation of convertible bonds and fair value of derivative component of convertible bonds (continued)

As at 31 March 2012, the fair value of the derivative component and the carrying amount of the liability component of convertible bonds were HK\$19,730,000 and HK\$161,848,000, respectively (2011: HK\$45,540,000, HK\$142,595,000, respectively).

#### Valuation of share options

As described in note 32 to the financial statements, the Company engaged an independent firm of professionally qualified valuers to assist in the valuation of the share options granted during the year ended 31 March 2012. The fair value of options granted under the share option scheme was determined using the binomial option pricing model. The significant inputs into the model were share price at the grant date, risk-free interest rate, exercise price and expected volatility of the underlying shares. When the actual results of the inputs differ from management's estimate, it will have an impact on share option expenses and the related share option reserve of the Company. As at 31 March 2012, the fair value of the share option granted by the Company was HK\$11,322,000, of which a share option expense of HK\$4,941,000 (2011: HK\$3,142,000) was recognised during the year ended 31 March 2012.

31 March 2012

## 4. OPERATING SEGMENT INFORMATION

The Group's operating businesses are structured and managed separately according to the nature of their operations and the products and services they provide. Each of the Group's operating segments represents a strategic business unit that offers products and services which are subject to risks and returns that are different from those of the other business segments. Summary details of the operating segments are as follows:

- (a) the electronic products segment trades electronic products;
- (b) the treasury investments segment comprises securities investment and trading; and
- (c) the corporate and others segment comprises corporate income and expense items and research and development of information technology.

Management monitors the results of the Group's operating segments separately for the purpose of making decisions about resources allocation and performance assessment. Segment performance is evaluated based on reportable segment profit/(loss), which is measured consistently with the Group's profit/(loss) before tax from continuing operations except that interest income, finance costs, fair value gain on derivative component of convertible bonds, head office and corporate expenses are excluded from such measurement.

Segment assets exclude pledged time deposits, cash and cash equivalents and other unallocated head office and corporate assets as these assets are managed on a group basis.

Segment liabilities exclude convertible bonds, the derivative component of convertible bonds, deferred tax liabilities and other unallocated head office and corporate liabilities as these liabilities are managed on a group basis.

There are no intersegment sales and transfers between the segments.

# 4. OPERATING SEGMENT INFORMATION (continued)

The following tables present revenue from continuing operations, loss and certain asset, liability and capital expenditure information for the Group's business segments for the years ended 31 March 2012 and 2011.

### Group

Non-current assets	2,053	1,639	-	_	2,053	1,639

The revenue information from continuing operations above is based on the location of customers and the stock markets.

The non-current asset information from continuing operations above is based on the location of assets and excludes financial instruments.

### Information about a major customer

Revenue from continuing operations of approximately HK\$14,830,000 (2011: HK\$20,410,000) was derived from sales by the electronics product segment to a single customer.

## 5. REVENUE, OTHER INCOME AND GAINS

Revenue, which is also the Group's turnover, represents the aggregate of the net invoiced value of goods sold, after allowances for returns and trade discounts, losses on disposal of equity investments at fair value through profit or loss, dividend income arising from listed equity investments and interest income from note receivables and convertible notes during the year.

An analysis of revenue, other income and gains from continuing operations is as follows:

2012 HK\$'000	2011 HK\$'000
23,097	38,511
(44,077)	(25,921)
1,861	1,425
8,968	6,359
(10,151)	20,374
13	19
867	536
880	555
	HK\$'000 23,097 (44,077) 1,861 8,968 (10,151) 13 867

## 6. FINANCE COSTS

82

An analysis of finance costs from continuing operations is as follows:

	Group		
	2012	2011	
	HK\$'000	HK\$'000	
Interest on bank overdrafts and other loans wholly repayable			
within five years	207	707	
Interest on finance leases	20	11	
Imputed interest on convertible bonds	19,253	17,824	
	19,480	18,542	

# 7. LOSS BEFORE TAX

The Group's loss before tax from continuing operations is arrived at after charging/ (crediting):

	2012 HK\$'000	2011 HK\$'000
Cost of inventories sold	23,108	38,901
Depreciation (note 14)	472	734
Research costs*	7,206	9,306
Employee benefit expense (including directors' remuneration (note 8)):		
Wages and salaries	20,323	16,655
Equity-settled share option expenses	4,941	3,142
Retirement benefit scheme contributions**	1,441	972
	26,705	20,769
Minimum lease payments under operating leases:		
Land and buildings	2,846	2,806
Auditors' remuneration	1,200	1,150
Impairment of other receivables	906	-
Impairment of items of property, plant and equipment	17	335
Write-off of items of property, plant and equipment	-	106
Loss on disposal of items of property, plant and equipment	45	-111677
Write-down of inventories to net realisable value	60	221
Foreign exchange differences, net	(54)	(15)

\* Research costs for the year ended 31 March 2012 included wages and salaries of HK\$4,458,000 (2011: HK\$2,402,000), which had been included in the employee benefit expenses disclosed above.

\*\* At 31 March 2012, the Group had no forfeited contributions available to reduce its contributions to the retirement benefit schemes in future years (2011: Nil).

