

Vertex Group Limited

(Incorporated in the Cayman Islands with limited liability)
(Stock Code : 8228)

Characteristics of the Growth Enterprise Market (“GEM”) of The Stock Exchange of Hong Kong Limited (the “Exchange”)

GEM has been established as a market designed to accommodate companies to which a high investment risk may be attached. In particular, companies may list on GEM with neither a track record of profitability nor any obligation to forecast future profitability. Furthermore, there may be risks arising out of the emerging nature of companies listed on GEM and the business sectors or countries in which the companies operate. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

The principal means of information dissemination of GEM is publication on the internet website operated by the Exchange. Listed companies are not generally required to issue paid announcements in gazetted newspapers. Accordingly, prospective investors should note that they need to have access to the GEM website in order to obtain up-to-date information on GEM-listed issuers.

The Stock Exchange of Hong Kong Limited takes no responsibility for the contents of this report, makes no representation as to its accuracy or completeness and expressly disclaims any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

The report, for which the directors of Vertex Group Limited (the “Company”) collectively and individually accept full responsibility, include particulars given in compliance with the Rules Governing the Listing of Securities on the Growth Enterprise Market of The Stock Exchange of Hong Kong Limited for the purpose of giving information with regard to the Company. The directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief:- (1) the information contained in this report is accurate and complete in all material respects and not misleading; (2) there are no other matters the omission of which would make any statement in this report misleading; and (3) all opinions expressed in this report have been arrived at after due and careful consideration and are founded on bases and assumptions that are fair and reasonable.

The unaudited financial statements of the Group have been prepared in accordance with the Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and the disclosure requirements set out in Chapter 18 of the Rules Governing the Listing of Securities on the Growth Enterprise Market (the "GEM Listing Rules") of The Stock Exchange of Hong Kong Limited (the "Stock Exchange").

The unaudited consolidated results for the three months ended 31 March 2008 have not been audited by the Company's auditors, but have been reviewed by the audit committee of the Company.

The accounting policies and basis of preparation adopted for the preparation of the financial statements are consistent with those adopted by the Group in its annual financial statements for the year ended 31 December 2007.

2. TURNOVER

The Company is principally engaged in investment holding and provision of energy consultancy services. The principal activities of its subsidiaries are in the provision of network infrastructure services, electrical installation services, digital solution services and publication of magazines.

3. TAXATION

Hong Kong Profits Tax has not been provided for the three months ended 31 March 2008 (2007: Nil) as the Group did not generate any assessable profits in Hong Kong during these periods. Pursuant to the Income Tax Law of the PRC for Enterprise with Foreign Investment and Foreign Enterprises, the Company's subsidiary in the PRC is exempted from income tax for its first two profitable years of operations and is entitled to a 50% relief on the income tax of the PRC for the following three years. The computation of diluted loss per share did not assume the exercise of the Company's potential ordinary shares granted under the Company's share option schemes and warrants since their exercises would result in a reduction in net loss per share.

5. DIVIDEND

The Board does not resolve the payment of an interim dividend for the three months ended 31 March 2008 (2007: Nil).

MANAGEMENT DISCUSSION AND ANALYSIS

With the increasing demand for electric power production and infrastructure in the Middle East region, we are continuing to invest considerable resources and initiate significant opportunities in the power business in that region. In other regions, we are developing energy sourcing business to provide energy resources to the PRC, leveraging on the Group’s experience and contacts; this business is expected to provide meaningful profits to the Group in the not-too-distant future.

We will continue to pursue the engagement of engineering business with reputable companies in Hong Kong.

The media section is expected to make a smaller proportional contribution to the Group business, as the Group shifts its focus towards energy and engineering. We will continue to strengthen the sales and marketing capability of the media team in the PRC to maximize the potential of our existing media assets.
