CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET ("GEM") OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

This report, for which the directors (the "Directors") of Eco-Tek Holdings Limited (the "Company") collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the Growth Enterprise Market of The Stock Exchange of Hong Kong Limited (the "GEM Listing Rules") for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquires, confirm that, to the best of their knowledge and belief the information contained in this report is accurate and complete in all material aspects and not misleading or deceptive and there are no other matters the omission of which would make any statement herein or this report misleading.

I am pleased to report to our valued shareholders and investors the results of Eco-Tek Holdings Limited (the "Company") and its subsidiaries (collectively called the "Group") for the financial year ended 31 October 2011.

FINANCIAL HIGHLIGHTS

During the year under review, the Group recorded a turnover of HK$182.0 million for the year ended 31 October 2011, a 0.2% slightly decrease as compared to HK$182.3 million turnover last year. Profit attributable to shareholders of the Company decreased 55.7% from HK$13.1 million for the year ended 31 October 2010 to HK$5.8 million for the year ended 31 October 2011.

The board of directors (the "Directors") of the Company recommend a payment of final dividend of HK0.20 cent for the year ended 31 October 2011 to shareholders whose names appear on the Register of Members of the Company on 7 May 2012. The dividend will be payable on or before 23 May 2012.

BUSINESS OVERVIEW

The PRC implemented a series of monetary policies and administrative restrictions to hedge against China's overheating economy and a potential asset bubble in year 2011. The tightening of these policies together with a subsequent credit crunch put many PRC domestic manufacturing enterprises in a tight liquidity squeeze and inflation that increased the cost of labour and rental costs affected the Group's industrial environmental products customers. Market condition during the second half of this financial year was significantly deteriorated. Sluggishness in the U.S. economic recovery and escalating sovereign debt crisis in Europe cast a gloomy shadow over international economy. As a result, our group's turnover in the second half of this financial year was affected.

The decrease of our group's gross profit was due to a sharp appreciation of the Japanese Yen during the year. The Yen is one of the primary currencies that we use for purchase. To address the situation, the Group had taken actions to alleviate those effects which included reducing operating expenses, tightening credit to customers, hedging Japanese Yen and negotiating discounts from our suppliers in Japan as well as sourcing supply of new industrial environmental products from the Europe to reduce the Group's concentration in Japanese Yen purchase.

The Group continued marketing and promoting its industrial environmental products in PRC not only through our representative offices in Changsha, Ningbo, Shanghai, Shunde and Chengdu but also through our retails shops in Foshan and Changsha. The Group also examined other prime locations to promote and penetrate the industrial environmental products market in PRC.

The water supply plant in Tianjin has the exclusive right to supply processed water to certain areas inside and near Baodi District of Tianjin City. As development in the Baodi District of Tianjin City continues, the revenue generated from our water supply plant there continued to increase in the reporting period. The Group has confidence that this growth will continue.

PROSPECTS

In year 2011, the appreciation of the Japanese Yen, the Europe sovereign debt crisis and sluggishness in the U.S. economic recovery, together with inflation in China and austerity measures adopted by the PRC Government, had affected our business significantly. The Group expects the volatility of the foreign exchange currencies will continue to have adverse effect to the business and operation in the coming year. To reduce the effect of the appreciation of Japanese yen, we will continue to take actions including negotiating further discounts from our suppliers in Japan and sourcing supply of new industrial environmental products from the Europe to reduce the Group's concentration in Japanese Yen purchase. Recently, it appears that the PRC government may finally be relaxing credit. Nevertheless, with global economic climate clouded with various uncertainties, the Group remains prudent in planning its future strategies and will continue to promote existing industrial environment protection related products through extending the network of our retails shops and explore opportunities in new products markets in PRC. We will monitor the situation cautiously and adjust our development plan accordingly. Under China's 12th Five-Year Plan, an area of 16 square kilometers near Baodi District and within our water supply plant's coverage area was strategically planned to be established as the financial service backup and outsourcing centers to provide services for major financial institutes located in Beijing and Tianjin cities. The Group has confidence that it will have a positive contribution to our water supply plant's future revenue.

APPRECIATION

The changes during the year, both inside and outside the Group provided valuable experiences to us, uniting the board, management, and employees together. The experiences this year will enable us to face and survive new challenges to come.

On behalf of the board, I would like to acknowledge the commitment of our staff, past and present, and the continued support of our business partners and shareholders. I would also like to express my personal appreciation to my fellow board members for their continuous valuable contributions.

BUSINESS REVIEW

The Group is continuously engaged in the marketing, sales, servicing, research and development of environmental protection and quality health related products and services.

Sales of our industrial environment products to the machinery and construction industries fell in 2011, as a result of a series of monetary policies and administrative restrictions to hedge against China's overheating economy and a potential asset bubble in year 2011. The tightening of these policies together with a subsequent credit crunch put many PRC domestic manufacturing enterprises in a tight liquidity squeeze and inflation that increased the cost of labour and rental costs affected the Group's industrial environmental products customers. Market condition during the second half of this financial year was significantly deteriorated. Sluggishness in the U.S. economic recovery and escalating sovereign debt crisis in Europe cast a gloomy shadow over international economy.

A sharp appreciation of the Japanese Yen negatively impacted our profits. The Yen is one of the primary currencies that we use for purchase. We had taken actions to alleviate its effect including hedging, negotiating discounts from our suppliers in Japan and sourcing supply of new industrial environmental products from the Europe to reduce the Group's concentration in Japanese Yen purchase. The massive earthquake and subsequent radiation issues affected the production and supply chains of our key industrial environmental product suppliers in Japan during mid-March 2011. Fortunately, the production capacities of our suppliers in Japan have resumed their pre-disaster levels.

Our Tokawa Precision Hydraulic Retails Shops in Foshan and Changsha have commenced business at the end of 2010 and the Group will continue to examine other prime locations to promote and penetrate the industrial environmental products market in PRC.

The water supply plant in Tianjin has the exclusive right to supply processed water to certain areas inside and near Baodi District of Tianjin City. As development in the Baodi District of Tianjin City continues, the revenue generated from our water supply plant there continued to increase in the reporting period. The Group has confidence that this growth will continue.

FINANCIAL REVIEW

The Group's turnover for the year ended 31 October 2011 was HK$182.0 million, a slight decrease of 0.2% as compared with the last corresponding year (2010: HK$182.3 million). It was mainly due to the decrease in the business of industrial environmental products.

The Group recorded a net profit attributable to equity shareholders of the Company was approximately HK$5.8 million, a decrease of 55.7% as compared with the last corresponding year (2010: HK$13.1 million).

GROSS MARGIN

Gross profit for the year ended 31 October 2011 was HK$34.2 million, representing a decrease of 17.6% as compared with the last corresponding year (2010: HK$41.5 million). The gross profit margin was 18.8% for the year ended 31 October 2011, representing a decrease of 17.5% as compared with the last corresponding year (2010: 22.8%). It was mainly attributable to the appreciation of the Japanese Yen which is one of the primary currencies for the Group's purchasing transactions.

EXPENSES

The Group's administrative expenses for the year ended 31 October 2011 was HK$23.1 million, representing an increase of 6.0% as compared with the last corresponding year (2010: HK21.8 million). The Group's selling expenses for the year ended 31 October 2011 was HK$4.7 million, representing an increase of 62.1% as compared with the last corresponding year (2010: HK$2.9 million) due to increase in expense to acquires business under unfavorable market conditions such as commission. The Group's finance costs for the year ended was HK$0.1 million, representing a decrease of 90.9% as compared with the last corresponding year (2010: HK$1.1 million) due to the full repayment of bank loans during the year.

LIQUIDITY AND FINANCE RESOURCES

During the year under the review, the Group financed its operations by internally generated cash flow and banking facilities provided by banks. As at 31 October 2011, the Group had net current assets of approximately HK$44.3 million (31 October 2010: HK$35.9 million) including bank balances and cash of approximately HK$20.7 million (31 October 2010: HK$36.6 million). The current ratio, being the ratio of current assets to current liabilities, was approximately 1.7 as at 31 October 2011 (31 October 2010: 1.4). The Group's inventory turnover was about 121 days (31 October 2010: 112 days). The increase was due to slow down of customers orders under deteriorated market condition in the second half of year 2011. The Group's accounts receivable turnover was about 70 days (31 October 2010: 85 days). The decrease was attributable to tightening credit to customers.

