# CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET ("GEM") OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the "Directors") of Shentong Robot Education Group Company Limited (the "Company") collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the Growth Enterprise Market of The Stock Exchange of Hong Kong Limited (the "GEM Listing Rules") for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief: (1) the information contained in this report is accurate and complete in all material respects and not misleading; (2) there are no other matters the omission of which would make any statement in this report misleading; and (3) all opinions expressed in this report have been arrived at after due and careful consideration and are founded on bases and assumptions that are fair and reasonable.

## **Chairman's Statement**

On behalf of the Board of the Directors (the "Board"), I am pleased to present the audited consolidated results of Shentong Robot Education Group Company Limited ("Shentong Robot Education" or the "Company", together with its subsidiary companies, the "Group") for the year ended 31 March 2017 (the "Year").

## **KEY DEVELOPMENTS**

The Year has been one of great significance for the Group. I am pleased to announce that the Group completed the acquisition (the "Acquisition") of the entire equity interest in Copious Link Ventures Limited (the "Target Company", together with its subsidiaries, the "Target Group") on 16 May 2016. The Target Company is the holding company of 黑龍江神通文化俱樂部有限 公司 (Heilongjiang Shentong Cultural Club Co., Ltd.<sup>#</sup>) ("Heilongjiang Shentong") which is principally engaged in the provision of education and training courses relating to robotics standardised by China Robot Competition (the "CRC") in Heilongjiang Province of the People's Republic of China (the "PRC") as well as the organisation and hosting of CRC competition events in Heilongjiang Province of the PRC. With the completion of the Acquisition, the Group has become the only enterprise authorised to organise and host CRC competition events and provide related training courses in Heilongjiang Province. This quality education business which combines technology and education means that the Group has officially entered the China quality education market and successfully created a new source of revenues.

## FINANCIAL PERFORMANCE

The Group has been endeavouring to improve its overall financial position through restructuring and streamlining of business operations, and this effort finally came to fruition during the Year. The Group recorded consolidated revenue of approximately HK\$91,507,000 for the year ended 31 March 2017, representing an increase of approximately 163.8% as compared to approximately HK\$34,684,000 for the year ended 31 March 2016. The increase was mainly attributable to the contribution of steady revenues recorded by the Group after the completion of the Acquisition.

For the Year, the Group successfully turned losses into gains by recording approximately HK\$3,846,000 in profit attributable to owners of the Company as compared to the approximately HK\$20,370,000 in loss attributable to owners of the Company for the year ended 31 March 2016. The Group's gross profit increased by 134.7% year-on-year to approximately HK\$55,540,000, with a gross profit margin of approximately 60.7%. For the period from the completion date of the Acquisition to the end of the reporting period (totalling approximately ten and a half months), the Target Group segment recorded approximately HK\$60,050,000 in revenue and approximately HK\$28,598,000 in profit before tax.

## **BUSINESS REVIEW**

During the reporting period, the Group's revenue were mainly attributable to the provision of robotics training courses and others in Heilongjiang Province of the PRC and the provision of promotion and management services of electronic smart card "Shentong Card" in the PRC.

With the completion of the Acquisition, the Group has obtained the exclusive right to host CRC competition events and provide related CRC education and training (collectively, the "CRC Business") in Heilongjiang Province. The CRC Business in Heilongjiang Province achieved a leap-forward development in the past year and brought the province's quality robot education to a new milestone with wide recognition from the general public as well as from the market. To better reflect the Group's business activities and development directions, the Company officially changed its name to "Shentong Robot Education Group Company Limited" in August 2016 with a clearer corporate image.

## Chairman's Statement

Heilongjiang Province is one of the leading regions of China in the development of quality robot education. The Group is the sole organiser of CRC events in Heilongjiang Province with the approval of the General Administration of Sport of China. The CRC Business in Heilongjiang has become an important part of the Group's development strategy. During the Year, the Group organised a diversified series of CRC events with the focus on land robots and aerial robots such as robotic polo competition, robot obstacle race, off-road robot competition, humanoid robotic dance competition and smart robot innovation competition, in order to tap the potential of the quality robot education market, which attracted kindergarten, primary school, secondary school and university level participants from across Heilongjiang Province. Prominent among them were the 2016 Heilongjiang "China Communication Cup" Robot Tournament Qualifying held in various prefecture-level cities in the province during the year, the "Harbin Bank Cup" Smart Robot Competition held in Heilongjiang Province in July 2016 and the "Back-to-school Season Land Robot Obstacle Challenge" held in February 2017. These novel competitions were very successful and received a lot of attention from all walks of life.

By organising CRC events in Heilongjiang Province, the Group effectively promotes the development of quality robot education and makes it take root in the province and develop more related talent. We believe that various robot competitions will promote the popularisation and development of robot education by providing excellent opportunities for students and schools to explore robotic technologies, particularly in the Group's key markets of Harbin and Daqing where the influence of quality robot education is increasing.

Education and talent development are key to China's overall development in the future. Promoting China quality education is beneficial for improving the general literacy of the entire population and driving all-round development of students in terms of morality, intellectuality and physical fitness. During the Year, the Group made active efforts to promote the school-based quality robot teaching business in China in coordination with the working committee of the National School Sports Robot League. In this regard, we organised experience courses including the "Little Pilot" Science and Technology Experience Activity and the 2016 Science Popularisation Day in Heilongjiang Province, which not only expanded the influence of the Group's quality education business in the local areas but also contributed to the development of China quality education at large. We are highly confident in the Group's current positioning with its focus on quality education which combines science, technology and education.

## PROSPECTS

The CRC Business in Heilongjiang, which has made revenue contributions in the short span of just a little more than ten months, has made a good start in our efforts, to optimise our operations. The CRC Business in Heilongjiang will also become a driver of the Group's business growth in the future. We will further strengthen our marketing efforts to expand the CRC business in wider areas of Heilongjiang on top of our existing achievements. In addition to consolidating our operations in Harbin and Daqing, we will gradually expand our CRC business network to the other 11 prefecture-level cities of Heilongjiang Province.

While continuously developing our CRC Business network in Heilongjiang Province, we will keep developing and organising various robot competitions to increase the number of participants in CRC events and training courses. The China Robot Sports Working Committee has planned a number of national robot competitions for 2017. Among them, the Second National Robot Competition will take place in Shandong Province in August 2017. With new competition items, this competition will be more diversified compared to the first session in 2015. At the same time, qualifying and final competitions at varying scales will be held in different regions. As schools and students strive for eligibility of participation, the number of participants in the competition events and relevant training courses will steadily increase. We are also pleased to announce that Heilongjiang Province will host the first football match using robots as the tools for competition in China, the "First National Robotic Football Competition" in China in the second half of 2017. The new competition is expected to significantly raise the reputation and boost up the development of Heilongjiang's robot sports and related training programmes and drive the development of the CRC Business in the PRC.

## **Chairman's Statement**

"The Development Plan for the Robotics Industry (2016–2020)" jointly issued by the Ministry of Industry and Information Technology, the National Development and Reform Commission and the Ministry of Finance in April 2016 highlighted measures to organise and implement talent development plans for the robotics industry, strengthen robotics-related programmes at higher learning institutions, and promote robotics professional training education, indicating the great importance attached by the government to robot education. Going forward, we will enjoy even greater development opportunities. We will keep a close watch on other development opportunities relating China quality education and explore acquisition opportunities in other provinces and municipalities. In addition, we will carefully consider expanding our business to robot education-related sectors and other sectors with an eye to continuously tapping feasible investment opportunities and achieving the Group's sustainable business growth.

The Chinese government's support of the education market and the increasing government expenditure on education will drive the development of education as an industry. "The Plan on National Educational Development during the 13th Five-Year Plan Period" issued by the State Council in January 2017 outlined measures to comprehensively deepen the education reform, accelerate education modernisation and build China into an innovative country and a strong country in terms of human resources. The plan suggests prioritising expenditure on education with the aim of ensuring that the national fiscal expenditure on education as a percentage of the GDP will be not less than 4% by 2020, while the number of students at school will only increase, rather than decrease, year by year. Although robot education in China is still in the starting stage with a significant gap with western countries in terms of penetration, China's education industry will enter a golden era as the country's middle class expands and Chinese parents attach increasing importance to children's education. The year 2017 marks year one of the Group in the education market. We believe that, supported by favourable policy, China's robot education will have a huge potential of development. The Group's quality education business in China will achieve stable development and help take China quality education to a new level.

To sum up, the Group will continue with its mission to optimise its quality education-related operations. We will continue to leverage our first-mover advantages in China quality education, to develop more high-quality education programmes, and strive to build an all-new portfolio of businesses along the entire industry chain. We believe that China quality education will gain even more traction and help boost the Group's overall competitiveness and maximise returns to the Group and its shareholders.

## APPRECIATION

On behalf of the Board, I would like to take this opportunity to express our gratitude to our shareholders for their tremendous support and to my fellow Directors and our management and staff for their dedication and contribution in the past year.

He Chenguang

Chairman

Hong Kong, 16 June 2017

## **Management Discussion and Analysis**

## **REVENUE AND PROFITABILITY**

The Group recorded a revenue of approximately HK\$91,507,000 (2016: HK\$34,684,000) for the year ended 31 March 2017, representing an increase of approximately 163.8% as compared with the year ended 31 March 2016 which was primarily due to the consolidation of the results of the Target Group upon completion of the Acquisition.

The Group's gross profit for the year ended 31 March 2017 amounted to approximately HK\$55,540,000 as compared to approximately HK\$23,664,000 for the year ended 31 March 2016. The increase was mainly attributable to the consolidation of the results of the Target Group upon completion of the Acquisition.

Selling and distribution and administrative expenses for the year ended 31 March 2017 was approximately HK\$43,338,000 as compared to approximately HK\$40,652,000 for the year ended 31 March 2016. The increase was mainly attributable to the consolidation of the results of the Target Group upon completion of the Acquisition.

## PROFIT ATTRIBUTABLE TO OWNERS OF THE COMPANY

The Group made a profit attributable to owners of approximately HK\$3,846,000 for the year ended 31 March 2017 as compared to a loss of approximately HK\$20,370,000 for the year ended 31 March 2016. The improvement was mainly attributable to the completion of the Acquisition.

## SEGMENT INFORMATION

An analysis of the performance of the Group by reportable segments is set out in note 9 to the consolidated financial statements.

## LIQUIDITY AND FINANCIAL RESOURCES

As at 31 March 2017, the Group had outstanding promissory note at principal amount of approximately HK\$94.4 million (as at 31 March 2016: approximately HK\$102.0 million). The promissory note was originally unsecured, bearing an interest at the rate of 2% per annum, and with maturity date on 10 February 2010. On 30 March 2009, China Communication Investment Limited ("CCI") agreed to vary the terms of promissory note, such that the maturity date was changed to 10 August 2010 ("New Maturity Date"). In addition, before the New Maturity Date, the Group has the right to further postpone ("Maturity Postponement Right") the maturity date to 30 June 2012 ("Extended Maturity Date") if the latest published financial information of the Group to fall below HK\$50 million. Such Maturity Postponement Right can be exercised on 30 June of every year subsequent to the Extended Maturity Date until the ultimate maturity date of 30 June 2025. Other than the said promissory note, the Group did not have any other committed borrowing facilities as at 31 March 2017 (as at 31 March 2016: HK\$Ni).

As at 31 March 2017, the Group had net current liabilities of approximately HK\$227.2 million (as at 31 March 2016: net current assets of approximately HK\$25.2 million). The Group's current assets mainly consisted of cash and cash equivalents of approximately HK\$92.5 million (as at 31 March 2016: approximately HK\$18.0 million) and prepayments, deposits and other receivables of approximately HK\$32.6 million (as at 31 March 2016: approximately HK\$21.8 million). The Group's current liabilities mainly include accruals and other payables of approximately HK\$209.6 million (as at 31 March 2016: approximately HK\$2.0 million), current tax liabilities of approximately HK\$17.2 million (as at 31 March 2016: approximately HK\$12.6 million, training course obligation of approximately HK\$21.6 million (as at 31 March 2016: HK\$Nil) and promissory note of approximately HK\$103.8 million (as at 31 March 2016: classified as non-current liabilities of approximately HK\$102.0 million).

