# **Chairman's Statement**

Dear Shareholders,

On behalf of the Board of Directors of China HealthCare Holdings Limited (hereinafter referred to as the "Company", together with its subsidiaries, collectively the "Group"), I am pleased to present the annual report for the year ended 31 March 2015 to our shareholders.

#### **OPERATIONS AND RESULTS**

During the year, the Group focused on exploring healthcare management services in Mainland China, achieving desirable results. During the reporting year, the Group's revenue was primarily derived from the provision of healthcare and third party administration services. The Company also announced the framework agreement in relation to the acquisition of medical projects during the period, actively pushing forward the business transformation of the Company.

During the reporting year, the Group recorded a loss attributable to owners of the Company of HK\$55,926,000. The Board of Directors did not recommend the payment of any final dividend for the year.

# FRAMEWORK AGREEMENT IN RELATION TO THE ACQUISITION OF MEDICAL PROJECTS

During the year, the Company announced the framework agreement in relation to the acquisition of medical projects. However, the acquisition progress failed to meet the targeted expectation. Subsequent to the balance sheet date, some adjustments were made to the acquisition plan (please refer to the announcement of the Company dated 30 April 2015 for details). The Board of Directors believes that if the revised acquisition plan is implemented as scheduled, the Group will realize the transformation of its core business, hence laying a solid foundation for long-term development.

### INTRODUCTION OF NEW SHAREHOLDERS

During the year, the Company successfully raised HK\$195 million by issuance of the convertible notes with a par value of HK\$195 million. Subsequent to the balance sheet date, the Company successfully conducted another fundraising exercise by placement of new shares. The aforesaid convertible notes were also converted into the ordinary shares of the Company, which led to doubling increase in the share capital of the Company. The financial position of the Company was significantly improved by successfully introducing new shareholders, laying a solid foundation for the further development of the Company.

### SETTLEMENT OF DEBTS

During the reporting year, the Group settled the outstanding principal amount of US\$15,000,000 of the redeemable convertible preference shares and the significant part of the interest thereon. Subsequent to the balance sheet date, the outstanding principal amount of approximately US\$5,000,000 of the convertible bonds and most of the interest were settled. Thus the debt issue that had been plaguing the Company for years was finally solved.

# **Chairman's Statement**

# BUILDING PROFESSIONAL HOSPITAL MANAGEMENT TEAM

During the year, in order to promote business transformation, the Group took proactive measures to build a professional team in respect of hospital management. The Company established "Beijing Zhongwei Kanghong Hospital Management Co., Ltd." in Beijing and extensively recruited business professionals, so as to reinforce its management team and get prepared for development of the "healthcare operation and management business".

### **PROSPECTS**

During the reporting year, the Company has achieved substantial progress in introducing external resources to enhance the capital base of the Company. Although the progress in business transformation of the Company fell behind expectation, the Company is fully prepared for the business transformation and long-term development.

Looking to the coming financial year, the Board of Directors will continue to actively seek opportunities to push forward the Company's business transformation towards a medical service provider with an aim at the maximum value for our shareholders. As China enters into a new phase in comprehensive economic and social development, the central government will continue to launch new policies regarding medical reform and opening-up, encouraging foreign investors and private enterprises to enter into the modern medical service business. We are confident that the Company will be well positioned for the opportunities and challenges to create the future success.

On behalf of the Board of Directors, I would like to express my heartfelt appreciation to all shareholders and partners for their support and help, and the management and staff for their staunch commitment, hard-work and dedicated contribution in the past year.

Yours sincerely,

Jia Hong Sheng Chairman

30 June 2015

# Management Discussion and Analysis

### **RESULTS**

For the year ended 31 March 2015, the Group reported a turnover of approximately HK\$37.8 million, representing an increase of 0.3% as compared to HK\$37.7 million for the previous financial year. The Group's net loss from ordinary activities attributable to shareholders for the year was approximately HK\$55.9 million as compared to net loss of approximately HK\$67.6 million for the previous financial year. Basic loss per share for the year was HK5.8 cents (2014: HK10.9 cents).

### **REVIEW OF BUSINESS OPERATION**

During the year, the Group's revenue was primarily derived from the provision of healthcare and third party administration services. Facing the huge demand for medical services, the Group proactively explored the relevant business and achieved desirable results, with a year-on-year increase of 34% in the revenue from the healthcare and third party administration services.

As a value added service provider to telecom operators in China, the Group continued to provide B-to-C consumer service during the year. With the increasingly intensified competition in the industry, the commission income from these services decreased dramatically.

### FINANCIAL POSITION

During the year, the Company successfully raised over HK\$200 million by issuance of 50,000,000 new shares and issuance of the convertible notes with a par value of HK\$195 million ("Convertible Notes"). Subsequent to the balance sheet date, the Company successfully raised approximately HK\$38 million by further allotment of new shares.

As of the date of this annual report, the Convertible Notes had been fully converted into the ordinary shares of the Company, and the issued share capital of the Company increased to 2,119,947,634 shares.

The financial position of the Group was significantly improved by introducing external financial resources. During the year, the Group settled the outstanding principal amount of US\$15,000,000 of the redeemable convertible preference shares. Subsequent to the balance sheet date, most of the convertible bonds with outstanding principal amount of approximately US\$5,000,000 and most of the interest thereof were settled. And most of the interest of US\$15,000,000 of the redeemable convertible preference shares were settled.

### **FUTURE PROSPECT**

During the year, the Group has achieved substantial progress in exploring healthcare management services, introducing new shareholders, settling debts and strengthening our management team. Looking to the coming year, the Group will stride to implement the published acquisition and fundraising plans and actively explore new business, so as to boost the leaping development of the Company's business.

# Management Discussion and Analysis

## LIQUIDITY AND CAPITAL RESOURCES

As at 31 March 2015, the Group's cash and cash equivalents amounted to approximately HK\$101.3 million (2014: HK\$26.7 million), where about HK\$4.7 million (2014: HK\$5.7 million) is in its subsidiary Harvest Network Ltd. ("Harvest") and its use is restricted for Harvest's working capital and other purpose only.

As at 31 March 2015, the current assets and net current assets of the Group are approximately HK\$273.8 million (2014: HK\$206.6 million) and HK\$35.8 million (2014: net current liabilities of HK\$104.8) respectively, representing a current ratio of 1.15 (2014: 0.66).

On 23 May 2014, the Company and certain independent third parties entered into subscription agreements to subscribe an aggregate of 50,000,000 shares of the Company at HK\$0.212 per share. In June 2014, the subscriptions were completed raising net proceeds of HK\$10.4 million (equivalent to HK\$0.208 per share) which have been used as general working capital for the Group.

On 3 June 2014, the Company, Lin & Li Investment Limited (as the subscriber) and Mr. Lin Grant Xiao-Bin (as the guarantor) entered into the subscription agreement to subscribe for the zero coupon convertible note at the initial conversion price of HK\$0.15 per share (subject to adjustments) in principal amount of HK\$195,000,000. The convertible notes were issued on 8 January 2015 raising net proceeds of approximately HK\$194,500,000 (equivalent to HK\$0.149 per share) which have been used for general working capital and/or settlement of outstanding liabilities of the Group. All convertible notes were converted into 1,300,000,000 conversion shares in April and May 2015.

According to the subscription agreements dated 8 April 2014 entered into between the Company and two subscribers, the supplemental agreements entered on 30 September 2014, the second supplemental agreements entered on 30 January 2015, the third supplemental agreements entered on 30 April 2015 and the fourth supplemental agreements entered on 30 June 2015, the Company has conditionally agreed to issue, and the subscribers have conditionally agreed to subscribe for, the convertible notes of an aggregated principal amount of HK\$225,000,000 at the initial conversion price of HK\$0.15 per share (subject to adjustments). The Company has further agreed to grant the options to the subscribers, pursuant to which, the subscribers have the right to request the Company to issue the option convertible notes with a maximum aggregate principal amount of HK\$225,000,000 to them. The fulfillment of the subscription conditions have been extended to 30 August 2015 and therefore subscription has not been completed as at the date of this annual report. For details, please refer to the Company's announcements dated 8 April and 30 September 2014 and 30 January, 30 April 2015 and 30 June 2015.

The Group's total borrowings which represented liability component of convertible bonds, liability component of redeemable convertible cumulative preference shares and promissory note as at 31 March 2015 amounted to about HK\$103.1 million (2014: HK\$188.3 million).

On this basis, the gearing ratio is calculated at 12.65 (2014: (1.33)), based on an amount of shareholders' equity of HK\$8,153,000 (2014: deficits of HK\$141,611,000).

# Management Discussion and Analysis

## POSSIBLE ACQUISITION OF MEDICAL PROJECTS

On 30 September 2014, the Group entered into the framework agreement (the "2014 Framework Agreement") with certain independent third parties targeting to acquire the assets and operating rights of a general hospital and nine treatment centers in Mainland China at a total consideration of HK\$2,380 million. As there were fundamental changes on the terms of the possible acquisition contemplated under the 2014 Framework Agreement, the parties to the 2014 Framework Agreement agreed to terminate the 2014 Framework Agreement on 30 April 2015.

Subsequent to termination of 2014 Framework Agreement, on 30 April 2015, the Group entered into the framework agreement (the "2015 Framework Agreement") in relation to the possible acquisition for the healthcare management service business and the relevant management service contracts and/or cooperation agreements of five cancer diagnosis and treatment centers in hospitals located in Beijing, Tianjin, Changchun, Jinan and Nanjing at a total consideration of HK\$1,325 million (subject to adjustments as set out in the 2015 Framework Agreement). The long stop date of the 2015 Framework Agreement has been extended to 30 August 2015.

Details of the above were set out in the announcements of the Company dated 30 September 2014, 28 November 2014, 30 January 2015, 16 March 2015, 30 April 2015 and 30 June 2015.

#### CONTINGENT LIABILITIES

As at 31 March 2015, there were no contingent liabilities of the Group (2014: nil).

### CHARGE ON GROUP'S ASSETS

As at 31 March 2015, there was no charge on the Group's assets (2014: nil).

### EMPLOYEES AND REMUNERATION POLICY

As at 31 March 2015, the Group employed 77 (2014: 65) staff members. Total staff cost including Directors' emoluments was HK\$7.0 million as compared to HK\$6.1 million for the previous year.

The Group continues to review remuneration packages of employees with reference to the level and composition of pay, the general market condition and individual performance. Staff benefits include contributions to the Mandatory Provident Fund Schemes and a discretionary bonus payment which is linked to the profit performance of the Group and individual performance. A share option scheme has also been established for employees of the Group. No share option was granted nor exercised during the year. There were 5,970,000 outstanding share options as at 31 March 2015.

# Biographical Details of Directors and Senior Management

# FIVE YEARS FINANCIAL SUMMARY

A summary of the results and of the assets and liabilities of the Group for the past five financial years is set out on pages 103 and 104 of this annual report.

## PRE-EMPTIVE RIGHTS

There are no provisions for pre-emptive rights under the Company's Bye-Laws or the laws of Bermuda which would oblige the Company to offer new shares on a pro rata basis to existing shareholders of the Company.

### MAJOR SUPPLIERS AND CUSTOMERS

The largest supplier and the five largest suppliers of the Group accounted for approximately 68% and 100%, respectively, of the Group's total purchases during the year.

The largest customer and the five largest customers of the Group accounted for approximately 61% and 100%, respectively, of the Group's total sales for the year.

None of the Directors or any of their associates or any shareholders (which, to the best knowledge of the Directors, own more than 5% of the Company's issued share capital) had any beneficial interest in the Group's five largest suppliers or customers.

# PURCHASE, SALE OR REDEMPTION OF LISTED SECURITIES

Neither the Company nor any of its subsidiaries has purchased, sold or redeemed any of the Company's listed shares during the year ended 31 March 2015.

#### **AUDITORS**

Except for the change of the Company's auditor from SHINEWING (HK) CPA Limited to Zenith CPA Limited during the year ended 31 March 2011 and from Zenith CPA Limited to Elite Partners CPA Limited during the year ended 31 March 2013, there was no other change in auditors of the Company in any of the proceeding three years. Elite Partners CPA Limited will retire and a resolution for their re-appointment will be proposed at the forthcoming annual general meeting.

On behalf of the Board

#### Zhou Bao Yi

Executive Director

30 June 2015

In the opinion of the board of directors of the Company (the "Board"), the Company has complied with the Code of Corporate Governance Practices (the "Code") set out in Appendix 14 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules") throughout the year ended 31 March 2015 except for certain deviations disclosed herein.

