## CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

**GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Main Board of Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.**

**Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.**

*Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibilities for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.*

*This report, for which the directors (the "Directors") of Eco-Tek Holdings Limited (the "Company") collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the "GEM Listing Rules") for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquires, confirm that, to the best of their knowledge and belief the information contained in this report is accurate and complete in all material aspects and not misleading or deceptive and there are no other matters the omission of which would make any statement herein or this report misleading.*

# Chairman's Statement

I am pleased to report to our valued shareholders and investors the results of Eco-Tek Holdings Limited (the "Company") and its subsidiaries (collectively called the "Group") for the financial year ended 31 October 2018.

During the year ended 31 October 2018, revenue of our industrial environmental products business, water supply plant business and general environmental protection related products and services business accounted for 76%, 23% and 1% respectively of the Group's revenue (year ended 31 October 2017: 80%, 19% and 1% respectively). The industrial environmental products business contributed majority of the Group's revenue and its revenue for the year ended 31 October 2018 was HK\$77,871,000, 7% less than that of last year since China's trade war with United State. The water supply plant business's revenue for the year ended 31 October 2018 was HK\$ 23,498,000, 16% more than that of last year since starting supply water to a newly developed industrial area, namely Baodi Jingjin Guoji ShiCai Zongbu Jidi 寶坻京津國際石材總部基地 within our existing water supply territory.

The revenue of the Group for the year ended 31 October 2018 decreased by 3% to HK\$102,352,000 when compared with that of the last year (2017: HK\$105,454,000) as the sales of our industrial environmental products business decreased under poor market sentiment since China's trade war with United State. National Bureau of Statistics of the People's Republic of China (the "Bureau of Statistic of the PRC") recently announced that the China's gross domestic product (the "GDP") growth for the year of 2018 fell to 6.6% and the manufacturing Purchasing Managers' Index (PMI) was 49.4 in December 2018 which was below the threshold 50 which indicate the China manufacturers' contraction in purchasing activities.

The Group's gross profit for the year ended 31 October 2018 was HK\$36,741,000, representing an increase of 18% as compared with last year (2017: HK\$31,118,000) because certain water supply plant business's plant and machinery were fully depreciated in this year. The gross profit of water supply plant business increased from last year HK\$6,179,000 to this year HK\$11,496,000. Moreover, the proportion of the revenue of higher profit margin water supply plant business to the Group revenue increased from last year 19% to this year 23%. As a result, the gross profit margin of the Group for year ended 31 October 2018 increased to 36% (2017: 30%).

The Group recorded a profit attributable to owners of the Company amounted to HK\$4,847,000 for the year ended 31 October 2018 (year ended 31 October 2017: HK\$5,136,000).

# Chairman's Statement

In the process of transforming the Chinese economy to the “new normal” era with the new growth model emphasizing domestic consumption and quality, there are risks of decline in demand of low-end machinery and equipment but also opportunities under the national strategies of “Energy Conservation and Emission Reduction”. Leverage on the Group’s past experience in this area, the Group will source supply of new products or services which fulfill the policy of energy conservation and emission reduction in China, although we will monitor the situation cautiously and adjust our development plan accordingly.

Our water supply plant in Tianjin (the “Dong Shan Water Supply Plant”) has the exclusive right to supply processed water to certain areas inside and near Baodi District of Tianjin City including Jing-Jin New City. Since this year, we had started supply water to a new newly developed industrial area, namely Baodi Jingjin Guoji ShiCai Zongbu Jidi 寶坻京津國際石材總部基地 within our existing water supply territory. Under the Beijing-Tangshan Intercity Railways and Tianjin Binhai New Area Intercity Railway (together as the “New Intercity Railways”), the construction works of Baodi Station was started. It was believed that the completion of the New Intercity Railways will promote the integrative and cooperative economic development of the Baodi District and Jing-Jin New City which will benefit the Dong Shan Water Supply Plant.