At present, the Group generally finances its operations and investment activities with internal resources.

## **GEARING RATIO**

The gearing ratio is measured by total interest-bearing borrowings as a percentage of equity. As at 31 March 2017, the gearing ratio was 113.6%. As at 31 March 2016, no gearing ratio was available as the Group was in negative equity position. The debt to asset ratio, defined as the ratio of total liabilities to total assets, was 2.86 as at 31 March 2016.

## **Management Discussion and Analysis**

## **CAPITAL STRUCTURE**

On 16 May 2016, 361,000,000 new ordinary shares were issued and allotted by way of subscription (the "Subscription"). The net proceeds of the Subscription (after deducting related professional fees and related expenses) were approximately HK\$179.9 million, and have been used in the following manner: (i) as to HK\$30 million for settlement of the entire amount of the consideration of the Acquisition; and (ii) as to approximately HK\$149.9 million for payment of a portion of the service fee (the "Service Fee") under a service agreement (the "Service Agreement") by the Target Company (being a subsidiary of the Company after the completion of the Acquisition). Given that the Service Fee under the Service Agreement is payable by the Target Company (being a subsidiary of the Company after the completion of the Acquisition). Given that the Service Fee under the Service Agreement is payable by the Target Company (being a subsidiary of the Company after the completion of the Acquisition). Given that the Service Fee under the Service Agreement is payable by the Target Company (being a subsidiary of the Company after the completion of the Acquisition) to CCI on or before 15 November 2017, the Company is considering other means of fundraising including, without limitation, by way of equity and/or debt to fund the payment of the remaining balance of the Service Fee of approximately HK\$200.1 million. The Company will make further announcement(s) as and when appropriate in compliance with the GEM Listing Rules in the event that any possible fundraising activity materialises. Further details of the Subscription were set out in the announcements of the Company dated 3 May 2016 and 16 May 2016.

Save as disclosed above, there was no other change in the capital structure during the year.

## **CHARGE ON ASSETS**

The Group did not have any charge on its assets as at 31 March 2017 and 31 March 2016.

## EMPLOYEES, REMUNERATION POLICIES AND STAFF COSTS

As at 31 March 2017, the Group had 100 employees (2016: 73). The staff costs for the year ended 31 March 2017 was approximately HK\$20.3 million (2016: HK\$10.7 million). The Group's remuneration is determined with reference to the market conditions and the performance, qualifications and experience of individual employees while year-end bonus is based on the individual performance as recognition of and reward for their contributions. Other benefits accruing its employees include share option scheme, contributions made to statutory mandatory provident fund scheme and a group medical scheme to its employees.

## MATERIAL INVESTMENT OR CAPITAL ASSETS

For the year ended 31 March 2017 and 31 March 2016, the Group had no significant investment. As at 31 March 2017, the Group has no plan for material investments or acquisition of capital assets. Nevertheless, the Group is constantly looking for such opportunities to enhance the shareholders' value.

## MATERIAL ACQUISITIONS OR DISPOSALS OF SUBSIDIARIES AND AFFILIATED COMPANIES

On 9 December 2015, the Company, as purchaser, and Profuse Year Limited (the "**Vendor**"), as vendor, entered into a sale and purchase agreement in relation the acquisition of the entire issued share capital of the Target Company for a consideration of HK\$30 million. The Target Company and its subsidiaries are principally engaged in the promotion, sales and management of an electronic smart card "CRC Shentong Card" in the PRC facilitated by the provision of education and training courses relating to robotics standardised by CRC in Heilongjiang Province of the PRC as well as the organisation and hosting of CRC competition events in Heilongjiang Province of the PRC which is the key marketing tool for the provision of the above services. The Vendor is a connected person of the Company under the GEM Listing Rules by virtue of being an associate of CCI, a substantial shareholder of the Company under the GEM Listing Rules. The Acquisition constitutes a very substantial acquisition and connected transaction of the Company under the GEM Listing Rules. The relevant resolutions in relation to the Acquisition were duly passed by the independent shareholders by way of poll at the extraordinary general meeting of the Company held on 16 February 2016. The Acquisition was completed on 16 May 2016. Details of the Acquisition were set out in the announcement of the Company dated 9 December 2015, the circular of the Company dated 31 December 2015 and the announcement of the Company dated 16 May 2016.

Save as disclosed above, there were no other material acquisitions or disposals of subsidiaries during the year.

## **Management Discussion and Analysis**

## FOREIGN CURRENCY RISK

The income and expenditure of the Group are mainly carried in Hong Kong dollars and Renminbi and the assets and liabilities of the Group were mainly denominated in Hong Kong dollars and Renminbi. The Group does not expect significant exposure to foreign exchange fluctuations. The Group currently does not have a foreign currency hedging policy. However, the management of the Group will monitor foreign exchange exposure and will consider hedging significant currency exposure should the need arise.

## **CONTINGENT LIABILITIES**

The Group did not have any significant contingent liabilities as at 31 March 2017 and 31 March 2016.

The Board is accountable to the shareholders and lead the Group in an ethical, responsible and effective manner. The Board sets the overall strategic directions of the Group, establishes effective management and monitors its performance. The Board is required to meet at least four times a year in addition to the meetings to approve the financial results. Notice of at least 14 days is given for a regular Board meeting and reasonable notice is generally given to all Directors for other Board meetings. Apart from these regular meeting, Board meetings are also held to approve major issues and notice of each regular meeting is given to all Directors. All relevant materials, including draft minutes were sent to all Directors relating to the matters brought before the meeting to ensure that the Directors are given sufficient time to review the same. All the Directors have been provided with sufficient resources to discharge their duties, and, upon reasonable request, the Directors will be able to seek independent professional advice in appropriate circumstances, at the Company's expenses. All Directors will have the opportunity to include matters in the agenda for Board meetings. Matters requiring the Board's unanimous decision include material acquisitions or disposals of assets, significant investments, capital projects, annual budgets, and key issues relating to human resources and administration matters.

According to the practice of the Board, any material transaction, which involves a conflict of interest for a substantial shareholder (as defined in the GEM Listing Rules) or a Director, will be considered and dealt with by the Board at a Board meeting. The articles of association (the "Articles") contain certain provision requiring such Directors to abstain from voting and not to be counted in the quorum at such meetings for approving transactions in which such Directors or any of their respective associates have a material interests.

Daily operations and administration are delegated to the senior management team. All the said minutes are kept by the company secretary of the Company and are open for inspection at any reasonable time on reasonable notice by any Director.

According to the Articles of the Company, at each annual general meeting, one-third of the Directors for the time being, or, if their number is not three or multiple of three, then the number nearest to, but not less than one-third, shall retire from office by rotation provided that every Director shall be subject to retirement by rotation at least once every three years. All Directors appointed to fill a causal vacancy or as an addition to the Board shall be subject to election by the Shareholders at the first general meeting after their appointment.

Directors' training is an ongoing process. During the year, Directors have regular updates on changes and developments of the Group's business and to the regulatory environments in which the Company operates. All Directors are also encouraged to attend relevant training courses at the Company's expense.

## CHAIRMAN AND CHIEF EXECUTIVE OFFICER

The positions of the Chairman and the Chief Executive Officer are held by separate individuals. The role and responsibilities of the Chairman is separate from that of the Chief Executive Officer. The position of the Chairman and Chief Executive Officer is held by Mr. He Chenguang and Mr. Bao Yueqing respectively. The Chairman was responsible for leading the Board in forming the Group's strategies and policies and for organising the business of the Board. The Chief Executive Officer was responsible for the daily operations of the Group and was accountable to the Board for the Group's financial and operational performance.

## INDEPENDENT NON-EXECUTIVE DIRECTORS

In compliance with Rules 5.05(1) and 5.05A of the GEM Listing Rules, the Board currently comprises three independent nonexecutive Directors representing two-third of the Board. The independent non-executive Directors are appointed for a specific term. All the three independent non-executive Directors have been appointed for a term of one year and they are subject to retirement by rotation in accordance with the Articles.

The Company has received the annual independence confirmation from each of Mr. Yip Tai Him, Ms. Han Liqun and Ms. Zhang Li (all being independent non-executive Directors) pursuant to Rule 5.09 of the GEM Listing Rules. The Board has assessed their independence and concluded that all of them satisfied the independence criteria. Amongst three independent non-executive Directors, Mr. Yip Tai Him has the appropriate professional qualifications and accounting and related financial management expertise required under Rule 5.05(2) of the GEM Listing Rules.

To assist the execution of its responsibilities, three Board committees, namely Audit Committee, Remuneration Committee and Nomination Committee, have been established by the Board. These committees well function within the clearly defined terms of reference. All independent non-executive Directors play a significant role in these committees to ensure the independence and objectivity.

## **REMUNERATION COMMITTEE**

At the Board meeting held on 1 April 2005, a Remuneration Committee has been established. The Remuneration Committee consists of three members, all of whom are independent non-executive Directors. The Remuneration Committee is chaired by Mr. Yip Tai Him and meets at least once a year.

The roles and functions of the Remuneration Committee are to review and recommend the remuneration packages of the Directors and the senior management of the Group, oversee and review the administration of the Share Option Scheme and to review the appropriateness of compensation for Directors and the senior management of the Group. No Directors is involved in determining his/her own remuneration.

The Remuneration Committee takes into consideration the market condition, comparable companies, past performance and the experience and knowledge possessed when determining remuneration packages of the Directors. The remuneration package for executive Directors comprises a basic salary and a discretionary bonus for their contributions in accordance with code provisions B.1.2(c)(ii). All revision to remuneration packages of the Directors are subject to the review and approval of the Board.

## NOMINATION OF DIRECTORS

At the Board meeting held on 30 April 2012, a Nomination Committee has been established. The Nomination Committee consists of four members, of which the present Nomination Committee consists of a majority of independent non-executive Directors. The Nomination Committee is chaired by Mr. He Chenguang. The primary duties of the Nomination Committee are to review the structure, size and composition of the Board on a regular basis and to make recommendations to the Board on relevant matters relating to the appointment or re-appointment of Directors and succession planning for Directors. It also has the responsibility to ensure the Board has an appropriate balance of independent Directors, with a mix of business experience in relevant disciplines. According to the board diversity policy adopted by the Nomination Committee, Board diversity has been considered from a number of aspects, including but not limited to gender, age, cultural and educational background, professional experience, skills, knowledge and length of service etc. All Board appointments will be based on meritocracy, and candidates will be based on a range of diversity perspectives, including but not limited to gender, age, cultural and educational background, ethnicity, professional experience, skills, knowledge and length of service etc. The final decision will be based on meritoral background, ethnicity, professional experience, skills, knowledge and length of service etc. The final decision will be based on merit and contribution that the selected candidates will bring to the Board.

All Directors are subject to election by shareholders of the Company at the annual general meeting. The new Directors are notified on the role of the Board and Board Committee, their duties and obligation as a director of a listed company.

Mr. Bao Yueqing and Ms. Zhang Li will retire at the forthcoming annual general meeting and the re-election of Mr. Bao Yueqing as executive Director and Ms. Zhang Li as independent non-executive Director are to be proposed at the forthcoming annual general meeting.

## **CORPORATE GOVERNANCE FUNCTIONS**

The Board is responsible for the following corporate governance functions:

- to develop and review the Company's policies and practices on corporate governance and make recommendations to the Board;
- to review and monitor the training and continuous professional development of Directors and senior management;
- to review and monitor the Company's policies and practices on compliance with legal and regulatory requirements;
- to develop, review and monitor the code of conduct and compliance manual (if any) applicable to employees and Directors;
- to review the Company's compliance with the code provisions and disclosure in the Corporate Governance Report; and
- such other corporate governance and functions set out in the code provisions (as amended from time to time) for which the Board are responsible.

