Third Quarterly Report
2014

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

The Growth Enterprise Market (“GEM”) of the Stock Exchange of Hong Kong Limited (the “Stock Exchange”) has been established as a market designed to accommodate companies to which a high investment risk may be attached. In particular, companies may list on GEM with neither a track record of profitability nor any obligation to forecast future profitability. Furthermore, there may be risks arising out of the emerging nature of companies listed on GEM and the business sectors or countries in which the companies operate. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

The principal means of information dissemination on GEM is publication on the internet website operated by the Stock Exchange. Listed companies are not generally required to issue paid reports in gazetted newspapers. Accordingly, prospective investors should note that they need to have access to the GEM website in order to obtain up-to-date information on GEM listed issuers.

Hong Kong Exchange and Clearing Limited take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss however arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the “Directors”) of Shaanxi Northwest New Technology Industry Company Limited collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange for the purpose of giving information with regard to Shaanxi Northwest New Technology Industry Company Limited. The Directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief: (i) the information contained in this report is accurate and complete in all material respects and not misleading; (ii) there are no other matters the omission of which would make any statement in this report misleading; and (iii) all opinions expressed in this report have been arrived at after due and careful consideration and are founded on bases and assumptions that are fair and reasonable.

NOTES TO THE CONDENSED ACCOUNTS

1. BASIS OF PREPARATION AND ACCOUNTING POLICIES

The accounting policies and methods of computation adopted in the preparation of this Quarterly Accounts are consistent with those used in the annual accounts for the year ended 31 December 2013. With the exception of adoption of the Statements of Standard Accounting Practice (SSAP) No. 12 Income Tax (revised) ("SSAP 12 (revised)") issued by the Hong Kong Institute of Certified Public Accountants.

The principal effect of the implementation of SSAP 12 (revised) is on deferred tax. In previous years, no material unprovided deferred tax existed in the relevant periods or on respective balance sheet dates. SSAP 12 (revised) requires the adoption of the balance sheet liability method, whereby deferred tax, with a few exceptions, is recognized in respect of all temporary differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable pro fit. The adoption of SSAP 12 (revised) has no material effect on the results of the current or prior accounting periods.

Certain comparative figures have been reclassified to conform with the presentation of the current period.
