Characteristics of GEM of The Stock Exchange of Hong Kong Limited (the "Stock Exchange")

Hong Kong Exchanges and Clearing Limited and The Stock Exchange of Hong Kong Limited take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

This report, for which the directors (the "Directors") of Ocean One Holding Ltd. (the "Company") collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM (the "GEM Listing Rules") for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.

Chairman's Statement

Dear Shareholders,

On behalf of the board of directors and the management, I am pleased to present you with the chairman's statement and the annual results of Ocean One Holding Limited (the "Company") and its subsidiaries (collectively the "Group") for the year ended 31 March 2019 ("FY2019").

With regards to our financial performance for FY2019 as compared with the year ended 31 March 2018 ("FY2018"), our revenue increased by approximately HK\$87.6 million, or 36.5% from approximately HK\$239.8 million to approximately HK\$327.4 million. The Group recorded a net profit of approximately HK\$25.0 million for FY2019 as compared to a net profit of approximately HK\$6.7 million for FY2018. By excluding the non-recurring listing expenses incurred in FY2018 of approximately HK\$10.5 million, the Group's net profit for FY2018 would be HK\$17.2 million. The significant increase in net profit for FY2019 was mainly attributable to the increases in revenue and gross profit.

Since the successful listing on GEM of the Stock Exchange of Hong Kong Limited (the "Stock Exchange") on 19 October 2017 (the "Listing"), it enhances our profile and further strengthens the Group's reputation in the industry, which in turn fosters our business relationship with both existing and new suppliers and customers. During the year, we have expanded our product range to over 100 product varieties and we served over 300 customers. Furthermore, the Listing provides us the financial resources to meet and achieve our business opportunities and strategies which will further strengthen the Group's market position in the frozen seafood import and wholesale industry in Hong Kong.

During the year, we have acquired a property holding company which mainly comprises a workshop unit together with the air handling plant room at Cheung Fung Industrial Building, with a total gross floor area of approximately 10,044 square feet. The property is currently under renovations and will be available for use in a few months' time. This new warehouse will increase the Group's overall cold storage capacity, and it is located close to the existing warehouse facility to ensure operating efficiency. With the new warehouse, the Group can reduce the reliance on the external cold storage warehouses and thereby save the storage charges.

Finally, I would like to express my sincere gratitude to the relentless support of all our shareholders, investors, suppliers, customers and business partners, and especially our dedicated staff for their valued contributions throughout the period. The management team and all staff members of the Group will continue striving for better results for the Group and maximize values for our Shareholders.

Chan Kin Fung

Chairman of the Board, Chief Executive Officer and Executive Director Hong Kong, 24 May 2019

BUSINESS REVIEW

The Group is an established frozen seafood importer and wholesaler in Hong Kong with over 16 years of experience in the frozen seafood import and wholesale industry. It supplies a diverse and wide range of frozen seafood products with more than 100 product varieties to over 300 customers which are mainly frozen seafood resellers and frozen seafood catering service providers.

For the year ended 31 March 2019, the Group recorded a net profit of approximately HK\$25.0 million as compared to a net profit of approximately HK\$6.7 million for the year ended 31 March 2018. Set aside the listing expenses, the Group's net profit for the year ended 31 March 2018 would be HK\$17.2 million. The Directors are of the view that the increase in net profit was mainly attributable to the increases in revenue and gross profit during the year. In view of the steady revenue growth and stable gross profit margin achieved for the year ended 31 March 2019 as compared to the same period last year, the Directors are cautiously optimistic about the Group's business outlook.

OUTLOOK

The Directors believe that the Listing status of the Group enhances the Group's profile and further strengthens the Group's reputation in the industry, which in turn helps maintaining the business relationship with the existing suppliers and customers, and exploring potential business opportunities with new suppliers and customers.

The net proceeds from the Share Offer have been providing financial resources to the Group to meet and achieve its business opportunities and strategies which will further strengthen the Group's market position in the frozen seafood import and wholesale industry in Hong Kong.

The Group has obtained sale agency arrangements with a number of new foreign suppliers since its Listing, and will continue to pursuit for additional exclusive agency or sale agency arrangements with existing and new foreign suppliers to further enrich our product portfolio and to maintain our competitiveness by carrying a broader product portfolio. The Group shall continue to strive and achieve the business objectives as stated in the prospectus issued by the Company dated 29 September 2017 ("Prospectus").

FINANCIAL REVIEW

Revenue

The Group's revenue increased by approximately 36.5% from approximately HK\$239.8 million for the year ended 31 March 2018 to approximately HK\$327.4 million for the year ended 31 March 2019, primarily attributable to the introduction of new products such as frozen crab flavored fish cake, China processed scallop and red snow crab claws and legs, and increase in the sales of existing products such as MAR Brand red shrimp, Clearwater Brand arctic clams, sashimi scallop, roasted eel, cod fish, king crab legs, China frozen boiled octopus and giant squid fillets, all with strong demand from our customers.

Cost of goods sold

Our cost of goods sold mainly represents the costs of products sold net of purchases discounts, shipping handling charges and transportation costs. The Group's cost of goods sold for the year ended 31 March 2019 was approximately HK\$283.9 million, representing an increase of approximately 36.2% from approximately HK\$208.4 million for the year ended 31 March 2018, such increase was generally in line with the increase in our revenue.

Gross profit and gross profit margin

The Group's gross profit for the year ended 31 March 2019 was approximately HK\$43.5 million, representing an increase of approximately 38.5% from approximately HK\$31.4 million for the year ended 31 March 2018. The Group's gross profit margin for the year ended 31 March 2019 was approximately 13.3%, representing an increase of approximately 0.2 percentage points as compared to approximately 13.1% for the year ended 31 March 2018. The increase in gross profit and gross profit margin was mainly attributable to the increase in sales and selling of various high margin products such as spot prawn, breaded vannamei shrimp and fried sesame chicken wings, and mainly due to more frequent review of our product price lists according to the latest market conditions.

Selling and distribution costs

Our selling and distribution costs mainly comprise of warehouse rental, staff costs of our logistics and warehouse team, warehouse utilities, depreciation of our warehouse facilities and transportation expenses. The Group's selling and distribution costs for the year ended 31 March 2019 was approximately HK\$6.0 million, representing an increase of approximately 35.0% from approximately HK\$4.4 million for the year ended 31 March 2018. The increase in selling and distribution costs of the Group was mainly due to the increase in usage of external warehouse and increase in warehouse and logistic staffs. The selling and distribution costs accounted for approximately 1.8% and 1.8% of the total revenue for the year ended 31 March 2019 and 2018 respectively.

Administrative expenses

For the year ended 31 March 2019, the Group's administrative expenses primarily comprised of staff costs for administrative and management personnel, directors' remuneration, auditor's remuneration, listing compliance expenses, rent rates and management fee for office, office utilities, depreciation and insurance. Administrative expenses increased from approximately HK\$5.4 million for the year ended 31 March 2018 to approximately HK\$7.7 million for the year ended 31 March 2019. The increase in administrative expenses of the Group was mainly due to increase in legal and professional fees to cope with the needs of compliance work as a result of the listing status.

Listing expenses

Listing expenses comprised professional and other expenses in relation to the Listing. The listing expenses amounted to approximately HK\$10.6 million for the year ended 31 March 2018, and no listing expenses incurred for the year ended 31 March 2019 as the listing process completed in the third quarter of 2017.

Finance costs

Finance costs represented interests on bank borrowings, obligation under a finance lease, and bank overdrafts. Finance costs increased from approximately HK\$0.5 million for the year ended 31 March 2018 to approximately HK\$0.6 million for the year ended 31 March 2019.

Taxation

For the year ended 31 March 2019 and 2018, our tax expenses was approximately HK\$5.1 million and HK\$3.7 million, respectively, increased by approximately HK\$1.4 million or 37.4%, which was consistent with the increase in estimated assessable profits.

Profit for the year

For the year ended 31 March 2019, the Group's profit and total comprehensive income attributable to the owners of the Company was approximately HK\$25.0 million as compared to approximately HK\$6.7 million for the year ended 31 March 2018. The increase was mainly attributable to the increases in revenue and gross profit earned, and no listing expenses incurred during the period. By excluding the listing expenses, the Group's net profit for the year ended 31 March 2018 would be HK\$17.2 million, representing an increase of approximately HK\$7.8 million in the net profit for the year ended 31 March 2019.

COMPLETION OF MAJOR TRANSACTION

On 27 July 2018, the Group entered into a provisional agreement to purchase a property holding company with the property comprising Unit 3 together with air handling plant room on 10/F of High Block of Cheung Fung Industrial Building, 23–39 Pak Tin Par Street, Tsuen Wan, together with a car park No. P6 on 1/F, at a total consideration of HK\$47 million for enhancing the Group's warehouse storage capacity and the new premises is close to the existing warehouse facility to ensure efficiency. The consideration was financed by approximately HK\$25.9 million from the Share Offer (as defined in the Prospectus) and approximately HK\$21.1 million from the Group's own operating cash flow. The vendor is an independent third party, and the consideration was determined under arm's length negotiation. The formal sale and purchase agreement was entered on 31 August 2018, with completion of the acquisition took place on 27 September 2018.

