

abc Multiactive Limited

(Incorporated in Bermuda with limited liability) Stock code:8131

2018 ANNUAL REPORT_

CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and The Stock Exchange of Hong Kong Limited takes no responsibility for the contents of this report, makes no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors of abc Multiactive Limited collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange of Hong Kong Limited for the purpose of giving information with regard to the Company. The directors, having made all reasonable enquires, confirm that, to the best of their knowledge and belief the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.

Chairman's Statement

I would like to thank our team for their valuable contributions and support in the past years. In 2018, we have maintained our leadership position in the security brokerage solution market by providing our customers with innovative products to stay ahead of the market; in addition, we have been actively looking for new opportunities to promote our Financial Solutions and to diversify our product lines in the future.

The year of 2018 is a challenge one. Facing a volatile global stock market, the securities market in Hong Kong has been full of ups and downs. Especially in the second half year of 2018, the global and domestic economy slow down its growth due to ongoing US Sino trade argument and downturn in the Chinese economy. The Group believes changes will create opportunities, as a result, the Group continues to channel its resources to development of the existing business segments as achieving high growth will continue to be one of the top priorities of the Group for 2019. The Group will place more resources in providing and improving advanced Financial Solutions and its services to fulfil customer needs and market demand.

To mitigate the market risks in the financial sector as well as to expand our customer base, the Group has been in close negotiation with potential partners actively seeking opportunity to cooperate in providing new innovative business solutions and professional services to customers in other industries. During the year, the Group has signed several business partner agreements with business partners and launched different third-party products and services to the market. The Group expects that the business operation for the coming years will be more cost effective with reducing working capital requirement and more in-depth management concentration. Accordingly, the Group could better capture the opportunity of growth.

In 2018, the Group achieved significant financial improvement through capital restructuring by issuing of the convertible preference shares and the convertible bond. The completion of the subscription has significantly improved the financial performance and position of the Group by enlarging its capital base and reducing its liabilities.

The Group is confident in maintaining our leading financial solution provider position in Hong Kong. Looking forward, the Group will adopt both long term and short term measures with an aim to improve its products and services in the future. Looking forward, apart from continuing to focus on our core business and technology development to improve its product functionally to meet the market demand, the Group will also focus on exploring more competitive solutions and diversifying its product and services lines in order to widen the customer dimension.

Finally, I would like to thank our board of Directors, shareholders, customers, and industry partners for their continued support and our employees for contributing their energy and skills this past year. With our leadership position in the securities solutions sector coupled with the expansion of the diversify product lines, I look forward to a productive year in 2019.

Joseph Chi Ho Hui

Chairman

Hong Kong, 18 February 2019

Financial Highlights

Key Financial Figures and Ratios	Note	Year ended 30 November 2018 HK\$'000	Year ended 30 November 201 <i>7</i> HK\$'000	Increase/ (decrease) in %

Notes:

- 1. Gross profit margin is calculated by dividing gross profit by revenue and multiplying the resulting value by 100%. Gross profit equals to revenue minus cost of sales.
- 2. Net cash is cash and cash equivalents less interest-bearing bank borrowings.
- 3. Current ratio is calculated by dividing current assets by current liabilities.
- 4. Gearing ratio is a percentage of borrowings and long term debts over total assets.

Performance Analysis

The performance analysis of the Group for the Year is set out in the "Financial Highlights" of this annual report.

Financial Review

The Group recorded a turnover of approximately HK\$15,163,000 for the year ended 30 November 2018 (the "Year"), increased slightly by 3% from that of approximately HK\$14,704,000 for the corresponding period last year. Of the total turnover amount, (i) approximately HK\$1,660,000 or 11% was generated from software license sales, (ii) approximately HK\$5,354,000 or 36% was generated from contract revenue, (iii) approximately HK\$5,971,000 or 39% was generated from maintenance services, (iv) approximately HK\$1,266,000 or 8% was generated from sales of computer hardware and (v) approximately HK\$912,000 or 6% was generated from Fintech resources services. The net loss attributable to shareholders of the Company for the Year was approximately HK\$5,049,000, in which approximately HK\$2,724,000 was waived interest by Maximizer International Limited on the two interest bearing promissory notes which was finally accounted as deemed capital contribution and charged to special reserve account of the Company. With the exclusion of this, the net loss attributable to shareholders of the Company shall be approximately HK\$2,325,000, an improvement of 60% as compared to the corresponding period last year.

The Group started the Year by accelerating its expansion plans but also adopted a more conservative position and implemented various cost control measures as the economic uncertainties placed price pressures on orders received and customers became more cost cautious in purchasing financial solutions products and services in the second half of year 2018. Despite this challenging environment, the Group had exercised prudent measures on cost control policies and decreased its normal operating expenditures as mentioned below.

The Group's operating expenditures for the Year amounted to approximately HK\$14,761,000, remained stable when compared to that of approximately HK\$14,687,000 for the corresponding period last year. During the Year, the Group had incurred additional professional and consultancy fees of approximately HK\$1,340,000 in relation to the engagement of financial and legal advisers to the Group on the advisory to cope with the Stock Exchange issued letters to the Company concerning about the Company's compliance of GEM Listing Rule 17.26 to justify the continued listing of the Company's securities. Excluding this extraordinary expenditure, the operating expenditures would have deducted by approximately 9% for the Year when compared to the corresponding period last year.

During the Year, the Group re-structured the shareholders' loan by way of set off against the outstanding promissory note in the amount of approximately HK\$50,700,000 (the "Promissory Note") owing by the Group to Maximizer International Limited ("MIL") by entering into the convertible preference shares and convertible bond subscription agreement dated 28 August 2018 (as amended and supplemented by a supplemental agreement dated 10 October 2018) (collectively, the "Subscription Agreement") with MIL. Pursuant to the Subscription Agreement, the Company has agreed to issue and MIL has agreed to subscribe for the convertible preference shares in the subscription price of approximately HK\$21,000,000 and the convertible bond in the principal amount of approximately HK\$29,700,000, being the sum of approximately HK\$50,700,000 (the "Subscription"), to be settled by MIL by way of set off against the Promissory Note in full upon completion of the Subscription. The above capital re-structuring transaction was completed on 22 November 2018.

During the Year, the depreciation expenses amounted to approximately HK\$239,000, remained stable when compared to that of approximately HK\$228,000 for the corresponding period last year.

The Group did not have any amortisation expenses during the Year.

During the Year, the Group invested approximately HK\$4,259,000 in developing new modules for its OCTO Straight Through Processing system ("OCTOSTP"). In 2018, the Group devoted most of its research and development resources in developing new C# version of its core brokerage settlement system and upgrade its brokerage trading system to support "Northbound Investor ID" and "Broker-to-Client Assigned Number or BCAN" functions under the Stock Connect with Shanghai and Shenzhen Stock Exchange.

The Group has no provision made for impairment of trade receivables during the Year.

Total staff costs (excluding directors' remuneration) were approximately HK\$9,345,000 for the Year, a 14% decrease from approximately HK\$10,834,000 for the corresponding period last year.

On 24 August 2018, the de-registration of Maximizer Asia (Shanghai) Limited, a wholly-owned subsidiary in the PRC has been completed. The audited loss on written off subsidiary assets was approximately HK\$3,000 and audited loss on foreign currency translation adjustment of approximately HK\$29,000 was released from exchange reserve to profit and loss account.

Operation Review

For the Year, Financial Solutions remained as the key source of the Group's turnover. The turnover from Financial Solutions and Fintech resources were approximately HK\$15,163,000, increased slightly when compared to that of approximately HK\$14,704,000 for the corresponding period last year. Of the total audited turnover, turnover of approximately HK\$12,985,000 represents sales of self-developed software, turnover of approximately HK\$912,000 was generated from Fintech resources services and revenue generated from resales of computer hardware and the third parties' products were approximately HK\$1,266,000.

The year of 2018 is a challenging year. The Hong Kong stock market had a bullish beginning in year 2018, the Group's local brokerage customers planned and spent more their resources to upgrade their brokerage system. As a result, the Group benefited and secured several system modification and hardware sales contracts in the first 2 quarters. However, since the second half of year 2018, the performance of Hong Kong stock market was poor. Additionally, the global and Hong Kong economies have been adversely impacted by the recent economic uncertainties (such as the US Sino trade argument and China economy slowdown). With such poor stock market performance and economic uncertainties, both the existing and potential customers of the Group slowdown their IT spending plan and deferred their IT infrastructure or system upgrade projects. As a result, the Group's computer licenses sales and rental services were adversely affected and the growth from the sale of computer hardware was limited during the Year.

The Group put more focus on develop innovative products, advance solutions and reselling computer hardware with a high end model to customers is our target to widen revenue channel. Although the business performance demand on computer hardware was affected by off season in the fourth quarter of year 2018 and recent economic environment slowdown, some of customers would like to holdup the expansion budget to 2019 as effect by the worldwide economy declined during the second half year 2018. Despite the above, the Group continues to closely negotiate with several customers to solve their hardware configuration requirements. In the first two months of financial year 2019, the Group has signed the computer hardware sales contracts with several customers. The Group expects that its turnover from sales of computer hardware will gradually gain momentum in 2019. On the other hand, the Group has setup a new sales team and hired more salesforce in the fourth quarter of year 2018 to expand other customer base to overcome the market challenge in the future.

In order to maintain its competitive edge in the industry, the Group has leveraged its Financial Solutions research and development capabilities and continued to improve its OCTOSTP solutions. Additional value added product and service extensions were also developed during the recent years to cope with the Stock Exchange's several new launch products in PRC and Hong Kong stock trading markets. Currently, "Northbound Investor ID" ("NB"), an investor identification regime for NB trading under the "Shanghai and Hong Kong Stock Connect" and "Shenzhen and Hong Kong Stock Connect" is newly launched. Under the NB model, "Shanghai and Hong Kong Stock Connect" are required to assign a Broker-to-Client Assigned Number or BCAN to each of the NB trading customers in a standard format and provide investor identification information of such customers to the Stock Exchange. The NB model was implemented in the fourth quarter of year 2018 and the Group has implemented and upgraded its Financial Solutions to fulfill the current market needs. The Group also devoted its resources in developing the new C# version of its core brokerage settlement system. These product and service extensions are also built upon and tightly integrated with the Group's core technology and provided specifically enhanced functionality. During the Year, the Group has signed several service contracts to implement the function of NB. Further, the Group also commenced discussions to upgrade its Financial Solutions with one well known brokerage firms in Singapore that have local operation in Hong Kong.

In 2018, the Group has started to enter into the Fintech resources service market by providing experienced and knowledgeable Fintech professionals secondment and recruitment services to our customers. These new services not only diversified the Group's business line but also provided a more comprehensive services to customers to cover a wider range of Fintech products customization or consultancy services beyond the OCTOSTP Financial Solutions. For the Year, turnover of approximately HK\$912,000 was recognised from the provision of Fintech resources services. In the first two months of financial year 2019, the Group continues to explore more opportunity on Fintech resources services and has secured contracts in the total amount of approximately HK\$200,000.

The Group targets to strive for expanding and diversifying its business line and seeking new business opportunities in the market. To achieve the goal, the Group expands its customer base from financial related customers to other non-financial related customers and commenced partnership cooperation with hardware and technical service vendors in Hong Kong. For the Year, the Group has signed several business partner agreements with computer hardware suppliers, including one well-known computer hardware supplier for the resell rights of its products in Hong Kong. The Group is also in active negotiation with other potential partners on IT managing service, scanning and storage solutions and CCTV products to cooperate in providing more innovative business solutions. In order to improve the sales performance of each of the Group's business segments, the Group will continue to provide and develop diversified business solutions, such as providing the non-financial solution module, management services solutions and infrastructure services to different customers, as well as to seek more cooperation with different channel partners for our customers. For the continuous business growth, the Group had set up a new business product team to explore more business opportunity in the second half year of 2018. The Group is actively preparing itself to sourcing more diversify business model to the market.

Capital Structure

As at 30 November 2018, the total issued share capital of the Company was approximately HK\$42,464,000 (2017: approximately HK\$30,111,000) divided into 301,108,062 ordinary shares and 123,529,400 non-voting convertible preference shares (2017: 301,108,062 ordinary shares) of HK\$0.10 each.

Liquidity and Financial Resources

The Group operates a conservative set of treasury policies to ensure that no unnecessary risks are taken with the Group's assets. No investments other than cash and other short-term bank deposits are currently permitted.

As at 30 November 2018 and 2017, the convertible bond to MIL, amount due to a related company and the promissory notes and interest payables to the related companies were repayable as follows:

	The Group		
	2018	2017	
	HK\$′000	HK\$'000	
Within 1 year	228	235	
Between 1 and 2 years	-	45,700	
Between 3 and 5 years	12,810		
Wholly repayable within 5 years	13,038	45,935	

As at 30 November 2018, the Group had outstanding of approximately CAD39,000 (approximately HK\$228,000) due to Maximizer Services Inc ("MSI"), a related company of the Company. The amount due to MSI was mainly payables for purchases of software merchandise, royalty fee and expenses paid on behalf of the Group, which was unsecured, interest free and repayable on demand.

On 22 August 2018, Active Investments Capital Limited ("Active Investment") assigned its three promissory notes to Maximizer International Limited ("MIL"). On 24 August 2018, MIL waived the amounts equivalent to the interest accrued from 1 December 2017 onward on two interest bearing promissory notes such that the principal amounts on the promissory notes shall be reduced accordingly. MIL and the Company further agreed that the terms of the loan evidenced by the promissory notes be amended to be non-interest bearing effective on the same date. As a result, the old three promissory notes were cancelled and a new non-interest bearing promissory note in the aggregate principal sum of approximately HK\$50,700,000 (being the initial principal sum of approximately HK\$37,839,000, HK\$6,444,000 and HK\$5,000,000 on the three promissory notes and the amount of approximately HK\$1,286,000 and HK\$130,000 equivalent to the amount of interest accrued as at 30 November 2017 on the two interest bearing promissory notes) was issued by the Company in favour of MIL and would be matured on 1 March 2019. (As at 30 November 2017, loans of amount approximately HK\$37,839,000 and HK\$6,444,000 are loans from Active Investments Capital Limited ("Active Investments"), a related company wholly owned by the chief executive officer of the Company, which were unsecured, interest bearing at the Hong Kong prime rate established by the Hongkong and Shanghai Banking Corporation Limited plus 3% and maturing on 1 March 2019).

On 28 August 2018, the Company and MIL (the "Subscriber") entered into the subscription agreement as supplemented and amended on 10 October 2018 relating to the subscription of Convertible Preference Shares (the "CPS") and Convertible Bond (the "CB") (the "Subscription Agreement"). The completion of the Subscription Agreement took place on 22 November 2018 whereupon the CPS and CB were issued to MIL and the CPS subscription price and the CB subscription price were fully set off against the outstanding amount of the promissory note in full, being approximately HK\$50,700,000 was set off in full by the issued of (i) the CPS with total subscription price of approximately HK\$21,000,000 and (ii) the CB in the aggregate principal amount of approximately HK\$29,700,000. The promissory note was deemed to have fully settled and became void and of no effect.

The Group expresses its gearing ratio as a percentage of borrowings and long term debts over total assets. As at 30 November 2018, the Group's gearing ratio was 2.32 (2017: 12.09).

Pledge of Assets

The Group did not have any mortgage or charge over its assets as at 30 November 2018 (2017: Nil).

Exposure to Fluctuations in Exchange Rates and Related Hedges

All the Group's assets, liabilities and transactions are denominated either in Hong Kong dollars, Renminbi or Canadian dollars. Except for the current account between the Company and its subsidiaries in China which is denominated in Hong Kong dollars, it is the Group's policy for each operating entity to borrow in local currencies where necessary in order to minimise currency risk.

As at 30 November 2018 and 2017, the Group did not have any foreign currency investments which have been hedged by currency borrowings and other hedging instruments.

Possible Risk Exposure

Risks which are relevant to the Group and its business

There are no significant barriers to entry in the markets in which the Group participates. The market for the Group's software solutions is highly competitive, subject to rapid change and can be significantly affected by the introduction of new products and market activities of other industry participants. Competitors may vary in size, scope and breadth of the products and services offered.

