CHARACTERISTICS OF THE GROWTH ENTERPRISES MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate companies to which a high investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from on or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors of ZMAY Holdings Limited collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the GEM of the Stock Exchange for the purpose of giving information with regard to ZMAY Holdings Limited. Details of Zhongmin Anyuan and the Cemetery Companies were set out in the circular dispatched to the shareholders of the Company dated 14 April 2008.

PROSPECTS

The sales on healthcare products continue picking up its pace during the third quarter of the financial year of 2008/09. The winter season, which is the high season to consume traditional healthcare products, has helped improving the Group’s revenue on sales of healthcare products.

The acquisitions of the Cemetery Companies on 18 July 2008 signify the Group has entered into a new horizon in the investment and management of funeral services business in the PRC. Pursuant to the information from the Ministry of Civil Affairs of the PRC, the cremation becomes more popular recently, in particular in the major and capital cities. This trend will be favorable to the sales of the Cemetery Companies. The Group believes that the revenue will be further benefited and enhanced from the addition in the investment in the funeral services and management business in the PRC.

The Group will continue to consolidate quality cemeteries and funeral parlors in the mainland should good business opportunities come. In procession of healthy business prospect, positive policy and superiority in human resources, the Group is confidence in its future development and to provide investment returns to the investors.
