ANNUAL REPORT 2018

CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

*This report, for which the directors (the “**Directors**”) of Lai Group Holding Company Limited (the “**Company**”) and together with its subsidiaries, the “**Group**”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the “**GEM Listing Rules**”) for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.*

CHAIRMAN'S STATEMENT

On behalf of the board of Directors (the "**Board**") of the Group, I am pleased to present our annual report for the year ended 31 March 2018.

REVIEW

The Group's revenue decreased by approximately 7.4% from approximately HK\$131.6 million for the year ended 31 March 2017 to approximately HK\$121.8 million for the year ended 31 March 2018.

The Group's gross profit decreased by approximately HK\$4.8 million, by 13.0%, from approximately HK\$36.8 million for the year ended 31 March 2017 to approximately HK\$32.0 million for the year ended 31 March 2018. Gross profit margin decreased from approximately 28.0% for the year ended 2017 to approximately 26.3% for the reporting year. Such decrease was mainly due to the rising costs of raw material and labour.

During the year ended 31 March 2018, the Group recorded the profit attributable to owners of the Company of approximately HK\$149,000, representing a substantial decrease as compared with approximately HK\$2.7 million for the year ended 31 March 2017. The decrease was mainly due to (i) a decrease in revenue from residential interior design and fit-out projects; and (ii) the increase in listing related professional fees and other operating expenses, which was partially offset by the decrease in listing expenses for the year ended 31 March 2018.

PROSPECT

Due to the optimistic prospect of the interior design and fit-out services, it is expected that there will be opportunities for the growth in 2018-2019. According to the latest Long-Term Housing Strategy Annual Report on (2017), the Hong Kong Government targets to supply 460,000 housing units from 2018/19 to 2027/28, the growth of housing units is expected to result in higher customer value spending on residential interior design services.

The Group is encountering rising costs of raw materials and labour, which may cause negative impact on the Group's gross profit margin for the coming year. Despite the challenges in the future, the Group will strengthen its position in the interior design and fit-out services by reinforcing its team, improving management skills, enhancing design style, expanding the Group's business different markets and strengthening the marketing and sales efforts to attract new customers.

On the other hand, with regards to marketing strategy, the Group's promotion and advertisements are famous in the major media, has attracted new customers. The Group will continue to seek for business opportunities in interior design and fit-out services industry to create greater value for its shareholders.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

The Group is principally engaged in provision of interior design and fit-out services in Hong Kong. The Group offers a full suite of services ranging from interior design provided by the Group's in-house design team, which provides the Group's customers with creative and innovative designs that synergise with the latest market and design trends. In order to complete the projects, the Group relies on its subcontractors to implement the designs with high quality fittings and furnishings.

The Group's business can be classified into (i) residential interior design and fit-out services; and (ii) commercial interior design and fit-out services. The Group generated revenue of approximately HK\$121.8 million and HK\$131.6 million, of which approximately HK\$106.7 million and HK\$114.7 million representing 87.6% and 87.1% of the Group's total revenue were generated from residential interior design and fit-out services for the years ended 31 March 2018 and 2017, respectively. Approximately HK\$14.4 million and HK\$15.6 million, representing 11.8% and 11.9% of the Group's total revenue were generated from commercial interior design and fit-out services for the years ended 31 March 2018 and 2017, respectively.

For the year ended 31 March 2018, the Group recorded a net profit of approximately HK\$315,000 as compared to approximately HK\$3.0 million for the same period in 2017. The Directors are of the view that the decrease in net profit was mainly attributable to (i) a decrease in revenue from residential interior design and fit-out projects; and (ii) the increase in Listing related professional fees and other operating expenses, which was partially offset by the decrease in listing expenses for the year ended 31 March 2018. In view of the latest negotiations with existing and potential new customers, the Directors are of the view that there has been no fundamental deterioration in the commercial and operational viability of the Group's business.

OUTLOOK

As the Hong Kong home prices continues to rise in the past 12 months, residential properties are becoming less affordable to the mass market. Property developers continue to build smaller and smaller units to compensate for the rise in prices to make smaller homes more affordable. However, these smaller properties are still out of reach for some first time home buyers.

The Company is of the view that the current trend in the Hong Kong property market favors the business of the Group as home owners find it increasingly difficult to afford new homes and have to resort to renovating their existing property to improve their living environment. As such, the Company will continue to build on the marketing and promotional strategy, as outlined in the prospectus of the Company dated 31 March 2017 (the "**Prospectus**"), to increase the awareness of the Group's brand name in the renovation and interior fit-out market. In view of the possible increase in market size, the Group continues to expand its business coverage throughout Hong Kong in order to improve its reach to more potential customers. This involves opening more branches to serve more potential customers in areas previously not covered by the Group.

However, the Company is also aware of the rising cost of operating a business in Hong Kong, which is partly contributed by the rising property prices. Therefore, the Board remains cautious in expanding and will continue to monitor its cost, as well as the current market trend to anticipate any downturn or changes in the current property market trend.

FINANCIAL REVIEW

Revenue

The Group's revenue is primarily generated from provision of interior design and fit-out services in Hong Kong which includes two main categories namely (i) residential interior design and fit-out services; and (ii) commercial interior design and fit-out services. During the reporting year, the Group's revenue decreased by approximately 7.4% to approximately HK\$121.8 million (2017: HK\$131.6 million), primarily attributable to decrease in revenue from residential interior design and fit-out projects.

Revenue by business nature	For the year ended 31 March			
	2018		2017	
	HK\$'000	%	HK\$'000	%
Residential interior design and fit-out services	106,735	87.6	114,660	87.1
Commercial interior design and fit-out services	14,359	11.8	15,609	11.9
Others	746	0.6	1,368	1.0
Total	121,840	100.0	131,637	100.0

MANAGEMENT DISCUSSION AND ANALYSIS

Direct costs

The Group's direct costs consist primarily of (i) materials; (ii) subcontracting charges; (iii) staff costs; and (iv) warranty expenses. The table below sets forth a breakdown of components of direct costs for the years ended 31 March 2018 and 2017:

Components of direct costs	For the year ended 31 March			
	2018		2017	
	HK\$'000	%	HK\$'000	%
Materials	25,880	28.8	23,751	25.0
Subcontracting charges	54,181	60.3	62,560	65.9
Staff costs	9,385	10.4	8,125	8.6
Warranty expenses	407	0.5	431	0.5
Total	89,853	100.0	94,867	100.0

The Group's direct costs decreased by approximately 5.3% from approximately HK\$94.9 million for the year ended 31 March 2017 to HK\$89.9 million for the year ended 31 March 2018. Such decrease was in line with the decrease in revenue.

Gross profit and gross profit margin

Gross profit represents revenue less direct costs. The Group's gross profit decreased by approximately HK\$4.8 million, or 13.0%, from approximately HK\$36.8 million for the year ended 31 March 2017 to approximately HK\$32.0 million for the year ended 31 March 2018. The Group's gross profit margin was approximately 26.3% for the year ended 31 March 2018, representing a decrease of approximately 1.7 percentage points as compared to approximately 28.0% for the year ended 31 March 2017. The decrease in gross profit margin was mainly due to the rising cost of raw material and labor costs.

Administrative and other operating expenses

The Group's administrative and other operating expenses for the year ended 31 March 2018 were approximately HK\$31.5 million, representing an increase of approximately 0.3% from approximately HK\$31.4 million for the year ended 31 March 2017, primarily due to the increase in Listing related professional fees and other operating expenses, which was partially offset by the decrease in listing expenses for the year ended 31 March 2018.

Finance costs

Finance costs of the Group increased by approximately 144.2% from approximately HK\$43,000 for the year ended 31 March 2017 to approximately HK\$105,000 for the year ended 31 March 2018. The increase in finance costs was mainly attributable to the increase in interest on finance leases for the year ended 31 March 2018.

Income tax expenses

Income tax of the Group decreased from approximately HK\$2.3 million for the year ended 31 March 2017 to approximately HK\$173,000 for the year ended 31 March 2018. Such decrease was in line with the decrease in profit generated in subsidiaries.