The Group's success and ability to compete are dependent to a significant degree on its proprietary technology and on the proprietary technology of others. The Group relies primarily on copyright, trade secret and trademark law to protect its technology as well as its commercial reputation. The inability of the Group to adequately protect such intellectual properties it uses could have material adverse effect on the Group's business, financial condition and operating results.

Risks which are relevant to the software industry

The software industry is characterised by rapid technological change, changes in customer requirements, frequent new service and productions and enhancements, and emerging industry standards. If the Group is unable to develop and introduce new services and products or enhancements of existing services and products in a timely manner in response to changing market conditions or customer requirements, or if new services and products do not achieve market acceptance, the Group's business, financial condition and operating results will be materially adversely affected.

The internet industry is characterised by rapidly changing industry standards, frequent introduction of new products and services and evolving business models. The introduction of any new laws and regulations or changes in any relevant jurisdiction to any existing laws and regulations or their interpretation that make it more restrictive for the Group to operate and/or lead to an escalation of compliance costs could have an adverse impact on the Group. In the event the business structure or operating system cannot be modified to conform to the then applicable law or practice or its interpretation, the Group may be unable to conduct the whole or some part of its business.

If the Group fails to attract and retain qualified personnel, its growth could be limited and its costs increased

The Group's success has been, and will be, dependent to a large degree on its ability to attract and retain qualified senior and middle managers and highly skilled technical personnel. The Group cannot be certain that recently hired personnel or any personnel it hires in the future will successfully integrate into its organisation or ultimately contribute positively to its business. The loss of the services of professional personnel or the inability to identify, hire, train and retain other qualified technical and managerial personnel in the future could also adversely affect the Group's business.

The Group may be liable for defects or errors in the software solutions it develops

Many of the software solutions that the Group develops are critical to the operations of its clients' businesses. Any defects or errors in these solutions could result in delayed or lost client revenues, adverse customer reaction toward the Group, negative publicity, additional expenditures to correct the problems and claims against the Group.

The Group has a policy of seeking to include provisions in its contracts to limit its liability in rendering its services. However, not all contracts include provisions to such effect, and, even if included, they may be unenforceable. Hence, these contractual provisions may not protect the Group from liability. If held liable for defects or errors in its software solutions, the Group's business, reputation and financial position is likely to be adversely affected.

The Group's business may be adversely affected by the downturn of Hong Kong's economy or stock market owing to unforeseen circumstances

Since a substantial part of the Group's revenue is derived from Hong Kong, the Group's business and results of operations are affected by the overall performance of the Hong Kong economy which is influenced by factors including, inter alia, local and international economic and political conditions, general market sentiment, changes in the regulatory environment and fluctuations in interest rates. Unforeseen circumstances such as economic downturn or natural disaster which are beyond the control of the Group may affect its business. Likewise, any prolonged downturn in the stock market may lead to a reduction in stock trading volume in Stock Exchange, initial public offerings and/or other corporate activities, which may adversely affect the volume of the Group's business and profitability. Any such unforeseen circumstances may adversely affect the operations and financial performance of the Group in a material respect.

Further, any adverse change in the economic conditions in Hong Kong will have adverse impact on the Group such as increase in the risk of cancellation or termination of projects by clients and default in payment of services fee. If such events materialise, the Group's performance will be adversely affected.

Financial Risk

Details of the financial risk of the Group are set out in Note (4) to the consolidated financial statements.

Treasury Policy

Cash and bank deposits of the Group are either in Hong Kong dollars, Renminbi and Canadian dollars. The Group conducts its core business transaction mainly in Hong Kong dollars, such that the Group did not use any derivative instruments to hedge its foreign currency exposure as the Group considered its foreign currency exposure is insignificant.

Contingent Liabilities

The Group had no material contingent liabilities as at 30 November 2018 (2017: Nil).

Event after the Reporting Period

The Group did not have any significant events occurred after the reporting period.

Litigation

As at 30 November 2018, the Group had no material litigation (2017: Nil).

Significant Investments

The Group has not held any significant investment for the year ended 30 November 2018 (2017: Nil).

Material Acquisitions, Disposal of Subsidiaries and Affiliated Companies

On 24 August 2018, the de-registration of Maximizer Asia (Shanghai) Limited, a wholly-owned subsidiary in People's Republic of China (the "PRC") has been completed. The audited loss on written off subsidiary assets was approximately HK\$3,000 and audited loss on foreign currency translation adjustment of approximately HK\$29,000 was released from exchange reserve to profit and loss account.

Major Events

As at 30 November 2018 and 2017, the Group had no material capital commitments and no future plans for material investments or capital assets.

Employee and Remuneration Policy

The directors believe that the quality of its employees is the most important factor in sustaining the Group's growth and improving its profitability. The Group's remuneration package is structured with reference to the individual performance, working experience and prevailing salary levels in the market. In addition to basic salaries and mandatory provident fund, staff benefits include medical coverage scheme. As at 30 November 2018, the Group had employed 21 staffs in Hong Kong (2017: 23 staffs in Hong Kong). Total staff costs for the Year under review amounted to approximately HK\$9,345,000 (2017: HK\$10,834,000).

Pension Scheme

Effective from 1 December 2000, the Group joined the Mandatory Provident Fund Scheme (the "MPF Scheme") for all of its employees employed under the jurisdiction of the Hong Kong Employment Ordinance. The MPF Scheme is registered with the Mandatory Provident Fund Authority under the Mandatory Provident Fund Schemes Ordinance (Chapter 485 of the Laws of Hong Kong) in Hong Kong. The assets of the MPF Scheme are held separately from those of the Group in funds under the control of an independent trustee. Under the revised rules of the MPF Scheme on 1 June 2014, the Group and its employees are each required to make contributions to the MPF Scheme at 5% of the employees' relevant income, subject to a cap of monthly relevant income of HK\$30,000.

The retirement benefit scheme cost charged to the consolidated statement of profit or loss and other comprehensive represents contributions payable by the Group to the funds and is expensed as incurred. During the Year, the retirement benefit scheme contributions borne by the Group amounted to HK\$282,000 (2017: HK\$356,000). No forfeited contribution for the Group is available to reduce the contribution payable in the future years. Contributions to the scheme vest immediately.

Prospects

The Group will continue to cautiously monitor the business environment and to strengthen its competitiveness in the market, the Group will further focus on its core business and technology development with product functionality improvement and expansion in the service areas offered to the customers. The Group believes its products together with professional services are technologically competitive and the Group's business shall be benefited from the aggressive technology enhancement by the Stock Exchange and increased number of new market participant in the Hong Kong brokerage industry.

To channel the Group's resources to the development of the existing business segments to achieve high growth will continue to be one of the top priorities of the Group for 2019. The Group will place more resources in providing and improving advanced financial solutions or services to fulfil the Group's customer needs and market demand as well as expanding its customer base. Besides, based on the Group's experience on sourcing computer hardware and existing relationship with its customers, the Group believes that it is capable to extend its customer base to other departments of the brokerage houses and banks as well as explore its product development and hardware sales teams to approach other financial or non-financial corporations in Hong Kong. It is the belief of the directors of the Company that the Group has well-diversified products and services range, which maintains its market competitiveness and it is well equipped to face future challenges.

The Group will continue to keep up with the market trend and the industry requirements. The Group will explore new business opportunities and widen the Group's turnover stream from both existing and potential customers. The Group will also continue to strive for a better diversified business line and seek new business opportunities in the market. To achieve the goal, the Group will actively seek cooperation with partners in providing more innovative business solutions. Further, the Group will also continue to deliver its quality services, as well as to improve our financial solutions products, for the continuous business growth. It is believed that the Group has solidified its foundation by refining its operations in the coming year.

Biographical Details of Directors and Senior Management

Executive Directors

Mr. Joseph Chi Ho HUI, aged 48, was appointed as an executive director of the Company on 8 November 2000. Mr. Hui was re-designated as a non-executive director of the Company on 14 July 2011 and re-designated as an executive director and the Chairman of the Company. Auditors

The consolidated financial statements of the Group for the year ended 30 November 2018 were audited by HLB Hodgson Impey Cheng Limited whose term of office will expire upon the forthcoming annual general meeting. A resolution for the re-appointment of HLB Hodgson Impey Cheng Limited as the auditors of the Company for the subsequent year is to be proposed at the forthcoming annual general meeting.

On behalf of the Board

Joseph Chi Ho Hui

Executive Director

Hong Kong, 18 February 2019

Workplace Quality

Working Condition

The Group strives to provide a pleasant and healthy workplace for our employee. We care for our employee and recognise that having good staff relations and a motivated workplace play vital role in the Group's efficient operation. In order to fully develop staff competence and potential, the Group has an employee handbook that ensure each staff understand the policy of the Group. Our employee handbook highlights general information about the company and policies relating to staff employment. The contents of our employee handbook are subject to periodic review and changes will be notified by internal memorandum.

Employee Development and Welfare

The Group's remuneration package is structured with reference to the individual performance, working experience and prevailing salary levels in the market. In additional to basic salaries and mandatory provident fund ("MPF"), staff benefits include a basic five-day working week, flexible leave arrangement, medical coverage scheme, festival gift and annual party.

Performance evaluations will be re-initiated each year. Recognising the value in the skill and experience of our staff, the Group intends to adopt a policy that any promotions will be considered internally first before hiring any outside staff. It is the Group's policy to select the most suitable candidate for appointment to a higher rank based on merit, rather than on the seniority of the candidates.

Staff salary payment and promotion will be measured against their progressive performance level, contribution, and achievement against the objectives set by the Group. The annual performance evaluation will be conducted annually. During the performance discussion, staff and management team will meet and talk about the expectations of their jobs so that a mutual understanding of staff responsibilities and performance objectives for the year can be reached.

By offering competitive remuneration package and welfare to staff, the Group is able to retain high caliber talents. For the financial year 2018, approximately 48 % of staff has been working with the Group for more than 3 years and some even has worked up to 10 years. It indicates the Group's ability to foster staff loyalty of the Group, while job productivity and staff's performance are kept at satisfactory levels.

Workforce by Employment and Region

As at 30 November 2018, the Group had employed total 21 staff in Hong Kong (2017: total 23 staff). Total workforce employment type, age group and geographical region is as follows:

Employment by region

	Full-time		
	permanent	Part-time	Total in
Region	employees	employee	percentage
Hong Kong	96%	4%	100%

Employee by age and gender

						Total in	
	20-30	30-40	40-50	over 50	Male	Female	percentage
Age	14%	29%	43%	14%			100%
Gender					71%	29%	100%

Health and Safety

The Group makes the health and life safety of its employees in a close attention focus. We provide its employee with flexible rest leave arrangement, medical and hospital scheme. The Group also aware that the good working environment for its employees with a safe and comfortable working condition is very important. The Group has set work arrangement for typhoon and rainstorm warning. In the past years under review, zero staff fatalities or serious work related injuries from the Group's operation.

Development and Training

The Group believes that the quality of its employees is the most important factor in sustaining the Group's growth and improving its profitability. Training that providing employees with the opportunities to learn pays dividends for the Group and its employees. The Group gets better-skilled staffs who are more versatile and flexible in their assignments, and employees get the opportunity to learn new skills, gain new ways of viewing the world, and network with others. Except for the training course or seminars sponsored by the Company, all employees can apply for training courses and examination leave that are recommended by their managements. Which in their view, is beneficial both to the Company's corporate direction and to the employees' career development.

Labour Standards

The Group has complied with labour laws and government regulations set out by the Hong Kong and PRC. The Group does not employ staff who are below 18 years of age. No employee is paid less than the minimum wage specified by the government regulations. Monthly salary payments are made on time according to the employee handbook and Mandatory Provident Fund ("MPF") paid for a contribution period before monthly contribution day.

Special Leave arrangement

Except for annual leave, the Group provides special leave arrangement for employees, which including:

Compensation leave or non-office hour support allowance will be granted to employees who are required to work during non-office hours for scheduled tasks;

Maternity leave and paternity leave is granted in accordance with the employment ordinance; and

2 days of paid compassionate leave will be granted to permanent employees on the death of a member of the immediate family.

Employee Insurances

Labour insurance coverage for all employees in Hong Kong. Except for the labour insurance, the Group also provides general out-patient, surgical, dental care and hospital insurance to all employees in Hong Kong.

Environmental Protection

The Group's business does not involve any nature resources emissions. However, the Group execute practices that improve energy efficiency, conserve resources for its operation and raise environmental awareness for our employee. The key environmental impacts from the Group's operations related to energy and paper consumption. To achieve environment protection, the Group encourage employees to shift to e-statement or scanning to reduce our use of paper and greenhouse gas emissions; switch off all computers and office equipment, electrical and air-conditioner at the end of each working day. Actual numerical results for the year under review, paper consumption approximately 87 thousand of papers (2017: 99 thousand of papers) and electricity consumption approximately 63 thousand kWh (2017: 65 thousand kWh). Remains stable for the Year when compared to last year. The Group focuses on paper and toner usage throughout all of our operation and we have always been devoted to reduce energy consumption.

Operating Practices

Product Responsibility

The Group has developed an internal control system for source code protection. Source code update and backup are being monitored on a timely basis to maintain the most updated versions of source code by authorised product owner of the Company. Source codes were identified and classified based on the customer served. To protect customers business information confidential, all source code is encrypted before being sent to customers. And the backing up of data is done from time to time to protect the company's most valuable assets from any event of system crashes and errors. All employees of the Company are committed to protecting the personal information of customers in strict compliance with the Personal Data (Privacy) Ordinance. The personal information of customers should be used in the proper context only for authorised business purposes. It benefits for both the Group and customers, and emphasises on the importance and ethical concern of the safeguard of source code.

Anti-Corruption

The Group aims to maintain a high standard of business ethics, certain policies and practices has been implemented for the Group prohibits bribery and corrupt practices. Since 2000, the Group has set out the company policy on the acceptance of advantages. Those involved in the selection of and purchase from suppliers and contractors to avoid any misuse of authority or engage in situations which could affect or appear to affect employee ability to make free and independent decisions regarding the purchase and procurement of goods and services. The policy and practices affect their objectivity in conducting the Company's business, or induce them to act against the interest of the Company, or lead to allegations of impropriety. Any advantage given in the conduct of the Company's business should be in accordance with the Company's prevailing policies on such matters and prior written approval of the Company should be obtained.

As at the date of this report, no employee concluded legal cases regarding corrupt practice, solicit or accept any advantage from any person having business dealings with the Company (2017: Nil) (e.g. customers, suppliers or contractors).

Community Investment

The Group encourages our staffs to participate in volunteering events, which could provide an opportunity for them to connect outside the workplace while contributing to the local communities, and we target through donations and sponsorships by supporting non-profit-making organisations to help charitable, cultural, educational and other needs of society. This Year, we have made donation to Redford Charitable Foundation for "The 5th TAKE A STEP FOR CHILDREN CHARIT WALK". Redford Charitable Foundation is a charity dedicated to aid needy people especially the elderly and children.

It is the belief of the Board of directors that corporate governance plays a vital part in maintaining the success of the Company. Various measures have been adopted to ensure that a high level of corporate governance is maintained throughout the operation of the Group.

The Stock Exchange has issued the amendments on Corporate Governance Code and Corporate Governance Report (the "CG Code and Report") contained in Appendix 15 of the GEM Listing Rules effective on 1 April 2012 which set out the principles and the code provisions which the Company is expected to apply and comply.

To comply with all the code provisions set out in the CG Code and Report contained in Appendix 15 of the GEM Listing Rules, relevant amendments and adoptions has been adopted by the Company, except for the deviations from code provision A.4.3, C.1.2 and C.2.5 as explained below, none of the directors is aware of information that would reasonable indicate that the Company is not, or was not, for any parts of the accounting period for the year ended 30 November 2018, in compliance with the CG Code and Report set out by the Stock Exchange in Appendix 15 to the GEM Listing Rules. The board will continue to review regularly and take appropriate actions to comply with the Code.

Appointments, Re-election and Removal Director

Code provision A.4.3 of the CG Code and Report, became effective on 1 April 2012, an independent non-executive director serves more than nine (9) years, his further appointment should be subject to a separate resolution to be approved by shareholders.

