Chairman's Statement

Mission

We strive to satisfy
the needs of clients
and provide quality
service to the best we
could by producing
products of the highest
quality in timely and
competitive manner.

Dear Shareholders,

On behalf of the board ("Board") of directors ("Directors") of Winox Holdings Limited ("Company", together with its subsidiaries, "Group"), I am pleased to present the Group's annual results for the financial year ended 31 December 2016.

FINANCIAL PERFORMANCE

With the tough macroeconomic headwinds encountered, our performance was negatively affected for the year ended 31 December 2016. Turnover of the Group for the year ended 31 December 2016 was HKD574,318,000 (2015: HKD720,921,000), representing a decrease of 20.3% as compared to last year. Profit for the year and earnings per share were HKD48,704,000 (2015: HKD80,732,000) and HK9.7 cents (2015: HK16.1 cents) respectively, representing a decrease of 39.7% and 39.8% as compared to last year respectively.

Nevertheless, the Group maintained a sound asset scale and liquidity for coping its business development in the future.

DIVIDENDS

The Board recommends the payment of a final dividend of HK3 cents per share (2015: HK4 cents per share) and a special dividend of HK3 cents per share (2015: nil), totaling HK6 cents per share, which is subject to the approval of shareholders of the Company ("Shareholders") at the 2017 annual general meeting. Together with the interim dividend of HK1.6 cents per share paid on 23 September 2016, the total dividend for the year ended 31 December 2016 is HK7.6 cents per share.

BUSINESS

In 2016, the global economic growth was hindered by stagnant consumption environment, increased geopolitical uncertainties and weakened Asian and European currencies. Thus, consumer spending was cautious and demand for luxury goods remained subdued.

During the year, the sales of our top two business segments, namely watch bracelets and costume jewellery, were significantly affected by the stagnant luxury goods market and recorded a drop of 27.6% and 51.3% respectively as compared to last year. As the world's mobile phone market continued to grow, the effort that we put into the segment of the mobile phone cases and parts started to gain momentum and the sales for the year increased significantly by 404.5% as compared to last year and representing 20.3% of the Group's total sales as compared to 3.2% last year, Sales of accessories and parts for leather goods recorded satisfactory growth but the turnover remained small amongst all segments. The gross profit margin was eroded by the

increase in labour costs, however there was some balancing effect from the depreciation of Renminbi during the year. The Group continued to boarden its customer base and we have successfully extended our watch bracelet products to the world leading wearable devices customers.

PROSPECTS

We expect that the global economy of 2017 will be full of challenges and uncertainties. However, we also believe that there will be steady and increasing demand on precision stainless steel products. We aim at taking advantage of utilizing our strengths and expertise to serve our existing prominent customers and to explore new business opportunities in order to achieve long-term growth.

CORPORATE SUSTAINABILITY

The Group adopts a product diversification model which provides a significant platform for us to broaden our customer base and expand our market share in the industry. The Group utilises its resources strategically to advance its skills and technology so as to enrich our product variety and sophistication. We commit to work closely with our customers to deliver quality and cost-effective products efficiently. This enables us to maintain long-term business relationship with our stakeholders. Our goal is to put continuous efforts to reinforce our operational efficiency so as to achieve long-term business sustainability and drive improvement.

APPRECIATION

I would like to take this opportunity to express my heartfelt gratitude to my fellow Directors, our clients, staff, suppliers and other stakeholders for their continuous support to the Group.

Management Discussion and Analysis

The Dongguan Dalang factory

BUSINESS REVIEW

During the year, the global demand for luxury goods was further weakened by the continuous slowdown in global economy and the increased geopolitical uncertainties. For the year ended 31 December 2016, Winox Holdings Limited ("Company") recorded a decrease of 20.3% in turnover as compared to last year which was mainly due to the decline in sales of watch bracelets and costume jewellery. The gross profit margin was eroded by the increase in labour cost, however there was some balancing effect from the depreciation of Renminbi during the year. In order to weather this critical operation environment, we shall remain prudent and implement stringent cost control policy and advance our supply chain management for the sustainable development of the Group.

The principal focus of the Group remains on the development and manufacture of premium stainless steel products, and our major business segments are, namely, watch bracelets, costume jewellery, mobile phone cases and parts, and accessories and parts for leather goods.

FINANCIAL REVIEW

Turnover

For the year ended 31 December 2016, the Group's turnover decreased by 20.3% to HKD574,318,000 (2015: HKD720,921,000) as compared to last year. Turnover attributable to watch bracelets, costume jewellery, mobile phone cases and parts, and accessories and parts for leather goods were 55.5%, 20.9%, 20.3% and 3.3% respectively (2015: 61.0%, 34.3%, 3.2% and 1.5% respectively).

During the year 2016, export value of Swiss made watches fell by 9.9% as compared to last year. The Group's turnover of watch bracelets reported a decline of 27.6% to HKD318,583,000 (2015: HKD440,066,000) as compared to last year.

Turnover of costume jewellery recorded a decline of 51.3% to HKD120,368,000 (2015: HKD247,047,000).

During the year, sales of mobile phone cases and parts was HKD116,525,000 (2015: HKD23,099,000), representing a significant increase of 404.5% as compared to last year.

Sales of accessories and parts for leather goods amounted to HKD18,842,000 (2015: HKD 10,709,000), representing an increase of 75.9% as compared to last year.

Profit

As a result of the decrease in sales, gross profit dropped by 23.9% to HKD153,710,000 (2015: HKD202,077,000) as compared to last year. Gross profit margin for the year slightly reduced to 26.8% (2015: 28.0%) mainly due to the increase in labour cost. Profit for the year decreased by 39.7% to HKD48,704,000 (2015: HKD80,732,000) and basic earnings per share for the year decreased by 39.8% to HK9.7 cents (2015: HK16.1cents).

Cost of Sales

Cost of sales included costs of production materials, labour, and manufacturing overhead and other costs. The following table sets forth the breakdowns of our cost of sales for the year ended 31 December 2016:

	2016 HKD'000	2015 HKD'000
Direct material costs Direct labour costs Manufacturing overhead and other costs	137,532 198,504 84,572	177,249 226,604 114,991
	420,608	518,844

For the year ended 31 December 2016, direct material costs accounted for about 32.7% (2015: 34.1%) of the total cost of sales.

For the year ended 31 December 2016, direct labour costs accounted for about 47.2% (2015: 43.7%) of the total cost of sales, the increase was mainly due to the continuous increase in wages. Manufacturing overhead and other costs accounted for about 20.1% (2015: 22.2%) of the total cost of sales for the year.

Other Income

Other income increased by approximately 83.7% to HKD6,189,000 for the year as compared to HKD3,369,000 for last year which was primarily due to government grant received during the year.

Other gains and losses

Other gains and losses for the year amounted to HKD2,706,000 (2015: HKD1,639,000). The increase in other gains and losses was mainly due to the net exchange gains from the depreciation of Renminbi during the year.

Expenses

Selling and distribution costs declined by approximately 23.6% to HKD20,249,000 for the year as compared to HKD26,491,000 for last year which was in line with the decrease in turnover.

Administrative expenses increased slightly by 2.7% to HKD78,811,000 (2015: HKD76,758,000).

During the year, the Group raised and repaid bank borrowings of HKD38,500,000 and HKD49,099,000 respectively. Finance costs for the year ended 31 December 2016 amounted to HKD4,522,000 (2015: HKD3,928,000), representing an increase of 15.1%.

Taxation

Hong Kong profits tax is calculated at 16.5% of the estimated assessable profit for both years.

Under the Law of the People's Republic of China ("PRC") on EIT ("EIT Law") and Implementation Regulation of the EIT Law, the tax rate of the Company's PRC subsidiaries is 25% from 1 January 2008 onwards.

Inventories

	2016 НКD'000	2015 HKD'000
Raw materials Work in progress Finished goods	9,550 33,023 10,874	12,469 35,000 2,916
	53,447	50,385

As at 31 December 2016, the Group recorded an inventory balance of HKD53,447,000 (31 December 2015: HKD50,385,000), representing an increase of 6.1% which was mainly due to the increase in finished goods at the end of the year. The inventory turnover of the Group for the year ended 31 December 2016 was 45.2 days as compared to 44.2 days for the year ended 31 December 2015.

Trade Receivables

As at 31 December 2016, the Group recorded trade receivables of HKD88,938,000 (31 December 2015: HKD71,643,000). The credit periods granted to our customers were considered on individual basis ranging from 30 days to 90 days. Generally, no credit would be granted to customers which are new, short-term and placing orders in immaterial scale. As most of our customers were internationally renowned brand owners, we considered we were exposed to relatively minimal default risk. The trade receivables turnover of the Group for the year ended 31 December 2016 was 51.2 days (for the year ended 31 December 2015: 30.6 days). The increase in trade receivables turnover was mainly due to the increase in sales of mobile phone cases and parts which, according to the industry practice, have in general credit period of 90 days.

Trade Payables

As at 31 December 2016, the Group recorded trade payables of HKD42,852,000 (31 December 2015: HKD33,494,000). The trade payables were primarily related to the purchase of raw materials from suppliers with credit periods ranging from 30 days to 90 days. The trade payables turnover of the Group for the year ended 31 December 2016 was 33.2 days (for the year ended 31 December 2015: 22.8 days).

Liquidity, Indebtedness and Charges on Assets

During the year, the Group maintained a satisfactory liquidity level. As at 31 December 2016, net current assets of the Group was HKD180,678,000 (31 December 2015: HKD168,425,000). Besides, the Group had cash and bank balances of HKD179,247,000 (31 December 2015: HKD196,295,000), of which 64.6% was in Hong Kong dollars, 16.1% was in United State dollars, 15.0% was in Renminbi, and 4.3% was in Swiss Franc and other currencies.

As at 31 December 2016, the Group's outstanding bank borrowings totalled HKD110,739,000 (31 December 2015: HKD121,569,000), of which 97.0% was in Hong Kong dollars and 3.0% was in Renminbi. All of the Group's bank borrowings were arranged on floating rate basis. Except for certain bank borrowings which were committed loan facilities with specific maturity dates, the Group's other bank borrowings contained repayment on demand clause at any time at the discretion of the bank. According to the Hong Kong Accounting Standards, the Group had separated and classified the bank borrowings as current and non-current liabilities in the consolidated statements of financial position as at 31 December 2016 in accordance with the settlement term. Of the total bank borrowings, according to the repayment schedule, HKD3,350,000 was short-term revolving loans, HKD32,568,000 was loans repayable within one year and the balance of HKD74,821,000 was repayable after one year.