## AUDITOR'S REMUNERATION

The Company has appointed RSM Hong Kong as the auditors of the Group (the "Auditor") since April 2011. The Audit Committee is responsible for considering the appointment of the external auditor, including whether such non-audit engagements could affect their independence. The Board is authorised in the annual general meeting to determine the remuneration of the Auditor. For the year ended 31 March 2017, the Auditor's remuneration in connection with the provision of audit and non-audit services paid by the Group were as follows:

	For the year end	For the year ended 31 March		
	2017	2016		
	HK\$	HK\$		
Statutory audit services	650,000	538,000		
Non-audit services	700,000	2,012,000		
	1,350,000	2,550,000		

## AUDIT COMMITTEE

The written terms of reference, which describe the authorities and duties of the Audit Committee, were implemented in accordance with the GEM Listing Rules. The Audit Committee comprises three members, all of whom are independent non-executive Directors and is chaired by Mr. Yip Tai Him.

The Audit Committee meets at least four times each year. The main duties of the Audit Committee are summarised as follows:

- Discuss the work with the external auditors of the Company;
- Meet with external auditors of the Company, when they consider necessary;
- Review the quarterly, interim and annual financial statements and the report of the independent auditors on the Company's annual consolidated financial statements before these are presented to the Board;
- Ensure the quarterly, interim and annual consolidated financial statements are properly prepared;
- Review the independence of the external auditors annually;
- Ensure that cooperation is provided by management to the external auditors; and
- Review the adequacy and effectiveness of the Group's internal control system.

The Audit Committee is empowered to conduct investigations on any matters within the scope of responsibilities of the Audit Committee. The Audit Committee is authorised to obtain independent professional advices if it deems necessary to discharge its responsibilities.

For the year ended 31 March 2017, the Audit Committee held five meetings in which the members of the Audit Committee reviewed and concluded with satisfaction in relation to the internal control system of the Group and the following reports:

- Annual report for the year ended 31 March 2016;
- Quarterly reports for the first quarter and third quarter of 2016/17;
- Interim report for the first six months of 2016/17; and
- Review of continuing connected transactions of the Group.

## ACCOUNTABILITY AND AUDIT

The Directors acknowledge their responsibility for preparing the accounts of the Company. The Group had net current liabilities of approximately HK\$227,207,000 as at 31 March 2017. This condition indicates the existence of a material uncertainty which may cast significant doubt about the Group's ability to continue as a going concern and, therefore, it may be unable to realise its assets and discharge its liabilities in the normal course of business.

Nevertheless, the directors had adopted the going concern basis in the preparation of these consolidated financial statements of the Group based on the following:

- (a) On 15 November 2016, the Group agreed with CCI to postpone the repayment date to 15 November 2017 for an amount of HK\$200,100,000 due to CCI and the directors expect that the repayment date will be further postponed successfully.
- (b) On 31 May 2017, the Group agreed with CCI to postpone the maturity date of the promissory note to 30 June 2018.
- (c) The directors have obtained the confirmation from CCC, the holding company of CCI and regarded as the substantial shareholder of the Company, that CCC will continue to provide adequate funds for the Group to meet its present and future financial obligations as they fall due, and to cause CCI to postpone the repayment dates of any present and future liabilities due to CCI by the Group when necessary.

Having regard to the financial support of CCC and CCI, at a level sufficient to finance the working capital requirements of the Group, the directors are therefore of the opinion that it is appropriate to prepare the consolidated financial statements on a going concern basis. Should the Group be unable to continue as a going concern, adjustments would have to be made to the consolidated financial statements to adjust the value of the Group's assets to their recoverable amounts, to provide for any further liabilities which might arise and to reclassify non-current assets and liabilities as current assets and liabilities, respectively.

The responsibilities of the external auditor with respect to their financial reporting are set out in the Independent Auditor's Report on pages 38 to 41 of this report.

## **INTERNAL CONTROL**

The Board has overall responsibility for maintaining sound and effective risk management and internal control systems in order to manage rather than eliminate the risk of failure to achieve business objectives, and to provide reasonable and not absolute assurance against material misstatement or loss.

The Company does not maintain an internal audit function. The Company engaged a professional company to perform a risk management and internal control review occasionally in order to strengthen the risk management and to perform ongoing internal control system of the Group. The Company is of the opinion that taking into account the size and complexity of the Group's operations and business and the nature of the risks and challenges the Group faces and there is no immediate need to build up an internal audit function within the Group. The Company will review the need on an annual basis.

## DIRECTORS' RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The Directors are responsible for the preparation and the true and fair presentation of these financial statements in accordance with Hong Kong Financial Reporting Standards issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance. This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and the true and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

## **COMPANY SECRETARY**

Mr. Yiu King Ming has been the company secretary of the Company since September 2015. Mr. Yiu has confirmed that he has taken no less than 15 hours of relevant professional training during the year ended 31 March 2017. The Company is of the view that Mr. Yiu has complied with Rule 5.15 of the GEM Listing Rules.

## SHAREHOLDERS' RIGHTS

### Right to put forward proposals and to convene a general meeting

In accordance with the Company's Article 69, two or more Shareholders holding at the date of deposit of the requisition of not less than one-tenth of the paid up capital of the Company carrying the right of voting at general meetings of the Company, shall at all times have the right by written requisition to the Company, to require a general meeting to be called by the Board for the transaction of any business specified in such requisition. If the Board does not within twenty-one (21) days from the date of deposit of such requisition proceed duly to convene the meeting to be held within a further twenty-one (21) days, the requisitionist(s) themselves or any of them representing more than one-half of the total voting rights of all of them, may convene the general meeting so convened shall not be held after the expiration of three months from the date of the deposit of such requisitions, and all reasonable expenses incurred by the requisitionist(s) as a result of the failure of the Board shall be reimbursed to them by the Company.

## **INVESTOR RELATIONS**

The annual general meeting provides an opportunity for Shareholders to exchange their views with the Board. Mr. Bao Yueqing (executive Director and chief executive officer of the Company) had attended the annual general meeting for Year 2016 held on 5 August 2016 to answer questions from Shareholders. The Company's website (http://www.srobotedu.com) offers a communication channel between the Company and the Shareholders and potential investors.

## CONSTITUTIONAL DOCUMENTS

During the year, there was no change in the Company's constitutional documents.

## I. ABOUT THIS REPORT

#### Scope of Report

This is the first environmental, social and governance ("ESG") report of Shentong Robot Education Group Company Limited (referred to as the "Group" or "we" in this report), for the financial year ended 31 March 2017. This report covers our principal business activities in the Chinese mainland — the promotion, sales and management of an electronic smart card Shentong Card, organisation of national robot competition, and provision of related training courses and robot experience.

#### HKEx Environmental, Social and Governance Reporting Guide

To comply with the disclosure requirements and guidance set out in the Appendix 20 "Environmental, Social and Governance Reporting Guide" to the GEM Listing Rules, the Group began disclosure of its ESG information from the financial year beginning 1 April 2016. To support the building of a "Healthy China" and the development of the healthcare industry, we are committed to improving the public awareness of physical fitness, especially the interest of the young people in sports, by organising China Robot Competition ("CRC") events, providing related training courses, and investing in trainer development for enhanced training quality. The Shentong Card was launched in response to the growing global concern for environmental protection and geared to promoting paperless practices. Through our continuously optimised measures in extensive areas including operating practices, talent training and community investment, we strive to, while creating value for our shareholders/investors, minimise the impacts of our business activities on the environment, and are committed to making good and efficient use of resources for the sustainable development of the earth, humankind and business and the creation of a more beautiful and harmonious ecological environment and green society.

We welcome any comments and suggestions on this report and on our performance in sustainable development.

#### II. ENVIRONMENTAL PROTECTION

We are committed to promoting the rapidly developing smart electronic card and online gateway payment services. This is not just a business strategy of the Group, but also a bid of leveraging our advantages and strengths to seize the emerging business opportunity in the robustly growing Chinese market and to create an important platform in furtherance of paperless practices in China. In addition, we are aware of the importance of improving employees' awareness of environmental protection and have taken a series of measures to reduce emission and our carbon footprint. We will continue supporting measures to reduce the impacts of personal and business activities on the environment. And we encourage every employee to influence their relatives and friends in environmental protection to join forces to help mitigate climate change.

#### 1. Emissions Management

In our everyday operating activities, greenhouse gas emissions are mainly from energy consumed at our offices and training centres, and we take various measures (see the "Resources Utilization Management" section for details) to conserve energy and reduce energy consumption and its impacts on the environment. Waste management mainly involves waste paper collection and recycling (see the "Resources Utilization Management" section for details). Our everyday operating activities do not generate any hazardous waste.

#### 2. Resources Utilization Management

The Group is aware of its responsibility of protecting the environment in the course of its operating and business activities and mindful of and identify and take measures to reduce the impacts of its activities on the environment. We raise employees' awareness of the importance of resource conservation and require them to comply with our resource conservation measures to maximise resource utilisation and eliminate waste.

#### (1) Electricity conservation

We emphasise electricity conservation with extensive measures to foster conservation habits and improve electricity efficiency. Measures include using energy-efficient electric appliances such as lightings, photocopiers and printers; turning off office equipment like computers, photocopiers, printers and airconditioners and unplugging computers and peripherals during non-working hours such as night time and weekends; encouraging employees to turn off lightings when natural lighting is sufficient; using airconditioners optimally according to relevant factors such as season and temperature, switching off airconditioners at the quitting time, and keeping doors and windows closed when air-conditioners are in use; and checking and ensuring that electric appliances such as computers used by themselves and at their departments are turned off at the quitting time to reduce energy consumption to the minimum.

#### (2) Water conservation

Water conservation is part of everyday life, with a number of measures being in place to enhance the employees' awareness, including not using drinking water for any other purpose; using water sparingly; and turning off water faucets immediately after use.

#### (3) Paper conservation

We are committed to building a paperless workplace, especially by leveraging our office automation system, with all general notice and information being transmitted via the network wherever appropriate so long as the network is working. Paper products are purchased centrally. Paper use for purposes such as printing, photocopying and faxing is minimised, and paper is printed or photocopied on both sides as far as possible; and paper printed on one side is re-used for printing on the other side (for printing internal documents). Waste paper printed on both side is put into a recycling bin for recycling by qualified companies.

#### Compliance

During the reporting period, the Group was not involved in any confirmed environmental violation with a significant impact on the Group.

#### 3. Significant Impact on the Environment and Natural Resources

We have no significant impact on the environment or natural resources. The main resources consumed at the Group are electricity, water and paper used in our workplace. During the reporting period, we formulated measures to reduce resource consumption and dispose of waste appropriately (see the "Emissions Management" and "Resources Utilization Management" sections).

## III. EMPLOYMENT AND LABOUR PRACTICES

We always strive to create a harmonious and comfortable workplace with a comprehensive management system. Our human resources policy is oriented to the Group's long-term development and interests and geared to building a harmonious corporate culture. We encourage employees to build friendly and harmonious interpersonal relationships, support collaboration and teamwork, and do great work together by overcoming difficulties and challenges with great team spirit. We have comprehensive internal systems including recruitment and promotion based on the basic principles of fairness, justice and transparency and provide employees with excellent career development opportunities, encouraging them to make constant progress and cherish and build the Group's corporate culture. We make our labour policies in accordance with the different labour regulations in different regions.

#### Recruitment

Emphasising ability over education, and looking for virtue as well as talent in recruits, we are committed to building a fair, inclusive and diversified corporate culture and encourage employees to respect and learn from each other and make progress together in an atmosphere of fair competition. Our recruitment is according to requirements in terms of extensive dimensions including morality, knowledge, ability, health and job responsibilities. We provide employees with equal opportunity to promotion, performance evaluation, training and career development and enable them to develop with the Group. No employee will be discriminated on account of race, sex, age, region, or religious beliefs. We encourage employees to understand, accept and embrace each other and have positive influence on the Group's sustainable development. We fully and strictly comply with applicable labour laws and regulations and strictly forbid any form of illegal employment such as child labour and forced labour.