### **DIRECTORS' SECURITIES TRANSACTIONS**

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers ("Model Code") set out in Appendix 10 to the Listing Rules as the code of conduct regarding securities transactions by its directors. Having made specific enquiry, all directors have confirmed that they have fully complied with the required standard set out in the Model Code during the year.

### **BOARD OF DIRECTORS**

The Board is responsible for the leadership and control of the Group and oversees the Group's businesses, strategic decisions and performance. The Board has delegated the day-to-day responsibility to the executive directors and senior management who perform their duties under the leadership of the Board.

The Board currently consists of five executive directors and four Independent non-executive directors. One of our Independent non-executive directors has relevant financial management expertise required by the Listing Rules. The directors have no financial, business, family or other material/relevant relationship among themselves.

The Company has received annual confirmations of independence from independent non-executive directors and the Company considers that all of independent non-executive directors are independent.

Given the nature and business objective of the Company, the Board has a balance of skill and experience appropriate for the requirements of the business of the Company. The list of directors and their respective biographies are set out on pages 8 and 10 of this annual report.

### DIRECTORS' ATTENDANCE RECORD AT MEETINGS

The attendance of each director at the Board meetings, certain committee meetings and general meetings during the year is as follows:

	Attended/Eligible to attend							
	Board meeting	Audit Committee meeting	Remuneration Committee meeting	Nomination Committee meeting	General meeting

## CHAIRMAN AND EXECUTIVE DIRECTORS

Under A2.1 of the Code, the roles of Chairman and chief executive officer should be separate and should not be performed by the same individual.

Mr. Jia Hong Sheng is the Chairman of the Board. The Chairman is responsible for providing leadership for the Board of Directors and ensuring that the Board of Directors works effectively. Dr. Li Zhong Yuan, Mr. Zhou Bao Yi, Mr. Chung Ho and Mr. Wang Jingming, the executive directors, are responsible for the Group's overall business development, implementation and management.

### NON-EXECUTIVE DIRECTORS

Under A.4.1 of the Code, the non-executive directors should be appointed for a specific term, subject to re-election. Currently, none of the Non-executive Directors is appointed for a specific term, but are subject to retirement by rotation and re-election at the Company's annual general meeting in accordance with the Company's Bye-laws.

### REMUNERATION COMMITTEE

The Company established its remuneration committee on 31 March 2007 with specific written terms of reference. The remuneration committee is responsible for making recommendations to the Board on, among other things, the Company's policy and structure for the remuneration of all directors and senior management of the Company and is delegated by the Board with the responsibility to determine on behalf of the Board the specific remuneration packages for all executive directors and senior management of the Company. Details of remuneration of the directors for the year are disclosed in note 14 to the consolidated financial statements. The remuneration committee comprises three independent non-executive directors, namely Mr. Mu Xiang Ming as the chairman, Dr. Yan Shi Yun and Mr. Jiang Bo. One meeting was held during the year and all committee members attended that meeting.

#### NOMINATION COMMITTEE

The Company established its nomination committee on 30 March 2012 with specific written terms of reference. The nomination committee is responsible for reviewing the structure, size and composition of the Board, making recommendations to the Board on appointment of the directors and assessing the independence of independent non-executive directors. According to the board diversity policy adopted by the nomination committee, board diversity has been considered from a number of aspects, including but not limited to gender, age, cultural and educational background, professional experience, skills, knowledge and length of service etc. All Board appointments will be based on meritocracy, and candidates will be considered against objective criteria, having due regard for the benefits of diversity on the Board. Selection of candidates will be based on a range of diversity perspectives, including but not limited to gender, age, cultural and educational background, ethnicity, professional experience, skills, knowledge and length of service etc. The final decision will be based on merit and contribution that the selected candidates will bring to the Board. The nomination committee comprises Mr. Mu Xiang Ming as the chairman and Mr. Jiang Bo and Dr. Yan Shi Yun as members. One meeting was held during the year and all committee members except Mr. Mu Xiang Ming attended that meeting.

### AUDITOR'S REMUNERATION

The Company's external auditors are Messrs. Elite Partners CPA Limited. For the year ended 31 March 2015, the external auditor's remuneration for audit services was HK\$730,000.

The statement of the auditors of the Company regarding their reporting responsibilities is set out in the Independent Auditor's Report on pages 22 to 24 of this annual report.

#### REMUNERATION OF SENIOR MANAGEMENT

The remuneration of the members of the senior management by band for the year ended 31 March 2015 is set out below:

Remuneration bands Number of persons

Up to HK\$1,000,000 HK\$1,000,001 and above .

#### AUDIT COMMITTEE

The Group's audit committee has reviewed with management the accounting principles and practices adopted by the Group and discussed the auditing, internal controls and financial reporting matters including the review of the Group's audited results for the year ended 31 March 2015.

During the year, the audit committee has performed the following duties:

- reviewed with the management and the external auditors the audited consolidated financial statements for the year ended 31 March 2014 and the unaudited interim financial statements for the six months ended 30 September 2014, with recommendations to the Board for approval;
- reviewed reports on internal control system covering financial, operational, procedural compliance and risk management functions; and
- reviewed the compliance issues with the regulatory and statutory requirements; and
- reviewed the appointment, reappointment and removal and performance of the external auditor.

The Audit Committee has also reviewed with the management of the Company the accounting principles and practices adopted by the Group and the financial statements for the year ended 31 March 2015.

The audit committee comprises one executive director, Mr. Zhou Bao Yi, and three independent non-executive directors namely Dr. Yan Shi Yun, Mr. Mu Xiang Ming and Mr. Jiang Bo. The Chairman of the Audit Committee, Mr. Jiang Bo, possesses relevant financial management expertise and meets the requirements of rule 3.21 of the Listing Rules.

### **ACCOUNTABILITY**

The directors are responsible for the preparation of the accounts of the Group for the relevant accounting periods under applicable statutory and regulatory requirements which give true and fair view of the state of affairs, the results of operations and cash flows of the Group. In preparing the financial statements for the six months ended 30 September 2014 and for the year ended 31 March 2015, the directors have adopted suitable accounting policies and applied them consistently. The directors are also responsible for keeping proper accounting records with reasonable accuracy for safeguarding the assets of the Group and for taking reasonable steps for the prevention and detection of fraud and other irregularities. The financial statements for the reporting year have been prepared on a going concern basis, details of which are set out in note 2 to the consolidated financial statements.

The Board has not taken any different view from that of the audit committee regarding the selection, appointment, resignation or dismissal of external auditors.

### INTERNAL CONTROL

The Board has, through the audit committee, conducted interim and annual review of the effectiveness of the internal control system of the Group covering the financial, operational, procedural compliance and risk management functions. The internal control system is designed to provide reasonable, but not absolute, assurance of no material misstatement or loss and to manage rather than eliminate risks of failure in operational systems and achievements of the Group's objectives.

Based on its assessment which covers all material controls including financial, operational and compliance controls and risk management functions, the Board believes that for the year ended 31 March 2015, the Company's internal control is effective. The Board is satisfied that there are adequate resources of staff with appropriate qualifications and experience in its accounting and financial reporting team and that sufficient training and budget have been provided.

### COMPANY SECRETARY

During the year ended 31 March 2015, Mr. Tsui Siu Hung Raymond, the Company Secretary, has taken no less than 15 hours of relevant professional training. Biographical details of Mr. Tsui are set out in the section headed "Biographical details of Directors and Senior Management" in this annual report.

## **DIRECTORS' TRAINING**

Each newly appointed Director has received comprehensive, formal and tailored induction on the first occasion of his appointment, so as to ensure that he has appropriate understanding of the business and operations of the Group and that he is fully aware of his responsibilities and obligations under the Listing Rules and relevant regulatory requirements. There are also arrangements in place for providing continuing briefing and professional development to Directors at the Company's expenses whenever necessary.

During the year, all Directors, namely Mr. Jia Hong Sheng, Dr. Li Zhong Yuan, Mr. Zhou Bao Yi, Mr. Chung Ho, Mr. Wang Jingming, Dr. Yan Shi Yun, Mr. Mu Xiang Ming, Mr. Jiang Bo and Mr. Zhao Hua were provided with regular updates on the Group's business and operations. An in house briefing was organised for Directors during the year to update the Directors on the directors duties and the Listing Rules.

#### SHAREHOLDERS' RIGHTS

The Directors believes that effective communication with the shareholders in a timely basis is essential. Shareholders can, by written requisition to the Board or the Secretary of the Company, to convene an extraordinary general meeting, subject to the provision of the Company's Bye-laws 58.

Shareholders are provided with contact details of the Company, such as telephone number, fax number, email address and postal address in the Company's website (http://chc673.com), in order to enable them to make any query that they may have with respect to the Company. They can also put forward their proposals at shareholders' meetings through these means subject to the provision as set out in the Company's Bye-Laws.

### INVESTOR RELATIONS

The Company believes in regular and timely communication with shareholders as part of its efforts to help shareholders understand its business better and the way the Company operates. To promote effective communication with the public, the Company maintains a website (http://chc673.com) on which comprehensive information about the Company's major businesses, press releases, notices, financial information, announcements, annual and interim reports and shareholders circulars are being made available.

There was no change in the Company's constitutional documents during the year ended 31 March 2015.

# **Independent** Auditor's Report

# TO THE SHAREHOLDERS OF CHINA HEALTHCARE HOLDINGS LIMITED

(incorporated in Bermuda with limited liability)

We have audited the consolidated financial statements of China Healthcare Holdings Limited (the "Company") and its subsidiaries (collectively referred to as the "Group") set out on pages 25 to 102, which comprise the consolidated statement of financial position as at 31 March 2015, and the consolidated statement of profit or loss, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

# DIRECTORS' RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### **AUDITOR'S RESPONSIBILITY**

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. Our report is made solely to you, as a body, in accordance with Section 90 of the Bermuda Companies Act 1981, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

# Independent Auditor's Report (Continued)

# AUDITOR'S RESPONSIBILITY (continued)

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **OPINION**

In our opinion, the consolidated financial statements give a true and fair view of the state of affairs of the Company and of the Group as at 31 March 2015, and of the Group's loss and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards and have been properly prepared in accordance with the disclosure requirements of the Hong Kong Companies Ordinance.

# **Independent** Auditor's Report (Continued)

# **EMPHASIS OF MATTER**

We draw attention to note 2 to the consolidated financial statements, which states that the Group incurred a net loss of approximately HK\$68,663,000 during the year ended 31 March 2015. Such condition, along with other matters as set forth in note 2, indicates the existence of a significant uncertainty that may cast significant doubt about the Group's ability to continue as a going concern.

These reserve amounts comprise the consolidated deficiency in reserves of approximately HK\$60,176,000 (2014: HK\$204,940,000) in the consolidated statement of financial position.

# Consolidated Statement of Changes In Equity (Continued)

Year ended 31 March 2015

Notes:

#### (a) Share premium

Share premium represents premium arising from the issue of shares at a price in excess of their par value per share and is not distributable but may be applied in paying up unissued shares of the Company to be issued to the shareholders of the Company as fully paid bonus shares or in providing for the premiums payable on repurchase of shares.

#### (b) Contributed surplus

The contributed surplus arose in the previous years represented the net effect of the capital reduction, the share premium cancellation and the elimination of accumulated losses of the Company. Under the Companies Act 1981 of Bermuda (as amended), the contributed surplus account of the Company is available for distribution. However the Company cannot declare or pay a dividend, or make a distribution out of contributed surplus if:

- it is, or would after the payment be, unable to pay its liabilities as they become due; or
- the realisable value of its assets would thereby be less than the aggregate of its liabilities and its issued share capital and share premium accounts.

In the opinion of the directors of the Company, as at 31 March 2015, the Company did not have any reserve available for distribution to shareholders.

#### (c) Statutory reserves

Statutory reserves, which are non-distributable, are appropriated from the profit after tax of subsidiaries of the Company in the People's Republic of China (the "PRC") under the applicable laws and regulations in the PRC.

#### (d) Convertible bonds reserve

The convertible bonds reserve represents the value of the unexercised/repurchased equity component of convertible bonds issued by the Company recognised in accordance with the accounting policy adopted for convertible bonds set out in note 5 to the consolidated financial statements.

