# THIRD QUARTERLY REPORT

# CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET ("GEM") OF THE STOCK EXCHANGE OF HONG KONG LIMITED ("STOCK EXCHANGE")

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors of Media Asia Group Holdings Limited ("Directors") collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the GEM of the Stock Exchange ("GEM Listing Rules") for the purpose of giving information with regard to Media Asia Group Holdings Limited. The Directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief, the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.

# **Prospects**

Entertainment market in China continues to grow at a robust pace and the Group has expanded its output to capitalize on this growth.

On films, the Chinese audience is increasingly demanding the type of quality productions the Group has been engaged in. During the recent "Hong Kong Film Market", the largest Chinese movie industry gathering of the year, the Group announced its upcoming releases and production slate, including projects such as "Don't Go Breaking My Heart 2" by renowned director Mr. Johnnie To, and "Helios" by award winning directors Mr. Sunny Luk and Mr. Longman Leung. Other projects in the large slate that garnered major media attention included "Triumph in the Skies", movie based on the popular TVB television series of the same name, and "Monkey King Reloaded 3D", animated feature produced by Mr. Leon Lai. Furthermore, famed director and producer Mr. Gordon Chan has joined the Group and heads up the Film unit, to develop and produce more award winning projects.

The Group remains highly active on the live entertainment front during the period under review, with major concerts produced in Mainland China, Hong Kong and Macau. In addition, upcoming concerts featuring the Group's own artistes and major international artistes have been announced, including Big 4 in Las Vegas, and C AllStar in Macau. The Group continues to work with leading international companies such as Korea's SM Entertainment, to promote mega concerts such as MAMA, EXO, SM Town, etc.

On television, the Group has expanded its team both in Beijing and Shanghai, and industry veteran Mr. Tommy Leung has joined to head up the business unit, with an aim to increase activities in TV drama production and investment. Moreover, in the light of surging levels of involvement of major Chinese internet companies, the Group plans on increasing collaboration with leading Chinese portals and video web sites on TV program production and distribution.

On talent management, the Group expanded its Chinese artiste roster in the last period by way of both attracting established film and TV actors to join the Group, and by signing promising young artistes from leading schools and talent competitions. With a diverse platform of film, TV, music, and live events, the Group is able to create unparalleled career enhancing opportunities for its artistes and derive maximum commercial value out of such representation.

On music, the Group's releases by top artistes such as Sammi Cheng, Miriam Yeung, Denise Ho and Ellen Loo continue to top the charts and garner major awards. In Mainland China, the long awaited pay model for digital music is taking shape. Internationally, more recent entrants in the on-demand streaming business by heavyweights such as Apple, which reinvented the industry with iTunes years ago, has reaffirmed the value of music with consumers. With a vast and well-known Chinese music library including hits by Andy Lau, Anita Mui, and Leslie Cheung and continued output of new hits, the Group is ideally poised to capitalise on this new economic model.

In summary, the Group believes that its integrated media platform comprising film, TV, music, talent management, and live events presents the most balanced and synergistic approach to growing a Chinese entertainment powerhouse. The Group will continue to optimise its resources and strive towards this goal.