Mr. Kwong Sang LIU and Mr. Edwin Kim Ho WONG have served as independent non-executive directors of the Company for more than 9 years. Mr. Liu and Mr. Wong have demonstrated their abilities to provide independent view to the Company's matters. Notwithstanding their years of service as independent non-executive directors of the Company, the Board is of the view that Mr. Liu and Mr. Wong are able to continue to fulfill their roles as required and thus recommends them for re-election at the annual general meeting of the Company. Further, the Company is of the view of Mr. Liu and Mr. Wong meet the independence guidelines set out in Rule 5.09 of the GEM Listing Rules and are independent in accordance with the terms and guidelines. This deviated from the requirements of code provision A.4.3.

To comply with code provision A.4.3, Mr. Liu's and Mr. Wong's further appointments have been proposed and approved by the shareholders at the annual general meeting of the Company held on 23 March 2018, and are subject to a separate resolution to be approved by shareholders in each year.

Mr. William Keith Jacobsen has served as an independent non-executive director of the Company for 9 years in August 2018. During his years of appointment, Mr. Jacobsen has demonstrated his ability to provide an independent view of the Company's matters. The Board is of the view that Mr. Jacobsen is able to continue to fulfil his roles as required and meets the independence guidelines set out in Rule 5.09 of the GEM Listing Rules. Mr. Jacobsen is being eligible and recommended for entering into another 3 years term service contract and subject to approval by the shareholders at the annual general meeting of the Company ("AGM").

Financial Reporting

Code provision C.1.2 of the CG Code and Report, became effective on 1 April 2012, stipulates that management should provide all members of the Board with monthly updates giving balanced and understandable assessment of the Company's performance, position and prospects in sufficient details.

During the year ended 30 November 2018, rather than provide monthly updates, the management of the Company has provided to the Board quarterly updates with quarterly consolidated financial statement of the Company's performance, position and prospects in sufficient details during the regular Board meetings of the Company. In addition, the management has provided all members of the Board, in a timely manner, updates on any material changes to the performance, position and prospects of the Company and sufficient information for matters brought before the Board. The management discussion and analysis prepared by management and reviewed by the Board of the directors are included in pages 7 to 15 of this annual report.

Internal Audit Function

Code Provision C.2.5 of the CG Code, became effective on 1 January 2016, stipulates that the Group should have an internal audit function. For the year ended 30 November 2018, the Group does not have an internal audit function from the date of Listing since 2000. Taking into account the size, nature and complexity of the operations in the future, the Group considers that the current organization structure and management could provide adequate risk management and internal control of the Group.

The Group has established the internal control committee since 2007. The internal control committee, comprising the executive directors, independent non-executive directors and management team of the Company are responsible to review the effectiveness of the Group's internal control system. There are established control procedures to identify, assess, control and report to each of the four major types of risks consisting of business and market risk, compliance risk, financial and treasury risk and operational risk. In addition, there is regular dialogue with the Group's external auditors so that both are aware of the significant factors which may affect their respective scope of work.

A review of the effectiveness of the Group's system of internal control covering all key controls, including financial, operational and compliance and risk management controls, is conducted annually. For the year 2018, the review bases on a framework which assesses the Group's internal control system into payment cycle against control environment, risk management and control and monitoring activities on all major business and operational processes. The examination consists of enquiry, discussion and validation through observation and inspection (if necessary). The result of the review will be reported to the Board and areas of improvement, if any, will be identified and appropriate measures will be put in place to manage the risks.

THE BOARD

During the year ended 30 November 2018, the Board comprised two executive directors and three independent non-executive directors. The Company has received from each of the independent non-executive directors an annual confirmation of independence pursuant to Rule 5.09 of the GEM Listing Rules and considers that all the independent non-executive directors to be independent.

The Board delegates the following responsibilities to the audit committee, nomination committee and remuneration committee, for overseeing all aspects of the Company's affairs. The Board preserves the right to finally approve key matters and strategic decisions:

- (a) to develop and review the Company's policies and practices on corporate governance;
- (b) to review and monitor the training and continuous professional development of directors and senior management;
- (c) to review and monitor the Company's policies and practices on compliance with legal and regulatory requirements;
- (d) to develop, review and monitor the code of conduct and compliance manual applicable to employees;
- (e) to review the Company's compliance with the Code on Corporate Governance and disclosure in the Corporate Governance Report; and
- (f) to review and approve the quarterly, interim, annual results and other business matters.

The Board is provided with the Group quarterly management reports which contain year-to-date financial performance with summaries of key events and outlook of the Group. The management report gives a balanced and understandable assessment of the Company's performance, position and prospects in sufficient detail.

The Board schedules four regular meetings a year at approximately quarterly intervals. In addition, special Board meetings are held as necessary. During the reporting year 2018, the Board held eight meetings. Details of the attendance of individual directors are as follows:

Attendance

(a)	Executive Directors	
	Mr. Joseph Chi Ho HUI	8/8
	Ms. Clara Hiu Ling LAM	8/8
(b)	Independent Non-executive Directors	
	Mr. Kwong Sang LIU	8/8
	Mr. Edwin Kim Ho WONG	8/8
	Mr. William Keith JACOBSEN	8/8

Ms. Clara Hiu Ling Lam, the executive director of the Company, is the spouse of Mr. Samson Chi Yang Hui, the chief executive officer of the Company and the sister-in-law of Mr. Joseph Chi Ho Hui, the executive director of the Company. Save as disclosed above, there is no family or other material relationship among members of the Board.

Biographies, including relationships among members of the Board are shown on pages 16 to 18 under the section on "Biographical Details of Directors and Senior Management".

Pursuant to the code provision A.1.8 of the CG Code and Report, the Company should arrange appropriate insurance to cover potential legal actions against its directors. To comply with code provision, the Company is arranged for appropriate liability insurance for the directors for indemnifying their liabilities arising from corporate activities for the year ended 30 November 2018.

BOARD DIVERSITY POLICY

Pursuant to the code provision A.5.6 became effective on 1 September 2013, the nomination committee (or the Board) should have a policy concerning diversity of board members, and should disclose the policy or a summary of the policy in the corporate governance report.

To comply with the new code provision A.5.6, the nomination committee adopted a board diversity policy in committee meeting in 2014. During the reporting year 2018, nomination committee held a meeting for the purpose of reviewing the board diversity policy of the Company and the progress of attainment when appropriate to ensure its effectiveness and discussed any revisions that may be required to be considered and make disclosure of its review results of the Company's corporate governance report. A summary of this policy, together with the measureable objectives set for implementing the policy, and the progress made towards achieving those objectives are disclosed as below.

Summary of the Board Diversity Policy

The Company recognised and embraced the benefits of having a diverse Board to the quality of its performance. The Board Diversity Policy aimed to set out the approach to achieve diversity on the Board. In designing the Board's composition, Board diversity has been considered from numbers of measurable aspects including gender, age, length of services, knowledge and professional industry background. All Board appointments will be based on meritocracy, and candidates will be considered against objective criteria, having due regards for the benefits of diversity on the Board.

Measurable Objectives

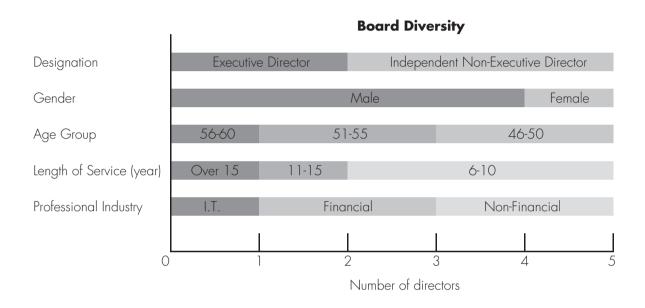

Selection of candidates will be based on a range of diversity perspectives, including but not limited to gender, age, cultural and education background, professional experience, skill, knowledge and length of services. The ultimate decision will be based on merit and contribution that the selected candidates will bring to the Board.

Implementation and Monitoring

The nomination committee reviewed the Board's composition under diversified perspectives, and monitored the implementation of the Board Diversity Policy annually.

As at the date of this report, the Board's composition under major diversified perspectives was summarised as follows:

ROLES OF DIRECTORS

The Board assumes responsibility for leadership and control of the Company and is collectively responsible for promoting the success of the Group. The principle roles of the Board are:

- to lay down the Group's objectives, strategies and policies;
- to monitor operating and financial performance; and
- to set appropriate policies to manage risks in pursuit of the Group's strategic objectives.

The Board has delegated the day-to-day operation responsibility to the management under the supervision of the chief executive officer and various Board committees.

Every newly appointed director, if any, is ensured to have a proper understanding on the operations and business of the Group and fully aware of his responsibilities under the relevant applicable legal and regulatory requirements. The senior management and the company secretary will conduct such briefing as is necessary to update the Board with legal and regulatory developments, business and market changes and the strategic development of the Group to facilitate the performance of their duties.

BOARD PROCESS

Proposed regular board meeting dates for a year are informed to each director at the beginning of the year. Formal notice of at least 14 days will be given in respect of a regular meeting. For special board meeting, reasonable notice will be given. Directors participated, either in person or through other electronic means of communication in the Board meetings.

The Board of directors meets regularly at least four times every year. The directors participated in person or through electronic means of communication. All notices of board meetings were given to all directors, who were given an opportunity to include matters in the agenda for discussion. The finalised agenda and accompanying board papers were sent to all directors at least 3 days prior to the meeting.

During regular meetings of the Board, the directors discuss the overall strategy as well as the operation and financial performance of the Group. The Board has reserved for its decision or consideration matters covering overall Group strategy, major acquisitions and disposals, annual budgets, annual and interim results, approval of major capital transactions and other significant operational and financial matters. All directors are kept informed on a timely basis of major changes that may affect the Group's businesses, including relevant rules and regulations. Directors can also seek independent professional advice in performing their duties at the Company's expense, if necessary. The company secretary records the proceedings of each board meeting in detail by keeping detailed minutes, including all decisions by the Board together with concerns raised and dissenting views expressed (if any). All minutes are open for inspection at any reasonable time on request by any director.

SUPPLY OF AND ACCESS TO INFORMATION

In respect of regular board meetings, an agenda of the meeting and the accompanying board papers are sent in full to all directors at least 3 days before the intended date of a meeting. Board papers are circulated to the directors to ensure that they have adequate information before the meeting for any ad hoc projects.

The management has obligation to supply the Board and the committees with adequate information in a timely manner to enable it to make informed decisions. Where any director requires more information than is volunteered by management, each director has separate and independent access to the Company's senior management for inquiry or additional information.

All directors are entitled to have access to board papers and related materials. Such materials are prepared to enable the Board to make informed decisions on matters placed before it.

CHAIRMAN AND CHIEF EXECUTIVE OFFICER

The posts of chairman and chief executive officer ("CEO") are held separately by Mr. Joseph Chi Ho Hui and Mr. Samson Chi Yang Hui respectively. This segregation ensures a clear distinction between the chairman's responsibility to manage the Board and the CEO's responsibility, with support by the senior management, to manage the Company's business, including the implementation of major strategies and initiatives adopted by the Board. The responsibilities of the chairman are to ensure the Board works effectively and performs its responsibilities, and all key and appropriate issues are discussed by the Board, draw up and approve the agenda for each board meeting and take into account, any matters proposed by the other directors for inclusion in the agenda.

DELEGATION BY THE BOARD

The Board is primarily responsible for overall strategy and direction for the Group and overseeing the Group's businesses and providing leadership in strategic issues. The management is delegated to manage the day-to-day businesses of the Group.

When the Board delegates aspect of its management and administration functions to management, clear directions would be given as to the power of management, in particular, the circumstances where management should report back to the Board before making decisions or entering into any commitments on behalf of the Group.

Principal functions that are specifically delegated by the Board to the management include (i) implementation of corporation strategy and policy initiatives; (ii) provision of management reports to the Board in respect of Group's performance, financial position and prospects; and (iii) day-to-day management of the Group.

BOARD COMMITTEE

The Board established certain Board committees with specific written terms of reference which deal clearly with the committee's authority and duties and require the committees to report back on their decisions or recommendations.

NOMINATION COMMITTEE

The Company established a nomination committee on 9 March 2012. During the reporting year 2018, the nomination committee comprises a total of five members, namely Mr. Kwong Sang Liu, Mr. Edwin Kim Ho Wong and Mr. William Keith Jacobsen, all are independent non-executive directors, and Mr. Joseph Chi Ho Hui, the executive director and Mr. Samson Chi Yang Hui, the CEO of the Company. Mr. Joseph Chi Ho Hui is the chairman of the nomination committee.

The responsibilities and authorities of the nomination committee are mainly to review the structure, size and composition of the Board at least annually and make recommendations on any proposed changes to the Board on the selection of individuals nominated for directorships; identify individuals suitably qualified to become Board members and select or make recommendations to the Board on the selection of individuals nominated for directorships; assess the independence of independent of non-executive directors; and make recommendations to the Board on the appointment or re-appointment of directors; and succession planning for directors and review the board diversity policy of the Company.

The nomination committee shall be provided with sufficient resources to perform its duties and shall have access to independent professional advice if necessary, at the Company's expense. All members of the nomination committee shall have access to the advice and services of the company secretary, and separate and independent access to the Company's senior management for obtaining necessary information.

During the reporting year 2018, one meeting of nomination committee was held with attendance of individual member as follows:

Attendance

Mr. Joseph Chi Ho HUI	1/1
Mr. Kwong Sang LIU	1/1
Mr. Edwin Kim Ho WONG	1/1
Mr. William Keith JACOBSEN	1/1
Mr. Samson Chi Yang HUI	1/1

NOMINATION OF DIRECTORS

The nomination committee is responsible for the formulation of nomination policies, making recommendations to Shareholders on directors standing for re-election, providing sufficient biographical details of directors to enable Shareholders to make an informed decision on the re-election, and where necessary, nominating appropriate persons to fill causal vacancies or as additions to the Board. The nomination committee from time to time reviews the composition of the Board with particular regard to ensuring that there is an appropriate number of directors on the Board independent of management. He also identifies and nominates qualified individuals for appointment as new directors of the Company.

New directors of the Company will be appointed by the Board. The nomination committee will take into consideration criteria such as expertise, experience, integrity and commitment when considering new director appointments.

APPOINTMENTS, RE-ELECTION AND REMOVAL

All independent non-executive directors are appointed for a specific term of not more than 3 years. All directors, including the chairman are required to retire from office by rotation and are subject to re-election by Shareholders at annual general meeting at least once every 3 years.

Under the Company's Bye-laws, one-third of the directors, must retire and be eligible for re-election at each annual general meeting. As such, no director has a term of appointment longer than 3 years.

DIRECTORS' TRAINING

As part of an ongoing process of directors' training, the directors are updated with the latest developments regarding the Listing Rules and other applicable regulatory requirements from time to time to ensure compliance of the same by all directors. All directors are encouraged to attend external forum or training courses on relevant topics which may count towards continuous professional development training.

Pursuant to code provision A.6.5 of CG Code and Report, which has come into effect from 1 April 2012, all directors should participate in continuous professional development to develop and refresh their knowledge and skills. This is to ensure that their contribution to the Board remains informed and relevant. Up to the date of this report, all directors have participated in appropriate continuous professional development activities by attending training course on the topics related to corporate governance and regulations or by reading materials relevant to the Company's business or to their duties and responsibilities.

As part of the continuous professional development programme, directors participated in the various briefings and visits to local management and the Company's facilities, as arranged and funded by the Company with appropriate emphasis on the roles, functions and duties of the directors. This is in addition to directors' attendance at meetings and review of papers and circulars sent by management. The participation by individual directors in the programme in 2018 is recorded in the table below.

	Reading regulatory updates	Visit/ interview key management

Mr. Kwong Sang LIU	$\sqrt{}$	$\sqrt{}$
Mr. Edwin Kim Ho WONG	$\sqrt{}$	$\sqrt{}$
Mr. William Keith JACOBSEN	$\sqrt{}$	$\sqrt{}$

DIRECTORS' SECURITIES TRANSACTIONS

The Company has adopted the Model Code of conduct regarding directors' securities transactions on terms no less exacting than the required standard of dealings as set out in rules 5.48 to 5.67 to the GEM Listing Rules. The Company, having made specific enquiry of all directors, confirms that its directors have complied with the required standard set out in the Code during the financial year ended 30 November 2018.