#### (e) Foreign currency translation reserve

The foreign currency translation reserve comprises all foreign exchange differences arising from the translation of the financial statements of foreign operations. The reserve is dealt with in accordance with the accounting policies set out in note 5 to the consolidated financial statements.

#### (f) Share options reserve

Share options reserve represents the fair value of unexercised share options granted by the Company recognised in accordance with the accounting policy of share-based payments set out in note 5 to the consolidated financial statements.

# Notes to the Consolidated Financial Statements

31 March 2015

# 1. GENERAL INFORMATION

The Company is a limited liability company incorporated in Bermuda and its shares are listed on the Main Board of The Stock Exchange of Hong Kong Limited (the "Stock Exchange"). The registered office of the Company is located at Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda, and principal place of business is located at Unit 801, 8/F., China Insurance Group Building, 141 Des Voeux Road Central, Hong Kong.

The principal activity of the Company is investment holding. The principal activities of its subsidiaries are engaged in the provision of B-to-C consumer services, healthcare services and distribution of cooling system.

### 2. BASIS OF PRESENTATION

In preparing the consolidated financial statements, the directors of the Company have given careful consideration to the future liquidity of the Group in light of the Group incurred a net loss of approximately HK\$68,663,000 during the year ended 31 March 2015.

Such condition indicate the existence of a material uncertainty which may cast significant doubt on the Group's ability to continue as a going concern. Nevertheless, these consolidated financial statements have been prepared on a going concern basis.

The Group has been in the active process of explore new business, and meanwhile implementing stringent cost control measure to further improve the liquidity position of the Group. Under these circumstances, the directors are of the opinion that it is appropriate to prepare the consolidated financial statements for the year ended 31 March 2015 on a going concern basis.

Should the Group be unable to continue to operate as a going concern, adjustments would have to made to write down the value of assets to their recoverable amounts, to provide for future liabilities which might arise and to reclassify non-current assets and non-current liabilities to current respectively. The effect of these adjustments has not been reflected in the consolidated financial statements.

# **Notes** to the Consolidated Financial Statements (Continued)

### 3. BASIS OF PREPARATION

The consolidated financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") (which include all Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA"), accounting principles generally accepted in Hong Kong and the disclosure requirements of the Hong Kong Companies Ordinance. They have been prepared under the historical cost convention, except for certain financial instruments which are measured at fair value.

The consolidated financial statements are presented in Hong Kong dollars ("HK\$"), which is different from the functional currency of the Company, Renminbi ("RMB"). As the Company is listed in Hong Kong, the Directors consider that it is appropriate to present the consolidated financial statements in HK\$. The majority of the Company's subsidiaries are operating in the People's Republic of China (the "PRC") with RMB as their functional currency.

#### Basis of consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries for the year ended 31 March 2015. The financial statements of the subsidiaries are prepared for the same reporting period as the Company, using consistent accounting policies. The results of subsidiaries are consolidated from the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases. All intra-group balances, transactions, unrealised gains and losses resulting from intra-group transactions and dividends are eliminated on consolidation in full. Adjustments are made to bring into line any dissimilar accounting policies that may exist.

Profit or loss and each component of other comprehensive income are attributed to the owners of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control described in the accounting policy for subsidiaries below. A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

# Notes to the Consolidated Financial Statements (Continued)

# 3. BASIS OF PREPARATION (continued)

#### Basis of consolidation (continued)

If the Group loses control over a subsidiary, it derecognises (i) the assets (including goodwill) and liabilities of the subsidiary, (ii) the carrying amount of any non-controlling interest and (iii) the cumulative translation differences recorded in equity; and recognises (i) the fair value of the consideration received, (ii) the fair value of any investment retained and (iii) any resulting surplus or deficit in profit or loss. The Group's share of components previously recognised in other comprehensive income is reclassified to profit or loss or retained profits/accumulated losses, as appropriate.

# 4. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS

# (a) Amendments to HKFRSs and the new Interpretation that are mandatorily effective for the current year

The Group has applied for the first time in the current year the following amendments to HKFRSs and a new Interpretation issued by the HKICPA.

Amendments to HKFRS 10,	Investment entities
HKFRS 12 and HKAS 27	
Amendments to HKAS 32	Offsetting financial assets and financial liabilities
Amendments to HKAS 36	Recoverable amount disclosures for non-financial assets
Amendments to HKAS 39	Novation of derivatives and continuation of hedge
	accounting
HK(IFRIC) – INT 21	Levies

Except for as described below, the application of the above new or revised HKFRSs in the current year has had no material impact on the Group's financial performance and positions for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

## 4. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS (continued)

(a) Amendments to HKFRSs and the new Interpretation that are mandatorily effective for the current year (continued)

#### Amendments to HKFRS 10, HKFRS 12 and HKAS 27 Investment Entities

The Group has applied the amendments to HKFRS 10, HKFRS 12 and HKAS 27 Investment Entities for the first time in the current year. The amendments to HKFRS 10 define an investment entity and require a reporting entity that meets the definition of an investment entity not to consolidate its subsidiaries but instead to measure its subsidiaries at fair value through profit or loss in its consolidated and separate financial statements.

To qualify as an investment entity, a reporting entity is required to:

- obtain funds from one or more investors for the purpose of providing them with investment management service;
- commit to its investor(s) that its business purpose is to invest funds solely for returns from capital appreciation, investment income, or both; and
- measure and evaluate performance of substantially all of its investments on a fair value basis.

Consequential amendments have been made to HKFRS 12 and HKAS 27 to introduce new disclosure requirements for investments entities.

The Company is not an investment entity (assessed based on the criteria set out in HKFRS 10 as at 1 April 2014), the application of the amendments has had no impacts on the disclosures or the amounts recognised in the Group's consolidated financial statements.

## 4. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS (continued)

## (b) New and revised Standards and Interpretations issued but not yet effective

The Group has not early applied the following new and revised HKFRSs that have been issued but are not yet effective.

HKFRS 9	Financial Instruments <sup>6</sup>
HKFRS 14	Regulatory Deferral Accounts <sup>4</sup>
HKFRS 15	Revenue from Contracts with Customers <sup>5</sup>
Amendments to HKFRS 11	Accounting for Acquisitions of Interests in Joint Operations <sup>3</sup>
Amendments to HKAS 1	Disclosure Initiative <sup>3</sup>
Amendments to HKAS 16	Clarification of Acceptable Methods of Depreciation and
and HKAS 38	Amortisation <sup>3</sup>
Amendments to HKAS 16	Agriculture: Bearer Plants <sup>3</sup>
and HKAS 41	
Amendments to HKAS 19	Defined Benefit Plans: Employee Contributions <sup>1</sup>
Amendments to HKAS 27	Equity Method in Separate Financial Statements <sup>3</sup>
Amendments to HKFRS 10	Sale or Contribution of Assets between an Investor and
and HKAS 28	its Associate or Joint Venture <sup>3</sup>
Amendments to HKFRS 10,	Investment Entities: Applying the Consolidation
HKFRS 12 and HKAS 28	Exception <sup>3</sup>
Amendments to HKFRSs	Annual Improvements to HKFRSs 2010-2012 Cycle <sup>2</sup>
Amendments to HKFRSs	Annual Improvements to HKFRSs 2011-2013 Cycle <sup>1</sup>
Amendments to HKFRSs	Annual Improvements to HKFRSs 2012-2014 Cycle <sup>3</sup>

- <sup>1</sup> Effective for accounting periods beginning on or after 1 July 2014
- Effective for accounting periods beginning on or after 1 July 2014 with limited exceptions
- Effective for accounting periods beginning on or after 1 January 2016
- Effective for first annual financial statements beginning on or after 1 January 2016
- Effective for accounting periods beginning on or after 1 January 2017
- <sup>6</sup> Effective for accounting periods beginning on or after 1 January 2018

- 4. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS (continued)
  - (b) New and revised Standards and Interpretations issued but not yet effective (continued)

### **HKFRS 9 Financial Instruments**

HKFRS 9 issued in 2009 introduces new requirements for the classification and measurement of financial assets. HKFRS 9 was subsequently amended in 2010 to include the requirements for the classification and measurement of financial liabilities and for derecognition, and further amended in 2013 to include the new requirements for hedge accounting. Another revision version of HKFRS 9 was issued in 2014 mainly to include (a) impairment requirements for financial assets and (b) limited amendments to the classification and measurement requirements by introducing a "fair value through other comprehensive income" measurement category for certain simple debt instruments.

Key requirements of HKFRS 9 are described below:

- All recognised financial assets that are within the scope of HKAS 39 "Financial Instruments: Recognition and Measurement" are subsequently measured at amortised cost or fair value. Under HKFRS 9, debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortised cost at the end of subsequent accounting periods. All other debt investments and equity investments are measured at their fair values at the end of subsequent reporting periods. In addition, under HKFRS 9, entities may take an irrevocable election to present subsequent changes in the fair value of an equity investment (that is not held for trading) in other comprehensive income, with only dividend income generally recognised in profit or loss.
- With regard to the measurement of financial liabilities designated as at fair value through profit or loss, HKFRS 9 requires that the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is presented in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss. Changes in fair value of financial liabilities attributable to changes in the financial liabilities' credit risk are not subsequently reclassified to profit or loss. Under HKAS 39, the entire amount of the change in fair value of the financial liabilities designated as at fair value through profit or loss was presented in profit or loss.

## 4. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS (continued)

(b) New and revised Standards and Interpretations issued but not yet effective (continued)

#### HKFRS 9 Financial Instruments (continued)

- In relation to the impairment of financial assets, HKFRS 9 requires an expected credit loss model, as opposed to an incurred credit loss model under HKAS 39. The expected credit loss model requires an entity to account for expected credit losses and changes in those expected credit losses at each reporting date to reflect changes in credit risk since initial recognition. In other words, it is no longer necessary for a credit event to have occurred before credit losses are recognised.
- The new general hedge accounting requirements retain the three types on hedge accounting mechanisms currently available in HKAS 39. Under HKFRS 9, greater flexibility has been introduced to the types of transactions eligible for hedge accounting, specifically broadening the types of instruments that qualify for hedge accounting. In additions, the effectiveness test has been overhauled and replaced with the principle of an "economic relationship". Retrospective assessment of hedge effectiveness is also no longer required. Enhanced disclosure requirements about an entity's risk management activities have also been introduced.

The directors of the Company anticipate that the adoption of HKFRS 9 in the future may have a significant impact on the amounts reported in respect of the Group's financial assets (e.g. (i) the Group's investments in unlisted equity securities, listed and unlisted debt securities that are currently classified as available-for-sale financial assets may have to be measured at fair value at the end of subsequent reporting periods, with changes in the fair value being recognised in profit or loss; and (ii) unlisted convertible debt securities of which the host contract currently classified as available-for-sale financial assets while the embedded derivative currently classified as financial assets at fair value through profit or loss, may have to be measured at fair value at the end of subsequent reporting entirely, with changes in the fair value being recognised in profit or loss). Regarding the Group's financial assets, it is not practicable to provide a reasonable estimate of that effect until a detailed review has been completed.

### 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Subsidiaries**

A subsidiary is an entity (including a structured entity), directly or indirectly, controlled by the Company. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee (i.e., existing rights that give the Group the current ability to direct the relevant activities of the investee).

When the Company has, directly or indirectly, less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- (a) the contractual arrangement with the other vote holders of the investee;
- (b) rights arising from other contractual arrangements; and
- (c) the Group's voting rights and potential voting rights.

The results of subsidiaries are included in the Company's statement of profit or loss to the extent of dividends received and receivable. The Company's investments in subsidiaries that are not classified as held for sale in accordance with HKFRS 5 are stated at cost less any impairment losses.

## Business combinations and goodwill

Business combinations are accounted for using the acquisition method. The consideration transferred is measured at the acquisition date fair value which is the sum of the acquisition date fair values of assets transferred by the Group, liabilities assumed by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. For each business combination, the Group elects whether it measures the non-controlling interests in the acquiree that are present ownership interests and entitle their holders to a proportionate share of net assets in the event of liquidation either at fair value or at the proportionate share of the acquiree's identifiable net assets. All other components of non-controlling interests are measured at fair value. Acquisition costs are expensed as incurred.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

## 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### Business combinations and goodwill (continued)

If the business combination is achieved in stages, the acquisition date fair value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value as at the acquisition date through profit or loss.