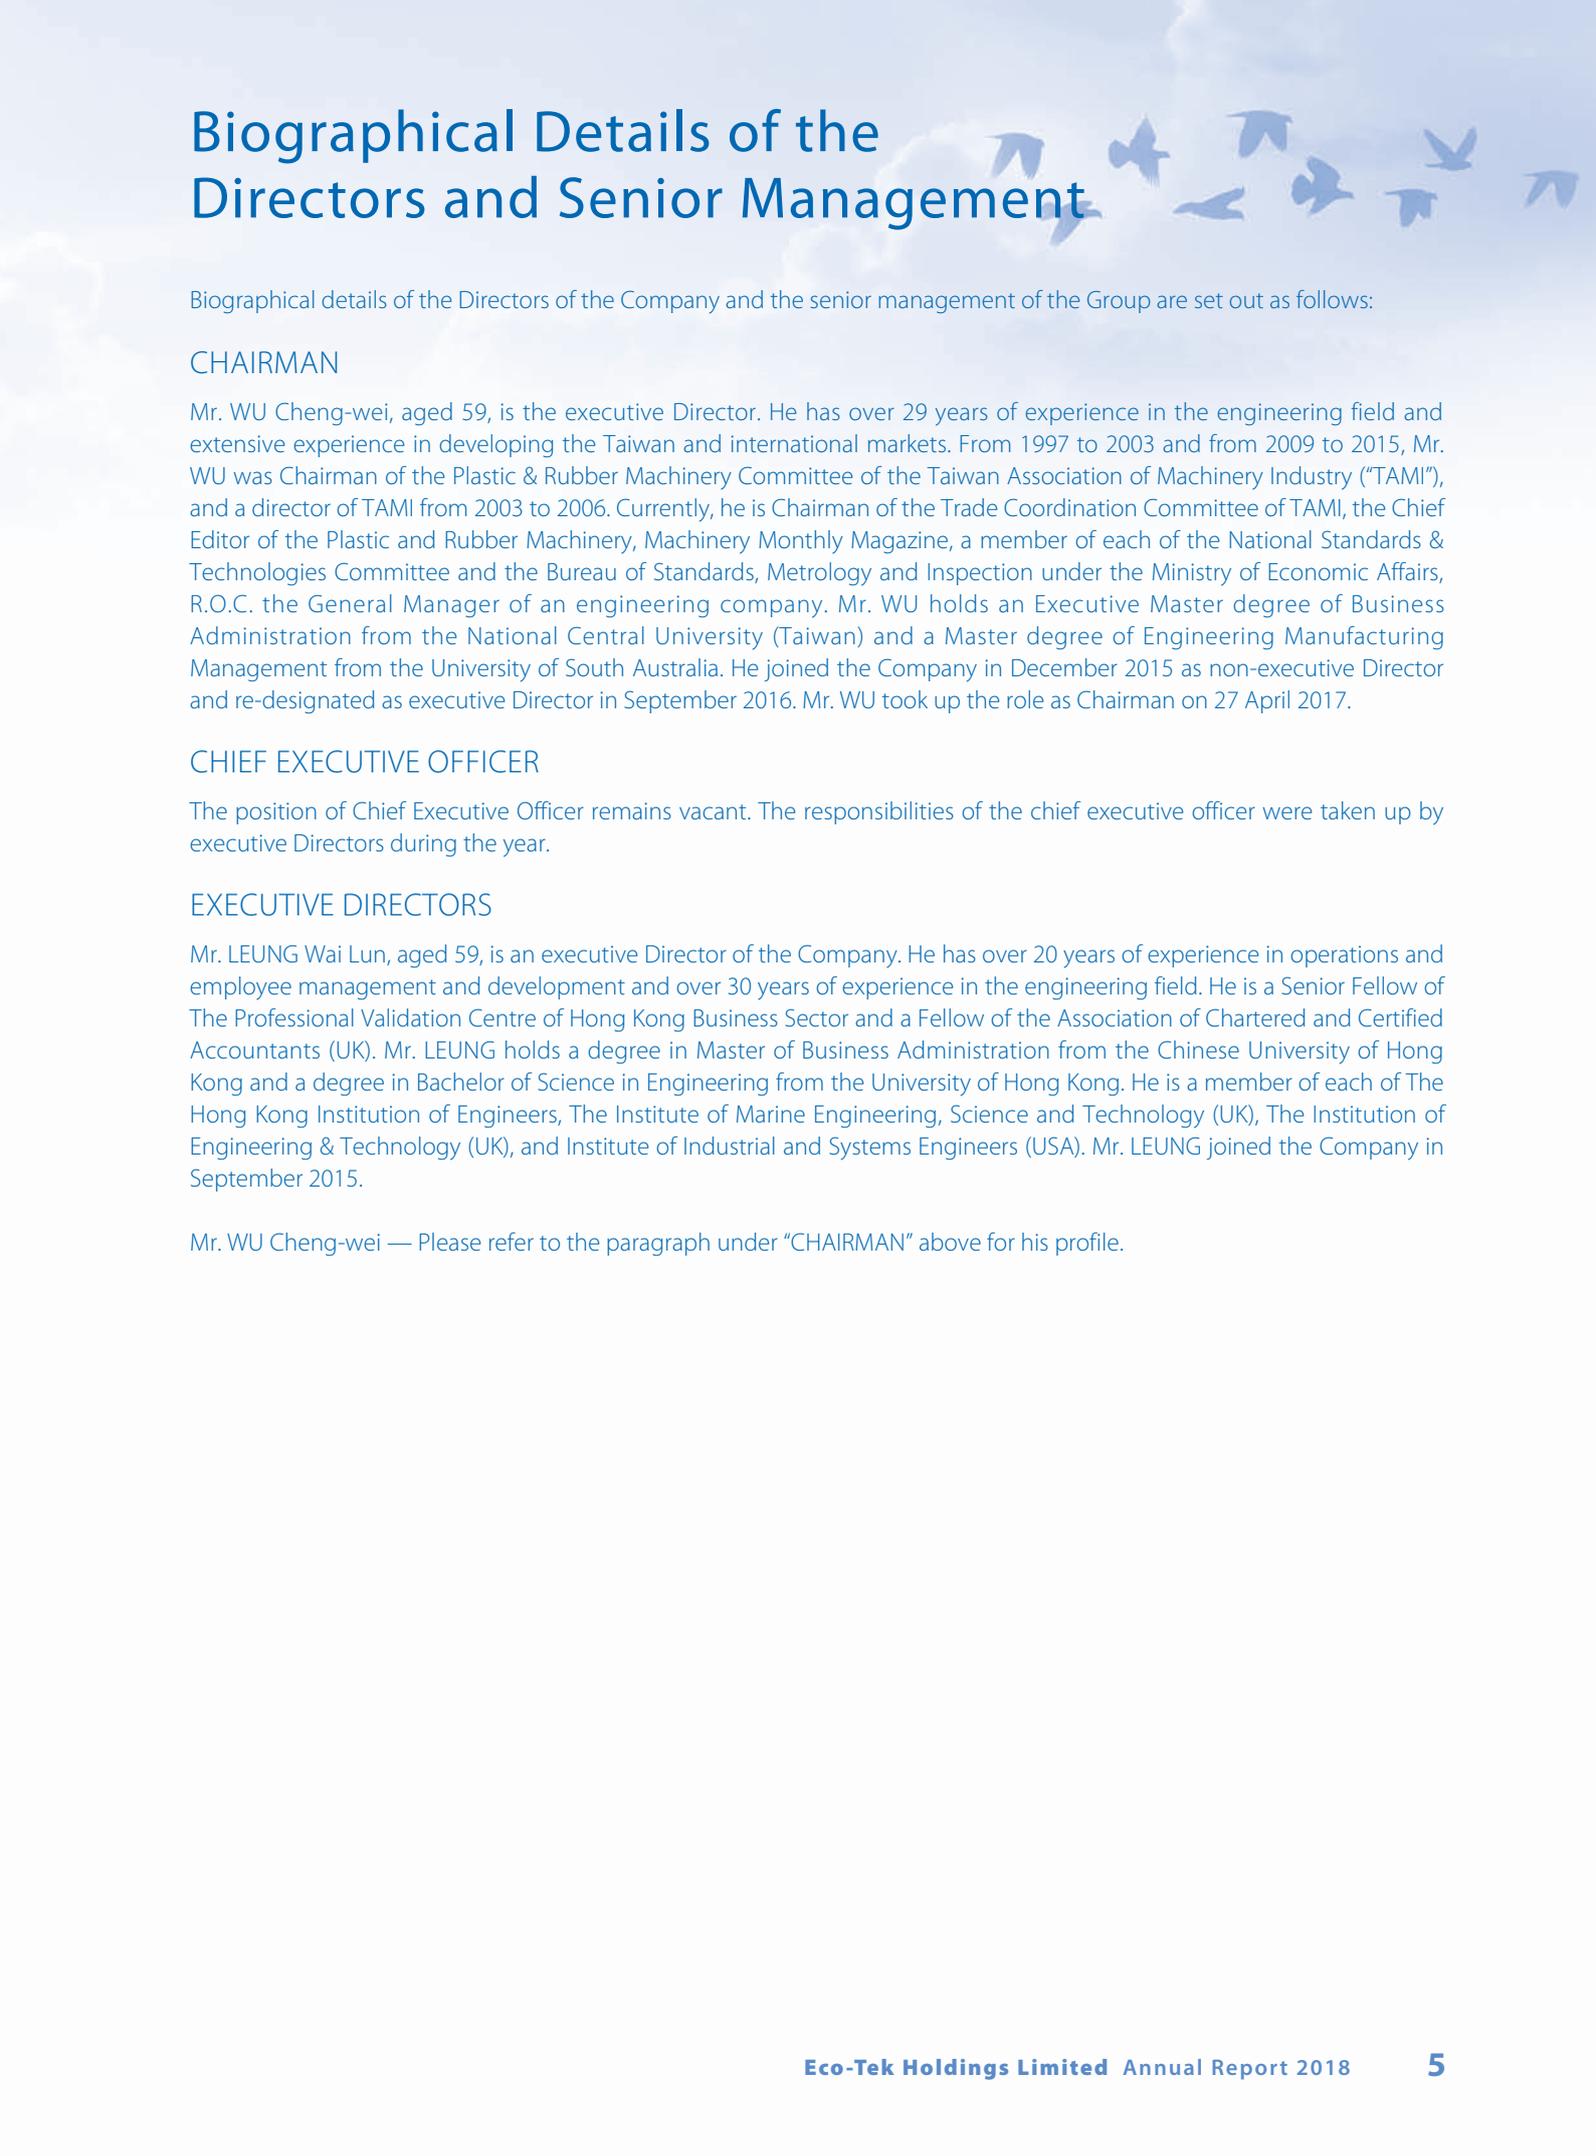

On behalf of the board and our management team, I would like to take this opportunity to express my appreciation to the shareholders, customers and business partners for their supports and cooperation. I hereby express my heartfelt gratitude to all the Directors for their supports and contributions, and committed staff for their diligence and effort, which have contributed to the business development of the Group in the past year.

## DIVIDEND POLICY

The Group adopted a dividend policy (the "Dividend Policy") on 22 January 2019. A summary of this policy is disclosed as below.

The dividend policy of the Company is to distribute to its shareholder the funds surplus to the operating needs, current and future business development of the Group as determined by the Board. The Company may declare and pay dividends to the shareholders of the Company (the "Shareholders"), subject to the criteria as set out below.

In accordance with the article of Association of the Company (the "Article of Association") and subject to the relevant laws under the Cayman Islands,, the Company in general meeting may from time to time declare dividends in any currency to be paid to the Shareholder but no dividend shall be declared in excess of the amount recommended by the Board.

Dividends may be declared and paid out of the profits of the Company, realized or unrealized, or from any reserve set aside from profits which the Board determine is no longer needed. With the sanction of an ordinary resolution dividends may also be declared and paid out of share premium account or any other fund or account which can be authorized for this purpose in accordance with the relevant laws under the Cayman Islands.

Subject to compliance with applicable laws, rule, regulations and the Articles of Association, in deciding whether to propose an dividend payout, the Board will take into account, among other things, the financial results, the earnings, losses and distributable reserves, the operations and liquidity requirements, the debt ratio and possible effect on the credit lines, the capital requirements, the current and future development plans of the Company, the interests of the Shareholders, dividends received from the Company's subsidiaries and associate companies, and other factors that the Board considered relevant.

# Corporate Governance Report

The Board will review the dividend policy from time to time and reserve its right in its sole and absolute to update, amend, modify and/or cancel the dividend policy. There can be no assurance that dividends will be paid in any particular amount for any given period.

## BOARD MEETING

During regular meetings of the board, either in person or by means of electronic communication, the Directors discuss and formulate the overall strategies of the Group, monitor financial performances and discuss the annual and interim and quarterly results, as well as discuss and decide on other significant matters.

The Company Secretary is responsible to the board for providing with board papers and related materials, for ensuring that all board procedures and all applicable laws, rules and regulations are followed, and for reporting to the Chairman and the board on governance matters. All Directors have unrestricted access to the advice and services of the Company Secretary. The Company Secretary also keeps minutes of all meetings which are available for inspection at any reasonable time on reasonable notice by any Director.

In case where a conflict of interest may arise involving a substantial shareholder or a Director, such matter, will be considered and dealt with the board discussed at a duly convened board meeting. Independent non-executive Directors with no conflict of interest will be presented at meetings dealing with such conflict issues. The board committees, including the audit committee, the remuneration committee and the nomination committee, have all adopted the applicable practices and procedures used in board meetings for all committee meetings. If considered to be necessary and appropriate by the Directors, they may retain independent professional advisors at the Group's expense.

## CHAIRMAN AND CHIEF EXECUTIVE OFFICER

The roles of Chairman and Chief Executive Officer are separate and not performed by the same individual to avoid power being concentrated in any one individual. Mr. WU Cheng-wei was the Chairman of the board since 27 April 2017. The position of chief executive officer of the Company remains vacant. The responsibilities of the chief executive officer were taken up by executive Directors.

## TERMS OF APPOINTMENT AND RE-ELECTION OF DIRECTORS

All the existing non-executive Directors were appointed for specific terms not more than three years. All Directors shall retire from office by rotation and are subject to re-election at annual general meeting at least once every three years. According to the Company's articles of association, Directors who are appointed to fill casual vacancies shall hold office only until the next following general meeting after their appointment, and are subject to re-election by shareholders.

## CONTINUOUS PROFESSIONAL DEVELOPMENT

All Directors, including non-executive Directors and independent non-executive Directors, should keep abreast of their collective responsibilities as Directors and of the business and activities of the Group. The Company will provide a comprehensive induction to each newly appointed Director on his/her first appointment in order to enable he/she has appropriate understanding of the business and operations of the Group and that he/she is fully aware of his/her responsibility and obligations under the GEM Listing Rules and relevant regulatory requirements.

# Corporate Governance Report

The Company provides continuing briefings and professional development to Directors to update on the latest development in relation to the GEM Listing Rules and other applicable regulatory requirements as well as the Group's business and governance. The relevant materials were also sent to the Directors who were not available to attend the briefing session for their information. # Corporate Governance Report

## RISK MANAGEMENT AND INTERNAL CONTROL

The board acknowledges its responsibility for overseeing the Group's risk management and internal control systems and reviewing their effectiveness at least annually through the audit committee. The Group has established an organizational structure with defined levels of responsibility and reporting procedures. The management assists the board and/or the audit committee in the review of effectiveness of the Group's risk management and internal control on an ongoing basis. The directors are kept regularly apprised of significant risks that may impact the Group's performance.

Appropriate policies and controls have been designed and established to ensure that assets are safeguarded against improper use or disposal, relevant rules and regulations are adhered to and complied with, reliable financial accounting records are maintained in accordance with relevant accounting standards and regulatory reporting requirements, and key risks that may impact on the Group's performance are appropriately identified and managed. The system and internal controls can only provide reasonable and not absolute assurance against material misstatement or loss, as they are designed to manage, rather than eliminate the risk of failure to achieve business objectives.

The Group's risk management framework and the responsibilities of each delegated group within it are as follows:

### **Board**

- Determine the business strategies and objectives of the Group, and evaluates and determines the nature and extent of risks it is willing to take in achieving the Group's strategic objectives;
- Ensure that the Group establishes and maintains appropriate and effective risk management and internal control systems; and
- Oversees management in the design, implementation and monitoring of the risk management and internal control systems.

### **Audit Committee**

- Assists the Board to perform its responsibilities of risk management and internal control systems;
- Oversees the Group's risk management and internal controls systems on an ongoing basis;
- Reviews the effectiveness of the Group's risk management and internal control systems annually;
- Ensures the adequacy of resources, staff qualifications and experience, training programs and budgets of the Group's accounting, internal control matters and financial reporting functions; and
- Considers major findings on risk management and internal control matters, and reports and makes recommendations to the Board.

### **Management**

- Designs, implements and maintains appropriate and effective risk management and internal control systems;
- Identifies, evaluate and manages the risks that may potentially impact the major process of the operations;
- Monitors risks and takes measures to mitigate risks in day-to-day operations; and
- Follow up the findings on risk management and internal control materials raised by independent external risk advisory firm review and take prompt remedial action to improve the systems.

# Corporate Governance Report

## Independent external risk advisory firm review

- Review the adequacy and effectiveness of the Group's risk management and internal controls system of different operations; and
- Reports to the Audit Committee the findings of the review and make recommendations to the Board and management to improve the material systems deficiencies or control weakness identified.

The Group did not set up its own internal audit team after taking into account the size and complexity of the operations of the Group and potential costs of setting up an internal audit team. Instead of having its own internal audit team, a review of internal controls systems of different operations was conducted by an independent external risk advisory firm (the "Risk Advisory Firm") annually since November 2008 to ensure the effective and adequate internal controls system. The annual review reports from the Risk Advisory Firm was presented to the Board and reviewed by the Audit Committee.

The Audit Committee and the Board were not aware of any area of concern that would have a material impact on the Group's financial position or results of operations and considered the risk management and internal control systems to be generally effective and adequate during the year under review.

## DISSEMINATION OF INSIDE INFORMATION

The Group is committed to a consistent practice of timely, accurate and sufficiently detailed disclosure of material information about the Group. The Group has adopted a Policy on Disclosure of inside information which sets out the obligations, guidelines and procedures for handling and dissemination of inside information. With those guidelines and procedures, the Group has management controls in place to ensure that potential inside information can be promptly identified, assessed and escalated for the attention of the Board to decide about the need for disclosure.

## COMMUNICATION WITH SHAREHOLDERS AND INVESTOR RELATIONS

The Company has adopted shareholders communication policy with objective of ensuring that the shareholders and potential investors are provided with ready, equal and timely access to balanced and understandable information about the Company.

The Company has established several channels to communicate with the shareholders as follows:

- (I) corporate communications such as annual reports, quarterly reports, interim reports and circulars are issued printed form and are available on the GEM website "www.hkgem.com" and the Company's website at "www.eco-tek.com.hk";
- (II) periodic announcements are made through the Stock Exchange and published on the respective websites of the Stock Exchange and the Company;
- (III) corporate information is made available on the Company's website;
- (IV) annual and special general meetings provide a forum for the shareholders to make comments and exchange views with the Directors and senior management; and
- (V) the Hong Kong share registrar of the Company serves the shareholders in respect of share registration, dividend payment and related matters.

The Company keeps on promoting investor relations and enhancing communication with the existing shareholders and potential investors. It welcomes suggestions from investors, stakeholders and the public. Enquires to the board or the Company may be sent by post to the Company's principal place of business in Hong Kong.

During the year ended 31 October 2018, there is no significant change in the Company's memorandum and articles of association.

# Corporate Governance Report

## SHAREHOLDERS' RIGHT

As one of the measures to safeguard shareholders' interest and rights, separate resolutions are proposed at shareholders' meetings on each substantial issue, including the election of individual Directors, for shareholders' consideration and voting. All resolutions put forward at shareholders' meeting will be voted by poll pursuant to the GEM Listing Rules and the poll voting results will be posted on the GEM website and the Company's website after the relevant shareholders' meeting.

Extraordinary general meeting may be convened by the board on requisition of shareholders holding not less than one-tenth of the paid up capital of the Company or by such shareholders who made the requisition (the "Requisitionists") (as the case may be) pursuant to Article 58 of the articles of association. Such requisition must state the object of business to be transacted at the meeting and must be signed by the Requisitionists and deposited at the registered office of the Company or the Company's principal place of business in Hong Kong. Shareholders should follow the requirements and procedures as set out in such Article for convening an extraordinary general meeting. Shareholders may put forward proposals with general meeting of the Company by sending the same to the Company at the principal office of the Company in Hong Kong.

For putting forward any enquiries to the Board, shareholders may send written enquiries to the Company. Shareholders may send their enquiries or requests in respect of their rights to the Company's principal place of business in Hong Kong.