Parts of the bank loans were secured by certain of the Group's assets with an aggregate carrying value of HKD49,888,000 as at 31 December 2016. The charged assets included a piece of land in Dongguan where our factory was situated and certain properties constructed thereon, and the deposits for two keyman life insurance policies. The banking facilities to the Company's wholly-owned subsidiaries were also secured by corporate guarantees in favour of the bank from the Company.

As at 31 December 2016, the total unutilized banking facilities available for the Group was amounted to HKD26,567,000 (2015: HKD63,253,000).

As at 31 December 2016, the Group's gearing ratio was 0.15 (31 December 2015: 0.16), which was calculated on the basis of outstanding borrowings over the total assets of the Group.

Treasury

The Group adopted conservative treasury policies in cash and financial management. Cash was generally placed in short-term deposits. The Group's liquidity and financing requirements were reviewed regularly.

For the year ended 31 December 2016, a large amount of the Group's sales was denominated in Hong Kong dollars whereas the foreign currency sales were mainly denominated in United States dollars and Swiss Franc that were contributed to the total turnover of 23.2% and 0.1% respectively (2015: 2.2% and 1.0% respectively). The expenses of the Group were mainly denominated in Renminbi. As Hong Kong dollars was pegged with United States dollars and the sales denominated in Swiss Franc was not material, the Directors considered the Group was exposed to limited risk in this aspect. Despite that, the Group's production plants were located in mainland China and the labour costs and manufacturing overhead were mainly denominated in Renminbi. The appreciation and depreciation of Renminbi might affect the overall production costs of the Group.

During the year, the Group did not use any financial instruments for hedging purposes and the Group did not have any hedging instruments outstanding as at 31 December 2016. We would continue to monitor closely the exchange rate risk arising from the Group's existing operations and new investments in future. We would implement the necessary hedging arrangement to mitigate any significant foreign exchange risk when and if appropriate.

Capital Commitments and Significant Investment

Capital expenditure contracted for by the Group but not yet provided in the audited consolidated financial statements as at 31 December 2016 was HKD10,346,000 (31 December 2015: HKD8,304,000), which was mainly related to the acquisition of property, plant and equipment.

Contingent Liabilities

As at 31 December 2016, save for the granting of corporate guarantees by the Company to its wholly-owned subsidiaries as described above, the Group did not have any significant contingent liabilities.

Employment and Remuneration Policy

As at 31 December 2016, the total number of employees of the Group was approximately 3,272 (2015: 3,695). During the year, staff costs (including Directors' emoluments) amounted to approximately HKD236,274,000 (2015: HKD272,535,000). Remuneration of the employees which included salary and discretionary bonus was based on the Group's results and individual performance. Medical and retirement benefits schemes were made available to all levels of personnel.

The Company had adopted a share option scheme to incentivize, among others, its senior management and employees. As at 31 December 2016, no options had been granted by the Company pursuant to the share option scheme.

OUTLOOK

The world has entered into a period of greater political uncertainty in 2017 along with the impact from the implementation of Brexit and the results of the coming elections in the Eurozone. Although the U.S. economy will likely see a modest upside from stronger business confidence and possibly some tax relief later in 2017, but this is not the only possible scenario in the outlook. The China economy has become more stable after the reform underwent for the past years but the real pick up is yet to see. Facing such difficult conditions, we remain focused on the business segments that we have strengths and expertise. With the extensive experience of our core team and our advanced technology in handling precision stainless steel materials and product design, we are very optimistic on the development of stainless steel product business ahead. We are committed to improving our operation efficiency and will make the best use of our resources to enhance our profitability for the purpose of achieving the sustainable growth of the Group.

Report of Directors

The Directors are pleased to present the annual report together with the audited consolidated financial statements of Winox Holdings Limited ("Company") and its subsidiaries for the year ended 31 December 2016 ("Annual Report").

PRINCIPAL ACTIVITIES AND BUSINESS REVIEW

The Company is an investment holding company which provides corporate management services to its subsidiaries.

The Group is principally engaged in the development and manufacturing of stainless steel products such as watch bracelets, costume jewellery, accessories and parts for leather goods, and mobile phone cases and parts. The activities and particulars of its principal subsidiaries are set out in note 31 to the consolidated financial statements.

There was no significant change in the nature of the Group's principal activities during the year.

Further discussion and analysis of these activities as required by Schedule 5 to the Companies Ordinance, including an indication of likely future developments in the Group's business, can be found in the Financial Highlights, Chairman's Statement and Management Discussion and Analysis set out on page 3, pages 4 to 5 and pages 6 to 10 of this Annual Report respectively. These discussions form part of this Report of Directors.

KEY RISKS AND UNCERTAINTIES

Our Group's financial condition, results of operations and business prospects may be affected by a number of risks and uncertainties directly or indirectly pertaining to our Group's businesses. The followings are the key risks and uncertainties identified by our Group. There may be other risks and uncertainties in addition to those shown below which are not known to our Group or which may not be material now but could turn out to be material in the future.

Risks relating to the industry

Business of the Group depends substantially on the global economic and market conditions. During periods of slowing economic growth or recession, consumer spending may drop as they are less willing to spend money. As our products are ultimately sold by our ultimate brand owners as part of their products to consumers in the high-end retail market, a drop in consumer spending power in luxury products could lead to a drop in demand for the brand owners' products, and in turn lower the demand of our products and thereby adversely affecting our results of operations and financial condition. To manage and reduce the risk, the Board intends to focus on stainless steel products, target high-end customers, and diversify our product portfolio by extending our product category to mobile phone and accessories for wearable devices, and makes prudent decisions on expansion plan.

Risks relating to concentration of customers

The largest and top five customers of the Group accounted for approximately 50.0% and 88.4% of our total revenue for the year ended 31 December 2016 respectively (2015: 53.7% and 93.3% respectively). There is no assurance that our business relationship with our major customers will continue in the future. To reduce the risk, the Group has expanded its customer base for high-end customers in which it has achieved an improvement.

Risks relating to conducting business in the PRC

Our results, financial condition and prospects are to a significant degree subject to the economic, political and legal developments of the PRC, as a substantial part of our assets and business operations are located in the PRC. The economic, political and social conditions, as well as government policies, including taxation policies, of the PRC, could affect our business. To manage the risk, the Board has appointed certain senior management to closely monitor economic, political, legal, institutional and social developments in the PRC, and maintained conservative treasury policy in cash management, such as holding cash in Hong Kong.

IMPORTANT EVENTS AFTER THE END OF THE REPORTING PERIOD

There was no significant event took place subsequent to 31 December 2016.

ENVIRONMENTAL POLICIES AND PERFORMANCE

The Group attaches great importance to environmental protection and carefully takes various environmental factors into account in the operation and decision-making processes to optimize the use of resources, strictly comply with the applicable environmental regulations and other statutory requirements and reduce waste, as well as actively encourages each of its stakeholders to protect the environment and contribute to environmental protection.

We have adopted the following principles to minimise the impact on the environment from our operations:

- Comply with all relevant environmental regulations and other statutory requirements;
- Monitor, identify and review the impact of the Group's operations on the environment on a regular basis; and
- Require all staff to address environmental responsibilities, such as implementing green office measures, to enhance their environmental awareness.

The Group has constructed environmental facilities in its factories in the PRC. We have also established a system to monitor the waste and sewage generated from the production process, installed sewage chemical treatment facility to monitor contaminants for proper disposal, and make it fit for recycling to ensure the compliance with relevant environmental regulations and standards in the PRC.

The Group deals with hazardous waste cautiously. In addition to the compliance with statutory environmental requirements on storage of hazardous waste, additional waste disposal measures have been implemented. Such waste has been disposed by qualified hazardous waste management companies recognized by local environmental protection bureau regularly in accordance with environmental requirements in order to reduce adverse environmental impact.

In the meantime, the Group has introduced energy-saving facilities at the PRC's factories, in which energy-efficient lighting is adopted to reduce energy consumption. In addition, an incentive system has been employed for the use of raw materials to promote waste reduction and conservation of resources.

The Company believes that the environmental systems and facilities of our factories in the PRC have complied with the relevant national and local regulations on environmental protection in the PRC.

COMPLIANCE WITH RELEVANT LAWS AND REGULATIONS

The principal activities of the Group during the year were development and manufacturing of stainless steel products such as watch bracelets, costume jewellery, accessories and parts for leather goods, and mobile phone cases and parts. During the year, as far as the Company is aware, there was no material breach of or non-compliance with applicable laws and regulations by the Group that has a significant impact on the business and operations of the Group.

KEY RELATIONSHIPS WITH EMPLOYEES, CUSTOMERS, SUPPLIERS AND OTHERS

The Company is of the view that it has been maintaining a good relationship with the following key stakeholders of the Group:

- employees and workers
- major customers
- major suppliers such as production materials suppliers and component parts suppliers
- bankers

RESULTS AND APPROPRIATIONS

The results of the Group for the year ended 31 December 2016 are set out in the Consolidated Statement of Profit or Loss and Other Comprehensive Income on page 38 of this Annual Report and in the accompanying notes to the consolidated financial statements.

The Board recommends the payment of a final dividend of HK3 cents (2015: HK4 cents) per ordinary share and a special dividend of HK3 cents (2015: nil) per ordinary share, totaling HK6 cents per ordinary share, for the year ended 31 December 2016 to Shareholders whose names appear on the register of members of the Company ("Register of Members") on Friday, 26 May 2017. Details of the emoluments of the Directors and the five highest paid individuals of the Group during the year are set out in note 10 to the consolidated financial statements.

DIRECTORS' INTERESTS IN COMPETING BUSINESSES

During the year and up to the date of this Annual Report, to the best knowledge of the Directors, none of the Directors and their respective associates was considered to have any interests in the businesses which compete or were likely to compete, either directly or indirectly, with the businesses of the Group, other than those businesses where the Directors were appointed as directors to represent the interests of the Company and/or the Group.