On 27 July 2018, the Group also entered into a provisional agreement to purchase a property comprising two lorry parking spaces located at car park No. L7 and L15 on 1/F of High Block of Cheung Fung Industrial Building, 23–39 Pak Tin Par Street, Tsuen Wan, at a total consideration of HK\$5.3 million for facilitating the Group's logistics capability with the new warehouse premises. The consideration was financed from the Group's own operating cash flow. The vendor is an independent third party, and the consideration was determined under arm's length negotiation. The formal sale and purchase agreement was entered on 23 August 2018, with completion of the acquisition took place on 27 September 2018.

The Directors considered that the terms of the acquisitions are on normal commercial terms and are fair and reasonable, and the acquisitions are in the interests of the Shareholders and the Company as a whole.

USE OF NET PROCEEDS FROM THE SHARE OFFER

The net proceeds from the Listing (after deducting the underwriting fees and other listing expenses borne by the Company) amounted to approximately HK\$63.0 million which will be used for the intended purposes as set out in the section headed "Future Plans and Use of Proceeds" of the Prospectus. Set out below is the actual utilization of net proceeds up to 31 March 2019:

	Net proceeds HK\$'000	Utilised HK\$'000	Unutilised HK\$'000
Strengthening our warehouse storage capability	29,632	25,866	3,766
Enhancing our logistics capability	8,376	4,654	3,722
Broadening our product offerings by entering into exclusive agency			
agreements and/or sale agency agreements	21,504	12,902	8,602
General working capital of our Group	3,494	1,092	2,402
Total	63,006	44,514	18,492

CAPITAL STRUCTURE, LIQUIDITY AND FINANCIAL RESOURCES

The Group finances its liquidity and capital requirements primarily through cash generated from operations, net proceeds from the Listing and bank borrowings.

As at 31 March 2019, the Group had bank deposits, bank balances and cash of approximately HK\$20.9 million (31 March 2018: HK\$55.1 million).

As at 31 March 2019, the Group's total equity attributable to the owners of the Company amounted to approximately HK\$128.2 million (31 March 2018: HK\$109.4 million). As of the same date, the Group's total debt, comprising bank overdrafts, bank borrowings and obligations under a finance lease, amounted to approximately HK\$16.4 million (31 March 2018: HK\$8.1 million).

On 19 October 2017, 21,000,000 and 49,000,000 ordinary shares of HK\$0.01 each of the Company were issued at HK\$1.22 per share by way of public offer and placing, respectively. On the same date, the Company's shares were listed on GEM of the Stock Exchange.

The net proceeds from the Listing amounted to approximately HK\$63.0 million. The Directors believe that with the new capital from the share offer, the Group is in a healthy financial position to expand its business and achieve its business objectives.

BORROWINGS AND GEARING RATIO

As at 31 March 2019, the Group had total borrowings of approximately HK\$16.4 million (31 March 2018: HK\$8.1 million). The Group's borrowings were primarily used in financing the working capital requirement of its operations, while the obligations under a finance lease was for the acquisition of a motor vehicle to support its operations.

As at 31 March 2019, the gearing ratio of the Group, calculated by dividing total bank borrowings, bank overdrafts and obligations under a finance lease with total equity and multiplied by 100%, was approximately 12.8% (31 March 2018: 7.4%).

SIGNIFICANT INVESTMENT, MATERIAL ACQUISITION AND DISPOSAL OF SUBSIDIARIES

During the year ended 31 March 2019, other than the major transaction as abovementioned, the Group did not have any significant investment, material acquisition or disposal of subsidiaries and affiliated companies.

FOREIGN EXCHANGE EXPOSURE

As the Group conducts business with a number of overseas suppliers, such as those in Japan, China and Vietnam, certain of the product costs or payments are denominated in foreign currencies such as Japanese Yen and United States Dollars, which are currencies different from the revenue which is mainly in Hong Kong Dollars. As a result, the Group is exposed to foreign exchange risk.

By adopting a cost-plus pricing model, the Group is generally able to pass on the cost arising from exchange rate fluctuations to the customers; and the management is closely monitoring the movement of relevant exchange rates to ensure the net exposure is kept at an acceptable level. The Directors consider that the exposure to foreign exchange risk is insignificant and it is currently not necessary to adopt any hedging strategy.

TREASURY POLICIES

The Directors follow a prudent policy in managing the Group's cash balances and maintain a strong and healthy liquidity to ensure that the Group is well placed to take advantage of future growth opportunities.

PLEDGE OF GROUP ASSETS

As at 31 March 2019, the Group has pledged its leasehold land and buildings, investment property and bank deposits of approximately HK\$56.1 million (31 March 2018: HK\$5.4 million) in aggregate to secure the bank borrowings and banking facilities granted to the Group.

CONTINGENT LIABILITIES

As at 31 March 2019 and 31 March 2018, the Group did not have any material contingent liabilities.

COMMITMENTS

The contractual commitments mainly involve rental payable by the Group in respect of the leased office and cold storage warehouse under non-cancellable operating lease. As at 31 March 2019, the Group's operating lease commitments were approximately HK\$0.8 million (31 March 2018: HK\$1.7 million).

SEGMENT INFORMATION

The Group principally operates in one business segment, which is the importing and wholesaling of frozen seafood products in Hong Kong.

INFORMATION ON EMPLOYEES

As at 31 March 2019, the Group had 18 employees working in Hong Kong (31 March 2018: 15). Employees are remunerated based on their qualifications, position and performance. The remuneration offered to employees generally includes salaries, allowances and discretionary bonus. Various types of trainings were provided to the employees. The total staff cost (including remuneration of Directors and mandatory provident funds contributions) for the year ended 31 March 2019 amounted to approximately HK\$5.1 million (31 March 2018: HK\$4.2 million).

The directors of the Company (the "Directors") are pleased to present this report and the audited consolidated financial statements of the Group for the year ended 31 March 2019.

SHARE OPTION SCHEME

Share option scheme of the Company was approved by a resolution of the Shareholders of the Company passed on 21 September 2017 (the "Share Option Scheme"). The principal terms of the Share Option Scheme is summarised in Appendix V to the Prospectus and are in accordance with the provisions of Chapter 23 of the GEM Listing Rules.

As at 31 March 2019 and up to the date of this annual report, no share options were granted, exercised, lapsed or cancelled under the Share Option Scheme and there were no outstanding share options under the Share Option Scheme as at 31 March 2019 and as at the date of this annual report.

The following is a summary of the principal terms of the Share Option Scheme:

Purposes

The purpose of the Share Option Scheme is to enable the Group to grant share options to the eligible persons as incentives or rewards for their contribution to the Group and to enable the Group to recruit and retain high-calibre employees and attract human resources that are valuable to the Group or any invested entity.

Eligible Participants

The Board may, at its absolute discretion, offer eligible persons (being any Director or employee (whether full time or part time), consultant, adviser, supplier, customer, distributor, business or joint venture partner, franchisee, contractor and agent of any member of our Group who in the sole discretion of the Board has contributed to and/or will contribute to the Group) (the "Eligible Persons") to subscribe for such number of Shares in accordance with the terms of the Share Option Scheme.

Maximum number of Shares in respect of which options may be granted

The maximum number of Shares in respect of which options may be granted under the Share Option Scheme of the Group must not in aggregate exceed 10% of the total number of Shares in issue as at the date of this annual report (i.e. 28,000,000 Shares). Options which have lapsed in accordance with the terms of the Share Option Scheme will not be counted for the purpose of calculating this limit.

Maximum entitlement of each Eligible Participant

The maximum number of Shares issued and to be issued upon exercise of the options granted (including exercised and outstanding options) under the Share Option Scheme in any 12-month period must not exceed 1% of the issued Shares unless approved in advance by the Shareholders of the Company in general meeting with such eligible person and his close associates or his associates abstaining from voting.

Exercise period and duration of the Share Option Scheme

Options may be exercised by an Eligible Participant, in whole or in part, at any time during the period commencing from the date of grant and ending on such date as the Board may determine in granting the option, but in any event not exceeding ten years from the date of grant except that no option may be exercised until the expiry of 12 months after the date of grant.

Amount payable on acceptance of an offer of option

The amount payable by an Eligible Participant on acceptance of an offer of option is HK\$1. Any offer of option may be accepted, in whole or in part, in writing received by the Board or the Company Secretary of our Company on or before the date as specified in the offer.

Basis of determining the subscription price

The subscription price of a Share payable on the exercise of an option granted under the Share Option Scheme shall be such price as the Board in its absolute discretion shall determine, save that such price shall at least be the highest of: (i) the nominal value of the Shares; (ii) the closing price of the Company's Shares as stated in the Stock Exchange's daily quotations sheet on the date of offer, which must be a day on which the Stock Exchange is open for the business of dealing in securities ("Business Day"); and (iii) the average closing price of the Company's Shares as stated in the Stock Exchange's daily quotations sheets for five Business Days immediately preceding the date of offer.