REMUNERATION COMMITTEE

The Company established a remuneration committee which is primarily responsible for making recommendations to the Board regarding the Group's policy and structure for remuneration of directors and senior management and determine the specific remuneration packages of all executive directors and senior management of the Company.

The remuneration committee comprises Mr. Kwong Sang Liu, Mr. Edwin Kim Ho Wong and Mr. William Keith Jacobsen, and is chaired by Mr. Kwong Sang Liu.

During the financial year ended 30 November 2018, one meeting of remuneration committee was held with attendance of individual members as set out below to review and consider the specific remuneration packages of the Company's executive directors and senior management.

Attendance

Mr. Kwong Sang LIU	1/1
Mr. Edwin Kim Ho WONG	1/1
Mr. William Keith JACOBSEN	1/1

The details of remuneration payable to directors and senior managements of the Company is set out in Note (15) and (16) to the financial statements.

AUDIT COMMITTEE

Pursuant to the GEM Listing Rules, an audit committee was established on 22 January 2001, comprising three independent non-executive directors, namely Messrs. Kwong Sang Liu, Edwin Kim Ho Wong and William Keith Jacobsen. On 28 September 2004, Mr. Kwong Sang Liu was appointed as independent non-executive director and member of audit committee of the Company. On 29 August 2008, Mr. Edwin Kim Ho Wong was appointed as independent non-executive director and member of audit committee of the Company. Mr. William Keith Jacobsen was appointed as independent non-executive director and member of audit committee of the Company on 10 July 2009. Mr. William Keith Jacobsen is the chairman of the audit committee for the Year.

The written terms of reference which describe the authorities and duties of the audit committee were prepared and adopted with reference to "A Guide for the Formation of an Audit Committee" published by the Hong Kong Institute of Certified Public Accountants. The terms of reference of the audit committee should also require it to review arrangement employees of the Company can use to raise concerns about possible improprieties in financial reporting, internal control or other matters. The audit committee should ensure that proper arrangements are in place for fair and independent investigation of these matters and for appropriate follow-up action and to act as the key representative body for overseeing the Company's relations with the external auditors. The audit committee provides an important link between the board of directors and the Company's auditors in matters coming within the scope of the Group audit. It also reviews the financial reporting process and the adequacy and effectiveness of the Group's internal control system.

During the reporting year 2018, the audit committee held four meetings for the purpose of reviewing the Company's reports and accounts, and providing advice and recommendations to the Board of directors. The minutes of the audit committee meeting are kept by the company secretary.

The Group's results for the year ended 30 November 2018 have been reviewed by the audit committee, which was of the opinion that the preparation of such results complied with the applicable accounting standard.

Attendance

Mr. Kwong Sang LIU	4/4
Mr. Edwin Kim Ho WONG	4/4
Mr. William Keith JACOBSEN	4/4

DIRECTORS' AND AUDITORS' RESPONSIBILITIES FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Board is responsible for presenting a balanced, clear and comprehensible assessment of the Group's performance and prospects. The directors are responsible for the preparation of accounts which give a true and fair view of the state of affairs and of the results and cash flows of the Group on a going concern basis. The Company's accounts are prepared in accordance with all relevant statutory requirements and applicable accounting standards. The directors are responsible for ensuring that appropriate accounting policies are selected and applied consistently and that judgements and estimates made are prudent and reasonable. The directors are also responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Group. The responsibilities of the auditors for the accounts are set out in the Independent Auditors' Report on pages 44 to 49 of this annual report.

AUDITORS' REMUNERATION

For the year ended 30 November 2018, audit services and non-audit services provided to the Company and its subsidiaries by external auditors of the Group amounted to approximately HK\$280,000 and approximately HK\$200,000 respectively.

INTERNAL CONTROL

The Directors are responsible for the internal control of the Group and for reviewing its effectiveness.

The internal control system of the Group comprises of a comprehensive organisational structure and delegation of authorities assigned to individuals based on experience and business need.

Control procedures have been designed to safeguard assets against unauthorised use and disposition; ensure compliance with relevant laws, rules and regulations; ensure proper maintenance of accounting records for provision of reliable financial information used within the business or for publication; and to provide reasonable assurance against material misstatement, loss or fraud.

The overall risk management functions of the Group are under responsibility of management comprising the CEO, chief financial officer and management team. There are established control procedures to identify, assess, control and report to each of the four major types of risks consisting of business and market risk, compliance risk, financial and treasury risk and operational risk.

The Company does not have internal audit department, but the internal control review committee, comprising the executive directors and independent non-executive directors of the Company are responsible to review the effectiveness of the Group's internal control system. In addition, there is regular dialogue with the Group's external auditors so that both are aware of the significant factors which may affect their respective scope of work.

A review of the effectiveness of the Group's system of internal control covering all key controls, including financial, operational and compliance and risk management controls, is conducted annually. For the year ended 30 November 2018, the review based on a framework which assesses the Group's internal control system into payment cycle against control environment, risk management and control and monitoring activities on all major business and operational processes. The examination consisted of enquiry, discussion and validation through observation and inspection (if necessary). The result of the review has been reported to the Board and areas of improvement, if any, have been identified and appropriate measures have been put in place to manage the risks.

COMPANY SECRETARY

The company secretary is an employee of the Company and is appointed by the Board. He supports the chairman, Board and board committees by ensuring good information flow and reports to the Board and assists the Board in functioning effectively and efficiently. The company secretary also advices the Board on governance matters and facilitates the induction and professional development of directors. All directors of the Company may call upon him for advice and assistance at any time in respect to their duties and the effective operation of the Board and board committee.

Mr. Siu Leong Cheung has been the company secretary of the Company since August 2003. He is also the authorised representative and the chief financial officer of the Company. The biographical detail of Mr. Cheung is set out in the section of Directors and Senior Management Profiles on page 18 of this annual report. During the Year, Mr. Cheung undertook not less than 20 hours of relevant professional training.

COMMUNICATION WITH SHAREHOLDERS

In respect of each separate issue at the general meeting held during the year ended 30 November 2018, separate resolution has been proposed by the chairman of that meeting. The chairman of the Board, member of audit committee and external auditor attended the annual general meeting held on 23 March 2018 to answer questions, if any, at the meeting.

SHAREHOLDERS' RIGHTS

Annual report, interim report and quarterly reports offer comprehensive information to the Shareholders on operational and financial performance whereas annual general meetings provide a forum for the Shareholders to exchange views directly with the Board. The general meetings of the Company provide an opportunity for communication between the Shareholders and the Board. The chairman and a member of the audit committee attended the 2018 annual general meeting to answer questions at the meeting.

According to the Bye-laws, any one or more Shareholders holding at the date of deposit of the requisition not less than one-tenth of the paid up capital of the Company carrying the right of voting at general meeting of the Company shall at all times have the right, by written requisition to the Board or the company secretary of the Company, to require an extraordinary general meeting to be called by the Board for the transaction of any business specified in such requisition. The requisition must be lodged with the Company's principal place of business of Hong Kong.

As regards proposing a person for election as a director, please refer to the procedures as set out in the Bye-Laws on the website of the Company at www.hklistco.com and the Stock Exchange.

Shareholders may at any time send their enquiries and concerns to the Board in writing to the company secretary at the Company's office in Hong Kong at 23rd Floor, On Hing Building, No.1 On Hing Terrace, Central, Hong Kong.

DIVIDEND POLICY

Pursuant to code provision E.1.5 of the CG Code and Report, the Company should have a policy on payment of dividends

Under the Companies Act 1981 of Bermuda adopted on 22 January 2001 and amended on 19 November 2018. The Company in general meeting may from time to time declare dividends in any currency to be paid to the Shareholders of the Company but no dividend shall be declared in excess of the amount recommended by the Board. The Company in general meeting may also make a distribution to the Members out of any contributed surplus.

No dividend shall be paid or distribution made out of contributed surplus if to do so would render the Company unable to pay its liabilities as they become due or the realisable value of its assets would thereby become less than its liabilities.

INVESTOR RELATIONS

The Company considers that effective communication with Shareholders is essential for enhancing investor relations and investor understanding of the Group's business performance and strategies. The Company has established a range of communication channels between itself, its Shareholders and investors which including answering questions through the annual general meeting, the publications of annual, interim and quarterly reports, notices, announcements and circulars, the website of the Company at www.hklistco.com and the Stock Exchange. Saved to changes published in the announcements during the year, the Board do not aware of any significant changes in the Company's constitutional documents during the year.

Independent Auditors' Report

31/F, Gloucester Tower The Landmark 11 Pedder Street Central Hong Kong

INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS OF abc MULTIACTIVE LIMITED

(Incorporated in Bermuda with limited liability)

OPINION

We have audited the consolidated financial statements of abc Multiactive Limited (the "Company") and its subsidiaries (collectively referred to as the "Group") set out on pages 50 to 127, which comprise the consolidated statement of financial position as at 30 November 2018, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 30 November 2018, and of its consolidated financial performance and its consolidated cash flows for the year ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

MATERIAL UNCERTAINTY RELATED TO GOING CONCERN

We draw attention to Note 3 in the consolidated financial statements, which indicates that the Group incurred a net loss of approximately HK\$5,049,000 during the year ended 30 November 2018 and, as of that date, the Group's current liabilities exceeded its total assets by approximately HK\$992,000. As stated in Note 3, these events or conditions, along with other matters as set forth in Note 3, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the "Material Uncertainty Related to Going Concern" section, we have determined the matters described below to be the key audit matters to be communicated in our report.

Recognition of contract revenue

Refer to Note 8 to the consolidated financial statements and the accounting policies in Note 3 to the consolidated financial statements.

Key audit matter

We identified recognition of contract revenue as a key audit matter due to significant judgments involved in the management's assessment process.

The contract revenue amounting to approximately HK\$5,354,000 were recorded in the consolidated statement of profit or loss and other comprehensive income for the year ended 30 November 2018.

The recognition of contract revenue and cost of contracts is based on the stage of completion of contracts, provided that the stage of completion of contracts and the estimated mandays of the contracting work can be measured reliably. Stage of completion is established by reference to the proportion that estimated mandays incurred for work performed to date bear to the estimated total mandays.

Recognition of contract revenue and cost of contracts involved the management's estimates and judgements, the actual outcome of the contract in terms of its total revenue and costs may be higher or lower than the estimates and this will affect the revenue and profit recognised.

How our audit addressed the key audit matter

Our procedures in relation to the recognition of contract revenue included:

- Reviewing the project budgets prepared by management and discussing with the project managers of the Group to evaluate the reasonableness of their estimated total mandays and assessing the status of completion of the projects;
- Discussing with the Group's project managers for the status of the projects and identifying any variations, claims and provision on loss making contracts;
- Recalculating the stage of completion based on actual mandays incurred for work performed to date and estimated total mandays; and
- Inspecting signed contracts to identify the total contract amount and terms.

We found that the amount and timing of the revenue recorded were supported by the available evidence.

Independent Auditors' Report

KEY AUDIT MATTERS (CONTINUED)

Convertible bond

Refer to Note 23 to the consolidated financial statements and the accounting policies in Note 3 to the consolidated financial statements.

Key audit matter

During the year ended 30 November 2018, the Company entered into subscription agreement with the immediate holding company of the Group, Maximizer International Limited, in relation to the issue of convertible bond in an aggregate principal amount of approximately HK\$29,700,000. The initial measurement of the liability and equity components of the convertible bond involved the use of valuations performed by an independent professional valuer engaged by the Company (the "Management's Valuer"). As at 30 November 2018, the carrying amount of the liability component of the convertible bond amounted to approximately HK\$12,810,000 which were included within noncurrent liabilities on the consolidated statement of financial position of the Group at 30 November 2018.

We identified the convertible bond as a key audit matter due to the use of judgements and estimation uncertainty in the valuation for separating the liability and equity components of the convertible bond, as well as their materiality in the context of the consolidated financial statements as a whole.

How our audit addressed the key audit matter

Our procedures in relation to management's valuation of the convertible bond included:

- Evaluating management's assessment of the nature of the components of the convertible bond;
- Evaluating the competence, capabilities and objectivity of the Management's Valuer;
- Checking, on a sample basis, the accuracy and reasonableness of the input data provided by management to the Management's Valuer; and
- Engaging an auditors' valuer to assist us to assess the appropriateness of the valuation methodologies and key assumptions used by the Management's Valuer in their valuation of the convertible bond.

We found the key assumptions were supported by the available evidence.

OTHER INFORMATION

The directors are responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditors' report thereon ("Other Information").

Our opinion on the consolidated financial statements does not cover the Other Information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the Other Information and, in doing so, consider whether the Other Information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this Other Information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF DIRECTORS AND THE AUDIT COMMITTEE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The Audit Committee is responsible for overseeing the Group's financial reporting process.

Independent Auditors' Report

AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. We report our opinion solely to you, as a body, in accordance with Section 90 of the Bermuda Companies Act 1981, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Independent Auditors' Report

AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

• Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement director on the audit resulting in this independent auditors' report is Ng Ka Wah.

1. CORPORATE INFORMATION

abc Multiactive Limited (the "Company") was incorporated in Bermuda on 2 March 2000 as an exempted company with limited liability under the Companies Act 1981 of Bermuda (as amended) and its shares are listed on the GEM of The Stock Exchange of Hong Kong Limited (the "Stock Exchange"). The registered office of the Company is located at Clarendon House, 2 Church Street, Hamilton HM11, Bermuda. The principal place of business of the Company is located at 23/F., On Hing Building, No.1 On Hing Terrace, Central, Hong Kong.

The principal activity of the Company is investment holding. The principal activities of its subsidiaries are design and sales of computer software and provision of professional and maintenance services, sales of computer hardware and provision of Fintech resources services. (Note 33)

The consolidated financial statements included the financial statements of the Company and its subsidiaries (collectively referred to as the "Group"). The consolidated financial statements are presented in Hong Kong dollars ("HK\$"), which is the same as the functional currency of the Company. All values are rounded to the nearest thousand ("HK\$'000") except when otherwise indicated.

The directors of the Company consider the Company's ultimate controlling shareholder to be The City Place Trust, a trust incorporated in Bermuda and the Company's immediate holding company to be Maximizer International Limited ("MIL").

2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs")

In the current year, the Group has applied, for the first time, the following new and revised standards, amendments and interpretations ("new and revised HKFRSs") (which included all HKFRSs, Hong Kong Accounting Standards ("HKASs") and interpretations) issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA"), that are relevant to its operations and effective for annual periods beginning on or after 1 December 2017. A summary of the new and revised HKFRSs are set out below:

HKAS 7 (Amendments) Disclosure Initiative

HKAS 12 (Amendments)

Recognition of Deferred Tax Assets for Unrealised Losses

HKFRSs (Amendments)

Annual Improvements to HKFRSs 2014–2016 Cycle

For the year ended 30 November 2018

2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (CONTINUED)

HKAS 7 (Amendments) Disclosure initiative

The Group has applied these amendments for the first time in the current year. The amendments require an entity to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both cash and non-cash changes. In addition, the amendments also require disclosures on changes in financial assets if cash flows from those financial assets were, or future cash flows will be, included in cash flows from financing activities.

Specifically, the amendments require the following to be disclosed: (i) changes from financing cash flows; (ii) changes arising from obtaining or losing control of subsidiaries or other businesses; (iii) the effect of changes in foreign exchange rates; (iv) changes in fair values; and (v) other changes.

A reconciliation between the opening and closing balances of these items is provided in note to the consolidated financial statements. Consistent with the transition provisions of the amendments, the Group has not disclosed comparative information for the prior year. Apart from the additional disclosure in note to the consolidated financial statements, the application of these amendments has had no impact on the Group's consolidated financial statements.

