**PROFIT ALERT FOR THE RESULTS  
FOR THE FIRST QUARTER OF 2018**

This announcement is made by China XLX Fertiliser Ltd. (the “**Company**”, and its subsidiaries collectively the “**Group**”) pursuant to the requirements under Rule 13.09(2)(a) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “**Listing Rules**”) and the Inside Information Provisions (as defined in the Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

The board of directors of the Company (the “**Board**”) wishes to inform shareholders of the Company and potential investors that it is expected that the net profit of the Group for the three months ended 31 March 2018 may increase by at least 65% as compared to that for the corresponding period of last year. The increase in net profit of the Group was mainly due to: 1. the increase in the sales proportion of high-efficiency fertilizer; and 2. the continuous industry consolidation leading to accelerated close down of those small scale and highly pollutive manufacturers which have high production costs and the increase in average selling prices of main products of the Group, such as urea, melamine and liquid ammonia.

The profit alert information contained above is based on a preliminary assessment by the Board with reference to the information currently available (including the management accounts of the Group) to the Company’s management, which has not been reviewed or audited by the Company’s auditors and is subject to possible adjustments arising from further review. As such, the above data is provided for the shareholders’ and potential investors’ reference only.

**Shareholders of the Company and potential investors should exercise caution when dealing in the shares of the Company.**

By Order of the Board  
**China XLX Fertiliser Ltd.**

**Yan Yunhua**
