惠陶集團(控股)有限公司

(Incorporated in the Cayman Islands with limited liability)

Stock Code: 8238

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the “Directors”) of Winto Group (Holdings) Limited (the “Company”) collectively and individually accept full responsibility, include particulars given in compliance with the Rules Governing the Listing of Securities on the GEM of the Stock Exchange (the “GEM Listing Rules”) for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this report is accurate and complete in all material respects and not misleading and deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.

The Company was incorporated in the Cayman Islands on 7 December 2012, as an exempted company with limited liability under the Companies Law (as Revised) of the Cayman Islands. The Company's shares are listed on the GEM since 16 February 2015 (the "Listing").

Pursuant to a group reorganisation (the "Reorganisation"), the Company became the holding company of the subsidiaries now comprising the Group on 9 December 2013, the details of which are as set out in the prospectus issued by the Company dated 30 January 2015 (the "Prospectus").

The unaudited consolidated financial results of the Group for the three months ended 31 March 2015 are presented in Hong Kong dollars ("HK\$"), unless otherwise stated.

The unaudited consolidated financial results of the Group for the three months ended 31 March 2015 have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRS") issued by the Hong Kong Institute of Certified Public Accountants and the disclosure requirements of the GEM Listing Rules. The unaudited consolidated financial results have been prepared under the historical cost convention, as modified by financial assets at fair value through profit or loss.

2. SIGNIFICANT ACCOUNTING POLICIES

The preparation of the consolidated financial results in conformity with HKFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The unaudited consolidated financial results should be read in conjunction with the Group's audited consolidated financial statements and notes thereto for the year ended 31 December 2014.

Adoption of new/revised HKFRS

The adoption of the new/revised HKFRS that are relevant to the Group and effective from the current period, did not have any significant effect on the results and financial position of the Group for the current and prior accounting periods.

The Group has not early adopted any new/revised HKFRS that have been issued but are not yet effective for the current period. The Directors have already commenced an assessment of the impact of these new and revised HKFRS but are not yet in a position to reasonably estimate whether these new and revised HKFRS would have a significant impact on the Group's results of operations and financial position.

In determining the weighted average number of ordinary shares in issue, the capitalisation issue of 598,500,000 ordinary shares upon the Listing on 16 February 2015 was deemed to have been in issue on 1 January 2014 for the purpose of the calculation of basic (loss)/earnings per share.