Except as described above, the application of other new and revised HKFRSs in the current year has had no material impact on the Group's financial position and financial performance for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

For the year ended 30 November 2018

2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (CONTINUED)

The Group has not early applied the following new and revised HKFRSs that have been issued but are not yet effective:

- 1 Effective for annual periods beginning on or after 1 January 2018, with earlier application permitted.
- ² Effective for annual periods beginning on or after 1 January 2019, with earlier application permitted.
- Effective for business combination for which the acquisition date is on or after the beginning of the first annual period beginning on or after 1 January 2020.
- Effective for annual periods beginning on or after 1 January 2020.
- ⁵ Effective for annual periods beginning on or after 1 January 2021.
- ⁶ Effective for annual periods beginning on or after a date to be determined. Early adoption is permitted.

For the year ended 30 November 2018

2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (CONTINUED)

HKFRS 9 Financial Instruments

HKFRS 9 introduces new requirements for the classification and measurement of financial assets, financial liabilities, general hedge accounting and impairment requirements for financial assets.

Key requirements of HKFRS 9 that are relevant to the Group are described as follows:

- All recognised financial assets that are within the scope of HKFRS 9 are subsequently measured at amortised cost or fair value. Specifically, debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortised cost at the end of subsequent reporting periods. Debt instruments that are held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets, and that have contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding, are measured at fair value through other comprehensive income. All other debt investments and equity investments are measured at their fair value at the end of subsequent accounting periods. In addition, under HKFRS 9, entities may make an irrecoverable election to present subsequent changes in the fair value of an equity investment (that is not held for trading) in other comprehensive income, with only dividend income generally recognised in profit or loss.
- With regard to the measurement of financial liabilities designated as at fair value through profit or loss, HKFRS 9 requires that the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is presented in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss. Changes in fair value of financial liabilities attributable to changes in the financial liabilities' credit risk are not subsequently reclassified to profit or loss. Previously, under HKAS 39, the entire amount of the change in the fair value of the financial liability designated as fair value through profit or loss was presented in profit or loss.

For the year ended 30 November 2018

2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (CONTINUED)

HKFRS 9 Financial Instruments (continued)

Key requirements of HKFRS 9 that are relevant to the Group are described as follows: (continued)

- In relation to the impairment of financial assets, HKFRS 9 requires an expected credit loss model, as opposed to an incurred credit loss model under HKAS 39. The expected credit loss model requires an entity to account for expected credit losses and changes in those expected credit losses at each reporting date to reflect changes in credit risk since initial recognition. In other words, it is no longer necessary for a credit event to have occurred before credit losses are recognised.
- The new general hedge accounting requirements retain the three types of hedge accounting. However, greater flexibility has been introduced to the types of transactions eligible for hedge accounting, specifically broadening the types of instruments that qualify for hedging instruments and the types of risk components of non-financial items that are eligible for hedge accounting. In addition, the effectiveness test has been overhauled and replaced with the principle of an 'economic relationship'. Retrospective assessment of hedge effectiveness is also no longer required. Enhanced disclosure requirements about an entity's risk management activities have also been introduced.

Based on the Group's financial instruments and risk management policies at 30 November 2018, the directors anticipate the following potential impact on initial application of HKFRS 9:

Classification and measurement:

All financial assets and financial liabilities will continue to be measured on the same bases as are currently measured under HKAS 39.

Impairment

In general, the directors also anticipate that the application of the expected credit loss model of HKFRS 9 will result in earlier provision of credit losses which are not yet incurred in relation to the Group's financial assets measured at amortised costs and other items that subject to the impairment provisions upon application of HKFRS 9 by the Group. However, the directors do not anticipate that the application of the expected credit loss model of HKFRS 9 will have material impact to the opening accumulated losses at 1 December 2018.

HKFRS 15 Revenue from Contracts with Customers

HKFRS 15 was issued which establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. HKFRS 15 will supersede the current revenue recognition guidance including HKAS 18 Revenue, HKAS 11 Construction Contracts and the related interpretations when it becomes effective.

For the year ended 30 November 2018

2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (CONTINUED)

HKFRS 15 Revenue from Contracts with Customers (continued)

The core principle of HKFRS 15 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, the Standard introduces a 5-step approach to revenue recognition:

- Step 1: Identify the contract(s) with a customer.
- Step 2: Identify the performance obligations in the contract.
- Step 3: Determine the transaction price.
- Step 4: Allocate the transaction price to the performance obligations in the contract.
- Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation.

Under HKFRS 15, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when 'control' of the goods or services underlying the particular performance obligation is transferred to the customer. Far more prescriptive guidance has been added in HKFRS 15 to deal with specific scenarios. Furthermore, extensive disclosures are required by HKFRS 15.

The amendments to HKFRS 15 apply prospectively for annual periods beginning on or after 1 December 2018.

For more prescriptive guidance has been added in HKFRS 15 to deal with specific scenarios. Furthermore, extensive disclosures are required by HKFRS 15. In 2016, the HKICPA issued Clarifications to HKFRS 15 in relation to the identification of performance obligations, principal versus agent consideration, as well as licensing application guidance. The criteria in HKFRS 15 for identifying performance obligations differ from the little guidance in HKAS 11, which could result in different conclusions about the separately identifiable components. For example, the Group may currently consider an entire construction contract to be a single component, but under HKFRS 15, it may determine that the contract contains two or more performance obligations that would be accounted for separately. The directors anticipate that the application of HKFRS 15 in the future may have a material impact on the amounts reported as the timing of revenue recognition may be affected and more disclosures relating to revenue is required in the Group's consolidated financial statements. More detailed assessments will be carried out by the Group to estimate the impact of the new rules on the Group's consolidated financial statements.

For the year ended 30 November 2018

2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (CONTINUED)

HKFRS 16 Lease

HKFRS 16 introduces a comprehensive model for the identification of lease arrangements and accounting treatments for both lessors and lessees. HKFRS 16 will supersede HKAS 17 Leases and the related interpretations when it becomes effective.

HKFRS 16 distinguishes lease and service contracts on the basis of whether an identified asset is controlled by a customer. Distinctions of operating leases and finance leases are removed for lessee accounting, and is replaced by a model where a right-of-use asset and a corresponding liability have to be recognised for all lessee by lessees, except for short-term leases of low value assets.

The right-of-use asset is initially measured at cost and subsequently measured at cost (subject to certain exceptions) less accumulated depreciation and impairment losses, adjusted for any remeasurement of the lease liability. The lease liability is initially measured at the present value of the lease payments that are not paid at that date. Subsequently, the lease liability is adjusted for interest and lease payments, as well as the impact of lease modifications, amongst others. For the classification of cash flows, the Group currently presents other operating lease payments as operating cash flows. Under HKFRS 16, lease payments in relation to lease liability will be allocated into a principal and an interest portion which will be presented as financing and financing cash flows respectively.

As disclosed in Note 31 to the consolidated financial statements, at 30 November 2018, the Group had future minimum lease payments under non-cancellable operating leases in aggregate of approximately HK\$4,008,000. Upon adoption of HKFRS 16, certain amounts included therein may need to be recognised as new right-of-use assets and lease liabilities. Further analysis, however, will be needed to determine the amount of new rights of use assets and lease liabilities to be recognised, including, but not limited to, any amounts relating to leases of low-value assets and short term leases, other practical expedients and reliefs chosen, and new leases entered into before the date of adoption.

The Group is in the process of assessing the potential impact of the above new and revised HKFRSs upon initial application but is not yet in a position to state whether the above new and revised HKFRSs will have a significant impact on the Group's financial performance and position.

For the year ended 30 November 2018

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Statement of compliance

The consolidated financial statements have been prepared in accordance with HKFRSs, which is a collective term that includes all applicable individual HKFRSs, Hong Kong Accounting Standards ("HKASs") and Interpretations issued by the HKICPA, and accounting principles generally accepted in Hong Kong. In addition, the consolidated financial statements also comply with the applicable disclosure provisions of the Rules Governing the Listing of Securities on the GEM of the Stock Exchange (the "GEM Listing Rules") and the disclosure requirements of the Hong Kong Companies Ordinance ("CO").

The preparation of consolidated financial statements in conformity with HKFRSs requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in areas where assumptions and estimates are significant to the consolidated financial statements, are discussed in Note 6.

A summary of significant accounting policies followed by the Group in the preparation of the consolidated financial statements is set out below:

Basis of preparation

The consolidated financial statements have been prepared on the historical cost basis at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of HKFRS 2, leasing transactions that are within the scope of HKAS 17, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in HKAS 2 or value in use in HKAS 36.

For the year ended 30 November 2018

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of preparation (continued)

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The Group incurred a net loss of approximately HK\$5,049,000 (2017: approximately HK\$5,828,000) for the year ended 30 November 2018. As at 30 November 2018, the Group's current liabilities exceeded its total assets by approximately HK\$992,000 (2017: approximately HK\$3,002,000). Notwithstanding the above results, the consolidated financial statements have been prepared on a going concern basis, the validity of the going concern basis is dependent upon the success of the Group's future operations, its ability to generate adequate cash flows in order to meet its obligations as and when fall due and its ability to refinance or restructure its borrowings such that the Group can meet its future working capital and financing requirements.

Also, the directors of the Company are of the opinion that the Group will be able to finance its future financing requirements and working capital based on the following considerations:

The immediate holding company, MIL has agreed to provide financial support for the continuing operations of the Company so as to enable it to meet its liabilities as they fall due and carry on its business without a significant curtailment of operations in the twelve months from 30 November 2018.

In view of the above, the directors of the Company are of the opinion that there will be sufficient financial resources available to the Group to enable it to meet its liabilities as and when they fall due and to continue as a going concern. Accordingly, the directors of the Company have prepared the consolidated financial statements on a going concern basis.

For the year ended 30 November 2018

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities (including structured entities) controlled by the Company and its subsidiaries for the year ended 30 November 2018. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Group has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Group considers all relevant facts and circumstances in assessing whether or not the Group's voting rights in an investee are sufficient to give it power, including:

- the size of the Group's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Group, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Group has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Group gains control until the date when the Group ceases to control the subsidiary.

For the year ended 30 November 2018

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of consolidation (continued)

Profit or loss and each item of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Changes in the Group's ownership interests in existing subsidiaries

Changes in the Group's ownership interests in existing subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

When the Group loses control of a subsidiary, a gain or loss is recognised in profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable HKFRSs). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under HKAS 39 Financial Instruments: Recognition and Measurement or, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

For the year ended 30 November 2018

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Business combinations

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. Acquisition-related costs are generally recognised in profit or loss as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their fair value, except that:

- deferred tax assets or liabilities, and assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with HKAS 12 Income Taxes and HKAS 19 Employee Benefits respectively;
- liabilities or equity instruments related to share-based payment arrangements of the acquiree or share-based payment arrangements of the Group entered into to replace share-based payment arrangements of the acquiree are measured in accordance with HKFRS 2 Share-based Payment at the acquisition date; and
- assets (or disposal groups) that are classified as held for sale in accordance with HKFRS 5 Non-current Assets Held for Sale and Discontinued Operations are measured in accordance with that standard.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed. If, after reassessment, the net of the acquisition-date amounts of the identifiable assets acquired and liabilities assumed exceeds the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree and the fair value of the acquirer's previously held interest in the acquiree (if any), the excess is recognised immediately in profit or loss as a bargain purchase gain.

Non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation may be initially measured either at fair value or at the non-controlling interests' proportionate share of the recognised amounts of the acquiree's identifiable net assets. The choice of measurement basis is made on a transaction by-transaction basis. Other types of non-controlling interests are measured at fair value or, when applicable, on the basis specified in another HKFRS.

For the year ended 30 November 2018

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Business combinations (continued)

When the consideration transferred by the Group in a business combination includes assets or liabilities resulting from a contingent consideration arrangement, the contingent consideration is measured at its acquisition-date fair value and included as part of the consideration transferred in a business combination. Changes in the fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively, with the corresponding adjustments against goodwill. Measurement period adjustments are adjustments that arise from additional information obtained during the 'measurement period' (which cannot exceed one year from the acquisition date) about facts and circumstances that existed at the acquisition date.

The subsequent accounting for changes in the fair value of the contingent consideration that do not qualify as measurement period adjustments depends on how the contingent consideration is classified. Contingent consideration that is classified as equity is not remeasured at subsequent reporting dates and its subsequent settlement is accounted for within equity. Contingent consideration that is classified as an asset or a liability is remeasured at subsequent reporting dates in accordance with HKAS 39, or HKAS 37 Provisions, Contingent Liabilities and Contingent Assets, as appropriate, with the corresponding gain or loss being recognised in profit or loss.

When a business combination is achieved in stages, the Group's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date (i.e. the date when the Group obtains control) and the resulting gain or loss, if any, is recognised in profit or loss. Amounts arising from interests in the acquire prior to the acquisition date that have previously been recognised in other comprehensive income are reclassified to profit or loss where such treatment would be appropriate if that interest were disposed of.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted during the measurement period (see above), and additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognised at that date.

For the year ended 30 November 2018

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsidiaries

Subsidiaries are all entities (including special purpose entities) over which the Company, directly or indirectly, has the power to govern the financial and operating policies generally accompanying a shareholding of more than one half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group controls another entity.

The purchase method of accounting is used to account for the acquisition of subsidiaries by the Group. The cost of an acquisition is measured at the fair value of the assets given, equity instruments issued and liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the acquisition. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date, irrespective of the extent of any non-controlling interest. The excess of the cost of acquisition over the fair value of the Group's share of the identifiable net assets acquired is recorded as goodwill. If the cost of acquisition is less than the fair value of the net assets of the subsidiary acquired, the difference is recognised directly in the consolidated statement of profit or loss and other comprehensive income.

In the financial statements of the Company, the investments in subsidiaries are stated at cost less provision for impairment losses. The results of subsidiaries are accounted by the Company on the basis of dividend received and receivable.

Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's CGUs (or groups of CGUs) that is expected to benefit from the synergies of the combination.

A CGU to which goodwill has been allocated is tested for impairment annually, or more frequently when there is indication that the unit may be impaired. If the recoverable amount of the CGU is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit on a pro-rata basis based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in profit or loss in the consolidated statement of profit or loss and other comprehensive income. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant CGU, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

For the year ended 30 November 2018

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue recognition

Revenue is measured at the fair value of the consideration received or receivables.

Revenue is provided when it is probable that economic benefits will flow to the Group and when the revenue can be measured reliably, on the following bases:

- (i) Revenue from the sale of computer software licenses and the provision of related services where there are no significant post-delivery obligations is recognised upon the satisfactory completion of installation, which generally coincides with the time when the computer products are delivered to the customers.
- (ii) Rental income of computer software licenses and customised software is recognised at the due date of the rental income.
- (iii) Revenue from the provision of maintenance services is recognised on a straight-line basis over the life of the related agreement.
- (iv) Contract revenue is recognised based on the stage of completion of the contracts, provided that the stage of contract completion and the estimated mandays of the contracting work can be measured reliably. The stage of completion of a contract is established by reference to the proportion that estimated mandays incurred for work performed to date bear to the estimated total mandays.
- (v) Revenue from the sale of computer hardware is recognised on the transfer of risks and rewards ownership, which generally coincides with the time when the goods are delivered to customers and the title has passed.
- (vi) Revenue from the provision of Fintech resources services is recognised upon services rendered.
- (vii) Interest income is recognised on a time proportion basis, taking into account the principal amounts outstanding and interest rates applicable.

For the year ended 30 November 2018

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Construction contracts

When the outcome of a construction contract can be estimated reliably, revenue and costs are recognised by reference to the stage of completion of the contract activity at the end of the reporting period, measured based on the proportion of contract costs incurred for work performed to date relative to the estimated total contract costs, except where this would not be representative of the stage of completion. Variations in contract work, claims and incentive payments are included to the extent that the amount can be measured reliably and its receipt is considered probable.

When the outcome of a construction contract cannot be estimated reliably, contract revenue is recognised to the extent of contract costs incurred that it is probable will be recoverable. Contract costs are recognised as expenses in the period in which they are incurred.

When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately.

When contract costs incurred to date plus recognised profits less recognised losses exceed progress billings, the surplus is shown as amounts due from customers for contract work. For contracts where progress billings exceed contract costs incurred to date plus recognised profits less recognised losses, the surplus is shown as the amounts due to customers for contract work. Amounts received before the related work is performed are included in the consolidated statement of financial position, as a liability, as advances received. Amounts billed for work performed but not yet paid by the customer are included in the consolidated statement of financial position under trade and other receivables.