Profit attributable to owners of the Company

Profit attributable to owners of the Company for the year ended 31 March 2018 amounted to approximately HK\$149,000, representing a substantial decrease as compared with profit of approximately HK\$2.7 million for the year ended 31 March 2017. It was mainly due to the decrease in revenue and increase in administrative and other operating expenses for reasons mentioned above.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS OBJECTIVES AND STRATEGIES

The Group will endeavor to achieve the following business objectives:

Business strategy as stated in the Prospectus

Progress up to 31 March 2018

Expansion of market coverage in Hong Kong

- To acquire a new office in Tsuen Wan through mortgage financing and the related fees due to the acquisition of the new office, and the new office fit-out and refurbishment costs

In view of the rising property prices, the Board decided to take a cautious approach towards the acquisition of property by trying to locate a property at a reasonable price that is suitable for the operation of the Group's business. Therefore, the Board has entered into a lease to serve as its Tsuen Wan branch upon the expiration of tenancy of the existing Tsuen Wan branch until a suitable property is located

Strengthen sales and marketing efforts

- To engage in an informative advertising campaign by providing design and renovation information as a television programme
- To increase advertising frequency on traditional media such as weekly magazine and billboards
- To increase online advertisement
- To engage a celebrity to market and endorse our services

The Group is in the progress of finding suitable media channels for engaging in an informative advertising campaign

The Group has increased the advertising frequency through magazine during the period

The Group has increased the frequency of online advertisement during the period

The Group has engaged a celebrity as our spokesperson

Recruiting high caliber talents and enhance internal training to support future growth

- To hire additional employees and talents
- To organise internal training and seminar
- To offer incentive bonus to employee

The Group has hired additional project supervisors, draftsman and designer assistants to facilitate the business development

The Group has provided internal training to existing and new hiring staff

Portion of proceeds were used for hiring additional employees and talents

Upgrade the information systems

- To pay deposit for system design and the stage payment for software development

The new system needs to pair with the existing system which is experiencing unexpected delays

Development of fleet of vehicles

- To purchase a vehicle and the related fees due to the purchase of the vehicle

The Group has purchased a vehicle and paid the relevant fees

USE OF NET PROCEEDS FROM LISTING

The net proceeds from the issue of new shares of the Group at the time of its Listing on 12 April 2017 (the "Listing Date") through the share offer of 200,000,000 shares of HK\$0.01 each in the share capital of the Group at the price of HK\$0.26 per share, after deduction of the underwriting commission and actual expenses paid by the Group in connection thereto, were approximately HK\$34.8 million.

The below table sets out the proposed applications of the net proceeds from the Listing Date to 31 March 2018:

	Planned use of proceeds from Listing Date to 31 March 2018 HK\$ million	Actual use of proceeds from Listing Date to 31 March 2018 HK\$ million
Expansion of market coverage in Hong Kong	7.7	–
Strengthen sales and marketing efforts	1.8	1.8
Recruiting high caliber talent and enhance internal training to support future growth	1.5	1.4
Upgrading information systems	0.5	–
Development of fleet of vehicles	1.0	0.5
General working capital	0.7	0.7
Total	13.2	4.4

MANAGEMENT DISCUSSION AND ANALYSIS

The business objectives, future plans and planned use of proceeds as stated in the Prospectus were based on the best estimation and assumption of future market conditions made by the Group at the time of preparing the Prospectus while the proceeds were applied based on the actual development of the Group's business and the industry.

CAPITAL STRUCTURE

The Company's shares were successfully listed on GEM on 12 April 2017. There has been no change in the capital structure of the Group since the Listing Date and up to date of this report. The capital of the Group only comprises of ordinary shares.

LIQUIDITY AND FINANCIAL RESOURCES

The Group has funded the liquidity and capital requirements principally from cash generated from operations and finance lease liabilities.

As at 31 March 2018, the Group had finance lease liabilities of approximately HK\$1.3 million which was denominated in Hong Kong Dollars (2017: HK\$0.8 million). The Group's finance lease obligations were for the acquisition of motor vehicles to support its operations.

As at 31 March 2018, the Group had approximately HK\$48.7 million in cash and bank balance (2017: approximately HK\$12.1 million). The Directors believe that the Group is in a healthy financial position to expand its core business and to achieve its business objectives.

GEARING RATIO

As at 31 March 2018, the gearing ratio of the Group was approximately 2.5% (2017: 17.9%). The decrease in gearing ratio was mainly due to strengthening of the Group's capital structure through the fund raised from the Listing. Gearing ratio is calculated as total interest-bearing liabilities divided by total capital. Total interest-bearing liabilities is calculated as total finance lease liabilities. Total capital is calculated as total equity as shown in the consolidated statement of financial position.

CHARGE ON GROUP ASSETS

As at 31 March 2018, the Group has pledged its motor vehicle with net book value amounted to approximately HK\$1.4 million (2017: HK\$0.9 million), under non-cancellable finance lease agreements.

SIGNIFICANT INVESTMENTS HELD, MATERIAL ACQUISITIONS AND DISPOSALS OF SUBSIDIARIES AND AFFILIATED COMPANIES, AND PLANS FOR MATERIAL INVESTMENTS OR CAPITAL ASSETS

Save as disclosed herein, there was no significant investment held, material acquisition and disposal of subsidiaries and associated companies by the Company during the year ended 31 March 2018. There is no other plan for material investments or capital assets as at 31 March 2018.

FOREIGN EXCHANGE EXPOSURE

Foreign currency risk refers to the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. All of the Group's business operations were conducted in Hong Kong. The transactions, monetary assets and liabilities of the Group were mainly denominated in Hong Kong dollars. As such, the Directors are of the view that the Group did not have significant exposure to foreign exchange risk. The Group currently does not have a foreign currency hedging policy.

TREASURY POLICIES

The Directors will continue to follow a prudent policy in managing the Group's cash balances and maintain a strong and healthy liquidity to ensure that the Group is well placed to take advantage of future growth opportunities.

MANAGEMENT DISCUSSION AND ANALYSIS

CONTINGENT LIABILITIES

The Group did not have any material contingent liabilities as at 31 March 2018.

COMMITMENTS

The Group did not have any material capital commitment as at 31 March 2018.

The contractual commitments mainly involve rental payable by the Group in respect of office premises and office equipment under non-cancellable operating leases. As at 31 March 2018, the Group's operating lease commitments were approximately HK\$3.2 million (2017: HK\$2.9 million).

SEGMENT INFORMATION

The Group principally operates in one business segment, which is providing interior design and fit-out services in Hong Kong.

FINAL DIVIDENDS

The Directors do not recommend the payment of final dividend for the year ended 31 March 2018 (2017: Nil).

INFORMATION ON EMPLOYEES

As at 31 March 2018, the Group had 63 employees working in Hong Kong (2017: 65). Employees are remunerated based on their qualifications, position and performance. The remuneration offered to employees generally includes salaries, allowances and discretionary bonus. Various types of trainings were provided to the employees. The total staff cost (including remuneration of Directors and mandatory provident funds contributions) for the year ended 31 March 2018 amounted to approximately HK\$20.0 million (2017: HK\$16.4 million).

PRINCIPAL RISKS AND UNCERTAINTIES

Interest rate risk

Interest rate risk is insignificant because the Group does not have any significant interest-bearing assets except for bank balance, in which the management is expected that the interest rates of bank balances will not change significantly. The Group is not exposed to cash flow interest rate risk arising from the Group's borrowings as finance lease liabilities are at fixed interest rates. The Group does not use any derivative financial instruments to hedge risk exposure against changes in interest rates.

Credit risk

The credit risk of the Group mainly arises from trade and other receivables, amount due from a director and cash and bank balances. The carrying amounts, where applicable, of each class of these financial assets represent the Group's maximum exposure to credit risk in the event of the counterparties' failure to perform their obligations as at the reporting dates. The Group's credit risk of bank balances is limited because the counterparties are banks with sound credit ratings assigned by international credit-rating agencies. In respect of trade and other receivables, individual credit evaluations are performed on the Group's customers and counterparties. Monitoring procedures have been implemented to ensure that follow-up action will be taken to recover overdue debts. Directors will consider making specific provisions for trade receivables at the end of each reporting period when there are indication that the balances are unlikely to be recovered.

However, the Group has certain concentration of credit risk, given that as at 31 March 2018 and 2017, approximately 1.8% and 23.2% of the Group's current assets were due from Mr. Chan, respectively.

MANAGEMENT DISCUSSION AND ANALYSIS

Liquidity risk

The Group has maintained a policy to monitor current and expected liquidity requirements regularly to ensure that the Group can maintain sufficient reserve of cash to meet liquidity requirements in both long and short terms as well as maintaining sufficient financial resources to fund operations.

ENVIRONMENTAL POLICIES AND PERFORMANCE

The Group has implemented environmental protection measures, including procedures and programs related to wastewater discharge management, noise control, resources and energy use control, environmental protection enhancement and sustainable development, internal environmental examination and evaluation, environmental emergency response and impact control. The Group also commits to the principle and practice of recycling and reducing. To conserve the environment, the Group implements green office practices such as re-deployment of office furniture as far as possible, to encourage use of recycled paper for printing and copying, double-sided printing and copying, to reduce energy consumption by switching off idle lightings, air conditioning and electrical appliances. The Group's operations were in compliance in all material respects with currently applicable national and local environmental protection laws and regulations in the Hong Kong during the year.

For details of environmental, social and governance performance of the Group, please refer to the environmental, social and governance report.

COMPLIANCE WITH THE RELEVANT LAWS AND REGULATIONS

As far as the Board is aware, the Group has complied in material respects with the relevant laws and regulations that have a significant impact on the business and operation of the Group. During the reporting year, there was no material breach of or non-compliance with the applicable laws and regulations by the Group.

RELATIONSHIP WITH SUPPLIERS, CUSTOMERS AND OTHER STAKEHOLDERS

The Group understands the importance of maintaining a good relationship with its suppliers, customers and other stakeholders to meet its immediate and long-term goals. During the year ended 31 March 2018, there was no significant dispute between the Group and its suppliers, customers and/or stakeholders.

