The background features a person in a white lab coat holding a smartphone, with a network of glowing nodes and lines overlaid on the device. Surrounding the phone are various icons: a shopping cart, a laptop, a globe, a smartphone, a computer monitor, and an envelope. In the lower right, a laptop screen displays an online shopping interface with a search bar, a shopping cart icon, and a 'Proceed to checkout' button. The overall design is modern and tech-oriented, with a light blue and white color palette and geometric shapes.

Interim Report 2017

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and The Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the “Directors”) of China Innovationpay Group Limited (the “Company”) collectively and individually accept full responsibility, includes particulars given in compliance with the GEM Listing Rules for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.

HIGHLIGHTS

The Group recorded a turnover of approximately HK\$72,990,000 for the six months ended 30 June 2017, representing an increase of 319% compared with the same period in 2016. The increase of turnover was mainly due to expansion of Third Party Payment Services business.

The Group's operating loss for the six months period was approximately HK\$58,315,000, whereas a loss of HK\$39,756,000 was recorded for same period in last year. The increase in operating loss was mainly due to higher cost in general and administrative expenses, and the increase of share-based payment cost.

For the three months ended 30 June 2017, the Group made sales of HK\$48,355,000, representing an increase of 429% over the same period in last year. Gross profit margin decreased from 84% in last year to 13% in current year. As at 30 June 2017, the Group had a total of HK\$503,327,000 cash on hand. The current ratio was at 3.01 times.

The Directors do not recommend the payment of a dividend for the six months ended 30 June 2017.

MANAGEMENT DISCUSSION AND ANALYSIS

CIP at a Glance

China Innovationpay Group Limited (“CIP”; the “Company”; the “Group”) is a renowned investment holding company committed to innovation and technology advancement in payment services. Our Group consists of the Company, Shenzhen Innovationpay Co., Limited and its subsidiaries, Country Praise Enterprises Limited (“CPE”) and its subsidiaries (collectively the “CPE Group”). We mainly operate payment service based business across the People’s Republic of China (the “PRC”). Our operation consists of three operating segments, which are (i) general trading, (ii) third party payment services (Former name as “Prepaid card and related operations”) and (iii) Onecomm. Within the third party payment services, there are four core business sectors which are Prepaid Card Service, Internet Payment Service, Merchant Integrated Payment Service and Cross-border Renminbi Payment Service.

Business Review

With the payment licenses and permissions obtained by the Group and the businesses explored through years, the Group has established three business systems based on its core payment system, namely the internet payment system, the prepaid card operating system and the integrated payment system. The Group has also developed four business segments based on three business systems, namely the prepaid card service, internet payment service, merchant integrated payment service, and cross-border Renminbi payment service.

Prepaid Card Service

Virtual prepaid card service is the main contributor to the business sector about volume of business. This sector’s service products are co-operated by CPE and Moderntimes Payment Limited (the “Moderntimes Payment”). Through the joint confirmed cooperation with our distributors, the prepaid card operating platform establishes an online and offline payment service by a virtual prepaid card product to support the needs under various payment handling conditions, help our distributors to develop and operate their own customers.

Internet Payment Service

This sector’s service provides a speedy B2C and B2B mobile payment gateway service to our clients. All China popular payment paths, such as WeChat, AliPay and China Unionpay, have been built into our payment gateway where the end user has no feeling of using our internet payment service.

Cross-border Renminbi Payment Service

The business sector of cross-border Renminbi Payment provides our clients, from international trading, e-trading, tourism, to study abroad consultancy companies, with payment services for their businesses of cross-border trading in goods/ services. Compared to the traditional bank, we are able to provide safe accounts with simpler procedure and shorter settlement cycle.

Integrated Payment Service

The business sector of integrated Payment service can provide merchants with all-round membership management, full-channel, self-marketing services.

In a foreseeable future, seeking sizable merchants in this business sector is an important work task for us.

Financial Review

The Group recorded a turnover of approximately HK\$72,990,000 for the six months ended 30 June 2017, representing an increase of 319% compared with the same period in 2016. The increase of turnover was mainly due to expansion of Third Party Payment Services business.

The Group's operating loss for the six months period was approximately HK\$58,315,000, whereas a loss of HK\$39,756,000 was recorded for same period in last year. The increase in operating loss was mainly due to higher cost in general and administrative expenses, and the increase of share-based payment cost.

For the three months ended 30 June 2017, the Group made sales of HK\$48,355,000, representing an increase of 429% over the same period in last year. Gross profit margin decreased from 84% in last year to 13% in current year. As at 30 June 2017, the Group had a total of HK\$503,327,000 cash on hand. The current ratio was at 3.01 times.

The Directors do not recommend the payment of a dividend for the six months ended 30 June 2017.

Future Plans and Prospects

In the coming year, we will continue emphasizing on reinforcement in e-commerce and payment industry. That is in the case, we are moving a step forward, from a market "connector" to an industrial "innovator", as we are going to deliver more comprehensive payment services, self-marketing and self-customer management services to merchants based on the existing prepaid card business with unremitted innovations.

We are going to expand the market by means of delivering integrated professional and personalized comprehensive payment solutions for different industrial customers. With our Group having the corresponding resolutions to tackle any issue that cover hardware to software, online to offline, standard businesses to personal businesses, we will promote our services to benchmark enterprises in different industries, such as mobile telephones, chain stores, e-commerce, insurance, logistics, car networking, tourism and agriculture, and further expand our business to customers of the whole industry by leveraging on the demonstration effect of these benchmark enterprises. As a consequence, we can classify our expansions into two main categories: Vertical expansion and International Expansion. Vertical expansion will be carrying out in forms of research and development on existing systems and business models, such as e-commerce, commercial management system and consumer finance. We consider to acquire a leading mobile commerce service provider, which commensurate with our long term strategies and vision. We integrated our payment platform with commercial management system, and assist our business partners and merchants to manage their cash flow, their inventories and their customers. We hope that our effort will benefit them with operational efficiency, business magnification and penetration to other segments.

On the other side, international expansion will be carried out through collaboration with overseas authorities, merchants and financial institutions. We figure out that there is a space where tourism and online services overlap. The number of Chinese citizens travelling to Japan has grown dramatically over the last decade amid the relaxation of travel control. It brings in enormous opportunities relating to the spending of Chinese tourists in Japan. In this regard, we are in negotiation with relevant organization about certain campaign to boost the use of our payment services in Japan. Looking ahead, we will continue to pursue suitable opportunities to expand our international footprint.
