# Characteristics of The Growth Enterprise Market ("GEM") of The Stock Exchange of Hong Kong Limited (the "Exchange")

GEM has been established as a market designed to accommodate companies to which a high investment risk may be attached. In particular, companies may list on GEM with neither a track record of profitability nor any obligation to forecast future profitability. Furthermore, there may be risks arising out of the emerging nature of companies listed on GEM and the business sectors or countries in which the companies operate. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

The principal means of information dissemination on GEM is publication on the internet website operated by the Exchange. Listed companies are not generally required to issue paid announcements in gazetted newspapers. Accordingly, prospective investors should note that they need to have access to the GEM website in order to obtain up-to-date information on GEM-listed issuers.

# INDEPENDENT REVIEW REPORT TO THE DIRECTORS OF TIMELESS SOFTWARE LIMITED

(incorporated in Hong Kong with limited liability)

#### Introduction

We have been instructed by the directors of Timeless Software Limited to review the interim financial report set out on pages 3 to 14.

#### **Directors' responsibilities**

The Rules Governing the Listing of Securities on the Growth Enterprise Market of The Stock Exchange of Hong Kong Limited require the preparation of an interim financial report to be in compliance with the Hong Kong Accounting Standard 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") and the relevant provisions thereof. The interim financial report is the responsibility of, and has been approved by, the directors.

It is our responsibility to form an independent conclusion, based on our review, on the interim financial report, and to report our conclusion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

### Review work performed

We conducted our review in accordance with Statement of Auditing Standards 700 "Engagements to review interim financial reports" ("SAS 700") issued by the HKICPA. A review consists principally of making enquires of group management and applying analytical procedures to the interim financial report and based thereon, assessing whether the accounting policies and presentation have been consistently applied unless otherwise disclosed. A review excludes audit procedures such as tests of controls and verification of assets, liabilities and transactions. It is substantially less in scope than an audit and therefore provides a lower level of assurance than an audit. Accordingly we do not express an audit opinion on the interim financial report.

#### **Review conclusion**

On the basis of our review which does not constitute an audit, we are not aware of any material modifications that should be made to the interim financial report for the six months ended 30 September 2006.

Without modifying our review conclusion, we draw to your attention that the condensed consolidated income statements for each of the three months ended 30 September 2006 and 30 September 2005 disclosed in the interim financial report have not been reviewed in accordance with SAS 700.

#### 1. Basis of preparation

The condensed consolidated financial statements have been prepared in accordance with the applicable disclosure requirements of Chapter 18 of the Rules Governing the Listing of Securities on the Growth Enterprise Market of The Stock Exchange of Hong Kong Limited and with Hong Kong Accounting Standard (the "HKAS") 34 "Interim financial reporting" issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA").

#### 2. Significant accounting policies

The condensed consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments, which are measured at fair values, as appropriate.

The accounting policies used in the condensed consolidated financial statements are consistent with those followed in the preparation of the annual financial statements of the Company and its subsidiaries (collectively referred to as the "Group") for the year ended 31 March 2006 except as described below.

#### Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss has two subcategories, including financial assets held for trading and those designated at fair value through profit or loss on initial recognition. At each balance sheet date subsequent to initial recognition, financial assets at fair value through profit or loss are measured at fair value, with changes in fair value recognised directly in profit or loss in the period in which they arise. Accordingly, the equity-linked notes are designated at fair value through profit or loss on initial recognition.

#### **Financial guarantee contracts**

In the current period, the Group has applied HKAS 39 and HKFRS 4 (Amendments) "Financial guarantee contracts" which is effective for annual periods beginning on or after 1 January 2006.

A financial guarantee contract is defined by HKAS 39 "Financial instruments: Recognition and Measurement" as "a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the original or modified terms of a debt instrument".

The Group acts as the issuer of the financial guarantee contracts

Prior to 1 April 2006, financial guarantee contracts were not accounted for in accordance with HKAS 39 and those contracts were disclosed as contingent liabilities. A provision for financial guarantee was only recognised when it was probable that an outflow of resources would be required to settle the financial guarantee obligation and the amount can be estimated reliably.

Upon the application of these amendments, a financial guarantee contract issued by the Group and not designated as at fair value through profit or loss is recognised initially at its fair value less transaction costs that are directly attributable to the issue of the financial guarantee contract. Subsequent to initial recognition, the Group measures the financial guarantee contract at the higher of: (i) the amount determined in accordance with HKAS 37 "Provisions, contingent liabilities and contingent assets"; and (ii) the amount initially recognised less, when appropriate, cumulative amortisation recognised in accordance with HKAS 18 "Revenue".

#### 2. Significant accounting policies (Continued)

In relation to a financial guarantee granted to a bank over the repayment of a loan by a jointly controlled entity, the Group has applied the transitional provisions in HKAS 39. The fair value of the financial guarantee contract at the date of grant of approximately HK\$103,000, representing a deemed capital contribution to the jointly controlled entity, has been adjusted to the carrying amount of interests in jointly controlled entities and recognised as a financial guarantee obligation. The cumulative amortisation as at 1 April 2006 of HK\$17,000 has been adjusted against profit or loss in the prior year. This change in accounting policy has resulted in a decrease in loss for the period. The financial impact on the adoption of HKAS 39 and HKFRS 4 (Amendments) is described below.

#### Summary of the effects of the changes in accounting policies

The effect of the changes in the accounting policies described above on the results for the current period and prior year are as follows:

	Six months ended 30 September 2006 HK\$′000	For the year ended 31 March 2006 HK\$'000
Income from amortisation of financial guarantee contract and decrease in loss for the period	51	17

#### 2. Significant accounting policies (Continued)

The cumulative effect of the application of the new HKFRSs as at 31 March 2006 is summarised below:

#### 4. Other Income

Included in other income is an interest income of HK\$3,407,000 for the six months ended 30 September 2006 (HK\$164,000 for the six months ended 30 September 2005).

