

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET ("GEM") OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the "Directors") of Gameone Holdings Limited (the "Company") collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the GEM of the Stock Exchange (the "GEM Listing Rules") for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief, the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.

CHAIRMAN'S STATEMENT

Dear Shareholders.

On behalf of the Board of Directors (the "Board") of Gameone Holdings Limited (the "Company"), I am pleased to present the annual results of the Company and its subsidiaries (collectively, the "Group") for the year ended 31 December 2016.

OVERVIEW

The Company were listed on the GEM of the Stock Exchange on 13 January 2016 (the "Listing"), and raised net proceeds of approximately HK\$25.6 million. The Listing greatly provided the Group with a readily accessible capital platform for the Group's future business development.

In the 2016 financial year, the Group recorded a decrease in turnover of approximately HK\$38.6 million or 32.7% to approximately HK\$79.6 million compared with the 2015 financial year. Such decrease was mainly due to a tougher competitive condition in the mobile game industry faced by the Group in Hong Kong and Taiwan during the year. In line with such decrease in turnover, the Group recorded a net loss of approximately HK\$8.8 million as compared to a net profit of approximately HK\$3.1 million for the same period in 2015.

FUTURE PROSPECTS

We will continue to expand our game portfolio through procuring more high-quality licensed games and to diversify our game portfolio and to maintain novelty of our games. In order to adapt to the fast-changing preference of game players and increase the chance of market success of our games, we will continue to seek development rights to popular literatures, comics and animations that are attractive to local game players and possess strong monetizing potentials. In the 2016 financial year, we have entered into mobile game development license contracts with Culturecom Holdings Limited ("Culturecom"; stock code: 343.HK) and SNK ASIA CO., LIMITED (formerly known as SNK PLAYMORE H.K. CO., LIMITED), a subsidiary of SNK CORPORATION (formerly known as SNK PLAYMORE CORPORATION) ("Japan SNK"), whereby the Group is granted licence for mobile games development rights for "Oriental Heroes" of Culturecom and "The King of Fighters (KOF'95, KOF'96 and KOF'97)" of Japan SNK, respectively.

In order to increase our market share in the mobile games industry, we plan to expand our business through both organic growth and strategic acquisitions and partnerships. We intend to selectively invest in or enter into strategic partnerships with complementary game developers, development teams, other game operators and distributors in order to broaden the scope, spectrum and reach of our games, particularly mobile games. During the year, we invested in GO Studio Limited, a Hong Kong company primarily engaged in mobile games development with GPS positioning and AR technique. We have commenced to develop a number of self-developed games with such GPS positioning and AR technique.

CHAIRMAN'S STATEMENT

APPRECIATION

On behalf of the Board, I would like to express my gratitude towards the support and advice of our shareholders and business partners, for their recognition of the Company's direction and strategies of development, as well as the devotion and enthusiasm of our staff in all scopes of tasks. They all helped us to drive the Company towards perfection. We, the Board and all the Company's staff, will continue to dedicate ourselves to refine our services to maximize the returns for our shareholders.

Sze Yan Ngai

Chairman and Executive Director

Hong Kong, 23 March 2017

BUSINESS REVIEW AND OUTLOOK

We are an integrated game developer, operator and publisher focusing in the market of Hong Kong and Taiwan. We operate and publish our self/co-developed and licensed games in Hong Kong and Taiwan primarily through our game distribution platforms as well as other third-party distribution platforms. We collect payments from players either through our own game platform, third-party distribution platforms such as Apple Store and Google Play, or third-party payment vendors, which include convenience stores selling pre-paid game cards/vouchers. We consider such integration of upstream and downstream services in the value chain of the game industry has provided us with a better market position.

For the year ended 31 December 2016, the Group recorded a net loss of approximately HK\$8.8 million as compared to a net profit of approximately HK\$3.1 million for the same period in 2015. The Directors are of the view that the downturn experienced by the Group during the year ended 31 December 2016 was due to a tougher competitive condition in the mobile game industry faced by the Group in Hong Kong and Taiwan. In view of the expected game launch date and in order to increase our competition in mobile game market in Hong Kong and Taiwan, the Board will closely monitor the performance of the Group and the Group will continue to pursue the key business strategies to expand game portfolio through introducing more high-quality licensed games with a focus on mobile games and consolidate market position and enhance marketing efforts.

Our new mobile game development license

During the year ended 31 December 2016, we have entered into mobile game development license contracts with Culturecom Holdings Limited ("Culturecom"; stock code: 343.HK) and SNK ASIA CO., LIMITED (formerly known as SNK PLAYMORE H.K. CO., LIMITED), a subsidiary of SNK CORPORATION (formerly known as SNK PLAYMORE CORPORATION) ("Japan SNK"), whereby the Group is granted licence for mobile games development rights for "Oriental Heroes" of Culturecom and "The King of Fighters (KOF'95, KOF'96 and KOF'97)" of Japan SNK, respectively.

We are licensed by Culturecom to develop a mobile game "Licensed Oriental Heroes AR" (正牌龍虎門 AR), based on the classic comic "Oriental Heroes". In the game, players may select to join one of the five organizations, including "Dragon and Tiger Gate (龍虎門)", "Lousha Gate (羅刹教)" and "White Lotus Society (白蓮教)". The game is expected to be launched in the fourth quarter of 2018.

We have also obtained game development rights licensed by Japan SNK for its products, such as KOF'95, KOF'96 and KOF'97. The Group endeavors to develop a mobile KOF game with GPS positioning and AR technique, temporarily named The King of Fighters-The Orochi Saga Go (拳皇大蛇篇GO). The game is expected to be launched in the second quarter of 2018.

FINANCIAL REVIEW

Revenue

The Group's revenue decreased by approximately 32.7% from approximately HK\$118.2 million for the year ended 31 December 2015 to approximately HK\$79.6 million for the year ended 31 December 2016, primarily attributable to the combined effect of (i) an approximately HK\$18.8 million decrease in our game operation income from its licensed mobile games primarily due to the relatively lower revenue contribution from the product launch during the year ended 31 December 2016, in contrast with the significant increase in revenue recorded in the corresponding period last year as a result of the launch of Demi-Gods and Semi-Devils 3D* (天龍八部3D) in February 2015; (ii) an approximately HK\$0.8 million decrease in our game publishing income from mobile games and online PC games; (iii) an approximately HK\$8.1 million decrease in our game operation income from our online PC games for the year ended 31 December 2016; and (iv) an approximately HK\$10.0 million decrease in our game operation income from our self-developed mobile games for the year ended 31 December 2016.

Revenue by game ownership and forms

The following table sets out a breakdown of our revenue by its type in absolute amounts and as percentage of our revenue for the periods indicated:

	For the year ended 31 December			
	2016	2015		
	HK\$'000	%	HK\$'000	%
Game operation income				
 Self/co-developed games 	14,096	17.7	23,830	20.2
 Licensed games 	62,263	78.2	89,780	76.0
Game publishing income				
- Games for publishing	2,067	2.6	2,895	2.4
Income from game operation				
and publishing	78,426	98.5	116,505	98.6
Royalty income	56	0.1	208	0.2
License fee income	1,130	1.4	1,468	1.2
Total	79,612	100	118,181	100.0

We offered our games in three forms: mobile games, online PC games and web games. The following table sets out a revenue breakdown by game forms in absolute amounts and as percentage of our revenue for the periods indicated:

	For the year ended 31 December			
	2016	;	20	15
	HK\$'000	%	HK\$'000	%
Mobile games	68,609	86.2	97,639	82.6
Online PC games	9,739	12.2	18,508	15.7
Web games		0.1	358	0.3
Income from game operation				
and publishing	78,426	98.5	116,505	98.6
Royalty income	56	0.1	208	0.2
License fee income	1,130	1.4	1,468	1.2
Total	79,612	100	118,181	100.0

To align ourselves with the market trend of the game industry in Hong Kong and Taiwan, we have shifted our strategic focus from online PC games and web games to mobile games. With more mobile games and less online PC games and web games operated and/or published by us, there was an overall increase in revenue contribution from our mobile games and an overall decrease in revenue contribution from our online PC games and web games. Our Directors expect that the percentage of revenue contributed from our mobile games will continue to increase in the foreseeable future.

Cost of services rendered

The Group's cost of services rendered for the year ended 31 December 2016 was approximately HK\$53.5 million, representing a decrease of approximately 17.7% from approximately HK\$65.0 million for the corresponding period in 2015, primarily attributable to the combined effect of (i) an approximately HK\$9.4 million decrease in royalty expenses primarily resulted from a decrease in our game operation income from our licensed games for the year ended 31 December 2016; (ii) an approximately HK\$1.7 million increase in staff cost primarily resulted from an increase of basic salary and distribution of discretional bonus to our staff; (iii) an approximately HK\$0.7 million increase in amortization of its intangible assets; and (iv) an approximately HK\$4.6 million decrease in channel fee paid during the year ended 31 December 2016.

Gross profit and gross profit margin

The Group's gross profit for the year ended 31 December 2016 was approximately HK\$26.1 million, representing a decrease of approximately 50.9% from approximately HK\$53.2 million for the corresponding period in 2015, primarily due to a decrease in the Group's game operation income from the Group's licensed games and self-developed games, offsetting by a decrease in the Group's cost of services rendered. The Group's gross profit margin for the year ended 31 December 2016 was approximately 32.8%, representing a decrease of approximately 12.2 percentage points compared to approximately 45.0% for the corresponding period in 2015. The decrease in the Group's gross profit margin was primarily due to the decrease in revenue from licensed games and partly due to the increase in fixed cost of services rendered, such as staff cost and amortization of its intangible assets.

Selling expenses

The Group's selling expenses for the year ended 31 December 2016 were approximately HK\$14.3 million, representing a decrease of approximately 17.8% from approximately HK\$17.4 million for the corresponding period in 2015, primarily attributable to approximately HK\$2.9 million decrease in marketing and promotion costs as a result of relatively lower marketing and promotion expense for the introduction of new games for the year ended 31 December 2016.

Administrative expenses

The Group's administrative expenses for the year ended 31 December 2016 were approximately HK\$19.9 million, representing a decrease of approximately 27.4% from approximately HK\$27.4 million for the corresponding period in 2015, primarily attributable to the combined effect of (i) an approximately HK\$15.2 million decrease in listing expenses for the services rendered by professional parties for the listing process; (ii) an approximately HK\$2.4 million increase in listing-related expenses including the increase in company secretary fees, compliance advisory fees and other professional fees incurred after the Listing; and (iii) an approximately HK\$4.4 million increase in staff costs due to the increase in basic salary and distribution of discretionary bonus to our staff during the year ended 31 December 2016.