Remaining life of the Share Option Scheme

The Share Option Scheme will be valid and effective for a period of ten years from 19 October 2017, which is the Listing Date.

EQUITY-LINKED AGREEMENTS

Other than the Share Option Scheme of the Company, no equity-linked agreements were entered into by the Company during the year or subsisted at the end of the year.

INTERESTS OF THE COMPLIANCE ADVISER

As confirmed by the Group's compliance adviser, Innovax Capital Limited (the "Compliance Adviser"), save as the compliance adviser agreement entered into between the Company and the Compliance Adviser dated 26 September 2017, none of the Compliance Adviser or its directors, employees or associates (as defined under the GEM Listing Rules) had any interest in the Group or in the share capital of any member of the Group as at 31 March 2019, which is required to be notified to the Company pursuant to Rule 6A.32 of the GEM Listing Rules.

CORPORATE AND SOCIAL RESPONSIBILITY

The Company takes its corporate and social responsibilities ("CSR") seriously and is committed to advancing its policies and systems across the Group to ensure all aspects of CSR that are relevant to its business operations are addressed and monitored. These include good ethical behavior, concern for employee health and safety, care for the environment and community involvement. The Company recognizes that its social, environmental and ethical conduct has an impact on its reputation.

The Company is committed to taking positive steps towards CSR through economically viable investments, technically appropriate operations, environmentally sound practices, socially responsible actions, continual improvement in performance and efficient use of natural resources.

The Board takes ultimate responsibility for CSR and is committed to developing and implementing appropriate policies while adhering to a fundamental commitment to create and sustain long term value for Shareholders and all stakeholders.

EVENT AFTER THE REPORTING PERIOD

The Directors are not aware of any significant event requiring disclosure that has taken place subsequent to 31 March 2019 and up to the date of this report.

REVIEW OF FINANCIAL INFORMATION

The Audit Committee comprises three independent non-executive Directors, namely, Mr. So Yuk Ki (chairman of the Committee), Mr. Lee Kam Wan and Dr. Leung Wai Ping Noel.

The Audit Committee, together with the management, have reviewed the accounting principles and practices adopted by the Group and discussed the internal control system, risk management system and financial reporting matters including the review of the audited consolidated financial statements and annual results of the Group for the year ended 31 March 2019.

AUDITOR

A resolution will be submitted at the 2019 annual general meeting to propose for the re-appointment of Messrs. Deloitte Touche Tohmatsu, if eligible, as auditor of the Company.

By order of the Board Ocean One Holding Ltd.

Chan Kin Fung

Chairman of the Board, Chief Executive Officer and Executive Director Hong Kong, 24 May 2019

CORPORATE GOVERNANCE PRACTICE

The Board of Directors (the "Board") recognizes the importance of good corporate governance in management and internal procedures so as to achieve effective accountability. The Company's corporate governance practices are based on the principles of good corporate governance as set out in the Corporate Governance Code and Corporate Governance Report in Appendix 15 to the GEM Listing Rules (the "CG Code") and in relation to, among others, the Directors, Chairman and Chief Executive Officer, Board composition, the appointment, re-election and removal of Directors, their responsibilities and remuneration and communications with the shareholders of the Company.

The Company was listed on GEM of the Stock Exchange on 19 October 2017 (the "Listing Date"). To the best knowledge of the Board, the Company has complied with the code provisions in the CG Code from the Listing Date up to the date of this report, with the exception for the deviation from paragraph A.2.1 of the CG Code as stated below.

The Board will review and monitor the practices of the Company from time to time with an aim to maintain and improve high standards of corporate governance practices.

CHAIRMAN AND CHIEF EXECUTIVE OFFICER

Pursuant to paragraph A.2.1 of the CG Code, the roles of the chairman and the chief executive officer should be separate and should not be performed by the same individual.

Mr. Chan Kin Fung ("Mr. Chan") is the chairman and the chief executive officer of our Group. Considering that Mr. Chan has been operating and involved in the management of our Group since 2002, our Directors believe that it is in the best interests of our Group to have Mr. Chan taking up both roles for the purpose of ensuring consistent leadership of our Group and for effective management, business development and overall strategic planning for our Group. Therefore, the Board considers that the deviation from paragraph A.2.1 of the CG Code is appropriate in such circumstances. From a corporate governance point of view, the decisions of the Board are made collectively by way of voting and therefore the chairman should not be able to monopolise the voting of the Board. The Board considers that the balance of power between the Board and our senior management can still be maintained under the current structure. The Board shall review the structure from time to time to ensure appropriate action is taken should the need arise.

COMPLIANCE OF CODE OF CONDUCT FOR DIRECTORS' SECURITIES TRANSACTIONS

The Company has adopted the rules set out in Rules 5.48 to 5.67 of the GEM Listing Rules as the code for dealing in securities of the Company by the Directors (the "Model Code"). Having made specific enquiry, all the Directors have confirmed that they have complied with the Model Code from the Listing Date to 31 March 2019.

In addition, the Company has also adopted provisions of the Model Code as written guidelines for relevant employees in respect of their dealings in the securities of the Company. Such relevant employees did and would abide by the provisions of the Model Code. Besides, the Company has adopted internal control policy in relation to the disclosure of inside information of the Company (the "Inside Information Policy").

No incident of non-compliance of the Model Code and/or the Inside Information Policy by such relevant employees was noted by the Company from the Listing Date up to the date of this report.

APPOINTMENT, RE-ELECTION AND RETIREMENT OF THE DIRECTORS

By virtue of article 84(1) of the articles of association of the Company, at every annual general meeting of the Company, one-third of the Directors for the time being (or, if their number is not three or a multiple of three, then the number nearest to, but not less than, one-third) shall retire from office by rotation provided that every Director (including those appointment for a specific term) shall be subject to retirement by rotation at least once every three years. A retiring Director shall retain office until the close of the meeting at which he retires and shall be eligible for re-election thereat.

By virtue of article 83(3) of the articles of association of the Company, any Director appointed by the Board to fill a casual vacancy shall hold office until the first general meeting of Members after his appointment and be subject to re-election at such meeting and any Director appointed by the Board as an addition to the existing Board shall hold office only until the next following annual general meeting of the Company and shall then be eligible for re-election. Accordingly, Mr. Chan Kin Fung and Ms. Tse Chun Ha Amy shall hold office until the forthcoming annual general meeting of the Company and, being eligible, offer themselves for re-election at such meeting.

BOARD OF DIRECTORS

The Board currently comprises two executive Directors and three independent non-executive Directors as at the date of this report, details of which are set out below:

Mr. Chan Kin Fung ⁽¹⁾ (Chairman of the Board and Chief Executive Officer)
Ms. Tse Chun Ha Amy ⁽²⁾

Independent non-executive Directors

Mr. So Yuk Ki ⁽³⁾ Mr. Lee Kam Wan ⁽³⁾

Dr. Leung Wai Ping Noel (3)

Notes:

- appointed on 18 April 2017
- appointed on 29 May 2017
- (3) appointed on 18 September 2017

The brief biographical details of the Directors are set out in the section headed "Biographies of Directors" on page 5 of this report.

Save as disclosed in this report, the other Board members have no financial, business, family or other material or relevant relationships with each other.

FUNCTIONS OF THE BOARD

The Board is entrusted with the overall responsibility for promoting the success of the Company by providing effective leadership and direction to its business, and ensuring transparency and accountability of its operations. The Board reserves for its decisions all major matters of the Company, including the approval and monitoring of all policy matters, overall strategies, internal control systems, risk management systems, material transactions, financial information, and other significant financial and operational matters.

The Board has the full support of the management to discharge its responsibilities. During the year, the Board has been provided on a quarterly basis with the Group's management information updates to give them aware of the Group's affairs and facilitate the Board to discharge its duties under the relevant requirements of the Listing Rules.

The Board delegates day-to-day operations of the Group to the Executive Directors and senior management. The delegated functions and tasks are periodically reviewed. Approval has to be obtained from the Board prior to any significant transactions entered into by the above mentioned officers.

In addition, the Board has also delegated various responsibilities to the board committees of the Company. Further details of the board committees of the Company are set out below in this report.

DIRECTORS' RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The Directors are responsible for the preparation of the consolidated financial statements of the Group for each financial period that give a true and fair view of the state of affairs of the Group and of the results and cash flows for that period in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants and the disclosure requirements of the Hong Kong Companies Ordinance. The statement by auditor of the Company about their responsibilities for the financial statements is set out in the independent auditor's report contained in this report. The Directors have adopted the going concern approach in preparing the consolidated financial statements and are not aware of any material uncertainties relating to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern.

DIRECTORS AND OFFICERS INSURANCE

Appropriate insurance covers on directors' and officers' liabilities have been in force to protect the Directors and officers of the Group from their risk exposure arising from the business of the Group.

