#### 10. EARNINGS PER SHARE — BASIC AND DILUTED (Continued)

The denominator for the purpose of calculating basic and diluted earnings per share for the six months ended 30 June 2014 has been restated to reflect the share subdivision and bonus issue during the six months ended 30 June 2015 as detailed in Note 16 to the condensed consolidated financial statements.

For the six months ended 30 June 2015 and 30 June 2014, the calculation of the basic earnings per share attributable to owners of the Company is based on the profit attributable to owners of the Company and the weighted average number of 10,000,000,000 ordinary shares.

The diluted earnings per share is equal to the basic earnings per share as there were no dilutive potential ordinary shares in issue during the six months ended 30 June 2015 and 30 June 2014.

The Group normally allows a credit period ranging from 30 days to 180 days to its trade customers with trading history, or otherwise sales on cash terms are required.

Before accepting any new customers, the Group assesses the potential customers' credit quality and defines credit limits by customers.

Trade receivables disclosed above include amounts (see below for aging analysis) which are past due at the end of the reporting period for which the Group has not recognised an allowance for doubtful debts because there has not been a significant change in credit quality and the amounts are still considered recoverable. The Group does not hold any collateral or other credit enhancements over these balances nor does it have a legal right of offset against any amounts owed by the Group to the counterparty.

#### Supply of raw materials

The Group purchases raw materials and components necessary for the manufacturing of its packaging products and structural components from independent third parties. The raw materials mainly include expanded polystyrene ("EPS") and expanded polyolefin ("EPO"). The Group has not experienced any major difficulties in procuring raw materials and components necessary for the manufacture of packaging products for the six months ended 30 June 2015.