#### Employee compensation and benefits

We are committed to building harmonious labour-employer relations for win-win and our employee compensation varies from region to region. To attract and retain high-calibre employees, we have put in place a competitive compensation system that considers a comprehensive range of factors including knowledge, skills, experience and education of employees. Basic employee compensation covers a fixed salary, working meal allowance and paid leaves, among others. We strictly abide by national and local labour laws and regulations. Employees are entitled to all statutory rights including leave of absence, sick leave, marriage leave, funeral leave and maternity leave. Employees in the Mainland are all covered by social security, "five insurances" scheme and the Housing Accumulation Fund scheme, and employees in Hong Kong participate in the Mandatory Provident Fund (MPF) scheme. Our working and overtime hours, including overtime compensation or arrangements such as overtime pay or days off in lieu of overtime, are in accordance with applicable labour regulations. All terminations, including termination benefits, are also in accordance with applicable labour regulations.

We care for employees' physical and mental wellbeing and organise all kinds of activities outside of work such as chess, card, and calligraphy competitions to meet their increasing recreational needs. We also organise parties and dinners for important holidays such as the Spring Festival. These activities not only enrich employees' life outside work but also build team solidarity.

#### **Development and Training**

A staff that is high-calibre, professional, well-trained and responsible plays an important role in improving the Group's core competitiveness and driving its sustainable high-speed business growth. With this understanding, we have formulated long-term employee development strategies to provide training geared to improving employees' job skills and management capabilities, in addition to encouraging them to pursue continuous improvement and lifelong learning. Employee training includes induction training and on-the-job training (employee training and executive training). New recruits will receive induction training with content including corporate culture, management systems, job requirements, performance evaluation and, for employees in special and critical positions, qualification and accreditation. On-the-job training covers updates on regulatory compliance, business and industry knowledge, product knowledge, trainings or seminars on specialised skills, and trainings on general management skills. Continuous training not only helps improve employee knowledge and competence but also ensures that the relevant employees are sufficiently equipped with the technical knowledge and professional skills needed to provide customers with high-quality services.

#### Health and Safety

We approach health and safety in a comprehensive way and make the prevention of diseases and injuries an integral part of our routine management. We participate in multiple fire drills organised by the property management company every year and are clear about the procedures to be taken in the event of a fire to ensure effective evacuation. The robot competition training centre is also designed to not only provide a safe training ground for trainees but also ensure the health and safety of our trainers.

#### Compliance

During the reporting period, the Group was not involved in any confirmed labour violation with a significant impact on the Group.

## IV. OPERATING PRACTICES

#### Supply Chain Management

We believe that a sustainable supply chain creates value for employees, suppliers, service providers, the community and customers alike, and we emphasise positive interaction and communication with suppliers and service providers. With a reputable credit history, favourable goodwill, high product/service quality, excellent compliance records, and commitment to building long-term strategic partnership with reputable entities, we are strongly positioned to build an efficient supply chain with suppliers and service providers. We review their performance on a regular basis to better control and ensure the quality of our products and services. In addition, we have different channels for employees, suppliers, customers and personnel related to our business activities to blow the whistle on any malpractices or irregularities. During the reporting period, the Group did not find any significant malpractice or irregularity.

#### Product/Service Responsibility

Our CRC business organises China Robot Competition (CRC) events and provides related training courses in Heilongjiang province. We have strict requirements on trainer qualifications and conduct, and the training centre's environment to ensure that trainees will receive high-quality and efficient training in a safe training venue. As technology develops rapidly, we require our trainers to update their knowledge and professional skills to maintain their services at a high level.

The Shentong Card is a service developed by CCC for promotion, sales and management by the Group. The R&D work is done by a professional R&D team to ensure the high quality of Shentong Card. In addition, the R&D team receives continuous training to make the service up to date technologically and meet customers' more sophisticated needs. As the Shentong Card system stores a lot of personal data, we have established a strict confidentiality system, under which no employee shall disclose any personal data of customers to any third party without customers' consent and any violation will be punished by the Company. Furthermore, we have an after-sales service system to handle customer requests and provide them with technical support for Shentong Card.

During the reporting period, the Group did not have any significant product/service related violation or non-compliance.

#### Anti-corruption

We have the deep belief that fairness, honesty and integrity are important business assets of the Group. To strengthen internal controls and provide top-quality services with complete business integrity, the Group has fortified its internal systems in the light of its actual conditions by subjecting the entire business to discipline inspection and oversight, ensuring that any violations of discipline, regulations or laws such as abuse of power for personal gains, bribery, extortion, fraudulency or money-laundering can be reported to the management directly or in writing with absolute confidentiality, and continuously optimising the Group's whistle-blowing mechanisms, thus resolutely combating corruption and contributing to the building of a clean social environment.

During the reporting period, the Group was not involved in any litigation case against the Group or its employees for corruption.

## V. COMMUNITY INVESTMENT

We organise China Robot Competition (CRC) events and provide related training courses in Heilongjiang province. With respect to the participants, our activities not only increase their technology knowledge but also build their skills in communication and collaboration as well as cohesion. With respect to policy, our activities are in line with China's "Healthy China" initiative, which highlights health as a requisite for the development of individuals and society and the health of citizens as an important indicator of a country's affluence and strength and a common aspiration of all people, by engaging people in CRC events and improving their physical fitness and health. With respect to society, our activities waken and improve people's capabilities in creation, technological innovation and educational innovation and help develop a large amount of excellent high-quality professionals for the country. The sports industry of which we are a driver plays an important role in meeting people's diversified needs of sports, safeguarding and improving livelihood, expanding domestic demand, increasing employment, and strengthening the country's national solidarity and cultural competitiveness.

Environmental protection is a global concern, where the protection of trees which absorb carbon dioxide and alleviate the greenhouse effect features prominently. In this regard, the Shentong Card that we promote, which not only supports various connected devices (via the Internet, telecommunications networks, television networks and financial networks) but also is the only smart comprehensive educational billing card in China used for payment and smart management in connection with CRC competition events and training courses, plays a positive role by advancing paperless practices, thus reducing paper use and energy consumption, and ultimately reducing deforestation and alleviating the greenhouse effect and the global warming.

We always pay taxes in accordance with the law and spare no efforts to help local governments address employment pressure; we cover our Mainland employees with the "five insurances and one fund" scheme and our Hong Kong employees with the MPF scheme to help them plan their retirement arrangements; and we always maintain excellent operations and are committed to promoting green and environmental concepts and fostering a sustainable order of development, with a remarkable contribution to maintaining social stability and building harmonious communities.

#### VI. SUSTAINABLE DEVELOPMENT PLAN AND GOAL FOR 2017/18

For the year of 2017/18, we have set the following plan and goal to strengthen our ESG performance:

Plan/Goal	Highlights
Optimise the existing ESG system and processes	• Examine existing processes of ESG data collection and their integrity and accuracy
	• Establish environmental protection KPIs and determine the order of priority and timetable of creation of other ESG KPIs
	• Strengthen communication with stakeholders (including investors, suppliers, customers and society), collect their concerns, and make indepth analysis

### PURCHASE, SALE OR REDEMPTION OF SHARES

Neither the Company nor any of its subsidiary companies had purchased, sold or redeemed any of the Company's shares on the GEM during the year ended 31 March 2017.

### SHARE OPTION SCHEMES

The Company adopted a share option scheme (the "2013 Share Option Scheme") pursuant to an ordinary resolution passed at the annual general meeting of the Company held on 7 August 2013. Summary of the 2013 Share Option Scheme is as follows:

#### (a) Purpose and Participants of the 2013 Share Option Scheme

The purpose of the 2013 Share Option Scheme is to enable the Company to grant options to (i) any employees (including, without limitation, executive Directors) of the Company and/or any of its subsidiaries; (ii) any non-executive Directors (including, without limitation, independent non-executive Directors) of the Company and/or any of its subsidiaries; (iii) any consultants, suppliers or customers of the Company and/or any of its subsidiaries; (iv) any employee (whether full-time or part-time and including Directors) of any entity (the "Invested Entity") in which the Group holds any equity interest; and/ or (v) any person who, in the sole discretion of the Board, has contributed or may contribute to the Group eligible for share options under the 2013 Share Option Scheme (the "Eligible Participants") as incentives or rewards for their contribution to the Company and/or its Subsidiaries.

#### (b) Maximum number of shares available for issue

The maximum number of shares which may be allotted and issued upon the exercise of all options which initially shall not in aggregate exceed 10% of the shares in issue as at the date of adoption of the 2013 Share Option Scheme. Thereafter, if refreshed, the maximum number shall not exceed 10% of the shares in issue as at the date of approval of the refreshed limit by the shareholders.

The limit of the 2013 Share Option Scheme can be issued under the 2013 Share Option Scheme was 129,469,701 which is equivalent to 10% of the issued share capital of the Company as at the date of the annual general meeting of the Company held on 7 August 2013.

Subject to the issue of a circular by the Company and the approval of the shareholders of the Company (the "Shareholders") in general meeting and/or such other requirements prescribed under the GEM Listing Rules from time to time, the Board may:

- (i) refresh this limit at any time to 10% of the shares of the Company in issue as at the date of the approval by the Shareholders in general meeting (options previously granted under any share option schemes of the Company (including those outstanding, cancelled, lapsed in accordance with such schemes or exercised options) will not be counted for the purpose of calculating the limit as refreshed).
- (ii) grant options beyond the 10% limit to Eligible Participants specifically identified by the Board whereupon the Company shall send a circular to the Shareholders containing a generic description of the specified participants who may be granted such options, the number and terms of the options to be granted and the purpose of granting options to the specified participants with an explanation as to how the options serve such purpose.
- (iii) notwithstanding the foregoing, the shares of the Company which may be issued upon exercise of all outstanding options granted and yet to be exercised under the 2013 Share Option Scheme and any other share option schemes of the Company at any time shall not exceed 30% of the shares of the Company in issue from time to time. No options shall be granted under any schemes of the Company or any of its subsidiary companies if this will result in the 30% limit being exceeded.

As at the latest practicable date prior to the issue of this report, options to subscribe for a total of 18,000,000 option shares were still outstanding under the 2013 Share Option Scheme which represents approximately 1.1% of the issued ordinary shares of the Company.

#### (c) Maximum entitlement of each Eligible Participant

The total number of shares issued and to be issued upon exercise of the options granted to each Eligible Participant or Grantee (including exercised and outstanding options) in any 12-month period up to the date of grant shall not exceed 1% of the shares in issue. Where it is proposed that any offer is to be made to an Eligible Participant (or where approximate, an existing Grantee) which would result in the shares issued and to be issued upon exercise of all options granted and to be granted to such person (including exercised, cancelled and outstanding options) in the 12-month period up to and including the relevant date of grant to exceed such limit, such offer and any acceptance thereof must be conditional upon Shareholders' approval in general meeting with such Eligible Participant (or where appropriate, an existing Grantee) and his, her or its associates abstaining from voting.

The Company must send a circular to the Shareholders disclosing the identity of the Eligible Participant or Grantee, the number and terms of options to be granted (and options previously granted) to such Eligible Participant, the information required under the GEM Listing Rules. The number and terms (including the subscription price) of options to be granted to such Eligible Participant must be fixed before the date on which Shareholders' approval is sought and the date of the Board meeting for proposing such further grant should be taken as the date of grant for the purpose of calculating the subscription price.

#### (d) Price of shares

The subscription price for a share of the Company in respect of any particular option granted under the 2013 Share Option Scheme (which shall be payable upon exercise of the option) shall be such price as the Board in its absolute discretion shall determine, save that such price will not be less than the highest of (a) the closing price of the shares of the Company as stated in the Stock Exchange's daily quotations sheet on the date of grant, which must be a business day (and for this purpose shall be taken to be the date of the Board meeting at which the Board proposes to grant the options); (b) the average of the closing prices of the shares as stated in the Stock Exchange's daily quotations sheet for the five business days immediately preceding the date of grant; and (c) the nominal value of a share.