Software research and development costs

Software research and development costs are expensed as incurred. Costs incurred on development projects relating to the design and testing of new or improved software products are recognised as an intangible asset where the technical feasibility and intention of completing the software product under development has been demonstrated and the resources are available to do so, costs are identifiable and there is an ability to sell or use the asset that will generate probable future economic benefits. Such development costs are recognised as an asset and amortised on a straight-line basis over a period of not more than 5 years to reflect the pattern in which the related economic benefits are recognised. Development costs that do not meet the above criteria are expensed as incurred. Development costs previously recognised as an expense are not recognised as an asset in a subsequent period. During the year, all software research and development costs have been expensed.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

The Group as lessee

Assets held under finance leases are initially recognised as assets of the Group at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the consolidated statement of financial position as a finance lease obligation.

lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognised immediately in profit or loss, unless they are directly attributable to qualifying assets, in which case they are capitalised in accordance with the Group's general policy on borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

Operating lease payments are recognised as an expense on a straight-line basis over the lease term, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.

In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight-line basis, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

Foreign currencies

In preparing the financial statements of each individual group entity, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of the reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

For the year ended 30 November 2018

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Foreign currencies (continued)

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise except for:

- exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings;
- exchange differences on transactions entered into in order to hedge certain foreign currency risks; and
- exchange differences on monetary items receivable from or payable to a foreign operation for which settlement is neither planned nor likely to occur (therefore forming part of the net investment in the foreign operation), which are recognised initially in other comprehensive income and reclassified from equity to profit or loss on repayment of the monetary items.

For the purposes of presenting consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated into the presentation currency of the Group (i.e. Hong Kong dollars) using exchange rates prevailing at the end of each reporting period. Income and expense items are translated at the average exchange rates for the period, unless exchange rates fluctuate significantly during that period, in which case the exchange rates at the dates of the transactions are used. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity under the heading of foreign currency translation reserve (attributed to non-controlling interests as appropriate).

On the disposal of a foreign operation (i.e. a disposal of the Group's entire interest in a foreign operation, or a disposal involving loss of control over a subsidiary that includes a foreign operation, or a partial disposal of an interest in a joint arrangement or an associate that includes a foreign operation of which the retained interest becomes a financial asset), all of the exchange differences accumulated in equity in respect of that operation attributable to the owners of the Company are reclassified to profit or loss.

In addition, in relation to a partial disposal of a subsidiary that includes a foreign operation that does not result in the Group losing control over the subsidiary, the proportionate share of accumulated exchange differences is re-attributed to non-controlling interests and are not recognised in profit or loss. For all other partial disposals (i.e. partial disposals of associates or joint arrangements that do not result in the Group losing significant influence or joint control), the proportionate share of the accumulated exchange differences is reclassified to profit or loss.

Goodwill and fair value adjustments to identifiable assets acquired and liabilities assumed through acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the rate of exchange prevailing at the end of each reporting period. Exchange differences arising are recognised in other comprehensive income.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

Retirement benefits scheme

- (i) Salaries, annual bonuses, paid annual leave, leave passage and the cost to the Group of nonmonetary benefits are accrued in the year in which the associated services are rendered by employees of the Group. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.
- (ii) The Group operates a defined contribution Mandatory Provident Fund retirement benefits scheme (the "MPF Scheme") under the Mandatory Provident Fund Schemes Ordinance for those employees who are eligible to participate in the MPF Scheme. The MPF Scheme has operated since 1 December 2000. Contributions are made based on a percentage of the employees' basic salaries and are charged to the profit or loss as they become payable in accordance with the rules of the MPF Scheme. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund.
- (iii) Termination benefits are recognised when, and only when, the Group demonstrably commits itself to terminate employment or to provide benefits as a result of voluntary redundancy by having a detailed formal plan which is without realistic possibility of withdrawal.

For the year ended 30 November 2018

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'loss before taxation' as reported in the consolidated statement of profit or loss and other comprehensive income because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Taxation (continued)

Deferred tax (continued)

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

For the purposes of measuring deferred tax liabilities or deferred tax assets for investment properties that are measured using the fair value model, the carrying amounts of such properties are presumed to be recovered entirely through sale, unless the presumption is rebutted. The presumption is rebutted when the investment property is depreciable and is held within a business model whose objective is to consume substantially all of the economic benefits embodied in the investment property over time, rather than through sale.

Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Property, plant and equipment

Property, plant and equipment, comprising leasehold improvements, furniture and fixtures and office equipment, are stated in the consolidated statement of financial position at cost, less subsequent accumulated depreciation and subsequent accumulated impairment losses, if any.

Depreciation is recognised so as to write off the cost of each item of property, plant and equipment, less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis. The principal annual rates used for this purpose are 20% to 25%.

For the year ended 30 November 2018

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property, plant and equipment (continued)

Major costs incurred in restoring property, plant and equipment to their normal working condition to allow continued use of the overall asset are capitalised and depreciated over their expected useful lives. Improvements are capitalised and depreciated over their expected useful lives to the Group.

The residual values and useful lives of items of property, plant and equipment are reviewed, and adjusted if appropriate, at the end of reporting period.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Impairment of non-current assets

Non-current assets that have an indefinite useful life are not subject to amortisation, which are at least tested annually for impairment and are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. Non-current assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the non-current assets' carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assess in impairment, non-current assets are grouped at the lowest levels for which there are separately identifiable cash flows (CGUs).

Cash and cash equivalents

Cash equivalents comprise cash at banks and on hand, and short-term, highly liquid investments which are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, and have a short maturity of generally within three months when acquired, less bank overdrafts which are repayable on demand and form an integral part of the Group's cash management.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial instruments

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

Financial assets are classified into loans and receivables. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at fair value through profit or loss.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Loans and receivables (including trade and other receivables and cash and cash equivalents) are measured at amortised cost using the effective interest method, less any impairment.

Interest income is recognised by applying the effective interest rate, except for short-term receivables where the recognition of interest would be immaterial.

For the year ended 30 November 2018

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial instruments (continued)

Financial assets (continued)

Impairment of financial assets

Financial assets are assessed for indicators of impairment at the end of each reporting period. Financial assets are considered to be impaired when there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the investment have been affected.

Objective evidence of impairment could include:

- significant financial difficulty of the issuer or counterparty; or
- breach of contract, such as a default or delinquency in interest or principal payments; or
- it becoming probable that the borrower will enter bankruptcy or financial re-organisation; or
- the disappearance of an active market for that financial asset because of financial difficulties.

For loan and receivables, assets that are assessed not to be impaired individually are subsequently assessed for impairment on a collective basis. Objective evidence of impairment for a portfolio of receivables could include the Group's past experience of collecting payments, as well as observable changes in national or local economic conditions that correlate with default on receivables.

For financial assets carried at amortised cost, the amount of the impairment loss recognised is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate.

For financial assets carried at cost, the amount of the impairment loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the current market rate of return for a similar financial asset. Such impairment loss will not be reversed in subsequent periods.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial instruments (continued)

Financial assets (continued)

Impairment of financial assets (continued)

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade receivables, where the carrying amount is reduced through the use of an allowance account. When a trade receivable is considered uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against the allowance account. Changes in the carrying amount of the allowance account are recognised in profit or loss.

For financial assets measured at amortised cost, if, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent that the carrying amount of the investment at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by a group entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of direct issue costs.

Other financial liabilities

Other financial liabilities (including promissory notes and interest payables to the related companies, convertible bond, other payables and accruals and amount due to a related company) are subsequently measured at amortised cost using the effective interest method.

For the year ended 30 November 2018

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial instruments (continued)

Financial liabilities and equity instruments (continued)

Convertible bond

Convertible bond that can be converted into equity share capital at the option of the holder, where the number of shares that would be issued on conversion and the value of the consideration that would be received at that time do not vary, are accounted for as compound financial instruments which contain both a liability component and an equity component.

At initial recognition the liability component of the convertible bond is measured as the present value of the future interest and principal payments, discounted at the market rate of interest applicable at the time of initial recognition to similar liabilities that do not have a conversion option. Any excess of proceeds over the amount initially recognised as the liability component is recognised as the equity component. Transaction costs that relate to the issue of a compound financial instrument are allocated to the liability and equity components in proportion to the allocation of proceeds.

The liability component is subsequently carried at amortised cost. The interest expense recognised in profit or loss on the liability component is calculated using the effective interest method. The equity component is recognised in the convertible bond reserves until either the bond is converted or redeemed.

If the convertible bond is converted, the convertible bond reserve, together with the carrying amount of the liability component at the time of conversion, is transferred to share capital and share premium as consideration for the shares issued. If the convertible bond is redeemed, the convertible bond reserves are released directly to retained profits.

When the convertible bond is extinguished before maturity through an early redemption or repurchase where the original conversion privileges are unchanged, the consideration paid and any transaction costs for the redemption or repurchase are allocated to the liability component and equity component using the same allocation basis as when the convertible bond was originally issued. Once the allocation of consideration and transaction costs is made, any resulting gain or loss relating to the liability component is recognised in profit or loss and the amount of consideration relating to equity component is recognised in equity.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Y-V

Interest expense is recognised on an effective interest basis.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial instruments (continued)

Derecognition

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group continues to recognise the asset to the extent of its continuing involvement and recognises an associated liability. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss.

On derecognition of a financial asset other than in its entirety, the Group allocates the previous carrying amount of the financial asset between the part it continues to recognise, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

Deferred revenue

Deferred revenue represents the proportion of revenue which relates to the unexpired period of the maintenance service agreements as at the end of the reporting period.

For the year ended 30 November 2018

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (where the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Contingent liabilities and contingent assets

A contingent liability is a possible obligation that arises from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. It can also be a present obligation arising from past events that is not recognised because it is not probable that outflow of economic resources will be required or the amount of obligation cannot be measured reliably. A contingent liability is not recognised but is disclosed. When a change in the probability of an outflow occurs so that outflow is probable, they will then be recognised as a provision.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. A contingent asset is not recognised but is disclosed when an inflow of economic benefits is probable. When inflow is virtually certain, an asset is recognised.

For the year ended 30 November 2018

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Related parties transactions

A party is considered to be related to the Group if:

- (a) A person or a close member of that person's family, is related to the Group, if that person:
 - (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of the key management personnel of the Group or the Group's parent.
- (b) An entity is related to the Group if any of the following conditions applies:
 - (i) the entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (ii) one entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - (iii) the entity and the Group are joint ventures of the same third party.
 - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group. If the reporting entity is itself such a plan, the sponsoring employers are also related to the Group.
 - (vi) the entity is controlled or jointly controlled by a person identified in (a).
 - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
 - (viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the parent of the Group.

For the year ended 30 November 2018

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Related parties transactions (continued)

Close family members of an individual are those family members who may be expected to influence, or be influence by, that person in their dealings with the entity and include:

- (a) that person's children and spouse or domestic partner;
- (b) children of that person's spouse or domestic partner; and
- (c) dependants of the person or that person's spouse or domestic partner.

A transaction is considered to be a related party transaction when there is a transfer of resources or obligations between the Group and a related party, regardless of whether a price is charged.

4. FINANCIAL INSTRUMENTS

(a) Categories of financial instruments

	2018	2017
	HK\$'000	HK\$'000
Financial assets		
Loans and receivables (including cash and cash equivalents)	3,883	1,976
Financial liabilities		
Amortised cost	17,433	48,869

4. FINANCIAL INSTRUMENTS (CONTINUED)

(b) Financial risk management objectives and policies

The main risks arising from the Group's financial instruments are market risk (including interest rate risk and foreign exchange risk), credit risk and liquidity risk. The board of directors reviews and agrees policies for managing each of these risks and they are summarised below.

Market risk

The Group's activities expose it primarily to the financial risks of changes in interest rates and foreign currency exchange rates.

Market risk exposures are measured by sensitivity analysis.

There has been no change to the Group's exposure to market risk or the manner in which it manages and measures the risk.

Cash flow interest rate risk management

The Group has variable-rate borrowings including promissory notes and interest payables to the related companies, and is therefore exposed to cash flow interest rate risk (see Note 22 for details). The Group currently does not have an interest rate hedging policy. However, the management monitors interest rate exposure and will consider hedging significant interest rate exposure should the need arise.

The Group's cash flow interest rate risk is mainly concentrated on the fluctuation of Hong Kong prime rate.

The followings demonstrate the sensitivity to a reasonable possible change in interest rates with all other variable held constant, of the Group's loss before taxation.

If the floating rates had been 50 basis points higher/lower, the Group's:

 Loss before taxation for the year ended 30 November 2017 would increase/decrease by approximately HK\$152,000. This is mainly attributable to the Group's exposure to interest rates on its variable rate borrowings.

For the year ended 30 November 2018

4. FINANCIAL INSTRUMENTS (CONTINUED)

(b) Financial risk management objectives and policies (continued)

Market risk (continued)

Foreign currency risk management

The Group operates mainly in Hong Kong, primarily with respect to the HK\$ and Renminbi ("RMB"). The Group is exposed to foreign currency risk arising from translating the intercompany balance with its foreign subsidiaries and promissory notes and interest payables to the related companies, which are denominated in Canadian dollars ("CAD") other than the functional currency of the Group. The Group currently does not have a foreign currency hedging policy. However, the management monitors foreign exchange exposure and will consider hedging significant foreign currency exposure should the need arise.

The carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities at the reporting date are as follows:

	2018 HK\$′000	201 <i>7</i> HK\$'000
Assets:		
CAD	8	9
RMB		4
Liabilities:		
CAD	228	235

Sensitivity analysis on foreign currency risk management

The following table details the Group's sensitivity to a 5% increase and decrease in the HK\$ against the relevant foreign currencies. 5% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes outstanding foreign currency denominated monetary items, and adjusts their translation at the year end for a 5% change in foreign currency rates. The sensitivity analysis includes external loans as well as loans to foreign operations within the Group where the denomination of the loan is in a currency other than the currency of the lender or the borrower. A negative number below indicates a decrease in profit where the HK\$ weaken 5% against the relevant currency. For a 5% strengthening of the HK\$ against the relevant currency, there would be an equal and opposite impact on the profit, and the balances below would be positive.

4. FINANCIAL INSTRUMENTS (CONTINUED)

(b) Financial risk management objectives and policies (continued)

Market risk (continued)

Sensitivity analysis on foreign currency risk management (continued)

	2018 HK\$′000	201 <i>7</i> HK\$'000
Impact of CAD Profit or loss*	(11)	(11)
Impact of RMB Profit or loss**	<u>-</u>	

^{*} This is mainly attributable to the exposure outstanding on bank balances, promissory notes payable and amount due to a related company denominated in CAD.

Credit risk

As at 30 November 2018 and 2017, the Group's maximum exposure to credit risk which will cause a financial loss to the Group due to failure to discharge an obligation by the counterparties is arising from the carrying amount of the respective recognised financial assets as stated in the consolidated statement of financial position.

In order to minimise the credit risk, the management of the Group has delegated a team responsible for determination of credit limits, credit approvals and other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. The Group has set the policies in place to ensure that transactions are made to customers with an appropriate credit history and the Group performs period credit evaluations of its customers. In addition, the Group reviews the recoverable amount of each individual trade debt and debt investments at each reporting date to ensure that adequate impairment losses are made for irrecoverable amounts. In this regard, the directors of the Company consider that the Group's credit risk is significantly reduced.

The credit risk on liquid funds is limited because the counterparties are banks and brokerage firms with high credit ratings assigned by international credit-rating agencies.

^{**} This is mainly attributable to the exposure outstanding on bank balances and other receivables denominated in RMB.

For the year ended 30 November 2018

4. FINANCIAL INSTRUMENTS (CONTINUED)

(b) Financial risk management objectives and policies (continued)

Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and cash equivalents in order to fulfil the Group's financial liabilities. The Group's liquidity risk management includes diversifying the funding sources. Internally generated cash flow and advances from related party and its ultimate shareholder are the general source of funds to finance the operation of the Group. The Group regularly reviews its major funding positions to ensure that it has adequate financial resources in meeting its financial obligations.