## BUSINESS REVIEW

A review of the Group's business during the year and analysis of the Group's performance using financial key performance indicators and prospectus of the Group's business are provided in sections headed "Chairman's Statement" on page 3 to 4 and "Management Discussion and Analysis" on pages 8 to 10 of the annual report and the notes to the consolidated financial statements.

## RISK AND UNCERTAINTIES

Our Group's financial condition, results of operations and business prospects may be affected by a number of risks and uncertainties directly or indirectly pertaining to our Group's businesses. The followings are the key risks and uncertainties identified by our Group. There may be other risks and uncertainties in addition to those shown below which are not known to our Group or which may not be material now but could turn out to be material in the future.

### **Risk relating to the Industry**

The industrial environmental product Business of the Group depends substantially on the global economic and market conditions. During period of slowing economic growth or recession and trade conflicts, consumer spending may drop as they are less willing to spend money. As one of the Group's key businesses of industrial environmental products are applied in industrial production lines, a drop in customer spending power could lead to a drop in demand for industrial production lines which in turn lower the demand of our products and thereby adversely affecting our results of operations and financial condition. To manage and reduce the risk, the Board intends to carefully plan and monitor any expansion of industrial environmental products business in caution. Besides, the Group has invested in water supply plant business which was less affected by the global economic and market conditions. The percentage of water supply plant business's revenue to the Group's total revenue had been increased from year 2007 around 2% to around 23% in year 2018.

# Directors' Report

## **Risk relating to concentration of suppliers**

The largest and top five suppliers of the Group accounted for approximately 50% and 77% of our total purchase (2017: 51% and 85% respectively). There is no assurance that our business relationship with our supplies will continue in the future. To reduce the risk, the Group has expanded its supplier base for high quality suppliers in which it has achieved an improvement. The Group has also developed its own products which produced through reliable subcontractors to secure sources of products supply.

## **Risks relating to conducting business in the PRC**

Our results, financial condition and prospects are to a significant degree subject to the economic, political and legal developments of the PRC, as substantial part of our assets and business operation are located in PRC. The economic political and social conditions, as well as government policies, including taxation policies, could affect our business. To manage the risk, the Board has appointed certain senior management to closely monitor economic, political legal, institutional and social developments in the PRC, and maintained conservative treasury policy in cash management, such as holding cash in Hong Kong and Macau.

## **Risk relating to products' competitiveness**

Under the industrial environmental product business, the Group imported industrial environmental products from foreign suppliers to customers in the PRC. Those imported products' competitiveness was affected by local competition, innovation of technology and fluctuation of foreign currency exchange rate which may affect our results, financial condition and prospects. To manage the risks, the Group focused to import high quality industrial environmental products which are relatively difficult to be substituted by local PRC products. Through exhibitions, the latest products trend and technologies were closely monitored. The Group has developed its own products to enhance its products competitiveness. Through expansion in the Group's supplier base in different countries, the Group has diversified its products mix and alleviates the concentration of particular foreign currency during purchase. If necessary, foreign currency exchange rate of purchase transactions may be locked through hedging.

## **Financial risks**

Details of financial risks are set out in note 32 to the consolidated financial statements.