Loss for the year

The Group recorded a loss for the year ended 31 December 2016 of approximately HK\$8.8 million as compared with a profit of approximately HK\$3.1 million for the corresponding period in 2015, primarily attributable to the combined effect of (i) an approximately HK\$27.1 million decrease in the gross profit for year ended 31 December 2016 primarily attributable to a decrease in the Group's revenue contributed by the Group's game operation income from the Group's licensed games and self-developed games; (ii) an approximately HK\$3.1 million decrease in the selling expenses primarily attributable to relatively lower marketing and promotion costs for game promotion; (iii) an approximately HK\$7.5 million decrease in the administrative expenses primarily attributable to the decrease of listing expenses for the services rendered by professional parties for the listing process; and (iv) the recognition of impairment loss on the intangible assets of certain mobile games of the Group in an amount of approximately HK\$1.9 million due to the write-down of license fees paid for certain mobile games of the Group which failed to achieve the expected performance level.

The business objectives, future plans and planned use of proceeds as stated in the Prospectus were based on the best estimation and assumption of future market conditions made by the Group at the time of preparing the Prospectus while the proceeds were applied based on the actual development of the Group's business and the industry.

CAPITAL STRUCTURE

The Group's shares were successfully listed on GEM on Date of Listing. There has been no change in the capital structure of the Group since the Date of Listing and up to the date of this report.

LIQUIDITY, FINANCIAL RESOURCES AND FUNDING

We financed our operations primarily through cash generated from our operating activities. During the year ended 31 December 2016, we did not have any bank borrowings. As at 31 December 2016, we had cash and cash equivalents of approximately HK\$76.2 million (31 December 2015: approximately HK\$45.5 million), which were cash at banks and on hand. No banking facility has been arranged by our Group during the year ended 31 December 2016.

Our primary uses of cash have been and are expected to continue to be operating costs and capital expenditure.

MATERIAL ACQUISITIONS AND DISPOSALS OF SUBSIDIARIES AND ASSOCIATED COMPANIES

Save as disclosed herein, there was no material acquisition and disposal of subsidiaries and associated companies by the Company during the year ended 31 December 2016.

SIGNIFICANT INVESTMENTS HELD BY THE GROUP

During the year ended 31 December 2016, there was no significant investment held by the Group.

FUTURE PLAN FOR MATERIAL INVESTMENTS AND CAPITAL ASSETS

The Group does not have any concrete plan for material investments or capital assets as at 31 December 2016.

FOREIGN EXCHANGE EXPOSURE

Foreign currency risk refers to the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Our exposures to currency risk arise mainly from its overseas income or payment on royalty and license fee, which are primarily denominated in US dollar, Japanese Yen or Renminbi. These are not the functional currencies of our principal subsidiaries to which these transactions related. We currently do not have a foreign currency hedging policy. However, we monitor foreign exchange exposure and will consider hedging significant foreign currency exposure should the need arises.

BORROWING AND GEARING RATIO

During the year ended 31 December 2016, we did not have any short-term or long-term bank borrowings.

As at 31 December 2016, the gearing ratio of the Group, calculated as total liabilities, divided by total assets, was approximately 18.4% (31 December 2015: approximately 37.2%).

TREASURY POLICIES

The Group adopts a conservative approach towards it treasury policies. We monitor our trade receivables on an ongoing basis and only trade with creditworthy parties. We consider the credit risk on liquid funds as low because the counterparties are major banks with high credit ratings. We are subject to concentration of credit risk since majority of our trade receivables are due from a limited number of trade debtors which were primarily the third-party game distribution platforms and payment channels. To manage liquidity risk, we closely monitors the Group's liquidity position to ensure that the liquidity structure of the Group's assets, liabilities and commitments can meet its funding requirement.

CHARGE ON GROUP ASSETS

As at 31 December 2016, no asset of the Group was pledged as a security for bank borrowing or any other financing facilities (31 December 2015: Nil).

CONTINGENT LIABILITIES

As at 31 December 2016, the Group did not have any significant contingent liabilities (31 December 2015: Nil).

COMMITMENTS

Our contract commitments mainly involve leases of office properties and acquisition of intangible assets. As at 31 December 2016, the Group's operating leases were approximately HK\$4.7 million (31 December 2015: approximately HK\$1.8 million) and capital commitments for acquisition of intangible assets were approximately HK\$7.2 million (31 December 2015: approximately HK\$1.9 million).

INFORMATION ON EMPLOYEES

As at 31 December 2016, the Group had 82 employees (31 December 2015: 87) working in Hong Kong, Taiwan and the People's Republic of China (the "PRC"). Employees are remunerated according to their performance and work experience. On top of basic salaries, discretionary bonus and share option may be granted to eligible staff by reference to the Group's performance as well as individual's performance. The total staff cost (including remuneration, allowances and mandatory provident funds contributions of the Directors) for the year ended 31 December 2016 amounted to approximately HK\$22.4 million (31 December 2015: approximately HK\$16.3 million). The dedication and hard work of the Group's staff during the year ended 31 December 2016 are generally appreciated and recognized.

SHARE OPTION SCHEME

The Company has adopted the share option scheme (the "Scheme") on 23 December 2015 which will remain in force for a period of 10 years from the effective date of the Scheme. The purpose of the Scheme is to enable the Company to grant options to selected participants as incentives or rewards for their contribution to it. The Directors consider the Scheme, with its broadened basis of participation, will enable the Group to reward the employees, the Directors and other selected participants for their contributions to the Group. The principal terms of the Scheme are summarized in the section headed "Share Option Scheme" in Appendix IV to the Prospectus.

For the year ended 31 December 2016, no share option was granted, exercised, expired or lapsed and there is no outstanding share option under the Scheme.

Biographical details of the Directors of the Company and the senior management of the Group are set out as follows:

INTRODUCTION

We are committed to achieving and maintaining high standards of corporate governance, as our Board believes that good and effective corporate governance practices are key to obtaining and maintaining the trust of the shareholders of the Company and other stakeholders, and are essential for encouraging accountability and transparency so as to sustain the success of the Group and to create long-term value for the shareholders of the Company.

CORPORATE GOVERNANCE PRACTICE

The Company has applied the principles and code provisions in the Corporate Governance Code and Corporate Governance Report (the "Code") as set out in Appendix 15 to the GEM Listing Rules. Throughout 13 January 2016 to 31 December 2016 (the "Period"), to the best knowledge of the Board, the Company has complied with all the applicable code provisions set out in the Code.

DIRECTORS' SECURITIES TRANSACTIONS

The Company adopted the required standard of dealings set out in Rules 5.48 to 5.67 of the GEM Listing Rules as the code of conduct regarding Directors' securities transactions in securities of the Company (the "Code of Conduct"). Based on specific enquiry with the Directors, all Directors confirmed that they had complied with the required standard of dealings and the Code of Conduct and there was no event of non-compliance throughout the Period.

BOARD OF DIRECTORS

The Board supervises the management of the business and affairs of the Company and ensures that it is managed in the best interests of the shareholders as a whole while taking into account the interest of other stakeholders. The Board is primarily responsible for formulating the business strategy, reviewing and monitoring the business performance of the Group, approving the financial statements and annual budgets as well as directing and supervising the management of the Company. Execution of operational matters and the powers thereof are delegated to the management by the Board with clear directions. The Board is regularly provided with management update report to give a balanced and understandable assessment of the performance, position, recent development and prospect of the Group in sufficient details.

The Board is also responsible for the corporate governance functions under code provision D.3.1 of the Code. The Board has reviewed and discussed the corporate governance policy of the Group and is satisfied with the effectiveness of the corporate governance policy.

The Directors acknowledge their responsibility for the preparation of consolidated financial statement that give a true and fair view in accordance with Hong Kong Financial Reporting Standard issued by Hong Kong Institute of Certified Public Accountants and the disclosure requirements of the Hong Kong Company Ordinance and the GEM Listing Rules.

The Directors have selected appropriate account policies and applied them consistently; made judgment and estimate that are prudent and reasonable. As at 31 December 2016, the Board was not aware of any material uncertainties relating to events or conditions that might cast significant doubt upon the Group's ability to continue as a going concern. The Directors' responsibilities in the preparation of the consolidated financial statements and the auditors' responsibilities are set out in the Independent Auditor's Report from pages 39 to 44 of this annual report.

Composition

The composition of the Board as at this annual report is set out as follows:

Executive Directors

Mr. Sze Yan Ngai (Chairman) Mr. Lam Kin Fai (CEO)

Non-executive Directors

Ms. Wong Pui Yain

Mr. Hong Ming Sang (resigned on 1 March 2017)

Independent non-executive Directors

Mr. Yung Kai Tai

Dr. Fung Ying Him Anthony

Mr. lu Tak Meng Teddy

Biographical details of the Directors are set out in "Biographical Details of the Directors and Senior Management" on pages 15 to 19 of this annual report.

In compliance with rule 5.05A, 5.05(1) and (2) of the GEM Listing Rules, the Company has appointed three independent non-executive directors representing more than one-third of the Board and at least one of whom has appropriate professional qualifications, or accounting or related financial management expertise. The Company has received from each independent non-executive Director an annual confirmation of his independence, and the Company considers such Directors to be independent in accordance with the criteria set out in rule 5.09 of the GEM Listing Rules.

With the various experience of both the executive Directors, the non-executive Directors and the independent non-executive Directors and the nature of the Group's business, the Board considered that the Directors have a balance of skills and experience for the business of the Group.

TERMS OF APPOINTMENT AND RE-ELECTION OF DIRECTORS

Each of our executive Directors has entered into a service contract with our Company on 23 December 2015 and we signed letters of appointment with each of our non-executive Directors and each of our independent non-executive Directors. The service contracts with our executive Directors and the letter of appointment with each of our non-executive Directors are for an initial term of three years commencing from 13 January 2016. The letters of appointment with each of our independent non-executive Directors are for an initial fixed term of three years commencing from 13 January 2016. The service contracts and letters of appointment are subject to termination in accordance with their respective terms. The service contracts may be renewed in accordance with our articles of association and the applicable GEM Listing Rules.

According to our articles of association, one-third of the Directors for the time being shall retire from office by rotation at every annual general meeting of the Company, provided that every Director shall retire from office by rotation and are subject to re-election at annual general meeting at least once every three years. Directors who are appointed to fill casual vacancies shall hold office only until the next following general meeting after their appointment, and are subject to re-election by shareholders of the Company.

Each of Mr. Lam Kin Fai, Mr. Yung Kai Tai and Dr. Fung Ying Him Anthony will retire from office as Directors at the forthcoming annual general meeting of the Company to be held on 8 May 2017 pursuant to article 16.18 of our articles of association. Mr. Lam Kin Fai, Mr. Yung Kai Tai and Dr. Fung Ying Him Anthony, being eligible, will offer themselves for re-election.

At the forthcoming annual general meeting of the Company, separate ordinary resolutions will be put forward to the shareholders of the Company in relation to the proposed re-election of Mr. Lam Kin Fai as an executive Director, Mr. Yung Kai Tai and Dr. Fung Ying Him Anthony as independent non-executive Directors.