BOARD MEETING AND PROCEDURES

Board members were provided with complete, adequate and timely information to allow them to fulfill their duties properly. In compliance with code provision A.1.3 of the Code, at least 14 days' notice has been given for a regular Board meeting to give all Directors an opportunity to attend. Notice, agenda and board papers of regular Board meetings are sent to all Directors with reasonable time and at least 3 days prior to the meetings.

Directors are free to contribute and share their views at meetings and major decisions will only be taken after deliberation at Board meetings. Directors who are considered to have conflict of interests or material interests in the proposed transactions or issues to be discussed will not be counted in the quorum of meeting and will abstain from voting on the relevant resolutions. Full minutes are prepared after the meetings and the draft minutes are sent to all Directors for their comments on the final version of which are endorsed in the subsequent Board meeting.

During the year ended 31 March 2019, there were five Board meetings held. Details of the attendance of each director are as follows:

Each of the Directors will receive a fee which is subject to an annual adjustment at a rate to be reviewed by the remuneration committee and be determined at the discretion of the Board. The Company's policy concerning the remuneration of the Directors is that the amount of remuneration is determined by reference to the relevant Director's experience, responsibilities, workload and the time devoted to the Group. The Group has adopted incentive bonus schemes and continues to maintain these schemes, seeking to align the financial well-being of the Group with that of the employees, and to retain the Directors and staff of high caliber.

NOMINATION COMMITTEE

The nomination committee was established on 21 September 2017 with written terms of reference in compliance with paragraph A.5 of the CG Code as set out in Appendix 15 to the GEM Listing Rules. The nomination committee currently consists of one executive Director and two independent non-executive Directors, it is chaired by Mr. Chan Kin Fung and the other members are Mr. So Yuk Ki and Mr. Lee Kam Wan. The written terms of reference of the nomination committee are posted on the Stock Exchange website and on the Company's website.

The primary duties of the nomination committee are to make recommendations to the Board to fill vacancies on the same, assess the independence of independent non-executive Directors and review the structure, size and composition of the Board.

During the year ended 31 March 2019, there was one nomination committee meeting held. Details of the attendance record of the committee meeting are as follows:

Committee members	Attended/Held
Mr. Chan Kin Fung	1/1
Mr. So Yuk Ki	1/1
Mr. Lee Kam Wan	1/1

DIVERSITY OF THE BOARD

The Company has adopted a board diversity policy which sets out the approach to achieve diversity on the Board, the summary of which are set out below:

- (1) With a view to achieving a sustainable and balanced development, the Company sees increasing diversity at the Board level as an essential element in supporting the attainment of its strategic objectives and its sustainable development.
- (2) In designing the Board's composition, board diversity has been considered from a number of aspects, including but not limited to gender, age, cultural and educational background, ethnicity, professional experience, skills, knowledge and length of service.
- (3) All Board appointments be based on meritocracy, and candidates be considered against objective criteria, having due regard for the benefits of diversity on the Board.

CONTINUOUS PROFESSIONAL DEVELOPMENT

Pursuant to code provision A.6.5 of the CG Code, all Directors should participate in continuous professional development to develop and refresh their knowledge and skills as to ensure that their contribution to the Board remains informed and relevant.

Each newly appointed Director receives comprehensive, formal and tailored induction on the first occasion of his appointment, so as to ensure that he has appropriate understanding of the Group structure, Board and Board Committees meetings procedures, business, management and operations of the Company, etc. and that he is fully aware of his responsibilities and obligations under the GEM Listing Rules and relevant regulatory requirements in the Cayman Islands and Hong Kong. In preparation of the Listing, all the Directors participated in the induction program regarding directors' responsibilities and obligations under the GEM Listing Rules conducted by the Company's legal adviser, which covered, among other topics, the CG Code, GEM Listing Rules and directors' continuing obligations.

Besides, the Company keeps circulating information and materials to develop and refresh Directors' knowledge and skills from time to time. All the information and materials are relevant to the Group's business, the economy, corporate governance, rules and regulations, accounting, financial or professional skills and/or directors' duties and responsibilities. There are also arrangements in place for providing continuing briefing and professional development to each Director. All Directors are encouraged to attend relevant training courses at the Company's expense. The company secretary is responsible to keep records of training taken by each Director.

RISK MANAGEMENT AND INTERNAL CONTROLS

The Board has overall responsibility for the establishment, maintenance and review of the Group's internal control system to safeguard the assets of the Group and shareholder investments. The internal control system of the Group aims to facilitate effective and efficient operation which in turn minimises the risks to which the Group is exposed. The system can only provide reasonable but not absolute assurance against misstatement or losses.

The Board has conducted a review of the implemented system and procedures, covering financial, operational and legal compliance controls and risk management functions. The Directors consider that the Group has implemented appropriate procedures for safeguarding the Group's assets against unauthorised use or misappropriation, maintaining proper accounting records, segregation of duties and putting plans and routines into execution with appropriate authority and in compliance with the relevant laws and regulations.

In preparation of the Listing, the Company engaged an internal control consultant, an independent third party, to undertake a review of the internal control system of the Group. Material issues identified by the internal control consultant had been rectified prior to the Listing. The Board is of the view that the internal control measures in place are adequate and effective to safeguard the Group's assets and the interest of Shareholders.

Pursuant to code provision C.2.5 of the CG Code the Group has engaged the internal control consultant to provide internal audit function for the year ended 31 March 2019, which comprises a review of internal control system. This engagement can assist the Board and the audit committee to monitor the risk management and internal control systems of the Group. Significant internal control deficiencies are reported to the audit committee and the Board on a timely basis to ensure prompt remediation actions taken. The internal audit report is submitted to the audit committee and the Board at least once a year.

The Board had performed annual review on the effectiveness of the Group's risk management and internal control systems, including but not limited to the Group's ability to cope with its business transformation and changing external environment; the scope and quality of management's review on risk management and internal control systems; result of internal audit work; the extent and frequency of communication with the Board in relation to result of risk and internal control review; significant failures or weaknesses identified and their related implications; and status of compliance with the GEM Listing Rules. The Board considers the Group's risk management and internal control systems are effective.

The Group adopts a risk management framework which comprises the following processes:

- Identify significant risk in the Group's operation environment and evaluate the impacts of those risks on the Group's business;
- Develop necessary measures to manage those risks; and
- Monitor and review the effectiveness of such measures.

The Group formulated the policies and procedures of risk management and internal control as follows:

- The Group established an organisational structure with clear operating and reporting procedures, lines of responsibility and delegated authority;
- Each operating subsidiary maintains internal controls and procedures appropriate to its structure whilst complying with the Group's policies, standards and guidelines;
- Relevant executive Directors and senior management have been delegated with specific accountability for monitoring the performance of designated business operating units;
- A systematic review of the financial and business processes in order to provide management on the adequacy and
 effectiveness of internal controls. Where weaknesses are identified in the system of internal controls, management
 will evaluate and take necessary measures to ensure that improvements are implemented; and

• Code of ethics are established and adhered to by all employees to ensure high standards of conduct and ethical values in all business practices.

The Board reviewed that the risk management and internal control system adopted by the Group for the year ended 31 March 2019 and considered that it was effective.

COMPLIANCE ADVISER

The Company has appointed Innovax Capital Limited as the compliance adviser in accordance with Rule 6A.19 of the GEM Listing Rules to provide the Company with services including providing guidance and advice in connection with compliance with requirements under the GEM Listing Rules. The term of appointment commenced on the Listing Date and shall end on the publication date of the financial results for the second full financial year after the Listing in compliance with Rule 18.03 of the GEM Listing Rules.

Shareholders' enquiries and concerns will be forwarded to the Board and/or relevant Board committees of the Company, where appropriate, to answer the Shareholders' questions.

COMMUNICATIONS WITH SHAREHOLDERS AND INVESTORS

In order to enable Shareholders to exercise their rights in an informed manner, and to allow Shareholders and the investment community to engage actively with the Company, the Company has established a number of channels for maintaining on-going dialogue with the Shareholders as follows:

- (a) corporate communications such as annual reports, quarterly reports, interim reports and circulars are issued in printed form and are available on the GEM's website and the Company's website;
- (b) periodic announcements are made through the Stock Exchange and published on the respective websites of the GEM of the Stock Exchange and the Company;
- (c) corporate information is made available on the Company's website;
- (d) AGM and EGM provide a forum for the Shareholders to make comments and exchange views with the Directors and senior management; and
- (e) the Company's share registrars serve the Shareholders in respect of share registration, dividend payment, change of Shareholders' particulars and related matters.

CONSTITUTIONAL DOCUMENTS

During the period from Listing Date to the date of this report, there has been no significant change in the constitutional documents of the Company. The Articles of Association are available on the websites of the GEM of the Stock Exchange and of the Company.

OVERVIEW

The Group is pleased to present its second report on the Environmental, Social and Governance (the "ESG") aspects (the "ESG Report"), this ESG Report is prepared in accordance with the ESG Reporting Guide as described in Appendix 20 of the GEM Listing Rules and Guidance set out by the Stock Exchange of Hong Kong Limited (the "Stock Exchange").