CAPITAL STRUCTURE

The Shares of the Company were listed on the GEM board of the Stock Exchange on 5 December 2001. Except for the share options under the pre-IPO share option scheme were exercised at the exercise price of HK$0.01 per share, resulting in the issue of 96,740,000 ordinary shares of HK$0.01 each for a total consideration of HK$967,000 in November 2005, there has been no material change in the capital structure of the Company since that date. The capital of the Group comprises only ordinary shares.

GEARING RATIO

The gearing ratio (defined as the total borrowing over total equity, including minority interests) fell from 21.0% as at 31 October 2010 to 14.6% as at 31 October 2011. The decrease was resulted from the full repayment of bank loans that granted in previous financial year.

TREASURY POLICIES

The Group adopts a conservative approach towards it treasury policies. The Group strives to reduce exposure to credit risk by performing ongoing credit evaluations of the financial conditions of its customers. To manage liquidity risk, the Board closely monitors the Group's liquidity position to ensure that the liquidity structure of the Group's assets, liabilities and commitments can meet its funding requirement.

FOREIGN EXCHANGE EXPOSURE

The Group's purchases are denominated in Japanese Yen, Sterling Pounds, Euro and US Dollars. The sales of the Group are predominantly in RMB and Hong Kong Dollars. The Group will review and monitor from time to time the risk relating to foreign exchanges.

CHARGE ON GROUP ASSETS AND CONTINGENT LIABILITIES

As at 31 October 2011, the Group had pledged its bank deposits of approximately HK$9.0 million (31 October 2010: HK$9.0 million) to secure its banking facilities. Since the fully repayment of the bank loan during the year, no accounts receivable as at 31 October 2011 (31 October 2010: HK$6.1 million) was pledged to secure a bank loan of the Group. Save as aforesaid, the Group did not have any other significant contingent liabilities as at 31 October 2011.

INFORMATION ON EMPLOYEES

As at 31 October 2011, the Group had 92 employees (2010: 125) working in Hong Kong and PRC. Employees are remunerated according to their performance and work experience. On top of basic salaries, discretionary bonus and share option may be granted to eligible staff by reference to the Group's performance as well as individual's performance. The total staff cost (including remuneration of the Directors and mandatory provident funds contributions) for the year ended 31 October 2011 amounted to approximately HK$13.1 million (2010: HK$13.7 million). The dedication and hard work of the Group's staff during the year ended 31 October 2011 are generally appreciated and recognized.

MATERIAL ACQUISITIONS AND DISPOSALS OF SUBSIDIARIES AND AFFILIATED COMPANIES

During the year ended 31 October 2011, the Group did not have any material acquisitions and disposals of subsidiaries and affiliated companies.

INTRODUCTION

The Company was in compliance with the code provisions set out in the Code on Corporate Governance Practices (the "Code") contained in Appendix 15 of the GEM Listing Rules, save and except for Code Provision A.4.1. Under Code Provision A.4.1, non-executive directors should be appointed for a specific term, subject to re-election. Except for non-executive director, Dr. LUI Sun Wing, have entered into a service contact with the Company for an initial term of 30 months which commenced from 21 November 2001 and shall be entitled to terminate the contract at any time after that initial term of 30 months without cause by giving prior written notice to the Company, there is no service contract with other non-executive director. As all directors will retire by rotation, and being eligible, offer themselves for re-election at the annual general meeting under the Article of Association of the Company, the re-election of non-executive director at regular interval will not be affected by no service contract with them.

DIRECTORS' SECURITIES TRANSACTIONS

The Group adopted the required standard of dealings set out in rules 5.48 to 5.67 of the GEM Listing Rules as the code of conduct regarding directors' securities transactions in securities of the Company. Upon the Company's specific enquiry, each director had confirmed that during the year ended 31 October 2011, they had fully complied with the required standard of dealings and there was no event of non-compliance.

THE BOARD OF DIRECTORS

COMPOSITION

The Board of directors, which currently comprises 8 directors, is responsible for supervising the management of the Group. Details of the Chairman and the other directors of the Company are set out in the section "Biographical Details of the Directors and Senior Management" of this report. All directors give sufficient time and attention to the affairs of the Group.

In compliance with rule 5.05(1) and (2) of the GEM Listing Rules, the Company has appointed four independent non-executive directors, at least one of whom has appropriate professional qualifications, or accounting or related financial management expertise.

The Company has received from each independent non-executive director an annual confirmation of his independence, and the Company considers such directors to be independent in accordance with each and the various guidelines set out in rule 5.09 of the GEM Listing Rules.

With the various experience of both the executive directors and the non-executive directors and the nature of the Group's business, the Board considered that the directors have a balance of skills and experience for the business of the Group.

BOARD MEETINGS

In the financial year ended 31 October 2011, 4 board meetings were held and the following is an attendance record of the meetings by each director:

Attendants	**Number of meetings attended/total**
Executive Directors	
NG Chi Fai *(Chief Executive Officer)*	4/4
KWOK Tsun Kee	4/4
Non-executive Directors	
HUI Wai Man Shirley *(Chairman)*	3/4
LUI Sun Wing	4/4
Independent Non-executive Directors	
CHAU Kam Wing Donald	4/4
CHAN Siu Ping Rosa	3/4
TAKEUCHI Yutaka	1/4
NI Jun	3/4

Execution of daily operational matters is delegated to management.

The Company Secretary records the proceedings of each board meeting in detail by keeping detailed minutes, including all decisions made by the Board together with concerns raised and dissenting views expressed (if any). Drafts of board minutes are circulated to all directors for comment and approval as soon as practicable after the meetings. All minutes are open for inspection at any reasonable time on request by any director.

All directors have access to relevant and timely information at all times as the Chairman ensures that management will supply the Board and its committees with all relevant information in a timely manner. They may make further enquiries if in their opinion it is necessary or appropriate to request for further information. They also have unrestricted access to the advice and services of the Company Secretary, who is responsible to the Board for providing directors with board papers and related materials, and ensuring that all proper Board procedures are followed and that all applicable laws and regulations are complied with. If considered to be necessary and appropriate by the directors, they may retain independent professional advisors at the Group's expense.

In case where a conflict of interest may arise involving a substantial shareholder or a director, such matter will be discussed through an actual meeting and will not be dealt with by written resolutions. Independent non-executive directors with no conflict of interest will be present at meetings dealing with such conflict issues.

The board committees, including the audit committee, the remuneration committee and the nomination committee, have all adopted the applicable practices and procedures used in board meetings for all committee meetings.

CHAIRMAN

The roles of Chairman and Chief Executive Officer are separate and not performed by the same individual to avoid power being concentrated in any one individual. The Chairman of the Company is primarily responsible for the leadership and effective running of the Board, and ensuring that all key and appropriate issues are discussed by the Board in a timely and constructive manner, whereas the Chief Executive Officer is primarily responsible for the running of the Group's business and implementation of the Group's strategies in achieving the overall commercial objectives.

For determining the entitlement to attend and vote at the 2012 AGM, the register of members of the Company will be closed from Tuesday, 24 April 2012 to Thursday, 26 April 2012, both days inclusive, during which period no transfer of shares of the Company will be registered. In order to be eligible to attend and vote at the 2012 AGM, unregistered holders of shares of the Company should ensure that all the share transfer documents accompanied by the relevant share certificates must be lodged with the share registrar of the Company in Hong Kong, Union Registrars Limited, 18/F., Fook Lee Commercial Centre, Town Place, 33 Lockhart Road, Wanchai, Hong Kong, for registration not later than 4:00 p.m. on Monday, 23 April 2012.

(B) FOR DETERMINING THE ENTITLEMENT TO THE PROPOSED FINAL DIVIDEND

The Proposed Final Dividend is subject to the approval of shareholders at the 2012 AGM. For determining the entitlement to the Proposed Final Dividend for the year ended 31 October 2011, the register of members of the Company will also be closed from Monday, 7 May 2012 to Wednesday, 9 May 2012, both days inclusive, during which period no transfer of shares of the Company will be registered. In order to qualify for entitlement to the Proposed Final Dividend, unregistered holders of shares of the Company should ensure that all share transfer documents accompanied by the relevant share certificates must be lodged with the share registrar of the Company in Hong Kong, Union Registrars Limited, 18/F., Fook Lee Commercial Centre, Town Place, 33 Lockhart Road, Wanchai, Hong Kong, for registration not later than 4:00 p.m. on Friday, 4 May 2012.