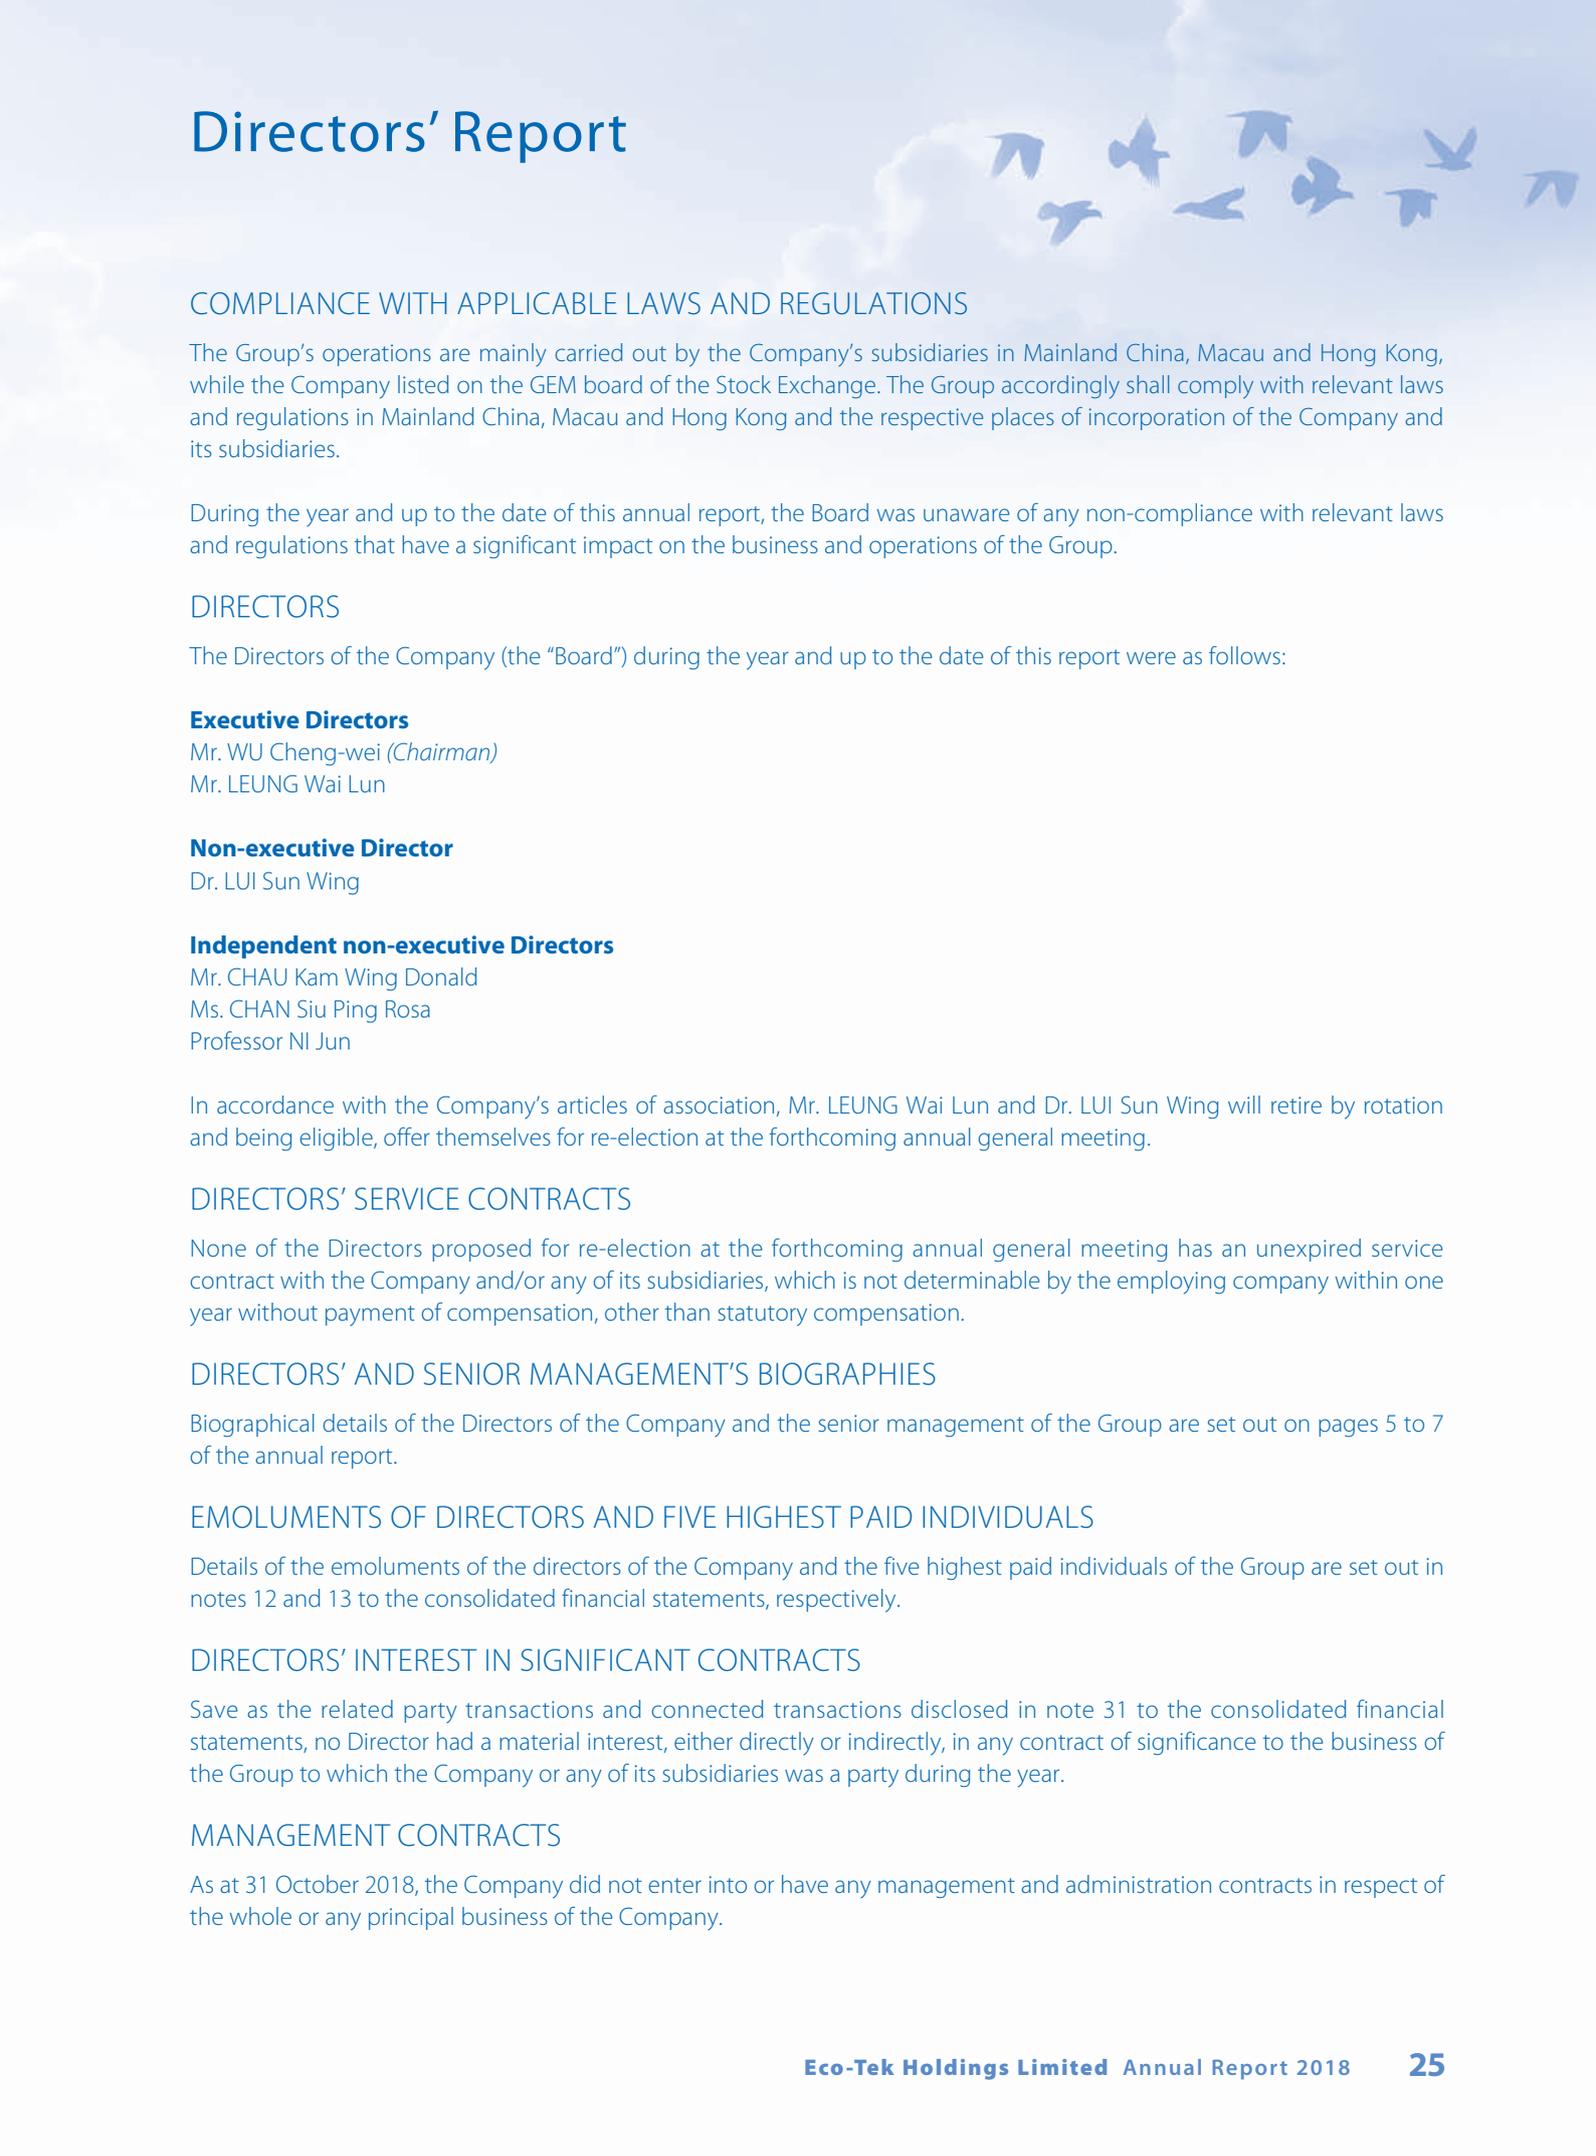

## ENVIRONMENTAL POLICIES AND PERFORMANCE

The Group is committed to enhancing environmental protection to minimize the impact of its activities on the environment, and compliance with applicable environmental laws. It is policy of the Group to promote clean operation and strives to making the most efficient use of resources in its operations, and minimizing wastes and emission. The Group achieves this through actively re-designing its activities and operation that encourage and promote recycling of resources, using environmental friendly raw materials and reviewing operations constantly to ensure that the processes are effective and efficient.

## RELATIONSHIPS WITH STAKEHOLDERS

The Group is committed to operate in a sustainable manner while balancing the interests of its various stakeholders including customers, suppliers and employee. This includes providing the Group's customers with the good quality products, and timely, appropriate pre/after sales services. Similarly, the Group views its suppliers not just vendors but as strategic partners, important links in its supply chain. The Group's procurement policy is to maintain good relationship and communications with suppliers under the principal of mutual trust. The Group considers its employees the key to sustainable business growth. Workplace safety is priority of the Group, and with due awareness of all employees throughout the year, the Group was able to maintain safety workplaces.

# Directors' Report

## DIRECTORS' RIGHT TO ACQUIRE SHARES

Apart from as disclosed under the paragraph headed "Directors' and chief executives' interests and short positions in shares, underlying shares and debentures" below and the share option scheme disclosures in note 14 to the financial statements, at no time during the year were rights to acquire benefits by means of the acquisition of shares in the Company granted to any Director or their respective spouse or children under 18 years of age, or were any such rights exercised by them; or was the Company, or the Company's subsidiary or holding company or a subsidiary of the Company's holding company a party to any arrangement to enable the directors to acquire such rights in any other body corporate.

## DIRECTORS' AND CHIEF EXECUTIVES' INTEREST AND SHORT POSITION IN SHARES, UNDERLYING SHARES AND DEBENTURES

As at 31 October 2018, the interests and short positions of the Directors and chief executives of the Company in the shares, underlying shares and debentures of the Company or any of its associated corporations (within the meaning of Part XV of Securities and Futures Ordinance ("SFO")) which were notified to the Company and the Stock Exchange pursuant to Divisions 7 and 8 of Part XV of the SFO (including interests or short positions which they were taken or deemed to have under such provisions of the SFO), or which were recorded in the register required to be kept by the Company pursuant to Section 352 of the SFO, or which were required, pursuant to Rules 5.46 to 5.68 of the GEM Listing Rules, to be notified to the Company and the Stock Exchange, were as follows:

### **Aggregate long positions in ordinary shares and underlying shares of the Company**

As at 31 October 2018, none of the Directors and chief executives of the Company had any interests or short positions in any shares, underlying shares and debenture of the Company or any of its associated corporations (within the meaning of Part XV of the SFO) which would have to be notified to the Company and the Stock Exchange pursuant to Divisions 7 and 8 of Part XV of the SFO (including interests or short positions which they were taken or deemed to have under such provisions of the SFO), or which were recorded in the register required to be kept by the Company pursuant to Section 352 of the SFO, or which were required, pursuant to Rules 5.46 to 5.68 of the GEM Listing Rules, to be notified to the Company and the Stock Exchange.

## PURCHASE, REDEMPTION OR SALE OF LISTED SECURITIES OF THE COMPANY

Neither the Company, nor any of its subsidiaries purchased or sold any of the Company's listed securities during the year ended 31 October 2018. The Company had not redeemed any of its listed securities during the year ended 31 October 2018.

## COMPETITION AND CONFLICT OF INTERESTS

None of the Directors, the management shareholders or substantial shareholders of the Company or any of its respective associates has engaged in any business that competes or may compete, either directly or indirectly, with the businesses of the Group, as defined in the GEM Listing Rules, or has any other conflict of interests with the Group during year ended 31 October 2018.

## CORPORATE GOVERNANCE

Details of the Company's corporate governance practices are set out in the Corporate Governance Report on pages 11 to 21 of this annual report.

# Directors' Report

## SUFFICIENCY OF PUBLIC FLOAT

As at the date of this report, based on information that is publicly available to the Company and within the knowledge of the Directors, the Directors confirm that the Company maintained the amount of public float as required under the GEM Listing Rules.

## INDEPENDENCE OF INDEPENDENT NON-EXECUTIVE DIRECTORS

The Company has received from each of the independent non-executive Directors in writing and annual confirmation of his independence pursuant to Rule 5.09 of the GEM Listing Rules and the Company considers all the independent non-executive Directors to be independent.

## INDEPENDENT AUDITOR

The consolidated financial statements of the Company for the year ended 31 October 2018 were audited by BDO Limited. A resolution will be proposed at the forthcoming annual general meeting of the Company to re-appoint BDO Limited as auditor of the Company.

ON BEHALF OF THE BOARD

# Independent Auditor's Report

**TO THE MEMBERS OF ECO-TEK HOLDINGS LIMITED 環康集團有限公司**

*(incorporated in the Cayman Islands with limited liability)*

## OPINION

We have audited the consolidated financial statements of Eco-Tek Holdings Limited (the "Company") and its subsidiaries (together the "Group") set out on pages 33 to 82, which comprise the consolidated statement of financial position as at 31 October 2018, and the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 October 2018, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of Hong Kong Companies Ordinance.

## BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSA") issued by the HKICPA. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements" section of our report. We are independent of the Group in accordance with the HKICPA's "Code of Ethics for Professional Accountants" ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

# Independent Auditor's Report

## KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

### **Estimation in relation to reviewing the tax affairs of certain subsidiaries of the Group**

Refer to note 4 to the consolidated financial statements and the accounting policies in note 3.14 to the consolidated financial statements

For the years ended 31 October 2018 and up to the date of these financial statements, the Inland Revenue Department ("IRD") of Hong Kong is in the process of reviewing the tax affairs of certain subsidiaries of the Group.

The Group has recorded income tax expenses and the related surcharge based on the management's best estimates in accordance with the latest developments of the IRD's review and also taken into account the view of the Group's tax and legal advisors. Income tax expenses of HK\$278,000 has been recognised for the year ended 31 October 2018 in this respect.

It is considered to be a key audit matter because it requires the application of management's significant judgement in estimating the result of such IRD's review, and given that the magnitude of the income tax expense could be significant to the consolidated financial statements.

### **Our response:**

Our procedures in relation to management's estimated result in relation to reviewing the tax affairs of certain subsidiaries of the Group included:

- Obtaining and reviewing all communication, correspondence and other relevant documents between the IRD and the Group;
- Enquiring with the management and their tax advisor to understand the latest development of IRD's review;
- Evaluating the competency, capabilities and objectivity of the management's tax and legal advisors; and
- Evaluating management's estimated based on the aforementioned and other evidence obtained.

## OTHER INFORMATION IN THE ANNUAL REPORT

The directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

# Independent Auditor's Report

## DIRECTORS' RESPONSIBILITIES FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The directors are also responsible for overseeing the Group's financial reporting process. The Audit Committee assists the directors in discharging their responsibility in this regard.

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with the terms of our engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

# Independent Auditor's Report

- evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

# Notes to the Consolidated Financial Statements

For the year ended 31 October 2018

## 1. GENERAL INFORMATION

Eco-Tek Holdings Limited (the “Company”) is a limited liability company incorporated and domiciled in the Cayman Islands. The address of its registered office is Century Yard, Cricket Square Hutchins Drive, P.O. Box 2681, Grand Cayman KY1-1111, Cayman Island and its principal place of business is Unit 5, 11/F, Westlands Centre, 20 Westlands Road, Quarry Bay, Hong Kong. The Company’s shares are listed on the Growth Enterprises Market (the “GEM”) of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”).

The Company and its subsidiaries (collectively known as the “Group”) are principally involved in the marketing, sales, servicing, research and development of environmental protection related products and services in certain major cities (including Hong Kong and Macau) of the People’s Republic of China (the “PRC”) as well as operating a water supply operation in Tianjin, PRC.

The directors consider the immediate holding company and ultimate holding company to be Virtue Trustees (Switzerland) AG, a company incorporated in the Switzerland.

The consolidated financial statements on pages 33 to 82 are prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) which collective term includes all applicable individual HKFRSs, Hong Kong Accounting Standards (“HKASs”) and Interpretations issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”). The consolidated financial statements also include the applicable disclosure requirements of the Hong Kong Companies Ordinance and the Rules Governing the Listing of Securities on the GEM of the Stock Exchange (the “GEM Listing Rules”).

## 2. ADOPTION OF NEW OR REVISED HKFRSS

### (a) Adoption of new/revised HKFRSs

In the current year, the Group has applied, for the first time the following standards and amendments (the “new HKFRSs”) issued by the HKICPA which are relevant to and effective for the Group’s financial statements for the annual period beginning on 1 November 2017.

Amendments to HKAS 7	Disclosure Initiative
Amendments to HKAS 12	Recognition of Deferred Tax Assets for Unrealised Losses
Annual Improvements to HKFRSs 2014–2016 Cycle	Amendments to HKFRS 12, Disclosure of Interests in Other Entities

#### *Amendments to HKAS 7 — Disclosure Initiative*

The amendments introduce an additional disclosure that will enable users of financial statements to evaluate changes in liabilities arising from financing activities.

The adoption of the amendments has led to the additional disclosure presented in the note 30 to the consolidated financial statements.

#### *Amendments to HKAS 12 — Recognition of Deferred Tax Assets for Unrealised Losses*

The amendments relate to the recognition of deferred tax assets and clarify some of the necessary considerations, including how to account for deferred tax assets related to debt instruments measured of fair value.

The adoption of the amendments has no impact on these consolidated financial statements as the clarified treatment is consistent with the manner in which the Group has previously recognised deferred tax assets.

## 2. ADOPTION OF NEW OR REVISED HKFRSS (Continued)

### (a) Adoption of new/ revised HKFRSS (Continued)

*Annual Improvements to HKFRSSs 2014–2016 Cycle — Amendments to HKFRS 12, Disclosure of Interests in Other Entities*

The amendments issued under the annual improvements process make small, non-urgent changes to standards where they are currently unclear. They include amendments to HKFRS 12, Disclosure of Interests in Other Entities, to clarify that the disclosure requirements of HKFRS 12, other than the requirements to disclose summarised financial information, also apply to an entity's interests in other entities classified as held for sale or discontinued operations in accordance with HKFRS 5, Non-Current Assets Held for Sale and Discontinued Operations.

The adoption of the amendments to HKFRS 12 has no impact on these consolidated financial statements as the latter treatment is consistent with the manner in which the Group has previously dealt with disclosures relating to its interests in other entities classified as held for sale or discontinued operations in accordance with HKFRS 5.

### (b) New/amended HKFRSS that have been issued but are not yet effective

The following new/ revised HKFRSSs, potentially relevant to the Group's financial statements, have been issued, but are not yet effective and have not been early adopted by the Group.

