# Chairman's Statement and Management Discussion and Analysis

I am pleased to report the activities of South China Financial Holdings Limited (the "Company") and its subsidiaries (collectively the "Group") for the year ended 31 December 2013.

## FINANCIAL SUMMARY

The market competition from the banks and Chinese securities firms is keen which continuously drives down the margin of this industry. Together with the demanding compliance requirement from regulators in recent years, the business environment is extremely tough to the brokerage firms. The Group recorded a profit of HK\$1.2 million for the year ended 31 December 2013, representing a drop of 98% when compared with the profit of HK\$56.6 million for the year ended 31 December 2012.

## DIVIDEND

The board of directors of the Company (the "Board") does not recommend the payment of a final dividend for the year ended 31 December 2013 (2012: Nil). No interim dividend was paid during the year ended 31 December 2013 (2012: Nil).

## BUSINESS REVIEW

### Broking, trading and investment

Average daily securities market turnover increased by 16% from HK\$53.9 billion in 2012 to HK\$62.6 billion in 2013. Our revenue of the brokerage business increased at the same pace from HK\$47.8 million to HK\$55.5 million. Operating loss of HK\$26.6 million was recorded for this segment for the year ended 31 December 2013.

Due to the volatility of the stock market, trading and investment recorded a loss of HK\$33 million for the year as compared with a profit of HK\$65.0 million for last year.

### Margin financing and money lending

Our loan and advance portfolio for margin financing and personal loan was HK\$224.0 million as at 31 December 2013 as compared with HK\$208.8 million as at the end of 2012. Revenue increased by 16% from HK\$17.1 million to HK\$19.9 million for the year ended 31 December 2013. Contribution from this segment was HK\$8.9 million including net reversal of impairment of loans of HK\$1.4 million.

### Corporate advisory and underwriting

The Initial Public Offerings ("IPO") market was more active this year. Funds raised through IPO were HK\$166.5 billion in 2013, representing an increase of 85% comparing with HK\$90.0 billion in 2012. Revenue from our corporate advisory and underwriting business increased by 87% from HK\$2.3 million to HK\$4.3 million while the operating loss was reduced from HK\$6.4 million for the year ended 31 December 2012 to HK\$2.9 million for the year ended 31 December 2013.

### Wealth management

This segment was newly set-up last year. Its performance is improving with revenue increased from HK\$1.5 million in 2012 to HK\$3.5 million in 2013. Operating loss of HK\$1.6 million was recorded for the year ended 31 December 2013.

# Chairman's Statement and Management Discussion and Analysis

## Property investment

During 2012, the Group transferred the owner-occupied property to investment property. Most of the floor area was rented out to external third parties this year and rental income of HK\$5.3 million was recorded for the year ended 31 December 2013. In addition, due to the revaluation gain of HK\$72.0 million in 2013, contribution from this segment increased from HK\$31.9 million for the year ended 31 December 2012 to HK\$75.1 million for the year ended 31 December 2013.

## LIQUIDITY AND FINANCIAL RESOURCES

The Group had obtained short term bank credit facilities which were reviewed on a yearly basis and a long term mortgage loan. The facilities for the share margin finance operations were secured by the securities of our margin clients and the Group. The facilities for the money lending operations were clean loans. The outstanding credit facilities were guaranteed by the Company.

As at 31 December 2013, the Group's long term bank borrowings apart from those for share margin finance business and personal loan business amounted to HK\$185.0 million (31 December 2012: HK\$145.2 million), which, when related to the Group's equity of HK\$502.6 million (31 December 2012: HK\$500.6 million), represented a gearing ratio of approximately 36.8% (31 December 2012: 29.0%).

The Group had a cash balance of HK\$102.1 million at the end of the year (31 December 2012: HK\$107.0 million). The Group had sufficient working capital to meet its operational needs.

## EXPOSURE TO FLUCTUATIONS IN EXCHANGE RATES AND RELATED HEDGES

As at 31 December 2013, the Group had no significant exposure to fluctuations in foreign exchange rates and any related hedges.

## CAPITAL STRUCTURE

There was no material change in the Group's capital structure as compared to the most recent published interim report.

## MATERIAL ACQUISITIONS AND DISPOSALS

The Group had no material acquisitions and disposals of subsidiaries and associates for the year ended 31 December 2013.

## CHARGES ON ASSETS

As at 31 December 2013, the Group's investment properties and listed securities were pledged to banks for banking facilities.

## CONTINGENT LIABILITIES

As at 31 December 2013, the Group had no material contingent liabilities.

## INVESTMENTS

For the year ended 31 December 2013, the Group's portfolio of Hong Kong listed securities decreased mainly due to net disposal and the revaluation loss during the year.

# Chairman's Statement and Management Discussion and Analysis

## EMPLOYEES

As at 31 December 2013, the total number of employees of the Group was 181 (31 December 2012: 170). Employee's cost (including directors' emoluments) amounted to approximately HK\$56.6 million for the year (2012: approximately HK\$53 million).

In addition to salary, other fringe benefits such as medical subsidies, life insurance, provident fund and subsidized external training. Continuous professional training will continue to be arranged for those staff registered with the Securities and Futures Commission. Performance of the employees is normally reviewed on an annual basis with adjustment compatible to the market. Individual employee may also receive a discretionary bonus at the end of each year based on performance. Employees may also be granted share options under the share option scheme adopted by the Company.

## PROSPECTS

The overwhelming liquidity in the past years successfully helped many emerging markets escaping from damage. However, many of them are actually facing serious problems of heavy government debts and large current account deficits. Investors grew cautious after the announcement of tapering of quantitative easing program by United States Federal Reserve in November 2013. This has triggered the capital flight from emerging markets. Together with the slower growth and mounting worries about the shadow banking system in China, jittery investors looked for safer investments and caused the plunge in global stock market around the end of January 2014.

Under such a choppy stock market, together with the keen competition in the industry, we do not expect our equities brokerage income can have significant growth in 2014. Diversifying our income sources from other businesses becomes our first priority so as to improve the Group's performance. We shall persist in our strategies of transforming from a traditional local retail brokerage firm to a versatile financial institution.

We have acted as the co-managers in several IPO in the second half year of 2013 and we will keep on putting effort in soliciting more deals in 2014. We have also completed some jobs of acting as independent financial advisors to listed companies in 2013 and some mandates are in the pipeline for 2014. In addition, we are acting as sponsors in some IPO deals. The progress is satisfactory and retainer fees have already been received in 2013. It is expected that our income coming from equity capital market and corporate finance deals will be increasing in 2014. Apart from this, we have participated into the Capital Immigration Entrant Scheme business in order to explore a new source of income.

Regarding the asset management business, we have commenced discretionary accounts business in 2003. Our fund managers charge individual clients management and/or performance fees by managing their securities and commodities accounts opened in their own names. We are planning to launch an option fund. We are now in the process of building track records via the discretionary accounts services to clients. These track records can then assist us to solicit seeding capital to start up the option fund.

Meanwhile, our wealth management department will further increase the number of quality consultants and distribution channels. By selling products from other financial institutions, we hope that wealth management business can become another stable stream of income to our Group in the future.

The Company is committed to the establishment of good corporate governance practices and procedures. The corporate governance principles of the Company emphasize accountability and transparency to the shareholders. Periodic review will be made to the corporate governance practices to comply with the regulatory requirements.

## **CORPORATE GOVERNANCE CODE**

The Company had complied with all the code provisions as set out in the Corporate Governance Code (the “CG Code”) contained in Appendix 14 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “Listing Rules”) throughout the year ended 31 December 2013 except that Mr. Ng Hung Sang, the Chairman and an Executive Director of the Company, was unable to attend the annual general meeting of the Company held on 4 June 2013 since he had other business engagements, which deviated from code provision E.1.2.

## **BOARD COMPOSITION AND BOARD PRACTICES**

As at 31 December 2013, the Board consisted of 8 Directors, including five Executive Directors, who are the Chairman (Mr. Ng Hung Sang), three Vice-chairmen and the Chief Executive Officer (Mr. Chan Hing Wah), and three Independent Non-executive Directors. Not less than one-third of the Board is Independent Non-executive Directors. Directors’ biographies and relevant relationships amongst them are set out in the Directors’ Biographical Details on pages 7 to 8 of this Annual Report.

The Board composition is regularly reviewed to ensure that it has a balance of skills and experience appropriate for the requirement of the business of the Group. A balanced composition of Executive Directors and Non-executive Directors is maintained to ensure independence and effective management. The Company has satisfied the relevant provision of the Listing Rules in having at least one of the Independent Non-executive Directors with appropriate professional qualifications or accounting or related financial management expertise.

The appointment of Directors is recommended by the Remuneration and Nomination Committee and approved by the Board based on a formal written procedure and policy for the appointment of new directors. When selecting potential candidates for directors, their skills, experience, expertise, devotion of time and conflicts of interests are the key factors.

All Directors of the Company are subject to retirement by rotation at least once every three years in accordance with the Company’s articles of association.

The Board is collectively responsible for the formulation of the Group’s strategy, overseeing the management of the business and affairs of the Group.

Daily operation and management of the business of the Group, inter alia, the implementation of strategies are delegated to the Executive Committee, comprising all Executive Directors. They report periodically to the Board their work and business decisions.

The roles of Chairman and Chief Executive Officer are separate and are clearly defined. Such roles are performed by different individuals with a view to reinforcing independence and accountability. Key and important decisions are fully discussed at board meetings.

All Directors have been fully consulted about any matters proposed for inclusion in the agenda of regular meetings. The Chairman has delegated the responsibility for drawing up the agenda for each board meeting to the Company Secretary. With the assistance of the Executive Directors and the Company Secretary, the Chairman seeks to ensure that all Directors are properly briefed on issues arising at board meetings and have received adequate and reliable information in a timely manner.

# Corporate Governance Report

The Board held five meetings in 2013:

	<b>Attendance</b>
<b>Executive Directors</b>	
Ng Hung Sang (Chairman)	2/5

Notice of at least fourteen days are given to Directors for regular meetings, while Board papers are sent to Directors not less than three days before the intended date of a board or board committee meeting. With respect to other meetings, Directors are given as much notice as is reasonable and practicable in the circumstances. Directors can attend meetings in person or through other means of electronic communication in accordance with the articles of association of the Company. The Company Secretary ensures that the procedure and all applicable rules and regulations are complied with. Minutes of board meetings and meetings of board committees are kept by the Company Secretary and are available for inspection at any time on reasonable notice by any Director.

Directors have full access to information on the Group and are able to obtain independent professional advice whenever they deem necessary. Memorandums are issued to Directors from time to time to update them with legal and regulatory changes and matters of relevance to Directors in the discharge of their duties.

## **MODEL CODE FOR SECURITIES TRANSACTIONS**

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers as set out in Appendix 10 of the Listing Rules (the "Model Code") as its code of conduct regarding the directors' securities transaction. In addition, the Board has established similar guidelines for relevant employees who are likely to possess inside information in relation to the Group or its securities.

All Directors of the Company have confirmed, following specific enquiry by the Company, their compliance with the required standard set out in the Model Code regarding securities transactions by Directors throughout the year ended 31 December 2013.

## **INTERNAL CONTROL**

Recognizing that a well-designed and effective system of internal control is crucial to safeguard the assets of the Company and the shareholders' investment and to ensure the reliability of financial reporting as well as compliance with the relevant requirement of the Listing Rules, a team, comprising qualified accountants, has been organized to carry out the internal audit function of the Company (the "IA Team").

Based on the assessment of risk exposure, the IA Team formulates audit plans half-yearly and ensures that the audit programs cover key internal control areas of key operating subsidiaries on a rotational basis for the review by the Audit Committee at a regular interval. The scopes and timing of audit review is usually determined according to risk assessment.