CHAIRMAN AND CHIEF EXECUTIVE OFFICER

The roles of Chairman and Chief Executive Officer are separate and not performed by the same individual to avoid power being concentrated in any one individual. Mr. Sze Yan Ngai was the Chairman of the Board throughout the year. Mr. Lam Kin Fai is our chief executive officer of the Company.

DIRECTORS' TRAINING AND PROFESSIONAL DEVELOPMENT

The Group acknowledges the importance of adequate and ample continuing professional development for the Directors for a sound and effective internal control system and corporate governance. In this regard, the Group has always encouraged our Directors to attend relevant training courses to receive the latest news and knowledge regarding corporate governance.

During the year ended 31 December 2016, the Company has provided and all Directors have attended at least one training course on the updates of the GEM Listing Rules concerning good corporate governance practices. The Company will, if necessary, provide timely and regular trainings to the Directors to ensure that they keep abreast with the current requirements under the GEM Listing Rules.

BOARD COMMITTEES

The Board has established three Board committees, namely, the Remuneration Committee, the Nomination Committee and the Audit Committee, for overseeing particular aspects of the Company's affairs. All Board committees have been established with defined written terms of reference, which are posted on the GEM's website www.hkgem.com and the Company's website at www.gameone.com.hk. All the Board committees should report to the Board on their decisions or recommendations made.

The practices, procedures and arrangements in conducting meetings of Board committees follow in line with, so far as practicable, those of the Board meetings set out above.

All Board committees are provided with sufficient resources to perform their duties and, upon reasonable request, are able to seek independent professional advice in appropriate circumstance, at the Company's expense.

The Board is responsible for performing the corporate governance duties set out in the Code which included developing and reviewing the Company's policies and practices on corporate governance, training and continuous professional development of Directors, and reviewing the Company's compliance with the code provision in the Code and disclosures in this report.

Remuneration Committee

The Remuneration Committee was established on 23 December 2015. The chairman of the Remuneration Committee is Mr. Yung Kai Tai, our independent non-executive Director, and other members includes Dr. Fung Ying Him Anthony and Mr. Iu Tak Meng Teddy, our independent non-executive Directors. The written terms of reference of the Remuneration Committee are posted on the GEM website and the Company's website.

The Remuneration Committee has been charged with the responsibility of making recommendations to the Board on the appropriated policy and structures for all aspects of Directors' and senior management's remuneration. The Remuneration Committee considers factors such as salaries paid by comparable companies, time commitment and responsibilities of the Directors, employment conditions elsewhere in the Group and desirability of performance-based remuneration. The Remuneration Committee has reviewed the remuneration packages and emoluments of Directors and senior management and considered that they are fair and reasonable during the year ended 31 December 2016.

Nomination Committee

The Nomination Committee was established on 23 December 2015. The chairman of the Nomination Committee is Mr. Sze Yan Ngai, our chairman and executive Director, and other members included Mr. Yung Kai Tai, Dr. Fung Ying Him Anthony and Mr. Iu Tak Meng Teddy, our independent non-executive Directors. The written terms of reference of the Nomination Committee are posted on the GEM website and on the Company's website.

The primary duties of the Nomination Committee are to review and assess the composition of the Board and the independence of the independent non-executive Directors and makes recommendations to the Board on appointment of new Directors of the Company. In recommending candidates for appointment to the Board, the Nomination Committee considers candidates on merit against objective criteria and with due regards to the benefits of diversity on the Board.

In designing the Board's composition, Board diversity has been considered from a number of perspectives, including but not limited to gender, age, cultural and educational background, industry experience, technical and professional skills and/or qualifications, knowledge, length of services and time to be devoted as a director. The Company will also take into account factors relating to its own business model and specific needs from time to time. The ultimate decision is based on merit and contribution that the selected candidates will bring to the Board.

Audit Committee

The Audit Committee was established on 23 December 2015. The chairman of the Audit Committee is Mr. Iu Tak Meng Teddy, our independent non-executive Director, and other members included Mr. Yung Kai Tai and Dr. Fung Ying Him Anthony, our independent non-executive Directors. The written terms of reference of the Audit Committee are posted on the GEM website and on the Company's website.

The primary duties of the Audit Committee are mainly to review the financial information and reporting process, internal control procedures and risk management system, audit plan and relationship with external auditors and arrangements to enable employees of the Company to raise, in confidence, concerns about possible improprieties in financial reporting, internal control or other matters of the Company.

The Company has complied with Rule 5.28 of the GEM Listing Rules in that at least one of the members of the Audit Committee (which must comprise a minimum of three members and must be chaired by an independent non-executive Director) is an independent non-executive Director who possesses appropriate professional qualifications or accounting related financial management expertise.

The Group's consolidated financial statements for the year ended 31 December 2016 have been reviewed by the Audit Committee. The Audit Committee is of the opinion that the consolidated financial statements of the Group for the year ended 31 December 2016 comply with applicable accounting standards, GEM Listing Rules and that adequate disclosures have been made.

ATTENDANCE RECORDS OF MEETINGS

Our Board meet regularly for considering, reviewing and/or approving matters relating to, among others, the financial and operating performance, as well as, the overall strategies and policies of our Company. Additional meetings are held when significant events or important issues are required to be discussed and resolved.

Subsequent to the Period, one more Board meeting was held on 23 March 2017. The forthcoming annual general meeting which will be held on 8 May 2017.

Code Provision A.1.3 of the CG Code stipulates that at least 14 days' notice should be given for a regular Board meeting. For other Board and committees' meeting, reasonable notices are generally given. Board papers together with all appropriate, complete and reliable information are sent to all Directors at least 3 days before each Board meeting or Audit Committee meeting to keep the Directors apprised of the latest developments and financial position of the Company and to enable them to make informed decisions. All Directors are provided with details of agenda items for decisions making with reasonable notice and welcome to include matters in the agenda of each Board meeting. Directors have access to the advice and services of the Company Secretary who is responsible for ensuring that the Board procedures are complied with and advising the Board on compliance matters.

Minutes of Board meetings and meetings of Board committees are kept by the Company Secretary and are opened for inspection as request by Directors. During the year, the Board was given sufficient time to review and approve the minutes of Board meetings and meetings of Board committees. Directors are also provided with access to independent professional advice, where necessary, in carrying out their obligations as Directors of the Company, at the expense of the Company.

If potential conflict of interest involving a substantial shareholder or a Director arises which the Board has determined to be material, the matter will be dealt with by a physical Board meeting rather than a written resolution. Directors who are considered to have conflict of interests or material interests in the proposed transactions or issues to be discussed would not be counted in the quorum of meeting and would abstain from voting. The Directors attend meetings in persons or through other means of electronic communication in accordance with the Bye-laws of the Company.

The day-to-day management, administration and operation of the Company are delegated to the Executive Directors and the senior management of the Company. The delegated functions and work tasks are periodically reviewed. Approval has to be obtained from the Board prior to any significant transactions entered into by the Executive Directors and senior management.

All Directors assume the responsibilities owed to the shareholders of the Company for the well-being and success of the Company. They are aware of their duties to act in good faith and in the best interests of the Company.

The Board is responsible for maintaining proper accounting records so as to enable the Directors to monitor the Company's overall financial position. The Board updates shareholders on the operations and financial position of the Group through quarterly, half yearly and annual results announcements as well as the publication of timely announcements of other matters as prescribed by the relevant rules and regulations.

COMPANY SECRETARY

The Company Secretary is responsible for ensuring that Board procedures are followed and facilitating communications among Directors as well as with shareholders and management.

The Company has appointed Mr. Chan Man Kay ("Mr. Chan") as its Company Secretary.

For the year ended 31 December 2016, Mr. Chan undertook no less than 15 hours of relevant professional training to update her skill and knowledge.

INDEPENDENT AUDITORS' REMUNERATION

BDO Limited is appointed as the external auditor of the Company. The fee paid and payable in respect of audit services and non-audit services amounted to HK\$520,000 and HK\$100,000 respectively for the year ended 31 December 2016.

SHAREHOLDERS' RIGHT

As one of the measures to safeguard shareholders' interest and rights, separate resolutions are proposed at shareholders' meetings on each substantial issue, including the election of individual directors, for shareholders' consideration and voting. All resolutions put forward at shareholders' meeting will be voted by poll pursuant to the GEM Listing Rules and the poll voting results will be posted on the GEM website and the Company's website after the relevant shareholders' meeting.

Extraordinary general meeting may be convened by the Board on requisition of shareholders holding not less than one-tenth of the paid up capital of the Company or by such shareholders who made the requisition (the "Requisitionists") (as the case may be) pursuant to Article 12.3 of the articles of association. Such requisition must state the object of business to be transacted at the meeting and must be signed by the Requisitionists and deposited at the registered office of the Company or the Company's principal place of business in Hong Kong. Shareholders should follow the requirements and procedures as set out in such Article for convening an extraordinary general meeting. Shareholders may put forward proposals with general meeting of the Company by sending the same to the Company at the principal office of the Company in Hong Kong.

For putting forward any enquiries to the Board, shareholders may send written enquiries to the Company. Shareholders may send their enquiries or requests in respect of their rights to the Company's principal place of business in Hong Kong.

RISK MANAGEMENT AND INTERNAL CONTROL

The Board acknowledges that it is its duty to monitor the risk management and internal control systems of the Group on an ongoing basis and review their effectiveness. Such systems are designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss.

During the year, the Board, through the Audit Committee, conducted review of both design and implementation effectiveness of the risk management and internal control systems of the Group, covering all material controls, including financial, operational and compliance controls, with a view to ensuring that resources, staff qualifications and experience, training programmes and budget of the Group's accounting, internal audit and financial reporting functions are adequate. In this respect, the Audit Committee communicates any material issues to the Board.

During the year, the Group appointed Baker Tilly Hong Kong Risk Assurance Limited ("Baker Tilly") to:

- assist in identifying and assessing the risks of the Group through a series of workshops and interviews;
 and
- independently perform internal control review and assess the Group's risk management and internal control systems.

The results of the independent review and assessment were reported to the Audit Committee and the Board. Moreover, improvements in internal control and risk management measures as recommended by Baker Tilly to enhance the risk management and internal control systems of the Group and mitigate risks of the Group were adopted by the Board.

Our Enterprise Risk Management Framework

Gameone Holdings Limited has established its enterprise risk management framework in 2016. While the Board has the overall responsibility to ensure that sound and effective internal controls are maintained, management is responsible for designing and implementing an internal control system to manage all kinds of risks faced by the Group.

Through the risk identification and assessment processes, risks are identified, assessed, prioritized and allocated treatments. Our risk management framework follows the COSO Enterprise Risk Management – Integrated Framework, which allows the Board and management to manage the risks of the Group effectively. The Board receives regular reports through the Audit Committee that oversights risk management and internal audit functions.

