CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the "Directors") of Cornerstone Financial Holdings Limited (the "Company") collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the GEM of the Stock Exchange (the "GEM Listing Rules") for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief the information contained in this report is accurate and complete in all material respects and not misleading or deceptive; there are no other matters the omission of which would make any statement herein or this report misleading.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW AND PROSPECTS

During the period ended 31 March 2018 (the "Reporting Period"), Cornerstone Financial Holdings Limited (the "Company") and its subsidiaries (collectively the "Group") were principally engaged in (i) financial services including securities brokerage services and margin financing services; (ii) provision of out-of-home ("OOH") advertising services; and (iii) film development, production and distribution. The Group was also engaged in the retail of skin care products and the provision of early childhood education. For the Reporting Period, the advertising and media business remained the main contributor to the Group's revenue, accounted for approximately 72% of the Group's consolidated revenue. Meanwhile, the financial services business has experienced a significant growth in turnover which reached approximately HK\$3.7 million during the Reporting Period (2017: HK\$2.1 million). The details of the Group's principal businesses are as follows:

FINANCIAL SERVICES

On 26 November 2016, the Group acquired Glory Creator Limited ("GCL") and its non-wholly owned subsidiary, Cornerstone Securities Limited ("CSL" and together with GCL, the "GCL Group") (the "Acquisition"). CSL is a corporation licensed by the Securities and Futures Commission (the "SFC") to conduct Type 1 (dealing in securities) regulated activity under the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) (the "SFO"). During the Reporting Period, CSL was principally engaged in the provision of securities brokerage and margin financing services, with a focus on securities trading on The Stock Exchange of Hong Kong Limited (the "Stock Exchange").

After completion of the Acquisition in November 2016, the Company began to develop the financial services business operated by CSL. Following the launch of Shanghai-Hong Kong Stock Connect and Shenzhen-Hong Kong Stock Connect, it was expected that the securities market in Hong Kong would benefit from such mutual market access schemes which would facilitate inflow of capital into the securities market in Hong Kong and have a positive impact to the stock market turnover in the long run. The Group was aware of the opportunities offered by such schemes, and invested substantial capital and resources on developing CSL's securities brokerage business so it would be in a position to benefit from increased turnover in the stock market.

CSL was granted authorisation from the SFC to provide margin financing services in March 2017, and thereafter began to roll out its margin financing business with the Group's internal resources.

In order to strengthen the financial resources of the Group and to raise the capital required to develop the securities and margin financing business, the Company conducted the Rights Issue (the "Rights Issue") to raise net proceeds of approximately HK\$204 million, out of which approximately HK\$138 million was applied towards further capital injection into CSL to accelerate the business growth of CSL and expansion of the securities brokerage business. The Rights Issue was completed in September 2017 and thereafter, the Company injected HK\$138 million to CSL to develop its margin financing business.

For the Reporting Period, the total revenue from the securities brokerage business amounted to approximately HK\$3.7 million including the interest income from margin financing totalling approximately HK\$3.1 million. As at 31 March 2018, the total net assets of CSL's client accounts amounted to approximately HK\$2,600 million and the net assets for margin account clients and cash account clients were approximately HK\$1,000 million and HK\$1,600 million respectively. Margin loan financing totalling approximately HK\$152 million was granted to margin account clients with aggregate net assets of approximately HK\$650 million in their respective securities accounts, representing the margin loan to net assets ratio of about 23%.

The management of the Group (the "Management") believes that CSL has an excellent client base with sound financial knowledge and experience in financial investments, as well as appetite for investment products with steady capital appreciation and medium to high risks financial products. This would allow CSL to not only further develop its margin financing business, but potentially introduce financial products other than listed securities such as funds. CSL has also assembled a strong team of seasoned financial professionals with solid experience in securities trading and advising. The proceeds from the Rights Issue provided CSL with the capital resources needed to develop the margin financing business further. In addition, CSL was granted Type 4 (advising on securities) license by SFC in February 2018.

With the above in mind, the Management's plan for the year 2018 is to realise CSL's full potential, in the manner elaborated under the heading "Future prospects" below.

Backed by the experienced management team and its sound reputation in the industry, the Directors are optimistic that securities brokerage and margin financing businesses will continue to widen its customer base through the extensive business platform and will enlarge its presence in the industry with advantage synergies aiming to optimize returns to the Company and its shareholders (the "Shareholders").