Special reviews may also be performed on areas of concern identified by management or the Audit Committee from time to time. Communication channel has been established between the IA Team and the Audit Committee members.

The IA Team monitors the internal control procedures and systems of the Group, reports findings and makes recommendations, if any, to Audit Committee at a regular interval. During the year, Foreign Account Tax Compliance Act, Code of Conduct on Electronic Trading and retail branch operations were reviewed and addressed in the internal control reports which were presented by the IA Team to the Audit Committee and the Board for review.

## **RESPONSIBILITY FOR THE FINANCIAL STATEMENTS**

Directors acknowledge their responsibility for preparing the financial statements of the Group and ensure that the preparation of the financial statements of the Group is in accordance with statutory requirements and applicable accounting standards.

The statement of the Auditors of the Company about their reporting responsibilities on the financial statements of the Group is set out in the Independent Auditors' Report on pages 21 and 22 of this Annual Report.

## **AUDITORS' REMUNERATION**

For the year ended 31 December 2013, the Auditors of the Company received approximately HK\$1,038,000 for audit service provided to the Company. No non-audit services were provided by the Auditors in 2013.

## **CONTINUOUS PROFESSIONAL DEVELOPMENT FOR DIRECTORS**

Directors must keep abreast of their collective responsibilities. Each newly appointed Director receives an induction package covering the Group's businesses and the statutory and regulatory obligations of a director of a listed company.

Apart from updates on regulatory changes and governance developments provided by the Company, Directors are encouraged to participate in professional training and seminars to develop and refresh their knowledge and skills. A training record has been devised to record the training Directors have undertaken.

## AUDIT COMMITTEE

The Audit Committee consists of all Independent Non-executive Directors, Mr. Tung Woon Cheung Eric (Chairman of the Committee), Mrs. Tse Wong Siu Yin Elizabeth and Hon. Raymond Arthur William Sears, Q.C.

The principal duties of the Audit Committee, in accordance with its terms of reference, which are substantially the same as those under the CG Code, include the review of the Group's financial reporting system and internal control procedures, review of financial information of the Group and review of the relationship with the Auditors of the Group. The Audit Committee has also been delegated by the Board to be responsible for performing the corporate governance duties under the CG Code.

The Audit Committee held three meetings in 2013 in which representatives of the management were present to review the interim and final results, the interim report and annual report and other financial, internal control and corporate governance matters. The Group's Auditors were present in two of the meetings.

	Attendance
Tung Woon Cheung Eric	3/3
Tse Wong Siu Yin Elizabeth	3/3
Raymond Arthur William Sears, Q.C.	3/3

The Audit Committee reviewed the Group's annual results for the year ended 31 December 2013, the internal control system and the corporate governance policy.

## REMUNERATION AND NOMINATION COMMITTEE

The Remuneration and Nomination Committee was set up on 27 March 2012 to replace the original Remuneration Committee for performing both remuneration and nomination functions under the CG Code. It consists of all the Independent Non-executive Directors, namely Mrs. Tse Wong Siu Yin Elizabeth (Chairman of the Committee), Hon. Raymond Arthur William Sears, Q.C. and Mr. Tung Woon Cheung Eric.

The principal duties of the Remuneration and Nomination Committee, in accordance with its terms of reference, which are substantially the same as those under the CG Code, include the review on the structure and composition of the Board, identification of suitably qualified Board candidates, and review of the remuneration of Directors and senior management and make recommendations to the Board on the remuneration policy and structure.

The Remuneration and Nomination Committee met once in 2013 and the attendance record is set out below:

	<b>Attendance</b>
Tse Wong Siu Yin Elizabeth	1 / 1
Raymond Arthur William Sears, Q.C.	1 / 1
Tung Woon Cheung Eric	1 / 1

The Remuneration and Nomination reviewed the policies for the remuneration of Executive Directors, including basic salaries, discretionary performance bonus and other emoluments, based on skills, knowledge, involvement in the Company's affairs and performance of the individual Executive Director with reference to the Company's performance and profitability, as well as industry practice. Directors' fees for all Directors are subject to shareholders' approval at general meeting. Reimbursement is allowed for out-of-pocket expenses incurred in connection with the performance of their duties including attendance at board meetings and committee meetings.

The Remuneration and Nomination Committee reviewed the structure, size and composition of the Board, adopted a formal written procedure and policy for the appointment of new directors, assessed the independence of Independent Non-executive Directors and made recommendations to the Board on the appointment and re-appointment of Directors.

## SHAREHOLDERS' RIGHTS

Information is communicated to the shareholders mainly through the Company's corporate communications (such as interim and annual reports, announcements and circulars), annual general meetings and other general meetings, as well as disclosures on the website of the Company.

Interim reports, annual reports and circulars are sent to the shareholders in a timely manner and are available on the website of the Company. The Company's website provides shareholders with the corporate information of the Group.

Shareholders are provided with contact details of the Company to enable them to make enquiries with respect to the Company's affairs. Shareholders can also send their enquiries to the Company through these channels or contact Union Registrars Limited, the share registrar of the Company, in case of enquiries about shareholdings.

## Corporate Governance Report

The annual general meeting of the Company (“AGM”) allows the Directors to meet and communicate with shareholders. The Company ensures that shareholders’ views are communicated to the Board. The chairman of the AGM proposes separate resolutions for each issue to be considered. Members of the Audit Committee and the Remuneration and Nomination Committee and the external auditor also attend the AGM to answer questions from shareholders. AGM proceedings are reviewed from time to time to ensure that the Company follows good corporate governance practices. The notice of AGM is distributed to all shareholders at least 20 clear business days prior to the AGM. The accompanying circular sets out the details of each proposed resolution and other relevant information as required under the Listing Rules. Voting results are posted on the Company’s website on the day of the AGM.

Shareholder(s) holding at least 5% of the total voting rights of all the shareholders of the Company can make a request to convene a general meeting pursuant to Section 566 of the Companies Ordinance of Hong Kong, Chapter 622 (the “Ordinance”). The request must state the general nature of the business to be dealt with at the meeting, and may be sent to the Company in hard copy form or in electronic form and must be authenticated by the person or persons making it. Besides, Section 580 of the Ordinance provides that (i) shareholder(s) representing at least 2.5% of the total voting rights of all shareholders of the Company or (ii) at least 50 shareholders can request the Company to circulate a statement, which may be sent to the Company in hard copy form or in electronic form, and must be authenticated by the person or persons making it and received by the Company at least 7 days before the general meeting to which it relates.

# Independent Auditors' Report

## **To the shareholders of South China Financial Holdings Limited**

*(Incorporated in Hong Kong with limited liability)*

We have audited the consolidated financial statements of South China Financial Holdings Limited (the “Company”) and its subsidiaries (together, the “Group”) set out on pages 23 to 99, which comprise the consolidated and company statements of financial position as at 31 December 2013, and the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

## **DIRECTORS' RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS**

The directors of the Company are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants and the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

## **AUDITORS' RESPONSIBILITY**

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. Our report is made solely to you, as a body, in accordance with Section 141 of the Hong Kong Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation of consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## 1. CORPORATE INFORMATION

South China Financial Holdings Limited is a limited liability company incorporated in Hong Kong. The registered office of the Company is located at 28th Floor, Bank of China Tower, 1 Garden Road, Central, Hong Kong.

During the year, the Group was involved in the following principal activities:

- securities, commodities, bullion and forex broking and trading
- margin financing and money lending
- provision of corporate advisory and underwriting services
- wealth management
- property investment
- investment holding

## 2.1 BASIS OF PREPARATION

These financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) (which include all Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards (“HKASs”) and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”), accounting principles generally accepted in Hong Kong and the Hong Kong Companies Ordinance. They have been prepared under the historical cost convention, except for investment properties, available-for-sale investments and financial assets at fair value through profit or loss which have been measured at fair value. These financial statements are presented in Hong Kong dollars and all values are rounded to the nearest thousand except when otherwise indicated.

### Basis of consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries (collectively referred to as the “Group”) for the year ended 31 December 2013. The financial statements of the subsidiaries are prepared for the same reporting period as the Company, using consistent accounting policies. The results of subsidiaries are consolidated from the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Profit or loss and each component of other comprehensive income are attributed to the owners of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control described in the accounting policy for subsidiaries below. A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

# Notes to Financial Statements

31 December 2013

## 2.1 BASIS OF PREPARATION (Continued)

If the Group loses control over a subsidiary, it derecognises (i) the assets (including goodwill) and liabilities of the subsidiary, (ii) the carrying amount of any non-controlling interest and (iii) the cumulative translation differences recorded in equity; and recognises (i) the fair value of the consideration received, (ii) the fair value of any investment retained and (iii) any resulting surplus or deficit in profit or loss. The Group's share of components previously recognised in other comprehensive income is reclassified to profit or loss or retained profits, as appropriate, on the same basis as would be required if the Group had directly disposed of the related assets or liabilities.

## 2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES

The Group has adopted the following new and revised HKFRSs for the first time for the current year's financial statements.

HKFRS 1 Amendments	Amendments to HKFRS 1 First-time Adoption of Hong Kong Financial Reporting Standards – Government Loans
HKFRS 7 Amendments	Amendments to HKFRS 7 Financial Instruments: Disclosures – Offsetting Financial Assets and Financial Liabilities
HKFRS 10	Consolidated Financial Statements
HKFRS 11	Joint Arrangements
HKFRS 12	Disclosure of Interests in Other Entities
HKFRS 10, HKFRS 11 and HKFRS 12 Amendments	Amendments to HKFRS 10, HKFRS 11 and HKFRS 12 – Transition Guidance
HKFRS 13	Fair Value Measurement
HKAS 1 Amendments	Amendments to HKAS 1 Presentation of Financial Statements – Presentation of Items of Other Comprehensive Income
HKAS 19 (2011)	Employee Benefits
HKAS 27 (2011)	Separate Financial Statements
HKAS 28 (2011)	Investments in Associates and Joint Ventures
HK(IFRIC)-Int 20	Stripping Costs in the Production Phase of a Surface Mine
Annual Improvements 2009-2011 Cycle	Amendments to a number of HKFRSs issued in June 2012

Other than as further explained below regarding the impact of HKFRS 10, HKFRS 12, HKFRS 13 and amendments to HKFRS 10, HKFRS 11, HKFRS 12 and HKAS 1, the adoption of the new and revised HKFRSs has had no significant financial effect on these financial statements.

The principal effects of adopting these new and revised HKFRSs are as follows:

- (a) HKFRS 10 replaces the portion of HKAS 27 *Consolidated and Separate Financial Statements* that addresses the accounting for consolidated financial statements and addresses the issues in HK(SIC)-Int 12 *Consolidation – Special Purpose Entities*. It establishes a single control model used for determining which entities are consolidated. To meet the definition of control in HKFRS 10, an investor must have (a) power over an investee, (b) exposure, or rights, to variable returns from its involvement with the investee, and (c) the ability to use its power over the investee to affect the amount of the investor's returns. The changes introduced by HKFRS 10 require management of the Group to exercise significant judgement to determine which entities are controlled.

The application of HKFRS 10 does not change any of the consolidation conclusions of the Group in respect of its involvement with investees as at 1 January 2013.