Principal Risks

In the year of 2016, the following principal risks of the Group were identified and classified into strategic risks, operational risks, financial risks and compliance risks.

Risk Areas	Principal Risks
Strategic Risks	Risk of increasing number of competitors; risk of failure to meet consumer's expectation; risk of failure of marketing strategy
Operational Risks	Server infrastructure disruptions; lead-time management due to remote working location, employee turnover risk; rapid technological changes; loss of business opportunity
Financial Risks	Foreign exchange rate risk, credit risk, liquidity risk
Compliance Risks	Violation of personal data (privacy) ordinance; infringement of intellectual property rights such as trademark, copyrights, domain names; change of listing rules and regulations

Our Risk Control Mechanism

The Group adopts a "three lines of defence" corporate governance structure with operational management and controls performed by operations management, coupled with risk management monitoring carried out by the finance and compliance team and independent internal audit outsourced to and conducted by Baker Tilly. The Group maintains a risk register to keep track of all identified major risks of the Group. The risk register provides the Board, the Audit Committee, and management with a profile of its major risks and records management's action taken to mitigate the relevant risks. Each risk is evaluated at least annually based on its likelihood of occurrence and potential impact upon the Group. The risk register is updated by management as the risk owners with addition of new risks and/or removal of existing risks, if applicable, at least annually, after the annual risk evaluation has been performed. This review process can ensure that the Group proactively manages the risks faced by it in the sense that all risk owners have access to the risk register and are aware of and alert to those risks in their area of responsibility so that they can take follow-up action in an efficient manner.

Our risk management activities are performed by management on an ongoing process. The effectiveness of our risk management framework will be evaluated at least annually, and periodic management meeting is held to update the progress of risk monitoring efforts. Management is committed to ensure that risk management forms part of the daily business operation processes in order to align risk management with corporate goals in an effective manner.

The Company will continue to engage external independent professionals to review the Group's system of internal controls and risk management annually and further enhance the Group's internal control and risk management systems as appropriate.

There is currently no internal audit function within the Group. The Directors have reviewed the need for an internal audit function and are of the view that in light of the size, nature and complexity of the business of the Group, it would be more cost effective to appoint external independent professionals to perform internal audit function for the Group in order to meet its needs. Nevertheless, the Directors will continue to review at least annually the need for an internal audit function.

COMMUNICATION WITH SHAREHOLDERS AND INVESTOR RELATIONS

The Company has adopted shareholders communication policy with objective of ensuring that the shareholders and potential investors are provided with ready, equal and timely access to balanced and understandable information about the Company.

The Company has established several channels to communicate with the shareholders as follows:

- (I) corporate communications such as annual reports, quarterly reports, interim reports and circulars are issued printed form and are available on the GEM website "www.hkgem.com" and the Company's website at "www.gameone.com.hk";
- (II) periodic announcements are made through the Stock Exchange and published on the respective websites of the Stock Exchange and the Company;
- (III) corporate information is made available on the Company's website;
- (IV) annual and special general meetings provide a forum for the shareholders to make comments and exchange views with the Directors and senior management; and
- (V) the Hong Kong share registrar of the Company serves the shareholders in respect of share registration, dividend payment and related matters.

The Company keeps on promoting investor relations and enhancing communication with the existing shareholders and potential investors. It welcomes suggestions from investors, stakeholders and the public. Enquires to the Board or the Company may be sent by post to the Company's principal place of business in Hong Kong.

During the year ended 31 December 2016, there is no significant change in the Company's memorandum and articles of association.

The Directors present their report and the audited financial statements of Gameone Holdings Limited (the "Company") and the audited consolidated financial statements of the Company and its subsidiaries (collectively referred to as the "Group") for the year ended 31 December 2016.

PRINCIPAL ACTIVITIES

The Company was incorporated with limited liability in the Cayman Island. The principal activity of the Company is investment holding. The principal activities of the Company and its subsidiaries are engaged in development, operation and publishing of mobile games, online PC games and web games in Hong Kong and Taiwan. Details of the principal activities of its subsidiaries are set out in note 16 to the financial statements. There were no significant changes in the nature of the Group's principal activities during the year.

SEGMENTAL INFORMATION

An analysis of the Group's revenue and contribution to the profit from operations by principal activities and geographical area of operations for the year ended 31 December 2016 is set out in note 6 to the financial statements.

RESULTS AND DIVIDENDS

The results of the Group for the year ended 31 December 2016 and the state of affairs of the Company and of the Group at that date are set out in the financial statements on pages 45 to 91. The Directors do not recommended the payment of a final dividend for the year ended 31 December 2016.

CLOSURE OF THE REGISTER OF MEMBERS

The forthcoming annual general meeting is scheduled to be held on Monday, 8 May 2017 (the "2017 AGM"). For determining the entitlement to attend and vote at the AGM, the register of members of the Company will be closed from Tuesday, 2 May 2017 to Monday, 8 May 2017, both days inclusive, during which period no transfer of shares of the Company will be registered. In order to attend and vote at the AGM, all share transfer documents accompanied by the relevant share certificates must be lodged with the share registrar of the Company in Hong Kong, Tricor Investor Services Limited, Level 22, Hopewell Centre, 183 Queen's Road East, Hong Kong, for registration not later than 4:30 p.m. on Friday, 28 April 2017.

SUMMARY OF FINANCIAL INFORMATION

A summary of the results, assets and liabilities of the Group for the past four financial years are set out on page 38. This summary does not form part of the audited consolidated financial statements of the Group.

PROPERTY, PLANT AND EQUIPMENT

Details of movements in the property, plant and equipment of the Group during the year are set out in note 13 to the financial statements.

DONATION

Charitable donations made by the Group during the year ended 31 December 2016 amounted to approximately HK\$0.1 million (31 December 2015: approximately HK\$0.1 million).

SHARE CAPITAL AND SHARE OPTIONS SCHEMES

Details of the Company's share capital and share option schemes are set out in notes 24 and 26 to the financial statements respectively.

RESERVES

Details of movements in the reserves of the Company and the Group are set out in note 25 to the financial statements.

PRE-EMPTIVE RIGHTS

There are no provision for pre-emptive rights under the Company's articles of association or the laws of the Cayman Islands, being the jurisdiction in which the Company is incorporated, which would oblige the Company to offer new shares on a pro rata basis to existing shareholders.

RELATED PARTY TRANSACTIONS AND CONNECTED TRANSACTIONS

Details of the significant related party transactions entered into by the Group during the year ended 31 December 2016 are set out in note 27 to the financial statements. To the best knowledge of the Directors, none of these related party transactions constitutes connected transactions that need to be disclosed under the GEM Listing Rules.

DISTRIBUTABLE RESERVES

The Company has no distributable reserves as at 31 December 2016.

MAJOR CUSTOMERS AND SUPPLIERS

Customer is defined to mean paying user who purchases in-game currency, in-game virtual items or premium features. If a paying user made a payment in our games on two publishing platforms or two different games, the paying user would be counted as two unique paying users and so on and so forth. Furthermore, the Company only has access to the total sum of the payments made by paying user through third-party distribution platform, such as Apple Store and Google Play, without further breakdown. Customer also includes (a) third-party game operators whom we licensed our games for them to publish in other geographic regions in consideration of license fees and royalties; (b) game developers/operators whom we provided payment collection and/or publishing services in return for service fees.

During the year ended 31 December 2016, so far as the Company is aware, the revenue attributable to our five largest customers accounted for less than 30% of our revenue for the year. Purchases from the Group's five largest suppliers accounted for approximately 62.4% of the Group's total purchases for the year and purchase from the largest supplier included therein amounted to approximately 15.9%.

None of the Directors of the Company, or any of his close associates or shareholders (which, to the best knowledge of the Directors, own more than 5% of the Company's issued share capital), had any beneficial interest in the Group's five largest customers or suppliers.

DIRECTORS

The directors of the Company (the "Board") during the year and up to the date of this report were as follows:

Executive Directors

Mr. Sze Yan Ngai (Chairman)

Mr. Lam Kin Fai

Non-executive Directors

Ms. Wong Pui Yain

Mr. Hong Ming Sang (resigned on 1 March 2017)

Independent non-executive Directors

Mr. Yung Kai Tai

Dr. Fung Ying Him Anthony

Mr. Iu Tak Meng Teddy

In accordance with our articles of association, at each annual general meeting one third of the Directors for the time being shall retire from office by rotation provided that every Director shall be subject to retirement by rotation at least once every three years. Such retiring Directors may, being eligible, offer themselves for reelection at the annual general meeting. All Directors appointed by the Board to fill a casual vacancy shall hold office until the first general meeting of Shareholders after their appointment and be subject to re-election at such meeting and all Directors appointed by the Board as an addition to the existing Board shall hold office only until the next following annual general meeting and shall then be eligible for re-election.

PERMITTED INDEMNITY PROVISION

Every Director of the Company shall be entitled to be indemnified out of the assets of the Company against all losses or liabilities incurred or sustained by him as a Director of the Company in defending any proceedings, whether civil or criminal, in which judgment is given in his favour, or in which he is acquitted.

DIRECTORS' SERVICE CONTRACTS

None of the Directors proposed for re-election at the forthcoming annual general meeting has an unexpired service contract with the Company and/or any of its subsidiaries, which is not determinable by the employing company within one year without payment of compensation, other than statutory compensation.

DIRECTORS' AND SENIOR MANAGEMENT'S BIOGRAPHIES

Biographical details of the Directors of the Company and the senior management of the Group are set out on pages 15 to 19 of the annual report.

EMOLUMENTS OF DIRECTORS AND FIVE HIGHEST PAID INDIVIDUALS

Details of the emoluments of the Directors of the Company and the five highest paid individuals of the Group are set out in note 12 to the financial statements.

EMOLUMENT POLICY

The Company's remuneration policy comprises primarily a fixed component (in the form of a base salary) and a variable component (which includes discretionary bonus and other merit payments), taking into account other factors such as their experience, level of responsibility, individual performance, the profit performance of our Group and general market conditions.

Our remuneration committee will meet once for each year to discuss remuneration related matters (including the remuneration of Directors and Senior Management) and review the remuneration policy of the Group. It has been decided that remuneration committee would determine, with delegated responsibility, the remuneration packages of individual executive Directors and Senior Management.

RETIREMENT BENEFITS PLANS

Particulars of retirement benefits plans of the Group as at 31 December 2016 are set out in note 4.13(ii) to the financial statement.

DIRECTORS' INTEREST IN SIGNIFICANT CONTRACTS

Save as the related party transactions disclosed in note 27 to the financial statements, no Director had a material interest, either directly or indirectly, in any contract of significance to the business of the Group to which the Company or any of its subsidiaries was a party during the year.

MANAGEMENT CONTRACTS

As at 31 December 2016, the Company did not enter into or have any management and administration contracts in respect of the whole or any principal business of the Company.