Annual Improvements to HKFRSSs 2014–2016 Cycle	Amendments to HKFRS 1, First-time adoption of Hong Kong Financial Reporting Standards <sup>1</sup>
Annual Improvements to HKFRSSs 2014–2016 Cycle	Amendments to HKAS 28, Investments in Associates and Joint Ventures <sup>1</sup>
Amendments to HKFRS 2	Classification and measurement of share-based payment transactions <sup>1</sup>
HKFRS 9	Financial Instruments <sup>1</sup>
HKFRS 15	Revenue from Contracts with Customers <sup>1</sup>
Amendments to HKFRS 15	Revenue from Contracts with Customers (Clarifications to HKFRS 15) <sup>1</sup>
Amendments to HKAS 40	Transfers of Investment Property <sup>1</sup>
HK(IFRIC)-Int 22	Foreign Currency Transactions and Advance Consideration <sup>1</sup>
Amendments to HKFRS 9	Prepayment Features with Negative Compensation <sup>2</sup>
HKFRS 16	Leases <sup>2</sup>
HK(IFRIC)-Int 23	Uncertainty over Income Tax Treatments <sup>2</sup>
Amendments to HKFRS 10 and HKAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture <sup>3</sup>

<sup>1</sup> Effective for annual periods beginning on or after 1 January 2018

<sup>2</sup> Effective for annual periods beginning on or after 1 January 2019

<sup>3</sup> The amendments were originally intended to be effective for periods beginning on or after 1 January 2016. The effective date has now been deferred/removed. Early application of the amendments continues to be permitted.

*Annual Improvements to HKFRSSs 2014–2016 Cycle — Amendments to HKFRS 1, First-time Adoption of Hong Kong Financial Reporting Standards*

The amendments issued under the annual improvements process make small, non-urgent changes to standards where they are currently unclear. They include amendments to HKFRS 1, First-time Adoption of Hong Kong Financial Reporting Standards, removing transition provision exemptions relating to accounting periods that had already passed and were therefore no longer applicable.

# Notes to the Consolidated Financial Statements

For the year ended 31 October 2018

## 2. ADOPTION OF NEW OR REVISED HKFRSS (Continued)

### (b) **New/amended HKFRSSs that have been issued but are not yet effective** (Continued)

*Annual Improvements to HKFRSSs 2014–2016 Cycle — Amendments to HKAS 28, Investments in Associates and Joint Ventures*

The amendments issued under the annual improvements process make small, non-urgent changes to standards where they are currently unclear. They include amendments to HKAS 28, Investments in Associates and Joint Ventures, clarifying that a Venture Capital organisation's permissible election to measure its associates or joint ventures at fair value is made separately for each associate or joint venture.

*Amendments to HKFRS 2 — Classification and measurement of share-based payment transactions*

The amendments provide requirements on the accounting for the effects of vesting and non-vesting conditions on the measurement of cash-settled share-based payments; share-based payment transactions with a net settlement feature for withholding tax obligations; and a modification to the terms and conditions of a share-based payment that changes the classification of the transaction from cash-settled to equity-settled.

*HKFRS 9 — Financial Instruments*

HKFRS 9 introduces new requirements for the classification and measurement of financial assets. Debt instruments that are held within a business model whose objective is to hold assets in order to collect contractual cash flows (the business model test) and that have contractual terms that give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding (the contractual cash flow characteristics test) are generally measured at amortised cost. Debt instruments that meet the contractual cash flow characteristics test are measured at fair value through other comprehensive income ("FVTOCI") if the objective of the entity's business model is both to hold and collect the contractual cash flows and to sell the financial assets. Entities may make an irrevocable election at initial recognition to measure equity instruments that are not held for trading at FVTOCI. All other debt and equity instruments are measured at FVTPL.

HKFRS 9 includes a new expected loss impairment model for all financial assets not measured at FVTPL replacing the incurred loss model in HKAS 39 and new general hedge accounting requirements to allow entities to better reflect their risk management activities in financial statements.

HKFRS 9 carries forward the recognition, classification and measurement requirements for financial liabilities from HKAS 39, except for financial liabilities designated at FVTPL, where the amount of change in fair value attributable to change in credit risk of the liability is recognised in other comprehensive income unless that would create or enlarge an accounting mismatch. In addition, HKFRS 9 retains the requirements in HKAS 39 for derecognition of financial assets and financial liabilities.

Based on an analysis of the Group's financial assets and financial liabilities as at 31 October 2018 and the facts and circumstances that exist at that date, the Group have performed a preliminary assessment of the impact of HKFRS 9 to the Group's consolidated financial statements. Application of HKFRS 9 in the future would have impact on the classification and measurement of the Group's financial assets. In addition, the expected credit loss model would result in early provision of credit losses, which are not yet incurred in relation to the Group's financial assets measured at amortised cost. However, it is not practicable to provide a reasonable estimate of the effect of HKFRS 9 until the completion of the detailed review.

## 2. ADOPTION OF NEW OR REVISED HKFRSS (Continued)

### (b) New/amended HKFRSSs that have been issued but are not yet effective (Continued)

#### *HKFRS 15 — Revenue from Contracts with Customers*

The new standard establishes a single revenue recognition framework. The core principle of the framework is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods and services. HKFRS 15 supersedes existing revenue recognition guidance including HKAS 18 Revenue, HKAS 11 Construction Contracts and related interpretations.

HKFRS 15 requires the application of a 5 steps approach to revenue recognition:

1. Identify the contract with the customer
2. Identify the performance obligations in the contract
3. Determine the transaction price
4. Allocate the transaction price to the performance obligations
5. Recognise revenue when each performance obligation is satisfied

HKFRS 15 includes specific guidance on particular revenue related topics that may change the current approach taken under HKFRS. The standard also significantly enhances the qualitative and quantitative disclosures related to revenue.

The directors anticipate that the initial application of the HKFRS 15 will result in changes to the accounting policies relating to revenue recognition. Additional disclosures will also be made in respect of trade receivables and revenue recognition, including any significant judgement and estimation made. The directors have performed a preliminary analysis of the requirements of the initial application of the HKFRS 15 and have anticipated that the adoption of HKFRS 15 will not have a material impact on the consolidated financial statements of the Group.

#### *Amendments to HKFRS 15 — Clarifications to HKFRS 15 Revenue from Contracts with Customers*

The amendments to HKFRS 15 included clarifications on identification of performance obligations; application of principal versus agent; licenses of intellectual property; and transition requirements.

#### *Amendments to HKAS 40, Investment Property — Transfers of Investment Property*

The amendments clarify that to transfer to or from investment properties there must be a change in use and provides guidance on making this determination. The clarification states that a change of use will occur when a property meets, or ceases to meet, the definition of investment property and there is supporting evidence that a change has occurred.

The amendments also re-characterise the list of evidence in the standard as a non-exhaustive list, thereby allowing for other forms of evidence to support a transfer.

## 2. ADOPTION OF NEW OR REVISED HKFRSS (Continued)

### (b) **New/amended HKFRSSs that have been issued but are not yet effective** (Continued)

#### *HK(IFRIC)-Int 22 — Foreign Currency Transactions and Advance Consideration*

The Interpretation provides guidance on determining the date of the transaction for determining an exchange rate to use for transactions that involve advance consideration paid or received in a foreign currency and the recognition of a non-monetary asset or non-monetary liability. The Interpretations specifies that the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income (or part thereof) is the date on which the entity initially recognises the non-monetary asset or non-monetary liability arising from the payment or receipt of advance consideration.

#### *Amendments to HKFRS 9 — Prepayment Features with Negative Compensation*

The amendments clarify that prepayable financial assets with negative compensation can be measured at amortised cost or at fair value through other comprehensive income if specified conditions are met — instead of at fair value through profit or loss.

#### *HKFRS 16 — Leases*

HKFRS 16, which upon the effective date will supersede HKAS 17 “Leases” and related interpretations, introduces a single lessee accounting model and requires a lessee to recognise assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. Specifically, under HKFRS 16, a lessee is required to recognise a right-of-use asset representing its right to use the underlying leased asset and a lease liability representing its obligation to make lease payments. Accordingly, a lessee should recognise depreciation of the right-of-use asset and interest on the lease liability, and also classifies cash repayments of the lease liability into a principal portion and an interest portion and presents them in the statement of cash flows. Also, the right-of-use asset and the lease liability are initially measured on a present value basis. The measurement includes non-cancellable lease payments and also includes payments to be made in optional periods if the lessee is reasonably certain to exercise an option to extend the lease, or not to exercise an option to terminate the lease. This accounting treatment is significantly different from the lessee accounting for leases that are classified as operating leases under the predecessor standard, HKAS 17.

In respect of the lessor accounting, HKFRS 16 substantially carries forward the lessor accounting requirements in HKAS 17. Accordingly, a lessor continues to classify its leases as operating leases or finance leases, and to account for those two types of leases differently.

As per set out in note 29, total operating lease commitment of the Group in respect of office and vehicles as at 31 October 2018 amounted to HK\$4,660,000. The directors do not expect the adoption of HKFRS 16 as compared with the current accounting policy would result in a significant impact on the Group’s result but it is expected that certain portion of these lease commitments will be required to be recognised in the form of an assets (for the right-of-use) and a financial liability (for the payment obligation) in the consolidated statement of financial position.

#### *HK(IFRIC)-Int 23 — Uncertainty over Income Tax Treatments*

The Interpretation supports the requirements of HKAS 12, Income Taxes, by providing guidance over how to reflect the effects of uncertainty in accounting for income taxes. Under the Interpretation, the entity shall determine whether to consider each uncertain tax treatment separately or together based on which approach better predicts the resolution of the uncertainty. The entity shall also assume the tax authority will examine amounts that it has a right to examine and have full knowledge of all related information when making those examinations. If the entity determines it is probable that the tax authority will accept an uncertain tax treatment, then the entity should measure current and deferred tax in line with its tax filings. If the entity determines it is not probable, then the uncertainty in the determination of tax is reflected using either the “most likely amount” or the “expected value” approach, whichever better predicts the resolution of the uncertainty.

## 2. ADOPTION OF NEW OR REVISED HKFRSS (Continued)

### (b) **New/amended HKFRSSs that have been issued but are not yet effective** (Continued)

*Amendments to HKFRS 10 and HKAS 28 — Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*

The amendments clarify the extent of gains or losses to be recognised when an entity sells or contributes assets to its associate or joint venture. When the transaction involves a business the gain or loss is recognised in full, conversely when the transaction involves assets that do not constitute a business the gain or loss is recognised only to the extent of the unrelated investors' interests in the joint venture or associate.

The Group is in the process of making an assessment of the potential impact of these new pronouncements upon application.

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies that have been used in the preparation of the consolidated financial statements are summarised below. These policies have been consistently applied to all the years presented unless otherwise stated.

The consolidated financial statements have been prepared on the historical cost basis.

It should be noted that accounting estimates and assumptions are used in preparation of the consolidated financial statements. Although these estimates are based on management's best knowledge and judgement of current events and actions, actual results may ultimately differ from those estimates. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in note 4.

### 3.1 **Business combination and basis of consolidation**

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries. Inter-company transactions and balances between group companies together with unrealised profits are eliminated in full in preparing the consolidated financial statements. Unrealised losses are also eliminated unless the transaction provides evidence of impairment on the asset transferred, in which case the loss is recognised in profit or loss.

The results of subsidiaries acquired or disposed of during the year are included in the consolidated statement of comprehensive income from the dates of acquisition or up to the dates of disposal, as appropriate. Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with those used by other members of the Group.

Acquisition of subsidiaries or businesses is accounted for using the acquisition method. The cost of an acquisition is measured at the aggregate of the acquisition-date fair value of assets transferred, liabilities incurred and equity interests issued by the Group, as the acquirer. The identifiable assets acquired and liabilities assumed are principally measured at acquisition-date fair value. The Group's previously held equity interest in the acquiree is re-measured at acquisition-date fair value and the resulting gains or losses are recognised in profit or loss. The Group may elect, on a transaction-by-transaction basis, to measure the non-controlling interests that represent present ownership interests in the subsidiary either at fair value or at the proportionate share of the acquiree's identifiable net assets. All other non-controlling interests are measured at fair value unless another measurement basis is required by HKFRSSs. Acquisition-related costs incurred are expensed unless they are incurred in issuing equity instruments in which case the costs are deducted from equity.