**2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES** *(Continued)*

- (b) HKFRS 12 sets out the disclosure requirements for subsidiaries, joint arrangements, associates and structured entities previously included in HKAS 27 *Consolidated and Separate Financial Statements*, HKAS 31 *Interests in Joint Ventures* and HKAS 28 *Investments in Associates*. It also introduces a number of new disclosure requirements for these entities. Details of the disclosures for subsidiaries and associates are included in notes 17 and 18 to the financial statements.
- (c) The HKFRS 10, HKFRS 11 and HKFRS 12 Amendments clarify the transition guidance in HKFRS 10 and provide further relief from full retrospective application of these standards, limiting the requirement to provide adjusted comparative information to only the preceding comparative period. The amendments clarify that retrospective adjustments are only required if the consolidation conclusion as to which entities are controlled by the Group is different between HKFRS 10 and HKAS 27 or HK(SIC)-Int 12 at the beginning of the annual period in which HKFRS 10 is applied for the first time.
- (d) HKFRS 13 provides a precise definition of fair value and a single source of fair value measurement and disclosure requirements for use across HKFRSs. The standard does not change the circumstances in which the Group is required to use fair value, but rather provides guidance on how fair value should be applied where its use is already required or permitted under other HKFRSs. HKFRS 13 is applied prospectively and the adoption has had no material impact on the Group's fair value measurements. As a result of the guidance in HKFRS 13, the policies for measuring fair value have been amended. Additional disclosures required by HKFRS 13 for the fair value measurements of investment properties and financial instruments are included in notes 14 and 42 to the financial statements.
- (e) The HKAS 1 Amendments change the grouping of items presented in other comprehensive income ("OCI"). Items that could be reclassified (or recycled) to profit or loss at a future point in time (for example, exchange differences on translation of foreign operations, net movement on cash flow hedges and net loss or gain on available-for-sale financial assets) are presented separately from items which will never be reclassified (for example, the revaluation of land and buildings). The amendments have affected the presentation only and have had no impact on the financial position or performance of the Group. The consolidated statement of comprehensive income has been restated to reflect the changes. In addition, the Group has chosen to use the new title "statement of profit or loss" as introduced by the amendments in these financial statements.

### 2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS

The Group has not applied the following new and revised HKFRSs, that have been issued but are not yet effective, in these financial statements.

HKFRS 9	Financial Instruments <sup>4</sup>
HKFRS 9, HKFRS 7 and HKAS 39 Amendments	Hedge Accounting and amendments to HKFRS 9, HKFRS 7 and HKAS 39 <sup>4</sup>
HKFRS 10, HKFRS 12 and HKAS 27 (2011) Amendments	Amendments to HKFRS 10, HKFRS 12 and HKAS 27 (2011) – Investment Entities <sup>1</sup>
HKFRS 14	Regulatory Deferral Accounts <sup>3</sup>
HKAS 19 Amendments	Amendments to HKAS 19 Employee Benefits – Defined Benefit Plans: Employee Contributions <sup>2</sup>
HKAS 32 Amendments	Amendments to HKAS 32 Financial Instruments: Presentation – Offsetting Financial Assets and Financial Liabilities <sup>1</sup>
HKAS 36 Amendments	Amendments to HKAS 36 Impairment of Assets – Recoverable Amount Disclosures for Non-Financial Assets <sup>1</sup>
HKAS 39 Amendments	Amendments to HKAS 39 Financial Instruments: Recognition and Measurement – Novation of Derivatives and Continuation of Hedge Accounting <sup>1</sup>
HK(IFRIC)-Int 21 Annual Improvements 2010-2012 Cycle	Levies <sup>1</sup> Amendment to a number of HKFRSs issued in January 2014 <sup>3</sup>
Annual Improvements to 2011-2013 Cycle	Amendments to a number of HKFRSs issued in January 2014 <sup>3</sup>

<sup>1</sup> Effective for annual periods beginning on or after 1 January 2014

<sup>2</sup> Effective for annual periods beginning on or after 1 July 2014

<sup>3</sup> Effective for annual periods beginning on or after 1 January 2016

<sup>4</sup> No mandatory effective date yet determined but is available for adoption

Further information about those HKFRSs that are expected to be applicable to the Group is as follows:

HKFRS 9 issued in November 2009 is the first part of phase 1 of a comprehensive project to entirely replace HKAS 39 *Financial Instruments: Recognition and Measurement*. This phase focuses on the classification and measurement of financial assets. Instead of classifying financial assets into four categories, an entity shall classify financial assets as subsequently measured at either amortised cost or fair value, on the basis of both the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets. This aims to improve and simplify the approach for the classification and measurement of financial assets compared with the requirements of HKAS 39.

In November 2010, the HKICPA issued additions to HKFRS 9 to address financial liabilities (the "Additions") and incorporated in HKFRS 9 the current derecognition principles of financial instruments of HKAS 39. Most of the Additions were carried forward unchanged from HKAS 39, while changes were made to the measurement of financial liabilities designated as at fair value through profit or loss using the fair value option ("FVO"). For these FVO liabilities, the amount of change in the fair value of a liability that is attributable to changes in credit risk must be presented in OCI. The remainder of the change in fair value is presented in profit or loss, unless presentation of the fair value change in respect of the liability's credit risk in OCI would create or enlarge an accounting mismatch in profit or loss. However, loan commitments and financial guarantee contracts which have been designated under the FVO are scoped out of the Additions.

## 2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS *(Continued)*

In December 2013, the HKICPA added to HKFRS 9 the requirements related to hedge accounting and made some related changes to HKAS 39 and HKFRS 7 which include the corresponding disclosures about risk management activity for applying hedge accounting. The amendments to HKFRS 9 relax the requirements for assessing hedge effectiveness which result in more risk management strategies being eligible for hedge accounting. The amendments also allow greater flexibility on the hedged items and relax the rules on using purchased options and non-derivative financial instruments as hedging instruments. In addition, the amendments to HKFRS 9 allow an entity to apply only the improved accounting for own credit risk-related fair value gains and losses arising on FVO liabilities as introduced in 2010 without applying the other HKFRS 9 requirements at the same time.

HKAS 39 is aimed to be replaced by HKFRS 9 in its entirety. Before this entire replacement, the guidance in HKAS 39 on impairment of financial assets continues to apply. The previous mandatory effective date of HKFRS 9 was removed by the HKICPA in December 2013 and a mandatory effective date will be determined after the entire replacement of HKAS 39 is completed. However, the standard is available for application now. The Group will quantify the effect in conjunction with other phases, when the final standard including all phases is issued.

Amendments to HKFRS 10 include a definition of an investment entity and provide an exception to the consolidation requirement for entities that meet the definition of an investment entity. Investment entities are required to account for subsidiaries at fair value through profit or loss in accordance with HKFRS 9 rather than consolidate them. Consequential amendments were made to HKFRS 12 and HKAS 27 (2011). The amendments to HKFRS 12 also set out the disclosure requirements for investment entities. The Group expects that these amendments will not have any impact on the Group as the Company is not an investment entity as defined in HKFRS 10.

The HKAS 32 Amendments clarify the meaning of “currently has a legally enforceable right to set off” for offsetting financial assets and financial liabilities. The amendments also clarify the application of the offsetting criteria in HKAS 32 to settlement systems (such as central clearing house systems) which apply gross settlement mechanisms that are not simultaneous. The amendments are not expected to have any impact on the financial position or performance of the Group upon adoption on 1 January 2014.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Subsidiaries

A subsidiary is an entity (including a structured entity), directly or indirectly, controlled by the Company. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee (i.e., existing rights that give the Group the current ability to direct the relevant activities of the investee).

# Notes to Financial Statements

31 December 2013

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

### **Subsidiaries** *(Continued)*

When the Company has, directly or indirectly, less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- (a) the contractual arrangement with the other vote holders of the investee;
- (b) rights arising from other contractual arrangements; and
- (c) the Group's voting rights and potential voting rights.

The results of subsidiaries are included in the Company's statement of profit or loss to the extent of dividends received and receivable. The Company's investments in subsidiaries are stated at cost less any impairment losses.

### **Investments in associates**

An associate is an entity in which the Group has a long term interest of generally not less than 20% of the equity voting rights and over which it is in a position to exercise significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

The Group's investments in associates are stated in the consolidated statement of financial position at the Group's share of net assets under the equity method of accounting, less any impairment losses.

The Group's share of the post-acquisition results and other comprehensive income of associates is included in the consolidated statement of profit or loss and consolidated other comprehensive income, respectively. In addition, when there has been a change recognised directly in the equity of the associate, the Group recognises its share of any changes, when applicable, in the consolidated statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and its associates are eliminated to the extent of the Group's investments in the associates, except where unrealised losses provide evidence of an impairment of the asset transferred.

The results of associates are included in the Company's statement of profit or loss to the extent of dividends received and receivable. The Company's investments in associates are treated as non-current assets and are stated at cost less any impairment losses.

### **Fair value measurement**

The Group measures its investment properties and equity investments at fair value at the end of each reporting period. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

### **Fair value measurement** *(Continued)*

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – based on quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 – based on valuation techniques for which the lowest level input that is significant to the fair value measurement is observable, either directly or indirectly

Level 3 – based on valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

### **Impairment of non-financial assets**

Where an indication of impairment exists, or when annual impairment testing for an asset is required (other than investment properties), the asset's recoverable amount is estimated. An asset's recoverable amount is the higher of the asset's or cash-generating unit's value in use and its fair value less costs of disposal, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case the recoverable amount is determined for the cash-generating unit to which the asset belongs.

An impairment loss is recognised only if the carrying amount of an asset exceeds its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. An impairment loss is charged to the statement of profit or loss in the period in which it arises in those expense categories consistent with the function of the impaired asset.

An assessment is made at the end of each reporting period as to whether there is an indication that previously recognised impairment losses may no longer exist or may have decreased. If such an indication exists, the recoverable amount is estimated. A previously recognised impairment loss of an asset is reversed only if there has been a change in the estimates used to determine the recoverable amount of that asset, but not to an amount higher than the carrying amount that would have been determined (net of any depreciation/amortisation) had no impairment loss been recognised for the asset in prior years. A reversal of such an impairment loss is credited to the statement of profit or loss in the period in which it arises.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

### **Related parties**

A party is considered to be related to the Group if:

- (a) the party is a person or a close member of that person's family and that person
  - (i) has control or joint control over the Group;
  - (ii) has significant influence over the Group; or
  - (iii) is a member of the key management personnel of the Group or of a parent of the Group;

or

- (b) the party is an entity where any of the following conditions applies:
  - (i) the entity and the Group are members of the same group;
  - (ii) one entity is an associate or joint venture of the other entity (or of a parent, subsidiary or fellow subsidiary of the other entity);
  - (iii) the entity and the Group are joint ventures of the same third party;
  - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
  - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group;
  - (vi) the entity is controlled or jointly controlled by a person identified in (a); and
  - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

### **Property, plant and equipment and depreciation**

Property, plant and equipment are stated at cost less accumulated depreciation and any impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use.

Expenditure incurred after items of property, plant and equipment have been put into operation, such as repairs and maintenance, is normally charged to the statement of profit or loss in the period in which it is incurred. In situations where the recognition criteria are satisfied, the expenditure for a major inspection is capitalised in the carrying amount of the asset as a replacement. Where significant parts of property, plant and equipment are required to be replaced at intervals, the Group recognises such parts as individual assets with specific useful lives and depreciates them accordingly.

**2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** *(Continued)***Property, plant and equipment and depreciation** *(Continued)*

Depreciation is calculated on the straight-line basis to write off the cost of each item of property, plant and equipment to its residual value over its estimated useful life. The principal annual rates used for this purpose are as follows:

Leasehold land and building	2%
Leasehold improvements	Over the lease terms
Furniture and equipment	10% to 25%
Motor vehicles	20%

Where parts of an item of property, plant and equipment have different useful lives, the cost of that item is allocated on a reasonable basis among the parts and each part is depreciated separately. Residual values, useful lives and the depreciation method are reviewed, and adjusted if appropriate, at least at each financial year end.

An item of property, plant and equipment including any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on disposal or retirement recognised in the statement of profit or loss in the year the asset is derecognised is the difference between the net sales proceeds and the carrying amount of the relevant asset.