EVENTS AFTER THE REPORTING PERIOD

Resignation of executive Director

Ms. So Hiu Bik resigned from her role as the executive Director with effect from 1 June 2018. For further details, please refer to the announcement of the Company dated 31 May 2018.

Expansion of new branch

The Group had extended its branch network to Tsim Sha Tsim and plan to open another branch in Yuen Long by the end of the June 2018. For further details, please refer to the announcement of the Company dated 13 June 2018.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

ABOUT THE REPORT

This report is the “Environmental, Social and Governance Report” (collectively the “**ESG Report**”) published by the Group, which discloses the Group’s measures and performance on sustainable development topics in a transparent and open manner, in order to increase stakeholders’ confidence and understanding on the Group.

REPORTING YEAR

All the information in the Report reflects the performance of the Group in environmental management and social responsibility from the Listing Date to 31 March 2018 (the “**Reporting Period**”). In the future, the Group will release an Environment, Social and Governance Report annually for public review, in order to improve the transparency and responsibility of information disclosure.

REPORTING SCOPE

The ESG Report focuses on the full suite of services ranging from interior design provided by our in-house design team to high quality fittings and furnishings and the implementation of our designs performed by our subcontractors that we rely on to complete our projects. After the comprehensive completion of data collection system and the Group’s deepening in its environmental, social and governance work, the Group is able to disclose various environmental and health and safety Key Performance Indicators (“**KPIs**”) for all the factories operated during the reporting period.

REPORTING STANDARDS

The Report is prepared in accordance with the “Environmental, Social and Governance Reporting Guide” (“**ESG Guide**”) of the Stock Exchange set out in Appendix 20 of the GEM Listing Rules. The Report provides a simplified overview on the environmental, social and governance performance of the Group. The information in the Report is derived from the Group’s official documents and statistics, as well as the integration and summary of monitoring, management and operational information provided by subsidiaries of the Group.

STAKEHOLDER ENGAGEMENT

The Stock Exchange has set forth four principles for reporting in the ESG Guide: Materiality, Quantitative, Balance and Consistency, which should form the basis for preparing the ESG Report. As the Stock Exchange emphasizes, stakeholder engagement is the method by which materiality is assessed. Through stakeholder engagement, companies can understand wide-ranging views and identify material environmental and social issues.

For the Group, stakeholders refer to groups and individuals materially influencing or affected by the Group’s business. The Group’s stakeholders include employees, management and directors, as well as external stakeholders such as clients, business partners, investors, regulatory authorities and various types of community groups. In the past year, we communicated with the key stakeholders through a variety of methods. While preparing the report, we commissioned a professional consultancy firm to conduct the materiality analysis in the form of management interview. With expert advice, we identified the material aspects for this report and these will in turn guide the formulation of the Group’s sustainability roadmap.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Engagement methods

Newcomer orientation, email, mail, telephone, direct communication, interviews, meetings, annual general meetings, annual meetings, training sessions and performance reviews, group websites, annual report, financial statements, announcements

The business of the Group affects different stakeholders, and stakeholders have different expectations on the Group. The Group will maintain communication with stakeholders continuously, collect opinions of stakeholders through different forms and more extensively, and make substantive analysis more comprehensively. At the same time, the Group will enhance the reporting principles of quantification, balance and consistency, in order to define content of the Report and presentation of the information that is more in line with the expectations of stakeholders.

ENVIRONMENT PROTECTION

Emissions

Emissions from the course of production

The major emissions from construction sites are air pollutants and waste. The Group manages these emissions and is committed to seek practical means to reduce their impact on the environment.

For Construction and Demolition (“**C&D**”) material, the mixed C&D material is disposed at three strategic landfills through the refuse collection trucks from the government authorized service provider. With the use of government authorized service provide, illegal dumping can be prohibited.

During the Reporting Period, we were not aware of any material non-compliance with the environmental laws and regulations.

Emissions from vehicle usage

During our operation, the usage of private cars and light good vehicles generate the emission of nitrogen oxides and particulate matters (“**PM**”). The approximate amount of nitrogen oxides (“**NOx**”), sulphur oxides (“**SOx**”) and PM produced from our operation in Hong Kong regions are shown in the table below:

Environmental KPIs

Types of Cars	Number of Cars
Private Cars	13
Light goods vehicles (2.5-3.5 tonnes)	1
Total	14

Air Emission	Volume (Tonnes)
CO2 – generated from the use of electricity and fresh water	89.48
NOx	0.06
SOx	0.0003
PM	0.004

In respect of reducing the nitrogen oxides, sulphur oxides and PM emissions, the Group is committed to reduce and ensure the efficient usage of private cars and light goods vehicles. The Group has implemented the following measures so as to achieve the environmental friendly approach; i) Avoid peak hour traffic; ii) Encourage the use of public transport; and iii) Utilize the vehicle usage by car pooling with different staff.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

During the Reporting Period, we were not aware of any material non-compliance with the environmental laws and regulations in respect of both emissions from the course of production and vehicle usage.

Use of Resources

Water and energy are the most consumed resources by the Group. The Group records and analyzes the rate of monthly consumption rate of water regularly. As the Group focuses on the provision of interior design and fit-out services in Hong Kong, the usage of water in its operation is minimal. Despite that, the Group places a great emphasis on monitoring the water consumption to maintain the efficient use of resources.

The total water consumption in cubic meters by region is shown in the table below:

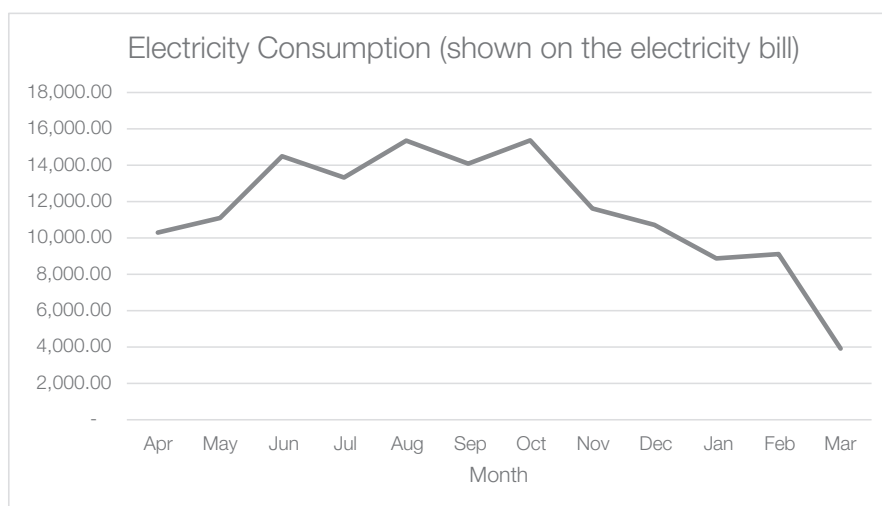

Region

-----------	----

The Group is determined to maximize energy conservation in its office by promoting efficient use of power and adopting green technologies. For instance, the Group continues to upgrade equipment such as lighting and air-conditioning system, by purchasing electrical appliances with high efficient energy label in order to increase energy efficiency. Air-conditioning systems can also be adjusted to a specific temperature, which allows the users to set at a comfortable temperature and avoid power waste. Traditional fluorescent tubes have been replaced with energy efficient LED light strips to save power. To identify energy saving opportunities, the Group measures and records the energy consumption level from time to time. From the graph below, the electricity consumption, in general, has had a decreasing trend during the Reporting Period. The Group targets to remain the tight control on energy consumption and achieve sustainable development.

To identify energy saving opportunities, the Group measures and records the energy consumption level from time to time. The monthly electricity consumption in kilowatt hour ("Kwh") is shown below:

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

The total electricity consumption in kwh by region is shown in the table below:

Region	Electricity consumption (kwh)

The Environment and Natural Resources

The Group has set up an environmental system management task force as part of its effort to develop an environmental management system that supports sustainable development, and has obtained ISO 14001 certification for environmental management systems.

By the implementation of ISO 14001 Environmental Management System, the Group has given careful consideration to minimize all significant impact on the environment resources.

PEOPLE

Employment

The Group reckons that employees are the most valuable assets of an enterprise and also the cornerstone for sustaining corporate development. It is always the Group's initiative to provide a fair and competitive compensation package to attract and retain quality talents, in the form of a basic salary, incentives bonus, mandatory provident fund, and other fringe benefits. Remuneration packages are reviewed periodically. The Group also has a set of comprehensive human resources management policy to support human resources function. The policies include compensation and dismissal, recruitment and promotion, working hours, appraisal, training and benefits.

As the Group is principally engaged in construction in Hong Kong, manual work is generally required in most positions. Hence, the ratio of the number of male to female employees is around 2.8 to 1. However, the Group treats all employees equally. The Group prohibits any form of harassment and discrimination with respect to age, gender, race, nationality, religion, marital status or disability in the workplace. The above measures have helped to ensure that every employee is treated equally and fairly.