#### (e) Granting options to connected persons

Any grant of options to a Director, chief executive or substantial shareholder (as defined in the GEM Listing Rules) of the Company, or any of their respective associates (as defined in the GEM Listing Rules) must be approved by the independent non-executive Directors (excluding the independent non-executive Director who is the proposed grantee of the option).

Where any grant of options to a substantial shareholder (as defined in the GEM Listing Rules) of the Company or an independent non-executive Director or any of their respective associates (as defined in the GEM Listing Rules) would result in the shares issued or to be issued upon exercise of all options already granted or to be granted (including options exercised, cancelled and outstanding) to such person in the 12-month period up to and including the date of such grant:

- (i) representing in aggregate over 0.1% of the relevant class of shares of the Company in issue; and
- (ii) having an aggregate value, based on the closing price of the shares as stated in the daily quotation sheet issued by the Stock Exchange at the date of each grant, in excess of HK\$5 million, such further grant of options must be approved by Shareholders of the Company.

The Company must send a circular to the Shareholders disclosing (i) details of the number and terms of the options to be granted; (ii) a recommendation from the independent non-executive Directors (excluding an independent non-executive Director who is the proposed grantee of the options) on whether or not to vote in favour of the proposed grant; (iii) the information relating to any Directors who are trustees of the scheme or have a direct or indirect interest in the trustees; and (iv) the information required under the GEM Listing Rules. Any change in the terms of options granted to a connected person or its associates must be approved by Shareholders in a general meeting.

#### (f) Time of exercise of option

There is no general requirement that an option must be held for any minimum period before it can be exercised but the Board is empowered to impose at its discretion any such minimum period at the time of grant of any particular option. The date of grant of any particular option is the date when the duplicate offer document constituting acceptance of the option duly signed by the grantee, together with a remittance in favour of the Company of HK\$1.00 by way of consideration is received by the Company, such date must be on or before the 30th day after the option is offered to the relevant grantee. The period during which an option may be exercised will be determined by the Board at its absolute discretion, save that no option may be exercised more than 10 years after it has been granted. No option may be granted more than 10 years after the date of approval of the 2013 Share Option Scheme. Subject to earlier termination by the Company in general meeting or by the Board, the 2013 Share Option Scheme shall be valid and effective for a period of 10 years after the date of adoption of the 2013 Share Option Scheme by Shareholders by resolution at the general meeting.

Particulars of the outstanding options which have been granted under the 2013 Share Option Scheme as at 31 March 2017 were as follows:

# TO THE SHAREHOLDERS OF SHENTONG ROBOT EDUCATION GROUP COMPANY LIMITED

(FORMERLY KNOWN AS "CHINA COMMUNICATION TELECOM SERVICES COMPANY LIMITED") (Incorporated in the Cayman Islands with limited liability)

### **OPINION**

We have audited the consolidated financial statements of Shentong Robot Education Group Company Limited (formerly known as "China Communication Telecom Services Company Limited") and its subsidiaries (the "Group") set out on pages 42 to 86, which comprise the consolidated statement of financial position as at 31 March 2017, and the consolidated statement of profit or loss, consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 March 2017, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

### **BASIS FOR OPINION**

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### MATERIAL UNCERTAINTY RELATED TO GOING CONCERN

We draw attention to note 2 to the consolidated financial statements, which indicates that, as at 31 March 2017, the Group had net current liabilities of approximately HK\$227,207,000 and this condition indicates the existence of a material uncertainty which may cast significant doubt about the Group's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

### **KEY AUDIT MATTERS**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. The key audit matter we identified is impairment assessment on goodwill and intangible assets attributable to the "Robotics Training Course and Others Cash Generating Unit"

Key Audit Matter	How our audit addressed the Key Audit Matter		
Impairment assessment on goodwill and intangible assets attributable to the "Robotics Training Course and Others Cash Generating Unit"	Our procedures in relation to management's impairment assessment included:		
Refer to Notes 5(b), 18 and 19 to the consolidated financial statements and the accounting policies 4(b), 4(e) and 4(u)	<ul> <li>Evaluating the independent external valuer's competence, capabilities and objectivity;</li> </ul>		
The Group's Robotics Training Course and Others Cash	<ul> <li>Assessing the integrity of the value in use model;</li> </ul>		

Generating Unit ("CGU") has goodwill and intangible assets with carrying amounts of HK\$36,302,000 and HK\$371,929,000 respectively. Goodwill together with intangible assets with indefinite useful lives are required to be tested for impairment on an annual basis with reference to the CGU recoverable amount.

In performing the impairment assessment, the recoverable amount of the CGU was determined on the basis of a value in use model that required significant management judgement in making assumptions about budgeted revenue, profit margins, growth rates and in selecting an appropriate market discount rate.

- Challenging the reasonableness of management's key assumptions based on our knowledge of the business and industry;
- Reconciling input data to supporting evidence, including approved budgets and considering the historical accuracy of these budgets; and
- Assessing the appropriateness of the discount rate used with the assistance of our internal valuation specialist.

### **OTHER INFORMATION**

The directors are responsible for the Other Information. The Other Information comprises all the information in the Company's annual report other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the Other Information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the Other Information identified above and, in doing so, consider whether the Other Information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of the Other Information, we are required to report that fact. We have nothing to report in this regard.

### RESPONSIBILITIES OF DIRECTORS FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The Audit Committee assists the directors in discharging their responsibilities for overseeing the Group's financial reporting process.

### AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or
  error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and
  appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is
  higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations,
  or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Mr. Chris Wong Wo Cheung.

### 1. GENERAL INFORMATION

The Company was incorporated in the Cayman Islands as an exempted company with limited liability under the Companies Law of the Cayman Islands. The address of its registered office is PO Box 309, Ugland House, Grand Cayman, KY1-1104, Cayman Islands. The address of its principal place of business in Hong Kong is Units 2115–2116, 21/F, China Merchants Tower, Shun Tak Centre, 168–200 Connaught Road Central, Hong Kong. The Company's shares are listed on the Growth Enterprise Market of The Stock Exchange of Hong Kong Limited (the "Stock Exchange").

The Company changed its English name from "China Communication Telecom Services Company Limited" to "Shentong Robot Education Group Company Limited", and the Chinese name was changed from "神通電信服務有限公司" to "神通 機器人教育集團有限公司". These changes have been effective since 5 August 2016. The Certificate of Incorporation on Change of Name certifying the registration of change of English name of the Company issued by the Registry of Companies in the Cayman Islands was issued on 9 August 2016, and the Certificate of Registration of Alteration of Name of Registered Non-Hong Kong Company certifying the new name of the Company under Part 16 of the Hong Kong Companies Ordinance (Chapter 622) was issued on 1 September 2016.

The Company is an investment holding company. The principal activities of its subsidiaries are set out in note 20 to the consolidated financial statements.

### 2. BASIS OF PREPARATION

These consolidated financial statements have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA"). HKFRSs comprise Hong Kong Financial Reporting Standards ("HKFRS"); Hong Kong Accounting Standards ("HKAS"); and Interpretations. These consolidated financial statements also comply with the applicable disclosure provisions of the Rules Governing the Listing of Securities on the Growth Enterprise Market (the "GEM") of the Stock Exchange and with the disclosure requirements of the Hong Kong Companies Ordinance (Cap. 622). Significant accounting policies adopted by the Group are disclosed below.

The HKICPA has issued certain new and revised HKFRSs that are first effective or available for early adoption for the current accounting period of the Group. Note 3 provides information on any changes in accounting policies resulting from initial application of these developments to the extent that they are relevant to the Group for the current and prior accounting periods reflected in these consolidated financial statements.

The Group had net current liabilities of approximately HK\$227,207,000 as at 31 March 2017. This condition indicates the existence of a material uncertainty which may cast significant doubt about the Group's ability to continue as a going concern and, therefore, it may be unable to realise its assets and discharge its liabilities in the normal course of business.

Nevertheless, the directors had adopted the going concern basis in the preparation of these consolidated financial statements of the Group based on the following:

- (a) On 15 November 2016, the Group agreed with China Communication Investment Limited ("CCI"), a substantial shareholder of the Company, to postpone the repayment date to 15 November 2017 for an amount of HK\$200,100,000 due to CCI and the directors expect that the repayment date will be further postponed successfully.
- (b) On 31 May 2017, the Group agreed with CCI to postpone the maturity date of the promissory note to 30 June 2018.
- (c) The directors have obtained the confirmation from 神州通信集團有限公司 (China Communication Group Co., Ltd.\*) ("CCC"), the holding company of CCI and regarded as the substantial shareholder of the Company, that CCC will continue to provide adequate funds for the Group to meet its present and future financial obligations as they fall due, and to cause CCI to postpone the repayment dates of any present and future liabilities due to CCI by the Group when necessary.

FOR THE YEAR ENDED 31 MARCH 2017

# 2. BASIS OF PREPARATION (CONTINUED)

Having regard to the financial support of CCC and CCI, at a level sufficient to finance the working capital requirements of the Group, the directors are therefore of the opinion that it is appropriate to prepare the consolidated financial statements on a going concern basis. Should the Group be unable to continue as a going concern, adjustments would have to be made to the consolidated financial statements to adjust the value of the Group's assets to their recoverable amounts, to provide for any further liabilities which might arise and to reclassify non-current assets and liabilities as current assets and liabilities, respectively.

### 3. ADOPTION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS

#### (a) Application of new and revised HKFRSs

The HKICPA has issued a number of new and revised HKFRSs that are first effective for annual periods beginning on or after 1 April 2016. None of these developments have had a material effect on how the Group's results and financial position for the current or prior periods have been prepared or presented.

#### (b) New and revised HKFRSs in issue but not yet effective

The Group has not early applied new and revised HKFRSs that have been issued but are not yet effective for the financial year beginning 1 April 2016. These new and revised HKFRSs include the following which may be relevant to the Group.

	Effective for accounting periods beginning on or after
Amendments to HKAS 7 Statement of Cash Flows: Disclosure initiative	1 January 2017
Amendments to HKAS 12 Income Taxes: Recognition of deferred tax assets for unrealised losses	1 January 2017
HKFRS 9 Financial Instruments	1 January 2018
HKFRS 15 Revenue from Contracts with Customers	1 January 2018
Amendments to HKFRS 2 Share-based Payment: Classification and measurement of share-based payment transactions	1 January 2018
Annual Improvements to HKFRSs 2014–2016 Cycle	1 January 2018
HKFRS 16 Leases	1 January 2019

The Group is in the process of making an assessment of what the impact of these amendments and new standards is expected to be in the period of initial application. So far the Group has identified some aspects of the new standards which may have a significant impact on the consolidated financial statements. Further details of the expected impacts are discussed below. As the Group has not completed its assessment, further impacts may be identified in due course.

FOR THE YEAR ENDED 31 MARCH 2017

# 3. ADOPTION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS

### (CONTINUED)

### (b) New and revised HKFRSs in issue but not yet effective (Continued)

### HKFRS 9 Financial Instruments

The standard replaces HKAS 39 Financial Instruments: Recognition and Measurement.

The standard introduces a new approach to the classification of financial assets which is based on cash flow characteristics and the business model in which the asset is held. A debt instrument that is held within a business model whose objective is to collect the contractual cash flows and that has contractual cash flows that are solely payments of principal and interest on the principal outstanding is measured at amortised cost. A debt instrument that is held within a business model whose objective is achieved by both collecting the contractual cash flows and selling the instruments and that has contractual cash flows that are solely payments of principal and interest on the principal outstanding is measured at fair value through the contractual cash flows that are solely payments of principal and interest on the principal outstanding is measured at fair value through profit or loss. Equity instruments are generally measured at fair value through profit or loss. However, an entity may make an irrevocable election on an instrument-by-instrument basis to measure equity instruments that are not held for trading at fair value through other comprehensive income.