INTERESTS OF THE COMPLIANCE ADVISOR

As confirmed by the Group's compliance advisor, Innovax Capital Limited (the "Compliance Advisor"), save as the compliance adviser agreement entered into between the Company and the Compliance Advisor dated 18 December 2015, none of the Compliance Adviser or its directors, employees or close associates (as defined under the GEM Listing Rules) had any interest in the Group or in the share capital of any member of the Group which is required to be notified to the Company pursuant to Rule 6A.32 of the GEM Listing Rules.

DIRECTORS' RIGHT TO ACQUIRE SHARES

Apart from as disclosed under the paragraph headed "Directors' and chief executives' interests and short positions in shares, underlying shares and debentures" below and the share option scheme disclosures in note 26 to the financial statements, at no time during the year were rights to acquire benefits by means of the acquisition of shares in the Company granted to any Director or their respective spouse or children under 18 years of age, or were any such rights exercised by them; or was the Company, or the Company's subsidiary or holding company or a subsidiary of the Company's holding company a party to any arrangement to enable the Directors to acquire such rights in any other body corporate.

To the members of Gameone Holdings Limited

(incorporated in the Cayman Islands with limited liability)

OPINION

We have audited the consolidated financial statements of Gameone Holdings Limited (the "Company") and its subsidiaries (together the "Group") set out on pages 45 to 91, which comprise the consolidated statement of financial position as at 31 December 2016, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2016 and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements" section of our report. We are independent of the Group in accordance with the HKICPA's "Code of Ethics for Professional Accountants" (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

KEY AUDIT MATTERS (continued)

Impairment assessment of intangible assets

Refer to note 14 to the consolidated financial statements

The carrying amount of the Group's intangible assets was HK\$15,006,000 as at 31 December 2016. An impairment loss of HK\$1,905,000 was recognised for the year ended 31 December 2016. In performing the impairment assessment of intangible assets, the management determined the recoverable amounts with reference to the value-in-use calculations based on cash flow forecasts. Estimations of the recoverable amounts are dependent on certain key assumptions that require significant management judgment for the underlying cash flow forecasts. Favorable or unfavorable changes to these assumptions would result in change in the recoverable amounts of the intangible assets and hence the amount of the impairment loss recognised for the year and the carrying amount of the intangible assets as at 31 December 2016.

We have identified impairment assessment of intangible assets as a key audit matter as it requires the management to exercise significant judgment and make estimation, and was assessed by us to be a significant risk of material misstatement.

Our response:

Our procedures in relation to the management's impairment assessment of intangible assets included:

- assessing the factors considered by the management for determining whether an impairment event had occurred and thus impairment assessment is required;
- challenging the reasonableness of management's key assumptions adopted in the impairment assessment based on our knowledge of the Group's business and gaming industry;
- assessing whether there is evidence of management bias on impairment assessment by considering the consistency of judgment and estimation made by the management on a year-by-year basis through discussion with the management to understand their rationale; and
- assessing management's estimation on the recoverable amounts of the intangible assets.

KEY AUDIT MATTERS (continued)

Estimates of the Player Relationship Period

Refer to note 4.9 to the consolidated financial statements

As described in note 4.9, the Group recognises revenue from durable in-game virtual items ratably over the Player Relationship Period. If the Group does not possess relevant data and information to differentiate revenue attributable to durable in-game virtual items from consumable in-game virtual items for a specific game, the Group recognises revenue for that game ratably over the Player Relationship Period. The determination of Player Relationship Period in each game is based on the Group's best estimate that takes into account all known and relevant information at the time of assessment.

We have identified estimation of the Player Relationship Period as a key audit matter as it requires the management to exercise significant judgment and make estimation and was assessed by us to be a significant risk of material misstatement.

Our response:

Our procedures in relation to management's estimation of the Player Relationship Period included:

- understanding the method of calculation of the Player Relationship Period;
- challenging the reasonableness of management's key assumptions adopted in the calculation of the
 Player Relationship Period based on our knowledge of the Group's business and the gaming industry;
- verifying the data input used by the management in the calculation of the Player Relationship Period;
 and
- checking the calculation of game operation income based on the Player Relationship Period.

OTHER INFORMATION IN THE ANNUAL REPORT

The directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

DIRECTORS' RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS.

The directors are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with Hong Kong Financial Reporting Standards issued by the HKICPA and the disclosure requirement of the Hong Kong Companies Ordinance, and such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The directors are also responsible for overseeing the Group's financial reporting process. The Audit Committee assists the directors in discharging their responsibilities for overseeing the Group's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with the terms of our engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

- evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements.
 We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Amendments to HKFRS 10 Sale or Contribution of Assets between an Investor

and HKAS 28 and its Associate or Joint Venture⁴

Effective for annual periods beginning on or after 1 January 2017

- ² Effective for annual periods beginning on or after 1 January 2018
- ³ Effective for annual periods beginning on or after 1 January 2019
- The amendments were originally intended to be effective for periods beginning on or after 1 January 2016. The effective date has now been deferred/removed. Early application of the amendments continue to be permitted.

Amendments to HKAS 7 - Disclosure Initiative

The amendments introduce an additional disclosure that will enable users of financial statements to evaluate changes in liabilities arising from financing activities.

Amendments to HKAS 12 - Recognition of Deferred Tax Assets for Unrealised Losses

The amendments relate to the recognition of deferred tax assets and clarify some of the necessary considerations, including how to account for deferred tax assets related to debt instruments measured of fair value.

For the year ended 31 December 2016

2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (continued)

(b) New/revised HKFRSs that have been issued but are not yet effective (continued)

HKFRS 9-Financial Instruments

HKFRS 9 introduces new requirements for the classification and measurement of financial assets. Debt instruments that are held within a business model whose objective is to hold assets in order to collect contractual cash flows (the business model test) and that have contractual terms that give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding (the contractual cash flow characteristics test) are generally measured at amortised cost. Debt instruments that meet the contractual cash flow characteristics test are measured at FVTOCI if the objective of the entity's business model is both to hold and collect the contractual cash flows and to sell the financial assets. Entities may make an irrevocable election at initial recognition to measure equity instruments that are not held for trading at FVTOCI. All other debt and equity instruments are measured at FVTPL.

HKFRS 9 includes a new expected loss impairment model for all financial assets not measured at FVTPL replacing the incurred loss model in HKAS 39 and new general hedge accounting requirements to allow entities to better reflect their risk management activities in financial statements.

HKFRS 9 carries forward the recognition, classification and measurement requirements for financial liabilities from HKAS 39, except for financial liabilities designated at FVTPL, where the amount of change in fair value attributable to change in credit risk of the liability is recognised in other comprehensive income unless that would create or enlarge an accounting mismatch. In addition, HKFRS 9 retains the requirements in HKAS 39 for derecognition of financial assets and financial liabilities.

HKFRS 15 - Revenue from Contracts with Customers

The new standard establishes a single revenue recognition framework. The core principle of the framework is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods and services. HKFRS 15 supersedes existing revenue recognition guidance including HKAS 18 Revenue, HKAS 11 Construction Contracts and related interpretations.

For the year ended 31 December 2016

2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (continued)

(b) New/revised HKFRSs that have been issued but are not yet effective (continued)

HKFRS 15 – Revenue from Contracts with Customers (continued)

HKFRS 15 requires the application of a 5 steps approach to revenue recognition:

- Step 1: Identify the contract(s) with a customer
- Step 2: Identify the performance obligations in the contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to each performance obligation
- Step 5: Recognise revenue when each performance obligation is satisfied

HKFRS 15 includes specific guidance on particular revenue related topics that may change the current approach taken under HKFRS. The standard also significantly enhances the qualitative and quantitative disclosures related to revenue.

Amendments HKFRS 15 - Revenue from Contracts with Customers (Clarifications to HKFRS 15)

The amendments to HKFRS 15 included clarifications on identification of performance obligations; application of principal versus agent; licenses of intellectual property; and transition requirements.

HKFRS 16 - Leases

HKFRS 16, which upon the effective date will supersede HKAS 17 "Leases" and related interpretations, introduces a single lessee accounting model and requires a lessee to recognise assets and liabilities for all leases with a term of more 12 months, unless the underlying asset is of low value. Specifically, under HKFRS 16, a lessee is required to recognise a right-of-use asset representing its right to use the underlying leased asset and a lease liability representing its obligation to make lease payments. Accordingly, a lessee should recognise depreciation of the right-of use asset and interest on the lease liability, and also classifies cash repayments of the lease liability into a principal portion and an interest portion and presents them in the statement of cash flows. Also, the right-of-use asset and the lease liability are initially measured on a present value basis. The measurement includes non-cancellable lease payments and also includes payments to be made in optional periods if the lessee is reasonably certain to exercise an option to extend the lease, or to exercise an option to terminate the lease. This accounting treatment is significantly different from the lessee accounting for leases that are classified as operating leases under the predecessor standard, HKAS 17.

In respect of the lessor accounting, HKFRS 16 substantially carries forward the lessor accounting requirements in HKAS 17. Accordingly, a lessor continues to classify its leases as operating leases or finance leases, and to account for those two types of leases differently.

The Group is in the process of making an assessment of the impact of these new or revised HKFRSs upon initial application but is not yet in a position to state whether these new pronouncements will result in substantial changes to the Group's accounting policies and financial statements.

For the year ended 31 December 2016

3. REORGANISATION, BASIS OF PRESENTATION AND BASIS OF PREPARATION

(a) Reorganisation and basis of presentation

In preparation of the Company's listing of its shares on the GEM of the Stock Exchange, the companies now comprising the Group underwent a reorganisation to rationalise the existing group structure (the "Reorganisation"). Pursuant to the Reorganisation, the Company became the holding company of the companies now comprising the Group on 23 December 2015. Details of the Reorganisation are fully explained in the prospectus dated 31 December 2015. As the Reorganisation mainly involved inserting holding entities at the top of existing companies and has not resulted in any change of economic substances, the consolidated financial statements has been presented as a continuance of the existing group using the merger accounting.

The Directors considered that onegameshow.com Limited ("Onegameshow") is engaged in publishing of magazines and comic books, generating advertising income from online platform, which are not related to the Core Business ("Non-core Business") and operated and financed separately, therefore they are excluded in the listing of the Company's shares. Accordingly, Onegameshow was disposed of on 25 September 2015 as part of the Reorganisation. Results of Onegameshow has been consolidated into these consolidated financial statements up to the date of disposal and inter-company transactions have been eliminated on consolidation up to the date of disposal.

The consideration for the transfer of Onegameshow was determined based on the share capital acquired by Mr. Sze Yan Ngai ("Mr. Sze") and the consideration was settled by cash on 25 September 2015. Details of the disposal are disclosed in note 16 to these consolidated financial statements.

The consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows of the Group for the prior year have been prepared to present the results, changes in equity and cash flows of the Company and its subsidiaries as if the current group structure had been in existence throughout the prior year, or since their respective dates of incorporation, whichever was shorter. The consolidated statement of financial position of the Group as at 31 December 2015 has been prepared to present the assets and liabilities of the Company and its subsidiaries as if the current group structure had been in existence at that date.

The assets and liabilities of the companies now comprising the Group are combined using the existing book values from the controlling shareholders' perspective. No amount is recognised as goodwill or excess of acquirer's interest in the fair value of acquiree's identifiable assets, liabilities and contingent liabilities over cost at the time of the common control combination.

All significant intra-group transactions, balances and unrealised gains on transactions have been eliminated on consolidation.

For the year ended 31 December 2016

3. REORGANISATION, BASIS OF PRESENTATION AND BASIS OF PREPARATION (continued)

(b) Statement of compliance

The financial statements have been prepared in accordance with all applicable HKFRSs, Hong Kong Accounting Standards ("HKASs") and Interpretations (hereinafter collectively referred to as the "HKFRS") and the disclosure requirements of the Hong Kong Companies Ordinance. In addition, the financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the GEM of The Stock Exchange of Hong Kong Limited.

(c) Basis of measurements

The financial statements have been prepared under the historical cost convention. The measurement bases are fully described in the accounting policies set out below.

(d) Functional and presentation currency

The financial statements are presented in Hong Kong dollars ("HK\$"), which is the same as the functional currency of the Company.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1 Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries (see note 4.2 below). Inter-company transactions and balances between group companies together with unrealised profits are eliminated in full in preparing the consolidated financial statements. Unrealised losses are also eliminated unless the transaction provides evidence of impairment on the asset transferred, in which case the loss is recognised in profit or loss.

When the Group loses control of a subsidiary, the profit or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets and liabilities of the subsidiary. Amounts previously recognised in other comprehensive income in relation to the subsidiary are accounted for in the same manner as would be required if the relevant assets or liabilities were disposed of.

The carrying amount of non-controlling interests that represent present ownership interests in the subsidiary is the amount of those interests at initial recognition plus such non-controlling interest's share of subsequent changes in equity. Total comprehensive income is attributed to such non-controlling interests even if this results in those non-controlling interests having a deficit balance.

For the year ended 31 December 2016

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4.2 Subsidiaries

A subsidiary is an investee over which the Company is able to exercise control. The Company controls an investee if all three of the following elements are present:

- power over the investee;
- exposure, or rights, to variable returns from the investee; and
- the ability to use its power to affect those variable returns.

Control is reassessed whenever facts and circumstances indicate that there may be a change in any of these elements of control.

In the Company's statement of financial position, investments in subsidiaries are stated at cost less impairment loss, if any. The results of the subsidiaries are accounted for by the Company on the basis of dividends received and receivable.

4.3 Property, plant and equipment

Property, plant and equipment are stated at acquisition cost less accumulated depreciation and accumulated impairment losses.

The cost of property, plant and equipment includes its purchase price and any costs directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other costs, such as repairs and maintenance, are recognised as an expense in profit or loss during the financial period in which they are incurred.

Property, plant and equipment are depreciated so as to write off their cost net of expected residual value over their estimated useful lives on a straight-line basis. The useful lives, residual value and depreciation method are reviewed, and adjusted if appropriate, at the end of each reporting period. The useful lives are as follows:

Leasehold improvements 5 years, or over the term of leases,

whichever is shorter

Furniture, fixtures and office equipment 5 years
Computers 3-5 years

Motor vehicle 3 years

An asset is written down immediately to its recoverable amount if its carrying amount is higher than the asset's estimated recoverable amount.

The gain or loss on disposal or retirement of an item of property, plant and equipment is the difference between the net sale proceeds and its carrying amount, and is recognised in profit or loss on disposal.

For the year ended 31 December 2016

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4.4 Intangible assets

(i) Acquired intangible assets

Intangible assets acquired separately are initially recognised at cost. Subsequently, intangible assets with finite useful lives are carried at cost less accumulated amortisation and accumulated impairment losses.

Amortisation is provided on a straight-line basis over their estimated useful lives as follows. The amortisation expense is recognised in profit or loss and included in cost of service rendered.

Game licenses

2-4 years, or over the term of licenses

(ii) Internally generated intangible assets (research and development costs)

Expenditure on internally developed products is capitalised if it can be demonstrated that:

- it is technically feasible to develop the product for it to be used or sold;
- adequate resources are available to complete the development;
- there is an intention to complete and use or sell the product;
- the Group is able to use or sell the product;
- use or sale of the product will generate future economic benefits; and expenditure on the project can be measured reliably.

Capitalised development costs are amortised over the periods the Group expects to benefit from selling the products developed. The amortisation expense is recognised in profit or loss and included in cost of service rendered.

Development expenditure not satisfying the above criteria and expenditure on the research phase of internal projects are recognised in profit or loss as incurred.

(iii) Impairment of intangible assets

Intangible assets with finite lives are tested for impairment when there is an indication that an asset may be impaired (see the accounting policies in respect of impairment losses for non-financial assets in note 4.5).

If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount.

For the year ended 31 December 2016

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4.5 Impairment of non-financial assets

At the end of each reporting period, the Group reviews the carrying amounts of the following assets to determine whether there is any indication that those assets have suffered an impairment loss or an impairment loss previously recognised no longer exists or may have decreased:

- property, plant and equipment; and
- intangible assets;

If the recoverable amount (i.e. the greater of the fair value less costs to sell and value in use) of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised as an expense immediately.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised in profit or loss immediately.

Value in use is based on the estimated future cash flows expected to be derived from the asset, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

4.6 Financial instruments

(i) Financial assets

The Group classifies its financial assets at initial recognition, depending on the purpose for which the asset was acquired. Financial assets at fair value through profit or loss are initially measured at fair value and all other financial assets are initially measured at fair value plus transaction costs that are directly attributable to the acquisition of the financial assets. Regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. A regular way purchase or sale is a purchase or sale of a financial asset under a contract whose terms require delivery of the asset within the time frame established generally by regulation or convention in the marketplace concerned.

The Group classifies its financial assets as loans and receivables.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise principally through the provision of goods and services to customers (trade debtors), and also incorporate other types of contractual monetary assets. Subsequent to initial recognition, they are carried at amortised cost using the effective interest method, less any identified impairment losses.

For the year ended 31 December 2016

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4.6 Financial instruments (continued)

(ii) Impairment loss on financial assets

The Group assesses, at the end of each reporting period, whether there is any objective evidence that financial asset is impaired. Financial asset is impaired if there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the asset and that event has an impact on the estimated future cash flows of the financial asset that can be reliably estimated. Evidence of impairment may include:

- significant financial difficulty of the debtor;
- a breach of contract, such as a default or delinquency in interest or principal payments;
- granting concession to a debtor because of debtor's financial difficulty;
- it becoming probable that the debtor will enter bankruptcy or other financial reorganisation.

For loans and receivables, an impairment loss is recognised in profit or loss when there is objective evidence that the asset is impaired, and is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the original effective interest rate. The carrying amount of financial asset is reduced through the use of an allowance account. When any part of financial asset is determined as uncollectible, it is written off against the allowance account for the relevant financial asset.

(iii) Financial liabilities

The Group classifies its financial liabilities, depending on the purpose for which the liabilities were incurred. Financial liabilities at fair value through profit or loss are initially measured at fair value and financial liabilities at amortised costs are initially measured at fair value, net of directly attributable costs incurred.

Financial liabilities at amortised cost

Financial liabilities at amortised cost including trade and other payables, accrued expenses and amount due to a related company, are subsequently measured at amortised cost, using the effective interest method. The related interest expense is recognised in profit or loss.

Gains or losses are recognised in profit or loss when the liabilities are derecognised as well as through the amortisation process.

For the year ended 31 December 2016

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4.6 Financial instruments (continued)

(iv) Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income or interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts or payments through the expected life of the financial asset or liability, or where appropriate, a shorter period.

(v) Equity instruments

Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

(vi) Derecognition

The Group derecognises a financial asset when the contractual rights to the future cash flows in relation to the financial asset expire or when the financial asset has been transferred and the transfer meets the criteria for derecognition in accordance with HKAS 39.

Financial liabilities are derecognised when the obligation specified in the relevant contract is discharged, cancelled or expires.

Where the Group issues its own equity instruments to a creditor to settle a financial liability in whole or in part as a result of renegotiating the terms of that liability, the equity instruments issued are the consideration paid and are recognised initially and measured at their fair value on the date the financial liability or part thereof is extinguished. If the fair value of the equity instruments issued cannot be reliably measured, the equity instruments are measured to reflect the fair value of the financial liability extinguished. The difference between the carrying amount of the financial liability or part thereof extinguished and the consideration paid is recognised in profit or loss for the year.

4.7 Inventories

Inventories are initially recognised at cost, and subsequently at the lower of cost and net realisable value. Cost comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost is calculated using the first-in first-out method. Net realisable value represents the estimated selling price in the ordinary course of business less the estimated costs necessary to make the sale.

4.8 Cash and cash equivalents

Cash and cash equivalents include cash at banks and on hand, demand deposits with banks and as short-term highly liquid investments with original maturities of three months or less which are readily convertible into known amounts of cash and which are subject to an insignificant risks of changes in value.

For the year ended 31 December 2016

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4.9 Revenue and other income recognition

The Group is principally engaged in the development, operation, publishing and distribution of online and mobile games.

The Group recognises revenue when it is probable that future economic benefits will flow to the Group, specific criteria have been met for each of the Group's revenue streams as described below and the revenue can be reliably measured. Revenue is recorded at the fair value of consideration received or receivable, net of any sale tax and discounts.

(i) Operations of online and mobile games

The Group operates both self-developed games and games licensed from third party game developers. The Group's games are free to play. Players can purchase game credits which are virtual currency for acquisition of in-game virtual items or purchase those in-game virtual items directly for better in-game experience. The Group sells prepaid game credits and ingame virtual items through its own game platform (the "GO Platform") and cooperation with various third party game distribution platforms and payment channels. These game distribution platforms include major online application stores (such as Apple Inc.'s App Store and Google Play installed in mobile telecommunications devices).

The Group has evaluated the respective roles and responsibilities of the Group, third-party game developers, third-party distribution platforms, third-party payment channels and third-party prepaid game credit distributors in the delivery of game experiences to the Paying Players ("Paying Players") in determining if the Group is acting as principal or as an agent in the arrangement, and therefore if the Group's revenue from such arrangement should be reported on a gross or net basis, by assessing various factors, including but not limited to whether the Group (i) has the primary responsibility in the arrangement and (ii) has latitude in establishing the selling prices.