A formal induction together with a tour of the workplace is provided to all employees on the first day of employment. The aim is to welcome the new employees and give them a better understanding of the Group. A brief introduction of employee handbook is provided to ensure new employees are aware of relevant policies and code of conduct. The Group also strives to establish harmonious labour relationships and create a happy working environment, promote a positive and healthy lifestyle, and lift the spirit of a stressful local workforce through various activities, including organising the birthday parties, football/basketball/badminton games, barbeque and other outing events. These recreational activities not only provide chances to break the barriers between each other, but also enhances mutual understanding and trust.

On the other hand, the Group has always strictly observed the relevant legislations in Hong Kong regarding the equal employment opportunities, child labour and forced labour. The Group abides by the employment regulations, relevant policies and guidance of the relevant jurisdictions where it operates, including the "Employment Ordinance", the "Employees' Compensation Ordinance" in Hong Kong. The Group also strives to establish harmonious labour relationships. We protect the rights of staff in terms of providing rest and leave days according to relevant labour laws and regulations.

During the year, the Group was not aware of any material non-compliance with relevant standards, rules and regulations regarding operations and activities, labour practices.

HEALTH AND SAFETY

The Group recognizes safety and health at work as an integral part of its business performance. The Group has established the Occupational Health and Safety (“OHS”) Manual which is prepared in accordance with OHSAS 18001 to manage the health and safety risks of its operations.

The Group strictly requires employees to comply with the safety policy and guidelines in the OHS Management System which is included in the Employee Handbook for on-site construction teams and employees working in offices, both of which clearly specify work flows, all kinds of safety measures and guidance as well as employees’ responsibilities for their health and safety at our workplace.

The Group has established a risk assessment program that consists of a number of sequential steps such as risk identification, analysis, evaluation, treatment, monitoring and reviewing based on the existing controls and recommendations to reduce those risks which are not deemed to be under acceptable limits.

Employees receive “site specific induction training” soon after commencing work in the workplace. Thereafter, they are given refresher talks at intervals of six months depending on the amount of changes to the site condition. The Group also provides tool-box talks, aiming to heighten employee awareness of workplace hazards and OSHA regulations.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Daily operations are inspected by relevant departments assigned by the Group, against the established risk assessment program that consists of a number of sequential steps such as risk identification, analysis, evaluation, treatment, monitoring and reviewing based on the existing controls as well as recommendations to reduce those risks which are not deemed to be under acceptable limits. Any non-compliance will also be identified and rectified on a timely basis.

Thus, it is a proof of guaranteeing the establishment of a healthy, safe and stable working environment effectively.

Every case of injury (if any) is required to be reported to the Group and be assessed individually under the internal guideline procedures. The Group is pleased to report that the rate of work accidents and injuries during the reporting period was nil.

During the Reporting Period, the Group was not aware of any material non-compliance with the health and safety laws and regulations.

DEVELOPMENT AND TRAININGS

The Group recognizes the importance of skilled and professionally trained employees to its business growth and future success. Therefore, the Group encourages our employees to participate in job-related training and courses. During the year, we formulated quality management and environment management training programs to update our staff with the most updated standard of ISO 9001 and ISO 14001, in order to maintain the highest standard of professionalism by our employees. These two programs include quality assurance training in production process, inspection assurance of materials received from supplier, health and safety precautions in using production equipment and machinery as well as customer relationship management.

In daily operations, the Group provides induction training for new employees with experienced employees acting as mentors to guide new comers. We believe such arrangement is the best practice to facilitate communication and team spirit, as well as improve technical skills and managerial capability and encourage the learning and further development of employees at all levels.

The Group will increase its efforts to promote staff training programs by offering comprehensive training opportunities which we believe, it could provide the necessary protection for talent reserves for corporate development. The Group annually evaluates the training needs of its employees to ensure that employees are offered with suitable and appropriate training according to their job nature and position.

LABOUR STANDARDS

The Group always respects and strictly complies with all applicable national laws and local regulations as well as relevant labour laws and regulations in the place where it operates, including the Policy of Employment of Children under the Employment Ordinance in Hong Kong. We have also developed rigorous and systematic measures for approval and selection, to prevent ourselves from illegally hiring child labour and ensure that the employment is in compliance with relevant laws and regulations.

The Group arranges the employees' working hours based on the statutory working hour standards and allows them to entitle paid leaves and sick leaves in accordance with labour laws.

During the Reporting Period, the Group was not aware of any material non-compliance with the labour requirements set out in relevant laws and regulations.

SUPPLY CHAIN MANAGEMENT

The Group implements supply management in accordance with internal guidance which governs the engagement of suppliers. Suppliers are chosen subjecting to screening and evaluation procedures, based on quality and price. Also, to ensure supplier capability in quality assurance, safety and environmental responsibility, field visit and investigation is conducted, which includes a comprehensive quality management system and are accredited with ISO 9001, ISO 14001, OHSAS 18001 standards. The investigation reviews the production capacity, technology level, quality assurance capabilities, supply capacity, safety and environment management qualifications if needed. Only highly qualified suppliers who have complied with regulatory requirements are eligible for the supplier selection by the Group. The Group also carry out regular assessment on suppliers' overall capabilities, assets position, nature of business, reputation in the industry, quality of products, goods delivery and compliance with law and regulations.

As customers are becoming more concerned about environmental issues, and stress the importance of using environmentally friendly materials, the Group will continue to act as a corporate citizen in communicating and stressing those environmental issues to our suppliers.

Each sub-contractor and supplier is reviewed at least once every year or after completion of their contracts. In cases of major non-performance of an approved sub-contractor or supplier, the Group will review their suitability to remain on the approved list.

PRODUCT RESPONSIBILITY

The Group is committed to providing high-quality services and guarantees that the quality of our projects is in line with quality standards and sustainability requirements. We also pursue to meet higher criteria all the time. The Group has always been focusing on quality control and customer satisfaction in project construction since its incorporation. The Group treasures the customer's perception to our service, and consider it as an important essence of our performance. We employ with different methods, to explore our customers' expectation and obtain their feedbacks.

The Group designers will collect all the information of customer's requirement and expectation at the preliminary meeting, for the interior design development and associated works. The Project Designer will closely communicate with the customer at the project design and site work stage. The Project Designer will respond effectively to the customers for their subsequent instructions, in order to meet the customer's requirement effectively.

Besides, the Group also set up a customer service ("**CS**") section, with assigned staff to take care of the potential, existing and ex-customer. The CS section is an independent section which is headed by the Director, who will have adequate authority to make decision for problem solving. The duties of CS section is to cover the enquiries of potential customer, complaint of third parties, such as neighbours of the project site and customer survey for existing and completed projects.

In addition, the Group has also set up a communication networking platform to build up connection with clients and the public to gather all the enquiry and customer views. Useful information can be broadcasted to any interested parties in relation to the interior design and contracting work updates.

During the Reporting Period, the Group was not aware of any material non-compliance with relevant standards, rules and regulations.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

On the other hand, the Group has also established a hotline and email enquiry facilities at the website, which are manned by trained CS staff. Apart from taking care of the existing customers, the CS staff also handle the enquiry or call-in from interested parties. In addition, the CS staff will carry out survey with customers to collect their opinion to the Group's service, and the extent of their satisfaction regarding to the performance. The collected information will be recorded and analysed in order to seek for opportunities for improvement.

Whenever there is any complaint from customers, the Group takes the legitimate complaints as learning lessons and opportunities to demonstrate the responsibility and commitment to quality service. Nevertheless, the Company takes a fair attitude to both the complaining party and internal staff. Investigation is initiated by the senior management for the cause of the complaint. Administrative manager shall then determine the legitimacy of the complaint, and proceed with the appropriate follow up action. The Group aims to rectify all the shortfalls and turning the customer's disappointment into satisfaction by proper handling customer's complaint.

ANTI-CORRUPTION

The Group is committed to maintaining the integrity of its corporate culture. Staff members are not allowed to solicit or accept any advantages. The Group sets out the relevant policies in the employee handbook and guides the employees to abide by the code of conduct. The code of conduct provides a clear definition of the provision and acceptance of interests, such as gifts and souvenirs, and sets out ways to deal with conflicts of interest.

Directors and employees are required to make a declaration to the management through the reporting channels when actual or potential conflict of interest arises. Employees cannot receive any gifts from any external parties (i.e. customers, suppliers, contractors, etc.) unless approval is obtained from the management.

The Group has whistle-blowing procedures in effect, encouraging the employees to report directly to the Company's senior management any misconduct and dishonest behavior, such as bribery, fraud and other offences. Furthermore, the Group has specified in the employees' handbook that the Group is entitled to terminate the employment contract with any employee who is bribed with money, gifts or commission, etc., and reserve the right to take further legal actions against such person.

During the Reporting Period, we have complied with the relevant laws and regulations regarding anti-corruption and money-laundering and had no concluded legal case regarding corrupt practices brought against the issuer or its employees.