## 8. DIRECTORS' REMUNERATION

Directors' remuneration for the year, disclosed pursuant to the Rules Governing the Listing of Securities (the "Listing Rules") on The Stock Exchange of Hong Kong Limited (the "Stock Exchange") and Section 161 of the Hong Kong Companies Ordinance, is as follows:

	Group		
	2012	2011	
	HK\$'000	HK\$'000	
Fees	400	400	
Other emoluments of executive directors:			
Salaries, allowances and benefits in kind	3,510	4,012	
Equity-settled share option expenses	1,121	1,370	
Pension scheme contributions	176	198	
	4,807	5,580	
	5,207	5,980	

During the year ended 31 March 2012, certain directors were granted share options, in respect of their services to the Group, under the share option scheme of the Company, further details of which are set out in note 32 to the financial statements. The fair value of such options was determined as at the date of grant and the amount recognised in the income statement for the year ended 31 March 2012 was included in the above directors' remuneration disclosures.

84

# 8. DIRECTORS' REMUNERATION (continued)

### (a) Independent non-executive directors

The fees paid to independent non-executive directors during the year were as follows:

	2012 HK\$'000	2011 HK\$'000
Mr. Li Chi Ming	150	150
Mr. Tung Tat Chiu, Michael	150	150
Mr. Wan Ngar Yin, David	100	100
	400	400

There were no other emoluments payable to the independent non-executive directors during the year (2011: Nil).

### (b) Executive directors

	<b>Fees</b> HK\$'000	Salaries, allowances and benefits in kind HK\$'000	Equity- settled share option expenses HK\$'000	Pension scheme contributions HK\$'000	Total remuneration HK\$'000
2012					
Mr. Wong Howard	-	1,950	826	98	2,874
Mr. Wong Yat Fai	-	1,560	295	78	1,933
	-	3,510	1,121	176	4,807
2011					1811
Mr. Wong Howard	-	1,950	685	98	2,733
Mr. Wong Yat Fai	-	1,560	685	78	2,323
Mr. Lam Sai Ho, Anthony	_	502	-	22	524
	-	4,012	1,370	198	5,580

There was no arrangement under which a director waived or agreed to waive any remuneration during the year (2011: Nil).

## 9. FIVE HIGHEST PAID EMPLOYEES

The five highest paid employees during the year included two (2011: two) directors, details of whose remuneration are set out in note 8 above. Details of the remuneration of the remaining three (2011: three) non-director, highest paid employees for the year are as follows:

	Gro	Group		
	2012	2011		
	HK\$'000	HK\$'000		
Salaries, allowances and benefits in kind	2,846	2,493		
Equity-settled share option expenses	1,264	748		
Pension scheme contributions	142	190		
	4,252	3,431		

During the year ended 31 March 2012, share options were granted to three non-director, highest paid employees in respect of their services to the Group under the share option scheme of the Company, further details of which are set out in note 32 to the financial statements. The fair value of such options was determined at the date of grant and the amount recognised in the income statement for the year ended 31 March 2012 was included in the above non-director, five highest paid employees' remuneration disclosures.

The number of non-director, highest paid employees whose remuneration fell within the following bands is as follows:

	Number of employees		
(1999)	2012	2011	
Nil to HK\$1,000,000	1	2	
HK\$1,000,001 to HK\$1,500,000	1	_	
HK\$1,500,001 to HK\$2,000,000	1	1	

86

## **10. INCOME TAX**

No provision for Hong Kong profits tax has been made as the Group had no assessable profits arising in Hong Kong during the year (2011: Nil). No provision for Mainland China corporate income tax has been made as the Group did not generate any assessable profits in Mainland China during the year (2011: Nil).

A reconciliation of the tax credit applicable to loss before tax using the statutory rates for the jurisdictions in which the Company and its subsidiaries are domiciled to the tax position at the effective tax rates, is as follows:

### Group – 2012

Hong Kong HK\$'000	Mainland China HK\$'000	Total HK\$'000
(157,900)	(9,586)	(167,486)
(26,053)	(2,396)	(28,449)
(4,565)	-	(4,565)

## 11. LOSS FOR THE YEAR ATTRIBUTABLE TO OWNERS OF THE PARENT

The consolidated loss attributable to owners of the parent for the year ended 31 March 2012 includes a loss of HK\$109,353,000 (2011: HK\$85,338,000) which has been dealt with in the financial statements of the Company (note 29(b)).

## **12. DISCONTINUED OPERATION**

On 10 August 2010, the Company announced the decision of its board of directors to dispose of the entire interest in GR Vietnam International Limited ("GR Vietnam International"), an indirectly wholly-owned subsidiary of the Company. GR Vietnam International engaged in the convenience store business in Vietnam. The Group decided to cease its convenience store business because it planned to focus its resources on other investment opportunities. The disposal of GR Vietnam International was completed on 12 October 2010.

