FIRST QUARTERLY REPORT 2012

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET ("GEM") OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the "Directors") of Shandong Luoxin Pharmacy Stock Co., Ltd. (the "Company") collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the "GEM Listing Rules") for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the three months ended 31 March 2012

1. GENERAL INFORMATION

The Company was established as a collectively-owned enterprise under the name of Shandong Luoxin Factory in the People's Republic of China (the "PRC") on 14 December 1995 and was converted into a joint stock co-operative enterprise on 12 July 1997. On 19 November 2001, Shandong Luoxin Factory underwent a corporate reorganisation and was transformed into a joint stock limited liability company with a registered capital of Renminbi ("RMB") 46 million by way of promotion. Subsequent to the above reorganisation, the name of the Company was changed to Shandong Luoxin Pharmacy Stock Co., Ltd. The H shares of the Company have been listed on GEM of the Stock Exchange since 9 December 2005.

The Company's registered office is located at Luoqi Road, High and New Technology Experimental Zone, Linyi City, Shandong Province, the PRC.

The principal activities of the Company are manufacturing and selling of pharmaceutical products. The principal activities of its subsidiary are wholesale and manufacture of biochemical products and Chinese medicine.

The consolidated financial statements are presented in RMB and all values are rounded to the nearest thousand (RMB'000), unless otherwise stated. These consolidated financial statements were approved for issue by the Board on 8 May 2012.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The unaudited condensed interim consolidated financial statements have been prepared in accordance with Hong Kong Accounting Standard ("HKAS") 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants ("the HKICPA") and the disclosure requirements set out in Chapter 18 of the Rules Governing the Listing of Securities on GEM. The accounting policies adopted are consistent with those followed in the preparation of the Company's audited consolidated financial statements for the year ended 31 December 2011.

The consolidated financial statements have been prepared under historical cost basis except certain financial assets and financial liabilities, which are measured at fair value.

3. TURNOVER AND OTHER REVENUE

The principal activities of the Group are manufacturing and sales of pharmaceutical products.

The Group currently operates in one business segment in the manufacturing and sales of pharmaceutical products in the PRC. A single management team reports to the chief operating decision makers who comprehensively manage the entire business. MANAGEMENT DISCUSSION AND ANALYSIS

Introduction

With the in-depth medical reforms promoted by the government, the further standardization and input into the pharmaceutical industry, and the improvement of public health services in 2012, the financial input into the medical and health areas has gradually increased. Together with the expansion of medical insurance coverage, the strengthening of rural health services, the enhancement of new rural cooperative medical services and the trends of aging population, accelerating urbanization, and the steadily growing global pharmaceutical market, the pharmaceutical industry in the PRC will continue to be promising in 2012.

As a leading modern pharmaceutical enterprise in the PRC, the Group is committed to the strategic strongholds in science and technology innovations, enhancement of research, development and distribution, and consolidation of production capabilities. Best endeavours are used to provide reliable, high-technology and high value-added pharmaceutical products. During the Period, the Group fully leveraged on the opportunities arising from the expansion of the market and fulfilled market demand by investing additional resources in enhancing its production capacity and technologies and in expediting new product development. At the same time, the Group has been keen on tapping into a broader market to increase its market share so as to boost its growth both in turnover and earnings to lay a solid foundation for sustainable development of the Group in the future.

For the three months ended 31 March 2012, under the pressure brought by the policies of the full implementation of the tendering of essential drugs, the full enforcement of the new GMP, the drug price reduction, the restriction of the use of antibiotics to the market environment, the Group has been consistent in implementing the established development strategies and the targets of the Twelfth Five-Year Plan, supporting the balanced and healthy running of research and development, management, production, human resources and market network. The outstanding results were attributable to the support and cooperation of all shareholders, customers, suppliers, business partners and the public, as well as the concerted and unremitting efforts of the management and staff of the Group. Based on the current achievements, the Group will further strengthen its research and development capacities and expand its market network to enhance its brand awareness and the Group's competitiveness so as to build up a world-class pharmaceutical brand.