COMMUNITY INVESTMENT

The Group is devoted to the community, and show the love and care for people in need and encourages the employees to participate in in-house or external community activities. During the reporting period, the Group had formed a voluntary team to offer free maintenance/repairing service for the household or peoples in need, particularly the elderly, children and handicapped. The team consists of 20 peoples, including the participation of interior designers and skillful workers of different trade, such as carpentry, wood works, painting, plastering, etc.

In addition, the Group always encourage the employees to participate in blood donation and organ donation, and regularly organize company-wise campaigns for such activities including joining the Organ Donation Promotion Charter with Department of Health and becoming the partner and signatory of the charter.

Moreover, the Group gathers all the used furniture from customers prior to commencement of fitting out works where most of them are still being maintained at a good condition. A designated team notes the basic information of these furniture and make a post to the Facebook page of the Group. Whenever there is someone in need, the Group will distribute for free.

The Group will continue to explore other means to contribute more to the environment and strive to facilitate the building of a healthy and sustainable society.

All resolutions put forward at shareholders' meeting will be voted by poll pursuant to the GEM Listing Rules and the poll voting results will be posted on the Stock Exchange's website and the Company's website after the relevant shareholders' meeting.

Extraordinary general meeting may be convened by the Board on requisition of shareholders holding not less than one-tenth of the paid up capital of the Company or by such shareholders who made the requisition (the **“Requisitionists”**) (as the case may be) pursuant to Article 64 of the articles of association. Such requisition must state the object of business to be transacted at the meeting and must be signed by the Requisitionists and deposited at the registered office of the Company or the Company's principal place of business in Hong Kong. Shareholders should follow the requirements and procedures as set out in such Article for convening an extraordinary general meeting. Shareholders may put forward proposals with general meeting of the Company by sending the same to the Company at the principal office of the Company in Hong Kong.

For putting forward any enquiries to the Board, shareholders may send written enquiries to the Company. Shareholders may send their enquiries or requests in respect of their rights to the Company's principal place of business in Hong Kong.

CORPORATE GOVERNANCE REPORT

INTERNAL CONTROLS AND RISK ASSESSMENT

The Directors acknowledge that they have overall responsibility for overseeing the Company's internal control, financial control and risk management system and shall monitor its effectiveness on an ongoing basis. A review of the effectiveness of the risk management and internal control systems has been conducted by the Board at least annually.

Aimed at providing reasonable assurance against material errors, losses or fraud, the Company has established a risk management procedures which comprised the following steps:

- Identify risks: Identify major and significant risks that could affect the achievement of goals of the Group;
- Risk assessment: Assess and evaluate the identified risk according to its likely impact and the likelihood of occurrence;
- Risk mitigation: Develop effective control activities to mitigate the risks.

Risk identification and assessment is performed or updated annually, and the results of risk assessment, evaluation and mitigation of each functions or operation are documented in the Risk Registry to communicate to the Board and Management for reviews.

The Group's risk management and internal control systems are, however, designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss.

A review on the internal control systems of the Company, including financial, operational and compliance controls and risk management functions has been carried out by an independent consultancy company with staff in possession of relevant expertise to conduct an independent review.

The Company's audit committee reviewed the internal control review report issued by the independent consultancy company and the Company's risk management and internal control systems in respect of the year ended 31 March 2018 and considered that they are effective and adequate. The Board assessed the effectiveness of internal control systems by considering the internal control review report and reviews performed by the audit committee and concurred the same.

The Group has yet to establish its internal audit function during the year ended 31 March 2018 as required under Code Provision C.2.5. The audit committee and Board, has considered the internal control review report prepared by an independent consultancy company and communications with the Company's external auditors in respect of any material control deficiencies identified during the course of the consolidated financial statement audit to form the basis to review the adequacy and effectiveness of the Group's risk management and internal control systems. The audit committee and the Board will continue to review the need for an internal audit function on an annual basis.

There is currently no internal audit function within the Group. The Directors have reviewed the need for an internal audit function and are of the view that in light of the size, nature and complexity of the business of the Group, it would be more cost effective to appoint external independent professionals to perform internal audit function for the Group in order to meet its needs. Nevertheless, the Directors will continue to review at least annually the need for an internal audit function.

CORPORATE GOVERNANCE REPORT

COMMUNICATION WITH SHAREHOLDERS AND INVESTOR RELATIONS

The Company has adopted shareholders communication policy with objective of ensuring that the shareholders and potential investors are provided with ready, equal and timely access to balanced and understandable information about the Company.

The Company has established several channels to communicate with the shareholders as follows:

TO THE SHAREHOLDERS OF LAI GROUP HOLDING COMPANY LIMITED

(Incorporated in the Cayman Islands with limited liability)

OPINION

We have audited the consolidated financial statements of Lai Group Holding Company Limited (the “**Company**”) and its subsidiaries (collectively referred to as the “**Group**”) set out on pages 45 to 84, which comprise the consolidated statement of financial position as at 31 March 2018, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 March 2018, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards (“**HKFRSs**”) issued by the Hong Kong Institute of Certified Public Accountants (“**HKICPA**”) and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing (“**HKSAs**”) issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditors’ Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the HKICPA’s *Code of Ethics for Professional Accountants* (the “**Code**”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

INDEPENDENT AUDITORS' REPORT

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matter

How our audit addressed the Key Audit Matter

Accounting for construction contract revenue, contract costs and related receivables and liabilities

We identified the area as a key audit matter because significant management judgements and estimation are required in the determination of the total outcome of the contracting service contracts as well as the percentage of completion of contracting service.

We:

- Reviewed the contract sum and budgeted costs to respective signed contracts and budgets prepared by management.
- Obtained an understanding from management about how the budgets were prepared and the respective stages of completion were determined.
- Reviewed the reasonableness of key judgements inherent in the budgets.
- Evaluated the reasonableness of the stage of completion of projects as at year end by obtaining and reviewing invoices issued by suppliers and subcontractors.
- Assessed the reliability of the budgets by comparing the actual outcome against management's estimation of completed contracts on a sample basis.
- Checked the gross amounts due from/to customers for contract work by agreeing the amount of progress billings, on a sample basis, to billings issued to customers.

OTHER INFORMATION

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditors' report thereon ("Other Information").

Our opinion on the consolidated financial statements does not cover the Other Information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the Other Information and, in doing so, consider whether the Other Information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this Other Information, we are required to report that fact. We have nothing to report in this regard.

INDEPENDENT AUDITORS' REPORT

RESPONSIBILITIES OF THE DIRECTORS FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The directors of the Company are assisted by the Audit Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. This report is made solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

INDEPENDENT AUDITORS' REPORT

AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement director on the audit resulting in this independent auditors' report is Chan Ching Pang.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2018

1 GENERAL INFORMATION AND BASIS OF PRESENTATION

Lai Group Holding Company Limited (the “**Company**”) was incorporated in the Cayman Islands on 17 February 2016 as an exempted company with limited liability. The shares of the Company have been listed on GEM of the Stock Exchange of Hong Kong Limited (the “**Stock Exchange**”) on 12 April 2017 (the “**Listing**”). Its parent and ultimate holding company is Chun Wah Limited (“**Chun Wah**”), a company incorporated in the Republic of Seychelles (“**Seychelles**”) and owned as to 100% by Mr. Chan Lai Sin (“**Mr. Chan**”), the controlling shareholder, an executive director and the chairman of the Company.

The address of the registered office of the Company is PO Box 1350, Clifton House, 75 Fort Street, Grand Cayman KY1-1108, Cayman Islands. The principal place of business of the Company is Office H, 19/F, Phase 01, Kings Wing Plaza, 3 On Kwan Street, Shek Mun, Sha Tin, New Territories, Hong Kong. The Company is an investment holding company. The principal activities of the Group are provision of interior design and fit-out services in Hong Kong.

Prior to the corporate reorganisation undertaken in preparation for the Listing of the Company’s shares on GEM of the Stock Exchange (the “**Reorganisation**”), the group entities were under the control of Mr. Chan. Through the Reorganisation, the Company became the holding company of the companies now comprising the Group on 24 March 2017. Accordingly, for the purpose of the preparation of the consolidated financial statements of the Group, the Company has been considered as the holding company of the companies now comprising the Group throughout the year ended 31 March 2017. The Group comprising the Company and its subsidiaries resulting from the Reorganisation is regarded as a continuing entity. The Group was under the control of Mr. Chan prior to and after the Reorganisation.

The consolidated financial statements have been prepared as if the Company had been the holding company of the Group throughout the year ended 31 March 2017 in accordance with Accounting Guideline 5 “*Merger Accounting for Common Control Combinations*” issued by the Hong Kong Institute of Certified Public Accountants (the “**HKICPA**”). The consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year ended 31 March 2017, which include the results, changes in equity and cash flows of the companies now comprising the Group, have been prepared as if the current group structure had been in existence throughout the year ended 31 March 2017, or since their respective dates of incorporation where this is a shorter period.

The consolidated financial statements are presented in Hong Kong dollars (“**HK\$**”), which is the same as the functional currency of the Company.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the preparation of these consolidated financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated. The financial statements are for the Group consisting of the Company and its subsidiaries.

