Third Quarterly Report

* For identification purpose only

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been established as a market designed to accommodate companies to which a high investment risk may be attached. In particular, companies may list on GEM with neither a track record of profitability nor any obligation to forecast future profitability. Furthermore, there may be risks arising out of the emerging nature of companies listed on GEM and the business sectors or countries in which the companies operate. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

The principal means of information dissemination on GEM is publication on the internet website operated by the Stock Exchange. Listed companies are not generally required to issue paid announcements in gazetted newspapers. Accordingly, prospective investors should note that they need to have access to the GEM website in order to obtain up-to-date information on GEM-listed issuers.

The Stock Exchange takes no responsibility for the contents of this report, makes no representation as to its accuracy or completeness and expressly disclaims any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the “Directors”) of Chinainfo Holdings Limited (the “Company”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the Growth Enterprise Market of The Stock Exchange of Hong Kong Limited (the “GEM Listing Rules”) for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief: (1) the information contained in this report is accurate and complete in all material respects and not misleading; (2) there are no other matters the omission of which would make any statement in this report misleading; and (3) all opinions expressed in this report have been arrived at after due and careful consideration and are founded on bases and assumptions that are fair and reasonable.

The Board considers that the PRC multimedia and internet market is a fast growing sector with significant business potential. To capture the benefit of this fast growing market, the Group has been seeking opportunities to form alliances or cooperation with companies and partners who have well developed multimedia networks in the PRC.

(“CCI”) for the period between 1 January 2007 and 10 August 2009. The conditional very substantial acquisition was completed on 18 December 2006. Details of the acquisition have been set out in the announcement and the circular of the Company dated 1 February 2006 and 15 March 2006 respectively.

The Board considers that the PRC multimedia and internet market is a fast growing sector with significant business potential. The Board also believes that the computer games and electronic sports industry in the PRC will expand rapidly in the foreseeable future given the industrial policy supports from the PRC government. The Board is of the opinion that the acquisition of the Licensed Rights and the right to receive the Net Revenue will enable the Group to participate in PRC's promising online game market and the Board is optimistic about the financial and trading prospects of the Group.