The requirements for the classification and measurement of financial liabilities are carried forward largely unchanged from HKAS 39 except that when the fair value option is applied changes in fair value attributable to changes in own credit risk are recognised in other comprehensive income unless this creates an accounting mismatch.

HKFRS 9 introduces a new expected-loss impairment model to replace the incurred-loss impairment model in HKAS 39. It is no longer necessary for a credit event or impairment trigger to have occurred before impairment losses are recognised. For financial assets measured at amortised cost or fair value through other comprehensive income, an entity will generally recognise 12-month expected credit losses. If there has been a significant increase in credit risk since initial recognition, an entity will recognise lifetime expected credit losses. The standard includes a simplified approach for trade receivables to always recognise the lifetime expected credit losses.

The de-recognition requirements in HKAS 39 are carried forward largely unchanged.

The new expected credit loss impairment model in HKFRS 9 may result in the earlier recognition of impairment losses on the Group's trade receivables and other financial assets. The Group is unable to quantity the impact until a more detailed assessment is completed.

#### HKFRS 15 Revenue from Contracts with Customers

HKFRS 15 replaces all existing revenue standards and interpretations.

The core principle of the standard is that an entity recognises revenue to depict the transfer of goods and services to customers in an amount that reflects the consideration to which the entity expects to become entitled in exchange for those goods and services.

FOR THE YEAR ENDED 31 MARCH 2017

# 3. ADOPTION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS

#### (CONTINUED)

(b) New and revised HKFRSs in issue but not yet effective (Continued) HKFRS 15 Revenue from Contracts with Customers (Continued) An entity recognises revenue in accordance with the core principle by applying a 5-step model:

- 1. Identify the contract with a customer
- 2. Identify the performance obligations in the contract
- 3. Determine the transaction price
- 4. Allocate the transaction price to the performance obligations in the contract
- 5. Recognise revenue when or as the entity satisfies a performance obligation

The standard also includes comprehensive disclosure requirements relating to revenue.

The Group is currently assessing the impacts of adopting HKFRS 15 on the consolidated financial statements but unable to estimate the impact of the new standard on the consolidated financial statements until a more detailed analysis is completed.

#### HKFRS 16 Leases

HKFRS 16 replaces HKAS 17 Leases and related interpretations. The new standard introduces a single accounting model for lessees. For lessees the distinction between operating and finance leases is removed and lessees will recognise right-of-use assets and lease liabilities for all leases (with optional exemptions for short-term leases and leases of low value assets). HKFRS 16 carries forward the accounting requirements for lessors in HKAS 17 substantially unchanged. Lessors will therefore continue to classify leases as operating or financing leases.

The Group's office property leases are currently classified as operating leases and the lease payments (net of any incentives received from the lessor) are recognised as an expense on a straight-line basis over the lease term. Under HKFRS 16 the Group may need to recognise and measure a liability at the present value of the future minimum lease payments and recognise a corresponding right-of-use asset for these leases. The interest expense on the lease liability and depreciation on the right-of-use asset will be recognised in profit or loss. The Group's assets and liabilities will increase and the timing of expense recognition will also be impacted as a result.

As disclosed in note 35, the Group's future minimum lease payments under non-cancellable operating leases for its office properties amounted to HK\$12,954,000 as at 31 March 2017. The Group will need to perform a more detailed assessment in order to determine the new assets and liabilities arising from these operating leases commitments after taking into account the transition reliefs available in HKFRS 16 and the effects of discounting.

FOR THE YEAR ENDED 31 MARCH 2017

### 4. SIGNIFICANT ACCOUNTING POLICIES

These consolidated financial statements have been prepared under the historical cost convention.

The preparation of financial statements in conformity with HKFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in note 5.

The significant accounting policies applied in the preparation of these consolidated financial statements are set out below.

#### (a) Consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries made up to 31 March. Subsidiaries are entities over which the Group has control. The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The Group has power over an entity when the Group has existing rights that give it the current ability to direct the relevant activities, i.e. activities that significantly affect the entity's returns.

When assessing control, the Group considers its potential voting rights as well as potential voting rights held by other parties. A potential voting right is considered only if the holder has the practical ability to exercise the right.

Subsidiaries are consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date the control ceases.

Intragroup transactions, balances and unrealised profits are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

In the Company's statement of financial position, an investment in a subsidiary is stated at cost less impairment loss, unless the investment is classified as held for sale (or included in a disposal group that is classified as held for sale).

FOR THE YEAR ENDED 31 MARCH 2017

### 4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (b) Business combination (other than under common control) and goodwill

The acquisition method is used to account for the acquisition of a subsidiary in a business combination. The consideration transferred in a business combination is measured at the acquisition-date fair value of the assets given, equity instruments issued, liabilities incurred and any contingent consideration. Acquisition-related costs are recognised as expenses in the periods in which the costs are incurred and the services are received. Identifiable assets and liabilities of the subsidiary in the acquisition are measured at their acquisition-date fair values.

The excess of the sum of the consideration transferred over the Group's share of the net fair value of the subsidiary's identifiable assets and liabilities is recorded as goodwill. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the sum of the consideration transferred is recognised in consolidated profit or loss as a gain on bargain purchase which is attributed to the Group.

In a business combination achieved in stages, the previously held equity interest in the subsidiary is remeasured at its acquisition-date fair value and the resulting gain or loss is recognised in consolidated profit or loss. The fair value is added to the sum of the consideration transferred in a business combination to calculate the goodwill.

After initial recognition, goodwill is measured at cost less accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is allocated to each of the cash-generating units ("CGUs") or groups of CGUs that is expected to benefit from the synergies of the combination. Each unit or group of units to which the goodwill is allocated represents the lowest level within the Group at which the goodwill is monitored for internal management purposes. Goodwill impairment reviews are undertaken annually, or more frequently if events or changes in circumstances indicate a potential impairment. The carrying value of the CGU containing the goodwill is compared to its recoverable amount, which is the higher of value in use and the fair value less costs of disposal. Any impairment is recognised immediately as an expense and is not subsequently reversed.

#### (c) Foreign currency translation

#### (i) Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in Hong Kong dollars ("HK\$"), which is the Company's functional and presentation currency.

#### (ii) Transactions and balances in each entity's financial statements

Transactions in foreign currencies are translated into the functional currency on initial recognition using the exchange rates prevailing on the transaction dates. Monetary assets and liabilities in foreign currencies are translated at the exchange rates at the end of each reporting period. Gains and losses resulting from this translation policy are recognised in of profit or loss.

Non-monetary items that are measured at fair values in foreign currencies are translated using the exchange rates at the dates when the fair values are determined.

When a gain or loss on a non-monetary item is recognised in other comprehensive income, any exchange component of that gain or loss is recognised in other comprehensive income. When a gain or loss on a non-monetary item is recognised in profit or loss, any exchange component of that gain or loss is recognised in profit or loss.

FOR THE YEAR ENDED 31 MARCH 2017

### 4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(c) Foreign currency translation (Continued)

#### (iii) Translation on consolidation

The results and financial position of all the Group entities that have a functional currency different from the Company's presentation currency are translated into the Company's presentation currency as follows:

- Assets and liabilities for each statement of financial position presented are translated at the closing rate at the date of that statement of financial position;
- Income and expenses are translated at average exchange rates for the period (unless this average is
  not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates,
  in which case income and expenses are translated at the exchange rates on the transaction dates); and
- All resulting exchange differences are recognised in other comprehensive income and accumulated in the foreign currency translation reserve.

On consolidation, exchange differences arising from the translation of monetary items that form part of the net investment in foreign entities are recognised in other comprehensive income and accumulated in the foreign currency translation reserve. When a foreign operation is sold, such exchange differences are reclassified to the consolidated profit or loss as part of the profit or loss on disposal.

Goodwill and fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the closing rate.

#### (d) Property, plant and equipment

Property, plant and equipment are stated in the consolidated statement of financial position at cost, less subsequent accumulated depreciation and subsequent accumulated impairment losses, if any.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are recognised in profit or loss during the period in which they are incurred.

Depreciation of property, plant and equipment is calculated at rates sufficient to write off their cost less their residual values over the estimated useful lives on a straight-line basis. The principal annual rates are as follows:

Computer equipment	33% - 50%
Leasehold improvement	Shorter of unexpired lease period and useful lives
Equipments, furniture and fixtures	20% - 33 <sup>1</sup> / <sub>3</sub> %
Motor vehicles	18% – 25%
Training equipments	331/3%

The residual values, useful lives and depreciation method are reviewed and adjusted, if appropriate, at the end of each reporting period.

The gain or loss on disposal of property, plant and equipment is the difference between the net sales proceeds and the carrying amount of the relevant asset, and is recognised in profit or loss.

FOR THE YEAR ENDED 31 MARCH 2017

### 4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Intangible assets acquired in a business combination

Intangible assets acquired in a business combination are identified and recognised separately from goodwill where they satisfy the definition of an intangible asset.

Intangible assets assessed to have indefinite useful lives are not amortised. Any conclusion that the useful life of an intangible asset is indefinite is reviewed annually to determine whether events and circumstances continue to support the indefinite useful life assessment for that asset. If they do not, the change in the useful life assessment from indefinite to finite is accounted for prospectively from the date of change and amortisation is charged to profit or loss on a straight-line basis over the asset's estimated remaining useful life.

Impairment reviews of intangible assets with indefinite useful lives are undertaken annually, or more frequently if events or changes in circumstances indicate a potential impairment.

#### (f) Inventories

(e)

Inventories are stated at the lower of cost and net realisable value. Cost is determined using the first-in, first-out basis. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

#### (g) Operating leases (the Group as lessee)

Leases that do not substantially transfer to the Group all the risks and rewards of ownership of assets are accounted for as operating leases. Lease payments (net of any incentives received from the lessor) are recognised as an expense on a straight-line basis over the lease term.

#### (h) Recognition and derecognition of financial instruments

Financial assets and financial liabilities are recognised in the consolidated statement of financial position when the Group becomes a party to the contractual provisions of the instruments.

Financial assets are derecognised when the contractual rights to receive cash flows from the assets expire; the Group transfers substantially all the risks and rewards of ownership of the assets; or the Group neither transfers nor retains substantially all the risks and rewards of ownership of the assets but has not retained control on the assets. On derecognition of a financial asset, the difference between the asset's carrying amount and the sum of the consideration received and the cumulative gain or loss that had been recognised in other comprehensive income is recognised in profit or loss.

Financial liabilities are derecognised when the obligation specified in the relevant contract is discharged, cancelled or expires. The difference between the carrying amount of the financial liability derecognised and the consideration paid is recognised in profit or loss.

### (i) Financial assets

Financial assets are recognised and derecognised on a trade date basis where the purchase or sale of an financial asset is under a contract whose terms require delivery of the financial assets within the timeframe established by the market concerned, and are initially measured at fair value, plus directly attributable transaction costs except in the case of financial assets at fair value through profit or loss.

The Group classifies its financial assets as loans and receivables. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition.

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. These assets are carried at amortised cost using the effective interest method (except for short-term receivables where interest is immaterial) minus any reduction for impairment or uncollectibility. Typically other receivables, bank and cash balances are classified in this category.

FOR THE YEAR ENDED 31 MARCH 2017

# 4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (j) Trade and other receivables

Trade receivables are amounts due from customers for merchandise sold or services performed in the ordinary course of business. If collection of trade and other receivables is expected in one year or less (or in the normal operating cycle of the business if longer), they are classified as current assets. If not, they are presented as non-current assets.

Trade and other receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less allowance for impairment.

#### (k) Cash and cash equivalents

For the purpose of the consolidated statement of cash flows, cash and cash equivalents represent cash at bank and on hand, demand deposits with banks and other financial institutions, and short-term highly liquid investments which are readily convertible into known amounts of cash and subject to an insignificant risk of change in value.

#### (I) Financial liabilities and equity instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument under HKFRSs. An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. The accounting policies adopted for specific financial liabilities and equity instruments are set out below.