This recommendation has been incorporated in the financial statements as an allocation of retained profit within the capital and reserves section of the balance sheet. Further details of this accounting treatment are set out in note 9 to the financial statements.

SUMMARY OF FINANCIAL INFORMATION

A summary of the published results and assets and liabilities of the Group for the last five financial years, as extracted from the audited financial statements, is set out on page 70 in the annual report.

PROPERTY, PLANT AND EQUIPMENT

Details of movements in the property, plant and equipment of the Group during the year are set out in note 15 to the financial statements.

SHARE CAPITAL AND SHARE OPTIONS

Details of the Company's share capital and share option schemes are set out in notes 27 and 14 to the financial statements respectively.

RESERVES

Details of movements in the reserves of the Company and the Group are set out in note 28 to the financial statements.

PRE-EMPTIVE RIGHTS

There are no provision for pre-emptive rights under the Company's articles of association or the laws of the Cayman Islands which would oblige the Company to offer new shares on a pro rata basis to existing shareholders.

DISTRIBUTABLE RESERVES

At 31 October 2011, the Company's reserves available for distribution, calculated in accordance with the Companies Law of the Cayman Islands, amounted to approximately HK$35,201,000. This includes the Company's share premium in the amount of approximately HK$30,537,000 at 31 October 2011, which may be distributable provided that immediately following the date on which the dividend is proposed to be distributed, the Company will be in a position to pay off its debts as and when they fall due in the ordinary course of business.

MAJOR CUSTOMERS AND SUPPLIERS

In the year under review, sales to the Group's five largest customers accounted for approximately 36.5% in aggregate for the Group's total turnover for the year. The largest customer of the Group accounted for approximately 13.2% of the Group's total turnover.

Purchases from the Group's five largest suppliers accounted for approximately 94.7% in aggregate for the Group's total purchases for the year. The largest supplier of the Group accounted for approximately 48.2% of the Group's total purchases.

None of the directors of the Company, or any of his associates or shareholders (which, to the best knowledge of the directors, own more than 5% of the Company's issued share capital), had any beneficial interest in the Group's five largest customers or suppliers.

SUFFICIENCY OF PUBLIC FLOAT

As at the date of this report, based on information that is publicly available to the Company and within the knowledge of the Directors, the Directors confirm that the Company maintained the amount of public float as required under the GEM Listing Rules.

AUDIT COMMITTEE

The Company established an audit committee on 5 December 2001 with written terms of reference in compliance with Rules 5.28 and 5.33 of the GEM Listing Rules. The primary duties of the audit committee are to review and supervise the financial reporting process and internal control system of the Group. The audit committee comprises four members, Ms. CHAN Siu Ping Rosa, Mr. TAKEUCHI Yutaka, Professor NI Jun and Mr. CHAU Kam Wing Donald, who are the independent non-executive directors of the Company.

The audit committee held four meetings during the year. The Group's results for the year ended 31 October 2011 have been reviewed by the audit committee, which was of the opinion that the preparation of such results complied with the applicable accounting standards and requirements and that adequate disclosures have been made.

AUDITORS

The financial statements since the financial year ended 31 October 2004 were audited by Grant Thornton Hong Kong. Pursuant to the merger of the practice of Grant Thornton Hong Kong with that of BDO Limited, Grant Thornton Hong Kong resigned and BDO Limited was appointed as auditor of the Company on 24 November 2010. The financial statements of the Company for the year ended 31 October 2011 were audited by BDO Limited. A resolution will be proposed at the forthcoming annual general meeting of the Company to re-appoint BDO Limited as auditor of the Company.

TO THE SHAREHOLDERS OF ECO-TEK HOLDINGS LIMITED 環康集團有限公司
(incorporated in the Cayman Islands with limited liability)

We have audited the consolidated financial statements of Eco-Tek Holdings Limited (the "Company") and its subsidiaries (collectively known as the "Group") set out on pages 22 to 69, which comprise the consolidated and company statements of financial position as at 31 October 2011, and the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

DIRECTORS' RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. This report is made solely to you, as a body, in accordance with the terms of our engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

OPINION

In our opinion, the consolidated financial statements give a true and fair view of the state of affairs of the Company and of the Group as at 31 October 2011 and of the Group's profit and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards and have been properly prepared in accordance with the disclosure requirements of the Hong Kong Companies Ordinance.

1. GENERAL INFORMATION

Eco-Tek Holdings Limited (the "Company") is a limited liability company incorporated and domiciled in the Cayman Islands. The address of its registered office is Century Yard, Cricket Square, Hutchins Drive, P.O. Box 2681 GT, George Town, Grand Cayman, British West Indies and, its principal place of business is Unit 5, 11/F, Westlands Centre, 20 Westlands Road, Quarry Bay, Hong Kong. The Company's shares are listed on the Growth Enterprises Market (the "GEM") of The Stock Exchange of Hong Kong Limited (the "Stock Exchange").

The Company and its subsidiaries (collectively known as the "Group") are principally involved in the marketing, sales, servicing, research and development of environmental protection related products and services in certain major cities (including Hong Kong and Macau) of the People's Republic of China (the "PRC") as well as operating a water supply operation in Tianjin, the PRC.

The directors consider the ultimate holding company to be Cititrust (Cayman) Limited, a company incorporated in the Cayman Islands.

The financial statements on pages 22 to 69 are prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") which collective term includes all applicable individual HKFRSs, Hong Kong Accounting Standards ("HKASs") and Interpretations issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"). The financial statements also include the applicable disclosure requirements of the Hong Kong Companies Ordinance and the Rules Governing the Listing of Securities on the GEM of the Stock Exchange (the "GEM Listing Rules").

The financial statements for the year ended 31 October 2011 were approved for issue by the board of directors on 19 January 2012.

2. ADOPTION OF NEW OR AMENDED HKFRSs

In the current year, the Group has applied, for the first time the following new standards, amendments and interpretations (the "new HKFRSs") issued by the HKICPA, which are relevant to and effective for the Group's financial statements for the annual period beginning on 1 November 2010:

HKFRSs (Amendments)	Improvements to HKFRSs 2009
HKFRSs (Amendments)	Improvements to HKFRSs 2010
HKFRS 1 (Amendments)	Limited Exceptions from Comparative HKFRS 7 Disclosures for First-time Adopters
HKFRS 2 (Amendments)	Group Cash-settled Share-based Payment Transactions
HKAS 32	Classification of Rights Issues
HK(IFRIC)-Interpretation 19	Extinguishing Financial Liabilities with Equity Instruments

The adoption of the new HKFRSs had no material impact on how the results and financial positions for the current and prior periods have been prepared and presented.

2. ADOPTION OF NEW OR AMENDED HKFRSs (Continued)

NEW OR AMENDED HKFRSs THAT HAVE BEEN ISSUED BUT ARE NOT YET EFFECTIVE

At the date of authorisation of these financial statements, certain new and amended HKFRSs have been published but are not yet effective, and have not been adopted early by the Group.