The Group has laid down an appropriate liquidity risk management framework for the management of the short, medium and long-term funding and liquidity management requirements, which is reviewed regularly by the directors of the Company. The Group manages liquidity risk by maintaining adequate reserves, by continuously monitoring forecast and actual cash flows and maintains a conservative level of long-term funding to finance its short-term financial assets.

The following tables detail the Group's remaining contractual maturity for its financial liabilities which are included in the maturity analysis provided internally to the key management personnel for the purpose of managing liquidity risk. For non-derivative financial liabilities, the table reflects the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay. The tables include both interest and principal cash flows.

			As at 30 Nove	mber 2018		
	Weighted average effective interest rate %	On demand or within 1 year HK\$'000	2 to 5 years HK\$′000	Over 5 years HK\$'000	Total undiscounted cash flows HK\$′000	Total carrying amount HK\$′000

		3,169	50,487	_	53,656	48,869

(c) Fair value estimation

The fair value of financial assets and financial liabilities are determined as follows:

- (i) the fair value of financial assets and financial liabilities with standard terms and conditions and traded in active markets are determined with reference to quoted market bid prices and ask prices respectively; and
- (ii) the fair value of other financial assets and financial liabilities are determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices or rates from observable current market transactions as input.

For the year ended 30 November 2018

4. FINANCIAL INSTRUMENTS (CONTINUED)

(c) Fair value estimation (continued)

The directors of the Company consider that the carrying amounts of financial assets and financial liabilities recorded in the consolidated financial statements approximate their fair values, except for the promissory notes and interest payables to the related companies and convertible bond. The following table gives information about the fair values of these financial liabilities are disclosed:

	Fair valu	je as at		
Financial liabilities	2018	2017	Fair value hierarchy	Valuation techniques and key inputs
Promissory notes and interest payable to the related	In Hong Kong	In Hong Kong HK\$45,022,000	Level 2	Discounted cash flow.
companies				Discounted cash flows are estimated based on present value of contractually determined stream of future cash flows discounted at discount rate of approximately 9.57% in 2017.
Convertible bond	In Hong Kong	_	Level 3	Discounted cash flow.
	HK\$13,089,000	_		
				Discount cash flow are estimated based on present value of contractually determined stream of future cash flows discounted at discount rate of approximately 17.89% in 2018.

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable:

- 1. Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities:
- 2. Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- 3. Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

No analysis is disclosed since the Group has no financial instruments that are measured subsequent to initial recognition at fair value at the end of the reporting period.

There were no transfers between Levels 1, 2 and 3 in both years.

For the year ended 30 November 2018

5. CAPITAL RISK MANAGEMENT

The Group manages its capital to ensure that its subsidiaries will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged.

The capital structure of the Group consists of debts (which includes promissory notes, interest payables to the related companies and convertible bond), and equity attributable to owners of the Company, comprising issued share capital, reserves and accumulated losses.

The directors of the Company review the capital structure annually. As part of this review, the directors of the Company assess the annual budget prepared by management of the Company. Based on the proposed annual budget, the directors of the Company consider the cost of capital and the risk associated with each class of capital. The directors of the Company also balance its overall capital structure through the issue of new promissory note payable to its related companies. The gearing ratio is expressed by as a percentage of borrowings and long term debts over total assets.

	2018 HK\$′000	201 <i>7</i> HK\$'000
		Τ Π (Φ Ο Ο Ο
Total debts	12,810	45,700
Total assets	5,529	3,781
Gearing ratio	2.32	12.09

6. SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgment are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical accounting estimates and assumptions

The Group makes estimates and assumptions concerning the future. The estimates and assumptions that have a significant risk in causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

For the year ended 30 November 2018

6. SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS (CONTINUED)

Critical accounting estimates and assumptions (continued)

Income tax

The Group is subject to income taxes in Hong Kong and the PRC. Significant judgment is required in determining the provision for income taxes. There are many transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities for anticipated tax audit issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

Impairment of property, plant and equipment

In accordance with HKAS 16, the Group estimates the useful lives of property, plant and equipment in order to determine the amount of depreciation expenses to be recorded. The useful lives are estimated at the time the asset is acquired based on historical experience, the expected usage, wear and tear of the assets, as well as technical obsolescence arising from changes in the market demands or service output of the assets. The Group also performs annual reviews on whether the assumptions made on useful lives continue to be valid. The Group tests annually whether the assets have suffered any impairment. The recoverable amount of an asset or a CGU is determined based on value-in-use calculations which require the use of assumptions and estimates.

Impairment of trade receivables

The aging profile of trade receivables is reviewed on a regular basis to ensure that the trade receivables balances are collectible and follow up actions are promptly carried out if the agreed credit periods have been exceeded. However, from time to time, the Group may experience delays in collection. Where recoverability of trade receivables balances is called into doubts, specific provisions for trade receivables are made based on credit status of the customers, the aged analysis of the trade receivables balances and write-off history. Certain receivables may be initially identified as collectible, yet subsequently become uncollectible and result in a subsequent write-off of the related receivables to profit or loss. Changes in the collectability of trade receivables for which provision are not made could affect the results of operations.

6. SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS (CONTINUED)

Critical accounting estimates and assumptions (continued)

Development of customised software

Revenue from development of customised software is recognised in the profit or loss by reference to the stage of completion method which requires estimation made by the management. The management estimates the contract costs, outcome and expected cost to complete the contracts based on the budgets prepared for the contracts. Because of the nature of the activities, management reviews and revises the estimates of both contract outcome and expected costs to complete in the budget prepare for each contract as the contract progress. Any revisions to estimates of contract outcomes and expected costs completion would affect contract revenue recognition. Should expected costs to complete exceed contract revenue, a provision for contract loss would be recognised.

7. SEGMENT INFORMATION

The chief operating decision maker regularly reviews the nature of their operations and the products and services. Each of the Group's business segments represents a strategic business unit that offers products and services which are subject to risks and returns that are different from those of the other business segments.

In previous financial years, the Group had two business segments namely financial solutions ("Financial Solutions") and customer relationship management solutions ("CRM Solutions"). The CRM Solutions segment had ceased operations since 2015, hence no segment results in respect of this segment is presented.

For the year ended 30 November 2018, the Group commenced operations in its Fintech resources segment ("Fintech Resources") due to the reason that the Group has stepped up to provide Fintech Resources services in order to grab the business opportunity by leveraging on the knowledge and experience of the Group's IT professionals in financial industry and the need of IT professionals in view of the rapid development of Fintech industry in recent years. The Fintech Resources segment mainly includes services of IT professional secondment and Fintech professional recruitment services to the customers. The Fintech Resources segment not only allows the Group to diversify and step into other services areas besides its own products and services, it also enables the Group to maximize the productivity of its existing IT professionals and create synergy effects.

For the year ended 30 November 2018

7. SEGMENT INFORMATION (CONTINUED)

Segment revenue and results

The following is an analysis of the Group's revenue and results by reportable segment:

	Financial S	Solutions	Fintech Ro	esources	Total	al
	2018	2017	2018	2017	2018	2017
	HK\$'000	HK\$'000	HK\$'000	HK\$'000	HK\$'000	HK\$'000
Turnover	14,251	14,704	912		15,163	14,704
Segment results	6,849	4,813	420		7,269	4,813
Loss on disposal of property,						
plant and equipment	(3)	_	_	_	(3)	_
Reversal of impairment loss on trade						
receivables	_	12	_	_	_	12
Written off of receipt in advance	_	838	_	_	-	838
Bank interest income					1	_
Sundry income					25	_
Loss on de-registration of						
a subsidiary					(32)	(228)
Net exchange gain					7	26
Central administration costs					(9,548)	(8,257)
Finance costs					(2,775)	(3,032)
Loss before taxation					(5,056)	(5,828)
Income tax credit						
Loss for the year					(5,049)	(5,828)

Revenue reported above represents revenue generated from external customers. There were no inter-segment sales during the year (2017: Nil).

Segment results represent the profit earned by each segment without allocation of loss on disposal of property, plant and equipment, reversal of impairment loss on trade receivables, written off of receipt in advance, bank interest income, sundry income, loss on de-registration of a subsidiary, net exchange gain, central administration costs, finance costs and income tax credit. This is the measure reported to the chief operating decision maker for the purposes of resource allocation and assessment of segment performance.

For the year ended 30 November 2018

Geographical segment

The Group's revenue is generated in Hong Kong and all of the Group's non-current assets are located in Hong Kong. Accordingly, no geographical segment information is presented.

Information about major customers

Included in revenue arising from provision of Financial Solutions and Fintech Resources of approximately HK\$15,163,000 (2017: approximately HK\$14,704,000) are revenue of approximately HK\$5,216,000 (2017: approximately HK\$5,088,000) which arose from services provided to the Group's major customers.

Revenue from customers of the corresponding years over 10% of the total revenue of the Group are as follows:

	2018	2017
	HK\$′000	HK\$'000
Customer A	2,916	1,926
Customer B	2,300	1,662
Customer C (Note)	<u></u>	1,500

Note:

The corresponding revenue did not contribute over 10% of the total revenue of the Group in 2018.

For the year ended 30 November 2018

8. TURNOVER

The Group is principally engaged in the design and sales of computer software licenses, software rental and provision of related services; provision of maintenance services; sales of computer hardware and provision of Fintech Resources services. All significant intra-group transactions have been eliminated on consolidation.

An analysis of the Group's turnover for the year is as follows:

	2018 HK\$′000	201 <i>7</i> HK\$'000
Turnover:		
Sales of computer software licences, software rental and		
provision of related services	1,660	2,691

	2,775	3,032
2. INCOME TAX CREDIT		
	2018 HK\$′000	201 <i>7</i> HK\$′000
Deferred tax		

No provision for Hong Kong profits tax has been made as the Group had no estimated assessable profits for the years ended 30 November 2018 and 2017.

No provision for the PRC income taxes has been made during the year as the subsidiary operated in the PRC had no assessable profits for the year (2017: Nil).

The Group has tax losses arising in Hong Kong of approximately HK\$67,066,000 (2017: approximately to HK\$68,572,000) that are available indefinitely for offsetting against future taxable profits of the companies in which the losses arose. Deferred tax assets have not been recognised due to the unpredictability of the future profit streams.

No income tax was recognised in other comprehensive income during the year (2017: Nil).

For the year ended 30 November 2018

12. INCOME TAX CREDIT (CONTINUED)

The tax charge for the year can be reconciled to the loss before taxation per the consolidated statement of profit or loss and other comprehensive income as follows:

2018

	Hong Kong The PRC		Hong Kong The PRC To		Total	Total	
	HK\$'000	%	HK\$'000	%	HK\$'000	%	
Loss before taxation	(5,055)		(1)		(5,056)		
Tax at the applicable tax rate in the respective jurisdictions	(834)	16.5	-	25.0	(834)	16.5	
Estimated tax effect of income and expenses not taxable or deductible for tax purposes	470	(9.3)	-	-	470	(9.3)	
Estimated tax effect of unrecognised temporary differences	39	(0.8)	_	_	39	(0.8)	
Utilisation of tax losses	(31)	0.6	-	-	(31)	0.6	
Estimated tax effect of unrecognised tax losses	363	(7.2)		(25.0)	363	(7.2)	
Tax credit at the effective tax rate for the year	7	(0.2)	_	_	7	(0.2)	

For the year ended 30 November 2018

12. INCOME TAX CREDIT (CONTINUED)

The tax charge for the year can be reconciled to the loss before taxation per the consolidated statement of profit or loss and other comprehensive income as follows: (continued)

2017

	Hong Kong		The PRC		Total	
	HK\$'000	%	HK\$'000	%	HK\$'000	%
Loss before taxation	(5,826)		(2)	:	(5,828)	
Tax at the applicable tax rate in the respective jurisdictions	(961)	16.5	(1)	25.0	(962)	16.5
Estimated tax effect of income and expenses not taxable or deductible for tax purposes	537	(9.2)	-	_	537	(9.2)
Estimated tax effect of unrecognised temporary differences	20	(0.3)	-	_	20	(0.3)
Estimated tax effect of unrecognised tax losses	404	(7.0)	1	(25.0)	405	(7.0)
Tax charge at the effective tax rate for the year		_				_

For the year ended 30 November 2018

13. LOSS PER SHARE

The calculation of the basic loss per share attributable to the owners of the Company is based on the following data:

	2018 HK\$′000	201 <i>7</i> HK\$'000
Loss		
Loss for the purpose of basic loss per share (loss for the year		
attributable to owners of the Company)	(5,049)	(5,828)
	2018	2017
Number of shares		
Weighted average number of shares for the purpose		
of basic loss per share	301,108,062	282,070,671

The calculation of loss per share is based on the loss attributable to owners of the Company for the year of approximately HK\$5,049,000 (2017: approximately HK\$5,828,000) and the weighted average number of 301,108,062 shares (2017: 282,070,671 shares).

The calculation of diluted loss per share did not assume the exercise of the convertible bond and convertible preference shares that existed at 30 November 2018 as the assumed exercise of the convertible bond and convertible preference shares would reduce loss per share, therefore anti-dilutive.

Diluted loss per share for the year ended 30 November 2017 was the same as the basic loss per share as there were no potential ordinary shares outstanding during the year.

14. DIVIDENDS

The directors of the Company do not recommend the payment of any dividend in respect of the year ended 30 November 2018 (2017: Nil).

For the year ended 30 November 2018

15. DIRECTORS' AND CHIEF EXECUTIVE'S REMUNERATIONS

The remunerations, pension and compensation arrangements paid/payable to the directors and the chief executive officer for their services on the Company were as follows:

Name of director	Director's fee	Salaries and allowances	Contribution to pension scheme	Total
	HK\$'000	HK\$'000	HK\$'000	HK\$'000
2018:				
Executive Directors

Independent Non-executive Directors				
Mr. Kwong Sang Liu	20	-	-	20
Mr. Edwin Kim Ho Wong	20	-	-	20
Mr. William Keith Jacobsen	20	-	-	20
Chief Executive Officer				
Mr. Samson Chi Yang Hui		936	17	953
	60	936	17	1,013

For the year ended 30 November 2018

15. DIRECTORS' AND CHIEF EXECUTIVE'S REMUNERATIONS (CONTINUED)

The remunerations, pension and compensation arrangements paid/payable to the directors and the chief executive officer for their services on the Company were as follows: (continued)

Name of director	Director's fee HK\$'000	Salaries and allowances HK\$'000	Contribution to pension scheme HK\$'000	Total HK\$'000
2017:				
Executive Directors				
Mr. Joseph Chi Ho Hui (Chairman)	_	_	_	_
Ms. Clara Hiu Ling Lam	_	_	_	_
Independent Non-executive Directors				
Mr. Kwong Sang Liu	20	_	_	20
Mr. Edwin Kim Ho Wong	20	_	_	20
Mr. William Keith Jacobsen	20	_	-	20
Chief Executive Officer				
Mr. Samson Chi Yang Hui		936	18	954
	60	936	18	1,014

The remuneration of the directors of the Company are within the following band:

	Number of inc	Number of individuals		
	2018 20			
Nil to HK\$1,000,000	3	3		

Included in the directors' and chief executive officer's remunerations were fees of HK\$60,000 (2017: HK\$60,000) paid to independent non-executive directors, and remuneration and pension of HK\$953,000 (2017: HK\$954,000) paid to chief executive officer. No fees were paid to executive directors and non-executive directors for the years ended 30 November 2018 and 2017.

During the year, no bonus was paid to the directors and chief executive officer (2017: Nil). No directors and chief executive officer waived or agreed to waive any remuneration during the year (2017: Nil). In addition, no emoluments were paid by the Group to the directors and chief executive officer as an inducement to join, or upon joining the Group, or as compensation for loss of office (2017: Nil).