SCOPE

This ESG Report covers the Group's overall performance in two subject areas, namely Environmental and Social of the business operations during the reporting period for the year ended 31 March 2019. All information and data disclosed herein were based on formal documents and internal statistics of the Group.

Having considered the sustainability of business development, as well as the four reporting principles of materiality, quantitative, balance and consistency, this ESG Report focuses on the sustainability performance of the Group's business.

PRINCIPAL ACTIVITIES AND COMMITMENT ON ESG

During the year ended 31 March 2019, the Group is principally engaged in importing and wholesaling of frozen seafood products. We primarily source frozen seafood products from seafood harvesters, frozen seafood processors and exporters who are primarily located overseas such as Japan, China, Vietnam, etc. and distribute the products to frozen seafood resellers such as local integrated food product wholesaling companies, resellers and food trade companies; and we also sell our products directly to frozen seafood catering service providers such as restaurants, food chain stores, food processing operators and other end customers. We also add value to the products by offering additional services, such as product sourcing, quality assurance, storage and transportation, to our customers.

Environmental and social responsibilities are viewed as the Group's core commitment to environment, internal workplace, external community and an integral part of the Group's practice to create values for stakeholders. We will continue to expand our business with environmentally and community friendly measures in order to contribute to the development of the industry and society.

STAKEHOLDERS' FEEDBACK

The Group welcomes stakeholders' feedback on its ESG approach and performance. For any suggestions or opinions, questions or comments, please kindly send to the Company through the communication channels as stated in our Company's website.

A. ENVIRONMENTAL

The Group understands the importance of environmental sustainability and protection. The Group strives to strike a balance between efficient operation and environmental protection. The Group has adopted policies on pollution prevention, preservation of natural resources and adherence to environmental laws and regulations, and we also put green ideas into practice in our daily operations by promoting energy efficiency and emission reduction in all processes from sourcing and procurement, inventory management, to sales and delivery.

A1. Emissions

In the course of our operations, we produce emissions mainly from the use of electricity and fuel consumption of our logistics trucks. The Group regularly monitors our business operations and scrutinizes our consumption data such that we can minimize environmental pollution and impacts to the environment. Each of our cold storage warehouses and office comply with applicable laws and regulations.

A1.1 Emissions Data from Vehicles

The Group's annual fuel consumption by our trucks is approximately 14,660L with approximately 125,299 km travelled.

Types of emissions	kg
Nitrogen Oxides ("NOx")	371.8
Sulphur Oxides ("SOx")	0.2
Particulate Matter ("PM")	33.1

A1.2 Greenhouse gas ("GHG") emissions in total

GHG emissions in total are 490.34 tons for the year ended 31 March 2019, which includes Scope 1, Scope 2 and Scope 3 emissions as disclosed below.

Scope 1 — Direct emissions from operations that are owned or controlled by the Group GHG emissions from mobile combustion sources (road transport)

Types of emissions	kg
Carbon Dioxides ("CO ₂ ")	38,321.2
Methane ("CH ₄ ")	1.9
Nitrous Oxide ("N ₂ O")	2.5
Total GHG emissions	38,325.6

Scope 2 — Energy indirect emissions

GHG emissions from purchased electricity supplied by power companies

During the year ended 31 March 2019, the Group's annual electricity consumption is approximately 878,739 kWh.

Types of emissions	kg
CO ₂	448,156.9
Total GHG emissions	448,156.9
Scope 3 — Other indirect emissions Paper waste disposed at landfills:	
Types of emissions	kg

- 1		
\sim		1 400 0
CO_2		1,400.0

Electricity used for processing fresh water and sewage by government departments:

Types of emissions	kg
CO ₂ emission from fresh water processing	14.5
CO ₂ emission from sewage processing	7.9

Business air travel by employees:

Types of emissions	kg
CO ₂	2,433.6
Total GHG emissions	3,856.8

A1.3 Total hazardous waste produced

The Group does not produce hazardous waste.

A1.4 Total non-hazardous waste produced

The Group produces non-hazardous waste including mainly paper waste and domestic waste from the office which are centrally collected by the property management company.

Non-hazardous waste produced and the intensity

Non-hazardous waste produced — Landfill	291.8 kg
Non-hazardous waste intensity (per employee)	16.2 kg

A1.5 Measures to mitigate emissions and results achieved

To reduce electricity usage, we limit the air-conditioning hours, maintain suitable indoor temperature and clean regularly the air conditioner and ventilation system.

With regards to logistics, we streamline our warehousing and delivery processes in order to reduce transportation frequency and thereby emissions through the consumption of diesel and petroleum, and our truck drivers strictly comply with the local laws by switching off idling engines of the trucks so as to reduce harmful effects to the environment.

The Group encourages reduction in paper, water and energy usage through recycling of paper and stationery, promotes using electronic documents instead of paper copies, as well as other initiatives such as encourages employees to use video or telephone conferencing to communicate with other parties in order to minimize traveling and thereby indirectly reduced the corresponding emissions.

A1.6 Handlings of hazardous and non-hazardous wastes, reduction initiatives and results achieved

The Group does not produce hazardous waste. The non-hazardous waste produced by the Group including paper waste and domestic waste are centrally collected and discharged by the property management company of the building. If the waste is recyclable, the property management company will arrange recyclers to recycle them.

A2. Use of Resources

The Group has an operation guideline in place and employees are reminded to switch off all the air conditioners, lights and other equipment before they leave the office. Our lighting and air conditioning systems are divided into different zones which allow us to turn off lighting and air conditioning in certain areas when not in use so as to reduce electricity consumption.

The Group uses energy saving lighting equipment such as energy saving light bulbs and LED lighting systems. When purchasing electrical appliances, the Group will preferably purchase products with Grade 1 energy label under the Mandatory Energy Efficiency Labelling Scheme by the Electrical and Mechanical Services Department of Hong Kong.

The Group uses reusable pallets whenever possible. Waste paper and cartons that are no longer needed are centrally collected and recycled by the property management company of the building.

The Group also regularly reminds employees to use double-sided printing and recycled paper, and to minimize printing hardcopies of documents. Used printer cartridges are returned to vendors for recycling.

A2.1 Direct and/or indirect energy consumption by type in total and intensity

Direct energy consumed by type and intensity

Electricity purchased for consumption kWh per sales output (in ton)

878,739 kWh 186 kWh/ton

A2.2 Water consumption in total and intensity

Water consumed and intensity

Annual water consumed (in cubic metres "cbm") Water consumption intensity (per employee)

36 cbm 2 cbm

A2.3 Energy use efficiency initiatives and results achieved

The Group has adopted various operation guidelines to reduce the use of electricity, employees are reminded to switch off all the air conditioners, lights and other equipment before leaving the office; our lighting and air conditioning systems are divided into different zones which allow us to turn them off in those areas when not in use; we maintain a suitable indoor temperature and clean the air conditioner and ventilation system regularly; we use energy saving lighting equipment and electrical appliances with high energy efficiency grade. All these measures have reduced the use of electricity and conserve energy consumption.

A2.4 Issue in sourcing water that is fit for purpose, water efficiency initiatives and results achieved

According to the Group's business nature and operation solely based in Hong Kong, the issue in sourcing water that is fit for purpose is not relevant to the Group.

The Group requires employees to reduce water consumption at the warehouse and office. For instance, employees are encouraged to turn off water taps upon use, to check faucets and pipes for any potential leakage and to adopt water saving appliances.

A2.5 Total packaging material used

The Group's annual total packaging material used is approximately 2,718.2 kg, which mainly consists of plastic stretch film and packing tapes used to facilitate deliveries to customers.

The Group encourages employees to use recycled or renewable material for packaging, and aim to design the packaging to be returnable, reusable, and renewable wherever possible.

A3. The Environment and Natural Resources

The Group's major frozen seafood suppliers are located in Japan, China and Vietnam. To the best of our knowledge, Japan, China and Vietnam impose certain fishing moratoria and trawling restrictions for preventing overfishing and replenishing marine livestock. The duration of moratoria and restrictions on trawling methods varies between these countries and depending on the territorial waters concerned.

The Group has implemented control procedures to check whether our suppliers who are Seafood Harvesters and Exporters which engage in commercial fishing have complied with the relevant fishing moratoria or trawling restrictions in their respective countries. For suppliers who engage in commercial fishing, we will obtain their legal catch certificates and/or fishing licenses and/or certificates of origin; require the relevant suppliers to provide written undertakings to us that they will at all times comply with the relevant fishing moratoria and trawling restrictions in their respective countries and carry out background checks with emphasis on their business history, credibility, any breaches of fishing moratoria or trawling restrictions and possession of certifications in HACCP and ISO; perform web search, public record search and media search from time to time to check whether there are any news about our Seafood Harvesters and Exporters with commercial fishing activities breaching any relevant laws and regulations, catching limits, fishing moratoria or trawling restrictions or supplying endangered species; perform regular checks on our procurement list to ensure that no endangered species would be procured; and timely monitor whether there are updates on relevant laws and regulations regarding fishing moratoria issued by relevant government authorities, coupled with detailed checking of catch certificates and/or certificates of origin to ensure no illegal catching in restricted zones. The Group will endeavor to refrain from procuring any wild caught seafood products from the relevant suppliers if, to the best of our knowledge, the regions concerned are subject to fishing moratoria and trawling restrictions at the material time, and will instead look for alternative supplies in other regions or from fishing farms in order to maintain sufficient supplies.