#### 5. Taxation

No provision for Hong Kong Profits Tax has been made in the financial statements as the Group had no assessable profit for the period.

#### 6. Interim dividend

The directors do not recommend the payment of an interim dividend (Nil for the six months ended 30 September 2005).

#### 7. Loss per share

The calculation of the basic loss per share is based on the following data:

	Three mont 30 Septe		Six montl 30 Sept	
	2006	2005	2006	2005
Loss attributable to equity holders of the Company	HK\$(6,947,000)	HK\$(9,010,000)	HK\$(11,785,000)	HK\$(16,443,000)
Weighted average number of ordinary shares for the purposes of basic loss per share	1,035,781,503	1,020,526,069	1,034,852,540	1,019,642,159

No diluted loss per share for the three months and six months ended 30 September 2006 and 30 September 2005 have been presented as the share options granted by the Company are anti-dilutive.

#### 8. Movements in property, plant and equipment

During the six months ended 30 September 2006, the Group incurred HK\$5,717,000 (HK\$82,000 for the six months ended 30 September 2005) on acquisition of property, plant and equipment.

#### 9. Equity-linked notes

Equity-linked notes are designated as financial assets at fair value through profit or loss. Major terms of the equity-linked notes are as follows:

Principal amount	Maturity
USD2,500,000	2009
USD1,000,000	2009
HKD15,000,000	2009

The equity-linked notes are subject to mandatory redemption clauses at various intervals until maturity dates depending on the market prices of the Hong Kong listed securities underlying the equity-linked notes. The equity-linked notes are redeemed based on the original principal amounts. The equity-linked notes are interest bearing which ranges between 14% and 18% per annum.

At maturity date, if the equity-linked notes are still outstanding, depending on the market prices of the underlying equity securities and certain pre-determined price levels, the equity-linked notes will be redeemed by the issuer at the principal amounts in cash or shares which may be lower than the principal amounts.

The above equity-linked notes are measured at fair value at balance sheet date. Their fair values are determined based on the valuation provided by the bank at balance sheet date. Accordingly, a fair value change on equity-linked notes of HK\$558,000 is recognised in the condensed consolidated income statements for the six months ended 30 September 2006.

#### 10. Available-for-sale investments

Available-for-sale investments are equity securities in Hong Kong. As at the balance sheet date, all available-for-sale investments are stated at fair value which is based on quoted market price.

#### 11. Trade and other receivables

Payment terms with customers are mainly on credit together with deposits. Invoices are normally payable within 30 days of issuance, except for certain well established customers. The following is an aged analysis of trade receivables at the reporting date:

	30 September 2006	31 March 2006
	HK\$′000	HK\$'000
Age O to 30 days	136	92
31 to 60 days	_	8
Over 90 days	31	
	167	100

#### 12. Share capital

During the period, 2,350,000, 400,000, 300,000, 450,000 and 800,000 share options were exercised at a subscription price of HK\$0.0722 per share, HK\$0.0870 per share, HK\$0.0900 per share, HK\$0.0982 per share and HK\$0.1530 per share respectively, resulting in an aggregate issue of 4,300,000 ordinary shares of HK\$0.050 each in the Company. All the shares issued during the period ranked pari passu with the then existing shares in all respects.

#### 13. Share based payment arrangement

During the period, the Company has granted 83,500,000 (11,800,000 for the six months ended 30 September 2005) share options to its employees.

#### 14. Related party transaction

#### Guarantee given to a jointly controlled entity

A subsidiary of the Company, Timeless Software (Guangzhou) Limited has given a guarantee to the extent of RMB5 million (31 March 2006: RMB5 million) in favour of a bank to secure an aggregate RMB5 million (31 March 2006: RMB5 million) loan facility granted to Zhuhai Southern Software Park Development Company Limited, a jointly controlled entity of the Company. The amount utilised as at 30 September 2006 amounted to RMB5 million (31 March 2006: RMB5 million).

#### **Review and Outlook**

#### Results for the six months ended 30 September 2006

The directors continued to take a conservative approach for accounting purposes and a stringent view on recognising revenue was still being adopted especially for contracts of relatively longer term in nature in Mainland China. For the six months ended 30 September 2006, the loss attributable to equity holders of the Company was approximately HK\$11.8 million, representing a decrease of 28% as compared to the loss of approximately HK\$16.4 million over the same period in 2005. The Group recorded unaudited turnover of approximately HK\$0.8 million, representing a decrease of 66.7% as compared with that for the corresponding period in 2005.

The other income mainly comprised interest income from bank deposits and equity-linked notes of approximately HK\$1.9 million and HK\$1.5 million respectively.

The increase by 41.5% in staff costs to approximately HK\$9.2 million as compared with that for the corresponding period in 2005 was mainly due to the recognition of share-based payments of approximately HK\$3.8 million to expense the fair value of share options granted during the period to directors and employees of the Group. In comparison, an amount of approximately HK\$1.0 million was recognized in the corresponding period in 2005.

The other expenses were increased by 33.3% to approximately HK\$4.8 million, as compared with that for the corresponding period in 2005. The increase was mainly due to a lease payment of office premises of approximately HK\$1.6 million for the period from 1 April to 30 June 2006. Such lease was terminated on 1 July 2006.

Allowance for advance made to a jointly controlled entity was approximately HK\$1.2 million for the six months ended 30 September 2006.

#### Liquidity and financial resources