NON-COMPETITION UNDERTAKING

On 25 June 2011, the controlling shareholders of the Company, Mr. Yiu Hon Ming ("Mr. Yiu") and Ms. Law Wai Ping ("Ms. Law"), who are also Directors of the Company, entered into a deed of non-competition undertaking ("NCU Deed") with the Company under which each of Mr. Yiu and Ms. Law has undertaken that he/she will not, and will procure that his/her associates (other than members of the Group) will not:

- (a) directly or indirectly whether as principal or agent or through any person, firm, company or organization carry on, participate or be interested or engaged in any business in any form or manner that is, directly or indirectly, in competition with the business of any member of our Group in the PRC, Hong Kong or any part of the world in which any member of our Group may from time to time operate;
- (b) directly or indirectly, solicit, interfere with or entice away from any member of our Group any person, firm, company or organization who to, Mr. Yiu's and/or Ms. Law's knowledge, as at the date of the NCU Deed, was or had been or would after the date of the NCU Deed be, a customer, supplier, distributor or management, technical staff or employees (of managerial grade or above) of any member of our Group; and
- (c) exploit his/her knowledge or information obtained from our Group to compete, directly or indirectly, with the business carried on by our Group from time to time.

During the year, both Mr. Yiu and Ms. Law have complied with the terms of the NCU Deed. Each of them have provided to the Company written confirmations in respect of their compliance with the NCU Deed on a half-yearly basis for the period ended 30 June 2016 and for the year ended 31 December 2016.

The Independent Non-executive Directors have reviewed the status of compliance with the undertakings in the NCU Deed by Mr. Yiu and Ms. Law for the year ended 31 December 2016 and have confirmed that, as far as they can ascertain, Mr. Yiu and Ms. Law have complied with the terms of the NCU Deed for the year ended 31 December 2016.

DIRECTORS' INTERESTS IN TRANSACTIONS, ARRANGEMENTS AND CONTRACTS OF SIGNIFICANCE

No transactions, arrangements and contracts of significance in relation to the Group's business to which the Company, or the Company's subsidiaries or holding companies or fellow subsidiaries was a party and in which a Director had a material interest, whether directly or indirectly, subsisted at the end of or at any time during the year.

PERMITTED INDEMNITY PROVISION

Pursuant to the Articles of Association of the Company, each Director or other officers of the Company shall be indemnified out of the assets and profits of the Company against all losses or liabilities which he or she may sustain or incur in or about the execution of the duties of his or her office or otherwise in relation thereto. In addition, the Company has maintained appropriate directors and officers liability insurance in respect of relevant legal actions against the Directors.

MANAGEMENT CONTRACTS

No contract concerning the management and administration of the whole or any substantial part of the business of the Company were entered into or existed during the year.

ARRANGEMENTS TO PURCHASE SHARES OR DEBENTURES

Other than the Share Option Scheme of the Company as disclosed below, at no time during the year was the Company, or its subsidiaries or holding companies or fellow subsidiaries, a party to any arrangements to enable Directors to acquire benefits by means of acquisition of shares in, or debentures of, the Company or any other body corporate.

SHARE OPTION SCHEME

The share option scheme of the Company ("Share Option Scheme") was approved and adopted by the Board on 25 June 2011. No options may be granted under the Share Option Scheme on or after the date of the tenth anniversary of the adoption of the Share Option Scheme, i.e. 24 June 2021.

The purpose of the Share Option Scheme is to provide Directors, officers, employees and consultants of any member of our Group ("Participant(s)") with the opportunity to acquire proprietary interests in the Company and to encourage them to work towards enhancing value of the Company and its shares for the benefit of the Company and its Shareholders as a whole. The Share Option Scheme provides the Company with a flexible means to retain, incentivise, reward, remunerate, compensate and/or provide benefits to Participants. The Share Option Scheme is administrated by the Board and the Remuneration Committee of the Company.

No option had been granted under the Share Option Scheme as at the date of this Annual Report. The maximum number of shares which may be issued upon exercise of all options to be granted under the Share Option Scheme shall be 50,000,000 shares, representing 10 per cent of the Company's total issued share capital as at the date of this Annual Report.

Unless approved by the Shareholders, the total number of shares issued and to be issued upon exercise of the options granted to each Participant (including exercised, cancelled and outstanding options) under the Share Option Scheme in any twelve-month period must not exceed 1 per cent of the shares in issue. Each grant of options to any Director, chief executive or substantial Shareholder, or any of their respective associates shall be subject to prior approval by Independent Non-executive Directors. Where any grant of options to a substantial Shareholder or an Independent Non-executive Director, or any of their respective associates, would result in the shares issued and to be issued upon exercise of all options already granted and to be granted (including exercised, cancelled and outstanding options) to such person in the twelve-month period: (a) representing in aggregate over 0.1 per cent of the shares of the Company then in issue; and (b) having an aggregate value in excess of HKD5,000,000, such grant of options shall be subject to prior approval by the Shareholders.

No offer shall be made and no option shall be granted to any Participant in circumstances prohibited by the Listing Rules at a time when the Participant would or might be prohibited from dealing in the shares of the Company by the Listing Rules or by any applicable rules, regulations or law.

The period within which the options must be exercised will be specified by the Company at the time of grant. Such period must expire no later than ten years from the date of grant.

The amount payable upon acceptance of an option is HKD1. At the time of grant of the options, the Company may specify any minimum period for which an option must be held before it can be exercised or any performance targets which must be achieved before the options can be exercised. The Share Option Scheme does not contain any such minimum period and any performance targets.

The subscription price for shares on the exercise of the options shall be no less than the higher of: (a) the closing price of the shares as stated in the daily quotations sheet issued by the Stock Exchange on the date of grant; (b) the average closing price of the shares as stated in the daily quotations sheets issued by the Stock Exchange for the five business days immediately preceding the date of grant; and (c) the nominal value of a share on the date of grant.

A share to be allotted and issued upon the exercise of an option shall be subject to all provisions of the Articles of Association of the Company for the time being in force and will rank pari passu with the fully paid shares in issue on the date the name of the Participant shall be registered on the Register of Members. Prior to being registered on the Register of Members, the Participant is not entitled to any voting rights, or rights to participate in any dividends or distributions, in respect of the shares to be issued upon the exercise of the option.

During the year ended 31 December 2016, no option was granted or outstanding under the Share Option Scheme.

SPECIFIC PERFORMANCE OBLIGATIONS ON CONTROLLING SHAREHOLDER

On 24 February 2011, Winox Enterprise, an indirectly wholly-owned subsidiary of the Company, as borrower, entered into certain revised facilities letters with a financial institution to supersede the then facilities letters in order to facilitate the listing of the Company on the Stock Exchange in July 2011. These loan facilities (a) are interest bearing and secured; (b) are repayable by instalments ranging from a period of three quarters to 80 months commencing on 24 February 2011; and (c) contain repayment on demand clause at the discretion of the financial institution (the repayment on demand clause for certain committed loans was effective after 31 March 2013).

On 15 May 2012, Winox Enterprise, as borrower, entered into another facilities letter with the same financial institution in relation to two 5-year term loans at an aggregate amount of HKD70,000,000. These loan facilities (a) are interest bearing and secured; (b) are repayable by 60 monthly instalments commencing one month after each drawdown; and (c) contain repayment on demand clause at the discretion of the financial institution. The loans were drawn by 5 instalments on dates ranging from 28 May 2012 to 24 December 2012.

On 21 June 2013, Winox Enterprise, as borrower, entered into another facilities letter with the same financial institution in relation to two term loans, which are interest bearing and secured, at the amounts of HKD40,000,000 (converted to committed loan on 27 December 2013, and is repayable by 12 equal quarterly instalments and fully repayable by 30 September 2016) and HKD60,000,000 (converted to committed loan on 24 March 2014 for the first 2 years from the loan drawdown date and is repayable by 28 equal quarterly instalments) respectively. During the year ended 31 December 2014, HKD30,000,000 was drawn on 25 June 2014 and HKD30,000,000 was drawn on 25 September 2014 from the latter loan.

On 24 November 2015, Winox Enterprise, as borrower, entered into another facilities letter with the same financial institution in relation to a term loan of up to HKD70,000,000. The loan facility (a) is interest bearing; (b) is repayable by 20 equal quarterly instalments commencing three months after first drawdown; and (c) contains repayment on demand clause at the discretion of the financial institution which was effective after 22 months from the date of the first drawdown). HKD35,000,000 was drawn on 28 December 2015 and HKD35,000,000 was drawn on 15 March 2016.

Pursuant to these facilities letters, the controlling shareholder of the Company, Mr. Yiu Hon Ming and his family are required, at all times, to hold not less than 50% of the issued shares of the Company ("Specific Performance Obligations"). The breach of the Specific Performance Obligations will cause a default in respect of these loan facilities and the financial institution shall have the right to terminate the commitments and declare all outstanding amounts together with interests accrued thereon and all other sums payable under these loan facilities be immediately due and payable.

Report of Directors

As at 31 December 2016, the amount of loan outstanding under these loan facilities was approximately HKD107,389,000 and the unutilised facilities available for drawdown amounted to HKD2,000,000.

TAX RELIEF AND EXEMPTION

The Directors are not aware of any tax relief and exemption available to the Shareholders by reason of their holding of the Company's securities.

CHANGE OF AUDITOR

There was no change of auditor of the Company in the past three years.

INDEPENDENT AUDITOR

During the year, Messrs. Deloitte Touche Tohmatsu was appointed as the independent auditor of the Company. A resolution will be proposed at the AGM to re-appoint Messrs. Deloitte Touche Tohmatsu as the independent auditor of the Company.

On behalf of the Board

Corporate Governance Report

Winox Holdings Limited ("Company") is committed to establishing and maintaining high standard of corporate governance and believes that good corporate governance system provides a sustainable and solid foundation for the Company to manage business risks, enhance transparency, advance accountability and maximise Shareholders' interests.

Throughout the year ended 31 December 2016, the Company has applied the principles in the Corporate Governance Code ("CG Code") as set out in Appendix 14 to the Listing Rules and complied with all the applicable code provisions of the CG Code, save and except for the deviations from code provisions A.2.1 and A.6.7.