HKFRSs (Amendments)	Improvements to HKFRSs 2010[1]
Amendments to HKFRS 1	First-time adoption of HKFRSs — Severe Hyperinflation and Removal of Fixed Dates for First-time Adopters[2]
Amendments to HKAS 1	Presentation of Financial Statements — Presentation of Items of Other Comprehensive Income[4]
Amendments to HK(IFRIC) -Interpretation 14	Prepayments of a Minimum Funding Requirement[1]
HK(IFRIC)-Interpretation 20	Stripping Costs in the Production Phase of a Surface Mine[5]
HKAS 24 (Revised)	Related Party Disclosures[1]
Amendments to HKFRS 7	Disclosure — Transfers of Financial Assets[2]
Amendments to HKFRS 7	Financial Instruments: Disclosures — offsetting Financial Assets and Financial Liabilities[5]
Amendments to HKAS 12	Deferred Tax — Recovery of Underlying Assets[3]

HKAS 28 (2011)	Investment in Associates and Joint Ventures[5]
Amendments to HKAS 32	Financial Instruments — Presentation — Offsetting Financial Assets and Financial Liabilities[6]

1 Effective for annual periods beginning on or after 1 January 2011
2 Effective for annual periods beginning on or after 1 July 2011
3 Effective for annual periods beginning on or after 1 January 2012
4 Effective for annual periods beginning on or after 1 July 2012
5 Effective for annual periods beginning on or after 1 January 2013
6 Effective for annual periods beginning on or after 1 January 2014
7 Effective for annual periods beginning on or after 1 January 2015

The directors anticipate that all of the pronouncements will be adopted in the Group's accounting policy for the first period beginning after the effective date of the pronouncements. Information on new and amended HKFRSs that are expected to have impact on the Group's accounting policies is provided below. The directors are currently assessing the impact of other new and amended HKFRSs upon initial application but are not yet in a position to state whether they would have material financial impact on the Group's results and financial position.

2. ADOPTION OF NEW OR AMENDED HKFRSs (Continued)

HKAS 24 (REVISED) RELATED PARTY DISCLOSURES

HKAS 24 (Revised) clarifies and simplifies the definition of related parties. It also provides for a partial exemption of related party disclosure to government-related entities for transactions with the same government or entities that are controlled, jointly controlled or significantly influenced by the same government.

HKFRS 7 (AMENDMENTS) DISCLOSURE — TRANSFER OF FINANCIAL ASSETS

The amendments to HKFRS 7 improve the derecognition disclosure requirements for transfer transactions of financial assets and allow users of financial statements to better understand the possible effects of any risks that may remain with the entity on transferred assets. The amendments also require additional disclosures if a disproportionate amount of transfer transactions are undertaken around the end of a reporting period.

HKFRS 9 FINANCIAL INSTRUMENTS

The standard is effective for annual periods beginning on or after 1 January 2015. Under the standard, financial assets are classified into financial assets measured at fair value or at amortised cost depending on the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets. Fair value gains or losses will be recognised in profit or loss except for those non-trade equity investments, which the entity will have a choice to recognise the gains and losses in other comprehensive income. HKFRS 9 carries forward the recognition and measurement requirements for financial liabilities from HKAS 39, except for financial liabilities that are designated at fair value through profit or loss, where the amount of change in fair value attributable to change in credit risk of that liability is recognised in other comprehensive income unless that would create or enlarge an accounting mismatch. In addition, HKFRS 9 retains the requirements in HKAS 39 for derecognition of financial assets and financial liabilities.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies that have been used in the preparation of these financial statements are summarised below. These policies have been consistently applied to all the years presented unless otherwise stated.

The consolidated financial statements have been prepared on historical cost basis. The measurement basis is fully described in the accounting policies below.

It should be noted that accounting estimates and assumptions are used in preparation of the financial statements. Although these estimates are based on management's best knowledge and judgement of current events and actions, actual results may ultimately differ from those estimates. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 4.

(A) BASIS OF CONSOLIDATION

The consolidated financial statements incorporate the financial statements of the Company and its subsidiaries made up to 31 October each year.

(B) SUBSIDIARIES

Subsidiaries are entities (including special purpose entities) over which the Group has the power to control the financial and operating policies so as to obtain benefits from their activities. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group controls another entity. Subsidiaries are consolidated from the date on which control is transferred to the Group. They are excluded from consolidation from the date that control ceases.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(B) SUBSIDIARIES (Continued)

Business combinations (other than for combining entities under common control) are accounted for by applying the acquisition method. This involves the estimation of fair value of all identifiable assets and liabilities, including contingent liabilities of the subsidiary, at the acquisition date, regardless of whether or not they were recorded in the financial statements of the subsidiary prior to acquisition. On initial recognition, the assets and liabilities of the subsidiary are included in the consolidated statement of financial position at their fair values, which are also used as the bases for subsequent measurement in accordance with the Group's accounting policies.

Intra-group transactions, balances and unrealised gains and losses on transactions between group companies are eliminated in preparing the consolidated financial statements. Where unrealised losses on intra-group asset sales are reversed on consolidation, the underlying asset is also tested for impairment from the Group's perspective. Amounts reported in the financial statements of subsidiaries have been adjusted where necessary to ensure consistency with the accounting policies adopted by the Group.

Non-controlling interests (previously Known as minority interest) represent the portion of the profit or loss and net assets of a subsidiary attributable to equity interests that are not owned by the Group and are not the Group's financial liabilities.

Non-controlling interests are presented in the consolidated statement of financial position within equity, separate from the equity attributable to the equity holders of the Company. Profit or loss attributable to the non-controlling interests are presented separately in the consolidated statement of comprehensive income as an allocation of the Group's results. Total comprehensive income and expense of a subsidiary is attributed to the equity holders of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

In the Company's statement of financial position, subsidiaries are carried at cost less any impairment loss. The results of the subsidiaries are accounted for by the Company on the basis of dividends received and receivable at the reporting date.

(C) JOINTLY CONTROLLED ENTITIES

A jointly controlled entity is a contractual arrangement whereby the Group and other parties undertake an economic activity which is subject to joint control. Joint control is the contractually agreed sharing of control over an economic activity, and exists only when the strategic financial and operating decisions relating to the activity require the unanimous consent of the venturers.

In the consolidated financial statements, interest in a jointly controlled entity is initially recognised at cost and subsequently accounted for using the equity method. Under the equity method, the Group's interest in the jointly controlled entity is carried at cost and adjusted for the post- acquisition changes in the Group's share of the jointly controlled entity's net assets less any identified impairment loss, unless it is classified as held for sale (or included in a disposal group that is classified as held for sale). The profit or loss for the period includes the Group's share of the post-acquisition, post-tax results of the jointly controlled entity for the year.

When the Group's share of losses in a jointly controlled entity equals or exceeds its interest in the jointly controlled entity, the Group does not recognise further losses, unless it has incurred legal or constructive obligations or made payments on behalf of the jointly controlled entity. For this purpose, the Group's interest in the jointly controlled entity is the carrying amount of the investment under the equity method together with the Group's long-term interests that in substance form part of the Group's net investment in the jointly controlled entity.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(D) BORROWING COSTS

Borrowing costs incurred for construction of any qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use. A qualifying asset is an asset which necessarily takes a substantial period of time to get ready for its intended use or sale. Other borrowing costs are expensed when incurred.

(E) REVENUE RECOGNITION

Revenue comprises the fair value for the sale of goods, rendering of services and the use by others of the Group's assets yielding interest, net of rebates and discounts. Provided it is probable that the economic benefits will flow to the Group and the revenue and costs, if applicable, can be measured reliably, revenue is recognised as follows:

(i) sales of goods are recognised upon transfer the significant risks and rewards of ownership to customer. This is usually taken at the time when the goods are delivered and the customer has accepted the goods;

(ii) interest income is recognised on a time-proportion basis using the effective interest rate applicable; and

(iii) revenue arising from water supply is recognised based on water supplied as recorded by meters read.

(F) PROPERTY, PLANT AND EQUIPMENT

(i) Depreciation

Depreciation is provided to write off the cost of property, plant and equipment over their estimated useful lives, using the straight-line method, at the following rates per annum:

Motor vehicles	20%
Office equipment	20%
Plant, moulds and machinery	5% to 20%
Furniture and fixtures	20%
Leasehold improvements	The shorter of the lease terms and 20%
Buildings and structure	The shorter of the lease terms and 3.33%

(ii) Measurement bases

Property, plant and equipment are stated at acquisition cost less accumulated depreciation and impairment losses. The cost of an asset comprises its purchase price and any directly attributable costs of bringing the asset to the working condition and location for its intended use. Subsequent expenditure relating to property, plant and equipment is added to the carrying amount of the assets if it can be demonstrated that such expenditure has resulted in an increase in the future economic benefits expected to be obtained from the use of the assets.

The gain or loss arising on retirement or disposal is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the profit or loss.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(G) IMPAIRMENT OF NON-FINANCIAL ASSETS

Property, plant and equipment, interest in leasehold land, investments in subsidiaries and interest in a jointly controlled entity are subject to impairment testing. These assets are tested for impairment whenever there are indications that the asset's carrying amount may not be recoverable.