ADVERTISING AND MEDIA BUSINESS

The Group is a well-established digital OOH media company in Hong Kong and Singapore, with an operating history since April 2004. It had pioneered the concept of creating a sizeable network of flat-panel displays in elevator lobbies of office and commercial buildings to sell advertisement. In terms of the number of venues in which the Group deploys its digital flat-panel displays, the Group is the largest digital OOH media company in Hong Kong and Singapore. As of 31 March 2018, the Group has deployed its flat-panel displays at 1,641 venues in Hong Kong and Singapore.

During the three months ended 31 March 2018, the number of venues in which the Group deployed its flat-panel over the corresponding period of the previous year is shown as follows:

Region	Network	Three months ended 31 March 2018	Three months ended 31 March 2017
Hong Kong	Office and Commercial Network	601	601
Hong Kong	In-store Network (Mannings)	234	240
Hong Kong	Residential Network	292	229
Singapore	Office and Commercial Network	514	515
Total number of venue	es	1,641	1,585

As of 31 March 2018, the Group has deployed its branded flat-panel displays at 1,115 office and commercial buildings in Hong Kong and Singapore under its Office & Commercial Building digital OOH media network, and at 234 Mannings retail chain-stores in Hong Kong under its In-store digital OOH media network.

Further leveraging on the existing infrastructure and its relationships with Hong Kong's leading real-estate developers, the Group expanded its digital OOH media network at major private residential complexes (Residential digital OOH media network) in Hong Kong. As of 31 March 2018, the Group has deployed its branded flat-panel displays at 292 major private residential complexes in Hong Kong under its Residential digital OOH media network.

Under its OOH Billboard media network in Hong Kong, the Group continues to hold the exclusive advertising sales rights to both the Tsim Sha Tsui ("TST") Interchange Subways and the Middle Road Subway (total three subways); this underground transport hub beneath one of the busiest tourists and business districts in Hong Kong connects the TST MTR station and the East TST MTR station. In addition, the Group continues to hold the exclusive advertising sales rights to the billboard along the super-long pedestrian walkway leading to Knutsford Terrace at TST. Knutsford Terrace has been dubbed the "Lan Kwai Fong" of Kowloon, a popular dining/nightlife place and an entertainment hub in the heart of TST, with a strip of international/local restaurants and bars catering to both locals and tourists.

The Group also holds the exclusive advertising sales rights to a billboard on the rooftop and sidewall of the pedestrian subway between Charter Road and Connaught Road Central in Hong Kong. This billboard is located right next to the iconic Mandarin Oriental Hotel at the heart of the Central District, the financial hub of Hong Kong; it faces all vehicle traffic passing through Central towards the east and west side of Hong Kong island.

Under its OOH Billboard media network in Singapore, the Group has recently secured an exclusive advertising partnership for a large format illuminated billboard at Clifford Centre. This site faces the busy Raffles Green, just above Raffles MRT station, located right in the heart of Singapore's financial district. It is located just beside the Group's existing large format LED illuminated billboard at The Arcade and opposite the Group's mega-size LED screen at One Raffles Place.

The Group continues to hold the exclusive advertising sales rights for all media and event spaces at Galaxis situated at One-North Buona Vista. Galaxis is a state-of-the-art business space that offers the very best in contemporary urban living and retail activities within a central plaza. Sitting above One-North MRT Station, Galaxis is the gateway to all other commercial buildings within the One-North business hub, which is a 200 hectares development strategically positioned in the heart of Singapore, designed to host a cluster of world-class research facilities and business park space.

In addition, the Group continues to hold the exclusive advertising sales rights to a billboard at AZ @ Paya Lebar building; centered within the districts of Paya Lebar, Ubi and Tai Seng; which is one of the busiest business and industrial hubs in Singapore. It faces heavy vehicle traffic at the cross junction of Paya Lebar Road, Ubi Avenue 2 and Circuit Link. Paya Lebar Road is also the main gateway to a major expressway where the exit and entry points are just 500 meters away. This billboard also targets foot-traffic flowing in and out of Mcpherson MRT station, which is directly opposite of AZ @ Paya Lebar building.

As well, the Group continues to hold the exclusive operating and advertising sales rights to the mega-size LED screen at One Raffles Place ("ORP"), fronting Raffles Green; ORP is one of the three tallest buildings in Singapore and is a beacon in the heart of Singapore's financial district. Moreover, the Group continues to hold the exclusive advertising sales rights (for static and digital) to the walkway at Orchard Gateway. It forms part of the underpass that links directly to the Somerset MRT station and also to both sides of Orchard Road. Orchard Gateway is the one-and-only shopping mall that straddles both sides of Orchard Road and is linked by a glass tubular bridge and an underpass — forming a "gateway" to the bustling shopping belt in Singapore.

