Third Quarterly Report 2011/2012

#### CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET ("GEM") OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to higher market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchange and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaims any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the "Directors") of Finet Group Limited (the "Company", together with its subsidiaries, the "Group") collectively and individually accept full responsibility, includes particulars given in compliance with The Rules Governing the Listing of Securities on GEM (the "GEM Listing Rules") for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or in this report misleading.

#### MANAGEMENT DISCUSSION AND ANALYSIS OPERATIONS REVIEW

To better execute the Group's internet, mobile and media ("**IMM**") sectors growth strategy in the PRC and, at the same time, to strengthen the Group's business fundamentals in the existing business lines of financial information services and securities and futures business, the Group has enlarged its financial resources base. The completion of the open offer of new shares in June 2011 has raised approximately HK\$88.2 million (before expenses) as to enable the Group to both invest in its existing business lines and to seize strategic business opportunities (if such opportunities arise in the future) through mergers and acquisitions.

#### **Financial Information Business**

During the period under review, changes in the market and appetite of clients have supported the business model of the Group by providing one-stop shop solution to investors that includes transaction services in addition to pure data, news and analytical information. The Board believed that the growing sophistication in today's information technology with powerful hedge funds, algo-trading technologies and cross-market arbitrage opportunities, the market would demand technologically advanced one-stop solution providers.

The Group has been carefully examining the ways to improve its competitive advantages and operational efficiency amid the deteriorating business environment. The Group is determined to improve and make changes in its information provision business. On one hand, the Group has continued to promote the brand name of Finet as a leading news provider and to expand its financial news distribution channels and introduced value-added services in press release, media monitoring and investor relations to its clients which so far have been appreciated by the market. On the other hand, the Group has been expanding its mobile distribution channels for financial content. The Group has been chosen as the exclusive daily financial e-magazine provider in 139–Mailbox operated by China Mobile in the Guangdong Province, the PRC, through a tender process. The services will be extended to other areas in the PRC. By leveraging China Mobile's massive user base, this will help the Group to tap into the PRC's lucrative business-to-consumer market that has been growing at astonishing speed.

The Group has been providing mobile solution to existing clients with encouraging results and has identified several mobile platform providers to distribute financial information in both the PRC and Hong Kong.

#### **Securities and Futures Business**

The completion of acquisition of Finet Securities Limited was a significant step forward to achieve the business model of the Group to provide one-stop shop solutions that seamlessly embed transaction services with information services. The Group has been consolidating the securities and futures business segment and is taking steps to tap into margin financing and asset management business to fit into the one-stop shop solutions model.

The Claimants claimed that the Company has, through its then chairman and Director, Dr. Yu Gang, George, made certain misrepresentations and has breached certain terms of the agreements between the Company and each of the Claimants in connection with their investments in China Game totaling USD5,000,000 in 2007 and the Claimants indicated that they may seek damages against the Company for no less than USD5,000,000 plus interest and costs. On 27 June 2011, the Company received an amended writ of summons ("Amended Writ") (High Court Action number 849 of 2011) and a statement of claim ("Statement of Claim") from the Claimants (i.e. The Pride of Treasure Fund ("First Plaintiff") and The Pride Venture Capital Fund ("Second Plaintiff")). Pursuant to the Amended Writ, it was claimed against the Company for, inter alia, damages for breach of (i) the alleged share subscription agreement in 2007 made between the Company and the First Plaintiff: (ii) the alleged share subscription agreement in 2007 made between the Company and the Second Plaintiff: and (iii) the alleged misrepresentation made through Dr. Yu Gang, George, plus interest and costs.

#### **OUTLOOK**

Looking forward, it is believed that the Group's years of efforts to build up its business fundamentals, including continuous upgrade of its powerstations and products, and acquire appropriate companies and expanding carriers of its products in the burgeoning IMM sectors would allow the Group to capitalize on the tremendous growth of the mainstream PRC consumer markets in the coming years. Coupled with the continuous growth of its securities and futures business, the Group would be able to achieve its business model to provide one-stop shop solutions that seamlessly embed transaction services with information services.