#### (m) Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred, and subsequently measured at amortised cost using the effective interest method.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

#### (n) Trade and other payables

Trade and other payables are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method unless the effect of discounting would be immaterial, in which case they are stated at cost.

#### (o) Equity instruments

Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

FOR THE YEAR ENDED 31 MARCH 2017

# 4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (p) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable and is recognised when it is probable that the economic benefits will flow to the Group and the amount of revenue can be measured reliably.

Competition admission fee income is recognised when the service is rendered.

Training course income is recognised when the service is rendered.

Rental income of training equipments is recognised upon provision of rental service.

Promotion and management services income includes issuance handling fees and sales commission which is recognised when each electronic smart card "Designated Shentong Card" is activated. Technical services commission is recognised when expenditures of Designated Shentong Card are made by users.

Interest income is recognised on a time-proportion basis using the effective interest method.

All revenue are net of value-added tax and other sales levy.

#### (q) Employee benefits

#### (i) Employee leave entitlements

Employee entitlements to annual leave and long service leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave and long service leave as a result of services rendered by employees up to the end of the reporting period.

Employee entitlements to sick leave and maternity leave are not recognised until the time of leave.

#### (ii) Pension obligations

The Group contributes to defined contribution retirement schemes which are available to all eligible employees. Contributions to the schemes by the Group and employees are calculated as a percentage of employees' basic salaries. The retirement benefit scheme cost charged to profit or loss represents contributions payable by the Group to the funds.

#### (iii) Termination benefits

Termination benefits are recognised at the earlier of the dates when the Group can no longer withdraw the offer of those benefits, and when the Group recognises restructuring costs and involves the payment of termination benefits.

#### (r) Share-based payments

The Group issues equity-settled share-based payments to certain employees and others providing similar services. Equity-settled share-based payments are measured at fair value (excluding the effect of non-market based vesting conditions) of the equity instruments at the date of grant. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Group's estimate of shares that will eventually vest and adjusted for the effect of non-market based vesting conditions.

FOR THE YEAR ENDED 31 MARCH 2017

# 4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (s) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

To the extent that funds are borrowed generally and used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalisation is determined by applying a capitalisation rate to the expenditures on that asset. The capitalisation rate is the weighted average of the borrowing costs applicable to the borrowings of the Group that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

### (t) Taxation

Income tax represents the sum of the current tax and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit recognised in profit or loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences, unused tax losses or unused tax credits can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised, based on tax rates that have been enacted or substantively enacted by the end of the reporting period. Deferred tax is recognised in profit or loss, except when it relates to items recognised in other comprehensive income or directly in equity, in which case the deferred tax is also recognised in other comprehensive income or directly in equity.

FOR THE YEAR ENDED 31 MARCH 2017

# 4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (t) Taxation (Continued)

The measurement of deferred tax assets and liabilities reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

#### (u) Impairment of non-financial assets

The carrying amounts of non-financial assets are reviewed at each reporting date for indications of impairment and where an asset is impaired, it is written down as an expense through the consolidated statement of profit or loss to its estimated recoverable amount. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. If this is the case, recoverable amount is determined for the cash-generating unit to which the asset belongs. Recoverable amount is the higher of value in use and the fair value less costs of disposal of the individual asset or the cash-generating unit.

Value in use is the present value of the estimated future cash flows of the asset/cash-generating unit. Present values are computed using pre-tax discount rates that reflect the time value of money and the risks specific to the asset/cash-generating unit whose impairment is being measured.

Impairment losses for cash-generating units are allocated first against the goodwill of the unit and then pro rata amongst the other assets of the cash-generating unit. Subsequent increases in the recoverable amount caused by changes in estimates are credited to profit or loss to the extent that they reverse the impairment.

#### (v) Impairment of financial assets

At the end of each reporting period, the Group assesses whether its financial assets (other than those at fair value through profit or loss) are impaired, based on objective evidence that, as a result of one or more events that occurred after the initial recognition, the estimated future cash flows of the (group of) financial asset(s) have been affected.

The carrying amount of financial assets is directly reduced by the impairment loss.

For financial assets measured at amortised cost, if the amount of the impairment loss decreases in a subsequent period and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed (either directly or by adjusting the allowance account for trade receivables) through profit or loss. However, the reversal must not result in a carrying amount that exceeds what the amortised cost of the financial asset would have been had the impairment not been recognised at the date the impairment is reversed.

FOR THE YEAR ENDED 31 MARCH 2017

# 4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (w) Provisions and contingent liabilities

Provisions are recognised for liabilities of uncertain timing or amount when the Group has a present legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Where the time value of money is material, provisions are stated at the present value of the expenditures expected to settle the obligation.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow is remote.

#### (x) Events after the reporting period

Events after the reporting period that provide additional information about the Group's position at the end of the reporting period or those that indicate the going concern assumption is not appropriate are adjusting events and are reflected in the consolidated financial statements. Events after the reporting period that are not adjusting events are disclosed in the notes to the consolidated financial statements when material.

# 5. CRITICAL JUDGEMENTS AND KEY ESTIMATES

#### Critical judgements in applying accounting policies

In the process of applying the accounting policies, the directors have made the following judgement that has the most significant effect on the amounts recognised in the consolidated financial statements (apart from those involving estimations, which are dealt with below).

#### (a) Going concern basis

These consolidated financial statements have been prepared on a going concern basis, the validity of which depends upon the financial support of the substantial shareholders at a level sufficient to finance the working capital requirements of the Group. Details are explained in note 2 to the consolidated financial statements.

#### (b) Exclusive Rights assessed to have indefinite useful lives

The Group regarded and assessed the Exclusive Rights to have indefinite useful lives as at date of acquisition and at end of reporting period. Accounting policy of intangible assets with indefinite useful lives is set out in note 4(e) to the consolidated financial statements. Details of the Exclusive Rights and the reasons for the Group's assessment are set out in note 19 to the consolidated financial statements.

#### Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

#### (a) Useful lives and depreciation of property, plant and equipment

The Group determines the estimated useful lives, residual values and related depreciation charges for the Group's property, plant and equipment. This estimate is based on the historical experience of the actual useful lives and residual values of property, plant and equipment of similar nature and functions. The Group will revise the depreciation charge where useful lives and residual values are different to those previously estimated, or it will write-off or write-down technically obsolete or non-strategic assets that have been abandoned.

The carrying amount of property, plant and equipment as at 31 March 2017 was HK\$5,416,000 (2016: HK\$933,000).

FOR THE YEAR ENDED 31 MARCH 2017

### 5. CRITICAL JUDGEMENTS AND KEY ESTIMATES (CONTINUED)

Key sources of estimation uncertainty (Continued)

#### (b) Robotics training and others CGU impairment assessment

The Group's Robotics Training and Others Cash Generating Unit ("CGU") has goodwill and intangible assets (i.e. Exclusive Rights). These relate to the Group's acquisition of Robotics Training and Others operations which management is required to assess for impairment. The impairment assessment involve the value in use of CGU, which requires the Group to estimate the future cash flows expected to arise from the CGU and a suitable discount rate in order to calculate the present value.

The carrying amount of goodwill and Exclusive Rights at end of the reporting period were HK\$36,302,000 and HK\$371,929,000 respectively.

#### (c) Income taxes

The Group is subject to income taxes in several jurisdictions. Significant estimates are required in determining the provision for income taxes. There are many transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made. During the year, HK\$7,661,000 (2016: HK\$1,550,000) of income tax was charged in profit or loss based on the estimated profits of the Group's subsidiaries in the PRC.

#### 6. FINANCIAL RISK MANAGEMENT

The Group's activities expose it to a variety of financial risks: foreign currency risk, credit risk, liquidity risk and interest rate risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance.

#### (a) Foreign currency risk

The Group has minimal exposure to foreign currency risk as most of its business transactions, assets and liabilities are principally denominated in the functional currencies of the principal operation entities of the Group. The Group currently does not have a foreign currency hedging policy in respect of foreign currency transactions, assets and liabilities. The Group monitors its foreign currency exposure closely and will consider hedging significant foreign currency exposure should the need arise.

#### (b) Credit risk

The Group's credit risk is primarily attributable to other receivables and bank and cash balances. In order to minimise credit risk, the directors have delegated a team to be responsible for the determination of credit limits, credit approvals and other monitoring procedures. In addition, the directors review the recoverable amount of each individual receivable regularly to ensure that adequate impairment losses are recognised for irrecoverable debts. In this regard, the directors consider that the Group's credit risk is significantly reduced.

The Group has certain concentrations of credit risk in the amount due from a substantial shareholder and amounts due from related companies, which is closely monitored by the directors.

The credit risk on bank and cash balances is limited because the counterparties are banks which high credit-ratings assigned by international credit-rating agencies.

FOR THE YEAR ENDED 31 MARCH 2017

### 6. FINANCIAL RISK MANAGEMENT (CONTINUED)

#### (c) Liquidity risk

The Group's policy is to regularly monitor current and expected liquidity requirements to ensure that it maintains sufficient reserves of cash to meet its liquidity requirements in the short and longer term.

The maturity analysis based on contractual undiscounted cash flows of the Group's non-derivative financial liabilities is as follows:

	Less than 1 year HK\$′000	Between 1 and 2 years HK\$'000	<b>Total</b> HK\$'000
	1100 000	111(\$ 000	1110-000

At 31 March 2016			
Accruals and other payables	2,003	-	2,003
Promissory note	_	104,320	104,320

As described in note 2 to the consolidated financial statements, the Group has reached an agreement with CCI to postpone the maturity date of promissory note to 30 June 2018. Furthermore, the Group agreed with CCI to postpone the repayment date to 15 November 2017 for an amount of HK\$200,100,000 due to them, and directors expect to further postpone the repayment date successfully. The directors are of the view that these would be adequate to maintain the liquidity risk to an acceptable level.

#### (d) Interest rate risk

The Group has minimal exposure to interest rate risk as the changes in market interest rates have insignificant effect on the Group's operating cash flow.

The Group's interest-rate risk arises from promissory note, which is at fixed rate and will expose the Group to fair value interest-rate risk.

### 9. SEGMENT INFORMATION

The Group has the following operating segments:

Promotion and management services	-	Provision of promotion and management services for an electronic smart card "Designated Shentong Card" in the PRC
Robotics training course and others	-	Organising and hosting of China Robot Competition ("CRC") and provision of CRC training course in Heilongjiang Province in the PRC.

A new operating segment, Robotics Training Course and Others was formed during the year.

The Group's reportable segments are strategic business units that offer different products and services. They are managed separately because each business requires different technology and marketing strategies. Each of the above operating segments corresponds to related subsidiaries engaging in the respective segment activities.

The accounting policies of the operating segment are the same as those described in note 4 to the consolidated financial statements. Segment profits or losses do not include finance costs, income tax expense and unallocated corporate expenses. Segment assets include all non-current assets and current assets with the exception of corporate assets. Segment liabilities include all non-current liabilities and current liabilities with the exception of current tax liabilities, deferred tax liabilities and corporate liabilities.

Goodwill acquired in a business combination is allocated, at acquisition, to the CGUs that are expected to benefit from that business combination.

The Group acquired 100% equity interest of Copious Link Ventures Limited and its subsidiaries (collectively referred to the "Copious Link Group") on 16 May 2016. The goodwill arising from the acquisition is allocated to Robotics Training Course and Others Cash Generating Unit ("CGU").

The recoverable amounts of the CGU has been determined on the basis of their value in use calculations using discounted cash flow method. The key assumptions for the discounted cash flow method are those regarding the discount rates, growth rates and budgeted gross margin and turnover during the period. The Group estimates discount rates using pretax rates that reflect current market assessments of the time value of money and the risks specific to the CGU. The growth rates are based on long-term average economic growth rate of the geographical area in which the businesses of the CGU operate. Budgeted gross margin and revenue are based on past practices and expectations on market development.