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration which is deemed to be an asset or liability will be recognised in accordance with HKAS 39 either in profit or loss or as a charge to other comprehensive income. If the contingent consideration is classified as equity, it will not be remeasured. Subsequent settlement is accounted for within equity. In instances where the contingent consideration does not fall within the scope of HKAS 39, it is measured in accordance with the appropriate HKFRS.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred, the amount recognised for non-controlling interests and any fair value of the Group's previously held equity interests in the acquiree over the identifiable net assets acquired and liabilities assumed. If the sum of this consideration and other items is lower than the fair value of the net assets of the subsidiary acquired, the difference is, after reassessment, recognised in profit or loss as a gain on bargain purchase.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. Goodwill is tested for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired. The Group performs its annual impairment test of goodwill as at 31 March. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units, or groups of cash-generating units, that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the Group are assigned to those units or groups of units.

Impairment is determined by assessing the recoverable amount of the cash-generating unit (group of cash-generating units) to which the goodwill relates. Where the recoverable amount of the cash-generating unit (group of cash-generating units) is less than the carrying amount, an impairment loss is recognised. An impairment loss recognised for goodwill is not reversed in a subsequent period.

Where goodwill forms part of a cash-generating unit (group of cash-generating units) and part of the operation within that unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on disposal of the operation. Goodwill disposed of in this circumstance is measured based on the relative values of the operation disposed of and the portion of the cash-generating unit retained.

## 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### Impairment of non-financial assets

Where an indication of impairment exists, or when annual impairment testing for an asset is required (other than inventories, financial assets and goodwill), the asset's recoverable amount is estimated. An asset's recoverable amount is the higher of the asset's or cash-generating unit's value in use and its fair value less costs to sell, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case the recoverable amount is determined for the cash-generating unit to which the asset belongs.

An impairment loss is recognised only if the carrying amount of an asset exceeds its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. An impairment loss is charge to profit or loss in the period in which it arises in those expense categories consistent with the function of the impaired asset.

An assessment is made at the end of each reporting period as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such an indication exists, the recoverable amount is estimated. A previously recognised impairment loss of an asset other than goodwill is reversed only if there has been a change in the estimates used to determine the recoverable amount of that asset, but not to an amount higher than the carrying amount that would have been determined (net of any depreciation/amortisation) had no impairment loss been recognised for the asset in prior years. A reversal of such an impairment loss is credited to profit or loss in the period in which it arises, unless the asset is carried at a revalued amount, in which case the reversal of impairment loss is accounted for in accordance with the relevant accounting policy for that revalued asset.

### Related parties

A party is considered to be related to the Group if:

- (a) the party is a person or a close member of that person's family and that person
  - (i) has control or joint control over the Group;
  - (ii) has significant influence over the Group; or
  - (iii) is a member of the key management personnel of the Group or of a parent of the Group;

## 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### Related parties (continued)

or

- (b) the party is an entity where any of the following conditions applies:
  - (i) the entity and the Group are members of the same group;
  - (ii) one entity is an associate or joint venture of the other entity (or of a parent, subsidiary or fellow subsidiary of the other entity);
  - (iii) the entity and the Group are joint venture of the same third party;
  - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
  - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group;
  - (vi) the entity is controlled or jointly controlled by a person identified in (a); and
  - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

### Property, plant and equipment and depreciation

Property, plant and equipment, other than construction in progress, are stated at cost less accumulated depreciation and any impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use.

Expenditure incurred after items of property, plant and equipment have been put into operation, such as repairs and maintenance, is normally charged to profit or loss in the period in which it is incurred. In situations where the recognition criteria are satisfy, the expenditure for a major inspection is capitalised in the carrying amount of the asset as a replacement. Where significant parts of property, plant and equipment are required to be replaced at intervals, the Group recognises such parts as individual assets with specific useful lives and depreciates them accordingly.

## 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### Property, plant and equipment and depreciation (continued)

Depreciation is calculated on the straight-line basis to write off the cost of cash item of property, plant and equipment to residual values over its estimated useful life. The principal annual rates used for this purpose are as follows:

Furniture, fixtures and equipment 20% Motor vehicles 30%

Where parts of an item of property, plant and equipment have different useful lives, the cost of that item is allocated on a reasonable basis among the parts and each part is depreciated separately. Residual values, useful lives and the depreciation method are reviewed, and adjusted if appropriate, at least at each financial year end.

Gains or losses arising from the retirement or disposal of an item of property, plant and equipment are determined as the difference between the net proceeds on disposal and the carrying amount of the item and are recognised in profit or loss on the date of retirement or disposal.

### Intangible assets (other than goodwill)

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is the fair value as at the date of acquisition. The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are subsequently amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year end.

Intangible assets with indefinite useful lives are tested for impairment annually either individually or at the cash-generating unit level. Such intangible assets are not amortised. The useful life of an intangible asset with an indefinite life is reviewed annually to determine whether the indefinite life assessment continues to be supportable. If not, the change in the useful life assessment from indefinite to finite is accounted for on a prospective basis.

## 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Leases

#### The Group as lessee

Operating lease payments are recognised as an expense on a straight-line basis over the lease term, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

#### Financial instruments

Financial assets and financial liabilities are recognised in the consolidated statement of financial position when a group entity becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss.

#### Financial assets

The Group's financial assets are classified into loans and receivables, available-for-sale financial assets and financial asset at FVTPL. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

#### Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period to the net carrying amount on initial recognition.

Interest income is recognised on an effective interest basis for debt instruments.

## 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Financial instruments (continued)

#### Financial assets (continued)

#### Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Subsequent to initial recognition, loans and receivables (including trade receivables, deposits and other receivables, restricted bank balances, cash and bank balances) are carried at amortised cost using the effective interest method, less any identified impairment losses (see accounting policy on impairment of financial assets below).

#### Available-for-sale financial assets

Available-for-sale financial assets are non-derivatives that are either designated as available-for-sale or not classified as financial assets at fair value through profit or loss, loans and receivables or held-for-maturity investments.

Equity and debt securities held by the Group that are classified as available-for-sale financial assets and are traded in an active market are measured at fair value at the end of each reporting period. Changes in the carrying amount of available-for-sale monetary financial assets relating to interest income calculated using the effective interest method and dividends on available-for-sale equity investments are recognised in profit or loss. Other changes in the carrying amount of available-for-sale financial assets are recognised in other comprehensive income and accumulated under the heading of investments revaluation reserve. When the investment is disposed of or is determined to be impaired, the cumulative gain or loss previously accumulated in the investments revaluation reserve is reclassified to profit or loss.

The fair value of available-for-sale monetary financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate prevailing at the end of the reporting period. The foreign exchange gains and losses that are recognised in profit or loss are determined based on the amortised cost of the monetary asset. Other foreign exchange gains and losses are recognised in other comprehensive income.

For available-for-sale equity investments that do not have a quoted market price in an active market and whose fair value cannot be reliably measured and derivatives that are linked to and must be settled by delivery of such unquoted equity instruments, they are measured at cost less any identified impairment losses at the end of the reporting period.

Dividends on available-for-sale equity investments are recognised in profit or loss when the Group's right to receive the dividends is established.

## 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### Financial instruments (continued)

#### Financial assets (continued)

Financial assets at FVTPL

Financial assets are classified as at FVTPL when the financial asset is either held for trading or it is designated as at FVTPL.

A financial asset is classified as held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designed and effective as a hedging instrument.

A financial asset other than a financial asset held for trading may be designed as at FVTPL upon initial recognition if:

- such designation eliminated or significantly reduces a measurement or recognition inconsistency that would otherwise arise; or
- the financial asset forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Group's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and HKAS 39 Financial Instruments: Recognition and Measurement permits the entire combined contract (asset or liability) to be designated as at FVTPL.

Financial assets at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the "other gains and losses" line item in the consolidated statement of comprehensive income.

## 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### Financial instruments (continued)

#### Impairment of financial assets

The Group assesses at the end of each reporting period whether there is any objective evidence that a financial asset or a group of financial assets is impaired. A financial asset or a group of financial assets is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (an incurred "loss event") and that loss event has an impact on the estimated future cash flows of the financial asset or the group of financial assets that can be reliably estimated. Evidence of impairment may include indications that a debtor or a group of debtors is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganisation and observable data indicating that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

### Financial assets carried at amortised cost

For financial assets carried at amortised cost, the Group first assesses individually whether objective evidence of impairment exists for financial assets that are individually significant, or collectively for financial assets that are not individually significant. If the Group determines that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, it includes the asset in a group of financial assets with similar credit risk characteristics and collectively assesses them for impairment. Assets that are individually assessed for impairment and for which an impairment loss is, or continues to be, recognised are not included in a collective assessment of impairment.

If there is objective evidence that an impairment loss has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not yet been incurred). The present value of the estimated future cash flows is discounted at the financial asset's original effective interest rate (i.e., the effective interest rate computed at initial recognition). If a loan has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate.

The carrying amount of the asset is reduced through the use of an allowance account and the amount of the loss is recognised in profit or loss. Interest income continues to be accrued on the reduced carrying amount and is accrued using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss. Loans and receivables together with any associated allowance are written off when there is no realistic prospect of future recovery and all collateral has been realised or has been transferred to the Group.

## 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### Financial instruments (continued)

#### Impairment of financial assets (continued)

#### Financial assets carried at amortised cost (continued)

If, in a subsequent period, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognised, the previously recognised impairment loss is increased or reduced by adjusting the allowance account. If a future write-off is later recovered, the recovery is credited to other expenses in profit or loss.

#### Financial liabilities and equity instruments

Financial liabilities and equity instruments issued by a group entity are classified according to the substance of the contractual arrangements entered into and the definition of a financial liability and an equity instrument.

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all its liabilities. The Group's financial liabilities are generally classified into other financial liabilities.

#### Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or, where appropriate, a shorter period.

Interest expense is recognised on an effective interest basis.

#### Other financial liabilities

Other financial liabilities including trade and other payables, amounts due to directors, interestbearing loans from a director and a shareholder are subsequently measured at amortised cost, using the effective interest method.

## 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Financial instruments (continued)

#### Financial liabilities and equity instruments (continued)

Convertible bonds containing liability and equity components

Convertible bonds issued by the Group that contain both the liability and conversion option components are classified separately into respective items on initial recognition. Conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is classified as an equity instrument.

On initial recognition, the fair value of the liability component is determined using the prevailing market interest of similar non-convertible debts. The difference between the gross proceeds of the issue of the convertible bonds and the fair value assigned to the liability component, representing the conversion option for the holder to convert the bonds into equity, is included in equity (convertible bonds reserve).

In subsequent periods, the liability component of the convertible bonds is carried at amortised cost using the effective interest method. The equity component, representing the option to convert the liability component into ordinary shares of the Company, will remain in convertible bonds reserve until the embedded option is exercised (in which case the balance stated in convertible bonds reserve will be transferred to share premium). Where the option remains unexercised at the expiry date, the balance stated in convertible bonds reserve will be released to the accumulated losses. No gain or loss is recognised in profit or loss upon conversion or expiration of the option.

Transaction costs that relate to the issue of the convertible bonds are allocated to the liability and equity components in proportion to their relative fair values. Transaction costs relating to the conversion option derivative is charged to profit or loss immediately. Transaction costs relating to the liability component are included in the carrying amount of the liability portion and amortised over the period of the convertible bonds using the effective interest method.

Convertible bonds containing liability component and conversion option derivative

Convertible bonds issued by the Group that contain both liability and conversion option components are classified separately into respective items on initial recognition. Conversion option that will be settled other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is a conversion option derivative. At the date of issue, both the liability and conversion option components are recognised at fair value.

## 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Financial instruments (continued)

#### Financial liabilities and equity instruments (continued)

Convertible bonds containing liability component and conversion option derivative (continued) In subsequent periods, the liability component of the convertible bonds is carried at amortised cost using the effective interest method. The conversion option derivative is measured at fair value with changes in fair value recognised in profit or loss.

Transaction costs that relate to the issue of the convertible bonds are allocated to the liability and conversion option components in proportion to their relative fair values. Transaction costs relating to the conversion option derivative is charged to profit or loss immediately. Transaction costs relating to the liability component are included in the carrying amount of the liability portion and amortised over the period of the convertible bonds using the effective interest method.