Under code provision A.2.1, the roles of chairman and chief executive should be separate and should not be performed by the same individual. Mr. Yiu Hon Ming is the Chairman and Managing Director (being defined as chief executive under the CG Code) of the Company who is responsible for overseeing the overall operations of the Group. Mr. Yiu is the founder of the Group who possesses comprehensive knowledge and experience of the industry and has in-depth understanding of the Group's overall operations. Directors consider this structure is conducive to strong and consistent leadership, effective and efficient planning and implementation of business decisions and strategies of the Group. The Board meets regularly to discuss major matters affecting the Group's operations and considers this structure does not impair the balance of power and authority between the Board and the management of the Company.

Under code provision A.6.7, independent non-executive directors and other non-executive directors should attend general meetings and develop a balanced understanding of the views of shareholders. An Independent Non-executive Director was unable to attend the Company's annual general meeting held on 23 May 2016 due to his other business engagements.

The Company has formulated and adopted its corporate governance policy ("CG Policy") and it is the responsibility of the Board to perform the corporate governance duties. The CG Policy outlines certain essential corporate governance principles under the CG Code and intends to provide appropriate guidance on the effective application and promotion of corporate governance principles in the Company. The CG Policy is available on the website of the Company.

DIRECTORS' SECURITIES TRANSACTIONS

The Company has adopted the Model Code as set out in Appendix 10 to the Listing Rules as its code of conduct regarding securities transactions of Directors. The Model Code applies to Directors, relevant employees and officers who are likely to be in possession of unpublished price-sensitive information of the Company. Having made specific enquiry of all Directors, each of them confirmed that he/she has complied with the required standard set out in the Model Code during the year ended 31 December 2016 and up to the date of this Annual Report.

THE BOARD

The Board guides and monitors the business and affairs of the Company to enhance long-term Shareholders' value. It is also the responsibility of the Board to determine the appropriate corporate governance practices applicable to the Company's circumstances and to ensure processes and procedures are in place to achieve the Company's corporate governance objectives.

There was in place a directors and officers liability insurance coverage in respect of any legal actions against the Directors and officers arising from corporate activities.

Corporate Governance Report

Board Composition

As at the date of this Annual Report, the Board consisted of nine Directors (including the Chairman), amongst which five are Executive Directors and four are Non-executive Directors of whom three are independent.

Executive Directors

Mr. Yiu Hon Ming (Chairman and Managing Director)

Ms. Law Wai Ping

Mr. Chau Kam Wing Donald (Finance Director)

Mr. Li Chin Keung Ms. Yiu Ho Ting

Non-executive Director

Mr. Au Wai Ming (Deputy Chairman)

Independent Non-executive Directors

Mr. Carson Wen Professor Wong Lung Tak Patrick Mr. Wu Ming Lam

The Board includes three Independent Non-executive Directors, representing one-third of the Board.

Professor Wong Lung Tak Patrick, an Independent Non-executive Director, is a practising certified public accountant in Hong Kong who possesses over 40 years of experience in the accountancy profession. He has appropriate accounting and related financial management expertise.

The Board focuses on formulating the Group's overall strategic policy, monitoring performance and providing leadership and control for effective management. The Board has delegated the authority and responsibility for business strategies implementation and day-to-day administration and operations of the Group's business to the Managing Director and senior management.

Major corporate matters that are specifically reserved to the Board include but not limited to:

- formulating the Group's business strategies;
- establishing corporate governance and internal control systems; and
- monitoring performance of the management and providing guidance to the management.

Major duties and responsibilities of senior management include but not limited to:

- setting up offices for companies of the Group;
- executing business strategies and initiatives adopted by the Board;
- implementing proper and sufficient internal control systems and risk management procedures; and
- ensuring compliance with relevant statutory requirements and rules and regulations.

Save as disclosed in the section entitled "Directors, Senior Management and Company Secretary" of this Annual Report, there is no financial, business, family or other material/relevant relationship between Board members. Biographical details of Directors, which demonstrate a diversity of skills, expertise, experience and qualifications in the Board, are set out on pages 11 to 13 of this Annual Report.

Non-Executive Directors

The Company has received from each Independent Non-executive Director an annual confirmation of his independence pursuant to rule 3.13 of the Listing Rules. The Board and the Nomination Committee have reviewed the independence of the Independent Non-executive Directors and considered all of Mr. Carson Wen, Professor Wong Lung Tak Patrick and Mr. Wu Ming Lam to be independent within the definition of the Listing Rules.

All Non-executive Directors (including Independent Non-executive Directors) were appointed with specific term of 3 years and are subject to retirement by rotation and re-election at annual general meetings in accordance with the Articles of Association of the Company.

Chairman and Managing Director

During the year, the roles of Chairman and Managing Director (being defined as chief executive under the CG Code) were performed by Mr. Yiu Hon Ming, who is responsible for overseeing the overall operations of the Group.

Directors' Commitments and Continuous Professional Development

The Company has received confirmation from each Director that he/she has given sufficient time and attention to the affairs of the Company for the year ended 31 December 2016. Directors have disclosed to the Company the number and nature of offices held in Hong Kong and overseas listed public companies or organisations.

Each newly appointed Director receives an induction on his/her appointment to ensure that he/she has proper understanding of the operations and business of the Group and is fully aware of his/her responsibilities and obligations under the Listing Rules, applicable laws and other relevant statutory requirements. Directors are continually provided with updates on statutory and regulatory developments, and evolution of the business environment so as to facilitate them to discharge their duties.

According to the records maintained by the Company, Directors received continuous professional development with an emphasis on the roles, functions and duties of being a director of a listed company in compliance with code provision A.6.5 of the CG Code during year ended 31 December 2016:

AUDIT COMMITTEE

The Audit Committee was established on 25 June 2011 with written terms of reference specifying its authority and duties which is available on the Company's website. The Audit Committee comprises wholly Independent Non-executive Directors.

Members of the Audit Committee Professor Wong Lung Tak Patrick (Chairman) Mr. Carson Wen Mr. Wu Ming Lam

Main functions of the Audit Committee are:

- reviewing the accounting policies and practices, and supervising the Company's financial reporting process;
- monitoring the performance of both the internal and external auditors;
- reviewing and examining the effectiveness of risk management and internal control systems;
- considering major investigation findings on risk management and internal control matters; and
- ensuring compliance with applicable statutory accounting and reporting requirements, legal and regulatory requirements.

The Audit Committee is provided with sufficient resources to discharge its responsibilities. For the year ended 31 December 2016, the Audit Committee held three meetings, among others, to review with external auditor and senior management the interim and annual results of the Group as well as the accounting principles and practices being adopted, internal control and financial reporting matters. Our Finance Director, senior management, internal auditor and external auditor, as appropriate, attended the meetings to respond to any queries raised by the Audit Committee. The Audit Committee also reviewed the external auditor's independence and made recommendations to the Board on the re-appointment of external auditor.

REMUNERATION COMMITTEE

The Remuneration Committee was established on 25 June 2011 with written terms of reference specifying its authority and duties which is available on the Company's website. The Remuneration Committee comprised four members, amongst which three are Independent Non-executive Directors and one is Executive Director.

Members of the Remuneration Committee Professor Wong Lung Tak Patrick (Chairman) Mr. Yiu Hon Ming

Mr. Carson Wen Mr. Wu Ming Lam

The Remuneration Committee is responsible for making recommendations to the Board on the remuneration packages of Directors and senior management, with reference to their duties, responsibilities and performance, and the results of the Group. No Director will be involved in deciding his/her own remuneration.

For the year ended 31 December 2016, the Remuneration Committee held one meeting to review and approve the 2015 performance bonus proposal of the Company, and discuss the remuneration packages of Directors and senior management of the Company.

Remuneration of Directors and Senior Management

Particulars in relation to Directors' remuneration and the five highest paid employees as required to be disclosed pursuant to Appendix 16 to the Listing Rules are set out in note 10 to the consolidated financial statements.

Pursuant to code provision B.1.5 of the CG Code, the remuneration of the members of senior management by band for the year ended 31 December 2016 is set out below:

NOMINATION COMMITTEE

The Nomination Committee was established on 25 June 2011 with written terms of reference specifying its authority and duties which is available on the Company's website. The Nomination Committee comprised four members, amongst which three are Independent Non-executive Directors and one is Executive Director.

Members of the Nomination Committee

Mr. Yiu Hon Ming (Chairman)

Mr. Carson Wen

Professor Wong Lung Tak Patrick

Mr. Wu Ming Lam

The Nomination Committee, with the aim to build up a strong and diverse Board, would identify suitable and qualified individuals, in particular those who can add value to the management through their expertise in relevant strategic business areas, to be Board members, and would recommend the Board on relevant matters relating to the appointment or reappointment of Directors, if necessary. Details of the procedure for Shareholders to propose a person for election as a Director are outlined in the "Director Nomination Procedure" which is available on the Company's website.

For the year ended 31 December 2016, the Nomination Committee held one meeting to review the structure, size and composition (including the skills, knowledge and experience) of the Board, assess the independence of Independent Non-executive Directors and make recommendations to the Board on the re-appointment of Directors taking into account their experience and qualifications.

Board Diversity Policy

On 23 August 2013, the Nomination Committee adopted the board diversity policy of the Company which sets out the approach to achieve diversity on the Board. The Board recognises the benefits of board diversity and endeavours to ensure that the Board has the appropriate balance and level of skills, experience and perspectives required to support the execution of the Group's business strategies. The Company seeks to achieve board diversity through the consideration of a number of factors, including but not limited to gender, age, cultural and educational background, ethnicity, professional experience, skills, knowledge and length of service. The ultimate decision will be based on the candidates' merits and contributions to the Board. The Nomination Committee reviews the board diversity policy, as appropriate, to ensure its effectiveness from time to time. The Company considers that the current Board composition is characterised by diversity, whether considered in terms of gender, professional experience and skills.

BOARD AND COMMITTEE MEETINGS

During the year ended 31 December 2016, the Board held six meetings. At these meetings, the Board, among others, reviewed and discussed the Group's business updates and strategies. The individual attendance record of each Director at the Board meetings, Board Committee meetings and general meetings during the year is set out below:

Minutes of the Board and Board Committee meetings are recorded in sufficient details including any matters considered, decisions reached, concerns or queries raised or dissenting views expressed by the Directors in meetings. Draft and final versions of minutes of the Board and Board Committees are sent to all Directors or Board Committee members for comments and records respectively within a reasonable time after meetings.