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### 3.1 Business combination and basis of consolidation (Continued)

Changes in the Group's interests in subsidiaries that do not result in a loss of control are accounted for as equity transactions. The carrying amounts of the Group's interest and the non-controlling interest are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interest is adjusted and the fair value of the consideration paid or received is recognized directly in equity and attributed to owners of the Company.

Any contingent consideration to be transferred by the acquirer is recognised at acquisition-date fair value. Subsequent adjustments to consideration are recognised against goodwill only to the extent that they arise from new information obtained within the measurement period (a maximum of 12 months from the acquisition date) about the fair value at the acquisition date. All other subsequent adjustments to contingent consideration classified as an asset or a liability are recognised in profit or loss.

When the Group loses control of a subsidiary, the profit or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interest. Amounts previously recognised in other comprehensive income in relation to the subsidiary are accounted for in the same manner as would be required if the relevant assets or liabilities were disposed of.

Subsequent to acquisition, the carrying amount of non-controlling interests that represent present ownership interests in the subsidiary is the amount of those interests at initial recognition plus such non-controlling interest's share of subsequent changes in equity. Total comprehensive income is attributed to such non-controlling interests even if this results in those non-controlling interests having a deficit balance.

### 3.2 Subsidiaries

A subsidiary is an investee over which the Company is able to exercise control. The Company controls an investee if all three of the following elements are present: power over the investee, exposure, or rights, to variable returns from the investee, and the ability to use its power to affect those variable returns. Control is reassessed whenever facts and circumstances indicate that there may be a change in any of these elements of control.

In the Company's statement of financial position, investments in subsidiaries are stated at cost less any impairment loss. The results of subsidiaries are accounted for by the Company on the basis of dividends received and receivable.

# Notes to the Consolidated Financial Statements

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### 3.3 Joint arrangements

The Group is a party to a joint arrangement where there is a contractual arrangement that confers joint control over the relevant activities of the arrangement to the Group and at least one other party. Joint control is assessed under the same principles as control over subsidiaries.

The Group classifies its interests in joint arrangements as either:

- (i) Joint ventures: where the Group has rights to only the net assets of the joint arrangement; or
- (ii) Joint operations: where the Group has both the rights to assets and obligations for the liabilities of the joint arrangement.

In assessing the classification of interests in joint arrangements, the Group considers:

- (i) The structure of the joint arrangements;
- (ii) The legal form of joint arrangements structured through a separate vehicle;
- (iii) The contractual terms of the joint arrangement agreement; and
- (iv) Any other facts and circumstances (including any other contractual arrangements).

The Group accounts for its interests in joint ventures using the equity method of accounting whereby they are initially recognised at cost and thereafter, their carrying amount are adjusted for the Group's share of the post-acquisition change in the joint ventures' net assets except that losses in excess of the Group's interest in the joint venture are not recognised unless there is an obligation to make good those losses.

Any premium paid for an investment in a joint venture above the Group's share of the fair values of the identifiable assets, liabilities and contingent liabilities acquired is capitalised and included in the carrying amount of the investment in joint venture. Where there is objective evidence that the investment in a joint venture has been impaired the carrying amount of the investment is tested for impairment in the same way as other non-financial assets.

The Group accounts for its interests in joint operations by recognising its share of assets, liabilities, revenues and expenses in accordance with its contractually conferred rights and obligations.

### 3.4 Capitalisation of borrowing costs

Borrowing costs attributable directly to the acquisition, construction or production of qualifying assets, which require a substantial period of time to get ready for their intended use or sale, are capitalized as part of the cost of those assets. Income earned on temporary investments of specific borrowings pending their expenditure on those assets is deducted from borrowing costs capitalised. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### 3.5 Revenue recognition

Revenue comprises the fair value for the sale of goods, rendering of services and the use by others of the Group's assets yielding interest, net of rebates and discounts. Provided it is probable that the economic benefits will flow to the Group and the revenue and costs, if applicable, can be measured reliably, revenue is recognised as follows:

- (i) Sales of goods are recognised upon transfer of the significant risks and rewards of ownership to customer. This is usually taken at the time when the goods are delivered and the customer has accepted the goods;
- (ii) Interest income is recognised on a time-proportion basis using the effective interest rate applicable;
- (iii) Revenue arising from water supply is recognised based on water supplied as recorded by meters read; and
- (iv) Agency service income is recognised when the services are rendered.

### 3.6 Property, plant and equipment

#### (i) Measurement bases

Property, plant and equipment are stated at acquisition cost less accumulated depreciation and any accumulated impairment losses. The cost of an asset comprises its purchase price and any directly attributable costs of bringing the asset to the working condition and location for its intended use. Subsequent expenditure relating to property, plant and equipment is added to the carrying amount of the assets if it can be demonstrated that such expenditure has resulted in an increase in the future economic benefits expected to be obtained from the use of the assets.

Construction in progress is stated at cost less impairment losses. Cost comprises direct costs of construction as well as borrowing costs capitalised during the periods of construction and installation. Capitalisation of these costs ceases and the construction in progress is transferred to the appropriate class of property, plant and equipment when substantially all the activities necessary to prepare the assets for their intended use are completed. No depreciation is provided for in respect of construction in progress until it is completed and ready for its intended use.

An asset is written down immediately to its recoverable amount if its carrying amount is higher than the asset's estimated recoverable amount.

The gain or loss arising on disposal of an item of property, plant and equipment is the difference between the net sales proceeds and its carrying amount, and is recognised in the profit or loss on disposal.

#### (ii) Depreciation

Depreciation is provided to write off the cost of property, plant and equipment over their estimated useful lives, using the straight-line method, at the following rates per annum:

Motor vehicles	20%
Office equipment	20%
Plant and machinery	5% to 20%
Furniture and fixtures	20%
Buildings and structure	The shorter of the lease terms and 3.33%

The assets' estimated useful lives, estimated residual values and depreciation method are reviewed, and adjusted if appropriate, at the end of each reporting period.

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### 3.7 Impairment of non-financial assets

Property, plant and equipment, interest in leasehold land, investments in subsidiaries and interest in a joint venture are subject to impairment testing. These assets are tested for impairment whenever there are indications that the asset's carrying amount may not be recoverable.

For the purposes of assessing impairment, where an asset does not generate cash inflows largely independent from other assets, the recoverable amount is determined for the smallest group of assets that generate cash inflows independently (i.e. a cash-generating unit). As a result, some assets are tested individually for impairment and some are tested at cash-generating unit level.

An impairment loss is recognised as an expense immediately for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of fair value, reflecting market conditions less costs of disposal, and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessment of time value of money and the risk specific to the asset.

Impairment losses recognised for cash-generating units are charged pro rata to the assets in the cash generating unit, except that the carrying value of an asset will not be reduced below its individual fair value less cost of disposal, or value in use, if determinable.

An impairment loss is reversed if there has been a favourable change in the estimates used to determine the asset's recoverable amount and only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

### 3.8 Leasing

#### (i) Operating lease

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to lessee. All other leases are classified as operating leases.

The Group as lessee

The total rentals payable under the operating leases are recognised in the profit or loss on a straight-line basis over the lease term. Lease incentives received are recognised as an integrated part of the total rental expense, over the term of the lease.

#### (ii) Interest in leasehold land

Interest in leasehold land is up-front payments to acquire long term interests for the usage of land. They are stated at cost less accumulated amortisation and any impairment losses. Amortisation is calculated on the straight-line basis to write off the up-front payments over the lease terms.

### 3.9 Employee benefits

#### (i) Short-term employee benefits

Short-term employee benefits are employee benefits (other than termination benefits) that are expected to be settled wholly before twelve months after the end of the annual reporting period in which the employees render the related service. Short-term employee benefits are recognised in the year when the employees render the related service.

# Notes to the Consolidated Financial Statements

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### 3.9 Employee benefits (Continued)

#### (ii) *Paid leave carried forward*

The Group provides paid annual leave to its employees under their employment contracts on a calendar year basis. Under certain circumstances, such leave which remains untaken as at the reporting date is permitted to be carried forward and utilised by the respective employees in the following year. An accrual is made at the reporting date for the expected future cost of such paid leave earned during the year by the employees and carried forward.

#### (iii) *Pension scheme*

The Group operates a defined contribution Mandatory Provident Fund retirement benefits scheme (the "MPF Scheme") under the Mandatory Provident Fund Schemes Ordinance, for all of its employees in Hong Kong. Contributions are made based on a percentage of the employees' basic salaries and are charged to the profit or loss as they become payable in accordance with the rule of the MPF Scheme. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group's employer contributions vest fully with the employees when contributed into the MPF Scheme.

The employees of the Group's subsidiaries which operate in the PRC except Macau and Hong Kong are required to participate in a central pension scheme operated by the local municipal government. The Group is required to contribute certain percentage of their respective payroll costs to the central pension scheme. The contributions are charged to the profit or loss as they become payable in accordance with the rules of the central pension scheme.

#### (iv) *Share-based employee compensation*

The Group operates equity-settled share-based compensation plans for remuneration of its employees.

All employee services received in exchange for the grant of any share-based compensation are measured at their fair values. These are indirectly determined by reference to the share options awarded. The value is appraised at the grant date and excludes the impact of any non-market vesting conditions.

All share-based compensation is ultimately recognised as an expense in profit or loss unless it qualifies for recognition as asset, with a corresponding credit to equity (share option reserve). If vesting periods or other vesting conditions apply, the expense is recognised over the vesting period, based on the best available estimate of the number of share options expected to vest. Non-market vesting conditions are included in assumptions about the number of options that are expected to become exercisable. Estimates are subsequently revised, if there is any indication that the number of share options expected to vest differs from previous estimates. No adjustment to expense recognised in prior periods is made if fewer share options ultimately are exercised than originally estimated.

At the time when the share options are exercised, the amount previously recognised in share option reserve will be transferred to share premium. When the share options are forfeited or are still not exercised at the expiry date, the amount previously recognised in share option reserve will be transferred to retained profits.

### 3.10 Inventories

Inventories are initially recognised at cost, and subsequently at the lower of cost and net realisable value. Cost is calculated using the first-in first out method. Net realisable value represents the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

# Notes to the Consolidated Financial Statements

For the year ended 31 October 2018

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### 3.11 Financial assets

The Group's accounting policies for financial are set out below.

The Group's financial assets include accounts receivable, deposits and other receivables, pledged bank deposits and cash and cash equivalents. The Group's financial assets are classified as loans and receivables. Management determines the classification of its financial assets at initial recognition depending on the purpose for which the financial assets were acquired and where allowed and appropriate, re-evaluates this designation at every reporting date.

All financial assets are recognised when, and only when, the Group becomes a party to the contractual provisions of the instrument. Financial assets are recognised initially, at fair value, plus, directly attributable transaction costs.

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Loans and receivables are subsequently measured at amortised cost using the effective interest method, less any impairment losses. Amortised cost is calculated taking into account any discount or premium on acquisition and includes fees that are an integral part of the effective interest rate and transaction cost.

Derecognition of financial assets occurs when the rights to receive cash flows from the investments expire or are transferred and substantially all of the risks and rewards of ownership have been transferred.

At each reporting date, financial assets are reviewed to determine whether there is objective evidence of impairment.

Objective evidence of impairment of individual financial assets includes observable data that comes to the attention of the Group about one or more of the following loss events:

- significant financial difficulty of the debtor;
- a breach of contract, such as a default or delinquency in interest or principal payments;
- granting concession to a debtor because of debtor's financial difficulty; and
- it becoming probable that the debtor will enter bankruptcy or other financial reorganisation.

Loss events in respect of a group of financial assets include observable data indicating that there is a measurable decrease in the estimated future cash flows from the group of financial assets. Such observable data includes but not limited to adverse changes in the payment status of debtors in the group and, national or local economic conditions that correlate with defaults on the assets in the group.

If there is objective evidence that an impairment loss on loans and receivables has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate (i.e. the effective interest rate computed at initial recognition). The amount of the loss is recognised in profit or loss of the period in which the impairment occurs.

# Notes to the Consolidated Financial Statements

For the year ended 31 October 2018

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### 3.11 Financial assets (Continued)

If, in subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed to the extent that it does not result in a carrying amount of the financial asset exceeding what the amortised cost would have been had the impairment not been recognised at the date the impairment is reversed. The amount of the reversal is recognised in profit or loss of the period in which the reversal occurs.