2.1 Basis of preparation

Compliance with HKFRS and disclosure requirements of HKCO

The consolidated financial statements of the Group have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards (“**HKFRSs**”) issued by the HKICPA. The consolidated financial statements also include applicable disclosures required by the Rules Governing the Listing of Securities on the GEM (“**GEM Listing Rules**”) and by the Hong Kong Companies Ordinance (“**HKCO**”).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2018

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.1 Basis of preparation (continued)

New and amended standards adopted by the Group

The Group has applied the following standards and amendments for the first time for their annual reporting period commencing 1 April 2017:

- *Recognition of Deferred Tax Assets for Unrealised Losses – Amendments to HKAS 12,*
- *Disclosure initiative – amendments to HKAS 7, and*
- *Annual Improvements to HKFRS Standards 2014-2016 Cycle.*

The adoption of these amendments did not have any impact on the amounts recognised in prior periods. Most of the amendments will also not affect the current or future periods.

The amendments to HKAS 7 require disclosure of changes in liabilities arising from financing activities, see note 13.

New standards and interpretations not yet adopted

Certain new accounting standards and interpretations have been published that are not mandatory for 31 March 2018 reporting periods and have not been early adopted by the Group. The Group's assessment of the impact of these new standards and interpretations is set out below.

HKFRS 9 Financial Instruments

Nature of change

HKFRS 9 addresses the classification, measurement and derecognition of financial assets and financial liabilities, introduces new rules for hedge accounting and a new impairment model for financial assets.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2018

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.1 Basis of preparation (continued)

New standards and interpretations not yet adopted (continued)

HKFRS 9 *Financial Instruments* (continued)

Impact

The Group has reviewed its financial assets and liabilities and is expecting the following impact from the adoption of the new standard on 1 April 2018:

The financial assets held by the Group include debt instruments currently measured at amortised cost which meet the conditions for classification at amortised cost under HKFRS 9.

Accordingly, the Group does not expect the new guidance to affect the classification and measurement of these financial assets. There will be no impact on the Group's accounting for financial liabilities, as the new requirements only affect the accounting for financial liabilities that are designated at fair value through profit or loss and the Group does not have any such liabilities. The derecognition rules have been transferred from HKAS 39 *Financial Instruments: Recognition and Measurement* and have not been changed.

The new impairment model requires the recognition of impairment provisions based on expected credit losses rather than only incurred credit losses as is the case under HKAS 39. It applies to financial assets classified at amortised cost, debt instruments measured at fair value through other comprehensive income, contract assets under HKFRS 15 *Revenue from Contracts with Customers*, lease receivables, loan commitments and certain financial guarantee contracts.

The new standard also introduces expanded disclosure requirements and changes in presentation. These are expected to change the nature and extent of the Group's disclosures about its financial instruments particularly in the year of the adoption of the new standard.

Date of adoption by Group

Must be applied for financial years commencing on or after 1 January 2018, with the practical expedients permitted under the standard. Comparatives for 2017 will not be restated.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2018

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.1 Basis of preparation (continued)

New standards and interpretations not yet adopted (continued)

HKFRS 15 Revenue from Contracts with Customers

Nature of change

The HKICPA has issued a new standard for the recognition of revenue. This will replace HKAS 18 which covers contracts for goods and services and HKAS 11 which covers construction contracts and the related literature.

The new standard is based on the principle that revenue is recognised when control of a good or service transfers to a customer.

The standard permits either a full retrospective or a modified retrospective approach for the adoption.

Impact

The Group has undertaken a preliminary assessment of the impact of HKFRS 15 and does not expect its results of operations and financial position will be significantly impacted.

Date of adoption by Group

Mandatory for financial years commencing on or after 1 January 2018.

HKFRS 16 Leases

Nature of change

HKFRS 16 was issued in January 2016. It will result in almost all leases being recognised on the statement of financial position, as the distinction between operating and finance leases is removed. Under the new standard, an asset (the right to use the leased item) and a financial liability to pay rentals are recognised. The only exceptions are short-term and low-value leases.

The accounting for lessors will not significantly change.

Impact

The standard will affect primarily the accounting for the Group's operating leases.

The management of the Group does not expect the adoption of HKFRS 16 would result in significant impact on the Group's results but it is expected that certain portion of the Group's operating lease commitments will be required to be recognised in the consolidated statement of financial position as right-of-use assets and lease liabilities.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2018

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.1 Basis of preparation (continued)

New standards and interpretations not yet adopted (continued)

HKFRS 16 Leases (continued)

Mandatory application date/Date of adoption by Group

Mandatory for financial years commencing on or after 1 January 2019. At this stage, the Group does not intend to adopt the standard before its effective date.

There are no other standards that are not yet effective and that would be expected to have a material impact on the entity in the current or future reporting periods and on foreseeable future transactions.

2.2 Principles of consolidation and equity accounting

Subsidiaries

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit or loss and other comprehensive income, statement of changes in equity and statement of financial position respectively.

2.3 Separate financial statements

Investments in subsidiaries are accounted for at cost less impairment. Cost includes direct attributable costs of investment. The results of subsidiaries are accounted for by the Company on the basis of dividend received and receivable.

Impairment testing of the investments in subsidiaries is required upon receiving a dividend from these investments if the dividend exceeds the total comprehensive income of the subsidiary in the period the dividend is declared or if the carrying amount of the investment in the separate financial statements exceeds the carrying amount in the consolidated financial statements of the investee's net assets including goodwill.

2.4 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the board of directors that makes strategic decisions.

2.5 Foreign currency translation

Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates ("**functional currency**"). The consolidated financial statements are presented in HK\$, which is the Group's functional and presentation currency.

2.6 Property, plant and equipment

The property, plant and equipment are stated at historical cost less accumulated depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Depreciation on property, plant and equipment is calculated using the straight-line method to allocate their cost to their residual values over their estimated useful lives or lease term, where applicable, as follows:

Land and building	Over lease term
Computer equipment	20%
Leasehold improvements	Over lease term or 20%
Furniture and fixtures	20%
Office equipment	20%
Motor vehicles	20%

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss.

2.7 Impairment of non-financial assets

Non-financial assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

2.8 Investments and other financial assets

(i) *Classification*

The Group classifies its financial assets as loans and receivables. The classification depends on the purpose for which the investments were acquired. Management determines the classification of its investments at initial recognition.

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. If collection of the amounts is expected in one year or less they are classified as current assets. If not, they are presented as non-current assets. The Group's loans and receivables comprise "trade and other receivables excluding prepayments", "amount due from a director" and "cash and bank balances".

(ii) *Recognition and derecognition*

Regular way purchases and sales of financial assets are recognised on trade-date, the date on which the Group commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all the risks and rewards of ownership.

(iii) *Measurement*

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset.

Loans and receivables are subsequently carried at amortised cost using the effective interest method.

Interest on loans and receivables calculated using the effective interest method is recognised in the statement of profit or loss as part of revenue.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.9 Impairment of financial assets

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or group of financial assets is impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a “**loss event**”) and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated.

Assets carried at amortised cost

For loans and receivables, the amount of the loss is measured as the difference between the asset’s carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset’s original effective interest rate. The carrying amount of the asset is reduced and the amount of the loss is recognised in profit or loss.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised (such as an improvement in the debtor’s credit rating), the reversal of the previously recognised impairment loss is recognised in profit or loss.

2.10 Gross amounts due from/to customers for contract work

A construction contract is defined in HKAS 11 as a contract specifically negotiated for the construction of an asset or a combination of assets that are closely interrelated or interdependent in terms of their design, technology and functions or their ultimate purpose or use.

When the outcome of a construction contract can be estimated reliably, revenue and costs are recognised by reference to the stage of completion of the contract activity at the end of the reporting period. Variations in contract work, claims and incentive payments are included to the extent that the amount can be measured reliably and its receipt is considered probable.

The Group presents as an asset the gross amounts due from customers for contract work for all contracts in progress for which costs incurred plus recognised profits (less recognised losses) exceed progress billings. Progress billings not yet paid by customers are included within “trade and other receivables”.

The Group presents as a liability the gross amounts due to customers for contract work for all contracts in progress for which progress billings exceed costs incurred plus recognised profits (less recognised losses). Amounts received before the related work is performed are included within “trade and other payables”.

2.11 Trade receivables

Trade receivables are amounts due from customers for services performed in the ordinary course of business. If collection of trade receivables is expected in one year or less (or in the normal operating cycle of the business if longer), they are classified as current assets. If not, they are presented as non-current assets.

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.12 Cash and cash equivalents

For the purpose of presentation in the consolidated statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the consolidated statement of financial position.

2.13 Share capital

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

2.14 Trade and other payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

2.15 Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from borrowing costs eligible for capitalising. Other borrowing costs are expensed in the period in which they are incurred. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

2.16 Current and deferred income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current income tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the company's subsidiaries operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2018

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.16 Current and deferred income tax (continued)

Deferred income tax

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

2.17 Employee benefits

Retirement benefits

The Group operates defined contribution plans and pays contributions to privately administered pension insurance plans on a mandatory, contractual or voluntary basis. The Group has no further payment obligations once the contributions have been paid. The contributions are recognised as employee benefit expenses when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2018

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.18 Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

2.19 Revenue recognition

Revenue comprises the fair value of the consideration received or receivables for the sale of services in the ordinary course of the Group's activities. Revenue is shown after eliminating sales within the Group.