The Group will also endeavor to minimize wastage due to stock obsolescence. To prevent overstocking and minimize the amount of obsolete or expired products, we have adopted an Enterprise Resource Planning ("ERP") system to constantly monitor our inventory level. In order to maintain accurate inventory records, we also conduct periodic inventory counts to ensure the actual inventory level matches the inventory information stored in our ERP system. Accurate inventory records are important for procurement as the purchase order quantities will be adjusted based on various factors including the review of historical sales trend and exchange of market information between members of our procurement and sales teams periodically.

Furthermore, in accordance with the HACCP and ISO 9001 requirements, the Group takes a "first-in, first-out" approach to handle stocks. Those products which are delivered to the warehouses earlier in time will be sold to customers first. Such approach minimizes the chance of deterioration and obsolescence of products.

B. SOCIAL

The Group strives to fulfill its social responsibilities as a corporate citizen of the communities. We strive to establish harmonious relationship with employees, customers, suppliers, and the communities. We care about the development and well-being of our employees, ensuring high standards of service responsibilities, enhance transparent relationship with external parties including customers and suppliers, and contribute to our community development.

Employment and Labour Practices

B1. Employment

As at 31 March 2019, the Group had a total number of 18 employees. The Group is committed to provide a fair and respectful workplace for our employees. We ensure our human resources policies comply with all applicable laws in Hong Kong and with reference to the general practice and benchmark of the industry. The Group has established a comprehensive system of remuneration, incentive and performance management system to attract and retain talents for our long-term and stable growth. The system consists of basic salary, discretionary bonus and staff benefits (i.e. mandatory provident fund, medical and other insurance, annual leave, sick leave and various subsidies) for the employees.

The Group advocates equal opportunity and observes anti-discrimination ordinances. With reference to the Group's job vacancies, the policy is to give priority to internal promotions of current employees who are eligible. The Group ensures that all employees are not discriminated against for their sex, age, marital status, ethnic background, religion, nationality or disability. During the year, the Group does not receive any report on discrimination.

B2. Health and Safety

The Group values health and work safety of our employees is of utmost importance and we have provided our employees with guidance from time to time on work safety laws to ensure that our employees are kept abreast of our safety procedures and policies. The Group believes that high standards in these areas underpin a critical aspect of operating efficiency and effectiveness, which indirectly help us to compete effectively in this competitive industry.

We have implemented a wide scope of internal training programmes and an integrated management memorandum, through which our Group educates and reminds our employees of the importance of and the correct practices for health and safety in the workplace. The personnel at our human resources and administration department has to record and keep track of any injuries of our employees that have occurred during their performing of work duties, to ensure insurance claims and treatments are effectively pursued to protect our employees and our Group.

During the year, the Group has established workplace health and safety policies in compliance with applicable laws in Hong Kong, and there have not been any major injuries of our employees that will have caused material adverse impact on the business, operations or financial performance of our Group.

B3. Development and Training

In view of the employees' importance to the Group's sustainable development, the Group's human resources department organizes trainings for our employees to support their personal growth and career development. The Group's policy is to provide employees necessary training and education in relation to their job duties. We aspire to retain talents and to assist our employees to develop their strengths and potentials.

All Directors and senior management will be trained or provided with updated information on corporate governance and listing regulations. The Group promotes effective corporate governance and offers opportunities for Directors and management to receive training and attend conferences organized by professional associations.

Since regulations on food safety changes from time to time, necessary trainings will be provided to our procurement and warehouse staff. We also encourage our staff to attend seminars, workshops and conferences relating to food safety, import of food, business management, etc.

B4. Labour Standards

The Group is in strict compliance with Hong Kong Employment Ordinance and other applicable laws in Hong Kong. The Group has a comprehensive recruitment procedure and strictly prohibits the recruitment of child or forced labour. The Group's management is responsible for implementing and reviewing matters related to recruitment, compensation, training and development and other employees' welfare issues, relevant guidelines are set out in staff handbook, employment contract, code of conducts, and internal notices. The Group will conduct investigations, and punishment or dismissal to relevant employees immediately when any illegal behavior is being discovered. Termination of employment contract, for any reasons such as unsatisfactory performance, will be carried out in strict accordance of applicable laws and internal guidelines.

Operating Practices

B5. Supply Chain Management

The Group considers the selection of suppliers to be of utmost importance as we believe the supply of quality products is one of the key factors for us to succeed in the frozen seafood import and wholesale industry. We are generally able to lower our purchase costs through directly purchasing from Seafood Harvesters and Exporters in foreign countries since they generally cover the primary sources of frozen seafood products. We continue to source our products from Frozen Seafood Processors and Exporters and Frozen Seafood Exporters which enables us to identify and source a wide variety of frozen seafood supplies with different origins in a cost effective way.

When selecting and evaluating a potential supplier, the Group generally considers the portfolio of products capable to be offered by such potential supplier; the pricing of its products; and the quality of its products. In addition, the Group will also consider those efforts suppliers put to minimize potential negative impacts towards the environment and society. Once a new supplier has been selected, we approach the new supplier to discuss details of business cooperation, and for some of our suppliers we may enter into agency agreements with them in order to maintain long and close relationship with these suppliers.

The Group maintains close communication with its suppliers to have a better understanding of their operations. We will review the qualifications and performance of our suppliers including price level, product quality, delivery lead time and complaint record periodically. During the Year, the Group does not aware of any key supplier that has any significant negative impact on the business ethics, environmental protection and labour practices.

B6. Product Responsibility

The Group has implemented quality control measures by requiring our suppliers to provide us with the relevant health inspection reports or health certificates of the products before purchasing from them. Our overseas suppliers are required to provide us with health inspection report or health certificate in respect of the products delivered to us issued by the relevant government authorities or recognised institutions to certify that the products has achieved certain food safety standard and fit for human consumption.

The Group has set up a food safety committee in accordance with the HACCP and ISO 9001 requirements to maintain, evaluate and improve our quality control policies and procedures and to ensure that we are kept abreast of the development in food safety laws, regulations, guidelines and requirements that would have material effect on our operations or the frozen seafood industry. The members of food safety committee are also responsible for inspecting the health certificates from the suppliers.

To keep abreast of the development in food safety laws, regulations and requirements in a timely manner, food safety committee will meet regularly with focus on major news in the frozen seafood industry in Hong Kong and other jurisdictions in which our suppliers locate and updates in relevant laws and regulations; we will regularly review the various guidelines, requirements and orders issued by the Food and Environmental Hygiene Department in Hong Kong and enhance our quality control procedures accordingly; and we will actively communicate with our suppliers and conduct further desktop researches to enquire into the relevant updates.

Procurement team regularly checks whether our internal control and compliance manual has set out the relevant compliance requirements laid down by the relevant authorities in Hong Kong, such as (i) application for registration of food importers and distributors; (ii) update the main food categories and classifications applicable to us when there are changes of food types; and (iii) renewal of the registrations, and will update the same when necessary to ensure our food safety measures are up to the latest standard.

Upon receipt of products delivered to us by our suppliers, our logistics and warehouse team will conduct quality checking by (i) checking the relevant health certificates against the products to confirm that the products we procured are the subjects as stated under the health certificates provided by our suppliers; (ii) inspecting the packaging labels or certificates of origin of the relevant products to ascertain where such products originate and whether the import or sale of such products would subject to any specific regulations or requirements; (iii) inspecting their expiry dates to avoid inadvertent procurement of expired or close-to-expire food products; and (iv) inspecting their quantities and appearance to ensure compliance with the requirements we imposed and that the products are frozen at suitable temperatures and in proper packaging and in good condition for sale.

The Group also values our customers' feedback on our products and has implemented measures to handle complaints in an effective manner. Our customer service personnel handle all customers' complaints promptly upon receipt by way of phone, facsimile and email to ensure a timely response to all customers' concerns. For serious complaints such as large quantity products return, our customer service personnel will report such matters to the management for investigation and resolution. We believe the above measures can protect the rights of our customers. Such measures also help us to reinforce our quality control standards and strengthen our customers' confidence in our products.

During the Year, the Group does not aware of any incidents of non-compliance with relevant laws and regulations regarding health and safety, advertising, labelling, privacy matters relating to products and services provided and methods of redress that have significant impact on the Group.

B7. Anti-Corruption

The Group places great importance to the corporate culture of honesty and integrity. We have established anti-corruption policies which are set out in the staff hand book and the code of conduct. Employees are not allowed to receive any benefits and gifts from suppliers or customers, and shall not solicit or accept any advantage without the permission of the Group when conducting the Group's business affairs. All employees are fully briefed on the relevant anti-corruption policies and guidelines upon entering into their employment contracts, to ensure that they comply strictly with them and will carry out their duties in good faith. The Group reviews the relevant policies annually and will strengthen the organizational risk management with regards to corruption if needed. During the year, there are no legal cases regarding corrupt practices brought against the Group or its employees.

