LETTER FROM THE CHAIRMAN OF GALAXY ENTERTAINMENT GROUP LIMITED (“GEG”)

I would like to take this opportunity to provide you an update on the extraordinary period that Macau experienced as a result of Typhoons Hato and Pakhar and on our Q3 2017 financial performance.

Macau was severely hit by the most powerful typhoon in over half a century in August. Many citizens including our team members and guests suffered significant hardship. During such a difficult period, we witnessed great endurance and unity in people from all walks of life in Macau. With the dedicated time and effort made by everyone including Macau’s citizens, the Government, the broader community and GEG, Macau is recovering from the typhoons and is now returning to normal. During the past two months, many of our team members contributed to the relief efforts in various ways ranging from substantial donations of goods and services to volunteer works in areas of need. The GEG Foundation and the Lui Che Woo Foundation also contributed a total of MOP60 million, including construction materials, to help rebuild the community. We wish that everyone will continue to work hand in hand to ensure a full recovery of Macau and to move forward with a very bright future.

Our recent efforts over the past few months have been very focused on repairing and supporting the recovery of Macau. We continue with our repair works to the damages from the typhoon at our Macau resorts, but, in the main, we are back to business as usual. Thanks to the tireless efforts of our team members, Broadway Hotel and Casino smoothly reopened for business on 25 September 2017. Despite the impact of Typhoons Hato and Pakhar, our businesses continued to perform well and have delivered satisfactory results for the three months period ended 30 September 2017.

We are very proud of the efforts of all of our team members. I would like to take this opportunity to thank each and everyone of our team members for delivering professional and outstanding customer service, especially during the challenging time that we recently encountered.

Dr. Lui Che Woo

GBM, MBE, JP, LLD, DSSc, DBA

Market Overview

Despite increased competition both in Macau and regionally, we are encouraged to see that the Macau market continues to recover. Gross Gaming Revenue for Q3 2017 was HK\$65 billion, up 22% year-on-year and 7% quarter-on-quarter.

In Q3 2017, total visitation to Macau was 8.3 million, up 2.1% year-on-year and up 7.5% quarter-on-quarter. In particular, overnight visitors grew at a faster rate of 7% year-on-year and up 9% quarter-on-quarter. We view this as a positive trend as overnight visitors have a higher spend per customer than day trippers, especially on the higher margin non-gaming activities.

Group Outlook

Following the devastating impact of Typhoons Hato and Pakhar, we continue to focus on our recovery and repair efforts and working hand in hand with the Macau community to ensure Macau quickly returns to its former self. Our business operations have effectively returned to normal and we continue to believe in the long term potential of Macau. Our confidence in the long term future of Macau remains as strong as ever and is supported by a number of key factors including: the low penetration within Mainland China, the continuing growth in the demand for leisure, tourism and travel by Chinese, the ongoing build out of infrastructure in accessing Macau and movement within Macau, and the support of both the Central and Macau Governments.