Project for interior design and fit-out services income is recognised based on the stage of completion of the contracts, provided that the stage of contract completion and the contract costs of the contracting work can be measured reliably. The stage of completion of a contract is established by reference to the proportion that contract costs incurred for work performed to date bear to the estimated total contract cost.

Interest income is recognised on a time proportion basis by using the effective interest method.

2.20 Leases

Leases of property, plant and equipment where the Group, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in other short-term and long-term payables. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period. The property, plant and equipment acquired under finance leases is depreciated over the asset's useful life or over the shorter of the asset's useful life and the lease term if there is no reasonable certainty that the Group will obtain ownership at the end of the lease term.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Group as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease.

2.21 Related parties

A party is considered to be related to the Group if:

- (a) the party is a person or a close member of that person's family and that person
 - (i) has control or joint control of the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of the key management personnel of the Group or of a parent of the Group;

or

- (b) the party is an entity where any of the following conditions applies:
 - (i) the entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others);
 - (ii) one entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member);
 - (iii) the entity and the Group are joint ventures of the same third party;
 - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
 - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group. If the Group is itself such a plan, the sponsoring employers are also related to the Group;
 - (vi) the entity is controlled or jointly controlled by a person identified in (a);
 - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); and
 - (viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the Company or the Company's parents.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

A transaction is considered to be a related party transactions where there is a transfer of resources or obligations between related parties.

2.22 Dividend distribution

Dividend distribution to the Company's shareholders is recognised as a liability in the Group's financial statements in the period in which the dividends are approved by the Company's shareholders or directors, where appropriate.

3 FINANCIAL RISK MANAGEMENT

3.1 Financial risk factors

The Group's activities exposed it to a variety of financial risks: interest rate risk, credit risk and liquidity risk.

The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance.

(i) *Interest rate risk*

Other than bank balances with variable interest rate, the Group has no other significant interest-bearing assets. Management does not anticipate significant impact to interest-bearing assets resulted from the changes in interest rates, because the interest rates of bank balances are not expected to change significantly.

The Group does not expose to cash flow interest rate risk arising from its borrowings as the Group's finance lease liabilities are at fixed interest rates. The Group currently does not hedge its exposure to the interest rate risk as the management of the Group consider that the risk is insignificant.

(ii) *Credit risk*

Credit risk arises mainly from trade and other receivables, amount due from a director and cash and bank balances. The Group's maximum exposure to credit risk in the event of the counterparties' failure to perform their obligations as at the reporting date in relation to each class of recognised financial assets is the carrying amount of those assets as stated in the consolidated statement of financial position.

The credit risk of bank balances is limited because the counterparties are banks with sound credit ratings assigned by international credit-rating agencies.

In respect of trade and other receivables, individual credit evaluations are performed on all customers and counterparties. These evaluations focus on the counterparty's financial position, past history of making payments and take into account information specific to the counterparty as well as pertaining to the economic environment in which the counterparty operates. Monitoring procedures have been implemented to ensure that follow-up action is taken to recover overdue debts. In addition, the Group reviews the recoverable amount of each individual trade and other receivable balances at the end of each reporting period to ensure adequate impairment losses are made for irrecoverable amounts.

As at 31 March 2018, the Group has certain concentrations of credit risk as 1.8% (2017: 23.2%) of the Group's current assets were the amount due from a director. Further quantitative data in respect of the Group's exposure to credit risk arising from amount due from a director are disclosed in Note 19.

3 FINANCIAL RISK MANAGEMENT (CONTINUED)

3.1 Financial risk factors (continued)

(iii) Liquidity risk

The Group's policy is to regularly monitor current and expected liquidity requirements to ensure that it maintains sufficient reserves of cash to meet their liquidity requirements in the short and long term. Management believes there is no significant liquidity risk as the Group has sufficient financial resources to fund their operations.

The following table details the remaining contractual maturities at the end of the reporting period of the Group's financial liabilities, which are based on contractual undiscounted cash flows (including interest payments computed using contractual rates or, if floating based on current rates at the end of the reporting period) and the earliest date the Group may be required to pay:

3 FINANCIAL RISK MANAGEMENT (CONTINUED)

3.2 Capital risk management

The Group's primary objectives when managing capital are to safeguard the Group's ability to continue as a going concern, so that it can continue to provide returns for shareholders, to support the Group's stability and growth; to earn a margin commensurate with the level of business and market risks in the Group's operations and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends to shareholders, return capital to shareholders, issue new shares, obtain new borrowings or sell assets to reduce debt.

The Group monitors capital on the basis of the gearing ratio. This ratio is calculated as the total interest-bearing liabilities divided by the total equity as at the end of each reporting period.

The gearing ratios of the Group are as follows:

	2018 HK\$'000	2017 HK\$'000
Finance lease liabilities	1,268	750
Total equity	50,931	4,197
Gearing ratio	2.5%	17.9%

4 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements used in preparing the consolidated financial statements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below.

(a) Impairment of receivables

Management determines the provision for impairment of trade and other receivables. This estimate is based on the credit history of its customers and the current market condition. Management reassesses the provision at the end of each of the reporting period.

Significant judgement is exercised on the assessment of the collectability of receivables from each customer. In making the judgement, management considers a wide range of factors such as results of follow-up procedures, customer payment trends including subsequent payments and customers' financial positions. If the financial conditions of the customers of the Group were to deteriorate, resulting in an impairment of their ability to make payments, additional allowances may be required.

(b) Construction contract

The Group recognises contract revenue and profit of a construction contract in relation to provision of interior design and fit-out services according to the management's estimation of the total outcome of the contract as well as the percentage of completion of construction works. Notwithstanding that the management reviews and revises the estimates of both contract revenue and costs for the construction contract as the contract progresses, the actual outcome of the contract in terms of its total revenue and costs may be higher or lower than the estimates and this will affect the revenue and profit recognised.

The chief operating decision-maker has been identified as the board of directors. The board of directors regards the Group's business as a single operating segment. The information provided to the chief operating decision-maker is the same as those described in these consolidated financial statements. Also, the Group only engages its business in Hong Kong. Therefore, no segment information is presented.

As no revenue derived from sales to a single customer of the Group has individually accounted for over 10% of the Group's total revenue during the year ended 31 March 2018 (2017: Nil), no information about major customers is presented.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2018

11 EARNINGS PER SHARE

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of ordinary shares outstanding during the financial year

	2018 HK\$'000	2017 HK\$'000
Earnings		
Profit attributable to owners of the Company for the year	149	2,745
	2018 '000	2017 '000
Number of shares		
Weighted average number of ordinary shares for the purpose of basic earnings per share	793,973	600,000

The weighted average number of ordinary shares for the year ended 31 March 2018 was derived from 600,000,000 ordinary shares in issue and the effect of share offer (200,000,000 ordinary shares issued) by the Company.

The weighted average number of ordinary shares for the year ended 31 March 2017 was 600,000,000 ordinary shares in issue as if these 600,000,000 ordinary shares were outstanding throughout the year.

The diluted earnings per share is equal to the basic earnings per share as there were no dilutive potential ordinary shares in issue during the years ended 31 March 2018 and 2017.

12 DIVIDENDS

	2018 HK\$'000	2017 HK\$'000
Interim dividend	–	16,000

During the year ended 31 March 2017, an interim dividend of HK\$16,000,000 was declared by the subsidiary of the Company to their then equity owners prior to the Reorganisation. The rate of dividend and the number of shares ranking for dividend are not presented as such information is not meaningful for the preparation of these consolidated financial statements.

No dividend was paid or proposed for ordinary shareholders of the Company during the year ended 31 March 2018 (2017: Nil), nor has any dividend been proposed since the end of the reporting period.

As at 31 March 2018		800,000,000	8,000

Notes:

- Pursuant to the resolutions passed by the sole shareholder of the Company on 24 March 2017, the authorised share capital of the Company was increased from HK\$380,000 to HK\$10,000,000 divided into 1,000,000,000 ordinary shares by the creation of an additional 962,000,000 ordinary shares of HK\$0.01 each, ranking pari passu in all respects with the existing shares.
- Pursuant to the Reorganisation and as consideration for the acquisition by the Company of the entire issued share capital of Kingsky, a subsidiary of the Company, from Chun Wah on 24 March 2017, the Company credited the one (1) nil-paid ordinary share held by Chun Wah as fully paid and issued and allotted 599,999,999 ordinary shares in the Company, credited as fully-paid, to Chun Wah.
- The share offer comprises the placing and the public offer pursuant to the Listing. A total of initially 200,000,000 ordinary shares of HK\$0.01 each were made available under the share offer, of which 140,000,000 placing shares, representing 70% of the offer shares, were initially and conditionally placed with selected investors under the placing. The remaining 60,000,000 public offer shares, representing 30% of the offer shares, were initially offered to members of the public in Hong Kong under the public offer. The share offer was at a price of HK\$0.26 per share pursuant to the Listing.