**Investment properties**

Investment properties are interests in land and buildings held to earn rental income and/or for capital appreciation, rather than for use in the production or supply of goods or services or for administrative purposes; or for sale in the ordinary course of business. Such properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at fair value, which reflects market conditions at the end of the reporting period.

Gains or losses arising from changes in the fair values of investment properties are included in the statement of profit or loss in the year in which they arise.

Any gains or losses on the retirement or disposal of an investment property are recognised in the statement of profit or loss in the year of the retirement or disposal.

**Intangible assets**

Intangible assets acquired separately are measured on initial recognition at cost.

Intangible assets with indefinite useful lives are tested for impairment annually either individually or at the cash-generating unit level. Such intangible assets are not amortised. The useful life of an intangible asset with an indefinite life is reviewed annually to determine whether indefinite life assessment continues to be supportable. If not, the change in the useful life assessment from indefinite to finite is accounted for on a prospective basis.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

### Leases

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date: whether the fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset.

#### (I) GROUP AS A LESSEE

Rentals payable under the operating leases net of any incentives received from the lessor are charged to the statement of profit or loss on the straight-line basis over the lease term. Prepaid land lease payments under operating leases are initially stated at cost and subsequently recognised on the straight-line basis over the lease terms. When the lease payments cannot be allocated reliably between the land and buildings elements, the entire lease payments are included in the cost of the land and buildings as a finance lease in property, plant and equipment.

#### (II) GROUP AS A LESSOR

Leases where the Group retains substantially all the risks and benefits of ownership of the asset are classified as operating leases. The Group leases out its investment properties as operating leases, thus generating rental income.

The amounts due from the lessees under finance leases are recorded in the consolidated statement of financial position as "Loans receivables". The amount comprises the gross investment in the finance leases less gross earnings allocated to future accounting periods. The total gross earnings under finance leases are allocated to the accounting periods over the duration of the underlying agreements so as to produce an approximately constant periodic rate of return on the net cash investment for each accounting period.

### Investments and other financial assets

#### INITIAL RECOGNITION AND MEASUREMENT

Financial assets are classified, at initial recognition, as financial assets at fair value through profit or loss, loans and receivables, and available-for-sale financial investments, as appropriate. When financial assets are recognised initially, they are measured at fair value plus transaction costs that are attributable to the acquisition of the financial assets, except in the case of financial assets recorded at fair value through profit or loss.

All regular way purchases and sales of financial assets are recognised on the trade date, that is, the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

### Investments and other financial assets *(Continued)*

#### SUBSEQUENT MEASUREMENT

The subsequent measurement of financial assets depends on their classification as follows:

#### FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS

Financial assets at fair value through profit or loss include financial assets held for trading. Financial assets are classified as held for trading if they are acquired for the purpose of sale in the near term. Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with positive net changes in fair value presented in the statement of profit or loss. These net fair value changes do not include any dividends earned on these financial assets, which are recognised in accordance with the policy set out for “Revenue recognition” below.

Financial assets designated upon initial recognition as at fair value through profit or loss are designated at the date of initial recognition and only if the criteria in HKAS 39 are satisfied.

#### LOANS AND RECEIVABLES

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial measurement, such assets are subsequently measured at amortised cost using the effective interest rate method less any allowance for impairment. Amortised cost is calculated by taking into account any discount or premium on acquisition and includes fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included in other income in the statement of profit or loss. The loss arising from impairment is recognised in the statement of profit or loss in finance costs for loans and in other operating expenses for receivables.

#### AVAILABLE-FOR-SALE FINANCIAL INVESTMENTS

Available-for-sale financial investments are non-derivative financial assets in listed and unlisted equity investments and debt securities. Equity investments classified as available for sale are those which are neither classified as held for trading nor designated as at fair value through profit or loss. Debt securities in this category are those which are intended to be held for an indefinite period of time and which may be sold in response to needs for liquidity or in response to changes in market conditions.

After initial recognition, available-for-sale financial investments are subsequently measured at fair value, with unrealised gains or losses recognised as other comprehensive income in the available-for-sale investment revaluation reserve until the investment is derecognised, at which time the cumulative gain or loss is recognised in the statement of profit or loss in other income, or until the investment is determined to be impaired, when the cumulative gain or loss is reclassified from the available-for-sale investment revaluation reserve to the statement of profit or loss as “Impairment of available-for-sale investments”. Interest and dividends earned whilst holding the available-for-sale financial investments are reported as interest income and dividend income, respectively and are recognised in the statement of profit or loss as other income in accordance with the policies set out for “Revenue recognition” below.

When the fair value of unlisted equity investments cannot be reliably measured because (a) the variability in the range of reasonable fair value estimates is significant for that investment or (b) the probabilities of the various estimates within the range cannot be reasonably assessed and used in estimating fair value, such investments are stated at cost less any impairment losses.

# Notes to Financial Statements

31 December 2013

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

### **Investments and other financial assets** *(Continued)*

#### **AVAILABLE-FOR-SALE FINANCIAL INVESTMENTS** *(Continued)*

The Group evaluates whether the ability and intention to sell its available-for-sale financial assets in the near term are still appropriate. When, in rare circumstances, the Group is unable to trade these financial assets due to inactive markets, the Group may elect to reclassify these financial assets if management has the ability and intention to hold the assets for foreseeable future or until maturity.

For a financial asset reclassified from the available-for-sale category, the fair value carrying amount at the date of reclassification becomes its new amortised cost and any previous gain or loss on that asset that has been recognised in equity is amortised to profit or loss over the remaining life of the investment using the effective interest rate. Any difference between the new amortised cost and the maturity amount is also amortised over the remaining life of the asset using the effective interest rate. If the asset is subsequently determined to be impaired, then the amount recorded in equity is reclassified to the statement of profit or loss.

#### **Derecognition of financial assets**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (that is, removed from the Group's consolidated statement of financial position) when:

- the rights to receive cash flows from the asset have expired; or
- the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risk and rewards of ownership of the asset. When it has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

#### **Impairment of financial assets**

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or a group of financial assets is impaired. An impairment exists if one or more events that occurred after the initial recognition of the asset have an impact on the estimated future cash flows of the financial asset or the group of financial assets that can be reliably estimated. Evidence of impairment may include indications that a debtor or a group of debtors is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganisation and observable data indicating that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

### **Impairment of financial assets** *(Continued)*

#### **FINANCIAL ASSETS CARRIED AT AMORTISED COST**

For financial assets carried at amortised cost, the Group first assesses whether impairment exists individually for financial assets that are individually significant, or collectively for financial assets that are not individually significant. If the Group determines that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, it includes the asset in a group of financial assets with similar credit risk characteristics and collectively assesses them for impairment. Assets that are individually assessed for impairment and for which an impairment loss is, or continues to be, recognised are not included in a collective assessment of impairment.

The amount of any impairment loss identified is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not yet been incurred). The present value of the estimated future cash flows is discounted at the financial asset's original effective interest rate (that is, the effective interest rate computed at initial recognition).

The carrying amount of the asset is reduced either directly or through the use of an allowance account and the loss is recognised in the statement of profit or loss. Interest income continues to be accrued on the reduced carrying amount and is accrued using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss. Loans and receivables together with any associated allowance are written off when there is no realistic prospect of future recovery and all collateral has been realised or has been transferred to the Group.

If, in a subsequent period, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognised, the previously recognised impairment loss is increased or reduced by adjusting the allowance account. If a write-off is later recovered, the recovery is credited to the statement of profit or loss.

#### **AVAILABLE-FOR-SALE FINANCIAL INVESTMENTS**

For available-for-sale financial investments, the Group assesses at the end of each reporting period whether there is objective evidence that an investment or a group of investments is impaired.

If an available-for-sale financial asset is impaired, an amount comprising the difference between its cost (net of any principal payment and amortisation) and its current fair value, less any impairment loss previously recognised in the statement of profit or loss, is removed from other comprehensive income and recognised in the statement of profit or loss.

In the case of equity investments classified as available for sale, objective evidence would include a significant or prolonged decline in the fair value of an investment below its cost. "Significant" is evaluated against the original cost of the investment and "prolonged" against the period in which the fair value has been below its original cost. Where there is evidence of impairment, the cumulative loss – measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that investment previously recognised in the statement of profit or loss – is removed from other comprehensive income and recognised in the statement of profit or loss. Impairment losses on equity instruments classified as available for sale are not reversed through the statement of profit or loss. Increases in their fair value after impairment are recognised directly in other comprehensive income.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

### **Financial liabilities**

#### **INITIAL RECOGNITION AND MEASUREMENT**

Financial liabilities are classified, at initial recognition, as loans and borrowings.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings, net of directly attributable transaction costs.

#### **SUBSEQUENT MEASUREMENT**

The subsequent measurement of financial liabilities depends on their classification as follows:

#### **LOANS AND BORROWINGS**

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost, using the effective interest rate method unless the effect of discounting would be immaterial, in which case they are stated at cost. Gains and losses are recognised in the statement of profit or loss when the liabilities are derecognised as well as through the effective interest rate amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included in finance costs in the statement of profit or loss.

#### **FINANCIAL GUARANTEE CONTRACTS**

Financial guarantee contracts issued by the Group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. A financial guarantee contract is recognised initially as a liability at its fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequent to initial recognition, the Group measures the financial guarantee contract at the higher of: (i) the amount of the best estimate of the expenditure required to settle the present obligation at the end of the reporting period; and (ii) the amount initially recognised less, when appropriate, cumulative amortisation.

#### **Derecognition of financial liabilities**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled, or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and a recognition of a new liability, and the difference between the respective carrying amounts is recognised in the statement of profit or loss.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

### Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

### Cash and cash equivalents

For the purpose of the consolidated statement of cash flows, cash and cash equivalents comprise cash on hand and demand deposits, and short term highly liquid investments that are readily convertible into known amounts of cash, are subject to an insignificant risk of changes in value, and have a short maturity of generally within three months when acquired, less bank overdrafts which are repayable on demand and form an integral part of the Group's cash management.

For the purpose of the statement of financial position, cash and bank balances comprise cash on hand and at banks, including term deposits, which are not restricted as to use.

### Income tax

Income tax comprises current and deferred tax. Income tax relating to items recognised outside profit or loss is recognised outside profit or loss, either in other comprehensive income or directly in equity.

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period, taking into consideration interpretations and practices prevailing in the countries in which the Group operates.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- when the deferred tax liability arises from goodwill or the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of taxable temporary differences associated with interests in subsidiaries and associates, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carryforward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, the carryforward of unused tax credits and unused tax losses can be utilised, except:

- when the deferred tax asset relating to the deductible temporary differences arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and

# Notes to Financial Statements

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

### **Income tax** *(Continued)*

- in respect of deductible temporary differences associated with interests in subsidiaries and associates, deferred tax assets are only recognised to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

### **Borrowing costs**

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, that is, assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets. The capitalisation of such borrowing costs ceases when the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs capitalised. All other borrowing costs are expensed in the period in which they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

### **Revenue recognition**

Revenue is recognised when it is probable that the economic benefits will flow to the Group and when the revenue can be measured reliably, on the following bases:

- (a) commission and brokerage income, accrued on all broking transactions on a trade date basis;
- (b) profit or loss on the trading of securities, forex, bullion and futures contracts, on a trade date basis;
- (c) service and handling fee income, when the underlying services have been provided;
- (d) rental income, on a time proportion basis over the lease terms;
- (e) interest income, on an accrual basis using the effective interest method by applying the rate that discounts the estimated future cash receipts over the expected life of the financial instrument to the net carrying amount of the financial asset; and
- (f) dividend income, when the shareholders' right to receive payment has been established.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

### Employee benefits

#### PAID LEAVE CARRIED FORWARD

The Group provides paid annual leave to its employees under their employment contracts on a calendar year basis. Under certain circumstances, such leave which remains untaken at the end of the reporting period is permitted to be carried forward and utilised by the respective employees in the following year. An accrual has to be made at the end of the reporting period for the expected future cost of such paid leave earned during the year by the employees and carried forward.