COMPANY SECRETARY

The Company engaged an external service provider as its Company Secretary since 12 June 2014. The Finance Director of the Company is the contact person of the external service provider. The biographical detail of the Company Secretary is disclosed in the section entitled "Directors, Senior Management and Company Secretary" of this Annual Report. During the year under review, the Company Secretary undertook over 15 hours of relevant professional training to update her skills and knowledge.

RISK MANAGEMENT AND INTERNAL CONTROL

The Board acknowledges that it is responsible for the risk management and internal control systems and reviewing their effectiveness on an ongoing basis. Such risk management and internal control systems are designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss.

The Group's risk management framework and the responsibilities of each delegated group within it are as follows:

Board

- Determines the business strategies and objectives of the Group, and evaluates and determines the nature and extent of risks it is willing to take in achieving the Group's strategic objectives;
- Ensures that the Group establishes and maintains appropriate and effective risk management and internal control systems; and
- Oversees management in the design, implementation and monitoring of the risk management and internal control systems.

Audit Committee

- Assists the Board to perform its responsibilities of risk management and internal control systems;
- Oversees the Group's risk management and internal control systems on an ongoing basis;
- Reviews the effectiveness of the Group's risk management and internal control systems at least annually, and such review should cover all material controls including financial, operational and compliance control;
- Ensures the adequacy of resources, staff qualifications and experience, training programs and budget of the Group's accounting, internal audit and financial reporting functions; and
- Considers major findings on risk management and internal control matters, and reports and makes recommendations to the Board.

Management

- Designs, implements and maintains appropriate and effective risk management and internal control systems;
- Identifies, evaluates and manages the risks that may potentially impact the major processes of the operations;
- Monitors risks and takes measures to mitigate risks in day-to-day operations;
- Follow up the findings on risk management and internal control matters raised by the internal audit team and take prompt remedial action to improve the systems; and
- Provides confirmation to the Board and Audit Committee on the effectiveness of the risk management and internal control systems.

Internal Audit Team

- Reviews the adequacy and effectiveness of the Group's risk management and internal control systems; and
- Reports to the Audit Committee the findings of the review and makes recommendations to the Board and management to improve the material systems deficiencies or control weaknesses identified.

The Group's internal audit function is performed by an internal audit team and it plays an important part in the assessment of the effectiveness of the risk management and internal control systems of the Group and reports directly to the Audit Committee. The team conducts internal audit reviews on material internal control systems covering major financial, operational and compliance controls, as well as risk management functions. The internal audit team reports to the Audit Committee on a quarterly basis and recommends remedial plans to management for any internal control deficiencies identified. The team monitors the implementation of its recommendations by the management and reports the outcome to the Audit Committee.

The Board has reviewed the effectiveness of the Group's risk management and internal control systems and considered them to be effective and adequate during the year under review.

HANDLING INSIDE INFORMATION

An information disclosure policy is in place to ensure potential inside information being captured and confidentiality of such information being maintained until consistent and timely disclosure are made in accordance with the Listing Rules. The policy regulates the handling and dissemination of inside information, which includes:

- Designated reporting channels from different operations informing any potential inside information to designated departments;
- Designated persons and departments to determine further escalation and disclosure as required; and
- Designated persons authorised to act as spokespersons and respond to external enquiries.

SHAREHOLDERS' RIGHTS

Shareholders convening an extraordinary general meeting

Pursuant to Article 58 of the Articles of Association, any one or more Shareholders holding at the date of deposit of the requisition not less than one-tenth of the paid up capital of the Company carrying the right of voting at general meetings of the Company shall at all times have the right, by written requisition to the Board or the Company Secretary, to require an extraordinary general meeting to be called by the Board for the transaction of any business specified in such requisition. Such meeting shall be held within two months after the deposit of such requisition.

If within 21 days of such deposit the Board fails to proceed to convene such meeting, Shareholders may hold the extraordinary general meeting, and all reasonable expenses incurred by the Shareholders as a result of the failure of the Board shall be reimbursed to the Shareholders by the Company.

Shareholders' enquiries and proposals

To foster regular and contribute two-way communications amongst the Company, its Shareholders and potential investors, the Company Secretary is designated to respond to enquiries and proposals from Shareholders as well as the public. Shareholders' enquiries and proposals can be made via email at info@winox.com or by phone at (852) 23493776. In addition, the Company is committed to maximising the use of its website (www.winox.com) as a channel to provide updated information in a timely manner and to strengthen the communications with Shareholders and the public. The Company has formulated the "Shareholders Communication Policy" which enables Shareholders to exercise their rights in an informed manner. The Shareholders Communication Policy is available on the Company's website.

Publications of the Company's documents

The following documents of the Company are available on the Company's website for Shareholders' reference:

- Memorandum and Articles of Association
- Terms of Reference of Audit Committee
- Terms of Reference of Nomination Committee
- Terms of Reference of Remuneration Committee
- Corporate Governance Policy
- Director Nomination Procedure
- Shareholders Communication Policy
- Whistle-blowing Policy
- List of Directors and their Role and Functions

INVESTOR RELATIONS

The Company recognises the importance to maintain effective communication with the financial community and its stakeholders in order to achieve a fair valuation on the Company's securities as well as to enhance its Shareholders' value. Effective communication process involves the provision of accurate, complete and transparent information of the Company on timely and equal bases. During the year, the Company arranged meetings and interviews with various institutional investors.

AUDITOR'S REMUNERATION

An analysis of the remuneration payable to the Group's independent auditor, Messrs. Deloitte Touche Tohmatsu, to perform audit and non-audit services for the year ended 31 December 2016 is as follows:

Services rendered	2016 HKD'000	2015 HKD'000
Audit service	1,300	1,300
Non-audit service	310	310

The non-audit services include professional services in relation to the Company's interim results and preliminary results announcements.

OTHER SPECIFIC DISCLOSURES

During the year, there were no changes in the Company's Memorandum and Articles of Association. An up-to-date consolidated version of the Company's Memorandum and Articles of Association is available on the Company's website.

Directors have acknowledged their responsibility for preparing all information and representations contained in the consolidated financial statements of the Company for the year ended 31 December 2016.

Directors consider that the consolidated financial statements of the Company for the year ended 31 December 2016 have been prepared in conformity with the generally accepted accounting standards in Hong Kong, and reflect amounts that are based on the best estimates, and reasonable, informed and prudent judgments of the Board and management of the Company with an appropriate consideration to materiality.

Directors are not aware of any material uncertainties relating to events or conditions which may cast significant doubt upon the Company's ability to continue as a going concern. Accordingly, the Directors have prepared the consolidated financial statements of the Company for the year ended 31 December 2016 on a going concern basis.

To the Shareholders of Winox Holdings Limited

(incorporated in the Cayman Islands with limited liability)

OPINION

We have audited the consolidated financial statements of Winox Holdings Limited (the "Company") and its subsidiaries (collectively referred to as "the Group") set out on pages 38 to 73, which comprise the consolidated statement of financial position as at 31 December 2016, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2016, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter

How our audit addressed the key audit matter

Valuation on trade receivables

We identified the valuation on trade receivables as a key audit matter due to the significance of the balance, and the use of judgement and estimates by the management on the recoverability of trade receivables.

In determining the allowance for trade receivables, the management considers the credit history including default or delay in payments, settlement records, subsequent settlements and aging analysis of the trade receivables as set out in note 4 to the consolidated financial statements.

As disclosed in note 18 to the consolidated financial statements, the carrying amount of trade receivables is HK\$88,938,000 (net of allowance for doubtful debts of nil) as at 31 December 2016.

Our procedures in relation to valuation on trade receivables included:

- Obtaining an understanding of how allowance for trade receivables is estimated by the management.
- Understanding and testing the entity's preparation of aging analysis of trade receivables.
- Assessing the accuracy of the trade receivables' aging by testing the aging analysis of the trade receivables on a sample basis, to the sales invoices.
- Assessing the reasonableness of recoverability of trade receivables with reference to the credit history including default or delay in payments, settlement records, subsequent settlements and aging analysis of individual trade debtors.

OTHER INFORMATION

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF DIRECTORS AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in the independent auditor's report is Au Mei Yin.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2016

1. GENERAL

The Company is a limited company incorporated in the Cayman Islands and its shares are listed on the Stock Exchange of Hong Kong Limited (the "Stock Exchange"). Its ultimate holding company is Ming Fung Holdings (Hong Kong) Limited, a company with limited liability incorporated in the British Virgin Islands. Its ultimate controlling shareholder is Mr. Yiu Hon Ming ("Mr. Yiu"), who is also the Chairman and Managing Director of the Company. The address of the registered office and principal place of business of the Company are disclosed in the corporate information to the annual report. The Company is an investment holding company and the principal activities of its principal subsidiaries are set out in note 31.

The consolidated financial statements are presented in Hong Kong dollars ("HK\$"), which is the same as the functional currency of the Company.

2. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs")

Amendments to HKFRSs that are mandatorily effective for the current year

The Group has applied the following amendments to HKFRSs issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") for the first time in the current year:

Amendments to HKFRS 11 Amendments to Hong Kong Accounting Standards ("HKAS") 1 Amendments to HKAS 16 and HKAS 38

Amendments to HKAS 16 and HKAS 41 Amendments to HKFRS 10, HKFRS 12 and HKAS 28 Amendments to HKFRSs Accounting for acquisitions of interest in joint operations Disclosure initiative

Clarification of acceptable methods of depreciation and amortisation Agriculture: Bearer plants Investment entities: Applying the consolidation exception

Annual improvements to HKFRSs 2012-2014 cycle

The application of the amendments to HKFRSs in the current year has had no material impact on the Group's financial performance and positions for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

New and amendments to HKFRSs in issue but not yet effective

The Group has not early applied the following new and amendments to HKFRSs that have been issued but are not yet effective:

HKFRS 9 Financial instruments¹

HKFRS 15 Revenue from contracts with customers and

the related amendments¹

HKFRS 16 Leas

2. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (Continued)

HKFRS 9 "Financial instruments"

HKFRS 9 introduces new requirements for the classification and measurement of financial assets, financial liabilities, general hedge accounting and impairments for financial assets.