For the year ended 30 November 2018

16. SENIOR MANAGEMENT'S EMOLUMENTS AND INDIVIDUALS WITH HIGHEST EMOLUMENTS

(a) Five highest paid individuals

Of the five individuals with the highest emoluments in the Group, no director of the Company whose emoluments are included in the five highest paid individuals in the Group for the year (2017: Nil). The emoluments of the five (2017: five) individuals were as follows:

2018	2017
HK\$'000	HK\$'000
4,526	4,732
91	90
4,617	4,822
	HK\$'000 4,526 91

The emoluments of the five (2017: five) individuals with the highest emoluments are within the following band:

	Number of individuals		
	2018	2017	
Nil to HK\$1,000,000	4	4	
HK\$1,000,001 to HK\$1,500,000	1	1	

(b) Senior management of the Company

The emoluments of the senior management of the Company are within the following band:

	Number of individuals		
	2018 201		
Nil to HK\$1,000,000	2	2	

During the year, no bonus was paid to the five highest paid individuals of the Group (2017: Nil). No emoluments were paid by the Group to any of the five highest paid individuals as an inducement to join, or upon joining the Group, or as a compensation for loss of office (2017: Nil).

For the year ended 30 November 2018

17. EMPLOYEE BENEFITS

Retirement Benefit Scheme

The Group operates a Mandatory Provident Fund Scheme (the "MPF scheme") under the Hong Kong Mandatory Provident Fund Schemes Ordinance for employees employed under the jurisdiction of the Hong Kong Employment Ordinance. The MPF scheme is a defined contribution retirement plan administered by independent trustees. Under the MPF scheme, the employer and its employees are each required to make contributions to the plan at 5% of the employees' relevant income, subject to a cap of monthly relevant income of HK\$30,000. Contributions to the plan vest immediately.

18. PROPERTY, PLANT AND EQUIPMENT

19. TRADE AND OTHER RECEIVABLES

	2018 HK\$′000	201 <i>7</i> HK\$'000
Trade receivables	1,047	316
Prepayment, deposits and other receivables	1,288	1,244
	2,335	1,560
The analysis of trade receivables was as follows:		
	2018	2017
	HK\$′000	HK\$'000
Trade receivables	1,047	332
Less: Impairment loss recognised in respect of trade receivables	_ _	(16)
	1,047	316

The Group maintains a defined credit policy to assess the credit quality of each counterparty. The collection is closely monitored to minimise any credit risk associated with these trade receivables. The Group's trading terms with its customers are mainly based on product delivery and user acceptance. The Group allows a credit period range from 0 to 30 days to its contract customers.

The following is an aged analysis of the trade receivables (based on invoices date), net of provision of impairment loss:

	2018	2017
	HK\$′000	HK\$'000
Current	166	201
31–60 days	6	6
61–90 days	-	20
Over 90 days	875	89
	1,047	316
		0.10

For the year ended 30 November 2018

19. TRADE AND OTHER RECEIVABLES (CONTINUED)

The following is an aged analysis of the trade receivables which are past due but not impaired:

	2018 HK\$′000	201 <i>7</i> HK\$'000
31–60 days	6	6
61–90 days	-	20
Over 90 days	875	89
	881	115

For the past due but not impaired trade receivables, although no collateral is held, the Group has assessed the credit worthiness, past payment history and substantial settlement after the reporting date, and considers that the amounts are still recoverable and no further credit provision is required in excess of allowance for doubtful debts. The Group seeks to maintain strict control over its outstanding trade receivables. Overdue balances are reviewed regularly by the management.

The movements in provision for impairment loss on trade receivables are as follows:

	2018	2017
	HK\$'000	HK\$'000
As at 1 December	16	53
Reversal of impairment loss on trade receivables (Note 9)	-	(12)
Amount written off as uncollectible	(16)	(25)
As at 30 November		16

No provision for impairment loss recognised in respect of trade receivables for the year ended 30 November 2018 (2017: Nil). The individually impaired receivables related to customers that were in financial difficulties and the directors assessed that the amounts are not expected to be recovered.

As at 30 November 2018, there are three (2017: five) customers who represent more than 10% of the total net balance of trade receivables and amounted to approximately HK\$1,019,000 (2017: approximately HK\$296,000).

For the year ended 30 November 2018

19. TRADE AND OTHER RECEIVABLES (CONTINUED)

The movements in provision for impairment loss in respect of prepayment, deposits and other receivables are as follows:

	2018 HK\$′000	201 <i>7</i> HK\$'000
	1111.5 000	11104 000
Prepayment, deposits and other receivables Less: Impairment loss recognised in respect of prepayment,	1,698	1,654
deposits and other receivables	(410)	(410)
As at 30 November	1,288	1,244

The directors had assessed the recoverability of prepayment, deposits and other receivables for the year ended 30 November 2018 and considered no further provision for impairment in respect of prepayment, deposits and other receivables is required (2017: Nil).

The maximum exposure to credit risk at the reporting date is the carrying value of each class of receivable mentioned above. The Group does not hold any collateral as security.

20. CASH AND CASH EQUIVALENTS

The Group does not hold cash and cash equivalents denominated in RMB as at 30 November 2018 (2017: approximately HK\$4,000 (approximately to RMB3,000)). RMB is not freely convertible into other currencies, however, under the PRC's Foreign Exchange Control Regulations and Administration of Settlement, Sale and Payment of Foreign Exchange Regulations, the Group is permitted to exchange RMB for other currencies through banks authorised to conduct foreign exchange business.

Bank balances carry interest at market rates which range from 0.001% to 0.5% per annum for both years ended 30 November 2018 and 2017.

For the year ended 30 November 2018

At the end of the year	123,529,400	12,353	_	-

Note:

- (i) On 23 June 2017, the Group completed a rights issue of 60,221,612 rights shares at the subscription price of HK\$0.20 per rights share on the basis of one rights share for every four existing shares held on the record date and the board lot size of the shares for trading on the Stock Exchange had been changed from 2,000 shares to 10,000 shares with effect on 28 June 2017. Accordingly, the issued share capital of the Company has been increased from HK\$24,088,645 to HK\$30,110,806.
- (ii) By an ordinary resolution passed on 19 November 2018, the existing authorised share capital of the Company was re-designated and re-classified as 9,000,000,000 ordinary shares of HK\$0.10 each and 1,000,000,000 convertible preference shares of HK\$0.10 each.
- (iii) On 22 November 2018, the Company allotted and issued 123,529,400 convertible preference shares for the settlement of promissory note (Note 22).

For the year ended 30 November 2018

21. SHARE CAPITAL (CONTINUED)

Convertible preference shares

On 22 November 2018, the Company issued 123,529,400 non-voting convertible preference shares ("CPSs") of HK\$0.17 each with total gross proceeds of HK\$20,999,998 to MIL according to the subscription agreement entered into by the Company on 28 August 2018 as amended and restated on 10 October 2018.

The CPSs holders shall have no right to attend or vote at general meetings of the Company, unless a resolution is proposed to vary the rights attached to the CPSs or a resolution is proposed for the winding up of the Company. Subject to compliance with applicable terms, holders of CPSs shall not entitled to any dividend or distribution except for a return of capital upon liquidation of the Company.

Each of the CPSs, without a maturity date, is convertible into one ordinary share of the Company at no additional consideration. Conversion of CPSs into ordinary shares of the Company, which has no expiry date, can be made at any time after the issuance of the CPSs by serving not less than 15 days' prior written notice to the holders of the CPSs. The Company may at its option at any time during the conversion period redeem the CPSs in whole or in part at the notional value.

Convertible preference shares were equity instruments of the Company and measured at initial recognition at fair value of HK\$0.123 per share based on the quoted price of the Company's ordinary shares as at that date.

22. PROMISSORY NOTES AND INTEREST PAYABLES TO THE RELATED COMPANIES

(i) The Hong Kong Dollar Denominated Promissory Note issued to Wickham Group Limited ("Wickham"), a company owned by a close family member of an executive director of the Company. The promissory note is interest bearing at 5% effective Hong Kong prime rate established by the Hongkong and Shanghai Banking Corporation Limited and had to be repaid on or before 30 June 2017. For the year ended 30 November 2017, interest of approximately HK\$181,000 was charged to consolidated statement of profit or loss and other comprehensive income. (Note 11)

On 30 June 2017, the outstanding principal amount was approximately HK\$4,635,000 and its accrued interest was approximately HK\$1,724,000. A new promissory note with the principal amount of approximately HK\$6,359,000 was issued by the Company in favour of Wickham ("Hong Kong Dollar Denominated Promissory Note to Wickham") which was unsecured, interest bearing at effective Hong Kong prime rate established by the Hongkong and Shanghai Banking Corporation Limited plus 3%, and maturing on 1 March 2019. For the year ended 30 November 2017, interest of approximately HK\$85,000 was charged to consolidated statement of profit or loss and other comprehensive income. (Note 11)

For the year ended 30 November 2018

22. PROMISSORY NOTES AND INTEREST PAYABLES TO THE RELATED COMPANIES (CONTINUED)

(i) (continued)

On 31 August 2017, Wickham had assigned its Hong Kong Dollar Denominated Promissory Note including interest receivable from the Company in the total amount of approximately HK\$6,444,000 to Active Investments Capital Limited ("Active Investments"), which is a related company wholly-owned by the chief executive officer of the Company. The terms and conditions were remained unchanged as previous Hong Kong Dollar Promissory Note with Wickham.

As at 22 August 2018, the Hong Kong Dollar Denominated Promissory Note issued to Active Investments with the aggregate amount of approximately HK\$6,967,000 (included principal amount of approximately HK\$6,444,000 and accrued interest of approximately HK\$523,000). During the year, interest of approximately HK\$392,000 was charged to consolidated statement of profit or loss and other comprehensive income (2017: approximately HK\$131,000). (Note 11).

(ii) In the fiscal year 2017, the two interest bearing Hong Kong Dollar Denominated Promissory Notes in the principal amount of approximately HK\$25,705,000 and HK\$1,000,000 from the Company in favour of Active Investments. The promissory notes are interest bearing respectively at 5% effective Hong Kong prime rate established by the Hongkong and Shanghai Banking Corporation Limited and have to be repaid on or before 30 June 2017.

On 30 June 2017, the Company has fully repaid an interest bearing promissory note in the principal amount of approximately HK\$1,000,000 together with the accrued interests of approximately HK\$53,000 to Active Investments. For the year ended 30 November 2017, interest of approximately HK\$30,000 was charged to consolidated statement of profit or loss and other comprehensive income. (Note 11)

On 30 June 2017, the outstanding principal amount was approximately HK\$25,705,000 and its accrued interest was approximately HK\$12,134,000. A new promissory note with the principal amount of approximately HK\$37,839,000 was issued by the Company in favour of Active Investments ("Hong Kong Dollar Denominated Promissory Note to Active Investments") which was unsecured, interest bearing at effective Hong Kong prime rate established by the Hongkong and Shanghai Banking Corporation Limited plus 3%, and maturing on 1 March 2019. During the year, interest of approximately HK\$2,332,000 was charged to consolidated statement of profit or loss and other comprehensive income. (Note 11)

On 21 August 2018, a new Hong Kong Dollar Denominated Promissory Note issued by the Group in favour of Active Investment in the principal amount of HK\$5,000,000 for the purpose of providing sufficient working capital to cope with the Group's development plan and improving the financial position of the Group. The principal sum shall bear no interest and will be matured on 1 March 2019.

For the year ended 30 November 2018

22. PROMISSORY NOTES AND INTEREST PAYABLES TO THE RELATED COMPANIES (CONTINUED)

(ii) (continued)

On 22 August 2018, Active Investments assigned its three promissory notes dated 30 June 2017, 31 August 2017 and 21 August 2018 including interest accrued of two interest bearing promissory notes and a non-interest bearing promissory note in the total amount of approximately HK\$53,424,000 (being the initial principal sum of approximately HK\$37,839,000, HK\$6,444,000 and HK\$5,000,000. The amount of approximately HK\$3,618,000 and HK\$523,000 equivalent to the amount of interest accrued as at 22 August 2018) to MIL under the same terms and conditions as previous promissory notes with Active Investments.

On 24 August 2018, the letter agreement entered into between the Company and MIL pursuant to which MIL waived the amounts equivalent to the interest accrued from 1 December 2017 onward on two interest bearing promissory notes such that the principal amount on the two interest bearing promissory notes has been reduced accordingly. As a result, the three promissory notes were cancelled and a new non-interest bearing promissory note in the aggregate principal sum of approximately HK\$50,700,000 (being the initial principal sum of approximately HK\$37,839,000, HK\$6,444,000 and HK\$5,000,000 and the amount of approximately HK\$1,286,000 and HK\$131,000 equivalent to the amount of interest accrued as at 30 November 2017) was issued by the Company in favour of MIL and will be matured on 1 March 2019. The interest accrued from 1 December 2017 to 22 August 2018, amounting to approximately HK\$2,724,000, which were waived by MIL at the time when the promissory notes were assigned to MIL, is accounted for in equity of the Group as deemed capital contribution from MIL.

On 28 August 2018, the Company and MIL entered into the subscription agreement to effect that the promissory note in the total amount of approximately HK\$50,700,000 will be set off in full by the issue of the convertible preference shares with total subscription price of approximately HK\$50,700,000. On 20 September 2018, the Company updated announcement and announces on 10 October 2018, MIL entered into the amended subscription agreement (the "Amended Agreement") that the promissory note in the total amount of approximately HK\$50,700,000 will be set off in full by the issue of the convertible preference shares with total subscription price of approximately HK\$21,000,000 and the convertible bond in the aggregate principal amount of approximately HK\$29,700,000. The Amended Agreement with MIL took place and effective on 22 November 2018. The related transaction costs for issue of convertible preference shares and convertible bond was approximately HK\$738,000.

For the year ended 30 November 2018

22. PROMISSORY NOTES AND INTEREST PAYABLES TO THE RELATED COMPANIES (CONTINUED)

(iii) On 30 June 2017, the Company has fully repaid an interest bearing Canadian Dollar Denominated Promissory Note in the principal amount of approximately CAD1,025,000 (approximately to HK\$6,183,000) together with the accrued interests of approximately CAD399,000 (approximately to HK\$2,406,000) to Active Investments. The Canadian Dollar Denominated Promissory Note is interest bearing at 5% effective Hong Kong prime rate established by the Hongkong and Shanghai Banking Corporation Limited and had to be repaid on or before 30 June 2017. For the year ended 30 November 2017, interest of approximately CAD41,000 (approximately to HK\$238,000) was charged to consolidated statement of profit or loss and other comprehensive income. (Note 11)

23. CONVERTIBLE BOND

On 22 November 2018, the Company completed to issue the convertible bond to MIL in an aggregate principal amount of approximately HK\$29,700,000 for the settlement of promissory note. The convertible bond bear zero interest with a right to convert the principal amount into ordinary shares of HK\$0.17 per share during the period from 22 November 2018 to 21 November 2023.

The convertible bond contains two components: liability and equity components. The equity component is presented in the equity heading "convertible bond reserve" in the consolidated statement of changes in equity. The effective interest rate of the debt component on initial recognition is 17.99% per annum.

The valuation of the convertible bond as at the date of initial recognition was performed by an independent valuer.

The convertible bond recognised in the consolidated statement of financial position as at 30 November 2018 are as follow:

	HK\$'000
Fair value of convertible bond	27,402
Less: Equity component on initial recognition, net of transaction cost	(14,168)
Less: Transaction costs attributable to the issue of convertible bond	(475)
Liability component on initial recognition at 22 November 2018	12,759
Imputed interest expenses (Note 11)	51
Liability component at 30 November 2018	12,810
, ,	

During the year, there was no conversion of the convertible bond by MIL.

For the year ended 30 November 2018

24. DEFERRED TAX LIABILITY

The movements on the net deferred tax liability during the year are as follows:

	Convertible bond HK\$′000
At 1 December 2016, 30 November 2017 and 1 December 2017	_
Issue of convertible bond	2,338
Credit to consolidated statement of profit or loss and	
other comprehensive income (Note 12)	(7)
At 30 November 2018	2,331

Deferred income tax assets are recognised for tax losses carried forward to the extent that realization of the related tax benefit through future taxable profits is probable. As at 30 November 2018, no deferred tax asset has been recognised in respect of the unused tax losses (2017: Nil) due to unpredictability of future profit streams. Tax losses of approximately HK\$67,066,000 (2017: approximately HK\$68,572,000) can be carried forward indefinitely for offsetting against future taxable profits of the companies in which the losses arose.

25. OTHER PAYABLES AND ACCRUALS

	2018	2017
	HK\$'000	HK\$'000
Accruals	3,299	2,603