For the purposes of assessing impairment, where an asset does not generate cash inflows largely independent from other assets, the recoverable amount is determined for the smallest group of assets that generate cash inflows independently (i.e. a cash-generating unit). As a result, some assets are tested individually for impairment and some are tested at cash-generating unit level.

An impairment loss is recognised as an expense immediately for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of fair value, reflecting market conditions less costs to sell, and valued in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessment of time value of money and the risk specific to the asset.

Impairment losses recognised for cash-generating units are charged pro rata to the assets in the cash generating unit, except that the carrying value of an asset will not be reduced below its individual fair value less cost to sell, or value in use, if determinable.

An impairment loss is reversed if there has been a favourable change in the estimates used to determine the asset's recoverable amount and only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

(H) LEASES

(i) Operating lease

Leases where substantially all the rewards and risks of ownership of assets remain with the lessor are accounted for as operating leases. Where the Group has the right to use of assets held under operating leases, rentals payable under the operating leases are charged to the profit or loss on the straight-line basis over the lease terms.

(ii) Interest in leasehold land

Interest in leasehold land is up-front payments to acquire long term interests for the usage of land. They are stated at cost less accumulated amortisation and any impairment losses. Amortisation is calculated on the straight-line basis to write off the up-front payments over the lease terms.

(I) EMPLOYEE BENEFITS

(i) Paid leave carried forward

The Group provides paid annual leave to its employees under their employment contracts on a calendar year basis. Under certain circumstances, such leave which remains untaken as at the reporting date is permitted to be carried forward and utilised by the respective employees in the following year. An accrual is made at the reporting date for the expected future cost of such paid leave earned during the year by the employees and carried forward.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(I) EMPLOYEE BENEFITS (Continued)

(ii) Pension scheme

The Group operates a defined contribution Mandatory Provident Fund retirement benefits scheme (the "MPF Scheme") under the Mandatory Provident Fund Schemes Ordinance, for all of its employees in Hong Kong. Contributions are made based on a percentage of the employees' basic salaries and are charged to the profit or loss as they become payable in accordance with the rule of the MPF Scheme. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group's employer contributions vest fully with the employees when contributed into the MPF Scheme.

The employees of the Group's subsidiaries which operate in the PRC except Macau and Hong Kong are required to participate in a central pension scheme operated by the local municipal government. The Group is required to contribute certain percentage of their respective payroll costs to the central pension scheme. The contributions are charged to the profit or loss as they become payable in accordance with the rules of the central pension scheme.

(iii) Share-based employee compensation

The Group operates equity-settled share-based compensation plans for remuneration of its employees.

All employee services received in exchange for the grant of any share-based compensation are measured at their fair values. These are indirectly determined by reference to the share options awarded. The value is appraised at the grant date and excludes the impact of any non-market vesting conditions.

All share-based compensation is ultimately recognised as an expense in profit or loss unless it qualifies for recognition as asset, with a corresponding credit to equity (share option reserve). If vesting periods or other vesting conditions apply, the expense is recognised over the vesting period, based on the best available estimate of the number of share options expected to vest. Non-market vesting conditions are included in assumptions about the number of options that are expected to become exercisable. Estimates are subsequently revised, if there is any indication that the number of share options expected to vest differs from previous estimates. No adjustment to expense recognised in prior periods is made if fewer share options ultimately are exercised than originally estimated.

At the time when the share options are exercised, the amount previously recognised in share option reserve will be transferred to share premium. When the share options are forfeited or are still not exercised at the expiry date, the amount previously recognised in share option reserve will be transferred to retained profits.

(J) INVENTORIES

Inventories are carried at the lower of cost and net realisable value. Cost is determined using the first-in, first-out basis, and in the case of work in progress and finished goods, comprise direct materials, direct labour and an appropriate proportion of overheads. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and applicable selling expenses.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(K) FINANCIAL ASSETS

The Group's accounting policies for financial assets other than investments in subsidiaries and interest in a jointly controlled entity are set out below.

The Group's and Company's financial assets include accounts and other receivables, amounts due from subsidiaries and cash and cash equivalents. The Group's financial assets are classified as loans and receivables. Management determines the classification of its financial assets at initial recognition depending on the purpose for which the financial assets were acquired and where allowed and appropriate, re-evaluates this designation at every reporting date.

All financial assets are recognised when, and only when, the Group becomes a party to the contractual provisions of the instrument. Financial assets are recognised initially, at fair value, plus, directly attributable transaction costs.

Derecognition of financial assets occurs when the rights to receive cash flows from the investments expire or are transferred and substantially all of the risks and rewards of ownership have been transferred.

At each reporting date, financial assets are reviewed to determine whether there is objective evidence of impairment.

Objective evidence of impairment of individual financial assets includes observable data that comes to the attention of the Group about one or more of the following loss events:

— significant financial difficulty of the debtor;

— a breach of contract, such as a default or delinquency in interest or principal payments;

— it becoming probable that the debtor will enter bankruptcy or other financial reorganisation;

— significant changes in the technological, market, economic or legal environment that have an adverse effect on the debtor; and

— a significant or prolonged decline in the fair value of an investment in an equity instrument below its cost.

Loss events in respect of a group of financial assets include observable data indicating that there is a measurable decrease in the estimated future cash flows from the group of financial assets. Such observable data includes but not limited to adverse changes in the payment status of debtors in the Group and, national or local economic conditions that correlate with defaults on the assets in the Group.

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Loans and receivables are subsequently measured at amortised cost using the effective interest method, less any impairment losses. Amortised cost is calculated taking into account any discount or premium on acquisition and includes fees that are an integral part of the effective interest rate and transaction cost.

If there is objective evidence that an impairment loss on loans and receivables or held-to-maturity investments carried at amortised cost has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate (i.e. the effective interest rate computed at initial recognition). The amount of the loss is recognised in profit or loss of the period in which the impairment occurs.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(K) FINANCIAL ASSETS (Continued)

If, in subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed to the extent that it does not result in a carrying amount of the financial asset exceeding what the amortised cost would have been had the impairment not been recognised at the date the impairment is reversed. The amount of the reversal is recognised in profit or loss of the period in which the reversal occurs.

Financial assets other than accounts receivable that are stated at amortised cost, impairment losses are written off against the corresponding assets directly. Where the recovery of accounts receivable is considered doubtful but not remote, the impairment losses for doubtful receivables are recorded using an allowance account. When the Group is satisfied that recovery of accounts receivable is remote, the amount considered irrecoverable is written off against accounts receivable directly and any amounts held in the allowance account in respect of that receivable are reversed. Subsequent recoveries of amounts previously charged to the allowance account are reversed against the allowance account. Other changes in the allowance account and subsequent recoveries of amounts previously written off directly are recognised in profit or loss.

(L) FINANCIAL LIABILITIES

The Group's and Company's financial liabilities include bank loans, accounts and bills payable, accrued liabilities and other payables, amount due to a subsidiary and loans from a minority shareholder and a third party.

Financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. All interest related charges are recognised in accordance with the Group's accounting policy for borrowing costs.

Financial liabilities, other than loans from a minority shareholder and a third party, are recognised initially at fair value, net of transaction costs incurred. Financial liabilities are subsequently stated at amortised cost using the effective interest method.

Loans from a minority shareholder and a third party are recognised initially at fair value. The difference between the nominal loan amount and the fair value represents deemed contribution from a minority shareholder and a third party and is recorded as a component of equity in the Group's financial statements. Subsequently, loan from a minority shareholder and a third party are measured at amortised cost, using the effective interest method.

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the profit or loss over the period of the borrowings using the effective interest method.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

(M) PROVISIONS AND CONTINGENT LIABILITIES

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Where the time value of money is material, provisions are stated at the present value of the expenditure expected to settle the obligation.

All provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(M) PROVISIONS AND CONTINGENT LIABILITIES (Continued)

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future uncertain events not wholly within the control of the Group are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

Contingent liabilities are recognised in the course of the allocation of purchase price to the assets and liabilities acquired in a business combination. They are initially measured at fair value at the date of acquisition and subsequently measured at the higher of the amount that would be recognised in a comparable provision as described above and the amount initially recognised less any accumulated amortisation, if appropriate.