Financial assets other than accounts receivable and other receivables that are stated at amortised cost, impairment losses are written off against the corresponding assets directly. Where the recovery of accounts receivable and other receivables is considered doubtful but not remote, the impairment losses for doubtful receivables are recorded using an allowance account. When the Group is satisfied that recovery of accounts receivable and other receivables is remote, the amount considered irrecoverable is written off against accounts receivable directly and any amounts held in the allowance account in respect of that receivable are reversed. Subsequent recoveries of amounts previously charged to the allowance account are reversed against the allowance account. Other changes in the allowance account and subsequent recoveries of amounts previously written off directly are recognised in profit or loss.

### 3.12 Financial liabilities

The Group's financial liabilities include accounts and bills payable, accrued liabilities, other payables and loans from a minority shareholder and a shareholder.

Financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. All interest related charges are recognised in accordance with the Group's accounting policy for borrowing costs.

Financial liabilities are recognised initially at fair value, net of transaction costs incurred. Financial liabilities are subsequently stated at amortised cost, using the effective interest method.

Loan from a minority shareholder is recognised initially at fair value. The difference between the nominal loan amount and the fair value represents deemed contribution from a minority shareholder and is recorded as a component of equity in the Group's financial statements. Subsequently, loan from a minority shareholder is measured at amortised cost, using the effective interest method.

Financial liabilities are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

Financial liabilities are derecognised when the obligation specified in the relevant contract is discharged, cancelled or expires. The difference between the carrying amount of the financial liability derecognised and the consideration paid or payable is recognised in profit or loss.

### 3.13 Provisions and contingent liabilities

Provisions are recognised for liabilities of uncertain timing or amount when the Group has a legal or constructive obligation arising as a result of a past event, which will probably result in an outflow of economic benefits that can be reasonably estimated.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow economic benefits is remote. Possible obligations, the existence of which will only be confirmed by the occurrence or non-occurrence of one or more future events, are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

# Notes to the Consolidated Financial Statements

For the year ended 31 October 2018

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### 3.14 Income tax

Income tax comprises current tax and deferred tax.

Current income tax assets and/or liabilities comprise those obligations to, or claims from, tax authorities relating to the current or prior reporting period, that are unpaid at the reporting date. They are calculated according to the tax rates and tax laws applicable to the fiscal periods to which they relate, based on the taxable profit for the year. All changes to current tax assets or liabilities are recognised as a component of tax expense in profit or loss.

Current tax assets and liabilities are offset when there is a legally enforceable right to set off the recognised amounts and when they relate to income tax levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

Deferred tax is calculated using the liability method on temporary differences at the reporting date between the carrying amounts of assets and liabilities in the consolidated financial statements and their respective tax bases. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences, tax losses available to be carried forward as well as other unused tax credits, to the extent that it is probable that taxable profit, including existing taxable temporary differences, will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised.

Deferred tax assets and liabilities are not recognised if the temporary difference arises from goodwill or from initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither taxable nor accounting profit or loss.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries and interest in a joint venture, except where the Group is able to control the reversal of the temporary differences and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax is calculated, without discounting, at tax rates that are expected to apply in the period the liability is settled or the asset realised, provided they are enacted or substantively enacted at the reporting date.

Changes in deferred tax assets or liabilities are recognised in the profit or loss, or in equity if they relate to items that are charged or credited directly to equity.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

Income taxes are recognised in profit or loss except when they relate to items recognised in other comprehensive income in which case the taxes are also recognised in other comprehensive income or when they relate to items recognised directly in equity in which case the taxes are also recognised directly in equity.

### 3.15 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and deposits held at call with banks, and other short-term highly liquid investments with original maturities of three months or less that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

# Notes to the Consolidated Financial Statements

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### 3.16 Share capital

Ordinary shares are classified as equity. Share capital is determined using the nominal value of shares that have been issued.

Any transaction costs associated with the issuing of shares are deducted from the equity (net of any related income tax benefits) to the extent they are incremental costs directly attributable to the equity transaction.

### 3.17 Related parties

- (a) A person or a close member of that person's family is related to the Group if that person:
  - (i) has control or joint control over the Group;
  - (ii) has significant influence over the Group; or
  - (iii) is a member of key management personnel of the Group or the Company's parent.
- (b) An entity is related to the Group if any of the following conditions apply:

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### 3.18 Foreign currencies

The consolidated financial statements are presented in Hong Kong Dollars (HK\$), which is the same as the functional currency of the Company and all values are rounded to the nearest thousand (HK\$'000) except when otherwise indicated.

In the individual financial statements of the consolidated entities, foreign currency transactions are translated into the functional currency of the individual entity using the exchange rates prevailing at the dates of the transactions. At each of the reporting date, monetary assets and liabilities denominated in foreign currencies are translated at the foreign exchange rates ruling at that date. Foreign exchange gains and losses resulting from the settlement of such transactions and from the reporting date retranslation of monetary assets and liabilities are recognised in the profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

In the consolidated financial statements, all individual financial statements of foreign operations, originally presented in a currency different from the Group's presentation currency, have been converted into Hong Kong dollars. Assets and liabilities have been translated into Hong Kong dollars at the closing rate at the reporting date. Income and expenses have been converted into Hong Kong dollars at the exchange rates ruling at the transaction dates, or at the average rates over the reporting period provided that the exchange rates do not fluctuate significantly. Any differences arising from this procedure have been recognised in other comprehensive income and accumulated separately in the translation reserve in equity.

### 3.19 Segment reporting

The Group identifies operating segments and prepares segment information based on the regular internal financial information reported to the executive directors for their decisions about resources allocation to the Group's business components and for their review of the performance of those components. The business components in the internal financial information reported to the executive directors are determined following the Group's major product and service lines.

The measurement policies the Group uses for reporting segment results under HKFRS 8 are the same as those used in its consolidated financial statements prepared under HKFRSs, except that:

- share of profit or loss of a joint venture accounted for using the equity method;
- finance costs; and
- corporate income and expenses which are not directly attributable to the business activities of any operating segment

are not included in arriving at the operating results of the operating segment.

Segment assets include all assets except interest in a joint venture and tax recoverable. In addition, corporate assets which are not directly attributable to the business activities of any operating segment are not allocated to a segment, which primarily applies to the Group's headquarter.

Segment liabilities include all liabilities except deferred tax liabilities, loans from a shareholder and a minority shareholder. In addition, corporate liabilities which are not directly attributable to the business activities of any operating segment and are not allocated to a segment.

No asymmetrical allocations have been applied to reportable segments.

## 4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgement are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The directors make judgements, estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

### **Depreciation**

The Group depreciates the property, plant and equipment on a straight-line basis over the estimated useful lives, starting from the date on which the assets are placed into productive use. The estimated useful lives reflect the directors' estimate of the periods that the Group intends to derive future economic benefits from the use of the Group's property, plant and equipment.

### **Impairment of non-financial assets**

The Group assesses impairment at each reporting date by evaluating conditions specific to the Group that may lead to impairment of its non-financial assets. Where an impairment trigger exists, the recoverable amount of the non-financial asset is determined at the higher of value-in-use and fair value less costs of disposal. Value-in-use calculations performed in assessing recoverable amounts incorporate a number of key estimates and assumptions about the future events, which are subject to uncertainty and might materially differ from the actual results. In making these key estimates and judgements, the directors take into consideration assumptions that are mainly based on market condition existing at the reporting dates and appropriate market and discount rates. These estimates are regularly compared to actual market and actual transactions entered into by the Group.

### **Impairment of receivables**

The Group's management determines impairment of receivables on a regular basis. This estimate is based on the credit history of its customers and current market conditions. Management reassesses the impairment of receivables at the reporting date.

### **Net realisable value of inventories**

Net realisable value of inventories is the estimated selling price in the ordinary course of business, less estimated selling expenses. These estimates are based on the current market condition and the historical experience of selling products of similar nature. It could change significantly as a result of competitors' actions in response to severe industry cycles. Management will reassess the estimates at the reporting date.

### **Estimate of current tax and deferred tax**

The Group is subject to taxation in various jurisdictions. Significant judgement is required in determining the amount of the provision and the payment of taxation and any related surcharges in accordance with the tax laws of the respective jurisdictions. Where the final tax outcome might be different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in periods in which such determination are made.

## 4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (Continued)

### Estimate of current tax and deferred tax (Continued)

For the years ended 31 October 2018 and up to the date of these financial statements, the Inland Revenue Department ("IRD") of Hong Kong is in the process of reviewing the tax affairs of certain subsidiaries of the Group and has issued additional estimated assessments on these subsidiaries up to the year of assessments 2012/13. The Group currently has paid cash for the purchase of tax reserve certificates amounting to HK\$24,852,000 (2017: HK\$24,852,000) in aggregate in respect of these additional estimated assessments. In determining the amount recoverable in respect of these tax reserve certificates purchased, the directors of the Company have considered the latest communications between IRD and the Group and also taken into account the view of the tax and legal advisors of the Group. In particular, the directors have also taken into account of the new development of the review case as notified by IRD in July 2016. As at 31 October 2018, HK\$3,667,000 (2017: HK\$3,945,000) has been recognised as tax recoverable in the financial statements.

After taking into account the up-to-date developments of IRD's review, the directors of the Company are of the opinion that the Group's taxation charges and related tax recoverable and other provisions as at 31 October 2018 are adequate and fairly presented. If the final outcome of IRD's review is different from the directors' expectation, further provision for tax and any related surcharges may be required and the amount recognised as tax recoverable may not be realised. The directors have been closely monitoring the status of IRD's review and will revise their expectations when preparing future financial statements in the future periods if deemed necessary and appropriate.

## 5. REVENUE AND SEGMENT REPORTING

Revenue, which is also the Group's turnover, recognised during the year comprised the followings:

	2018 HK\$'000	2017 HK\$'000
Sales of goods	78,854	85,123
Supply of water	23,498	20,331
	<b>102,352</b>	105,454

The chief operating decision-maker is identified as executive directors. The executive directors have identified the Group's three services lines as reportable segments as follows:

General environmental protection related products and services	: Sale of particulate removal devices and related ancillary services in the PRC
Industrial environmental products	: Sale of hydraulic components and other related accessories
Water supply plant	: Supply of processed water in the PRC

These operating segments are monitored and strategic decisions are made on the basis of adjusted segment operating results.

## 5. REVENUE AND SEGMENT REPORTING (Continued)

The Group's revenues from external customers and its non-current assets (other than financial instruments and deferred tax assets) are divided into the following geographical areas:

	Revenue from external customers		Non-current assets	
	2018 HK\$'000	2017 HK\$'000	2018 HK\$'000	2017 HK\$'000
Hong Kong (domicile)	3,806	9,751	2,448	2,591
PRC	93,358	89,488	74,791	80,746

## 14. SHARE OPTION SCHEME

### **The 2011 Share Option Scheme (the “2011 Scheme”)**

On 3 March 2011, the 2011 Scheme was approved by shareholders of the Company. The purpose of the 2011 Scheme is to enable the Company to grant options to selected persons as incentives or rewards for their contribution to the Group. The board of directors may, at its discretion, grants options to any of its employee or consultant or any directors of the Company or its subsidiaries, including executive, non-executive and independent non-executive directors to subscribe for shares of the Company. The total number of shares which may be issued upon exercise of all outstanding options granted and yet to be exercised under the 2011 Scheme and other schemes by the Company must not exceed 30% of the shares in issue from time to time. A non-refundable nominal consideration of HK\$1.00 is payable by the grantee upon acceptance of an option. The subscription price for shares under the 2011 Scheme may be determined by the board of directors at its absolute discretion but in any event will not be less than the higher of: (i) the closing price of the shares as stated in the daily quotation sheet of the Stock Exchange on the date of grant of the option, which must be a business day; and (ii) the average of the closing prices of the shares as stated in the Stock Exchange's daily quotation sheets for the five business days immediately preceding the date of grant of the relevant option.

Any share options granted to a substantial shareholder or an independent non-executive director of the Company, or any of their associates, in excess of 0.1% of the shares of the Company in issue at any time or with an aggregate value based on the closing price of the shares of the Company at the date of grant in excess of HK\$5,000,000, within any 12-month period, are subject to shareholders' approval in advance in a general meeting.

The share options granted may be exercised at any time or times after the date on which the option is deemed to be granted and accepted and expiring on a date to be determined and notified by the board of directors to each grantee, but in any event no later than 10 years from the date of the grant of the share options. The 2011 Scheme remains in force for a period of 10 years with effect from 3 March 2011.