#### Redeemable convertible cumulative preference shares

Redeemable convertible cumulative preference shares which entitle the holder to convert into equity instruments, other than into a fixed number of equity instruments at a fixed conversion price are regarded as combined instruments consist of a liability and a derivative component. At the date of issue, the fair value of the derivative component is determined using an option pricing model; and this amount is carried as a derivative liability until extinguished on conversion or redemption. The remainder of the proceeds is allocated to the liability component and is carried as a liability at amortised cost using the effective interest method until extinguished on conversion or redemption. The derivative component is measured at fair value with gains or losses recognised in profit or loss.

Transaction costs are apportioned between the liability and derivative components of the redeemable convertible cumulative preference shares based on the allocation of proceeds to the liability and derivative components when the instruments on initial recognition. Transaction costs relating to the liability component are included in the carrying amount of the liability portion and amortised over the period of the redeemable convertible cumulative preference shares using effective interest method. Transaction costs relating to derivative component are charged to profit or loss immediately.

#### Equity instruments

Equity instrument issued by the Company are recorded at the proceeds received, net of direct issue costs.

## 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Financial instruments (continued)

#### Derecognition

Financial assets are derecognised when the rights to receive cash flows from the assets expire or, the financial assets are transferred and the Group has transferred substantially all the risks and rewards of ownership of the financial assets.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss.

On derecognition of a financial asset other than in its entirety (e.g. when the Group retains an option to repurchase part of a transferred asset or retains a residual interest that does not result in the retention of substantially all the risks and rewards of ownership and the Group retains control), the Group allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

Financial liabilities are derecognised when the obligation specified in the relevant contract is discharged, cancelled or it expires. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

### Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated statement of financial position if, and only if, there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

## 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### Cash and cash equivalents

For the purpose of the consolidated statement of cash flows, cash and cash equivalents comprise cash on hand and demand deposits, and short term highly liquid investments that are readily convertible into known amounts of cash, are subject to an insignificant risk of changes in value, and have a short maturity of generally within three months when acquired, less bank overdrafts which are repayable on demand and form an integral part of the Group's cash management.

For the purpose of the consolidated statement of financial position, cash and cash equivalents comprise cash on hand and at banks, including term deposits, and assets similar in nature to cash, which are not restricted as to use.

#### **Provisions**

A provision is recognised when a present obligation (legal or constructive) has arisen as a result of a past event and it is probable that a future outflow of resources will be required to settle the obligation, provided that a reliable estimate can be made of the amount of the obligation.

When the effect of discounting is material, the amount recognised for a provision is the present value at the end of the reporting period of the future expenditures expected to be required to settle the obligation. The increase in the discounted present value amount arising from the passage of time is included in finance costs in profit or loss.

### Income tax

Income tax comprises current and deferred tax. Income tax relating to items recognised outside profit or loss is recognised outside profit or loss, either in other comprehensive income or directly in equity.

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period, taking into consideration interpretations and practices prevailing in the countries in which the Group operates.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

## 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### Income tax (continued)

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- when the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of taxable temporary differences associated with investments in subsidiaries, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carryforward of unused tax credits and any unused tax losses. Deferred tax assets are recognised, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, the carryforward of unused tax credits and unused tax losses can be utilised, except:

- when the deferred tax asset relating to the deductible temporary differences arises from the
  initial recognition of an asset or liability in a transaction that is not a business combination
  and, at the time of the transaction, affects neither the accounting profit nor taxable profit
  or loss; and
- in respect of deductible temporary differences associated with investments in subsidiaries, deferred tax assets are only recognised to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

## 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Income tax (continued)

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

### Revenue recognition

Revenue is recognised when it is probable that the economic benefits will flow to the Group and when the revenue can be measured reliably, on the following bases:

- (a) commission income represents amounts earned from distribution of mobile pre-charge and is recognised according to agreement terms;
- (b) service income is recognised when the services are rendered;
- (c) interest income, on an accrual basis using the effective interest method by applying the rate that exactly discounts the estimated future cash receipts through the expected life of the financial instrument or a shorter period, when appropriate, to the net carrying amount of the financial asset.

#### Share-based payment transactions

The fair value of services received determined by reference to the fair value of share options granted at the grant date is expensed on a straight-line basis over the vesting period/recognised as an expenses in full at the grant date when the share options granted vest immediately, with a corresponding increase in equity (share options reserve).

At the end of the reporting period, the Group revises its estimates of the number of options that are expected to ultimately vest. The impact of the revision of the estimates during the vesting period, if any, is recognised in profit or loss, with a corresponding adjustment to share options reserve.

At the time when the share options are exercised, the amount previously recognised in share options reserve will be transferred to share premium. When the share options are forfeited after the vesting date or are still not exercised at the expiry date, the amount previously recognised in share options reserve will continue to be held in share options reserve.

### 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### Share-based payment transactions (continued)

Share options granted to advisors/consultants

Share options issued in exchange for services are measured at the fair values of the services received, unless that fair value cannot be reliably measured, in which case the services received are measured by reference to the fair value of the share options granted. The fair values of the services received are recognised as expenses, with a corresponding increase in equity (share options reserve), when the counterparties render services, unless the services qualify for recognition as assets.

#### Retirement benefits costs

The Group operates a defined contribution Mandatory Provident Fund retirement benefits scheme (the "MPF Scheme") under the Mandatory Provident Fund Schemes Ordinance for all of its employees. Contributions are made based on a percentage of the employees' basic salaries and are charged to profit or loss as they become payable in accordance with the rules of the MPF Scheme. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group's employer contributions vest fully with the employees when contributed into the MPF Scheme.

The employees of the Group's subsidiary which operates in Mainland China are required to participate in a central pension scheme operated by the local municipal government. This subsidiary is required to contribute 5% of its payroll costs to the central pension scheme. The contributions are charged to profit or loss as they become payable in accordance with the rules of the central pension scheme.

### Borrowing costs

All borrowing costs are expensed in the period which they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

### Foreign currencies

In preparing the financial statements of each individual group entity, transactions in currencies other than the functional currency of that entity (foreign currencies) are recorded in the respective functional currency (i.e. the currency of the primary economic environment in which the entity operates) at the rates of exchanges prevailing on the dates of the transactions. At the end of the reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

## 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### Foreign currencies (continued)

Exchange differences arising on the settlement of monetary items, and on the retranslation of monetary items, are recognised in profit or loss in the period in which they arise. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in profit or loss for the year.

For the purposes of presenting the consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated into the presentation currency (i.e. HK\$) of the Group at the rate of exchange prevailing at the end of the reporting period, and their income and expenses are translated at the average exchange rates for the year. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity (the foreign currency translation reserve).

On the disposal of a foreign operation (i.e. a disposal of the Group's entire interest in a foreign operation, or disposal involving loss of control over subsidiaries that includes a foreign operation), all of the exchange differences accumulated in equity in respect of that operation attributable to the owners of the Company are reclassified to profit or loss.

#### SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amounts of the assets or liabilities affected in the future.

### **Judgements**

In the process of applying the Group's accounting policies, management has made the following judgements, apart from those involving estimations, which have the most significant effect on the amounts recognised in the consolidated financial statements.

## 6. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (continued)

### Judgements (continued)

#### Going concern basis

As explained in note 2 to the consolidated financial statements, the financial position of the Group indicates the existence of a material uncertainty which may cast significant doubt about the Group's ability to continue as a going concern. The basis for adoption of going concern are set out in note 2 to the consolidated financial statements. Should the Group be unable to raise new financing or other measures fail to improve the liquidity of the Group and the Group is unable to continue in business as a going concern, adjustments would be needed to reduce the carrying amounts of the assets of the Group to their recoverable amounts and, to provide for further liabilities which might arise.

### Estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below.

### Impairment of trade and other receivables

The Group makes impairment of trade and other receivables based on an assessment of the recoverability of the receivables. This assessment is based on the credit history of the customers and other debtors and the current market condition. The directors of the Company reassess the impairment at the end of each reporting period.

#### Property, plant and equipment and depreciation

The Group's management determines the estimated useful lives and related depreciation charges for its property, plant and equipment. This estimate is based on the historical experience of the actual useful lives of property, plant and equipment of similar nature and functions. It could change significantly as a result of technical innovations and competitor actions in response to severe industry cycles. Management will increase the depreciation charge where useful lives are less than previously estimated lives, or it will write-off or write down technically obsolete or non-strategic assets that have been abandoned or sold.

## 6. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (continued)

## Impairment of goodwill

The Group determines whether goodwill is impaired at least on an annual basis. This requires an estimation of the value in use of the cash-generating units to which the goodwill is allocated. Estimating the value in use requires the Group to make an estimate of the expected future cash flows from the cash-generating units and also to choose a suitable discount rate in order to calculate the present value of those cash flows.

### 7. CAPITAL RISK MANAGEMENT

The Group manages its capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged from prior year.

The capital structure of the Group consists of debt and equity attributable to owners of the Company. Debt includes convertible bonds, redeemable convertible cumulative preference shares and promissory note. Equity attributable to owners of the Company comprising issued share capital and reserves.

The directors of the Company review the capital structure periodically. As part of this review, the directors of the Company consider the cost of capital and the risks associated with each class of capital. Based on recommendations of the directors of the Company, the Group will balance its overall capital structure through adjusting the new share issues, share buy-back and the issue of new debt or the redemption of existing debt or sell assets to reduce debt.

## 8. FINANCIAL INSTRUMENTS

### 8. FINANCIAL INSTRUMENTS (continued)

### (b) Financial risk management objectives and policies

The Group's major financial instruments include trade receivables, deposits and other receivables, available-for-sale financial assets, restricted bank balances, cash and bank balances, trade and other payables, amounts due to directors, promissory note, interest-bearing loans from a director and a shareholder, preference share ("PS") and convertible bonds ("CB"). Details of the financial instruments are disclosed in respective notes. The risks associated with these financial instruments include currency risk, credit risk and liquidity risk. The policies on how to mitigate these risks are set out below. The management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

### Currency risk

The Group did not have a foreign currency hedging policy as at the end of the reporting period. However, the management monitors foreign exchange exposure and will consider hedging significant foreign currency exposure should the need arise.

The following table details the Group's sensitivity to a 5% (2014: 5%) increase or decrease in the Hong Kong dollar and US dollar against the RMB. Under the linked exchange rate system, the financial impact on exchange difference between Hong Kong dollar and US dollar will be immaterial and therefore no sensitivity analysis has been prepared. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the year end for a 5% change in foreign currency rate.

Effect	on	(increase)/decrease

4,407	5,559

RMB

### 8. FINANCIAL INSTRUMENTS (continued)

### (b) Financial risk management objectives and policies (continued)

#### Credit risk

As at 31 March 2015, the Group's maximum exposure to credit risk which will cause a financial loss to the Group due to failure to discharge an obligation by the counterparties is arising from the carrying amount of the respective recognised financial assets as stated in the consolidated statement of financial position.

The Group only trades with recognised and creditworthy third parties. As at 31 March 2015, the Group has concentration of credit risk of 89% (2014: 89%) and 100% (2014: 100%) as the total trade receivables was due from the Group's largest customer and the five largest customers, respectively. As at 31 March 2015, the Group has concentration of credit risk of 65% (2014:51%) and 100% (2014:100%) as the total other receivables was due from the Group's largest debtor and the five largest debtors, respectively. However, receivable balances are monitored on an ongoing basis, the directors of the Company review the recoverable amount of each individual trade debt and loan regularly to ensure that adequate impairment losses are recognised for irrecoverable debts. In this regard, the directors of the Company consider that the Group's credit risk is significantly reduced.

The credit risk on bank balances is limited because the counterparties are banks with high credit-ratings assigned by international credit-rating agencies.

## 8. FINANCIAL INSTRUMENTS (continued)

## (b) Financial risk management objectives and policies (continued)

### Liquidity risk

In the management of the liquidity risk, the Group's policy is to regularly monitor current and expected liquidity requirements to ensure that it maintains sufficient reserves of cash to meet its liquidity requirements in the short and long term.

The maturity profile of the Group's financial liabilities at the end of the reporting period, based on the contractual undiscounted payments, is as follows:

		2015			2014	
	Less than			Less than		
	1 year or on	1 F.v.	Total	1 year or on	1	Tatal
	demand HK\$'000	1 – 5 years <i>HK\$'000</i>	Total <i>HK</i> \$'000	demand HK\$'000	1 – 5 years <i>HK\$'000</i>	Total HK\$'000

	234,726		234,726	308,536		308,536

As explained in note 2 to the consolidated financial statements, the directors of the Company have adopted or plan to adopt certain measures in order to improve the Group's financial and cash flow positions and to maintain the Group as a going concern.