#### PENSION SCHEME

The Group operates a defined contribution Mandatory Provident Fund retirement benefit scheme (the “MPF Scheme”) under the Mandatory Provident Fund Schemes Ordinance in Hong Kong for those employees who are eligible to participate in the MPF Scheme. Contributions are made based on a percentage of the employees’ relevant income and are charged to the statement of profit or loss as they become payable in accordance with the rules of the MPF Scheme. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund.

The Group’s employer contributions vest fully with the employees when contributed into the MPF Scheme, except for the Group’s employer voluntary contributions, which are refunded to the Group when the employee leaves employment prior to the contributions vesting fully, in accordance with the rules of the MPF Scheme.

The employees of the Group’s subsidiaries which operate in Mainland China are required to participate in central pension schemes operated by the local municipal governments. These subsidiaries are required to contribute 16 to 44% of their payroll costs to the central pension schemes. The contributions are charged to the statement of profit or loss as they become payable in accordance with the rules of the central pension schemes.

#### SHARE-BASED PAYMENTS

The Company operates a share option scheme for the purpose of providing incentives and rewards to eligible participants who contribute to the success of the Group’s operations. Employees (including directors) of the Group receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (“equity-settled transactions”).

The cost of equity-settled transactions with employees for grants after 7 November 2002 is measured by reference to the fair value at the date at which they are granted. The fair value is determined by an external valuer using a trinomial model, further details of which are given in note 33 to the financial statements.

The cost of equity-settled transactions is recognised, together with a corresponding increase in equity, over the period in which the performance and/or service conditions are fulfilled in employee benefit expense. The cumulative expense recognised for equity-settled transactions at the end of the reporting period until the vesting date reflects the extent to which the vesting period has expired and the Group’s best estimate of the number of equity instruments that will ultimately vest. The charge or credit to the statement of profit or loss for a period represents the movement in the cumulative expense recognised as at the beginning and end of that period.

# Notes to Financial Statements

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

### **Employee benefits** *(Continued)*

#### **SHARE-BASED PAYMENTS** *(Continued)*

No expense is recognised for awards that do not ultimately vest, except for equity-settled transactions where vesting is conditional upon a market or non-vesting condition, which are treated as vesting irrespective of whether or not the market or non-vesting condition is satisfied, provided that all other performance conditions are satisfied.

Where the terms of an equity-settled award are modified, as a minimum an expense is recognised as if the terms had not been modified, if the original terms of the award are met. In addition, an expense is recognised for any modification that increases the total fair value of the share-based payments, or is otherwise beneficial to the employee as measured at the date of modification.

Where an equity-settled award is cancelled, it is treated as if it had vested on the date of cancellation, and any expense not yet recognised for the award is recognised immediately. This includes any award where non-vesting conditions within the control of either the Group or the employee are not met. However, if a new award is substituted for the cancelled award, and is designated as a replacement award on the date that it is granted, the cancelled and new awards are treated as if they were a modification of the original award, as described in the previous paragraph.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of earnings per share.

### **Foreign currencies**

These financial statements are presented in Hong Kong dollars, which is the Company's functional and presentation currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. Foreign currency transactions recorded by the entities in the Group are initially recorded using their respective functional currency rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency rates of exchange ruling at the end of the reporting period. Differences arising on settlement or translation of monetary items are recognised in the statement of profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of a non-monetary item measured at fair value is treated in line with the recognition of the gain or loss on change in fair value of the item (that is, translation differences on the item whose fair value gain or loss is recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss, respectively).

The functional currencies of certain overseas subsidiaries and associates are currencies other than the Hong Kong dollar. As at the end of the reporting period, the assets and liabilities of these entities are translated into the presentation currency of the Company at the exchange rates prevailing at the end of the reporting period and their statements of profit or loss are translated into Hong Kong dollars at the weighted average exchange rates for the year.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

### **Foreign currencies** *(Continued)*

The resulting exchange differences are recognised in other comprehensive income and accumulated in the exchange fluctuation reserve. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in the statement of profit or loss.

For the purpose of the consolidated statement of cash flows, the cash flows of overseas subsidiaries are translated into Hong Kong dollars at the exchange rates ruling at the dates of the cash flows. Frequently recurring cash flows of overseas subsidiaries which arise throughout the year are translated into Hong Kong dollars at the weighted average exchange rates for the year.

## 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities, and their accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that could require material adjustment to the carrying amounts of the assets or liabilities affected in the future.

### **Judgements**

In the process of applying the Group's accounting policies, management has made the following judgements, apart from those involving estimations, which have the most significant effect on the amounts recognised in the financial statements:

#### **IMPAIRMENT OF TRADE AND LOANS RECEIVABLES**

The Group reviews its loan portfolios to assess whether there is any objective evidence that a loan receivable is impaired at least on a yearly basis. In determining whether an impairment loss should be recorded in the income statement, the Group makes judgements as to whether there is any observable data indicating that there is a measurable decrease in the estimated future cash flows from a portfolio of trade and loans receivables before the decrease can be identified with an individual loan in that portfolio. This evidence may include observable data indicating that there has been an adverse change in the payment status of borrowers in a group, or national or local economic conditions that correlate with defaults on assets in the Group. Management uses estimates based on historical loss experience for assets with credit risk characteristics and objective evidence of impairment similar to those in the portfolio when scheduling its future cash flows. The methods and assumptions used for estimating both the amount and timing of future cash flows are reviewed regularly to reduce any differences between loss estimates and actual loss experience.

The aggregate carrying amount of trade and loans receivable at 31 December 2013 was HK\$372,277,000 (2012: HK\$335,360,000). More details are given in notes 19 and 23 to the financial statements.

### **Estimation uncertainty**

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below.

# Notes to Financial Statements

31 December 2013

## 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES *(Continued)*

### **Estimation uncertainty** *(Continued)*

#### **IMPAIRMENT OF NON-FINANCIAL ASSETS**

The Group assesses whether there are any indicators of impairment for all non-financial assets at the end of each reporting period. Indefinite life intangible assets are tested for impairment annually and at other times when such an indicator exists. Other non-financial assets are tested for impairment when there are indicators that the carrying amounts may not be recoverable. An impairment exists when the carrying value of an asset or a cash-generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The calculation of the fair value less costs of disposal is based on available data from binding sales transactions in an arm's length transaction of similar assets or observable market prices less incremental costs for disposing of the asset. When value in use calculations are undertaken, management must estimate the expected future cash flows from the asset or cash-generating unit and choose a suitable discount rate in order to calculate the present value of those cash flows.

#### **IMPAIRMENT OF AVAILABLE-FOR-SALE FINANCIAL INVESTMENTS**

The Group classifies certain assets as available for sale and recognises movements of their fair values in equity. When the fair value declines, management makes assumptions about the decline in value to determine whether there is an impairment that should be recognised in the statement of profit or loss. The carrying amount of available-for-sale financial assets was HK\$22,867,000 (2012: HK\$23,957,000), net of impairment loss of HK\$3,710,000 (2012: HK\$3,710,000).

#### **ESTIMATION OF FAIR VALUE OF INVESTMENT PROPERTIES**

Investment properties are carried in the statement of financial position at their fair value. The fair value was based on valuation on these properties conducted by an independent firm of professionally qualified valuers using property valuation techniques which involve making assumptions on certain market conditions. Favorable or unfavorable changes to these assumptions would result in changes in the fair value of the Group's investment properties and the corresponding adjustments to the gain or loss recognised in the statement of profit or loss.

## 4. OPERATING SEGMENT INFORMATION

For management purposes, the Group is organised into business units based on their services. The Group has six reportable operating segments as follows:

- (a) the broking segment engages in securities, commodities and futures contracts broking;
- (b) the trading and investment segment engages in securities, forex, bullion and futures contracts trading and investment holding;
- (c) the margin financing and money lending segment engages in the provision of margin and personal loan financing;
- (d) the corporate advisory and underwriting segment engages in the provision of corporate advisory and underwriting services;
- (e) the wealth management segment engages in the insurance broking; and
- (f) the property investment.

## 4. OPERATING SEGMENT INFORMATION *(Continued)*

Management monitors the results of the Group's operating segments separately for the purpose of making decisions about resources allocation and performance assessment. Segment performance is evaluated based on reportable segment profit/(loss), which is measured consistently with the Group's profit before tax except that interest income, finance costs relating to the Group's treasury function, head office and corporate expenses are excluded from such measurement.

Segment assets exclude deferred tax assets, tax recoverable, and other unallocated head office and corporate assets as these assets are managed on a group basis.

Segment liabilities exclude interest-bearing bank borrowings, tax payable, deferred tax liabilities, and other unallocated head office and corporate liabilities as these liabilities are managed on a group basis.

Intersegment transactions are conducted with reference to the prices charged to third parties at the then prevailing market prices.

## 10. INCOME TAX

No provision for Hong Kong profits tax has been made as the Group has available tax losses carried forward to offset the assessable profits arising in Hong Kong. Taxes on profits assessable elsewhere have been calculated at the rates of tax prevailing in the jurisdictions in which the Group operates, based on existing legislation, interpretations and practices in respect thereof.

**11. PROFIT ATTRIBUTABLE TO EQUITY HOLDERS OF THE COMPANY**

The consolidated profit attributable to equity holders of the Company for the year ended 31 December 2013 includes a loss of HK\$5,106,000 (2012: profit of HK\$9,529,000) which has been dealt with in the financial statements of the Company (note 34(b)).

**12. EARNINGS PER SHARE ATTRIBUTABLE TO EQUITY HOLDERS OF THE COMPANY**

The calculation of basic earnings per share amount is based on the profit for the year attributable to equity holders of the Company of HK\$1,218,000 (2012: HK\$56,610,000) and the weighted average number of ordinary share of 5,027,631,760 (2012: 5,028,334,500) in issue during the year, as adjusted to reflect the repurchase and cancellation of shares during the year.

No adjustment had been made to the basic earnings per share amount presented for the years ended 31 December 2013 and 31 December 2012 in respect of dilution because the exercise price of the Company's share options was higher than the average market price of shares for both years.

<sup>#</sup> As the prepaid land lease properties cannot be allocated reliably between the land and the building elements, the entire lease payment is included in the cost of land and building as a finance lease in property, plant and equipment in accordance with HKAS 17.

<sup>^</sup> On 30 June 2012, the Group transferred its owner-occupied property with carrying amount of HK\$178,855,000 to investment properties. The properties were revalued on that date by BMI Appraisals Limited, independent professionally qualified valuers, at HK\$322,800,000 on an open market, existing use basis. The increase in carrying value of HK\$143,945,000, net of deferred tax charge of HK\$23,800,000 (note 21), was recognised in the property revaluation reserve.

<b>Carrying amount at 31 December</b>	<b>430,000</b>	<b>357,900</b>

The Group's investment properties are situated in Hong Kong and are held under long term leases.

The Group's investment properties consist of commercial office premises in Hong Kong. The directors of the Company have determined that the investment properties consist of one class of asset, that is, commercial, based on the nature, characteristics and risks of these properties. The Group's investment properties were revalued on 31 December 2013 based on valuations performed by Roma Appraisals Limited, independent professionally qualified valuers, at HK\$430,000,000. Each year, the Group's chief executive officer and the chief financial officer decide to appoint which external valuer to be responsible for the external valuations of the Group's properties. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. The Group's chief executive officer and the chief financial officer have discussions with the valuer on the valuation assumptions and valuation results twice a year when the valuation is performed for interim and annual financial reporting.