The Group takes primary responsibilities in the delivery of game experiences to the Paying Players, including the marketing and promotion, determining distribution and payment channels, hosting game servers and providing customer services. In addition, the Group also controls game and service specifications and pricing of the in-game virtual items. Therefore, the Group considers itself the principal in the delivery of game experience to the Paying Players as the Group has exposure to the significant risks and rewards associated with the operations of the games and thus records revenues on a gross basis. Payment to third-party game developers and service charges by third-party distribution platforms and third-party payment channels are recorded as cost of revenue.

As the Group has determined that it is the principal in the delivery of game experience to the Paying Players, the Paying Players are identified by the Group to be its customers. Accordingly the Group considers the actual price paid by the Paying Players to be the gross amount of revenue. In determining the gross amount of revenue generated from operations of the Group's games, the Group makes estimates of the discounts given to the Paying Players by the third-party distribution platforms and third-party prepaid game credit distributors based on available information and recorded such discounts as a deduction of revenue.

For the year ended 31 December 2016

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4.9 Revenue and other income recognition (continued)

(i) Operations of online and mobile games (continued)

Paying Players purchase the game credits through the GO Platform and third-party distribution platforms' charging systems or through the Paying Players' accounts maintained with third party payment channels, or charging from the prepaid game credits they purchased. Third-party distribution platforms and third party payment channels collect the payment from the Paying Players and remit the cash net of commission charges which are pre-determined according to the relevant terms entered into between the Group and the third-party distribution platforms or third party payment channels.

Upon the sales of game credits or in-game virtual items, the Group typically has an implied obligation to provide the services which enable the game credits or in-game virtual items to be displayed, used or converted into other in-game virtual currencies/items in the games. As a result, the proceeds received from sales of game credits or in-game virtual items are initially recorded as deferred revenue in current liabilities. The attributable portion of the deferred revenue relating to values of the game credits consumed and in-game virtual items converted are immediately or ratably recognised as revenue only when the services are rendered to the respective Paying Players.

For the purposes of determining when services have been provided to the respective Paying Players, the Group has determined the following:

Consumable in-game virtual items represent items that are extinguished after consumption by a specific game player action. The Paying Players will not continue to benefit from the ingame virtual items thereafter. Revenue is recognised (as a release from deferred revenue) when the items are consumed and the related services are rendered.

Durable in-game virtual items represent items that are accessible and beneficial to Paying Players over an extended period of time. Revenue is recognised ratably over the average life of durable in-game virtual items for the applicable game, which the Group makes best estimates to be average playing period of Paying Players ("Player Relationship Period").

The Group estimates the Player Relationship Period on a game-by-game basis and reassesses such periods semi-annually. If there is insufficient data to determine the Player Relationship Period, such as in the case of a newly launched game, the Group estimates the Player Relationship Period based on other similar types of games developed by the Group or by third-party developers until the new game establishes its own patterns and history. The Group mainly considers the Paying Players' spending and consumption behavior in estimating the Player Relationship Period.

If the Group does not possess relevant data and information to differentiate revenue attributable to durable in-game virtual items from consumable in-game virtual items for a specific game, the Group recognises revenue for that game ratably over the Player Relationship Period.

For the year ended 31 December 2016

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4.9 Revenue and other income recognition (continued)

(ii) Game publishing services

The Group provides publishing services through cooperation with other third party game developers or operators. The Group publishes these games on its own GO Platform.

The Group's game publishing revenue is pre-determined according to the relevant terms of the agreements entered into between the Group and the third party game developers or operators. The games published on the GO Platform are hosted, maintained, operated and updated independently by the third party game developers or operators. The Group mainly provides the Paying Players with access to the GO Platform and limited after-sales basic support to the Paying Players.

The Group has evaluated and determined that it is not the primary obligor in the services rendered and is therefore, acting as an agent in publishing these games. Accordingly, the Group recognises its revenue, net of the portion of sharing of revenue with the third party game developers or operators when the Paying Players purchase the game credits for the relevant games.

(iii) Licensing and royalty income

The Group licenses online and mobile games and other intellectual rights to third parties. Any fixed upfront licensing fee is recognised on a straight-line basis over the period of the license agreement. Royalty income from the licensing arrangements is recognised in accordance with the terms of agreements.

(iv) Promotion and management fee income

Promotion income and management fee income are recognised when the relevant services are rendered.

(v) Interest income

Interest income is accrued on a time basis on the principal outstanding at the applicable interest rate.

4.10 Accounting for income tax

Income taxes for the year comprise current tax and deferred tax.

Current tax is based on the profit or loss from ordinary activities adjusted for items that are non-assessable or disallowable for income tax purposes and is calculated using tax rates that have been enacted or substantively enacted at the end of reporting period.

For the year ended 31 December 2016

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4.10 Accounting for income tax (continued)

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for tax purposes. Except for recognised assets and liabilities that affect neither accounting nor taxable profits, deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Deferred tax is measured at the tax rates appropriate to the expected manner in which the carrying amount of the asset or liability is realised or settled and that have been enacted or substantively enacted at the end of reporting period.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries and joint ventures, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

Income taxes are recognised in profit or loss except when they relate to items recognised in other comprehensive income in which case the taxes are also recognised in other comprehensive income or when they relate to items recognised directly in equity in which case the taxes are also recognised directly in equity.

4.11 Foreign currency

Transactions entered into by the group entities in currencies other than the currency of the primary economic environment in which they operate (the "functional currency") are recorded at the rates ruling when the transactions occur. Foreign currency monetary assets and liabilities are translated at the rates ruling at the end of reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on the translation of monetary items, are recognised in profit or loss in the period in which they arise.

On consolidation, income and expense items of foreign operations are translated into the presentation currency of the Group (i.e. HK\$) at the average exchange rates for the year, unless exchange rates fluctuate significantly during the period, in which case, the rates approximating to those ruling when the transactions took place are used. All assets and liabilities of foreign operations are translated at the rate ruling at the end of reporting period. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity as translation reserve. Exchange differences recognised in profit or loss of group entities' separate financial statements on the translation of long-term monetary items forming part of the Group's net investment in the foreign operation concerned are reclassified to other comprehensive income and accumulated in equity as translation reserve.

On disposal of a foreign operation, the cumulative exchange differences recognised in the translation reserve relating to that operation up to the date of disposal are reclassified to profit or loss as part of the profit or loss on disposal.

For the year ended 31 December 2016

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4.12 Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to lessee. All other leases are classified as operating leases.

As lessee

Assets held under finance leases are initially recognised as assets at fair value or, if lower, the present value of the minimum lease payments. The corresponding lease commitment is shown as a liability. Lease payments are analysed between capital and interest. The interest element is charged to profit or loss over the period of the lease and is calculated so that it represents a constant proportion of the lease liability. The capital element reduces the balance owed to the lessor.

The total rentals payable under the operating leases are recognised in profit or loss on a straightline basis over the lease term. Lease incentives received are recognised as an integrated part of the total rental expense, over the term of the lease.

4.13 Employee benefits

(i) Bonus

The expected cost of bonus payment is recognised as a liability when the Group has a present legal or constructive obligation as a result of services rendered by employees and a reliable estimate of the obligation can be made.

(ii) Defined contribution retirement plan

A defined contribution plan is a pension plan under which the Group pays fixed contributions into a separate entity.

The Group operates a defined contribution Mandatory Provident Fund retirement benefits scheme (the "MPF Scheme") under the Mandatory Provident Fund Schemes Ordinance for those employees who are eligible to participate in the MPF Scheme. The Group has no legal or constructive obligations to pay further contributions after payment of the fixed contribution. Contributions are made based on a percentage of the employees' basic salaries to the maximum mandatory contributions as required by the MPF Scheme. Liabilities and assets may be recognised if underpayment or prepayment has occurred and are included in current liabilities or current assets, respectively, as they are normally of a short-term nature. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group's employer contributions vest fully with the employees when contributed into the MPF Scheme.

Contributions to defined contribution retirement plans are recognised as an expense in profit or loss when the services are rendered by the employees.

Employees of the Group's subsidiary companies in China are required to participate in defined contribution retirement schemes which are administered and operated by the local municipal government. The Group's subsidiary companies contribute funds which are calculated on certain percentage of the payroll to the schemes to fund the retirement benefits of the employees. Contributions to the schemes vest immediately.

For the year ended 31 December 2016

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4.13 Employee benefits (continued)

(ii) Defined contribution retirement plan (continued)

A branch of a subsidiary company of the Group in Taiwan has a defined contribution scheme governed by the Taiwan Labor Pension Act. Under the scheme, a branch of a subsidiary company of the Group in Taiwan contributes monthly to the Bureau of Labour Insurance on certain percentage of the payroll of the employees who choose to participate in the scheme. Contributions to the scheme vest immediately.

(iii) Short-term employee benefits

Short term employee benefits are employee benefits (other than termination benefits) that are expected to be settled wholly before twelve months after the end of the annual reporting period in which the employees render the related service. Short term employee benefits are recognised in the year when the employees render the related service.

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the reporting date.

Non-accumulating compensated absences such as sick leave and maternity leave are not recognised until the time of leave.

4.14 Provisions and contingent liabilities

Provisions are recognised for liabilities of uncertain timing or amount when the Group has a legal or constructive obligation arising as a result of a past event, which will probably result in an outflow of economic benefits that can be reasonably estimated.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, the existence of which will only be confirmed by the occurrence or non-occurrence of one or more future events, are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

4.15 Related parties

A party is considered to be related to the Group if:

- (a) A person or a close member of that person's family is related to the Group if that person:
 - (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of the key management personnel of the Group or the Company's parent.

For the year ended 31 December 2016

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4.15 Related parties (continued)

- (b) An entity is related to the Group if any of the following conditions apply:
 - (i) the entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others);
 - (ii) one entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member);
 - (iii) both entities are joint ventures of the same third party;
 - (iv) one entity is a joint venture of a third party and the other party is an associate of the third entity;
 - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group;
 - (vi) the entity is controlled or jointly controlled by a person identified in (a);
 - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); and
 - (viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the Group's parent.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that individual in their dealings with the entity and include:

- (i) that person's children and spouse or domestic partner;
- (ii) children of that person's spouse or domestic partner; and
- (iii) dependents of that person or that person's spouse or domestic partner.

4.16 Segment reporting

The Group identifies operating segments and prepares segment information based on the regular internal financial information reported to the executive directors for their decisions about resources allocation to the Group's business components and for their review of the performance of those components. The business components in the internal financial information reported to the executive directors are determined following the Group's line of business.

The measurement policies the Group uses for reporting segment results under HKFRS "8 Operating Segments" are the same as those used in its financial statements prepared under HKFRSs.