Research and Development

1. Building a platform for technology research and development

Prior to the Period, the Group has been recognised as an "Industrial Model Enterprise in the National Integrated Platform for New Pharmaceutical Research, Development and Technology (Shandong)" (國家綜合性新藥研發技術大平台(山東)產業化示範企業) and "Key High-Tech Enterprise under the State Torch Program" (國家火炬計劃重點高新技術企業). The Group has also been permitted to establish the "National Post-Doctoral Research Workshop" (國家博士後科研工作站). On such basis, the Group was further permitted to establish the "Shandong Key Lyophilized Powder Injection Pharmaceutical Laboratory", the "Shandong Key Lyophilized Powder Injection Pharmaceutical Engineering Laboratory", the position of "Taishan Scholar – Pharmaceutical expert consultant" and the "Enterprise Academician Workstation of Shandong Province" (山東省企業院士工作站), which have built a stronger platform on talent introduction, research and development and technology improvement for the Group to further strengthen its research and development capacities and enhance its overall competitiveness.

2. New products and patents

During the Period, the Group was applying for 28 patents of invention in the PRC. As of 31 March 2012, the Group had 57 patents, of which 47 were national patents of invention

Production and Management

1. The Group continued to implement effective strategies across seven integral parts of its operations, namely management, culture, corporate organization, capital operation, science and technology innovation, human resources and marketing. These strategies have effectively contributed to the development of the Group and further enhanced its risk resistance capacities and overall competencies. Since 2006, the Company has been awarded the "Top Ten Pharmaceutical Enterprises with Growth Potential" in China and has been one of the "Top 100 Pharmaceutical Companies in China." Since 2011, the Company has been named as one of the "Top 20 Most Competitive Listed Pharmaceutical Companies in China" by China Pharmaceutical Enterprise Management Association, as well as the "Champion of the 2011 Best Industrial Enterprise in Pharmaceutical Research, Development and Production Line in China" (2011年中國醫藥研發產品線最佳工業企業第一名) by the Ministry of Industry and Information Technology of the PRC. These recognitions demonstrated the growing overall strength of the Group.

2. Construction of production facilities

- (1) Pharmaceutical preparations: With the Drug Manufacturing Certificate (藥品 生產許可證) in place, Shandong Yuxin Pharmacy Co., Ltd. has completed the construction of its infusion workshop and ancillary facilities, and is expected to generate revenue in 2012.
- (2) Pharmaceutical raw materials: Shandong Hengxin Pharmacy Co., Ltd. is speeding up the construction of its pharmaceutical raw materials project, the first phase of which is scheduled to be completed and commence operations in 2012.

Sales and Marketing

The Group continued to integrate sales resources and build up an outstanding sales team to increase the market share and the competitiveness of its products. At present, the Group has built an extensive and seamless sales network throughout China under a well-established marketing management system, accelerated the development of the rural market, and built an OTC sales network.

Financial Review

For the three months ended 31 March 2012, the Group's unaudited turnover was approximately RMB474,406,000, representing an increase of approximately 21.63% from approximately RMB390,026,000 for the corresponding period of last year. The increase was attributable to the Group's launch of products with high added values, upgrade of product portfolio and acceleration of the development of a sales network to increase the market share of its products, which boosted an increase in turnover.

For the three months ended 31 March 2012, the unaudited cost of sales was approximately RMB174,540,000, representing an increase of 15.56% from approximately RMB151,036,000 for the corresponding period of last year.

For the three months ended 31 March 2012, the unaudited gross profit margin was 63.21%, representing an increase of 1.93% from 61.28% for the corresponding period of last year. The increase was attributable to the Company's launch of products with high added values and upgrade of product portfolio.

For the three months ended 31 March 2012, the unaudited operating expenditure was approximately RMB150,314,000, representing an increase of 57.81% from approximately RMB95,251,000 for the corresponding period of last year. The increase of operating expenditure was due to the changes in sales mix which were associated with different cost patterns of sales and marketing expenses and the increase in research and development expenses for products which might be launched in the future.