The investment properties are leased to third parties under operating leases, further summary details of which are included in note 38(a) to the financial statements.

At 31 December 2013, the Group's investment properties with a carrying value of HK\$430,000,000 (2012: HK\$357,900,000) were pledged to secure general banking facilities granted to the Group (note 30(b)).

Details of the Group's investment properties are as follows.

During the year, there were no transfers of fair value measurements between Level 1 and Level 2 and no transfers into or out of Level 3.

The fair value of investment properties is determined using market comparison approach by reference to recent sales prices of comparable properties on a price per square feet basis. Below is a summary of the significant inputs to the valuation of investment properties:

	Group
Price per square feet	HK\$29,280

A significant increase/decrease in the price per square feet would result in a significant increase/decrease in the fair value of the investment properties.

## 15. INTANGIBLE ASSETS (Continued)

Pursuant to the restructuring of the Stock Exchange and the Hong Kong Futures Exchange Limited (the “Futures Exchange”) effective on 6 March 2000, the Group received four Stock Exchange Trading Rights, five Futures Exchange Trading Rights and 10,187,500 ordinary shares of HK\$1 each in Hong Kong Exchanges and Clearing Limited (the “HKEC Shares”) in exchange for its four shares previously held in the Stock Exchange and five shares previously held in the Futures Exchange.

The carrying costs of the previously held shares in the Stock Exchange and the Futures Exchange have been apportioned to the Stock Exchange Trading Rights, the Futures Exchange Trading Rights and the HKEC Shares on the basis of the respective estimated fair values on 6 March 2000.

The Stock Exchange Trading Rights and the Futures Exchange Trading Rights have been classified as intangible assets as disclosed above and have been treated according to the accounting policy as set out in note 2.4 to the financial statements.

**17. INTERESTS IN SUBSIDIARIES** *(Continued)*

Except for Polyluck Trading Limited, 廣州南華四海諮詢有限公司, 藍華投資諮詢(上海)有限公司 and Nanjing Southchina Leasing Co., Ltd., all principal subsidiaries are directly held by the Company.

The above table lists the principal subsidiaries of the Company which, in the opinion of the directors, principally affected the results for the year or formed a substantial portion of the net assets of the Group. To give details of other subsidiaries would, in the opinion of the directors, result in particulars of excessive length.

### 19. LOANS RECEIVABLE

The Group's loans receivable mainly arose from the margin financing, the finance lease and the money lending operations during the year.

Loans receivable bear interest at rates and with credit periods mutually agreed between the contracting parties. Each customer has a credit limit. The Group maintains strict control over its outstanding loans receivable, and a credit control department has been established to monitor potential credit risk. Margin loans receivable are secured by the pledge of customers' securities as collateral. Overdue balances are reviewed regularly by senior management and are handled closely by the credit control department. The Group's loans receivable relate to a large number of diversified customers and there is no significant concentration of credit risk.

At the end of the reporting period, certain listed equity securities provided by clients of approximately HK\$193,743,000 (2012: HK\$54,572,000) were pledged as collateral to banks to secure banking facilities granted to the Group (note 30).

**19. LOANS RECEIVABLE** (Continued)

The loans receivable at the end of the reporting period are analysed by the remaining period to the contractual maturity date as follows:

	Group	
	2013 HK\$'000	2012 HK\$'000
Repayable:		
On demand	196,712	199,160

1 to 5 years	13,074	4,605
	<b>224,020</b>	<b>208,809</b>

Movements in the provision for impairment of loans receivable are as follows:

	Group	
	2013 HK\$'000	2012 HK\$'000
At 1 January	31,924	33,064
Impairment losses recognised (note 6)	2,443	2,159

Recovery of personal loans receivable directly written off in previous years (note 6)	<b>(185)</b>	<b>(519)</b>
Recovery of margin loans receivable directly written off in previous years (note 6)	<b>(22)</b>	<b>–</b>

Included in the above impairment of loans receivable is a provision for individually impaired loans receivable of HK\$29,453,000 (2012: HK\$31,688,000) and collectively impaired loans receivable of HK\$389,000 (2012: HK\$236,000) as at 31 December 2013 with carrying amounts before provision of HK\$37,288,000 (2012: HK\$41,983,000) and HK\$6,178,000 (2012: HK\$5,526,000), respectively. The individually impaired loans receivable relate to customers that were in default or delinquency in payments and only a portion of the receivables is expected to be recovered. The Group holds certain listed equity securities of clients as collateral over these individually impaired loans receivable.

## Notes to Financial Statements

### 19. LOANS RECEIVABLE (Continued)

The aged analysis of the loans receivable that are neither individually nor collectively considered to be impaired is as follows:

	Group	
	2013 HK\$'000	2012 HK\$'000
Neither past due nor impaired	210,396	193,224

Loans receivable that were neither past due nor impaired relate to a large number of diversified customers for whom there was no recent history of default.

#### Finance lease receivables

Included in loans receivable were receivables in respect of assets leased under finance leases as set out below:

	Minimum lease payments		Present value of minimum lease payments	
	2013 HK\$'000	2012 HK\$'000	2013 HK\$'000	2012 HK\$'000

	22,867	23,957

During the year, the net loss in respect of the Group's available-for-sale investments recognised in other comprehensive income amounted to HK\$1,090,000 (2012: net gain of HK\$2,162,000).

As at 31 December 2013, the Group's listed equity investments with a carrying value of HK\$20,440,000 (2012: HK\$21,630,000) were pledged as security for the Group's bank borrowings, as further detailed in note 30 to the financial statements.

**20. AVAILABLE-FOR-SALE INVESTMENTS** *(Continued)*

There was a prolonged decline in the market value of certain listed equity investments during the prior year. The directors considered that such a decline indicated that the listed equity investments had been impaired and an impairment loss of HK\$3,710,000 had been reclassified from other comprehensive income to the statement of profit or loss during the year ended 31 December 2012.

The above investments were designated as available-for-sale financial assets. They have no fixed maturity date or coupon rate. The fair values of these investments are based on quoted market prices.

**21. DEFERRED TAX**

The movements in deferred tax liabilities and assets during the year are as follows:

**Deferred tax liabilities**

2013	Group			Total HK\$'000
	Loss available for offsetting against future taxable profits HK\$'000	Depreciation allowance in excess of related depreciation HK\$'000	Fair value adjustments arising from transfer of owner- occupied property to investment property HK\$'000

At 31 December 2012	(8,374)	13,801	23,800	29,227

Deferred tax assets have not been recognised in respect of the following items:

	Group		Company	
	2013	2012	2013	2012
	HK\$'000	HK\$'000	HK\$'000	HK\$'000

Deductible temporary differences	312	343	312	343
	447,997	383,823	856	901

The above tax losses arising in Hong Kong, subject to the agreement by the Hong Kong Inland Revenue Department, that are available indefinitely for offsetting against future taxable profits of the companies in which the losses arose. The Group also has tax losses arising in Mainland China of HK\$12,316,000 (2012: HK\$10,728,000) that will expire in one to five years for offsetting against future taxable profits. Deferred tax assets have not been recognised in respect of these items as it is not considered probable that taxable profits will be available against which the above items can be utilised.

Pursuant to the PRC Corporate Income Tax Law, a 10% withholding tax is levied on dividends declared to foreign investors from the foreign investment enterprises established in Mainland China. The requirement is effective from 1 January 2008 and applies to earnings after 31 December 2007. A lower withholding tax rate may be applied if there is a tax treaty between Mainland China and the jurisdiction of the foreign investors. For the Group, the applicable rate is 5%. The Group is therefore liable for withholding taxes on dividends distributed by those subsidiaries established in Mainland China in respect of earnings generated from 1 January 2008.

**21. DEFERRED TAX** *(Continued)***Deferred tax liabilities** *(Continued)*

At 31 December 2013, no deferred tax has been recognised for withholding taxes that would be payable on the unremitted earnings that are subject to withholding taxes of the Group's subsidiaries established in Mainland China. These subsidiaries remained loss making during the year and have recorded accumulated losses since 1 January 2008.

There are no income tax consequences attaching to the payment of dividends by the Company to its shareholders.

**22. FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS**

	Group	
	2013 HK\$'000	2012 HK\$'000
Listed equity investments in Hong Kong, at market value	160,430	236,767

The financial assets at the end of the reporting period were classified as held for trading, of which approximately HK\$135,763,000 (2012: HK\$211,790,000) were pledged to banks to secure banking facilities granted to the Group (note 30).

The market value of the Group's listed equity investments at the date of approval of these financial statements was approximately HK\$152,416,000 (2012: HK\$211,767,000).

**23. TRADE RECEIVABLES**

	Group	
	2013 HK\$'000	2012 HK\$'000
Trade receivables	150,573	128,381
Impairment	(2,316)	(1,830)
	<b>148,257</b>	<b>126,551</b>

The Group's trade receivables arose from securities, bullion, forex and commodities dealings, insurance broking and the provision of corporate advisory and underwriting services during the year.

The Group allows a credit period up to the respective settlement dates of securities, forex, bullion and commodities transactions (normally two business days after the respective trade dates for Hong Kong stocks) or a credit period mutually agreed between the contracting parties. Each customer has a credit limit. The Group maintains strict control over its outstanding receivables and a credit control department has been established to monitor the potential credit risk. Overdue balances are reviewed regularly by senior management and are handled closely by the credit control department. The Group's trade receivables relate to a large number of diversified customers, and there is no significant concentration of credit risk. Overdue trade receivables bear interest by reference to the prime rate.

### 23. TRADE RECEIVABLES (Continued)

An aged analysis of the Group's trade receivables at the end of the reporting period, based on the settlement due date and net of provisions for impairment, is as follows:

	Group	
	2013	2012
	HK\$'000	HK\$'000
Current to 90 days	148,257	126,551

Movements in the provision for impairment of trade receivables are as follows:

	Group	
	2013	2012
	HK\$'000	HK\$'000
At 1 January	1,830	2,229
Impairment losses recognised (note 6)	894	123
Impairment losses reversed (note 6)	(342)	(18)
Amount written off as uncollectible	(66)	(504)
	2,316	1,830

Included in the provision for impairment of trade receivables is a provision for individually impaired trade receivables of HK\$2,316,000 (2012: HK\$1,830,000) with a carrying amount of HK\$2,962,000 (2012: HK\$2,355,000). The individually impaired trade receivables relate to customers that were in default or delinquency in payments. The Group holds certain listed equity securities of clients as collateral over these individually impaired trade receivables.

The aged analysis of the trade receivables that are neither individually nor collectively considered to be impaired is as follows:

	Group	
	2013	2012
	HK\$'000	HK\$'000
Neither past due nor impaired	137,911	119,031
Less than 1 month past due	3,177	2,001
1 to 3 months past due	4,117	2,607
3 months to 1 year past due	2,406	2,387
	147,611	126,026

Trade receivables that were neither past due nor impaired relate to a large number of diversified customers for whom there was no recent history of default.

**23. TRADE RECEIVABLES** *(Continued)*

Trade receivables that were past due but not impaired relate to a number of independent customers that have a good track record with the Group. Based on past experience, the directors of the Company are of the opinion that no provision for impairment is necessary in respect of these balances as there has not been a significant change in credit quality and the balances are still considered fully recoverable.

**24. OTHER RECEIVABLES, PREPAYMENTS AND DEPOSITS**

	Group		Company	
	2013 HK\$'000	2012 HK\$'000	2013 HK\$'000	2012 HK\$'000

	<b>(5,500)</b>	(5,500)	–	–
Cash and bank balances	<b>102,121</b>	107,018	<b>166</b>	98

At the end of the reporting period, cash and bank balances of the Group denominated in Renminbi (“RMB”) amounted to HK\$56,334,000 (2012: HK\$53,188,000). RMB is not freely convertible into other currencies, however, under Mainland China’s Foreign Exchange Control Regulations and Administration of Settlement, Sale and Payment of Foreign Exchange Regulations, the Group is permitted to exchange RMB for other currencies through banks authorised to conduct foreign exchange business.