For the year ended 31 December 2016

5. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

In the application of the Group's accounting policies, the directors of the Company are required to make judgment, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The estimates and assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

Estimates of the Player Relationship Period

As described in note 4.9, the Group recognises revenue from durable in-game virtual items ratably over the Player Relationship Period. If the Group does not possess relevant data and information to differentiate revenue attributable to durable in-game virtual items from consumable in-game virtual items for a specific game, the Group recognises revenue for that game ratably over the Player Relationship Period. The determination of Player Relationship Period in each game is based on the Group's best estimate that takes into account all known and relevant information at the time of assessment. Such estimates are subject to re-evaluation on a semi-annual basis. Any adjustments arising from changes in the Player Relationship Period as a result of new information will be accounted for prospectively as a change in accounting estimate.

Recognition of deferred income

Revenue from game operation income is recognised based on the usage of the relevant game credits. Income received in respect of unutilised game credits are recognised as deferred income. Game operation income received is net of discounts given to certain distribution channels. In respect of the amount of deferred income arising from unutilised game credits, management's estimation is required in determining the average sales value of these unutilised game credits as discounts given are different for different sales channels.

Impairment of non-financial assets

The Group assesses whether there are indicators of impairment for non-financial assets at the end of each reporting period. Non-financial assets are tested for impairment when there are indicators that the carrying amounts may not be recoverable. Impairment exists when the carrying amount of an asset or a cash-generating unit exceeds its recoverable amount, which is the higher of its fair value less costs to sell and its value in use. The calculation of fair value less costs to sell is based on available data from binding sales transactions in an arm's length transaction of similar assets or observable market prices less incremental costs for disposing of the asset. When value in use calculations are undertaken, management estimates the expected future cash flows from the asset or cash-generating unit and chooses a suitable discount rate in order to calculate the present value of those cash flows.

For the year ended 31 December 2016

2016

2015

5. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (continued)

Impairment of receivables

Management determines impairment of receivables on a regular basis. This estimate is based on the credit history of its customers and debtors, past default experience and the current market conditions. Management reassesses the impairment at the reporting date.

6. SEGMENT INFORMATION

An operating segment is a component of the Group that is engaged in business activities from which the Group may earn revenue and incur expenses, and is defined on the basis of the internal management reporting information that is provided to and regularly reviewed by the executive directors in order to allocate resources and assess performance of the segment. During the year, executive directors regularly review revenue and operating results derived from development, operation, publishing and distribution of online and mobile games and consider as one single operating segment.

The Company is an investment holding company and the principal place of the Group's operation is in Hong Kong. For the purpose of segment information disclosures under HKFRS 8, the Group regarded Hong Kong as its country of domicile.

10. DIVIDENDS

No dividends have been paid or declared by the Company or any of the subsidiaries during the year (2015: Nil).

11. (LOSSES)/EARNINGS PER SHARE

The calculation of basic (losses)/earnings per share is based on the loss attributable to the owners of the Company and on the basis of the weighted average number of 158,688,525 ordinary shares in issue.

For the year 2015, the calculation of basic earnings per share is based on the profit attributable to the owners of the Company and on the assumption that the proposed 120,000,000 ordinary shares in issue, comprising 8,534,007 shares in issue as at 31 December 2015 and 111,465,993 shares to be issued pursuant to a capitalisation but before the placing of 40,000,000 new shares upon the subsequent listing of the Company's shares on 13 January 2016.

No diluted earnings per share is calculated for the year ended 31 December 2016 (2015: Nil) as there was no potential dilutive ordinary share in existence.

The intangible assets represented licenses with finite useful life.

For the year ended 31 December 2016, an impairment loss of approximately HK\$1,905,000 (2015: HK\$2,479,000) (note 8) was recognised, which represented the write-down of license fee paid for certain games operated by the Group to the recoverable amounts as a result of number of paying players of these games not achieving expected level. The impairment loss was recognised in the consolidated statement of profit or loss and other comprehensive income as other expenses. The recoverable amounts have been determined with reference to the value-in-use calculations based on cash flow projections from approved budgets covering a period of one to three years which is the expected useful life of these games estimated by the management. Budgeted gross margin is determined based on the past performance on similar games and management's expectations for market development. The discount rate used is pre-tax rate of approximately 11% (2015: 11%).

Trade receivables that were neither past due nor impaired and that were past due but not impaired related to a number of trade debtors that the Group had continuing business relationships with these parties including transactions and settlements from these parties in general, in the opinion of the directors, has no indication of default. Based on past credit history, management believes that no impairment allowance is necessary in respect of these balances as there has not been a significant change in credit quality and the balances are still considered to be fully recoverable. The Group did not hold any collateral in respect of trade receivables past due but not impaired.

At each reporting date, the Group reviews receivables for evidence of impairment on both individual and collective basis. During the year ended 31 December 2016, the Group has written off trade receivables of HK\$46,000 (2015: HK\$22,000) directly to the profit or loss for the year (note 8). None of the trade receivables as at 31 December 2016 (2015: Nil) have been identified by the Group as having an impairment issue.

The directors consider that the carrying amounts of trade receivables approximate their fair value.

26. SHARE OPTION SCHEME

A share option scheme (the "Scheme") conditionally adopted by the Company was approved by the shareholders on 23 December 2015.

The Scheme became effective for a period of 10 years commencing on the listing date of the Company. Under the Scheme, the Board may in its absolute discretion determine at the time of grant of the relevant option but the subscription price shall not be less than whichever is the highest of: (i) the closing price of the shares as stated in the Stock Exchange's daily quotations sheet on the date of the granting of the option; (ii) the average closing prices of the shares as stated in the Stock Exchange's daily quotation sheets for the five business days immediately preceding the date of the granting of the option; and (iii) the nominal value of a share. An offer shall remain open for acceptance by the Qualifying Grantee concerned for a period of 28 days from the date of the offer (or such period as Board may specify in writing). HK\$1 is payable by the grantee to Company on acceptance of the option offer.

The period as the Board may in its absolute discretion determine and specify in relation to any particular option holder in his option agreement during which the option may be exercised (subject to such restriction on exercisability specified therein), which shall be not greater than the period prescribed by the GEM Listing Rules from time to time (which is, as at the date of adoption of the Scheme, a period of 10 years from the date of the granting of the option).

The limit on the number of shares which may be issued upon exercise of all outstanding options granted and yet to be exercised under the Scheme and any other schemes must not exceed 30% of the shares in issue from time to time. No options may be granted under any schemes of the Company if this will result in the limit being exceeded. The total number of shares which may be issued upon exercise of all options to be granted under the Scheme and any other schemes of the Company must not in aggregate exceed 10% of the shares in issue immediately following the completion of the Capitalization Issue and the Placing. Options lapsed in accordance with the terms of the Scheme or any other schemes will not be counted for the purpose of calculating the 10% limit.

No share options were granted under the Scheme during the year. At 31 December 2016, there were no outstanding options granted under the Scheme. Share options do not confer rights to the holders to dividends or to vote at shareholders' meetings.

For the year ended 31 December 2016

Due to their short term nature, the carrying amount of the above items approximates fair value.

32. FINANCIAL RISK MANAGEMENT

Exposures to interest rate, credit, liquidity and foreign currency risks arise in the normal course of the Group's business. The management meets periodically to analyse and formulate strategies to manage the Group's exposure to market risk (including foreign currency risk and interest rate risk), credit risk and liquidity risk. Generally, the Group employs conservative strategies regarding its risk management. As the Group's exposure to market risk is kept to minimum level, the Group has not used any derivatives or other financial instruments for hedging purposes.

The Group does not engage in the trading of financial assets for speculative purposes nor does it write options. The most significant financial risks to which the Group is exposed to are described below.

32.1 Foreign currency risk

Foreign currency risk refers to the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Group's exposures to currency risk arise mainly from its overseas income or payment on royalty and license fee, which are primarily denominated in US dollar, Japanese Yen or Renminbi. These are not the functional currencies of the Group's major entities to which these transactions related. The Group currently does not have a foreign currency hedging policy. However, the management monitors foreign exchange exposure and will consider hedging significant foreign currency exposure should the need arises.

As the Group does not have significant exposure to foreign currency risk, the Group's income and operating cash flows are substantially independent of changes in foreign currency exchange rates.

For the year ended 31 December 2016

32. FINANCIAL RISK MANAGEMENT (continued)

32.2 Interest rate risk

The Group does not have any interest-bearing borrowings. The Group's exposure to changes in interest rates primarily arises from bank deposits. The Group currently does not have any interest rate hedging policy. However, the directors monitor interest rate exposure and will consider hedging significant interest rate exposure should the need arise.

The directors are of the opinion that the sensitivity of the Group's loss for the year to the reasonably possible change in interest rates in the next twelve months is low.

32.3 Credit risk

Credit risk arises from the possibility that the counterparty to a transaction is unwilling or unable to fulfill its obligation with the results that the Group thereby suffers financial loss. The Group is exposed to credit risk in respect of its trade receivables, other receivables, amount due from a related company, amounts due from non-controlling shareholders of a subsidiary and bank balances.

The Group monitors the trade receivables on an ongoing basis and only trades with creditworthy parties. The credit risk on liquid funds is low because the counterparties are major banks with high credit-ratings. The Group is subject to concentration of credit risk since majority of its trade receivables are due from a limited number of distributors through which it earns its online game revenue.

32.4 Liquidity risk

Liquidity risk relates to the risk that the Group will not be able to meet its obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group is exposed to liquidity risk in respect of settlement of accrued expenses and other payables, and also in respect of its cash flow management. The Group's objective is to maintain an appropriate level of liquid assets and committed lines of funding to meet its liquidity requirements in the short and longer term.

The liquidity policies have been followed by the Group during the year and are considered by the directors to have been effective in managing liquidity risks.

Analysed below is the Group's remaining contractual maturities for its financial liabilities as at the reporting date. When the creditor has a choice of when the liability is settled, the liability is included on the basis of the earliest date on when the Group can be required to pay. Where the settlement of the liability is in installments, each installment is allocated to the earliest period in which the Group is committed to pay.

The Group's policy is to monitor its liquidity requirements and its compliance with lending covenants, to ensure that it maintains sufficient reserves of cash and readily realisable marketable securities to meet its liquidity requirements in the short and long term.

33. CAPITAL MANAGEMENT

The Group's capital management objectives include:

- (i) to safeguard the Group's ability to continue as a going concern, so that it continues to provide returns for owners and benefits for other stakeholders;
- (ii) to support the Group's stability and growth; and
- (iii) to provide capital for the purpose of strengthening the Group's risk management capability.

The Group actively and regularly reviews and manages its capital structure to ensure optimal capital structure and shareholder's returns, taking into consideration the future capital requirements of the Group and capital efficiency, prevailing and projected profitability, projected operating cash flows, projected capital expenditures and projected strategic investment opportunities.

Management regards total equity as capital. The amount of capital as at 31 December 2016 amounted to approximately HK\$90,674,000 (2015: HK\$56,648,000), which the management considers as optimal having consider the projected capital expenditures and the projected strategic investment opportunities.