The options under the 2011 Scheme will be vested according to the terms and conditions determined by the board of directors either generally or on a case by case basis and will be stated in the offer letters to each grantee. All share options will be settled in equity. The Group has no legal or constructive obligation to repurchase or settle the options other than by issuing the Company's ordinary shares.

The Company did not grant any share options of the 2011 Scheme for the year ended 31 October 2018 (2017: Nil).

## 18. DEFERRED TAXATION

Deferred taxation is calculated on temporary differences under the liability method using the applicable tax rates at reporting date.

The movement in deferred tax assets/(liabilities) arising from temporary differences are as follows:

	Provision for slow-moving inventories HK\$'000	Accelerated tax depreciation HK\$'000	Tax losses HK\$'000	Capital contribution from a minority shareholder HK\$'000	Total HK\$'000
<b>At 1 November 2016</b>	749	(147)	74	(7,423)	(6,747)
Translation differences	20	-	-	-	20
<b>At 31 October 2017 and 1 November 2017</b>	769	(147)	74	(7,423)	(6,727)
Charged to profit or loss	(320)	-	-	-	(320)
Translation differences	(9)	-	-	-	(9)
<b>At 31 October 2018</b>	<b>440</b>	<b>(147)</b>	<b>74</b>	<b>(7,423)</b>	<b>(7,056)</b>

Deferred tax assets are recognised to the extent the realisation of related tax benefits through the future taxable profits is probable. As at 31 October 2018, the Group has tax losses arising in Hong Kong of approximately HK\$28,070,000 (2017: HK\$20,608,000) that are available indefinitely for offsetting against future taxable profits of the companies in which the losses arose. As at 31 October 2018, no tax losses (2017: HK\$2,600,000) are arising in the PRC which are available for offsetting against future taxable profits of the companies and will expire at various dates for a maximum period of five years from the reporting date. Deferred tax assets have not been recognised in respect of these losses as they have arisen in subsidiaries that have been loss-making for some time.

At 31 October 2018, deferred tax liabilities of approximately HK\$7,423,000 (2017: HK\$7,423,000) have been established for the taxation that would be payable in relation to the capital contribution made by a minority shareholder in previous year.

As at 31 October 2018 and 2017, the aggregate amount of temporary differences associated with the PRC's subsidiaries' undistributed retained profits for which deferred tax liabilities have not been recognised are approximately RMB21,144,000 and RMB13,905,000 respectively. No deferred tax liabilities have been recognised in respect of these temporary differences because the Group is in a position to control the dividend policies of these subsidiaries and it is probable that such differences will not be reversed in the foreseeable future.

## 20. ACCOUNTS RECEIVABLE (Continued)

The Group has a policy of allowing an average credit period of 60 to 120 days to its trade customers. An ageing analysis of accounts receivable as at the reporting date, based on invoice date, is as follows:

	2018 HK\$'000	2017 HK\$'000
Outstanding balances with ages:		
Within 90 days	<b>13,387</b>	25,432
91 to 180 days	<b>2,015</b>	1,154
181 to 365 days	<b>149</b>	1,770
Over 365 days	<b>887</b>	117
	<b>16,438</b>	28,473

Impairment loss in respect of accounts receivable are recorded using an allowance account unless the Group is satisfied that recovery of the amount is remote, in which case the impairment loss is written off against accounts receivable directly. At 31 October 2018, the Group has determined that accounts receivable of HK\$800,000 (2017: HK\$106,000) were individually impaired. The impaired accounts receivable are due from customers experiencing financial difficulties that were in default or delinquency of payments.

The movements in the impairment for accounts receivable during the year are as follows:

	2018 HK\$'000	2017 HK\$'000
At the beginning of the year	<b>106</b>	112
Impairment loss recognised for the year	<b>698</b>	–
Exchange realignment	<b>(4)</b>	(6)
At the end of the year	<b>800</b>	106

# Notes to the Consolidated Financial Statements

## 20. ACCOUNTS RECEIVABLE (Continued)

The ageing analysis of the Group's accounts receivable as at the reporting date but not impaired, based on due date, is as follows:

	2018 HK\$'000	2017 HK\$'000
Not more than 90 days past due	2,886	2,953
91 to 180 days past due	456	711
181 to 365 days past due	37	932
Over 365 days past due	64	849
Neither past due nor impaired	3,443	5,445
	<b>12,195</b>	22,922
	<b>15,638</b>	28,367

Accounts receivable that were neither past due nor impaired related to a number of customers for whom there was no recent history of default. Accounts receivable that were past due but not impaired related to a number of customers that had a good track record of credit with the Group. Based on past credit history, the management believes that no impairment allowance is necessary in respect of these balances as there has not been a significant change in credit quality and the balances are still considered to be fully recoverable. The Group did not hold any collateral in respect of accounts receivable past due but not impaired.

## 21. CASH AND CASH EQUIVALENTS AND PLEDGED BANK DEPOSITS

	2018 HK\$'000	2017 HK\$'000
Cash at bank and in hand	42,915	27,360
Less: pledged bank deposits for banking facilities (note 28(a))	(9,020)	(9,020)
Cash and cash equivalents	<b>33,895</b>	18,340
Pledged bank deposits analysed for reporting purposes as non-current	<b>9,020</b>	9,020

The Group had cash and bank balances denominated in RMB of approximately HK\$29,463,000 (2017: HK\$15,392,000) and the remittance of these funds out of the PRC was subject to the exchange control restrictions imposed by the PRC government.

The effective interest rate of pledged bank deposits was 0.01% (2017: 0.01%) per annum as at 31 October 2018. These deposits had no maturity date and were pledged to bank to secure the Group's banking facilities (note 28(a)). The pledge will not be released within twelve months from the reporting date.

## 22. ACCOUNTS AND BILLS PAYABLE

The credit terms granted by suppliers are generally for a period of 60 to 180 days. The ageing analysis of accounts and bills payable as at the reporting date, based on invoice date, is as follows:

	2018 HK\$'000	2017 HK\$'000
Outstanding balances with ages:		
Within 90 days	10,081	9,933
91 to 180 days	54	40
Over 180 days	272	276
	<b>10,407</b>	10,249

## 23. ACCRUED LIABILITIES, RECEIPTS IN ADVANCE AND OTHER PAYABLES

	2018 HK\$'000	2017 HK\$'000
Accrued liabilities	6,172	5,319
Receipts in advance	6,056	5,353
Other payables	14,065	15,161
	<b>26,293</b>	25,833

Other payables mainly included construction costs payable related to property, plant and equipment and other taxes liabilities.

## 24. LOANS FROM A SHAREHOLDER AND A MINORITY SHAREHOLDER

The balances were regards as amounts due to related parties, of which:

- loan from a shareholder represented amount due to a substantial shareholder of the Company who has control over the Group.
- loan from a minority shareholder represented amount due to a minority shareholder of a subsidiary who has significant influence over the subsidiary.

The loans were unsecured and interest-free except for loan from a shareholder of HK\$9,500,000 which was interest bearing at 5.25% per annum (2017: 5.25% per annum).

They were not repayable within twelve months from the reporting dates as at 31 October 2018 and 2017 respectively.

The directors of the Company consider that the fair values of the loans are not materially different from their carrying amounts.

## 32. RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group is exposed to a variety of financial risks which results from both its operating and investing activities. The Group does not have written risk management policies and guidelines. However, the board of directors meets periodically to analyse and formulate strategies to manage the Group's exposure to market risks, including changes in interest rates and currency exchange rates. Generally, the Group introduces conservative strategies on its risk management. The Group's exposure to market risk is kept to minimum level. The Group has not used any derivatives or other instruments for hedging purposes. The Group does not issue derivative financial instruments for trading purposes. The most significant financial risks to which the Group is exposed to are described below.

### (a) Credit risk

All the Group's cash and bank balances are deposited with major banks located in Hong Kong, Macau and the PRC.

In order to minimise the credit risk, management of the Group has implemented internal control procedures for determination of credit limits, credit approvals and other monitoring procedures to ensure that follow up action is taken to recover overdue debts. In addition, the Group reviews the recoverable amount of trade debt on a collective basis at each reporting date to ensure that adequate impairment losses are made for irrecoverable amounts. In this regard, the directors of the Company consider that the Group's credit risk is significantly reduced.

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The default risk of the industry and country in which customers operate also has an influence on credit risk but to a lesser extent. At the end of reporting period, the Group has certain concentration of credit risk as 12% (2017: 13%) and 28% (2017: 48%) of the total accounts receivable were due from the Group's largest customer and the five largest customers respectively, which are privately owned enterprises located in the PRC and arising in the industrial environmental products segment.

The Group's concentration of credit risk by geographical location is mainly in the PRC, which accounted for over 90% (2017: 84%) of the total trade receivables as at 31 October 2018.

### (b) Foreign currency risk

The Group's purchases are mainly denominated in Sterling Pounds ("GBP"), Japanese Yen ("JPY"), Euro ("EUR") and US Dollars ("USD"). The sales of the Group are predominantly in RMB and HK\$. The management monitors foreign exchange exposure and will hedge significant foreign currency exposure should the need arises.

The carrying amounts of foreign currency denominated monetary assets and monetary liabilities of the Group at the reporting date that are considered significant by management are as follows:

	Assets		Liabilities	
	2018 HK\$'000	2017 HK\$'000	2018 HK\$'000	2017 HK\$'000
JPY	394	1,925	5,721	4,667
EUR	27	822	111	426

USD	5,025	4,223	2,894	2,036

# Notes to the Consolidated Financial Statements

For the year ended 31 October 2018

## 32. RISK MANAGEMENT OBJECTIVES AND POLICIES (Continued)

### (c) Foreign currency sensitivity analysis

Since Hong Kong Dollars are pegged to USD, there is no significant exposure expected on USD transactions and balances whilst the currency peg remains in place.

The following table details the Group's sensitivity to a 5% increase and decrease in the functional currencies of the relevant group entities against the relevant foreign currencies. 5% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the year-end for a 5% increase in foreign currency rates. A number below indicates an increase/(a decrease) in profit for the year and retained profits (2017: an increase/(a decrease) in profit for the year and retained profits) where the functional currencies of the relevant group entities strengthen against the relevant foreign currencies. For a 5% weakening of the functional currencies of the relevant group entities against the relevant foreign currencies, there would be (a decrease)/an increase in the profit for the year and retained profits (2017: (a decrease)/an increase in profit for the year and retained profits). There is no impact on other components of equity in response to the general change in foreign exchange rates.

	2018 HK\$'000			2017 HK\$'000		
	EUR	JPY	GBP	EUR	JPY	GBP
Increase in foreign exchange rate	5%	5%	5%	5%	5%	5%
Effect on profit for the year	(4)	(266)	(25)	20	(138)	(23)
Effect on retained profits	(4)	(266)	(25)	20	(138)	(23)

### (d) Interest rate risk

The Group's interest rate risk arises primarily from bank balance and loan from a shareholder. Exposure to floating interest rate presents when there are unexpected adverse interest rate movements. The Group's policy is to manage its interest rate risk, working within an agreed framework, to ensure that there are no unduly exposures to significant interest rate movements and rates are approximately fixed when necessary. The directors considered that the Group's cash flow interest rate risk is minimal.

### (e) Liquidity risk

The Group's policy is to regularly monitor current and expected liquidity requirements in the short and long terms. The liquidity of the Group is primarily dependent on its ability to maintain adequate cash inflow from operations to meet its debt obligations.

The following table summarises the remaining contractual maturities at the reporting date of the Group's financial liabilities, which are based on contractual undiscounted cash flows.

## 33. CAPITAL MANAGEMENT

The Group's capital management objectives are to ensure the Group's ability to continue as a going concern and to provide an adequate return to members by pricing goods and services commensurately with the level of risk.

The Group actively and regularly reviews and manages its capital structure to ensure optimal capital structure and equity holder returns, taking into consideration the future capital requirements of the Group and capital efficiency, prevailing and projected profitability, projected operating cash flows, projected capital expenditures and projected strategic investment opportunities. The Group currently does not adopt any formal dividend policy.

The Group sets the amount of equity capital in proportion to its overall financial structure. The Group manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to equity holders, return capital to equity holders, issue new shares, or sell assets to reduce debt.

The capital-to-overall financing ratio at the reporting date was as follows.

	2018 HK\$'000	2017 HK\$'000