Community

B8. Community Investment

The Group believes in giving back to the society and we engage in various activities that could make positive impact in the livelihood of the communities in which we operate in. Through charitable giving and volunteerism, we seek to create value for the society and bring joy and happiness to people's lives.

During the year, the Group's subsidiary company Quality Products (H.K.) Limited participates in volunteer services and is awarded the 2018/2019 Caring Company Logo. The management of the Group encourages employees to participate in community and charity services so as to give back to society.

TO THE SHAREHOLDERS OF OCEAN ONE HOLDING LTD.

(incorporated in the Cayman Islands with limited liability)

OPINION

We have audited the consolidated financial statements of Ocean One Holding Ltd. (the "Company") and its subsidiaries (collectively referred to as "the Group") set out on pages 44 to 93, which comprise the consolidated statement of financial position as at 31 March 2019, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 March 2019, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

KEY AUDIT MATTERS (Continued)

Key audit matter

How our audit addressed the key audit matter

Net realisable value ("NRV") assessment of inventories

We identified the NRV assessment of inventories as a key audit matter due to the significance of the balance to the consolidated financial statements as a whole, combined with estimation uncertainty associated with determining the allowances of inventories.

The Group makes allowance for inventories if the NRV of inventories is lower than the cost of inventories. In determining the NRV of the Group's inventories, the management takes into consideration the fluctuations in price, the inventory level, the conditions, aging and expiry dates of inventories.

As disclosed in note 17 to the consolidated financial statements, the carrying amount of the Group's inventories was HK\$35,723,000 as at 31 March 2019 and no allowance for inventories has been made for the year.

Our procedures in relation to the NRV assessment of inventories included:

- Obtaining an understanding of how allowance for inventories is estimated by the management;
- Discussing with the management, evaluating the basis of identification of aged or obsolete inventories by the management and assessing the reasonableness of allowance for inventories, based on the fluctuations in price, the inventory level, the conditions, aging and expiry dates of inventories;
- Testing the aging analysis of inventories, on a sample basis, to the goods received notes; and
- Checking the subsequent selling prices of inventories, on a sample basis, to the sales invoices.

OTHER INFORMATION

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF DIRECTORS AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

RESPONSIBILITIES OF DIRECTORS AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so

Those charged with governance are responsible for overseeing the Group's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

• Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in the independent auditor's report is Leung Chui Shan.

FOR THE YEAR ENDED 31 MARCH 2019

1. GENERAL

Ocean One Holding Ltd. (the "Company") was incorporated in the Cayman Islands as an exempted company with limited liability on 18 April 2017 under the Companies Law, Cap. 22 (Law 3 of 1961, as consolidated and revised) of the Cayman Islands. The Company's immediate and ultimate holding company is Karlson Holding Limited ("Karlson") which was incorporated in the British Virgin Islands ("BVI") and controlled by Mr. Chan Kin Fung ("Mr. Chan"). The addresses of the registered office and principal place of business of the Company are disclosed in the Corporate Information section to the annual report.

The consolidated financial statements are presented in Hong Kong dollars ("HK\$"), which is the functional currency of the Company.

The Company acts as an investment holding company. The principal activities of its subsidiaries are set out in note 33.

2. BASIS OF PREPARATION AND PRESENTATION OF CONSOLIDATED FINANCIAL STATEMENTS

In preparation for the listing (the "Listing") of the Company's shares on GEM of The Stock Exchange of Hong Kong Limited (the "Stock Exchange"), the companies now comprising the Group underwent a group reorganisation (the "Group Reorganisation"). Details of the principal steps of the Group Reorganisation are set out in note 2 in the Company's 2018 annual report dated 25 June 2018. The Group Reorganisation was completed on 29 May 2017.

The Group resulting from the Group Reorganisation, which involves interspersing the Company, Ocean One (BVI) and other investment holding company between Quality Products and Mr. Chan, is continued to be controlled by Mr. Chan and is regarded as a continuing entity. Accordingly, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes of equity and consolidated statement of cash flows for the year ended 31 March 2018 have been prepared to include the results, changes in equity and cash flows of the companies now comprising the Group as if the group structure upon the completion of the Group Reorganisation had been in existence throughout the period, or since their respective dates of incorporation, where there is a shorter period.

APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs")

New and amendments to HKFRSs that are mandatorily effective for the current year

The Group has applied the following new and amendments to HKFRSs issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") for the first time in the current year:

HKFRS 9 Financial Instruments

HKFRS 15 Revenue from Contracts with Customers and the related Amendments

HK(IFRIC)-Int 22 Foreign Currency Transactions and Advance Consideration

Amendments to HKFRS 2 Classification and Measurement of Share-based Payment Transactions

Amendments to HKFRS 4 Applying HKFRS 9 "Financial Instruments" with HKFRS 4 "Insurance Contracts"

Amendments to HKAS 28 As part of the Annual Improvements to HKFRSs 2014–2016 Cycle

Amendments to HKAS 40 Transfers of Investment Property

Except as described below, the application of the new and amendments to HKFRSs in the current year has had no material impact on the Group's financial performance and position for the current and prior years and/or the disclosures set out in these consolidated financial statements.

FOR THE YEAR ENDED 31 MARCH 2019

3. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (Continued)

New and amendments to HKFRSs that are mandatorily effective for the current year (Continued) HKFRS 15 "Revenue from Contracts with Customers"

The Group has applied HKFRS 15 for the first time in the current year. HKFRS 15 superseded HKAS 18 "Revenue", HKAS 11 "Construction Contracts" and the related interpretations.

The Group has applied HKFRS 15 retrospectively with the cumulative effect of initially applying this standard recognised at the date of initial application, 1 April 2018. Any difference at the date of initial application is recognised in the opening accumulated profits (or other components of equity, as appropriate) and comparative information has not been restated. Furthermore, in accordance with the transition provisions in HKFRS 15, the Group has elected to apply the standard retrospectively only to contracts that are not completed at 1 April 2018. Accordingly, certain comparative information may not be comparable as comparative information was prepared under HKAS 18 and the related interpretations.

The Group recognises revenue from trading of frozen seafood products.

Information about the Group's performance obligations and accounting policies resulting from application of HKFRS 15 are disclosed in notes 6 and 4 respectively.

The revenue of the Group is recognised at a point in time. Under the transfer-of-control approach in HKFRS 15, revenue from trading of frozen seafood products is generally recognised when goods are delivered, which is the point of time when the customer has the ability to direct the use of products and obtain substantially all of the remaining benefits of the products. A receivable is recognised by the Group when the goods are delivered to the customers as this represents the point in time at which the right to consideration becomes unconditional, as only the passage of time is required before payment is due.

The application of HKFRS 15 has had no material impact on the amounts reported and/or disclosures set out in these consolidated financial statements.

HKFRS 9 "Financial Instruments"

In the current year, the Group has applied HKFRS 9 and the related consequential amendments to other HKFRSs. HKFRS 9 introduces new requirements for (1) the classification and measurement of financial assets and financial liabilities, (2) expected credit losses ("ECL") for financial assets and (3) general hedge accounting.

The Group has applied HKFRS 9 in accordance with the transition provisions set out in HKFRS 9. i.e. applied the classification and measurement requirements (including impairment under ECL model) retrospectively to instruments that have not been derecognised as at 1 April 2018 (date of initial application) and has not applied the requirements to instruments that have already been derecognised as at 1 April 2018. The difference between carrying amounts as at 31 March 2018 and the carrying amounts as at 1 April 2018, if any, are recognised in the opening accumulated profits and other components of equity, without restating comparative information.

Accordingly, certain comparative information may not be comparable as comparative information was prepared under HKAS 39 "Financial Instruments: Recognition and Measurement".

Accounting policies resulting from application of HKFRS 9 are disclosed in note 4.

FOR THE YEAR ENDED 31 MARCH 2019

APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (Continued)

New and amendments to HKFRSs that are mandatorily effective for the current year (Continued) HKFRS 9 "Financial Instruments"

Classification and measurement of financial assets

The directors of the Company reviewed and assessed the Group's financial assets as at 1 April 2018 based on the facts and circumstances that existed at that date. There is no change in classification and measurement on the Group's financial assets.

Impairment under ECL model

The Group has applied HKFRS 9 simplified approach to measure ECL using lifetime ECL for trade receivables. To measure the ECL, trade receivables have been assessed individually.

Loss allowance for other financial assets at amortised cost mainly comprise of pledged bank deposits, bank deposits with original maturity of more than three months and bank balances, and are measured on 12-month ECL ("12m ECL") basis and there had been no significant increase in credit risk since initial recognition.

As at 1 April 2018, no additional credit loss allowance has been recognised against accumulated profits as the estimated allowance under the ECL model was not significantly different to that under HKAS 39 based on the counterparties' past repayment history and forward looking information.