The results of GR Vietnam International for the period from 1 April 2010 to the date of disposal are presented below:

	Note	2011 HK\$'000
Revenue		5,836
Cost of goods sold		(4,447)
Gross profit		1,389
Other income		630
Selling and distribution expenses		(1,804)
Administrative expenses		(3,730)
Other operating expenses		
Loss before tax from the discontinued operation		(3,515)
Income tax expense		-
Loss for the year from the discontinued operation		(3,515)
Gain on disposal of a subsidiary	30	26,691
		23,176

31 March 2012

# 12. DISCONTINUED OPERATION (continued)

The net cash flows incurred by GR Vietnam International are as follows:

	2011 HK\$'000
Operating activities	(3,214)
Investing activities	(1,528)
Financing activities	3,463
Net cash outflows	(1,279)
Earnings per share: Basic and diluted, from the discontinued operation	HK 0.82 cents

The calculations of basic and diluted earnings per share from the discontinued operation are based on:

	2011
Profit attributable to ordinary equity holders of the parent from the discontinued operation	HK\$23,176,000
Weighted average number of ordinary shares in issue during the	
year used in the basic earnings per share calculation	2,824,643,047

No adjustment has been made to the basic earnings per share amounts from the discontinued operation for the year ended 31 March 2011 in respect of a dilution because the exercise prices of the Company's share options were higher than the average market prices of the shares during that year.

31 March 2012

## 13. LOSS PER SHARE ATTRIBUTABLE TO ORDINARY EQUITY HOLDERS OF THE PARENT

The calculation of the basic loss per share amounts is based on the loss for the year attributable to ordinary equity holders of the parent of HK\$156,601,000 (2011: HK\$46,416,000), and the weighted average number of 2,850,882,501 (2011: 2,824,643,047) ordinary shares in issue during the year.

The calculation of the basic loss per share amounts from continuing operations is based on the loss for the year from continuing operations of HK\$156,601,000 (2011: HK\$69,592,000) and the weighted average number of 2,850,882,501 (2011: 2,824,643,047) ordinary shares in issue during the year.

No adjustment has been made to the basic loss per share amounts presented for the years ended 31 March 2012 and 2011 in respect of a dilution as the share options and the convertible bonds outstanding during the years had an anti-dilutive effect on the basic loss per share amounts presented.

Less: Impairment <sup>#</sup>	(989,281)	(881,690)
	155,693	251,975

## 16. INVESTMENTS IN SUBSIDIARIES (continued)

Balances with subsidiaries are unsecured, interest-free and have no fixed terms of repayment. The carrying amounts of the balances with subsidiaries approximate their fair values.

<sup>#</sup> Impairment losses were recognised during the years ended 31 March 2012 and 2011 due to sustained loss making conditions of these subsidiaries.

Movements in the impairment allowance of investment costs and amounts due from subsidiaries are as follows:

	Company	
	2012	2011
	HK\$'000	HK\$'000
At 1 April	890,742	814,267
Impairment loss recognised	108,361	76,475
At 31 March	999,103	890,742

Particulars of the principal subsidiaries during the year are as follows:

	Place of incorporation	Nominal value of issued ordinary/ registered share	equity. a	centage of /beneficial interests ttributable Company	Principal

### Notes:

96

(i) The balance represented convertible notes with a face value of HK\$62,100,000 issued on 15 June 2006 by Hanny Holdings Limited (the "Hanny Convertible Notes"), a company listed on the Stock Exchange and an independent party of the Group. The Hanny Convertible Notes bore interest at 2% per annum, payable annually in arrears, and were unsecured. The Hanny Convertible Notes were convertible into ordinary shares of Hanny Holdings Limited at HK\$15.83 per share, subject to adjustment, at anytime up to the maturity date of 15 June 2011. The notes matured during the year ended 31 March 2012, and were redeemed at the face value of HK\$62,100,000, together with accrued interest.

31 March 2012

## 17. CONVERTIBLE NOTES AND NOTE RECEIVABLES (continued)

#### Notes: (continued)

(ii) The balance represented convertible notes with a face value of HK\$15,200,000 issued on 13 December 2010 by ABC Communication (Holdings) Limited (the "ABC Convertible Notes"), a company listed on the Stock Exchange and an independent party of the Group. The ABC Convertible Notes bore interest at 4% per annum, payable on maturity and were unsecured. The ABC Convertible Notes were convertible into ordinary shares of ABC Communication (Holdings) Limited at HK\$0.95 per share, subject to adjustment, at anytime up to the maturity date of 13 December 2011. On maturity, the notes were redeemable at the face value of HK\$15,200,000, together with accrued interest.

On 9 January 2012, ABC Communication (Holdings) Limited and the Company entered into the Deed of Amendment, pursuant to which the maturity date of ABC Convertible Notes was extended to 13 September 2012 with an extension fee of HK\$152,000 paid to the Company. The notes (the "ABC Notes") are interest bearing at 4% per annum, payable upon maturity and do not give holder the right to convert into shares of ABC Communication (Holdings) Limited.

As at 31 March 2012, the ABC Notes are neither past due nor impaired. The directors of the Company are of the opinion that no impairment allowance is necessary in respect of the balance as there has not been a significant change in its credit quality, and the balance is considered fully recoverable. The Group does not hold any collateral or other credit enhancements over the ABC Notes.

In the prior year, the fair value of the conversion option derivative was determined by the directors using the binomial option pricing model.

