For the three months ended 31 March 2016, the Group's selling and distribution expenses increased to approximately RMB771,000 from RMB715,000, representing an increase of 8% over the corresponding period of last year. ### **Administrative expenses**

For the three months ended 31 March 2016, the Group's administrative expenses amounted to approximately RMB4,200,000 (three months ended 31 March 2015: RMB4,594,000), representing a decrease of approximately 9% over the corresponding period of last year. The effective tax rate of the Group is 27% for the three months ended 31 March 2016 (three months ended 31 March 2015: 45%). It is due to a net loss in a subsidiary offset net profits arising from other subsidiaries of the Group.

## **Non-controlling interests**

## **PROSPECT**

The Company’s fire extinguisher products cover three categories, carbon dioxide, water-based, and dry powder. We believe that the Company, with our experienced management team, firm and clear development directions, the manufacturing of quality products and the provision of quality services, will be able to sharpen our competitive edge.