(N) INCOME TAX

Income tax comprises current tax and deferred tax.

Current income tax assets and/or liabilities comprise those obligations to, or claims from, tax authorities relating to the current or prior reporting period, that are unpaid at the reporting date. They are calculated according to the tax rates and tax laws applicable to the fiscal periods to which they relate, based on the taxable profit for the year. All changes to current tax assets or liabilities are recognised as a component of tax expense in profit or loss.

Deferred tax is calculated using the liability method on temporary differences at the reporting date between the carrying amounts of assets and liabilities in the financial statements and their respective tax bases. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences, tax losses available to be carried forward as well as other unused tax credits, to the extent that it is probable that taxable profit, including existing taxable temporary differences, will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised.

Deferred tax assets and liabilities are not recognised if the temporary difference arises from goodwill or from initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither taxable nor accounting profit or loss.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries and interest in jointly controlled entity, except where the Group is able to control the reversal of the temporary differences and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax is calculated, without discounting, at tax rates that are expected to apply in the period the liability is settled or the asset realised, provided they are enacted or substantively enacted at the reporting date.

Changes in deferred tax assets or liabilities are recognised in the profit or loss, or in equity if they relate to items that are charged or credited directly to equity.

(O) CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash at banks and in hand as well as short term bank deposits that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(P) SHARE CAPITAL

Ordinary shares are classified as equity. Share capital is determined using the nominal value of shares that have been issued.

Any transaction costs associated with the issuing of shares are deducted from the equity (net of any related income tax benefits) to the extent they are incremental costs directly attributable to the equity transaction.

(Q) RELATED PARTIES

For the purposes of these financial statements, a party is considered to be related to the Group if:

(i) the party has the ability, directly or indirectly through one or more intermediaries, to control the Group or exercise significant influence over the Group in making financial and operating policy decisions, or has joint control over the Group;

(ii) the Group and the party are subject to common control;

(iii) the party is an associate of the Group or a joint venture in which the Group is a venturer;

(iv) the party is a member of key management personnel of the Group or the Group's parent, or a close family member of such an individual, or is an entity under the control, joint control or significant influence of such individuals;

(v) the party is a close family member of a party referred to in (i) or is an entity under the control, joint control or significant influence of such individuals; or

(vi) the party is a post-employment benefit plan which is for the benefit of employees of the Group or of any entity that is a related party of the Group.

Close family members of an individual are those family members who may be expected to influence, or be influenced by, that individual in their dealings with the entity.

(R) FOREIGN CURRENCIES

The consolidated financial statements are presented in Hong Kong Dollars (HK$), which is also the functional currency of the Company. The functional currency of subsidiaries incorporated in the PRC is Renminbi (RMB).

In the individual financial statements of the consolidated entities, foreign currency transactions are translated into the functional currency of the individual entity using the exchange rates prevailing at the dates of the transactions. At reporting date, monetary assets and liabilities denominated in foreign currencies are translated at the foreign exchange rates ruling at that date. Foreign exchange gains and losses resulting from the settlement of such transactions and from the reporting date retranslation of monetary assets and liabilities are recognised in the profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(R) FOREIGN CURRENCIES (Continued)

In the consolidated financial statements, all individual financial statements of foreign operations, originally presented in a currency different from the Group's presentation currency, have been converted into Hong Kong dollars. Assets and liabilities have been translated into Hong Kong dollars at the closing rate at the reporting date. Income and expenses have been converted into Hong Kong dollars at the exchange rates ruling at the transaction dates, or at the average rates over the reporting period provided that the exchange rates do not fluctuate significantly. Any differences arising from this procedure have been recognised in other comprehensive income and accumulated separately in the translation reserve in equity.

(S) FINANCIAL GUARANTEES ISSUED

A financial guarantee contract is a contract that requires the issuer (or guarantor) to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the terms of a debt instrument.

Where the Group issues a financial guarantee, the fair value of the guarantee is initially recognised as deferred income within trade and other payables. Where consideration is received or receivable for the issuance of the guarantee, the consideration is recognised in accordance with the Group's policies applicable to that category of asset. Where no such consideration is received or receivable, an immediate expense is recognised in profit or loss on initial recognition of any deferred income.

The amount of the guarantee initially recognised as deferred income is amortised in profit or loss over the term of the guarantee as income from financial guarantees issued. In addition, provisions are recognised if and when it becomes probable that the holder of the guarantee will call upon the Group under the guarantee and the amount of that claim on the Group is expected to exceed the current carrying amount i.e. the amount initially recognised less accumulated amortisation, where appropriate.

(T) SEGMENT REPORTING

The Group identifies operating segments and prepares segment information based on the regular internal financial information reported to the executive directors for their decisions about resources allocation to the Group's business components and for their review of the performance of those components. The business components in the internal financial information reported to the executive directors are determined following the Group's major product and service lines.

The measurement policies the Group uses for reporting segment results under HKFRS 8 are the same as those used in its financial statements prepared under HKFRSs, except that:

- share of profit or loss of jointly controlled entity accounted for using the equity method
- finance costs
- income tax
- corporate income and expenses which are not directly attributable to the business activities of any operating segment

are not included in arriving at the operating results of the operating segment.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(T) SEGMENT REPORTING (Continued)

Segment assets include all assets but interest in a jointly controlled entity. In addition, corporate assets which are not directly attributable to the business activities of any operating segment are not allocated to a segment, which primarily applies to the Group's headquarter.

Segment liabilities exclude corporate liabilities which are not directly attributable to the business activities of any operating segment and are not allocated to a segment. These include borrowings attributable to the Group's headquarters.

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgement are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

DEPRECIATION

The Group depreciates the property, plant and equipment on a straight-line basis over the estimated useful lives of five to thirty years, starting from the date on which the assets are placed into productive use. The estimated useful lives reflect the directors' estimate of the periods that the Group intends to derive future economic benefits from the use of the Group's property, plant and equipment.

IMPAIRMENT OF RECEIVABLES

The Group's management determines impairment of receivables on a regular basis. This estimate is based on the credit history of its customers and current market conditions. Management will reassess the impairment of receivables at the reporting date.

NET REALISABLE VALUE OF INVENTORIES

Net realisable value of inventories is the estimated selling price in the ordinary course of business, less estimated selling expenses. These estimates are based on the current market condition and the historical experience of selling products of similar nature. It could change significantly as a result of competitor actions in response to severe industry cycles. Management will reassess the estimates at the reporting date.

ESTIMATE OF CURRENT TAX AND DEFERRED TAX

The Group is subject to taxation in various jurisdictions. Significant judgement is required in determining the amount of the provision of taxation and the timing of payment of the related taxation. Where the final tax outcome is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in periods in which such determination are made.

During the years ended 31 October 2010 and 2011 and up to the date of these financial statements, the Inland Revenue Department ("IRD") of Hong Kong is in the process of reviewing the tax affairs of certain subsidiaries of the Group and has issued additional estimated assessments on these subsidiaries for the years of assessment 2003/04 and 2004/05. After taking into account the up-to-date development of the IRD's review, the directors of the Company are of the opinion that the Group's provision for tax as at 31 October 2011 is adequate and fairly presented. Where the final outcome of the IRD's review is different from the directors' expectation, further provision for tax may be required. The directors have been closely monitoring the status of the IRD's review and will revise their expectation if deem necessary and appropriate.

5. REVENUE AND SEGMENT REPORTING

Revenue, which is also the Group's turnover, recognised during the year comprised the followings:

	2011	2010

14. SHARE OPTION SCHEME

THE 2001 SHARE OPTION SCHEME (THE "2001 SCHEME")

On 21 November 2001, the 2001 Scheme was approved pursuant to a written resolution of all shareholders of the Company. The purpose of the 2001 Scheme is to enable the Company to grant options to selected persons as incentives or rewards for their contribution to the Group. The board of directors may, at their discretion, grant options to any full time employee and any director of the Company or its subsidiaries, including executive, non-executive and independent non-executive directors to subscribe for shares of the Company. The total number of shares which may be issued upon exercise of all outstanding options granted and yet to be exercised under the 2001 Scheme and other schemes by the Company must not exceed 30% of the shares in issue from time to time. A non-refundable nominal consideration of HK$1.00 is payable by the grantee upon acceptance of an option. The subscription price for shares under the 2001 Scheme may be determined by the board of directors at its absolute discretion but in any event will not be less than the higher of: (i) the closing price of the shares as stated in the daily quotation sheet of the Stock Exchange on the date of grant of the option, which must be a business day; and (ii) the average of the closing prices of the shares as stated in the Stock Exchange's daily quotation sheets for the five business days immediately preceding the date of grant of the relevant option.