### 8. FINANCIAL INSTRUMENTS (continued)

### (c) Fair value and fair value hierarchy

The fair value of financial assets and financial liabilities are determined as follows:

- the fair values of financial assets and financial liabilities (including derivative instruments)
  with standard terms and conditions and traded in active markets are determined with
  reference to quoted market bid prices and ask prices respectively;
- the fair values of other financial assets and financial liabilities (excluding derivative instruments) is determined in accordance with generally accepted pricing models based on discounted cash flow analysis; and
- the fair values of derivative instruments are calculated using quoted prices. Where such prices are not available, a discounted cash flow analysis is performed using the applicable yield curve for the duration of the instruments for non-optional derivatives, and option pricing models for optional derivatives.

The directors of the Company consider that the carrying amounts of financial assets and financial liabilities recorded at amortised cost in the consolidated statement of financial position of the Group approximate their fair values due to their immediate or short term maturities.

## Fair value measurements recognised in the consolidated statement of financial position

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable:

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active market for identical assets or liabilities;
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3 fair value measurements are those derived from valuation techniques that
  include inputs for the assets or liability that are not based on observable market data
  (unobservable inputs).

## 8. FINANCIAL INSTRUMENTS (continued)

### (c) Fair value and fair value hierarchy (continued)

Fair value measurements recognised in the consolidated statement of financial position *(continued)* 

	Level 1	Level 2	Level 3	Total
	HK\$'000	HK\$'000	HK\$'000	HK\$'000
31 March 2015

31 March 2014				
Financial liabilities at FVTPL				
Derivative financial asset		1,579		

There were no transfers between Level 1 and 2 during the years ended 31 March 2015 and 2014.

### 9. OPERATING SEGMENT INFORMATION

The Group's operating segments, based on information reported to the Directors being the chief operating decision maker, for the purpose of resource allocation and assessment of segment performance focus on types of goods or services delivered or provided.

For management purposes the Group is organised into business units based on their products and services and has three reportable operating segments as follows:

- B-to-C consumer service;
- Healthcare service; and
- Distribution of cooling system.

Segment assets excluded available-for-sale financial assets and other corporate assets as these assets are managed on a group basis.

## 9. OPERATING SEGMENT INFORMATION (continued)

Segment liabilities excluded interest-bearing loans from a director and a shareholder, amounts due to directors, liability component of convertible bonds, liability component of redeemable convertible cumulative preference shares, promissory note, preference shares dividend payable of a subsidiary and other corporate liabilities as these liabilities are managed on a group basis.

The following is an analysis of the Group's revenue and results by operating segment for the year ended 31 March 2015 and 2014:

	B-to-C		Healthcare Distribu		ution of			
	consumer service		service		cooling system		Total

## Geographical information

For the years ended 31 March 2015 and 2014, the Group's operations and its non-current assets are principally located in the PRC, accordingly no geographical segment information is presented.

### Information about major customers

During the year ended 31 March 2015, the Group had transactions with 2 (2014: 2) customers who contributed over 10% of the Group's total net revenue, which is summarised below:

	Year ended	Year ended 31 March		
	2015	2014		
	HK\$'000	HK\$'000		
Customer 1	14,877	20,568		
Customer 2	22,576	16,937		
	37,453	37,505		

## 10. REVENUE AND OTHER INCOME

Revenue, which is also the Group's turnover, represented the commission income earned from provision of B-to-C consumer service and the income from provision of healthcare service. An analysis of revenue is as follows:

	2015 HK\$'000	2014 HK\$'000
Commission income earned from provision of B-to-C consumer service Income from provision of healthcare service	14,877 22,946	20,568 17,152
	37,823	37,720
	2015 HK\$'000	2014 HK\$'000
Gain on investment	160	-
Gain on disposal of property, plant and equipment Interest income	235	123
	455	123

## 11. FINANCE COSTS

An analysis of finance costs is as follows:

	2015 HK\$'000	2014 HK\$'000
Dividend payable to convertible preference share issued by a subsidiary	13,392	13,392
Interests on loans from a director and a shareholder	-	99
Effective interest expenses on convertible bonds wholly repayable within five years	1,649	1,571
Effective interest expenses on liability component of		
redeemable convertible cumulative preference shares wholly repayable within five years	29,420	50,875
	44,461	65,937

## 12. LOSS BEFORE TAX

Loss before tax is arrived at after charging the following:

	2015	2014
	HK\$'000	HK\$'000
Auditor's remuneration	730	700
Depreciation of property, plant and equipment	479	1,021
Amortisation of intangible asset	-	8,917
Rental expenses in respect of office premises	998	759
Staff costs (including directors' emoluments)		
- Salaries, wages, and other benefits	6,541	5,766
- Contributions to defined contribution retirement plans	479	333
Loss on embedded derivative upon redemption of		
redeemable convertible cumulative preference shares	1,579	

31 March 2015

### 13. INCOME TAX

No provision for Hong Kong profits tax has been made in the consolidated financial statements as the Group did not generate any assessable profit arising from Hong Kong for both years.

Subsidiaries established in PRC are subject to the PRC enterprise income tax at the standard rate of 25% (2014: 25%).

	2015	2014
	HK\$'000	HK\$'000
Current tax – PRC		
Provision for the year	432	598

A reconciliation of the tax expense applicable to loss before tax at the statutory rates of the PRC, where the majority of the Company's subsidiaries are domiciled to the tax expense at the effective tax rates, is as follows:

	2015 HK\$'000	2014 HK\$'000
Loss before tax	(68,231)	(108,148)
Tax at the statutory rate in the PRC of 25%  Effect of different tax rate of subsidiaries operating	(17,058)	(27,037)
in other jurisdictions	266	430
Expenses not deductible for tax	8,301	25,663
Income not subject to tax	_	(8,964)
Tax losses not recognised	2,863	8,854
Under provision in prior years	6,060	1,652
Tax charge for the year	432	598

## 14. DIRECTORS' EMOLUMENTS AND HIGHEST PAID EMPLOYEES

### Directors' emoluments

The emoluments paid or payable to each of the nine (2014: eight) directors of the Company were as follows:

Year ended 31 March 2015

	Directors' fees  HK\$'000	Salaries and other benefits HK\$'000	Contributions to retirement benefit schemes HK\$'000	Total <i>HK\$'000</i>

Mr. Jiang Bo	100	-	-	100
Dr. Yan Shi Yun	100			100
	300	2,813	15	3,128

No director had waived any emoluments during the years ended 31 March 2015 and 2014.

#### Note:

- Mr. Wang Jingming has been appointed as an Executive director of the Company with effect from 15 May 2014.
- b) Mr. Zhao Hua has been appointed as an Independent non-executive director of the Company with effect from 28 May 2013.
- c) Mr. Martin Treffer has been resigned as Non-executive director of the Company on 3 April 2013.

# 14. DIRECTORS' EMOLUMENTS AND HIGHEST PAID EMPLOYEES (continued)

### Five highest paid individuals

Of the five individuals with the highest emoluments in the Group, five (2014: two) were directors of the Company whose emoluments are presented above. The emoluments of the remaining three individuals in 2014 were as follows:

	2015	2014
	HK\$'000	HK\$'000
Salaries, allowances and benefits in kind	-	430
Contributions to retirement benefit schemes	<u> </u>	19
	_	449

The number of non-director, highest paid employees whose remuneration falls within the following bands is as follows:

	Number of	employees
	2015	2014
Nil to HK\$1,000,000		3

No emoluments have been paid or payable by the Group to any of the directors of the Company or any of the five highest paid individuals as an inducement to join or upon joining the Group or as compensation for loss of office during the years ended 31 March 2015 and 2014.

### 15. LOSS PER SHARE

	2015	2014
	HK\$'000	HK\$'000
Loss attributable to owners of the Company,		
used in the basis loss per share calculation:	(55,926)	(67,570)
Number of shares	2015	2014
	′000	′000
Weighted average number of ordinary shares		
in issue during the year	971,783	622,018

### (a) Basic loss per share

For the year ended 31 March 2015, the calculation of basic loss per share amount is based on the net loss for the year of HK\$55,926,000 (2014: HK\$67,570,000) attributable to the equity holders of the Company, and weighted average of approximately 971,783,000 (2014: approximately 622,018,000) ordinary shares in issue during the year.

### (b) Diluted loss per share

For the year ended 31 March 2015 and 2014, the convertible financial instruments had an anti-dilutive effect on the basic loss per share and were ignored in the calculation of diluted loss per share. Accordingly, no diluted loss per share has been presented.

### 16. PROPERTY, PLANT AND EQUIPMENT

#### 17. GOODWILL

	2015	2014
	HK\$'000	HK\$'000
At 1 April	742	_
Acquisition of a subsidiary		742
At 31 March	742	742

Goodwill acquired through business combination has been allocated to the healthcare segment.

The Group performed its annual impairment test for goodwill allocated to the healthcare segment cash-generating-unit by comparing its recoverable amount to its carrying amount as at the end of the reporting period. The recoverable amount of the cash-generating-unit is determined based on value-in-use calculations. These calculations used cash flow projections based on a five-year financial budget approved by management. Cash flows beyond a five-year period approved by management have been extrapolated with an estimated general annual growth of not more than 3% for a five-year period. The discount rate used of 22.71% (2014:23.77%) reflects specific risks related to the segment. The budgeted gross margin of 12% (2014:17%) is determined by the management based on past performance and its expectations for market development. The management believes that any reasonably foreseeable change in any of the above key assumptions would not cause the carrying amount of the goodwill to exceed the recoverable amount. Accordingly, no impairment loss is recognised for the year.

### 18. INTANGIBLE ASSETS

CARRYING VALUES	
At 31 March 2015	_
At 31 March 2014	_

(i) Subsequent to the completion of the acquisition of Anew Capital Limited and its subsidiaries (together, the "Anew Group") by the Group in late 2012, Anew Group, in cooperation with Beijing Oriental Capital Technology Company Limited ("Oriental Capital"), which has entered into a cooperative agreement with Anew Group for cooperation of selling and distributing Voith Turbo's cooling systems in the PRC, have invested various resources in marketing and promoting the cooling systems in the railway industry in the PRC and strived for being a qualified supplier of cooling systems for high-speed trains recognised by the Ministry of Railway ("MOR") in the PRC, which was originally responsible for both policy planning and management of the operation of the railway system in the PRC.

### 18. INTANGIBLE ASSETS (continued)

In March 2013, nevertheless, the State Council announced an institutional reform and transformation program for the railway industry, pursuant to which MOR's railway planning and policy making functions are entrusted to the Ministry of Communications ("MOC"), its other administrative functions rest with a new organisation, the State Railways Administration ("SRA"), while MOR's commercial activities are being passed and transferred over to the China Railways Corporation ("CRC") newly established then. According to the State Council's program, CRC shall transport passengers and freight, and be responsible for operating and managing the country's rail network. CRC shall draft investment plans for railway construction, and put forward to the government proposals to fund and build the lines. CRC shall also be responsible for implementing railway projects and be accountable, as the main responsible body, for safety. MOR no longer exists after such reform.

Since the institutional reform for the railway industry, the railway construction and investment policy have been going through significant adjustments. To the best knowledge and information of the Directors, there is no increase in new orders of high-speed trains while a few of orders for some models have been suspended and no new suppliers of cooling systems have been approved by CRC since the industry reform. Up till now, Anew Group has not attained the qualification as an approved supplier of cooling systems for high-speed trains yet. As a result, no revenue from the cooling system distribution business has been recorded by the Group since completion of the acquisition of Anew Capital Limited by the Group.

Having considered the abovementioned, the Directors revised the bases and assumptions of the underlying forecasts for the valuation on its cooling system distribution business as at 31 March 2014. Based on the valuation prepared by Sino-Infinite Appraisal Limited, an independent valuer, the value of the cooling system distribution business as at 31 March 2014 was assessed to be zero. As a result, full impairment on the intangible assets in relation to the cooling system distribution business was recognized by the Company.

(ii) For the year ended 31 March 2015, there is no impairment loss nor amortisation charges. Impairment loss and amortisation charges of approximately HK\$41,614,000 and HK\$8,917,000 respectively, were included in administrative expenses in the consolidated profit or loss for the year ended 31 March 2014.