The Group also holds the exclusive advertising sales rights to a billboard at Fortune Center in Singapore; it is located in the middle of the bustling Bugis District and faces all vehicle traffic at the cross junction of Middle Road and Waterloo Street. The Group also holds the exclusive advertising sales rights to a large format LED illuminated billboard at The Arcade in Singapore as well as the exclusive sales rights to the venue for event marketing. The Arcade faces the busy Raffles Green, just above the Raffles MRT station, located right in the heart of Singapore's financial district.

Furthermore, the Group continues to hold the exclusive advertising sales rights to a billboard on the facade of Furama City Centre Hotel in Singapore. This site is located in the heart of vibrant Chinatown, with a rich culture and long-standing history. The front lit large format billboard is visible to vehicle and human traffic along the extremely busy Eu Tong Sen Street and New Bridge Road.

The Group will continue to pursue the expansion of its digital OOH media networks, adding progressively one venue at a time as well as pursue new static OOH sites under its Static OOH billboard media network.

FILM DEVELOPMENT, PRODUCTION AND DISTRIBUTION BUSINESS

Since the founding of the Group in April 2004, the Group has been in the business of media, advertising and content production. In February 2012, the Group began its involvement in the production of micro-movies for leading gaming, integrated resorts, and tourism brands around the regions, for media placements on Youku Tudou Inc., the largest online television company in the People's Republic of China ("PRC" or "China"), and other leading online video portals and social media platforms in China. The Group has since been exploring possible strategies to further expand the Group's media business, as well as identifying and acquiring suitable investment or business projects related to the field of mass media, film production and distribution, new media content production and entertainment related projects. In view of the increasing needs for media contents in China due to the increasing popularity of social media networks, increasing number of IMAX cinemas and improved accessibility to media contents and also the outstanding box office records in relation to "superhero" genre of motion pictures worldwide, the Company has attempted to make a big step forward to expand its business scope and transform itself into a media content provider.

In August 2015, the Group successfully completed its first-ever acquisition in the film development, production and distribution sector, namely the acquisition of Ricco Media Investments Limited ("RMI") which indirectly held a 75% equity interest in Stan Lee Global Entertainment, LLC ("SLGE"). SLGE was engaged in the business of film development, production and distribution and holds intellectual property rights for motion picture development in the form of concept, treatment and/or film script.

As of the end of the Reporting Period, the Group owned intellectual property rights in three films in the script development phase, namely Realm, The Annihilator, and Replicator & Antilight. Since completion of acquisition of the rights in these films, the Group has been actively seeking collaborating partners, which are the studios in Hollywood and/or China to co-finance the funding necessary for the production of the films. The Management will continue the negotiation with potential investors to participate in the production of these films and will review the business strategy of this segment to optimize the financial resource of the Group.

FUTURE PROSPECTS

The Management believes the financial services segment of the Group has tremendous potential to develop into a sizeable financial corporation providing a wider range of financial products and services. While the Management will continue to operate and develop the advertising and media business, and closely monitor the film development, production and distribution business in the near future, the Group will also focus on expanding CSL's financial services business and fully realising its potentials in 2018.

The Management considers it is crucial for CSL to improve its profitability by focusing on financial products and services which provide a higher profit margin than traditional securities brokerage services. The Management plans to implement a range of measures to improve client services and building customer loyalty to the "Cornerstone" brand, expand the client base further, aggressively promote CSL's margin financing services, and to start a new line of asset management services.

The proceeds raised by the Rights Issue has provided CSL with the capital resources required to expand its margin financing services. The Company completed the change of name to Cornerstone Financial Holdings Limited on 25 January 2018 in order to increase exposure of the "Cornerstone" brand name to the financial markets and potential clients in Hong Kong and China.

The Management is of the view that solely relying on securities trading and related services (including advisory and margin financing) for the financial services segment of the Group would expose the segment to fluctuations in the Hong Kong stock market and yet the business scale and potentials are limited to the capital and financial resources of the Group. To manage such risks, the Management has been working to start a new line of asset management business, which is expected to bring relatively stable management fee and performance fee income to the Group upon its launch.

The Group has employed qualified staff and submitted its application to SFC for a licence to conduct Type 9 (asset management) regulated activities through a subsidiary. As the application process is expected to take a few months, in the meantime the Group is committed to formulating the business strategies, developing detailed business plan and setting up organizational structure and policies related to the asset management business. The Management aims at having a solid platform established to enable the Group to rapidly expand into the asset management business upon the grant of the Type 9 license. In the meantime, the Management would also further develop the new "Cornerstone" brand name and strengthen its position as a premier financial service provider. The Management is confident that the Company would offer positive return to its Shareholders in the long run.
