ENTERTAINMENT HOLDINGS LIMITED

中大娛樂控股有限公司

(Incorporated in the Cayman Islands with limited liability)

First Quarterly Report 2003-2004

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET ("GEM") OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "EXCHANGE")

GEM has been established as a market designed to accommodate companies to which a high investment risk may be attached. In particular, companies may list on GEM with neither a track record of profitability nor any obligation to forecast future profitability. Furthermore, there may be risks arising out of the emerging nature of companies listed on GEM and the business sectors or countries in which the companies operate. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

The principal means of information dissemination on GEM is publication on the internet website operated by the Exchange. Listed companies are not generally required to issue paid announcements in gazetted newspapers. Accordingly, prospective investors should note that they need to have access to the GEM website in order to obtain up-to-date information on GEM-listed issuers.

The Exchange takes no responsibility for the contents of this report, makes no representation as to its accuracy or completeness and expressly disclaims any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the "Directors") of B&S Entertainment Holdings Limited collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the GEM of the Exchange ("GEM Listing Rules") for the purpose of giving information with regard to B&S Entertainment Holdings Limited. The Directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief: (i) the information contained in this report is accurate and complete in all material respects and not misleading; (ii) there are no other matters the omission of which would make any statement in this report misleading; and (iii) all opinions expressed in this report have been arrived at after due and careful consideration and are founded on bases and assumptions that are fair and reasonable.

1. Group reorganisation and basis of presentation

Group reorganisation

The Company was incorporated in the Cayman Islands as an exempted company with limited liability under the Companies Law of the Cayman Islands on 11 April 2002. Pursuant to a group reorganisation (the "Group Reorganisation") to rationalise the structure of the Group in preparation for the listing of its shares on the GEM of the Exchange on 6 August 2002, the Company became the holding company of the companies now comprising the Group on 22 July 2002. Further details of the Group Reorganisation are set out in the Company's prospectus (the "Prospectus") dated 29 July 2002.

Basis of presentation

The Group Reorganisation has been accounted for by the Company using the merger accounting method in accordance with the Statement of Standard Accounting Practice ("SSAP") No. 2.127 "Accounting for Group Reconstructions". MANAGEMENT DISCUSSION AND ANALYSIS

Operation Review

The Group's unaudited turnover for the three months ended 30 September 2003 amounted to approximately HK\$5.2 million (2002: approximately HK\$5.6 million), representing a slight decrease of around 7% over the corresponding previous quarter.

The gross profit margin of the Group was approximately 44%, representing an increase of approximately 7% as compared to that of the corresponding previous quarter. The significant increase in gross profit margin was mainly contributed from licensing of film rights for which the film cost has already been fully amortised in prior years.

Administrative expenses were slightly decreased by approximately HK\$0.1 million to approximately HK\$1.2 million and selling and distribution costs maintained at approximately HK\$0.6 million (2002: approximately HK\$0.7 million) as the operations run at similar level of corresponding previous quarter.

Due to the net effect of the above, the net profit from ordinary activities attributable to shareholders of the Company, therefore improved, for the two periods under comparison, from net profit of about HK\$0.1 million to about HK\$0.2 million while the net profit margin improved to about 5%.

Outlook

During the period under review, the Group has launched 5 DV format movies to the market. The launching of DV format movies has been slowed down due to the impact of SARS and the uncertainty of global economic environment.

We foresee that the economy of the PRC will grow continuously and its policies will become more open after it has entered into the WTO. As such, under the effect of beneficial policies to be implemented in the coming year and the growing demand from PRC people on films other than those local ones, we expect that we will have more benefit from the areas of cinema, home video, pay and non-pay TV.

With our experience in the DV format movie production, strength in the distribution of DV format movies and the extensive experience and expertise of the Group's management team, the Directors are confident that the Group can capture a greater share of the DV film market and achieve its objective to become an active movie producer and distributor of Chinese language movies in the Greater China region, North America, Europe, Asia and other countries by using both 35mm filming and DV filming techniques.