22 RESERVES

(i) Share premium

The share premium account is governed by the Companies Law of the Cayman Islands and may be applied by the Company subject to the provisions, if any, of its memorandum and articles of association in paying distributions or dividends to equity shareholders.

(ii) Other reserve

Other reserve represents the difference between the nominal value of the shares issued by the Company in exchange for the nominal value of the share capital of its subsidiaries arising from the Reorganisation.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2018

23 SHARE OPTION SCHEME

The Company's share option scheme (the "**Scheme**") was adopted pursuant to a resolution passed on 24 March 2017. The Share Option Scheme is to attract and retain the best available personnel, to provide additional incentive to the eligible participants under the Scheme.

Under the Scheme, the directors of the Company may at their absolute discretion and subject to the terms of the Scheme, grant options to any employees (full-time or part-time), directors, consultants, advisors, distributors, contractors, suppliers, agents, customers, business partners or service providers of the Group, to subscribe for shares of the Company. The eligibility of any participants to the grant of any options shall be determined by the directors of the Company (or as the case maybe, the independent non-executive directors of the Company) from time to time on the basis of the directors' opinion as to their contribution or potential to the development and growth of the Group.

The aggregate number of the Company's shares which may be issued upon exercise of all outstanding options granted and yet to be exercised under the Scheme and any other share options schemes of the Company must not exceed 30% of the Company's shares in issue from time to time. No options may be granted under the Scheme or any other share options schemes of the Company if this will result in the limit being exceeded. The maximum number of shares issuable upon exercise of all options to be granted under the Scheme and any other share option schemes of the Company as from the adoption date must not in aggregate exceed 10% of all the shares in issue upon the date on which the shares are listed and permitted to be dealt in the Stock Exchange. The 10% limit may be refreshed at any time by approval of the Company's shareholders in general meeting provided that the total number of the Company's shares which may be issued upon exercise of all options to be granted under the Scheme and any other share options schemes of the Company must not exceed 10% of the Company's shares in issue as at the date of approval of the refreshed limit.

The total number of shares issued and to be issued upon exercise of the options granted to each participant (including both exercised and outstanding options) under the Scheme or any other share option schemes of the Company in any 12-month period up to date of grant shall not exceed 1% of the shares of the Company in issue. Where any further grant of options to a participant under the Scheme would result in the shares issued and to be issued upon exercise of all options granted and to be granted to such participant (including exercised, cancelled and outstanding options) in the 12-month period up to and including the date of such further grant representing in aggregate over 1% of the shares in issue, such further grant must be separately approved by shareholders of the Company in general meeting with such participant and his/her close associates abstaining from voting.

Share options granted to a director, chief executive or substantial shareholder of the Company, or any of their respective associates must be approved by the independent non-executive directors of the Company (excluding any independent non-executive director who is the grantee). Where any share options granted to a substantial shareholder or an independent non-executive director of the Company, or any of their respective close associates would result in the total number of shares issued and to be issued upon exercise of all options already granted and to be granted (including options exercised, cancelled and outstanding) under the Scheme and any other share option schemes of the Company to such person in any 12-month period up to and including the date of such grant representing in aggregate over 0.1% of the shares of the Company in issue and having an aggregate value in excess of HK\$5 million must be approved by the Company's shareholders at the general meeting of the Company, with voting to be taken by way of poll.

The offer of a grant of share options might be accepted in writing within 7 days from the date of the offer. An option may be exercised in accordance with the terms of the Scheme at any time during a period as the directors may determine which shall not exceed ten years from the date of grant subject to the provisions of early termination thereof. A nominal consideration of HK\$1 is payable on acceptance of the grant of an option with a remittance in favour of the Company within such time as may be specified in the offer (which shall not be later than 7 days from the date of the offer).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2018

23 SHARE OPTION SCHEME (CONTINUED)

The subscription price shall be a price solely determined by the board of directors of the Company and notified to a participant and shall be at least the highest of: (i) the closing price of the Company's shares as stated in the Stock Exchange's daily quotations sheet on the offer date; (ii) the average closing prices of the Company's shares as stated in the Stock Exchange's daily quotations sheets for the 5 business days immediately preceding the date; and (iii) the nominal value of the Company's share on the offer date.

The Scheme shall be valid and effective for a period of ten years commencing on 24 March 2017, subject to early termination provisions contained in the Scheme.

No share options were granted, exercised, cancelled or lapsed since the adoption of the Scheme and there were no share option outstanding as at 31 March 2018.

(d) The carrying amounts of all finance lease liabilities are denominated in HK\$.

(e) The personal guarantees granted by Mr. Chan and Mr. Lui Tun Yun were released in April 2017.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2018

28 DEFERRED INCOME TAX

The components of deferred tax assets and liabilities recognised in the consolidated statement of financial position and the movements during the reporting period are as follows:

Deferred tax assets arising from:	Provision for warranties HK\$'000	Tax depreciation HK\$'000	Total HK\$'000
As at 1 April 2016	118	25	143
Charged to profit or loss	(15)	(25)	(40)
As at 31 March 2017 and 1 April 2017	103	–	103
Charged to profit or loss	(14)	–	(14)
As at 31 March 2018	89	–	89

Deferred tax liabilities arising from:	Tax depreciation HK\$'000	Total HK\$'000
As at 1 April 2016	61	61
Charged to profit or loss	36	36
As at 31 March 2017 and 1 April 2017	97	97
Charged to profit or loss	78	78
As at 31 March 2018	175	175

Deferred income tax assets are recognised for tax loss carry-forwards to the extent that the realisation of the related tax benefit through future taxable profits is probable. The Group did not recognise deferred income tax assets in respect of the tax losses at the end of each of the reporting period as the directors of the Company consider that it is uncertain as to the extent that future profits will be available against which tax losses can be utilised in the foreseeable future.

As at 31 March 2018, the Group has unused tax losses of approximately HK\$2,079,000 (2017: HK\$1,487,000) which are available for offset against future profits that may be carried forward indefinitely and are subject to approval from the Hong Kong Inland Revenue Department.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

29 COMMITMENTS

Operating lease commitments – Group as lessee

At the end of the reporting period, the Group had commitments for future minimum lease payments under non-cancellable operating leases were payable as follows:

	2018 HK\$'000	2017 HK\$'000
Within one year	2,007	2,144
In the second to fifth years inclusive	1,200	776
	3,207	2,920

The Group is the lessee in respect of office premises and office equipment under operating leases. The leases typically run for initial periods ranging from 2 to 5 years (2017: 6 months to 5 years).

30 RELATED PARTY TRANSACTIONS

Related parties are those parties that have the ability to control, jointly control or exert significant influence over the other party in making financial or operational decisions. Parties are also considered to be related if they are subject to common control or joint control. Related parties may be individuals or other entities.

Save as disclosed in Notes 19, 25 and 27 to the consolidated financial statements, the Group entered into the following material transactions with related parties during the reporting period:

- (a) The directors of the Company are of the view that the following companies that had transactions or balances with the Group are related parties:

Name of related party	Relationship with the Group
Happy Field Corporation Limited (“ Happy Field ”)	A related company is owned by Mr. Chan.
Rising Wing Enterprises Limited (“ Rising Wing ”)	A related company is owned by Mr. Chan.
HKFDA	A related company is controlled by Mr. Chan.
Mr. Chan	An executive director and the chairman of the Company.

Notes:

- (i) The rental expenses for premises paid to the above related parties are based on the agreements entered into between the parties involved.
- (ii) The commission paid to the above related party is based on terms mutually agreed.
- (iii) The emoluments of the directors and senior executives (representing the key management personnel) during the reporting period are disclosed in Note 8.
- (iv) On 23 May 2016, Fame Protector purchased a property from Mr. Chan at a consideration of HK\$9,600,000. The directors of the Company considered that the consideration was determined on normal commercial terms, and fair and reasonable after taking into consideration the original purchase price. The aforesaid consideration of HK\$9,600,000 was used to partially offset the amount due from a director (Note 32).
- (v) These related party transactions will constitute connected transactions or continuing connected transactions as defined in Chapter 20 of the GEM Listing Rules.

31 NON-CONTROLLING INTEREST

The directors of the Company consider that the non-controlling interests of the Group during the reporting period were insignificant to the Group and thus no summarised financial information of the non-wholly owned subsidiary is required to be presented in the consolidated financial statements.

32 NON-CASH TRANSACTIONS

During the year ended 31 March 2018, property, plant and equipment of approximately HK\$1,399,000 was financed by finance lease arrangements (2017: Nil).

As disclosed in Note 30, the consideration of property purchased from Mr. Chan was used to partially offset the amount due from a director during the year ended 31 March 2017.

As disclosed in Note 12, an interim dividend of HK\$16,000,000 was declared by the subsidiary of the Company to their then equity owners prior to the Reorganisation, such dividend was settled by offset the amount due from a director during the year ended 31 March 2017.