Key requirements of HKFRS 9 which are relevant to the Group are:

In relation to the impairment of financial assets, HKFRS 9 requires as expected credit loss model, as opposed to an incurred credit loss model under HKAS 39 "Financial instruments: Recognition and measurement". The expected credit loss model requires an entity to account for expected credit losses and changes in those expected credit losses at each reporting date to reflect changes in credit risk since initial recognition. In other words, it is no longer necessary for a credit event to have occurred before credit losses are recognised.

In general, the directors of the Company anticipate that the application of the expected credit loss model HKFRS 9 will result in earlier recognition of credit losses for the respective items and are currently assessing the potential impact.

It should be noted that the above assessments were made based on analysis of the Group's financial assets and financial liabilities as at 31 December 2016 on the basis of the facts and circumstances that existed at that date. As facts and circumstances may change during the period leading up to the initial date of application of HKFRS 9, which is expected to be 1 January 2018 as the Group does not intend to early apply the standard, the assessment of the potential impact is subject to change.

HKFRS 15 "Revenue from contracts with customers"

HKFRS 15 was issued which establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. HKFRS 15 will supersede the current revenue recognition guidance including HKAS 18 "Revenue", HKAS 11 "Construction contracts" and the related Interpretations when it becomes effective.

The core principle of HKFRS 15 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, the Standard introduces a 5-step approach to revenue recognition:

- Step 1: Identify the contract(s) with a customer
- Step 2: Identify the performance obligations in the contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

Under HKFRS 15, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when "control" of the goods or services underlying the particular performance obligation is transferred to the customer. Far more prescriptive guidance has been added in HKFRS 15 to deal with specific scenarios. Furthermore, extensive disclosures are required by HKFRS 15.

In 2016, the HKICPA issued Clarifications to HKFRS 15 in relation to the identification of performance obligations, principal versus agent considerations, as well as licensing application guidance.

The directors of the Company anticipate the application of HKFRS 15 in the future may result in more disclosures but will not have an impact on the timing and amounts of revenue recognised in the respective reporting period.

2. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (Continued)

HKFRS 16 "Leases"

HKFRS 16 introduces a comprehensive model for the identification of lease arrangements and accounting treatments for both lessors and lessees. HKFRS 16 will supersede HKAS 17 "Leases" and the related interpretations when it becomes effective.

HKFRS 16 distinguishes lease and service contracts on the basis of whether an identified asset is controlled by a customer. Distinctions of operating leases and finance leases are removed for lessee accounting, and is replaced by a model where a right-of-use asset and a corresponding liability have to be recognised for all leases by lessees, except for short-term leases and leases of low value assets.

The right-of-use asset is initially measured at cost and subsequently measured at cost (subject to certain exceptions) less accumulated depreciation and impairment losses, adjusted for any remeasurement of the lease liability. The lease liability is initially measured at the present value of the lease payments that are not paid at that date. Subsequently, the lease liability is adjusted for interest and lease payments, as well as the impact of lease modifications, amongst others. For the classification of cash flows, the Group currently presents upfront prepaid lease payments as investing cash flows in relation to leasehold lands for owned use and those classified as investment properties while other operating lease payments are presented as operating cash flows. Under the HKFRS 16, lease payments in relation to lease liability will be allocated into a principal and an interest portion which will be presented as financing cash flows.

Under HKAS 17, the Group has already recognised prepaid lease payments for leasehold lands where the Group is a lessee. The application of HKFRS 16 may result in potential changes in classification of these assets depending on whether the Group presents right-of-use assets separately or within the same line item at which the corresponding underlying assets would be presented if they were owned.

Furthermore, extensive disclosures are required by HKFRS 16.

As at 31 December 2016, the Group has non-cancellable operating lease commitments of HK\$7,731,000 as disclosed in note 24. A preliminary assessment indicates that these arrangements will meet the definition of a lease under HKFRS 16, and hence the Group will recognise a right-of-use asset and a corresponding liability in respect of all these leases unless they qualify for low value or short-term leases upon the application of HKFRS 16. In addition, the application of new requirements may result changes in measurement, presentation and disclosure as indicated above. However, it is not practicable to provide a reasonable estimate of the financial effect until the directors complete a detailed review.

The directors of the Company anticipate that the application of the other new and amendments to HKFRSs will have no material impact on the financial performance and position and/or the disclosures when they become effective.

The directors of the Company anticipate that the application of other new and amendments to HKFRSs will have no material impact on the consolidated financial statements of the Group.

3. SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards issued by the HKICPA. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited ("Listing Rules") and by the Hong Kong Companies Ordinance.

The consolidated financial statements have been prepared on the historical cost basis. Historical cost is generally based on the fair value of the consideration given in exchange for goods.

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Hong Kong Financial Reporting Standards 2 "Share-based payment", leasing transactions that are within the scope of Hong Kong Accounting Standard 17, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Hong Kong Accounting Standard 2 "Inventories" or value in use in Hong Kong Accounting Standard 36 "Impairment of assets".

The principal accounting policies are set out below.

Basis of Consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods sold and service provided in the normal course of business, net of discounts and sales related taxes.

Revenue is recognised when the amount of revenue can be reliably measured; when it is probable that future economic benefits will flow to the Group and when specific criteria have been met for each of the Group's activities, as described below.

Revenue from the sale of goods is recognised when the goods are delivered and titles have passed.

Service income is recognised when services are provided.

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount.

Notes to the Consolidated Financial Statements For the year ended 31 December 2016

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property, Plant and Equipment

Property, plant and equipment including buildings held for use in the production or supply of goods or services, or for administrative purposes (other than properties, plant and equipment in progress) are stated in the consolidated statement of financial position at cost less subsequent accumulated depreciation and accumulated impairment losses, if any.

Property, plant and equipment which are transferred from customers in cash but the Group does not have control on such property, plant and equipment are not recognised as property, plant and equipment in the consolidated statement of financial position in accordance with Hong Kong (IFRIC) Interpretation 18 "Transfer of assets from customers".

Depreciation is recognised so as to write off the cost of items of property, plant and equipment, other than properties, plant and equipment in progress, less their residual values over their estimated useful lives, using the straightline method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Buildings under development for future owner-occupied purpose

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Costs included professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Group's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use. When buildings are in the course of development for production or for administrative purposes, the amortisation of prepaid lease payments provided during the construction period is included as part of costs of buildings under construction.

Prepaid Lease Payments

Prepaid lease payments representing land use rights in the PRC are stated at cost and amortised on a straight-line basis over the lease terms. Prepaid lease payments which are to be amortised in the next twelve months or less are classified as current assets.

Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, are capitalised as part of the cost of those assets. Capitalisation of such borrowings costs ceases when the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit and loss in the period in which they are incurred.

Inventories

Inventories are stated at the lower of cost and net realisable value. Costs of inventories are determined using the weighted average method. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Instruments

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

Financial assets

The Group's financial assets are classified into loans and receivables. The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Interest income is recognised on an effective interest basis for debt instruments.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in active market. At the end of each reporting period subsequent to initial recognition, loans and receivables (including the deposit for a life insurance policy, trade and other receivables and bank balances and cash) are carried at amortised cost using the effective interest method, less any identified impairment loss.

Impairment of financial assets

Loans and receivables are assessed for indicators of impairment at the end of each reporting period. Financial assets are considered to be impaired when there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial assets, the estimate future cash flows of the financial assets have been affected.

Objective evidence of impairment could include:

- significant financial difficulty of the issuer or counterparty; or
- breach of contract, such as default or delinquency in interest or principal payments; or
- it becoming probable that the borrower will enter bankruptcy or financial re-organisation.

For certain categories of financial assets, such as trade receivables, assets that are assessed not to be impaired individually are, in addition, assessed for impairment on a collective basis. Objective evidence of impairment for a portfolio of receivables could include the Group's past experience of collecting payments, an increase in the number of delayed payments in the portfolio past the average credit period, observable changes in national or local economic conditions that correlate with default on receivables.

For financial assets carried at amortised cost, the amount of impairment loss recognised is the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the financial asset's original effective interest rate.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2016

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Instruments (Continued)

Impairment of financial assets (Continued)

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade receivables, where the carrying amount is reduced through the use of an allowance account. Changes in the carrying amount of the allowance account are recognised in profit or loss. When a trade receivable is considered uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited to profit or loss.

For financial assets measured at amortised cost, if, in a subsequent period, the amount of impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment loss was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent that the carrying amount of the asset at the date of the impairment loss is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

Financial liabilities and equity instruments

Financial liabilities and equity instruments issued by a group entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instrument

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities.

Equity instrument issued by the Company and the group entity are recorded at the proceeds received, net of direct issue costs

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimate future cash payments (including all fees and points paid or received that from an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Interest expense is recognised on an effective interest basis.

Financial liabilities

Financial liabilities including trade and other payables and bank borrowings are subsequently measured at amortised cost, using the effective interest method.

Derecognition

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

On derecognition of a financial asset, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

The Group derecognises financial liabilities when, and only when, the Group's obligation are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Impairment

At the end of the reporting period, the Group reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss, if any. If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised as an expense immediately.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised as income immediately.

Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from "profit before taxation" as reported in the statement of profit or loss and other comprehensive income because it excludes items of income or expense that are taxable or deductible in other years, and it further excludes income or expense items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of each reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax base used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary difference to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of the reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax is recognised in profit or loss, except when it relates to items that are recognised in other comprehensive income or directly in equity, in which case the current and deferred tax is also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for the business combination, the tax effect is included in the accounting for the business combination.

Foreign Currencies

The individual financial statements of each group entity are presented in the currency of the primary economic environment in which the entity operates (its functional currency).

In preparing the financial statements of each individual group entity, transactions in currencies other than the functional currency of that entity (foreign currencies) are recorded in the respective functional currency (i.e. the currency of the primary economic environment in which the entity operates) at the rates of exchanges prevailing on the dates of the transactions. At each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at the end of each reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on the retranslation of monetary items, are recognised in profit or loss in the period in which they arise.