Cash at banks earns interest at floating rates based on daily bank deposit rates. Short term time deposits are made for varying periods of between one day and three months depending on the immediate cash requirements of the Group, and earn interest at the respective short term time deposit rates. Bank balances and pledged deposits are deposited with creditworthy banks with no recent history of default.

### 26. CASH HELD ON BEHALF OF CLIENTS

The Group maintains segregated trust accounts with licensed banks to hold securities, futures and forex clients’ monies arising from its normal course of business. The Group has classified the clients’ monies as “Cash held on behalf of clients” under the current assets section of the consolidated statement of financial position and recognised the corresponding accounts payable to respective clients on the grounds that the Group is liable for any loss or misappropriation of the clients’ monies. The Group is not allowed to use the clients’ monies to settle its own obligations.

**27. CLIENT DEPOSITS**

The Group's client deposits arose from securities, forex, bullion and commodities dealings during the year.

The client deposits are unsecured, bear interest at the bank deposit saving rate (2012: bank deposit saving rate) and are repayable on demand.

Included in client deposits are deposits from directors, the directors' close family members and companies in which certain directors have beneficial interests totalling HK\$10,987,000 (2012: HK\$2,008,000), which are subject to similar terms offered by the Group to its major clients.

**28. TRADE PAYABLES**

The Group's trade payables arose from securities, forex, bullion and commodities dealings during the year.

An aged analysis of the Group's trade payables at the end of the reporting period, based on the settlement due date, is as follows:

	<b>Group</b>	
	<b>2013</b>	2012
	<b>HK\$'000</b>	HK\$'000
Current to 30 days	<b>169,546</b>	142,614

The trade payables are non-interest-bearing and repayable on the settlement day of the relevant trades or upon demand from customers.

**29. OTHER PAYABLES AND ACCRUALS**

**30. INTEREST-BEARING BANK BORROWINGS** *(Continued)*

Notes:

- (a) The Group's overdraft facilities amounting to HK\$103,000,000 (2012: HK\$143,000,000), of which HK\$30,536,000 (2012: HK\$66,721,000) had been utilised at the end of the reporting period, are guaranteed by the Company up to HK\$103,000,000 (2012: HK\$143,000,000). The loans were secured by the pledge of certain of the Group's listed equity investments amounting to HK\$29,317,000 (2012: HK\$159,446,000).
- (b) Certain of the Group's bank loans are secured by the Group's investment properties situated in Hong Kong, which had a fair value at the end of the reporting period of approximately HK\$430,000,000 (2012: HK\$357,900,000) (note 14).

In addition, listed equity investments belonging to the Group and clients totalling approximately HK\$349,946,000 (2012: HK\$287,992,000) were pledged to banks to secure banking facilities granted to a subsidiary of the Group at the end of the reporting period (notes 19, 20 and 22).

- (c) Except for the Base rate +5% and Base rate +10% unsecured bank loan which are denominated in Renminbi, all borrowings are denominated in Hong Kong dollars.

**31. SUBORDINATED LOAN TO A SUBSIDIARY**

The Company's subordinated loan to a subsidiary, South China Securities Limited, is unsecured, bears interest at a rate of 2% below the Hong Kong dollar prime rate (2012: 2% below the Hong Kong dollar prime rate) per annum, and is repayable on a date as agreed between the Company and the subsidiary, subject to the overriding provision of the subordinated loan agreement that, if the subsidiary becomes insolvent or unable to meet the liquid capital requirements set out in the Hong Kong Securities and Futures (Financial Resources) Rules, the repayment of the loan will be subordinated to the prior repayment of all other creditors of the subsidiary. In the opinion of the directors, the balance is not repayable within one year.

### 32. SHARE CAPITAL (Continued)

#### Shares (Continued)

During the year, the Company repurchased 2,250,000 ordinary shares from the Hong Kong Stock Exchange, details of which are as follows:

Month	Number of ordinary shares repurchased	Highest price paid per share HK\$	Lowest price paid per share HK\$	Consideration HK\$
September	2,250,000	0.084	0.084	189,000

All the ordinary shares repurchased were cancelled during the year ended 31 December 2013 and the issued share capital of the Company was reduced by the par value of HK\$56,000. The premium paid on the repurchase of the ordinary shares of HK\$133,000 was charged to retained profits during the year. In accordance with Section 49H of the Hong Kong Companies Ordinance, an amount equivalent to the par value of the ordinary shares cancelled was transferred to the capital redemption reserve as set out in the consolidated statement of changes in equity.

### 33. SHARE OPTION SCHEMES

The share option scheme adopted by the Company on 31 May 2002 (the “2002 Share Option Scheme”) was terminated on 5 June 2012. Thereafter, no further options will be granted under the 2002 Share Option Scheme but the subsisting share options granted thereunder prior to its termination shall continue to be valid and exercisable pursuant to the terms of the 2002 Share Option Scheme.

At the annual general meeting of the Company held on 5 June 2012, the shareholders of the Company approved the adoption of a new share option scheme (the “2012 Share Option Scheme”) and it became effective on 11 June 2012. Under the 2012 Share Option Scheme, the directors of the Company may grant options to eligible persons to subscribe for the Company’s shares subject to the terms and conditions as stipulated therein. Unless otherwise cancelled or amended, the 2012 Share Option Scheme will be valid and effective for a period of 10 years commencing on the date on which it became effective.

The directors and employees of the Company and its subsidiaries are entitled to participate in the share option schemes operated by the Company. Details of the share option schemes are as follows:

#### (a) 2002 Share Option Scheme

##### (1) PURPOSE OF THE 2002 SHARE OPTION SCHEME

In order to provide incentives or rewards to the participants for their contribution to the Group and to enable the Group to attract and retain employees of appropriate qualifications and with necessary experience to work for the Group and any entity in which any member of the Group holds any equity interest (the “Invested Entity”), the shareholders of the Company approved the adoption of the 2002 Share Option Scheme at the annual general meeting held on 31 May 2002.

**33. SHARE OPTION SCHEMES** *(Continued)***(a) 2002 Share Option Scheme** *(Continued)***(2) PARTICIPANTS OF THE 2002 SHARE OPTION SCHEME**

According to the 2002 Share Option Scheme, the board may, at its absolute discretion, grant options to any person belonging to any of the following classes of participants to subscribe for shares:

- (i) any executive director, employee or proposed employee (whether full time or part time) of any member of the Group or any Invested Entity or substantial shareholder;
- (ii) any non-executive director (including any independent non-executive director) of any member of the Group or any Invested Entity or substantial shareholder;
- (iii) any individual for the time being seconded to work for any member of the Group or any Invested Entity or substantial shareholder;
- (iv) any shareholder of any member of the Group or any Invested Entity or substantial shareholder or any holder of any securities issued by any member of the Group or any Invested Entity or substantial shareholder;
- (v) any business partner, consultant or contractor of any member of the Group or any Invested Entity or substantial shareholder;
- (vi) any supplier of goods or services to any member of the Group or any Invested Entity or substantial shareholder;
- (vii) any customer of any member of the Group or any Invested Entity or substantial shareholder;
- (viii) any person or entity that provides research, development or other technological support or any advisory, consultancy, professional or other services to any member of the Group or any Invested Entity or substantial shareholder; and
- (ix) any company wholly owned by one or more persons belonging to any of the above classes of participants.

**(3) TOTAL NUMBER OF SHARES AVAILABLE FOR ISSUE UNDER THE 2002 SHARE OPTION SCHEME**

The maximum number of shares in respect of which share options may be granted shall not exceed 10% of the shares issue as at the date of approval of the 2002 Share Option Scheme, i.e., a total of 486,193,674 shares.

**(4) MAXIMUM ENTITLEMENT OF EACH PARTICIPANT**

The total number of shares issued and which may fall to be issued upon exercise of the options granted under the 2002 Share Option Scheme to each participant in any 12-month period must not exceed 1% of the issued share capital of the Company for the time being unless otherwise approved by the shareholders of the Company, if applicable.

### 33. SHARE OPTION SCHEMES (Continued)

#### (a) 2002 Share Option Scheme (Continued)

##### (5) PERIOD WITHIN WHICH THE SHARES MUST BE TAKEN UP UNDER AN OPTION

The board may, at its absolute discretion, determine the period during which a share option may be exercised, and such period should expire no later than 10 years from the date of grant. The board may also provide restrictions on the exercise of a share option during the period when a share option may be exercised.

##### (6) MINIMUM PERIOD, IF ANY, FOR WHICH AN OPTION MUST BE HELD BEFORE IT CAN BE EXERCISED

There is no specific requirement under the 2002 Share Option Scheme that an option must be held for any minimum period before it can be exercised, but the terms of the 2002 Share Option Scheme provide that the board has the discretion to impose a minimum period at the time of grant to any particular option.

##### (7) AMOUNT PAYABLE UPON ACCEPTANCE OF THE OPTION AND THE PERIOD WITHIN WHICH PAYMENT MUST BE MADE

An amount of HK\$1 for each lot of share options granted is payable upon acceptance of the options within five business days from the date of offer of the options.

##### (8) BASIS OF DETERMINING THE EXERCISE PRICE OF THE OPTIONS

The exercise price is determined by the board, and shall be at least the highest of: (i) the closing price of the Company's shares as stated in the Stock Exchange's daily quotation sheet on the date of offer; (ii) the average closing price of the Company's shares as stated in the Stock Exchange's daily quotation sheets for the five trading days immediately preceding the date of offer; and (iii) the nominal value of the Company's shares.

##### (9) REMAINING LIFE OF THE 2002 SHARE OPTION SCHEME

The 2002 Share Option Scheme was in force for a period of 10 years commencing on 28 June 2002 and was terminated on 5 June 2012.

The following share options were outstanding under the 2002 Share Option Scheme during the year:

<b>Total</b>	<b>4,000,000</b>	<b>-</b>	<b>(2,000,000)</b>	<b>2,000,000</b>			

Notes:

- (a) All share options granted are subject to a vesting period and become exercisable in the following manner:

From the date of grant of share options	Exercisable percentage
Within 12 months	Nil
13th month to 36th month	33 <sup>1</sup> / <sub>3</sub> %
25th month to 48th month	33 <sup>1</sup> / <sub>3</sub> %
37th month to 60th month	33 <sup>1</sup> / <sub>3</sub> %

The unexercised share options of each exercise period shall lapse at the end of the corresponding exercise period.

- (b) The subscription price of the share options is subject to adjustment in the case of rights or bonus issues, or other alteration in the capital structure of the Company.

At the end of the reporting period, the Company had 2,000,000 share options outstanding under the 2002 Share Option Scheme. The exercise in full of the remaining share options would, under the present capital structure of the Company, result in the issue of 2,000,000 additional ordinary shares of the Company and additional share capital of HK\$50,000 and share premium of HK\$206,000 (before issue expenses).

No share option was granted during the year (2012: Nil). No share option expense was recognised (2012: share option expense of HK\$9,000) during the year ended 31 December 2013.

The fair value of equity-settled share options granted in prior years was estimated as at the date of grant using a trinomial model, taking into account the terms and conditions upon which the options were granted.

## 33. SHARE OPTION SCHEMES *(Continued)*

### (b) 2012 Share Option Scheme

#### (1) PURPOSE OF THE 2012 SHARE OPTION SCHEME

In order to provide incentives or rewards to the participants for their contribution to the Group and to enable the Group to attract and retain employees of appropriate qualifications and with necessary experience to work for the Group and any Invested Entity, the shareholders of the Company approved the adoption of the 2012 Share Option Scheme at the annual general meeting held on 5 June 2012.