Any share options granted to a substantial shareholder or an independent non-executive director of the Company, or any of their associates, in excess of 0.1% of the shares of the Company in issue at any time or with an aggregate value based on the closing price of the shares of the Company at the date of grant in excess of HK$5,000,000, within any 12-month period, are subject to shareholders' approval in advance in a general meeting.

In addition, any share options granted to any one person in excess of 1% of the shares of the Company in issue at any time within any 12-month period, are subject to shareholders' approval in advance in a general meeting.

14. SHARE OPTION SCHEME (Continued)

THE 2001 SHARE OPTION SCHEME (THE "2001 SCHEME") (Continued)

The share options granted may be exercised at any time or times after the date on which the option is deemed to be granted and accepted and expiring on a date to be determined and notified by the board of directors to each grantee, but in any event no later than 10 years from the date of the grant of the share options. The 2001 Scheme remains in force for a period of 10 years with effect from 21 November 2001 until 3 March 2011 which has been terminated by shareholders of the Company.

The option were vested according to the terms and conditions determined by the board of directors on a case by case basis and were stated in the offer letters to each grantees. 19. DEFERRED TAXATION

Deferred taxation is calculated on temporary differences under the liability method using the applicable tax rates at reporting date.

The movement in deferred tax assets/(liabilities) arising from temporary differences are as follows:

	Group					Company
	Provision for warranty	**Provision for slow-moving inventories**	**Tax loss**	**Capital contribution from a minority shareholder**	**Total**	**Tax loss**

At 31 October 2011	—	**1,192**	**243**	**(7,423)**	**(5,988)**	**169**

Deferred tax assets are recognised to the extent the realisation of related tax benefits through the future taxable profits is probable. As at 31 October 2011, the Group has tax losses arising in Hong Kong of approximately HK$3,801,000 (2010: HK$2,066,000) that are available indefinitely for offsetting against future taxable profits of the companies in which the losses arose. As at 31 October 2011, the tax losses arising in the PRC was amounted to HK$9,294,000 (2010: HK$4,655,000) which are available for offsetting against future taxable profits of the companies will expire in 2016. Deferred tax assets have not been recognised in respect of these losses as they have arisen in subsidiaries that have been loss-making for some time.

At 31 October 2011, deferred tax liabilities of approximately HK$7,423,000 (2010: HK$7,423,000) have been established for the taxation that would be payable in relation to the capital contribution made by a minority shareholder in previous year.

As at 31 October 2010 and 2011, the aggregate amount of temporary differences associated with the PRC's subsidiaries' undistributed retained earnings for which deferred tax liabilities have not been recognised are approximately RMB8,600,000 and RMB10,175,000 respectively. No deferred tax liabilities have been recognised in respect of these temporary differences because the Group is in a position to control the dividend policies of these subsidiaries and it is probable that such differences will not be reversed in the foreseeable future.

21. ACCOUNTS RECEIVABLE — THE GROUP

Accounts receivable are non-interest bearing and they are recognised at their original invoice amounts which represent their fair values at initial recognition.

The Group has a policy of allowing an average credit period of 90 days to 120 days to its trade customers, except for one customer. This customer's repayment term is to pay (i) 70%-80% of the invoice amount to the Group one month after the invoice date; (ii) another 10% of the invoice amount to the Group three months or twelve months after the invoice date; and (iii) the remaining 10%-20% of the invoice amount to the Group after expiry of warranty period if no complaints are received in respect of the products sold to the customer. An ageing analysis of accounts receivable as at the reporting date, based on invoice date, is as follows:

	2011	2010
	HK$'000	*HK$'000*
Outstanding balances with ages:		
Within 90 days	**25,821**	30,779
91–180 days	**6,422**	9,004
181–365 days	**1,541**	2,339
Over 365 days	**1,319**	384
	35,103	42,506
Provision for impairment	**(261)**	—
	34,842	42,506

Note: No accounts receivable (2010: approximately HK$6,068,000) was pledged to secure a bank loan of the Group as at 31 October 2011 (note 29(c)).

Impairment losses in respect of accounts receivable are recorded using an allowance account unless the Group is satisfied that recovery of the amount is remote, in which case the impairment loss is written off against accounts receivable directly. Based on this assessment, bad debt of HK$251,000 (2010: Nil) was written off against accounts receivable directly during the year. At 31 October 2011, the Group has determined accounts receivable of approximately HK$261,000 as individually impaired (2010: Nil). The impaired accounts receivable are due from customers experiencing financial difficulties that were in default or delinquency of payments. The movement in the allowance for impairment of accounts receivable is as follows:

	2011	2010
	HK$'000	*HK$'000*
At beginning of the year	**—**	—
Provision for impairment	**256**	—
Translation differences	**5**	—
At end of the year	**261**	—

21. ACCOUNTS RECEIVABLE — THE GROUP (Continued)

The ageing analysis of the Group's accounts receivable that were past due as at the reporting date but not impaired, based on due date is as follows:

	2011	2010
	HK$'000	*HK$'000*
Not more than 90 days past due	**19,363**	19,157
91 to 180 days past due	**4,608**	2,586
181 to 360 days past due	**2,310**	875
Over 360 days past due	**640**	2,844
	26,921	25,462
Neither past due nor impaired	**7,921**	17,044
	34,842	42,506

Accounts receivable that were neither past due nor impaired related to a number of customers for whom there was no recent history of default. Accounts receivable that were past due but not impaired related to a number of customers that had a good track record of credit with the Group. Based on past credit history, the management believes that no impairment allowance is necessary in respect of these balances as there has not been a significant change in credit quality and the balances are still considered to be fully recoverable. The Group did not hold any collateral in respect of accounts receivable past due but not impaired.

22. AMOUNTS DUE FROM/(TO) SUBSIDIARIES — THE COMPANY

The amounts due from/(to) subsidiaries were unsecured, interest-free and repayable on demand.

23. CASH AND CASH EQUIVALENTS AND PLEDGED BANK DEPOSITS

The Group had cash and bank balances denominated in RMB of approximately RMB3,974,000 (2010: RMB5,392,000) and the remittance of these funds out of the PRC was subject to the exchange control restrictions imposed by the PRC government. The Company did not have cash and bank balances denominated in RMB as at 31 October 2011 (2010: Nil).

The effective interest rate of pledged bank deposits was 0.01% (2010: 0.5%) per annum as at 31 October 2011. These deposits had no maturity date and were pledged to bank to secure the Group's banking facilities (note 29(a)). The pledge will not be released within twelve months from the reporting date.

24. ACCOUNTS AND BILLS PAYABLE — THE GROUP

The credit terms granted by suppliers are generally for a period of 60-180 days. The ageing analysis of accounts and bills payable as at the reporting date, based on invoice date, is as follows:

	2011	2010
	HK$'000	*HK$'000*
Outstanding balances with ages:

Bank loans were denominated in Hong Kong Dollars and bore interests at variable rates of 2% over 1 to 3 months HIBOR per annum at 31 October 2010. Further details of securities were set out in note 29 to the financial statements.

26. LOANS FROM A MINORITY SHAREHOLDER AND A THIRD PARTY — THE GROUP

The loans were unsecured, interest-free and not repayable within twelve months from the reporting date.

The directors of the Company consider that the fair values of the loans are not materially different from their carrying amounts.

28. RESERVES

(a) GROUP

The amounts of the Group's reserves and the movements therein for the current year are presented in the consolidated statement of changes in equity of the financial statements.

The share premium account of the Group represents the excess of the proceeds received over the nominal value of the Company's shares issued, less amounts of the capitalisation issue and share issue expenses.

The capital reserve of the Group represents the difference between the aggregate nominal value of share capital of the subsidiaries acquired by the Company and the nominal value of share capital of the Company issued as consideration in exchange therefore.