For the purposes of presenting the consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated into the presentation currency of the Group (i.e. Hong Kong dollars) at the rate of exchange prevailing at the end of each reporting period, and their income and expenses are translated at the average exchange rates for the year, unless exchange rates fluctuate significantly during the period, in which case, the exchange rates prevailing at the dates of transactions are used. Exchange differences arising, if any, are recognised as a separate component of equity (the translation reserve). Such exchange differences are recognised in profit or loss in the period in which the foreign operation is disposed of.

Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

The Group as lessee

Operating lease payments, including the cost of acquiring land held under operating lease, are recognised as an expense on a straight-line basis over the term of the relevant lease.

Government Grants

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable.

Retirement Benefits Costs

Payments to retirement benefits plans and government-managed retirement benefits schemes are charged as an expense when employees have rendered service entitling them to the contributions.

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Short-Term and Other Long-Term Employee Benefits

Short-term employee benefits are recognised at the undiscounted amount of the benefits expected to be paid as and when employees rendered the services. All short-term employee benefits are recognised as an expense unless another HKFRS requires or permits the inclusion of the benefit in the cost of an asset.

A liability is recognised for benefits accruing to employees (such as wages and salaries, annual leave and sick leave) after deducting any amount already paid.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date. Any changes in the liabilities' carrying amounts resulting from service cost, interest and remeasurements are recognised in profit or loss except to the extent that another HKFRS requires or permits their inclusion in the cost of an asset.

4. KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, which are described in note 3, the directors of the Company are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following is the key assumption concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that have a significant risk of causing a material adjustment to the carrying amounts of relevant assets within the next financial year.

Estimated Allowance for Trade Receivables

The Group makes allowance for doubtful debts based on an assessment of the recoverability of trade receivables. Allowances are made on trade receivables whenever there is any objective evidence that the balances may not be collectible. In determining the allowance for trade receivables, the management considers the credit history including default or delay in payments, settlement records, subsequent settlements and aging analysis of the trade receivables.

As at 31 December 2016, the carrying amount of trade receivables is HK\$88,938,000 (2015: HK\$71,643,000) (net of allowance for doubtful debts of nil (2015: nil).

5. TURNOVER AND SEGMENT INFORMATION

The Group's operating activities are attributable to a single reporting segment focusing on manufacture and trading of stainless steel products. This reportable segment has been identified on the basis of internal management reports prepared in accordance with accounting policies that conform to HKFRSs, that are regularly reviewed by the chief operating decision makers (the "CODM"), who are the members of executive directors of the Company. The CODM regularly reviews revenue analysis by products, including watch bracelets, costume jewellery, mobile phone cases and parts and accessories and parts for leather goods, and by locations of customers, including Switzerland, Liechtenstein, and other European countries, Taiwan, Hong Kong, PRC and other countries. In the current year, revenue from Liechtenstein and other European countries are grouped together as the CODM considered them as one key area. Accordingly, the comparative figures of turnover by locations of customers have been restated for the purpose of revenue analysis to conform to the current year's presentation. However, other than revenue analysis, no operating results and other discrete financial information is available for the assessment of performance by respective products and locations of customers. The CODM reviews the results of the Group as a whole to make decisions. Accordingly, no analysis of this single reporting segment is presented.

Turnover represents the fair value of the consideration received or receivable for goods sold to outside customers during the year.

Turnover by products are as follows:

	2016 HK\$'000	2015 HK\$'000
Watch bracelets Costume jewellery Mobile phone cases and parts Accessories and parts for leather goods	318,583 120,368 116,525 18,842	440,066 247,047 23,099 10,709
	574,318	720,921

Turnover from external customers based on locations of customers attributed to the Group by geographical areas are as follows:

	2016 HK\$'000	2015 HK\$'000
Switzerland Liechtenstein and other European countries Taiwan PRC Hong Kong Other countries	301,179 114,142 85,986 31,097 27,901 14,013	424,265 245,522 - 21,812 27,715 1,607
	574,318	720,921

5. TURNOVER AND SEGMENT INFORMATION (Continued)

Turnover from customers of the corresponding year contributing over 10% of the total turnover of the Group are as follows:

	2016 HK\$'000	2015 HK\$'000
Customer A ¹ Customer B ² Customer C ^{3, 4}	286,906 93,953 85,539	387,252 235,072 –

Notes:

- 1 Turnover from sales of watch bracelets.
- 2 Turnover from sales of costume jewellery and accessories.
- 3 Turnover from sales of mobile phone cases and parts.
- The customer contributed less than 10% of total revenue of the Group in 2015.

At 31 December 2016, substantially all of the non-current assets of the Group were located in the PRC amounting to HK\$381,226,000 (2015: HK\$413,862,000).

The carrying values of buildings as at 31 December 2016 of HK\$121,031,000 (2015: HK\$134,034,000) shown above are situated in PRC.

At 31 December 2016, the Group has pledged certain of its buildings situated in PRC with an aggregate carrying value of about HK\$39,459,000 (2015: HK\$44,129,000) to a bank to secure the credit facilities granted to the Group.

Depreciation is provided to write off the cost of property, plant and equipment, other than properties, plant and equipment in progress, over their estimated useful lives, using the straight-line method, at the following rates per annum:

Buildings Over the shorter of the lease terms, or 3% - 5% Plant and machinery 10% - 25% Furniture, fixtures and equipment 10% - 20% Leasehold improvements 3.3% - 20% Motor vehicles 20%

At the end of both reporting periods, the Group has pledged its land use rights at the carrying value of HK\$5,842,000 (2015: HK\$6,416,000) situated in PRC to a bank to secure the credit facilities granted to the Group.

16. DEPOSIT AND PREPAYMENTS FOR A LIFE INSURANCE POLICY

In September 2010, a subsidiary of the Company entered into a life insurance policy (the "Policy") to insure a director of the Company, Mr. Yiu. Under the Policy, the beneficiary and policy holder is a subsidiary of the Company and the total insured sum is US\$4,000,000 (equivalent to HK\$31,000,000). At inception of the Policy, the Group paid an upfront payment of US\$800,000 (equivalent to HK\$6,200,000). The Group will receive cash back based on the net nominal account value of the Policy at the date of withdrawal. The Group receives an interest at interest rates quaranteed by the insurer.

In prior year, the directors of the Company expected that the Policy would be terminated at 7th policy year in 2017 and there would be a specified surrender charge of US\$97,560 (equivalent to HK\$756,000) in accordance with the Policy. The directors of the Company reassessed the expected life of the Policy as a result of a new bank borrowing granted during the year and expected that the Policy will be terminated at 11th policy year in 2021 and there will be an expected surrender charge of US\$54,200 (equivalent to HK\$420,000) from the date of initial recognition of the Policy. The directors of the Company considered that the financial impact of the option to terminate the policy was not significant.

The effective interest rate of the deposit is 3.57% (2015: 5.00%) which was determined on initial recognition by discounting the estimated future cash receipts through the expected life of the Policy of 11 years (2015: 7 years).

At the end of both reporting periods, the life insurance policy was pledged to a bank to secure general banking facilities granted to the Group.

The deposit placed for a life insurance policy is denominated in US\$, a currency other than the functional currency of the relevant group entity.

17. INVENTORIES

Others	2,446	3,179
	112,467	99,202

Payment terms with customers are mainly on credit. Invoices are normally payable within 30 to 90 days by the customers from date of issuance. A longer credit period may be granted to large or long-established customers with good payment history. The following is an aged analysis of trade receivables at the end of each reporting period based on the invoice date, which approximated the respective revenue recognition dates.

	2016 HK\$'000	2015 HK\$'000
Age 0 to 30 days 31 to 60 days 61 to 90 days Over 90 days	58,523 25,570 2,579 2,266	53,566 12,389 4,058 1,630
	88,938	71,643

In determining the recoverability of the trade receivables, the Group monitors change in the credit quality of the trade receivables since the credit was granted and up to the end of the reporting period. The directors considered that the trade receivables that are neither past due nor impaired have a good credit quality.

At 31 December 2016, included in the Group's trade receivable balances are trade receivables with aggregate carrying amount of HK\$9,746,000 (2015: HK\$8,060,000) which are past due at the end of the reporting period for which the Group has not provided for impairment loss as there has not been a significant change in credit quality and amounts are still considered recoverable based on historical experience. The Group does not hold any collateral over these balances.

18. TRADE AND OTHER RECEIVABLES (Continued)

Aging of trade receivables which are past due but not impaired is as follows:

	2016 HK\$'000	2015 HK\$'000

Note: The amounts due are based on the schedule repayable dates set out in loan agreements.

The bank borrowings carry variable interests at (i) 1.00%–3.00% (2015: 1.00% to 3.25%) over 1-month Hong Kong Interbank Offered Rate and (ii) 2.5% (2015: 2.5%) over The People's Bank of China Standard Loan Interest Rate.

At 31 December 2016, the range of effective interest rates on the variable rate bank borrowing are 1.4%–6.3% per annum (2015: 1.18% to 8.30%).

At the end of the reporting period, the Group has pledged its buildings, land use rights and the life insurance policy having an aggregate carrying value of approximately HK\$49,888,000 (2015: HK\$55,329,000) to secure general banking facilities granted to the Group. Details of these pledged assets are disclosed in the respective notes.

22. DEFERRED TAXATION

At 31 December 2016, the Group had unused tax losses of approximately HK\$28,967,000 (2015: HK\$20,697,000) available to offset against future profits. No deferred tax assets has been recognised in respect of these losses due to the unpredictability of future profit streams. The unrecognised tax losses of HK\$14,846,000 (2015: HK\$11,981,000) may be carried forward indefinitely and the remaining balances of HK\$14,121,000 (2015: HK\$8,716,000) will expire up to 2021 (2015: up to 2020).

Under the EIT Law of PRC, withholding tax is imposed on dividends declared in respect of profits earned by the PRC Subsidiaries from 1 January 2008 onwards. Deferred taxation has not been provided in respect of temporary differences attributable to accumulated distributable profits of a subsidiary in PRC amounting to HK\$10,918,000 (2015: HK\$10,209,000) at 31 December 2016, as the Company is able to control the timing of the reversal of the temporary differences and it is probable that the temporary differences will not reverse in the foreseeable future.