#### (2) PARTICIPANTS OF THE 2012 SHARE OPTION SCHEME

According to the 2012 Share Option Scheme, the board may, at its discretion, grant share options to any person belonging to any of the following classes of participants to subscribe for shares:

- (i) any executive director, employee or proposed employee (whether full time or part time) of any member of the Group or any Invested Entity or substantial shareholder;
- (ii) any non-executive director (including any independent non-executive director) of any member of the Group or any Invested Entity or substantial shareholder;
- (iii) any individual for the time being seconded to work for any member of the Group or any Invested Entity or substantial shareholder;
- (iv) any shareholder of any member of the Group or any Invested Entity or substantial shareholder or any holder of any securities issued by any member of the Group or any Invested Entity or substantial shareholder;
- (v) any business partner, agent, consultant, contractor or representatives of any member of the Group or any Invested Entity or substantial shareholder;
- (vi) any supplier of goods or services to any member of the Group or any Invested Entity or substantial shareholder;
- (vii) any customer of any member of the Group or any Invested Entity or substantial shareholder;
- (viii) any person or entity that provides research, development or other technological support or any advisory, consultancy, professional or other services to any member of the Group or any Invested Entity or substantial shareholder;
- (ix) any other group or classes of participants from time to time determined by the directors as having contributed or may contribute to the development and growth of any member of the Group (including any discretionary object of a participant which is a discretionary trust); and
- (x) any company wholly owned by one or more persons belonging to any of the above classes of participants.

**33. SHARE OPTION SCHEMES** *(Continued)***(b) 2012 Share Option Scheme** *(Continued)***(3) TOTAL NUMBER OF SHARES AVAILABLE FOR ISSUE UNDER THE 2012 SHARE OPTION SCHEME**

The maximum number of shares in respect of which share options may be granted shall not exceed 10% of the shares in issue as at the date of approval of the 2012 Share Option Scheme i.e., a total of 502,833,450.

As at 31 December 2013, the total number of shares available for issue pursuant to the grant of share options under the 2012 Share Option Scheme is 502,833,450, representing approximately 10% of the issued share capital of the Company as at the date of this Annual Report.

**(4) MAXIMUM ENTITLEMENT OF EACH PARTICIPANT**

The total number of share issued and which may fall to be issued upon exercise of the options granted under the 2012 Share Option Scheme to each participant in any 12-month period must not exceed 1% of the issued share capital of the Company for the time being unless otherwise approved by the shareholders of the Company, if applicable.

**(5) PERIOD WITHIN WHICH THE SHARES MUST BE TAKEN UP UNDER AN OPTION**

The board may at its absolute discretion determine the period during which a share option may be exercised, such period should expire no later than 10 years from the date of grant. The board may also impose restrictions on the exercise of a share option during the period a share option may be exercised.

**(6) MINIMUM PERIOD, IF ANY, FOR WHICH AN OPTION MUST BE HELD BEFORE IT CAN BE EXERCISED**

There is no specific requirement under the 2012 Share Option Scheme that an option must be held for any minimum period before it can be exercised, but the terms of the 2012 Share Option Scheme provide that the board has the discretion to impose a minimum period at the time of grant of any particular option.

**(7) AMOUNT PAYABLE UPON ACCEPTANCE OF THE OPTION AND THE PERIOD WITHIN WHICH PAYMENT MUST BE MADE**

An amount of HK\$1 for each lot of share options granted is payable upon acceptance of the options within 28 days from the date of offer of the options.

**(8) BASIS OF DETERMINING THE EXERCISE PRICE OF THE OPTIONS**

The exercise price is determined by the board, and shall be at least the higher of: (i) the closing price of the Company's shares as stated in the Stock Exchange's daily quotations sheet on the date of offer of grant; (ii) the average closing price of the Company's shares as stated in the Stock Exchange's daily quotations sheets for the five trading days immediately preceding the date of offer of grant; and (iii) the nominal value of the Company's shares.

## 38. OPERATING LEASE ARRANGEMENTS

### (a) As Lessor

The Group leases its investment properties (note 14 to financial statements) under operating lease arrangements, with leases negotiated for terms of two years. The terms of the leases generally also require the tenants to pay security deposits.

At 31 December 2013, the Group had total future minimum lease receivables under non-cancellable operating leases with its tenants falling due as follow:

	Group	
	2013 HK\$'000	2012 HK\$'000
Within one year	6,374	2,194
In the second to fifth years, inclusive	1,784	1,649
	<b>8,158</b>	<b>3,843</b>

During the year ended 31 December 2013, the Group recognised HK\$359,000 (2012: HK\$151,000) in respect of contingent rental receivables.

### (b) As Lessee

The Group leases certain of its office properties under operating lease arrangements, with leases negotiated for terms ranging from one to ten years.

At the end of the reporting period, the Group had total future minimum lease payments under non-cancellable operating leases falling due as follows:

	Group	
	2013 HK\$'000	2012 HK\$'000
Within one year	18,098	19,732
In the second to fifth years, inclusive	7,767	30,200
After five year	1,451	1,734
	<b>27,316</b>	<b>51,666</b>

## 39. COMMITMENT

In addition to the operating lease commitments detailed in note 38 above, the Group had contracted but not provided for capital commitment in respect of a capital contribution to an associate of RMB7,000,000 (equivalent to HK\$8,952,000) (2012: RMB7,000,000 (equivalent to HK\$8,705,000)).

**40. RELATED PARTY TRANSACTIONS**

- (a) In addition to the transactions and balances detailed elsewhere in these financial statements, the Group had the following material transactions with related parties during the year:

	Notes	2013 HK\$'000	2012 HK\$'000
Commission and brokerage income received from:			
Directors and companies in which certain directors have beneficial interests*	(i)	2,315	1,306
Interest income arising from margin financing received from:			
Directors and companies in which certain directors have beneficial interests*	(ii)	54	104

\* The related party transactions also constitute exempted connected transactions as defined in Chapter 14A of the Listing Rules.

Notes:

- (i) commission and brokerage income related to the Group's securities broking business and the rate was determined by reference to commission and brokerage fees charged to third parties.
- (ii) interest income related to the Group's margin financing business and the amount was calculated based on the Hong Kong dollar prime rate per annum which is similar to the rate offered to the Group's major clients.
- (b) Compensation of key and senior management personnel of the Group:

The executive directors and the non-executive directors are the key and senior management personnel of the Group. Details of their remuneration are disclosed in note 8 to the financial statements.

- (c) Outstanding balances with related parties:

Details of the Group's balances with affiliates at the end of the reporting period are included in notes 24 and 27 to the financial statements.

## 42. FAIR VALUE AND FAIR VALUE HIERARCHY OF FINANCIAL INSTRUMENTS

Management has assessed that the fair values of cash and bank balances, cash held on behalf of clients, pledged time deposits, other assets, the current portion of loans receivable, trade receivables, financial assets included in other receivables, prepayments and deposits, clients deposits, trade payables, financial liabilities included in other payables and accruals and balances with subsidiaries approximate to their carrying amounts largely due to the short term maturities of these instruments.

The Group's corporate finance team headed by the finance manager is responsible for determining the policies and procedures for the fair value measurement of financial instruments. The corporate finance team reports directly to the chief financial officer. At each reporting date, the corporate finance team analyses the movements in the values of financial instruments and determines the major inputs applied in the valuation. The valuation is reviewed and approved by the chief financial officer.

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

The fair values of the non-current portion of loans receivables, interest-bearing bank borrowings, deposits and subordinated loan to a subsidiary have been calculated by discounting the expected future cash flows using rates currently available for instruments with similar terms, credit risk and remaining maturities. The Group's own non-performance risk for interest-bearing bank borrowings as at 31 December 2013 was assessed to be insignificant.

The fair values of listed equity investments are based on quoted market prices. The fair value of unlisted available-for-sale investments in which represented club debentures have been estimated based on market transaction prices.

### 43. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's principal financial instruments comprise bank loans and overdrafts, cash and short term deposits, and listed equities investments. The main purpose of these financial instruments is to raise finance for the Group's operations. The Group has various other financial assets and liabilities such as loans receivable, trade receivables and trade payables, which arise directly from its operations.

The main risks arising from the Group's financial instruments are interest rate risk, credit risk, liquidity risk and equity price risk. The board of directors reviews and agrees policies for managing each of these risks and they are summarised below.

#### Interest rate risk

The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's net debt obligations with floating interest rates. The majority of the bank borrowings bear interest at interest rates with reference to the HIBOR whereas loans to customers bear interest at interest rates with reference to the prime rate. As the prime rate in Hong Kong basically changes in line with the HIBOR, the Group's exposure to the risk of changes in market interest rates is minimal.

The following table demonstrates the sensitivity to a reasonably possible change in Hong Kong dollar interest rate, with all other variables held constant, of the Group's profit before tax (through the impact on floating rate net borrowings).

	<b>Group</b>	<b>Change in profit before tax</b>
	<b>Change in basis point</b>	<b>before tax</b>
		<b>HK\$'000</b>
<b>2013</b>		
Hong Kong dollar	50	2,379
Renminbi	50	86
<b>2012</b>		
Hong Kong dollar	50	2,209
Renminbi	50	25

#### Credit risk

The Group trades only with recognised and creditworthy third parties. It is the Group's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis and the Group's exposure to bad debts is not significant. For transactions that are not denominated in the functional currency of the relevant operating unit, the Group does not offer credit terms without the specific approval of the Head of Credit Control.

The Group's concentration of credit risk is mainly in Hong Kong by geographical location. The Group's credit risk exposure is spread over a number of counterparties and customers. Hence, it has no significant concentration of credit risk by a single debtor.

### 43. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Continued)

#### Credit risk (Continued)

Further quantitative data in respect of the Group's exposure to credit risk arising from loans and trade receivables are disclosed in notes 19 and 23 to the financial statements, respectively.

#### Liquidity risk

The Group monitors its risk to a shortage of funds using a recurring liquidity planning tool. This tool considers the maturity of both its financial instruments and financial assets (e.g., loans and trade receivables) and projected cash flows from operations.

The Group's borrowings from banks during the year are mainly for the provision of financing and loans to customers for their purchases and continuous holding of securities. The maturity of bank borrowings of the Group usually ranges from overnight to one month, and they are either rolled over or repaid by the Group's own funding. In addition, for those clients who are unable to settle their settlement obligations or margin deficits, the Group may dispose of the securities collateral pledged by the customers to the Group. The Group always ensures that the securities collateral pledged by customers are able to be realised in the market within a reasonable period of time.

The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts and bank loans.

The maturity profile of the Group's and Company's financial liabilities at the end of the reporting period, based on the contractual undiscounted payments, is as follows:

Group	2013					Total HK\$'000

### Equity price risk

Equity price risk is the risk that the fair values of equity securities decrease as a result of changes in the levels of equity indices and the value of individual securities. The Group was exposed to equity price risk arising from individual equity investments classified as financial assets at fair value through profit or loss (note 22) and available-for-sale investments (note 20) at the end of the reporting period. The Group's listed investments are listed on the Hong Kong Stock Exchange and are valued at quoted market prices at the end of the reporting period.

The following table demonstrates the sensitivity to every 10% change in the fair value of the equity investments, with all other variables held constant and before any impact on tax, based on their carrying amounts at the end of the reporting period.

### Capital management

The primary objectives of the Group's capital management are to safeguard the Group's ability to continue as a going concern and to maintain healthy capital ratios in order to support its business and maximise shareholders' value.

The Group manages its capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares.

Certain subsidiaries of the Group are regulated by the Securities and Futures Commission (the "SFC") and are required to comply with certain minimum capital requirements according to the rules of the SFC. The Group has established a compliance department which is operated by experienced compliance officers and is monitored by management.