For the three months ended 31 March 2012, the unaudited profit attributable to owners of the Company was approximately RMB129,894,000, representing an increase of 1.98% from approximately RMB127,374,000 for the corresponding period of last year. Weighted average earnings per share were RMB0.2131 for the three months ended 31 March 2012.

Liquidity and Financial Resources

The Group's working capital is generally financed by its internally generated cash flow.

As at 31 March 2012, the Group's cash and cash equivalents amounted to approximately RMB763,348,000 (as at 31 March 2011: RMB730,064,000). As at 31 March 2012, the Group did not have any borrowings (as at 31 March 2011: nil).

Pledged Bank Deposits/Cash and Cash Equivalents

As at 31 March 2012, the Group had bank deposits of approximately RMB40,070,000 pledged as security for remittance under acceptance (as at 31 March 2011: bank deposits of approximately RMB82,826,000 were pledged as security for remittance under acceptance).

Major Acquisition and Disposal

For the three months ended 31 March 2012, the Group did not have any major acquisition or disposal.

Significant Investment

For the three months ended 31 March 2012, the Group did not make any significant investment.

Contingent Liabilities

For the three months ended 31 March 2012, the Group did not have any substantial contingent liabilities.

Exchange Risk

The Group operates and conducts business in the PRC, and all the Group's transactions, assets and liabilities are denominated in RMB.

Most of the Group's cash and cash equivalents and pledged deposits are denominated in RMB, while bank deposits are placed with banks in the PRC. Any remittance from the PRC is subject to the restrictions on foreign exchange control imposed by the PRC government.

Employees and Remuneration Policy

The Directors believe that employees' quality is the most important factor in maintaining the sustained development and growth of the Group and in raising its profitability. The Group determines its employees' salaries based on their performance, work experience and the prevailing salaries in the market, while other remuneration and fringe benefits are maintained at an appropriate level.

The Group has established a remuneration committee to make recommendations on the overall strategy for remuneration policy.

Prospects

Looking ahead, the pharmaceutical industry will become one of the priorities of the national policies and thus enjoy optimistic prospects. In the pharmaceutical industry, being one of the supported industries under the Twelfth Five-Year Plan, the PRC central government will allocate more resources to the pharmaceutical and medical equipment sectors, and a modern market system for the circulation of pharmaceutical products will be established during the Twelfth Five-Year Plan period so as to enhance the concentration of the industry. The Group is confident in maintaining its sustainable and healthy development.

In addition, the "Guiding Opinions on Speeding up of the Restructuring of the Pharmaceutical Industry" (the "Opinions") jointly published by the Ministry of Industry and Information Technology, the Ministry of Health and the State Food and Drug Administration in November 2010 suggested the needs to speed up the restructuring of the pharmaceutical industry, to cultivate independent innovation capacity and to enhance the concentration in production. The Opinions are beneficial to the development of innovative enterprises as a whole, and will present more room for the growth of competitive enterprises.

In the future, the Group will continue to pursue the strategic directions of "Technology-driven enterprise with determination and efforts" under the favourable operating environment. By fully leveraging on the opportunities arising from the integration of the pharmaceutical industry, the Group will continue to expand its investment in research and development to enhance the standards in research and development as well as technologies, and to strengthen the capabilities of the internal research and development team. This will enable the Group to invent and develop more products of higher technology, better quality and higher added value. The Group also aims at reducing the production cost and expanding the production scale so as to achieve economies of scale, low cost of production and differentiated competitive edge. Upon completion and commencement of production of its new plants of Yuxin and Hengxin, the Group will be able to increase its production capacity to satisfy the growing market demand for pharmaceutical products. The new plants will also help the introduction of new dosage forms and expand the scope of new drug development more effectively, thus facilitating the Group's comprehensive business growth. The Group will also accelerate the establishment of its sales team and proactively broaden its sales network so as to enhance the market share of products and continue to improve its core competencies.

Through the strategies stated above, the Group aims to make "Luoxin" a world-class brand in the pharmaceutical industry. With the rapid growth in production capacities and the launch of more high value-added products, the Group is confident in maintaining a steady growth in its business so as to bring satisfactory returns to its shareholders.