### 19. TRADE RECEIVABLES

	2015	2014
	HK\$'000	HK\$'000
rade receivables	76,199	55,313

The Group's credit policies for each of its principal activities are as follow:

- (i) Provision of B-to-C consumer services pre-charge are with credit terms of 180 days.
- (ii) Provision of healthcare service are with credit terms of 90 days.

An aged analysis of the trade receivables as at the end of the reporting period, based on the invoice date and net of impairment, is as follows:

	2015	2014
	HK\$'000	HK\$'000
Vithin 1 month	2,657	3,540
to 3 months	5,336	8,616
Over 3 months	68,206	43,157
	76,199	55,313
	76,199	55,

### 19. TRADE RECEIVABLES (continued)

Aging of trade receivables which are past due but not impaired:

	2015	2014
	HK\$'000	HK\$'000
Within 90 days	7,158	5,379
91 to 180 days	6,340	5,505
Over 180 days	51,264	32,273
	64,762	43,157

Trade receivables that were past due but not impaired were related to the customers for whom there is no recent history of default. Based on past experience, management believes that no impairment allowance is necessary in respect of these balances as there has not been a significant change in credit quality and the balances are still considered fully recoverable.

### 20. PREPAYMENTS, DEPOSITS AND OTHER RECEIVABLES

	2015	2014
	HK\$'000	HK\$'000
Other receivables (note (i)(ii))	60,620	93,874
Less: Non-current portion of other receivables		(1,512)
	60,620	92,362
Deposits (note (iii))	32,175	32,140
Prepayments	1,604	90
Current portion of prepayments,		
deposits and other receivables	94,399	124,592

### 20. PREPAYMENTS, DEPOSITS AND OTHER RECEIVABLES (continued)

Notes:

- (i) As at 31 March 2015, approximately RMB41,437,000 (equivalent to approximately HK\$52,368,000) were amounts due from the disposed subsidiaries.
  - As at 31 March 2014, approximately RMB69,315,000 (equivalent to approximately HK\$87,316,000) were amounts of sales proceeds of and due from the disposal subsidiaries.
- (ii) Approximately HK\$6,203,000 with respect to a secured loan of RMB8,000,000 granted by the Group to an independent third party pursuant to a loan agreement dated 26 July 2011, the loan is interest-free and repayable within 5 years. The Group engaged a lawyer to recover the loan. The amount was past due but not impaired.
- (iii) Approximately RMB25,000,000 (equivalent to approximately HK\$31,595,000) were deposit for customer services.

Save as disclosed in note (ii), none of the above assets is either past due or impaired. The financial assets included in the above balances related to receivables for which no recent history of default.

#### 21. AVAILABLE-FOR-SALE FINANCIAL ASSETS

	2015 НК\$′000	2014 HK\$'000
Unlisted securities:		
-Debt securities with floating interest and		
maturity in December 2018	1,896	

All available-for-sale financial assets are denominated in RMB. The directors of the Company are of the opinion that the fair value cannot be measured reliably because the probabilities of the various estimates within the range cannot be reasonably assessed and used in estimating fair value.

### 22. RESTRICTED BANK BALANCES

The restricted bank balances amount of approximately HK\$4,730,000 (2014: HK\$5,727,000) represented the balances which are subject to restrictions pursuant to the subscription agreement signed by Harvest Network and subscribers of the non-redeemable convertible preference shares of Harvest Network. The bank balances are restricted to solely used in the operation of B-to-C services. The restricted bank balances were placed in banks in the PRC and carry interest at market rates ranged from 0.2% to 0.4% (2014: 0.4% to 0.5%) per annum.

The carrying amounts of the Group's restricted bank balances are denominated in the following currencies:

RMB			
HK\$			
US\$			

2015 <i>HK\$'000</i>	2014 HK\$′000
912	1,764
89	90
3,729	3,873
4,730	5,727

### 23. CASH AND BANK BALANCES

The carrying amounts of the Group's cash and bank balances are denominated in the following currencies:

2015	2014
HK\$'000	HK\$'000
34,447	4,444
40,070	16,192
21,844	77
238	238
96,599	20,951
	HK\$'000 34,447 40,070 21,844 

The RMB is not freely convertible into other currencies, however, under Mainland China's Foreign Exchange Control Regulations and Administration of Settlement, Sale and Payment of Foreign Exchange Regulations, the Group is permitted to exchange RMB for other currencies through banks authorised to conduct foreign exchange business.

### 24. TRADE PAYABLES

An aged analysis of trade payables as at the end of the reporting period, based on the invoice date, is as follows:

	2015	2014
	HK\$'000	HK\$'000
Within 1 month	1,869	13,216
1 to 3 months	2,725	678
Over 3 months	5,718	
	10,312	13,894

The trade payables are non-interest-bearing and normally settled from 30 to 60 day terms.

### 25. OTHER PAYABLES AND ACCRUED EXPENSES

All of the Group's and the Company's other payables and accruals are expected to be settled or recognised as income within one year or are repayable on demand.

The directors consider that the carrying amounts of other payables and accruals approximate to their fair values at the end of reporting period.

#### 26. AMOUNTS DUE TO DIRECTORS

The amounts due to directors are unsecured, interest free and repayable on demand.

### 27. INTEREST-BEARING LOANS FROM A DIRECTOR AND A SHAREHOLDER

The loans from a director and a shareholder with outstanding interest of approximately HK\$272,000 (2014: HK\$272,000) and HK\$280,000 (2014: HK\$280,000), respectively, are unsecured, bear interest at the Hong Kong Best Leading Rate and repayable within one year.

#### 28. LIABILITY COMPONENT OF CONVERTIBLE BONDS

On 19 May 2005, the Company issued CB with nominal value of US\$6,600,000 due on 18 May 2009. CB carries interest at 3% per annum payable semi-annually in arrears with the first interest payment due on 18 November 2005 and the last interest payment due on 18 May 2009. CB entitles the holder to convert the bonds into new ordinary shares of the Company at a conversion price, subject to adjustment, of HK\$2.525 per share during the period from 19 May 2005 to 18 May 2009. In addition, if CB remain outstanding on the maturity date, the Company will redeem the principal of CB at 100% of their face value.

The effective interest rate of the liability component of CB is 3% per annum.

As at and up to 31 March 2011, CB with aggregate principal amount of US\$1,210,000 (equivalent to approximately HK\$9,372,000) had been repurchased by the Group at an aggregate consideration of approximately HK\$4,818,800. There is no repurchase of CB by the Group subsequently.

### 28. LIABILITY COMPONENT OF CONVERTIBLE BONDS (continued)

On 18 May 2009, CB had matured, however, due to liquidity problem, the Group was unable to redeem CB at maturity. The Group's default in the redemption on CB had triggered the Company's early redemption obligation of CB and PS. Subsequent to the maturity date of CB, the Company reached an understanding with the major holder of CB to conditionally postpone the payment by the Company of the outstanding debts of CB for three years to 17 May 2013 if the Group can fulfil the conditions requested by the major holder of CB, which is a successful injection of substantial external resources into the Group, in short, and as long as no additional issuance of any debts by the Group that will rank pari passu with the CB upon and after successful injection of substantial external resources.

The 3% interest payables have not been paid since 18 May 2009. According to the terms and conditions of the CB, to the extent that interest is not paid on CB on the interest payment date, interest shall charge thereon from the interest payments date at a default rate of 5% per annum until date of payment.

The net proceeds received for the issue of CB have been split between the liability component and an equity component. The movement of the liability component is as follows:

	2015	2014
	HK\$'000	HK\$'000
Carrying amount at 1 April	49,635	48,064
Interest charged for the year	1,649	1,571
Carrying amount at 31 March	51,284	49,635

Liability component of convertible bonds comprise of the following:

	2015	2014
	HK\$'000	HK\$'000
	40.040	42.042
Principal amount	42,042	42,042
nterest payable	7,972	6,718
Charge on interest overdue	1,270	875
	51,284	49,635

# 29. REDEEMABLE CONVERTIBLE CUMULATIVE PREFERENCE SHARES

On 28 July 2006, the Company entered into a preference share agreement ("Original Agreement") and issued 15,000 PS of US\$0.01 each for a total cash consideration of US\$15,000,000 (approximately HK\$117,000,000). The PS holder is entitled to 2% dividend per annum or 5% compounded semi-annually subject to occurrence of special events as defined in the Original Agreement. Such maturity date is falling on the 5th anniversary of 28 July 2006 (i.e. 27 July 2011) or such later date ("conversion period"), but not later than the 7th anniversary of which the specific terms will be subjected to future agreement. An option embedded therein was granted to the PS holder that the preference shares could be converted at any time during the conversion period at the lower of HK\$0.3201; and 0.9 times of the volume-weighted average price of the Company's ordinary shares for the twenty trading days ending on the day immediately preceding the date of a relevant conversion notice; such redemption amount shall include a markup of 20% per annum on the sum of principal and accumulated dividend payable at any early redemption date.

On 24 November 2012, the Company entered into a supplementary agreement ("Modification Agreement") with the PS holder pursuant to which, the Company agreed to use its best endeavors to procure the fund raising to raise not less than US\$15 million (or its HK\$ equivalent) in net proceeds for the Company, of which US\$15 million (or its HK\$ equivalent) shall be applied to redeem the PS, on or before the 31 March 2013. Meanwhile, PS Holder agreed that it would not require the Company to redeem the PS nor would it exercise its conversion rights attached to all or any part of the PS at any time before 31 March 2013.

Subject to completion of the fund raising, the Company will redeem, and PS holder will accept the redemption of, all of the PS and in full and final settlement of all rights that PS Holder may have in respect of the PS whether under the Bye-laws of the Company or otherwise at an aggregate price of not more than US\$19 million, which shall be satisfied as to US\$15 million by payment of cash and as to not more than US\$4 million by the issue of a promissory note by the Company.

On 31 March 2013, the Company has further revised the Modification Agreement by entering into a supplementary agreement ("Supplementary Agreement") with the PS holder. Pursuant to which, the Company shall redeem, and PS holder shall accept to extend the date of full and final settlement on or before 30 November 2013. In addition, the Supplementary Agreement specifically granted a conversion right to the Company that the sum of accumulated dividend payable from 1 December 2012 to 30 November 2013 is eligible to be settled by procuring ordinary shares of the Company at a predetermined price of HK\$0.3201 or by cash at the date of maturity.

# 29. REDEEMABLE CONVERTIBLE CUMULATIVE PREFERENCE SHARES (continued)

On 28 June 2013, the Company and the PS holder entered into an amendment agreement to the Supplementary Agreement of the PS Agreement dated 31 March 2013 (the "Amendment Agreement").

Pursuant to the Amendment Agreement, the final settlement date to redeem the PS is extended from 30 November 2013 to 30 June 2014 provided that a non-refundable deposit of HK\$10 million (the "Deposit") will be made to the PS holder before or by 29 June 2013 and the PS holder shall have the right to forfeit the Deposit if the redemption of the PS does not take place on or before 30 November 2013.

The calculation and settlement of the dividends of the PS from 1 December 2013 to 30 June 2014 shall be 6% per annum and the Company shall have the right to settle by way of share issuance of shares to the PS holder at a pre-determined price of HK\$0.3201 per share.

Since the terms of the Modification Agreement, Supplementary Agreement and Amendment Agreement were different from the Original Agreement, hence, the financial liability are extinguished. The valuations were carried out by an independent qualified professional valuation firm not connected to the Group.

On 30 June 2014, the Company and the PS holder entered into a supplementary agreement to the Amendment Agreement of the PS Agreement dated 28 June 2013 (the "Supplementary Agreement 2014"). Pursuant to the Supplementary Agreement 2014, subject to the completion of the subscription agreement of the convertible note dated 3 June 2014 (the "Subscription of Convertible Note") as announced on 3 June 2014, the Company should redeem the PS principal in 5 days after the completion of the Subscription of Convertible Note, and settle all dividends. Should the company fail to complete the Subscription of Convertible Note, the settlement date to redeem the PS is further extended to 31 March 2015. Pursuant to the Supplementary Agreement 2014, the calculation and settlement of the dividends of the PS shall be:

- (1) US\$4 million from 28 July 2006 to 30 November 2012 (the "Dividend I"), which shall be settled by promissory notes issued by the Company;
- (2) 5% per annum from 1 December 2012 to 30 November 2013 (the "Dividend II"), for which the Company shall have the right to settle by way of issuance of shares to the PS holder at a pre-determined price of HK\$0.25 per share;

# 29. REDEEMABLE CONVERTIBLE CUMULATIVE PREFERENCE SHARES (continued)

- (3) 6% per annum from 1 December 2013 to 30 June 2014 (the "Dividend III"), for which the Company shall have the right to settle by way of issuance of shares to the PS holder at a pre-determined price of HK\$0.25 per share; and
- (4) 7% per annum from 1 July 2014 to 31 March 2015 (the "Dividend IV"), for which the Company shall have the right to settle by way of issuance of shares to the PS holder at a pre-determined price of HK\$0.15 per share.