The Group prepares cash flow forecasts derived from the most recent financial budgets approved by the directors for the next five years with the residual period using the growth rate of 3%. This rate does not exceed the average long-term growth rate for the relevant markets.

The rate used to discount the forecast cash flows from the Group's Robotics Training Course and others CGU is 28.4%.

Exclusive Rights represent the rights to use the CRC Shengtong Card payment system, to organise and develop China Robot Competition (全國素質體育機器人運動會) ("CRC") competition events and to provide CRC education and training courses in the Heilongjiang Province of the PRC.

Heilongjiang Shentong Cultural Club Company Limited ("Heilongjiang Shentong"), a subsidiary of the Company, was authorised by Beijing Shentong Culture Club Co., Ltd. ("Beijing Shentong"), and consented by the Social Sports Direction Centre of the General Administration of Sport (國家體育總局社會體育指導中心) and further confirmed by the Heilongjiang Province Sports Federation (黑龍江省體育總會) and the Harbin Municipal Sports Federation (哈爾濱市體育總會) to organise and develop CRC competition events and to provide CRC education and training courses in Heilongjiang Province of the PRC.

Pursuant to CRC Organisation Contract, Beijing Shentong obtained from the Social Sports Direction Centre of the General Administration of Sport, among other things, the rights to organise and develop CRC competition events and to provide CRC education and training courses at a national level for an initial period from 9 May 2011 to 31 December 2016, upon the expiry of which the CRC Organisation Contract would be automatically extended. Each extension shall be for a duration of five years if the parties have no objection. The parties intend to form a long-term cooperation relationship, and that the CRC Organisation Contract shall remain effective for a long-term.

Pursuant to the Heilongjiang CRC Authorisation Supplemental Agreement, so long as the co-operation period between the Social Sports Direction Centre of the General Administration of Sport and Beijing Shentong under the CRC Organisation Contract remains effective, the authorisation granted by Beijing Shentong to Heilongjiang Shentong would be automatically extended indefinitely unless terminated by Heilongjiang Shentong by written notice.

Pursuant to the CRC Shentong Card Payment System Heilongjiang Province Exclusive Right Authorisation Agreement, CCC granted to Heilongjiang Shentong the long-term and exclusive right to use the CRC Shentong Card payment system. The CRC Shentong Card Payment System Heilongjiang Province Exclusive Right Authorisation Agreement shall be effective and extended indefinitely unless terminated by Heilongjiang Shentong.

Exclusive Rights of the Group are regarded and assessed to have indefinite useful lives as there is no foreseeable limit to the period over which these assets are expected to generate cash flows for the Group.

At the end of the reporting period, the Group has unused tax losses of approximately HK\$19,566,000 (2016: HK\$19,566,000) available for offset against future profits and may be carried forward indefinitely.

No deferred tax asset has been recognised in respect of the tax losses due to the unpredictability of future profit streams.

At the end of the reporting period, the aggregate amount of temporary differences associated with undistributed earnings of subsidiaries for which deferred tax liabilities have not been recognised is approximately HK\$79,396,000 (2016: HK\$22,946,000). No liability has been recognised in respect of these differences because the Group is in a position to control the timing of reversal of the temporary differences and it is probable that such differences will not reverse in the foreseeable future.

At the end of the year	1,655,697,017	16,557	1,294,697,017	12,947

Note: On 3 May 2016, the Company entered into CCI Subscription Agreement with CCI in respect of 100,000,000 new shares of the Company to be allotted and issued to CCI at HK\$0.5 per new share. The CCI Subscription Agreement was completed on 16 May 2016. On 3 May 2016, the Company entered into Investor Subscription Agreements with 6 independent investors in respect of a total of 261,000,000 new shares of the Company to be allotted and issued to them at HK\$0.5 per new share. The Investor Subscription Agreements were completed on 16 May 2016.

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders, by pricing products and services commensurately with the level of risk and by securing access to finance at reasonable cost.

The Group actively and regularly reviews and manages its capital structure to maintain a balance between the higher shareholder returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position, and makes judgements to the capital structure in light of changes in economic conditions. In order to adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Group monitors capital on the basis of the debt-to-adjusted capital ratio. This ratio is calculated as net debt divided by adjusted capital. Total debt is defined as promissory note and all amounts due to related companies. Adjusted capital comprises all components of equity except for non-controlling interests, if any.

FOR THE YEAR ENDED 31 MARCH 2017

### 28. SHARE CAPITAL (CONTINUED)

During the current reporting period, the Group's strategy, which was unchanged from prior years, was to reduce the debtto-adjusted capital ratio to reasonable level in order to secure access to finance at a reasonable cost. The debt-to-adjusted capital ratios at 31 March 2017 and 31 March 2016 were as follows:

	2017 HK\$′000	2016 HK\$'000
Total debt	304,507	101,949
Less: cash and cash equivalents	(92,525)	(17,961)
Net debt	211,982	83,988
Total equity	91,426	(75,832)
Debt-to-adjusted capital ratio	232%	N/A

The increase of net debt is because of the Exclusive Rights related payable acquired by the Group during acquisition of Copious Link Group in the reporting period. The increase of total equity was caused by subscription of new shares of the Company during the reporting period. No debt-to-adjusted capital ratio as at 31 March 2016 was presented as the Group has negative equity.

The externally imposed capital requirement is that for the Company to maintain its listing on the Stock Exchange it has to have a public float of at least 25% of its issued shares throughout the year. The Company was not informed of any change in its shareholdings that would lead to its non-compliance with the 25% limit throughout the year.

#### 30. RESERVES

#### (a) Group

The amounts of the Group's reserves and movements therein are presented in the consolidated statement of profit or loss and other comprehensive income and consolidated statement of changes in equity.

#### (b) Nature and purpose of reserves

#### (i) Share premium

Under the Companies Law of the Cayman Islands, the funds in the share premium account of the Company are distributable to the shareholders of the Company provided that immediately following the date on which the dividend is proposed to be distributed, the Company will be in a position to pay off its debts as they fall due in the ordinary course of business.

#### (ii) Merger reserve

The merger reserve of the Group represents the difference between the nominal value of the shares of the acquired subsidiaries and the nominal value of the Company's shares issued for the acquisition at the time of the group reorganisation prior to the listing of the Company's shares in 2002.

#### (iii) Foreign currency translation reserve

The foreign currency translation reserve comprises all foreign exchange differences arising from the translation of the financial statements of foreign operations. The reserve is dealt with in accordance with the accounting policies set out in note 4(c) to the consolidated financial statements.

#### (iv) Statutory reserve

The statutory reserve, which is non-distributable, is appropriated from the profit after taxation of the Group's PRC subsidiaries under the applicable laws and regulations in the PRC.

#### (v) Share-based payment reserve

The share-based payment reserve represents equity-settled share-based payments to certain eligible participants of the Group recognised in accordance with the accounting policy adopted for share-based payments in note 4(r) to the consolidated financial statements.

FOR THE YEAR ENDED 31 MARCH 2017

### 31. SHARE-BASED PAYMENTS

#### Equity-settled share option scheme

The purpose of the Company's share option scheme (the "Scheme") is to provide incentives and rewards to eligible participants who may contribute to the growth and development of the Group. Eligible participants include the employees (including executive directors), non-executive directors (including independent non-executive directors), any consultants, suppliers or customers, employees of any invested entity and any person who, in the sole discretion of the Board has contributed or may contribute to the Group eligible for share options under the Scheme.

At the annual general meeting of the Company held on 7 August 2013, the Company's shareholders approved the adoption of the Scheme. The Scheme became effective on 7 August 2013 and, unless otherwise cancelled or amended, the Scheme will remain in force for 10 years from that date.

The maximum number of shares under the Scheme which may be allotted and issued upon the exercise of all options which initially shall not in aggregate exceed 10% of the shares in issue as at the date of adoption of the Scheme. Thereafter, if refreshed, the maximum number shall not exceed 10% of the shares in issue as at the date of approval of the refreshed limit by the shareholders. The aggregate number of shares of the Company which may be issued upon exercise of all outstanding options granted and yet to be exercised under the Scheme and any other share option schemes of the Company at any time shall not exceed 30% of the shares of the Company in issue from time to time. No options shall be granted under any schemes of the Company or any of its subsidiaries if this will result in the 30% limit being exceeded.

The total number of shares of the Company issued and which may fall to be issued upon exercise of the options granted under the Scheme and any other share option schemes of the Company to each eligible participant in any 12-month period up to the date of grant shall not exceed 1% of the shares of the Company in issue as at the date of grant.

Any grant of share options to a director, chief executive or substantial shareholder of the Company, or to any of their respective associates, is required to be approved by the independent non-executive directors. In addition, any share options granted to a substantial shareholder or any independent non-executive director of the Company, or to any of their respective associates, such that within any 12-month period, in aggregate in excess of 0.1% of the shares of the Company in issue at any time and with an aggregate value (based on the closing price of the Company's shares at the date of each offer) in excess of HK\$5 million, are subject to shareholders' approval in a general meeting.

The offer of a grant of share options may be accepted within 30 days from the date of the offer, upon payment of a nominal consideration of HK\$1 in total by the grantee. The exercise period of the share options granted is determinable by the directors, and commences after a certain vesting period and ends on a date which is not later than ten years from the date of the offer of the share options.

The subscription price for a share of the Company in respect of any particular option granted under the Scheme (which shall be payable upon exercise of the option) shall be such price as the Board in its absolute discretion shall determine, save that such price will not be less than the highest of (a) the closing price of the shares of the Company as stated in the Stock Exchange's daily quotations sheet on the date of grant, which must be a business day (and for this purpose shall be taken to be the date of the Board meeting at which the Board proposes to grant the options); (b) the average of the closing prices of the shares as stated in the Stock Exchange's daily quotations sheets for the five business days immediately preceding the date of grant; and (c) the nominal value of a share.

Share options do not confer rights on the holder to dividends or to vote at shareholders' meetings.

FOR THE YEAR ENDED 31 MARCH 2017

### 31. SHARE-BASED PAYMENTS (CONTINUED)

Equity-settled share option scheme (Continued)

Details of the outstanding options granted to employees and directors under the Scheme as at the end of reporting periods are as follows:

No share option has been exercised during the year. The options outstanding at the end of the reporting period have a weighted average remaining contractual life of 2.4 years and the exercise price is HK\$0.53. No share option was granted for the year ended 31 March 2016.

Options under the Scheme were granted on 26 August 2016. The estimated fair value of the options granted on that date is HK\$3,316,000. The fair value was calculated using Binomial Option Pricing Model. The inputs into the model are as follows:

Grant date	26 August 2016	
Share price of the Company on grant date	HK\$0.53	
Exercise price	HK\$0.53	
Expected volatility	53.8%	
Contractual life	3 years	
Risk-free rate	0.96%	
Expected dividend yield	0%	

Expected volatility was determined by calculating the historical volatility of the Company's share price over the previous 3 years.

### 32. ACQUISITION OF SUBSIDIARIES (CONTINUED)

The goodwill arising on the acquisition of Copious Link Group is attributable to the anticipated profitability of utilising of the Group's experience in smart electronic card application to the new robotics education business and the anticipated future operating synergies from the combination.

Copious Link Group contributed approximately HK\$60,050,000 and HK\$28,598,000 to the Group's revenue and profit for the year respectively between the date of acquisition and the end of the reporting period.

If the acquisition had been completed on 1 April 2016, the Group's revenue for the year and profit for the year would have been approximately HK\$100,490,000 and HK\$6,538,000 respectively. The proforma information is for illustrative purposes only and is not necessarily an indication of the revenue and results of operations of the Group that actually would have been achieved had the acquisition been completed on 1 April 2016, nor is intended to be a projection of future results.

#### **33. CONTINGENT LIABILITIES**

As at 31 March 2017, the Group did not have any significant contingent liabilities (2016: Nil).

#### 34. CAPITAL COMMITMENTS

Capital commitments contracted for at the end of the reporting period but not yet incurred are as follows:

	2017 HK\$′000	2016 HK\$'000