23. SHARE CAPITAL

	2016 & 2015 HK\$'000
Authorised: 4,000,000,000 ordinary shares of HK\$0.1 each	400,000
Issued and fully paid: 500,000,000 ordinary shares of HK\$0.1 each	50,000

There was no change in the Company's authorised, issued and fully paid share capital in both years.

24. OPERATING LEASE COMMITMENTS

The Group as Lessee

At the end of the reporting period, the Group was committed to make the following future minimum lease payments under non-cancellable operating leases which fall due as follows:

	Rented premises 2016 2015 HK\$'000 HK\$'000	
Within one year In the second to fifth year inclusive After five years	436 879 6,416	502 870 6,979
	7,731	8,351

Leases are negotiated and rentals are fixed originally for lease terms of 1 year to 50 years.

25. CAPITAL COMMITMENTS

	2016 HK\$'000	2015 HK\$'000
Capital expenditure contracted for but not provided in the consolidated financial statements in respect of acquisition of property, plant and equipment	10,346	8,304

26. RETIREMENT BENEFITS SCHEME

The Group operates a Mandatory Provident Fund Scheme for all qualifying employees in Hong Kong. The assets of the schemes are held separately from those of the Group, in funds under the control of trustees. The Group and each employee makes monthly mandatory contributions of 5% of relevant payroll costs with monthly cap of HK\$1,500 to the scheme.

The employees of the Group's subsidiaries in Mainland China are members of a state-managed retirement benefit plan operated by the government of Mainland China. The subsidiaries are required to contribute a specified percentage of payroll costs to the retirement benefit scheme to fund the benefits. The only obligation of the Group with respect to the retirement benefit plan is to make the specified contributions.

No forfeited contributions are available to reduce the contribution payable in future years.

27. RELATED PARTIES TRANSACTIONS

(i) In addition to transactions and balances disclosed elsewhere in the consolidated financial statements, the Group had entered into the following related party transactions during the year:

	2016 HK\$'000	2015 HK\$'000
Management and administrative service fee received from Ming Fung (Holdings) Limited, a company controlled by Mr. Yiu# Rental expense fee paid to Mr. Yiu#	252 676	252 676

[#] Mr. Yiu is the ultimate controlling shareholder and a director of the Company.

(ii) Remuneration paid for key management personnel, who are the directors and the chief executive of the Company, is disclosed in note 10.

The remuneration of key management personnel is determined by the remuneration committee of the Company having regard to the performance of individuals and market trends.

28. CAPITAL RISK MANAGEMENT

The Group manages its capital to ensure that the group entities will be able to continue as a going concern while maximising the return to owners through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged from the prior year.

The capital structure of the Group consists of net debt, which includes bank borrowings disclosed in note 21, net of cash and cash equivalents and equity attributable to owners of the Company, comprising issued share capital, reserves and retained profits as disclosed in the consolidated financial statements.

The management of the Group reviews the capital structure on a quarterly basis. As part of this review, the management of the Group considers the cost of capital and the risks associated with the ordinary share capital, and will balance its overall capital structure through the payment of dividends, new share issues of the Company as well as the raising of bank loans.

29. FINANCIAL INSTRUMENTS

Details of the significant accounting policies and methods adopted, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised, in respect of each class of financial assets and financial liabilities are disclosed in note 3.

Categories of Financial Instruments

	2016 HK\$'000	2015 HK\$'000
Loans and receivables (including cash and cash equivalents)	275,218	275,901
Financial liabilities Amortised cost	177,878	187,573

Financial Risk Management Objectives and Policies

The Group's major financial instruments include trade and other receivables, bank balances and cash, a deposit for a life insurance policy, trade and other payables and bank borrowings. Details of these financial instruments are disclosed in the respective notes. The risks associated with these financial instruments and the policies on how to mitigate these risks are set out below. The management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

Credit Risk

As at 31 December 2016, the Group's maximum exposure to credit risk in the event of the counterparties failure to perform their obligations at the end of each reporting period in relation to each class of recognised financial assets is the carrying amount of the respective recognised financial assets as stated in the consolidated statements of financial position.

As at 31 December 2016, the Group has concentration of credit risk on trade receivables as 21% (2015: 42%) and 76% (2015: 91%) respectively of the trade receivables was due from the Group's largest customer and the five largest customers, respectively.

Credit Risk (Continued)

In order to minimise the credit risk, the management of the Group has delegated a team responsible for determination of credit limits, credit approvals and other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. In addition, the Group reviews the recoverable amount of each individual trade debt at the end of the reporting periods to ensure that adequate impairment losses are made for irrecoverable amounts. In this regard, the directors of the Company consider that the Group's credit risk is significantly reduced.

The credit risk on bank balances is limited as such amounts are deposited in banks with good reputation and with high credit ratings assigned by international credit-rating agencies.

Other than concentration of credit risk on trade receivables and bank balances which are deposited with several banks with high credit rating, the Group does not have any other significant concentration of credit risk.

Market Risk

(i) Currency Risk

Several subsidiaries of the Company have foreign currency sales, which expose the Group to foreign currency risk. During the year ended 31 December 2016, about 23% (2015: 3%) of the Group's sales are denominated in currency other than the functional currency of the group entities. The group entities also have foreign currency purchases, which also expose the Group to foreign currency risk. During the year ended 31 December 2016, about 8% (2015: 13%) of the Group's purchases are denominated in currencies other than the functional currency of the group entities making the purchase.

The carrying amounts of relevant group entities' foreign currencies denominated monetary assets and liabilities other than their functional currency for the year (including trade and other receivables as disclosed in note 18, bank balances and cash as disclosed in note 19 and trade and other payables as disclosed in note 20) at the end of the reporting period are as follows:

	Ass	sets	Liabi	lities

Sensitivity analysis

The Group mainly exposes to currencies of RMB, US\$ and CHF, which are arising from relevant group entities' foreign currency denominated monetary assets and liabilities for the Group's operating activities in Hong Kong and PRC. The following table details the Group's sensitivity to a 3% (2015: 3%) increase and decrease in the functional currency the Company against the relevant foreign currencies. Under the linked exchange rate system, the financial impact on exchange difference between HK\$ and US\$ will be immaterial and therefore no sensitivity analysis has been presented. 3% (2015: 3%) is the sensitivity rate used when the management assesses the reasonably possible change in the foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the end of the reporting period for a 3% (2015: 3%) change in the foreign currency rates. The sensitivity analysis includes certain bank balances, trade and other receivables and trade and other payables which are exposed to foreign currency risk. A positive (negative) number below indicates an increase (decrease) in profit after taxation where the functional currency strengthens 3% (2015: 3%) against the relevant foreign currencies or the functional currency of the relevant group entities. For a 3% (2015: 3%) weakening of the functional currency against the relevant foreign currencies, there would be an equal and opposite impact on the profit after taxation.

	2016 HK\$'000	2015 HK\$'000
RMB	(68)	(69)
CHF	(191)	(325)

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk as the year end exposure at the end of the reporting period does not reflect the exposure during the year.

(ii) Interest rate risk

The Group is also exposed to cash flow interest rate risk through the impact of rate changes on interest bearing financial assets and liabilities, mainly interest bearing bank balances and bank borrowings at variable interest rates. The Group currently does not have an interest rate hedging policy. However, the management will consider hedging significant interest rate risk should the need arise.

Sensitivity analysis

The sensitivity analysis below has been determined based on the exposure to interest rates for interest bearing bank balances and bank borrowings at variable interest rates at the end of each reporting period and assumed that the said financial instruments outstanding at the end of each reporting period were outstanding for the whole year. 50 basis points (2015: 50 basis points) increase represents management's assessment of the reasonably possible change in interest rates. The management does not anticipate a decrease in interest rate in the next financial year having regard to the trends in Hong Kong dollar prime rate, HIBOR and The People's Bank of China Standard Loan Interest Rate. Accordingly, sensitivity analysis on a decrease in interest rates is not presented.

Market Risk (Continued)

(ii) Interest rate risk (Continued)

Sensitivity analysis (Continued)

If interest rates on bank balances and bank borrowings at variable interest rates had been 50 basis points (2015: 50 basis points) higher and all other variables were held constant, the potential effect on profit before taxation is as follows:

	2016 HK\$'000	2015 HK\$'000
Increase in profit before taxation	286	312

Liquidity risk management

The management of the Group has built an appropriate liquidity risk management framework for the management of the Group's short and medium-term funding and liquidity management requirements. The Group manages liquidity risk by maintaining banking facilities and by continuously monitoring forecasted and actual cash flows and the maturity profiles of its financial liabilities.

The following table details the Group's remaining contractual maturity for its financial liabilities. The table has been drawn up to reflect the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay. Specifically, bank borrowings with a repayment on demand clause are included in the earliest time band regardless of the probability of the banks choosing to exercise their rights. The maturity dates for other financial liabilities are based on the agreed repayment dates. The table includes both interest and principal cash flows.

Liquidity risk management (Continued)

Bank borrowings with a repayment on demand clause are included in the "on demand or less than 3 months" time band in the above maturity analysis. As at 31 December 2016, the aggregate undiscounted principal amounts of these bank loans amounted to HK\$80,989,000 (2015: HK\$76,569,000). Taking into account the Group's financial position, the directors of the Company do not believe that it is probable that the banks will exercise their discretionary rights to demand immediate repayment. The directors of the Company believe that such bank loans will be repaid within five years (2015: six years) after the end of the reporting period in accordance with the scheduled repayment dates set out in the loan agreements and the aggregate principal and interest cash outflows according to the scheduled repayment dates are set out as follows:

	Less than 3 months HK\$'000	Over 3 months but less than 1 year HK\$'000	Over 1 year but less than 2 years HK\$'000	Over 2 years but less than 5 years HK\$'000	Over 5 years HK\$'000	Total undiscounted cash flows HK\$'000	Carrying amount HK\$'000
31 December 2016	11,779	19,673	17,244	38,243	-	86,939	80,989
31 December 2015	10,077	19,019	19,945	27,702	5,439	82,182	76,569

Fair value of financial instruments

The fair value of financial assets and financial liabilities are determined in accordance with generally accepted pricing models based on discounted cash flow analysis.

The directors of the Company consider that the carrying amounts of financial assets and financial liabilities recorded at amortised cost in the consolidated financial statements approximate their fair values at the end of the reporting period.