On 8 January 2015, the Company has issued the convertible note in principal amount of HK\$195,000,000, the Company redeemed the PS principal accordingly.

### (i) Liability component

	2015	2014
	HK\$'000	HK\$'000
At the beginning of the year	130,686	115,503
Interest charged for the year	29,420	50,875
Extinguishment of financial liability		
charged to profit or loss	_	(35,692)
Redemption	(116,249)	<u> </u>
At the end of the year	43,857	130,686

The fair value of the liability component of preference shares is determined using the discounted cash flow model ("DCF") with reference to the parameters as follows:

	Modification	Supplementary	Amendment
	Agreement	Agreement	Agreement
Effective interest rates	53.34%	48.81%	58.14%
Year	0.35	0.67	0.26
Dividend	semi-annual	semi-annual	semi-annual
Dividend per annum	5%	5%	6%

# 29. REDEEMABLE CONVERTIBLE CUMULATIVE PREFERENCE SHARES (continued)

### (ii) Embedded derivative

	2015	2014
	HK\$'000	HK\$'000
At the beginning of the year, asset	(1,579)	(2,150)
Fair value change charged to profit or loss	-	571
Redemption of principal	1,579	
At the end of the year, asset		(1,579)

The fair value of the embedded derivative of preference shares is determined using the Black Scholes Option Pricing Model with reference to the parameters as follows:

Supplementary
Agreement 2014

Time to maturity	0.27
Risk free rate	0.09%
Volatility	64.36%
Strike price	HK\$0.25 and HK\$0.15
Spot price	HK\$0.265

### 30. PREFERENCE SHARES DIVIDEND PAYABLE OF A SUBSIDIARY

	2015	2014
	HK\$'000	HK\$'000
Dividend payable	86,149	72,757

Dividend payable to convertible preference shares holders of a subsidiary represented the cumulative dividend calculated at 8% per annum on the issue price of the convertible preference shares issued by Harvest Network, a wholly-owned subsidiary of the Company, to its convertible preference share holders.

### 31. PROMISSORY NOTE

On 24 November 2012, the Company issued a promissory note for an aggregate principal amounts of HK\$18,000,000, upon the completion of the acquisition of Anew Capital Group. The promissory note are due on six months from the date of issue and are carrying no interest.

On 15 August 2013, the Company capitalised the principal amount of HK\$10,000,000 of promissory note by means of issuing and allotting the 30,030,030 ordinary shares to the promissory note holder.

The promissory note were overdue as at 31 March 2015. The carrying amount of promissory note approximates to its fair value.

### 32. SHARE CAPITAL

	Number of shares	Share capital HK\$'000
Authorised:		
Ordinary shares of HK0.1 each		
At 1 April 2013, 31 March 2014, 1 April 2014		
and 31 March 2015	100,000,000,000	10,000,000
Issued and fully paid:		
Ordinary shares of HK\$0.1 each		
At 1 April 2013	603,259,665	60,326
Issue of loan share upon loan capitalisation (note i)	30,030,030	3,003
At 31 March 2014	633,289,695	63,329
Subscription of share (note ii)	50,000,000	5,000
At 31 March 2015	683,289,695	68,329

#### Notes:

- (i) On 15 August 2013, the Company capitalised the principal amount of HK\$10 million of promissory note by means of issuing and allotting the 30,030,030 ordinary shares to the promissory note holder.
- (ii) On 23 May 2014, the Company and the subscribers, independent third parties, entered into subscription agreements to subscribe an aggregate of 50,000,000 shares of the Company, at HK\$0.212.

Note:

<sup>(</sup>a) These balances are unsecured, non-interest bearing and repayable on demand.

### 34. SHARE OPTIONS SCHEMES

The Company operated a share option scheme which was expired on 7 April 2012 (the "old scheme") and a new share option scheme (the "New Scheme") was approved by the shareholders of the Company on 28 August 2012.

Pursuant to the Old Scheme, the exercise period of options shall not beyond the ten year period after the date of adoption of the Old Scheme while the exercise period of Options granted under the New Scheme shall not expire later than 10 years from the date on which the Board resolves to make an offer. Save for the abovementioned difference in exercise period, certain conditions in respect of the lapse of options and other necessary modifications and/or amendments made pursuant to the Listing Rules, there are no material differences between the terms of the Old Scheme and the New Scheme.

Under the New Scheme, the Board of Directors of the Company may grant options to eligible officers and employees, including the directors of the Company and its subsidiaries ("Eligible Persons"), to subscribe for shares in the Company. Additionally, the Company may, from time to time, grant share options to outside third parties who (i) have previously been and continue to be retained by the Group to provide business, legal or tax consultancy services or other professional services, whose expertise is valuable to the business development of the Group; or (ii) introduce investment opportunities to the Group; or (iii) contribute by way of introduction of new business to the Group.

The maximum number of shares in respect of which options may be granted under the New Scheme and any other schemes of the Company is not permitted to exceed 10% of the shares of the Company in issue at the adoption date. The Company may seek approval by the Company's shareholders in general meeting for granting options beyond the 10% limit, provided that the options in excess of the limit are granted only to Eligible Persons specifically identified by the Company before such approval is sought. The maximum number of options that can be granted by the Company to the Eligible Persons has been refreshed to 10% of number of shares in issue. The total number of the shares of the Company which may be issued upon exercise of all outstanding options granted and yet to be exercised under the New Scheme of the Company must not exceed 30% of the shares of the Company in issue from time to time.

### 34. SHARE OPTIONS SCHEMES (continued)

The number of share in respect of which options may be granted to any individual in any one year is not permitted to exceed 1% of the shares of the Company in issue at any point in time, without prior approval from the Company's shareholders. Options granted to substantial shareholders or independent non-executive directors in excess of 0.1% of the Company's share capital in issue or with a value in excess of HK\$5 million must be approved in advance by the Company's shareholders.

Options granted must be taken up within 28 days from the date of grant. Upon acceptance of the options, the Eligible Person shall pay HK\$1 to the Company by way of consideration for the grant. Options may be exercises at any time from the date of grant to the expiry date of the New Scheme. The exercise price is determined by the directors of the Company, and shall be the highest of the closing price of the Company's shares on the date of grant, the average closing price of the shares for the five trading days immediately preceding the date of grant and the nominal value of the Company's shares.

Particulars of share options granted by the Company as at 31 March 2015 and 2014 are as follows:

Option type	Date of grant	Exercisable period		Exercise price
		From	То	НК\$
E	13 April 2010	13 April 2010	12 April 2020	0.5

### 34. SHARE OPTIONS SCHEMES (continued)

The following tables summarise the movements in the Company's share options during the year ended 31 March 2014 and 31 March 2015:

#### **Old Scheme**

		Number of share options					
					Outstanding at		
					31 March 2014		
		Outstanding at			and		
	Option type	1 April 2013	Lapsed	Reclassified	31 March 2015		
Directors	E	3,882,000	(261,000)	(1,002,000)	2,619,000		
Employees	E	2,349,000		1,002,000	3,351,000		
Total		6,231,000	(261,000)	-	5,970,000		

### 34. SHARE OPTIONS SCHEMES (continued)

Movements in the number of share options outstanding and their related weighted average exercise prices are as follows:

	20	115	2014	
	Weighted		Weighted	
	average		average	
	exercise		exercise	
	price in HK\$	Number of	price in HK\$	Number of
	per share	share options	per share	share options
At 1 April	0.5	5,970,000	0.5	6,231,000
Lapsed/cancelled	_		0.5	(261,000)
At 31 March	0.5	5,970,000	0.5	5,970,000

The options outstanding at the end of the year have a weighted average remaining contractual life of 5 years (2014: 6 years).

The estimated fair value of the share options granted on 13 April 2010 is approximately HK\$2,898,000 were calculated using Binomial Option Pricing Model. The inputs to the model were as follows:

#### 13 April 2010

Share price of underlying share	HK\$0.49
Exercise price	HK\$0.5
Expected volatility	101%
Expected life	10 years
Risk-free rate	2.82%
Expected dividend yield	Nil

Expected volatility was determined by using the historical volatility of the Company's share price over the previous four years. The expected life using in the model has been adjusted, based on management's best estimate, for the effects of non transferability, exercise restrictions and behavioural considerations.

For the years ended 31 March 2015 and 31 March 2014, no expense in relation to share options granted by the Company was recognised as no option granted.

### 35. ACQUISITION OF A SUBSIDIARY

On 26 June 2013, the Group completed the acquisition of 51% equity interest in Shanghai Imperial Care Health Advocate Limited ("Shanghai Imperial") from an independent third party. The consideration of HK\$800,000 has been satisfied by cash on 25 June 2014.

The acquisition of Shanghai Imperial allows the Group to broaden the revenue base and improve the profitability of the Group.

The following summarised the recognised amount of identifiable assets acquired and liabilities assumed as at 26 June 2013:

	Amount recognised (fair value) HK\$'000
Net assets acquired of	
Property, plant and equipment	5
Cash and bank balances	129
Other payables and accrued expenses	(20)
Net identifiable assets and liabilities	114
Non-controlling interests	(56)
Goodwill	742
Consideration for acquisition	800
Analysis of the net inflow of cash and cash equivalents in respect of the acquisition of Shanghai Imperial:	
Cash consideration paid	-
Cash and cash equivalent acquired	(129)
Net inflow of cash and cash equivalents	(129)

### 36. OPERATING LEASE COMMITMENTS

#### The Group as lessee

At the end of the reporting period, the Group had commitments for future minimum lease payments under non-cancellable operating leases are payables as follows:

	2015 HK\$'000	2014 HK\$'000
Within one year In the second to fifth years inclusive	820 152	998
	972	1,970

Operating lease payments represent rentals payable by the Group for certain of its office properties.

#### 37. RELATED PARTY TRANSACTIONS

In addition to the transactions details elsewhere in the consolidated financial statements, the Group entered into the following related party transactions with related parties during the year:

- (a) Compensation of key management personnel of the Group are set out in note 14 to the consolidated financial statements.
- (b) As disclosed in note 27 to the consolidated financial statements, the interest expenses were charged based on the Hong Kong Best Lending Rate with outstanding principal amounts of each HK\$4,000,000 granted by a director and a shareholder. The interest expenses pay to a director and a shareholder as at 31 March 2014 were HK\$49,000 and HK\$50,000, respectively.

#### 38. POST BALANCE SHEET EVENTS

- (i) On 22 April 2015, an aggregate of 136,657,939 shares of the Company were successfully allotted and issued under general mandate. The net proceed of approximately HK\$38,114,000 were used for general working capital of the Group.
- (ii) On 22 April 2015 and 5 May 2015, the noteholders of the convertible note have exercised their rights to convert HK\$184,550,000 and HK\$10,450,000 of the outstanding principal amount of the convertible note into conversion shares at the conversion price of HK\$0.15 per conversion share respectively. An aggregate of 1,230,333,333 and 69,666,667 conversion shares, were allotted and issued to the noteholders in accordance with the terms and conditions of the convertible note.
- (iii) On 30 April 2015, the purchaser, a wholly-owned subsidiary of the Company, the Company, the procurers and the vendors entered into the framework agreement (the "Framework Agreement") in relation to the possible acquisition for the healthcare management service business and the relevant management service contracts and/or cooperation agreements of five cancer diagnosis and treatment centers in hospitals located in Beijing, Tianjin, Changchun, Jinan and Nanjing at a total consideration of HK\$1,325 million. The major terms of the Framework Agreement were summarized in announcement of the Company dated 30 April 2015. The long stop date of the Framework Agreement has been extended to 30 August 2015.

#### 39. APPROVAL OF THE CONSOLIDATED FINANCIAL STATEMENTS

The consolidated financial statements were approved and authorised for issue by the board of directors of the Company on 30 June 2015.

### 40. PARTICULARS OF PRINCIPAL SUBSIDIARIES OF THE COMPANY

Particulars of the principal subsidiaries are as follows:
