This announcement is made by Xiwang Special Steel Company Limited (the “**Company**”, and together with its subsidiaries, the “**Group**”) pursuant to Rule 13.09(2) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “**Listing Rules**”) and Inside Information Provisions under Part XIVA of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong).

The board (the “**Board**”) of directors (“**Directors**”) of the Company wishes to inform the shareholders of the Company (the “**Shareholders**”) and potential investors that based on the preliminary assessment of the unaudited consolidated management accounts of the Group for the six months ended 30 June 2017, which have not been reviewed or audited by the independent auditors and/or the audit committee of the Company, it is expected that the Group’s consolidated profit attributable to the shareholders of the Company for the six months ended 30 June 2017 may increase approximately by the range between 80% and 90% as compared with that for the six months ended 30 June 2016.

The increase in the net profit of the Group for the six months ended 30 June 2017 is mainly due to the increase in revenue coupled with the improved gross profit per tonne of both ordinary steel and special steel. Such increases were attributable to the change in demand and supply of the steel industry, where the management of the Company is able to grasp the opportunities for steady development. On the supply side, the prohibition of the use of intermediate frequency furnace and the favourable government policies on alleviating overcapacities of the steel industry have resulted in a significant decrease in production capacities of certain steel mills leading to a decrease in steel supply. On the demand side, the increasing number of approval by the government on infrastructure projects and the steady demand arising from the property development industry have caused the steel demand to expand further.

The Company is in the course of finalising the interim results of the Group for the six months ended 30 June 2017. The information contained in this announcement is only a preliminary assessment by the management of the Company based on the unaudited consolidated financial statements of the Group, which have not been confirmed, reviewed or audited by the Company’s auditors and the actual results for the Group may be different from those disclosed in this announcement.

Details of the interim results of the Group for the six months ended 30 June 2017 are expected to be announced in August 2017. Shareholders and potential investors should read the Group’s interim results carefully.

Shareholders and potential investors are advised to exercise caution in dealing in the shares of the Company.