## **18. AVAILABLE-FOR-SALE EQUITY INVESTMENTS**

	2012	2011	
	HK\$'000	HK\$'000	
Listed equity investments, at fair value:			
Hong Kong	495	538	
Elsewhere	14,809	18,274	
	15,304	18,812	

## 18. AVAILABLE-FOR-SALE EQUITY INVESTMENTS (continued)

The above investments consist of investments in equity securities which were designated as available-for-sale financial assets and have no fixed maturity date or coupon rate. The fair values of listed equity investments are based on quoted market prices.

The market value of the Group's available-for-sale equity investments at the date of approval of these financial statements was approximately HK\$16,350,000.

At 31 March 2012 and 2011, the Group did not hold any available-for-sale equity investments with carrying amounts exceeding 10% of the total assets of the Group.

## 19. EQUITY INVESTMENTS AT FAIR VALUE THROUGH PROFIT OR LOSS

	Group	
	<b>2012</b>	
	HK\$'000	HK\$'000
Listed equity investments in Hong Kong,		
at fair value	106,874	159,757

The above equity investments at 31 March 2012 and 2011 were classified as held for trading. The fair values of listed equity investments are based on quoted market prices.

The market value of the Group's equity investments at fair value through profit or loss at the date of approval of these financial statements was approximately HK\$98,250,000.

At 31 March 2012 and 2011, the Group did not hold any equity investments at fair value through profit or loss with carrying amounts exceeding 10% of the total assets of the Group.

31 March 2012

## **20. INVENTORIES**

	Gre	Group	
	2012		
	HK\$'000	HK\$'000	
Raw materials	107	485	
Work in progress	450	578	
Finished goods	617	225	
	1,174	1,288	

## 21. TRADE RECEIVABLES

The Group's trading terms with its customers are mainly on credit, except for new customers, where payment in advance is normally required. The credit period is generally one month, extending to up to two months for major customers. Each customer has a maximum credit limit. The Group seeks to maintain strict control over its outstanding receivables. Overdue balances are regularly reviewed by senior management. There is a significant concentration of credit risk as over 98% (2011: 97%) of the balances represented receivables from two major customers within the electronic products segment. Trade receivables are non-interest-bearing. The carrying amounts of trade receivables approximate their fair values.

An aged analysis of the Group's trade receivables as at the end of the reporting period, based on the invoice date, is as follows:

	Gro	Group	
	2012	2011	
	HK\$'000	HK\$'000	
Within 1 month	3,350	1,937	
1 to 2 months	-	235	
2 to 3 months	-	6	
Over 3 months	-	32	
	3,350	2,210	

## 21. TRADE RECEIVABLES (continued)

An aged analysis of the Group's trade receivables that are not considered to be impaired is as follows:

	Group	
	2012	<b>12</b> 2011
	HK\$'000	HK\$'000
Neither past due nor impaired	3,350	1,937
Less than 1 month past due	-	235
1 to 3 months past due	-	38
	3,350	2,210

Receivables that were neither past due nor impaired relate to customers for which there was no recent history of default. The Group does not hold any collateral or other credit enhancements over these balances.

## 22. PREPAYMENTS, DEPOSITS AND OTHER RECEIVABLES

None of the prepayments and deposits is either past due or impaired.

Included in the provision for impairment of other receivables is a provision for an impaired other receivable of HK\$906,000 (2011: Nil) with a carrying amount of HK\$906,000 (2011: Nil). The Group does not hold any collateral or other credit enhancements over this balance.

The remaining balance of other receivables was neither past due nor impaired and relates to a large number of independent parties for whom there was no recent history of default.

100

# 23. CASH AND CASH EQUIVALENTS AND PLEDGED TIME DEPOSITS

	Gre	oup	Com	pany
	2012	2011	2012	2011
	HK\$'000	HK\$'000	HK\$'000	HK\$'000
Cash and bank balances	49,989	50,707	34,949	2,693
Less: Pledged time deposits for bank overdraft				
facilities (note 33)		(7,335)	-	_
Cash and cash equivalents	49,989	43,372	34,949	2,693

At the end of the reporting period, cash and bank balances of the Group denominated in Renminbi ("RMB") amounted to approximately HK\$979,000 (2011: HK\$3,900,000). The RMB are not freely convertible into other currencies. However, under Mainland China's Foreign Exchange Control Regulations and Administration of Settlement, Sale and Payment of Foreign Exchange Regulations, the Group is permitted to exchange RMB for other currencies through banks authorised to conduct foreign exchange business.

Cash at banks earns interest at floating rates based on daily bank deposit rates. Shortterm time deposits are made for varying periods from one day to one month depending on the immediate cash requirements of the Group, and earn interest at the respective shortterm time deposit rates. The bank balances and pledged deposits are deposited with creditworthy banks with no recent history of default. The carrying amounts of the cash and cash equivalents and the pledged deposits approximate their fair values.

## 24. TRADE PAYABLES

An aged analysis of the Group's trade payables as at the end of the reporting period, based on the invoice date, is as follows:

	Group
	<b>2012</b> 201
	<b>HK\$'000</b> HK\$'00
Within 1 to 2 months	<b>248</b> 65
Over 3 months	<b>120</b> 65
	<b>368</b> 1,30

Trade payables are non-interest-bearing and have a credit period of an average of two months. The carrying amounts of trade payables approximate their fair values.

102

# 25. FINANCE LEASE PAYABLES

The Group leases certain of its property, plant and equipment for its operations. These leases are classified as finance leases and have remaining lease terms of two years. At 31 March 2012, the total future minimum lease payments under finance leases and their present values were as follows:

### Group

			Present value	Present value
			of minimum	of minimum
	Minimum lease	Minimum lease	lease	lease
	payments	payments	payments	payments
	2012	2011	2012	2011
	HK\$'000	HK\$'000	HK\$'000	HK\$'000
Amounts payable:				
Within one year	150	150	140	130
In the second year	87	150	85	140
In the third to fifth years,				
inclusive	-	87	-	85
Total minimum finance				
lease payments	237	387	225	355
Future finance charges	(12)	(32)		17
Total net finance lease payables	225	355		
Portion classified as current liabilities	(140)	(130)		
Non-current portion	85	225		

## 26. CONVERTIBLE BONDS

		Group and	Group and Company	
		<b>2012</b> 2011		
	Note	HK\$'000	HK\$'000	
2010 Convertible Bonds	(i)	161,848	142,595	

Notes:

104

(i) On 1 December 2010, the Company issued a three-year zero-coupon convertible bonds with the face value of HK\$200,000,000 to unrelated third parties (the "2010 Convertible Bonds"). The 2010 Convertible Bonds are convertible at the option of the bondholders into ordinary shares of the Company at anytime following the date of issue of the 2010 Convertible Bonds up to the maturity date on 1 December 2013, at a price of HK\$0.125 per share, subject to adjustments.

The Company may redeem, in whole or in part, the outstanding 2010 Convertible Bonds at a 100% of the principal amount by giving the bondholders not less than seven business days' prior notice during the outstanding period. If redeemed in part, the redemption shall be made in amounts of not less than the multiples of HK\$500,000. On the maturity date, any 2010 Convertible Bonds not converted or redeemed during the tenure will be redeemed by the Company at 100% of the principal amount. There was no conversion or redemption of the 2010 Convertible Bonds during the year ended 31 March 2012 (2011: Nil).

On initial recognition, the fair value of the derivative component of the 2010 Convertible Bonds was estimated at the issuance date using a binomial model. The residual amount was assigned as the liability component. The change in fair value of the derivative component during the year ended 31 March 2012 was recognised in the consolidated income statement.

31 March 2012

## 26. CONVERTIBLE BONDS (continued)

Notes: (continued)

(ii) The movements in the derivative and liability components of 2010 Convertible Bonds were as follows:

	HK\$'000
Nominal value of convertible bonds issued	200,000
Derivative component	(59,220)
Transaction costs related to the liability component	(4,000)
Liability component at the issuance date	136,780
Interest expense	5,815
Liability component at 31 March 2011	142,595
Interest expense	19,253
Liability component at 31 March 2012	161,848
Derivative component at the issuance date	59,220
Fair value gain recognised during the year	(13,680)
Derivative component at 31 March 2011	45,540
Fair value gain recognised during the year	(25,810)
Derivative component at 31 March 2012	19,730

## 27. DEFERRED TAX LIABILITIES

Deferred tax liabilities as at 31 March 2012 of HK\$315,000 (2011: HK\$894,000) were attributable to fair value gains on available-for-sale equity investments.

The Group has tax losses arising in Hong Kong of HK\$881,123,000 (2011: HK\$694,474,000) and in Mainland China of HK\$32,163,000 (2011: HK\$21,154,000) that are available for offsetting against future taxable profits of the companies in which the losses arose. Deferred tax assets have not been recognised in respect of these losses as they have arisen in subsidiaries that have been loss-making for some time and it is not considered probable that taxable profits will be available against which the tax losses can be utilised.

31 March 2012

## 28. SHARE CAPITAL

Sha	ares
-----	------

	2012 HK\$'000	2011 HK\$'000
Authorised: 60,000,000,000 ordinary shares of HK\$0.01 each	600,000	600,000

Note:

106

(i) On 15 March 2012, 564,920,000 shares of HK\$0.01 each were issued at a price of HK\$0.09 per share and net proceeds of HK\$49,823,000 were generated. The proceeds are to be used to fund the research and development of information technology and as general working capital of the Group.

### Share options

Details of the Company's share option scheme and the share options issued under the scheme are included in note 32 to the financial statements.

## 29. RESERVES

### (a) Group

The amounts of the Group's reserves and the movements therein for the current and prior years are presented in the consolidated statement of changes in equity.

The contributed surplus of the Group arose as a result of the Group reorganisation upon listing of the Company's shares in 1994, and represented the difference between the nominal value of the shares of the former holding company of the Group prior to the Group reorganisation, over the nominal value of the Company's shares issued in exchange therefor.

In addition, pursuant to special and ordinary resolutions passed at the special general meeting held on 22 September 2000, the issued and fully paid share capital of the Company was reduced by HK\$448,992,000 through a reduction in the nominal value of the share capital of the Company.

The credit arising as a result of the reduction of the share capital of approximately HK\$448,992,000 was transferred to the contributed surplus.

On 28 July 2005, a capital reorganisation scheme was approved by the shareholders under a special resolution, pursuant to which, every 10 shares of HK\$0.01 each in the issued share capital of the Company were consolidated into one consolidated share of HK\$0.10 and every issued consolidated share was reduced in nominal amount by cancelling HK\$0.09 of the capital paid up for each issued consolidated share so as to form (after the share consolidation) one reorganised share of HK\$0.01. The credit arising from the capital reorganisation of HK\$101,992,000 was transferred to the contributed surplus.
31 March 2012

#### Note:

108

The contributed surplus of the Company arose as a result of the Group reorganisation referred to in (a) above and represents the excess of the then combined net assets of the subsidiaries acquired over the nominal value of the Company's shares issued in exchange therefor.

In addition, the capital reorganisation described in (a) above also resulted in an aggregate credit balance of approximately HK\$550,984,000 being transferred to the Company's contributed surplus.

31 March 2012

Net cash inflow of cash and cash equivalents in respect of the disposal of a subsidiary	32,508

### 31. NOTES TO THE CONSOLIDATED STATEMENT OF CASH FLOWS

#### Major non-cash transactions

In the prior year, the Group entered into finance lease arrangements in respect of property, plant and equipment with a total capital value at the inception of the leases of HK\$407,000.

During the year, the loan portion of the convertible notes of HK\$15,200,000 was transferred to note receivables due to the change of terms of convertible notes.

### **32. SHARE OPTION SCHEME**

The Company operates a share option scheme (the "Scheme") for the purpose of providing incentives and rewards to eligible participants who contribute to the success of the Group's operations. Eligible participants include the Company's directors, including independent non-executive directors, other employees of the Group or any invested entity, suppliers of goods or services to the Group or any invested entity, customers of the Group or any invested entity, shareholders of the Group or any invested entity, holders of securities of the Group or any invested entity, holders of securities of the Group or any invested entity. The Scheme became effective on 27 August 2003 and, unless otherwise cancelled or amended, will remain in force for 10 years from that date.

The maximum number of shares which may be issued upon exercise of all options granted and to be granted under the Scheme is an amount equivalent to 10% of the shares of the Company in issue as at the date of approval of the Scheme unless approval for refreshing the 10% limit from the Company's shareholders has been obtained. The total number of shares of the Company available for issue under the Scheme is 276,464,304 shares as at the date of the annual report. The maximum number of shares issued and to be issued upon exercise of the share options granted to each eligible participant in the Scheme (including exercised, cancelled and outstanding options) within any 12-month period, is limited to 1% of the shares of the Company in issue. Any further grant of share options in excess of this limit is subject to shareholders' approval in a general meeting.

### 32. SHARE OPTION SCHEME (continued)

Under the Scheme, share options granted to a director, chief executive or substantial shareholder of the Company, or to any of their associates are subject to approval in advance by the independent non-executive directors. In addition, any grant of share options to a substantial shareholder or an independent non-executive director of the Company, or to any of their associates, which would result in the shares issued and to be issued upon exercise of all options already granted and to be granted (including options exercised, cancelled and outstanding) to such person in the 12-month period up to and including the date of such grant in excess of 0.1% of the shares of the Company in issue and with an aggregate value (based on the closing price of the Company's shares at the date of grant) in excess of HK\$5,000,000 is subject to shareholders' approval in advance in a general meeting.

The offer of a grant of share options under the Scheme may be accepted within 28 days from the date of offer, upon payment of a nominal consideration of HK\$1 in total by the grantee. The exercise period of the share options granted is determined by the directors, save that such period shall not be more than 10 years from the date of adoption of the Scheme subject to the provisions for early termination set out in the Scheme. Unless otherwise determined by the directors at their sole discretion, there is no requirement of a minimum period for which an option must be held before it can be exercised.

The exercise price of share options granted under the Scheme is determined by the directors, but shall not be less than the highest of (i) the Stock Exchange closing price of the Company's shares on the date of offer of the share options; (ii) the average Stock Exchange closing price of the Company's shares for the five trading days immediately preceding the date of offer; and (iii) the nominal value of a share of the Company on the date of offer.

Share options do not confer rights on the holders to dividends or to vote at shareholders' meetings.

## 32. SHARE OPTION SCHEME (continued)

The following share options were outstanding during the year:

	2012		2011	
	Weighted		Weighted	
	average		average	
	exercise price	Number	exercise price	Number
	per share	of options	per share	of options
	HK\$	'000	HK\$	'000
At 1 April	0.136	154,030	0.136	163,170
Forfeited during the year	-	-	0.136	(9,140)
Lapsed during the year	-	-	-	-
Granted during the year	0.124	169,620	-	_
At 31 March	0.130	323,650	0.136	154,030

The exercise prices and exercise periods of the share options outstanding as at the end of the reporting period are as follows:

Number of options	Exercise price per share*	Exercise period
'000	HK\$	
51,440	0.1362	01/01/2011-30/06/2012
51,270	0.1362	01/07/2011-30/06/2012
51,320	0.1362	01/01/2012-30/06/2012
42,450	0.124	01/01/2012-31/12/2016
42,450	0.124	01/01/2013-31/12/2016
42,380	0.124	01/01/2014-31/12/2016
42,340	0.124	01/01/2015-31/12/2016
323,650		

## 32. SHARE OPTION SCHEME (continued)

#### 2011

Nu	mber of options '000	Exercise price per share* HK\$	Exercise period
	51,440 51,270 51,320	0.1362 0.1362 0.1362	01/01/2010-30/06/2012 01/07/2010-30/06/2012 01/01/2011-30/06/2012
	154,030		

\* The exercise price of the share options is subject to adjustment in case of rights or bonus issues, or other similar changes in the Company's share capital.

The fair value of the equity-settled share options granted during the year ended 31 March 2012 was estimated by Ascent Partners Transaction Services Limited, an independent firm of professionally qualified valuers, using the binomial option pricing model, taking into account the terms and conditions upon which the options were granted. The fair value of the equity-settled share options granted was HK\$11,322,000 of which the Group recognised a share option expense of HK\$4,941,000 during the year ended 31 March 2012 (2011: HK\$3,142,000). The following table lists the inputs to the model used:

Share options granted	18 July 2012	8 September 2012
Dividend yield (%)	N/A	N/A
Expected volatility (%)	96.71	95.336
Risk-free interest rate (%)	1.306	0.784
Share price at grant date (HK\$ per share)	0.12	0.108

The expected volatility reflects the assumption that the historical volatility is indicative of future trends, which may also not necessarily be the actual outcome.

No other feature of the options granted was incorporated into the measurement of fair value.

At the end of the reporting period, the Company had 323,650,000 (2011: 154,030,000) share options outstanding under the Scheme, which represented approximately 9.5% of the Company's shares in issue as at that date. The exercise in full of the share options would, under the present capital structure of the Company, result in the issue of 323,650,000 additional ordinary shares of the Company and additional share capital of HK\$3,237,000 and share premium of HK\$38,775,000 (before issue expenses).

31 March 2012

### 33. PLEDGE OF ASSETS

At 31 March 2011, the Group's banking facilities were secured by the Group's fixed deposits of HK\$7,335,000 (note 23).

### 34. OPERATING LEASE ARRANGEMENTS

The Group leases certain of its properties under operating lease arrangements. Leases for properties are negotiated for terms ranging from one to five years.

At 31 March 2012, the Group had total future minimum lease payments under non-cancellable operating leases falling due as follows:

	Gro	Group		
	2012	2011		
	HK\$'000	HK\$'000		
Within one year	1,915	2,720		
In the second to fifth years, inclusive	352	1,734		
	2,267	4,454		

At the end of the reporting period, the Company had no significant operating lease commitments (2011: Nil).

### **35. COMMITMENTS**

114

At the end of the reporting period, neither the Group nor the Company had any significant commitment (2011: Nil).

31 March 2012

### **36. RELATED PARTY TRANSACTIONS**

The Group considers the directors of the Company to be the key management personnel, whose compensation has been disclosed in note 8 to the financial statements.

### 37. FINANCIAL INSTRUMENTS BY CATEGORY

The carrying amounts of each of the categories of financial instruments as at the end of the reporting period are as follows:

#### Group – 2012

#### **Financial assets**

	Financial assets at fair value through profit or loss – held for trading HK\$'000	Loans and receivables HK\$'000	Available- for-sale financial assets HK\$'000	Total HK\$'000

### 37. FINANCIAL INSTRUMENTS BY CATEGORY (continued)

The carrying amounts of each of the categories of financial instruments as at the end of the reporting period are as follows: (continued)

Group – 2011

#### **Financial liabilities**

fair	Financial liabilities at value through profit or loss HK\$'000	Financial liabilities at amortised cost HK\$'000	Total HK\$'000
Trade payables	_	1,305	1,305
Financial liabilities included in other payables			
and accruals	_	257	257
Finance lease payables	_	355	355
Derivative component of convertible bonds	45,450	_	45,450
Convertible bonds	-	142,595	142,595
	45,450	144,512	189,962

#### Company

All the Company's financial assets as at 31 March 2012 and 2011, including amounts due from subsidiaries, deposits and other receivables, and cash and cash equivalents are categorised as loans and receivables.

All the Company's financial liabilities as at 31 March 2012 and 2011, including amounts due to subsidiaries and convertible bonds, are categorised as financial liabilities at amortised cost, except for the derivative component of convertible bonds which has been categorised as a financial liability at fair value through profit or loss.

31 March 2012

### **38. FAIR VALUE HIERARCHY**

#### Fair value hierarchy

The Group uses the following hierarchy for determining and disclosing the fair values of financial instruments:

- Level 1: fair values measured based on quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: fair values measured based on valuation techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly
- Level 3: fair values measured based on valuation techniques for which any inputs which have a significant effect on the recorded fair value are not based on observable market data (unobservable inputs)

Assets measured at fair value as at 31 March 2012 and 2011:

#### Group

	Level 1 HK\$'000	Level 2 HK\$'000	Level 3 HK\$'000	Total HK\$'000
<b>31 March 2012</b> Available-for-sale equity investments Equity investments at fair value through	15,304	-	-	15,304
profit or loss	106,874	-	-	106,874
	122,178	-	-	122,178

## 38. FAIR VALUE HIERARCHY (continued)

	Level 1 HK\$'000	Level 2 HK\$'000	Level 3 HK\$'000	Total HK\$'000
31 March 2011				
Available-for-sale equity investments	18,812	-	-	18,812
Equity investments at fair value through				
profit or loss	159,757	-	-	159,757
Convertible notes-conversion				
option derivatives	-	390	-	390
	178,569	390	-	178,959

Liabilities measured at fair value as at 31 March 2012 and 2011:

#### **Group and Company**

	Level 1 HK\$'000	<b>Level 2</b> HK\$'000	Level 3 HK\$'000	<b>Total</b> HK\$'000
31 March 2012				
Derivative component of convertible bonds	-	19,730	-	19,730
31 March 2011				
Derivative component of convertible bonds	-	45,540	-	45,540

During the year ended 31 March 2012, there were no transfers of fair value measurements between Level 1 and Level 2 and no transfer into or out of Level 3.

### 39. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's principal financial instruments comprise equity investments, convertible bonds, cash and short term deposits. The main purpose of these financial instruments is to raise finance for the Group's operations. The Group has various other financial assets and liabilities such as trade receivables and trade payables. Details of the major financial instruments and the Group's accounting policies in relation to them are disclosed in note 2.4 to the financial statements.

The main risks arising from the Group's financial instruments are interest rate risk, credit risk, liquidity risk and equity price risk. The board of directors reviews and agrees policies for managing each of these risks and they are summarised below.

#### Interest rate risk

The Group does not have any significant exposure to the risk of changes in market interest rates, and therefore it does not use derivative financial instruments to hedge its debt obligations.

#### **Credit risk**

The Group trades only with recognised and creditworthy third parties. It is the Group's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis and the Group's exposure to bad debts is not significant. The Group reviews the recoverable amount of each individual trade debtor at the end of each reporting period to ensure that adequate impairment losses are made for irrecoverable amounts.

The credit risk of the Group's other financial assets, which comprise cash and cash equivalents, pledged time deposits, available-for-sale equity investments and equity investments at fair value through profit or loss, arises from default of the counterparty, with a maximum exposure equal to the carrying amounts of these instruments.

Since the Group trades only with recognised and creditworthy third parties, there is no requirement for collateral.

31 March 2012

## 39. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

#### Liquidity risk

The Group monitors its risk to a shortage of funds using a recurring liquidity planning tool. This tool considers the maturity of both its financial instruments and financial assets (e.g., trade receivables) and projected cash flows from operations.

The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of the Group's available cash and its available banking facilities.

The maturity profile of the Group's financial liabilities as at the end of the reporting period, based on the contractual undiscounted payments, is as follows:

		Less than	3 to less than	1 to 5	
	On demand HK\$'000	3 months HK\$'000	12 months HK\$'000	years HK\$'000	Total HK\$'000

Due to subsidiaries	7,498	-	-	-	7,498
	7,498	-	-	200,000	207,498

#### Equity price risk

Equity price risk is the risk that the fair values of equity securities decrease as a result of changes in the value of individual securities. The Group is exposed to equity price risk arising from individual equity investments classified as trading equity investments (note 19) and available-for-sale investments (note 18) as at 31 March 2012. The Group's listed investments are listed on the Hong Kong and Singapore stock exchanges and are valued at quoted market prices at the end of the reporting period.

The following table demonstrates the sensitivity to every 5% change in the fair values of the equity investments, with all other variables held constant and before any impact on tax, based on their carrying amounts at the end of the reporting period. For the purpose of this analysis, for the available-for-sale equity investments the impact is deemed to be on the available-for-sale equity investment revaluation reserve and no account is given for factors such as impairment which might impact on the income statement.

31 March 2012

## 39. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

#### **Capital management**

The primary objectives of the Group's capital management are to safeguard the Group's ability to continue as a going concern and to maintain healthy capital ratios in order to support its business and maximise shareholders' value.

The Group manages its capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March 2012 and 2011.

The Group monitors capital on the basis of the debt-to-equity ratio calculated as total debt divided by total equity. The debt-to-equity ratios as at the end of the reporting periods were as follows:

#### Group

	2012 HK\$'000	2011 HK\$'000
Trade payables	368	1,305
Finance lease payables	225	355
Other payables and accruals	8,859	8,543
Liability component of the convertible bonds	161,848	142,595
Total debt	171,300	152,798
Total equity	6,246	120,867
Debt-to-equity ratio	2743%	126%

31 March 2012

## 39. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

#### **Capital management (continued)**

As at 31 March 2012, the debt-to-equity ratio presented a significant increase over last year which was mainly due to the unrealised fair value loss of equity investments at fair value through profit or loss of HK\$98,327,000 resulting from the recent downturn in the stock market. The management is fully aware of this and will monitor this situation very closely and take appropriate actions as and when necessary.

### 40. APPROVAL OF THE FINANCIAL STATEMENTS

The financial statements were approved and authorised for issue by the board of directors on 22 June 2012.