The exchange translation reserve comprises all foreign exchange differences arising from the translation of the financial statements of foreign operations. The reserve is dealt with in accordance with the accounting policies set out in note 3.

The capital contribution reserve of the Group represents the contribution made by a minority shareholder shared by the Group (note 34).

The share premium account of the Company includes: (i) the excess of the proceeds received over the nominal value of the shares of the Company issued at a premium; and (ii) the excess of the consolidated net assets of the subsidiaries acquired pursuant to the group reorganisation over the nominal value of the Company's shares issued in exchange therefor. Under the Companies Law of the Cayman Islands, the share premium account is distributable to the shareholders of the Company, provided that immediately following the date on which the dividend is proposed to be distributed, the Company will be in a position to pay off its debts as and when they fall due in the ordinary course of business.

29. BANKING FACILITIES — THE GROUP

Certain of the Group's banking facilities were secured by the followings:

(a) bank deposits of the Group amounting to approximately HK$9,020,000 (2010: HK$9,020,000) (note 23 and 31);

(b) corporate guarantees executed by the Company (note 30); and

(c) accounts receivable with carrying amount of approximately HK$6,068,000 was pledged to secure a bank loan of the Group for the year ended 31 October 2010 (note 21).

30. FINANCIAL GUARANTEE CONTRACTS — THE COMPANY

The Company had financial guarantees contracts with certain banks as follows:

	2011	2010
	HK$'000	*HK$'000*
Total guarantees for banking facilities provided to subsidiaries	**64,000**	64,000

At 31 October 2010 and 2011, the Company has executed guarantees to financial institutions in respect of bank facilities granted to its subsidiaries. Under the guarantees, the Company would be liable to pay the holders of these guarantees in the event of any default. No provision for the Company's obligation under the guarantee contracts has been made as the directors considered that it was not probable that the facilities utilized by its subsidiaries would be in default.

31. PERFORMANCE BONDS — THE GROUP

The Group concluded non-exclusive contracts with the Environmental Protection Department of the Government. Pursuant to the terms of the contracts, the Group has procured a bank to provide performance bonds to the Government for the performance of supply and installation of particulate removal devices to reduce particulate from the pre-Euro emission standard diesel vehicles. As at 31 October 2011, the aggregate amount of outstanding performance bonds is approximately HK$2.9 million (2010: HK$2.9 million). The aforesaid performance bond facilities were secured by the Group's pledged bank deposits (note 29(a)).

32. OPERATING LEASE COMMITMENTS

The total future minimum lease payments under non-cancellable operating leases in respect of land and buildings of the Group are payable as follows:

	2011	2010
	HK$'000	*HK$'000*
Within one year	**1,617**	1,606
In the second to fifth years, inclusive	**1,160**	1,050
	2,777	2,656

The Group leases a number of properties under operating leases. The leases run for an initial period of one to three years (2010: one to three years), without any option to renew the lease terms at the expiry date and do not include contingent rentals.

33. RELATED PARTY TRANSACTIONS

Included in staff costs is key management personnel compensation (including executive directors' remuneration) which comprises the following categories:

	2011	2010
	HK$'000	*HK$'000*
Salaries, allowances and benefits in kind	**3,707**	4,156

	4,296	5,394

34. ACQUISITION OF ASIAN WAY AND PLEDGE OF SHARES OF ASIAN WAY HELD BY A MINORITY SHAREHOLDER

On 16 November 2005, the Group entered into a legally binding memorandum of understanding and a sale and purchase agreement (collectively known as the "Agreements") in relation to the acquisition of 42.5% interest in Asian Way which holds 100% interest in Tianjin Asian Way.

Pursuant to the Agreements, 3,750 shares of Asian Way held by Mr. Tang Hin Lun ("Mr. Tang"), which represents 37.5% equity interest in Asian Way, were pledged to Well Spread as security on a loan facility of HK$57.6 million granted to Asian Way by a subsidiary of the Group.

During the year ended 31 October 2010, the above pledged shares had been enforced by the Group as a result of continuing default in payment of loan interest by Asian Way under the loan agreements dated 16 November 2005 in respect of which Mr. Tang acted as a warrantor thereunder. The non- controlling interests amounted to approximately HK$7,335,000 had been transferred to retained profits and exchange translation reserve of approximately HK$5,333,000 and HK$2,002,000 respectively. After the enforcement, the Group had become the legal and beneficial owner of a total of 8,000 shares in Asian Way, representing 80% of its entire issued share capital.

35. RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group is exposed to a variety of financial risks which results from both its operating and investing activities. The Group does not have written risk management policies and guidelines. However, the board of directors meets periodically to analyse and formulate strategies to manage the Group's exposure to market risks, including changes in interest rates and currency exchange rates. Generally, the Group introduces conservative strategies on its risk management. The Group's exposure to market risk is kept to minimum level. The Group has not used any derivatives or other instruments for hedging purposes. The Group does not issue derivative financial instruments for trading purposes. The most significant financial risks to which the Group is exposed to are described below.

(A) CREDIT RISK

All the Group's cash and cash equivalents are deposited with major banks located in Hong Kong and the PRC.

As at 31 October 2011, the Group's maximum exposure to credit risk which will cause a financial loss to the Group due to failure to perform an obligation by the counterparties is arising from the carrying amount of the respective recognised financial assets as stated in the consolidated statement of financial position. In order to minimise the credit risk, management of the Group has implemented internal control procedures for determination of credit limits, credit approvals and other monitoring procedures to ensure that follow up action is taken to recover overdue debts. In addition, the Group reviews the recoverable amount of trade debt on a collective basis at each reporting date to ensure that adequate impairment losses are made for irrecoverable amounts. In this regard, the directors of the Company consider that the Group's credit risk is significantly reduced.

(B) FOREIGN CURRENCY RISK

The Group's purchases are mainly denominated in Sterling Pounds, Japanese Yen, Euro and US Dollars. The sales of the Group are predominantly in RMB and Hong Kong Dollars. The management monitors foreign exchange exposure and will hedge significant foreign currency exposure should the need arises.

The carrying amounts of foreign currency denominated monetary assets, monetary liabilities and derivative financial instruments of the Group at the reporting date that are considered significant by management are as follows:

	Assets		**Liabilities**	
	2011	2010	**2011**	2010
	HK$'000	*HK$'000*	***HK$'000***	*HK$'000*

35. RISK MANAGEMENT OBJECTIVES AND POLICIES (Continued)

(C) FOREIGN CURRENCY SENSITIVITY ANALYSIS

The following table details the Group's sensitivity to a 5% increase and decrease in the functional currencies of the relevant group entities against the relevant foreign currencies. 5% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the year end for a 5% increase in foreign currency rates. A positive (negative) number below indicates an increase (a decrease) in profit for the year and retained earnings where the functional currencies of the relevant group entities strengthen against the relevant foreign currencies. For a 5% weakening of the functional currencies of the relevant group entities against the relevant foreign currencies, there would be an equal and opposite impact on the profit for the year and retained earnings. There is no impact on other components of equity in response to the general change in foreign exchange rates.

(D) INTEREST RATE RISK

The Group has no significant interest bearing assets except bank balances detailed in note 23. The Group borrowed bank loans with floating interest rates as at 31 October 2010. Exposure to floating interest rate presents when there are unexpected adverse interest rate movements. The interest rates and terms of repayment of bank loans are disclosed in note 25. The Group's policy is to manage its interest rate risk, working within an agreed framework, to ensure that there are no unduly exposures to significant interest rate movements and rates are approximately fixed when necessary. The directors considered that the Group's cash flow interest rate risk is minimal.

36. CAPITAL MANAGEMENT

The Group's capital management objectives are to ensure the Group's ability to continue as a going concern and to provide an adequate return to shareholders by pricing goods and services commensurately with the level of risk.

The Group actively and regularly reviews and manages its capital structure to ensure optimal capital structure and equity holder returns, taking into consideration the future capital requirements of the Group and capital efficiency, prevailing and projected profitability, projected operating cash flows, projected capital expenditures and projected strategic investment opportunities. The Group currently does not adopt any formal dividend policy.

The Group sets the amount of equity capital in proportion to its overall financial structure. The Group manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to equity holders, return capital to equity holders, issue new shares, or sell assets to reduce debt.