New and amendments to HKFRSs in issue but not yet effective

The Group has not early applied the following new and amendments to HKFRSs and interpretation that have been issued but are not yet effective:

HKFRS 16 Leases¹

HKFRS 17 Insurance Contracts³

HK(IFRIC)-Int 23 Uncertainty over Income Tax Treatments¹

Amendments to HKFRSs Annual Improvements to HKFRSs 2015–2017 Cycle¹

Amendments to HKFRS 3 Definition of a Business⁴

Amendments to HKFRS 9 Prepayment Features with Negative Compensation¹

Amendments to HKFRS 10 Sale or Contribution of Assets between an Investor and its Associate or

and HKAS 28 Joint Venture²

Amendments to HKAS 1 and Definition of Material⁵

HKAS 8

Amendments to HKAS 19 Plan Amendment, Curtailment or Settlement¹

Amendments to HKAS 28 Long-term Interests in Associates and Joint Ventures¹

- ¹ Effective for annual periods beginning on or after 1 January 2019.
- ² Effective for annual periods beginning on or after a date to be determined.
- Effective for annual periods beginning on or after 1 January 2021.
- Effective for business combinations and asset acquisitions for which the acquisition date is on or after the beginning of the first annual period beginning on or after 1 January 2020.
- ⁵ Effective for annual periods beginning on or after 1 January 2020.

Except for the new and amendments to HKFRSs mentioned below, the directors of the Company anticipate that the application of all other new and amendments to HKFRSs will have no material impact on the consolidated financial statements in the foreseeable future.

FOR THE YEAR ENDED 31 MARCH 2019

APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (Continued)

New and amendments to HKFRSs in issue but not yet effective (Continued) HKFRS 16 "Leases"

HKFRS 16 introduces a comprehensive model for the identification of lease arrangements and accounting treatments for both lessors and lessees. HKFRS 16 will supersede HKAS 17 "Leases" and the related interpretations when it becomes effective.

HKFRS 16 distinguishes lease and service contracts on the basis of whether an identified asset is controlled by a customer. In addition, HKFRS 16 requires sales and leaseback transactions to be determined based on the requirements of HKFRS 15 as to whether the transfer of the relevant asset should be accounted as a sale. HKFRS 16 also includes requirements relating to subleases and lease modifications.

Distinctions of operating leases and finance leases are removed for lease accounting, and is replaced by a model where a right-of-use asset and a corresponding liability have to be recognised for all leases by lessees, except for short-term leases and leases for low-value assets.

The right-of-use asset is initially measured at cost and subsequently measured at cost (subject to certain exceptions) less accumulated depreciation and impairment losses, adjusted for any remeasurement of the lease liability. The lease liability is initially measured at the present value of the lease payments that are not paid at that date. Subsequently, the lease liability is adjusted for interest and lease payments, as well as the impact of lease modifications, amongst others. For the classification of cash flows, the Group currently presents finance lease payments as financing cash flows and operating lease payments as operating cash flows. Upon application of HKFRS 16, lease payments in relation to lease liability will be allocated into a principal and an interest portion which will be presented as financing cash flows by the Group.

Under HKAS 17, the Group has already recognised an asset and a related finance lease liability for finance lease arrangement where the Group is a lessee. The application of HKFRS 16 may result in potential changes in classification of these assets depending on whether the Group presents right-of-use assets separately or within the same line item at which the corresponding underlying assets would be presented if they were owned.

Other than certain requirements which are also applicable to lessor, HKFRS 16 substantially carries forward the lessor accounting requirements in HKAS 17, and continues to require a lessor to classify a lease either as an operating lease or a finance lease.

Furthermore, extensive disclosures are required by HKFRS 16.

As at 31 March 2019, the Group has non-cancellable operating lease commitments of HK\$792,000 as disclosed in note 27. A preliminary assessment indicates that these arrangements will meet the definition of a lease. Upon application of HKFRS 16, the Group will recognise a right-of-use asset and a corresponding liability in respect of all these leases unless they qualify for low value or short-term leases.

The application of new requirements may result in changes in measurement, presentation and disclosure as indicated above. The Group will elect the practical expedient to apply HKFRS 16 to contracts that were previously identified as leases applying HKAS 17 and HK(IFRIC)-Int 4 "Determining whether an Arrangement contains a Lease" and not apply this standard to contracts that were not previously identified as containing a lease applying HKAS 17 and HK(IFRIC)-Int 4. Therefore, the Group will not reassess whether the contracts are, or contain a lease which already existed prior to the date of initial application. Furthermore, the Group will elect the modified retrospective approach for the application of HKFRS 16 as lessee and will recognise the cumulative effect of initial application to opening accumulated profits without restating comparative information.

FOR THE YEAR ENDED 31 MARCH 2019

APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (Continued)

New and amendments to HKFRSs in issue but not yet effective (Continued)

Amendments to HKFRS 3 "Definition of a Business"

The amendments clarify the definition of a business and provide additional guidance with the objective of assisting entities to determine whether a transaction should be accounted for as a business combination or an asset acquisition. Furthermore, an optional concentration test is introduced to permit a simplified assessment of whether an acquired set of activities and assets is not a business. The amendments will be mandatorily effective to the Group prospectively for acquisition transactions completed on or after 1 April 2020.

Amendments to HKAS 1 and HKAS 8 "Definition of Material"

The amendments provide refinements to the definition of material by including additional guidance and explanations in making materiality judgements. The amendments also align the definition across all HKFRSs and will be mandatorily effective for the Group's annual period beginning on 1 April 2020. The application of the amendments is not expected to have significant impact on the financial position and performance of the Group but may affect the presentation and disclosures in the consolidated financial statements.

4. SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements have been prepared in accordance with HKFRSs issued by the HKICPA. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on GEM of the Stock Exchange and by the Hong Kong Companies Ordinance.

The consolidated financial statements have been prepared on the historical cost basis, as explained in the accounting policies set out below.

Historical cost is generally based on the fair value of the consideration given in exchange of goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of HKFRS 2 "Share-based Payment", leasing transactions that are within the scope of HKAS 17, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in HKAS 2 "Inventories" or value in use in HKAS 36 "Impairment of Assets".

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity
 can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below:

FOR THE YEAR ENDED 31 MARCH 2019

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Group gains control until the date when the Group ceases to control the subsidiary.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Acquisition of a subsidiary not constituting a business

When the Group acquires a group of assets and liabilities that do not constitute a business, the Group identifies and recognises the individual identifiable assets acquired and liabilities assumed by allocating the purchase price to individual identifiable assets and liabilities on the basis of their relative fair values at the date of purchase. Such transaction does not give rise to goodwill or bargain purchase gain.

Revenue from contracts with customers (upon application of HKFRS 15 in accordance with transitions in note 3)

Under HKFRS 15, the Group recognises revenue when (or as) a performance obligation is satisfied, i.e. when "control" of the goods or services underlying the particular performance obligation is transferred to the customer.

A performance obligation represents a good or service (or a bundle of goods or services) that is distinct or a series of distinct goods or services that are substantially the same.

Control is transferred over time and revenue is recognised over time by reference to the progress towards complete satisfaction of the relevant performance obligation if one of the following criteria is met:

- the customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs;
- the Group's performance creates and enhances an asset that the customer controls as the Group performs; or
- the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

FOR THE YEAR ENDED 31 MARCH 2019

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue from contracts with customers (upon application of HKFRS 15 in accordance with transitions in note 3) (Continued)

Otherwise, revenue is recognised at a point in time when the customer obtains control of the distinct good or service.

Revenue recognition (prior to 1 April 2018)

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods sold in the normal course of business, net of discounts and sales related taxes.

Revenue is recognised when the amount of revenue can be reliably measured; when it is probable that future economic benefits will flow to the Group and when specific criteria have been met for each of the Group's activities, as described below.

Revenue from the sale of goods is recognised when the goods are delivered and titles have passed.

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

The Group's accounting policy for recognition of revenue from operating leases is described in the accounting policy for leasing below.

Inventories

Inventories are stated at the lower of cost and net realisable value. Costs of inventories are determined on a weighted average method. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

Property, plant and equipment

Property, plant and equipment including buildings and leasehold land (classified as finance leases) are stated at cost less subsequent accumulated depreciation and subsequent accumulated impairment losses, if any.

Depreciation is recognised so as to write off the cost of items of property, plant and equipment over their estimated useful lives, using the straight-line method. The estimated useful lives and depreciation method are reviewed at the end of the reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.

If an item of property, plant and equipment becomes an investment property because its use has changed as evidenced by end of owner-occupation, the transfer does not change the carrying amount of the property transferred, nor does it change the cost of that property for measurement and disclosure purpose.

FOR THE YEAR ENDED 31 MARCH 2019

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property, plant and equipment (Continued)

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Investment property

Investment property is property held to earn rentals and/or for capital appreciation.

Investment property is initially measured at cost, including any directly attributable expenditure. Subsequent to initial recognition, investment property is stated at cost less subsequent accumulated depreciation and any accumulated impairment losses. Depreciation is recognised so as to write off the cost of investment property over its estimated useful lives and after taking into account of its estimated residual value, using the straight-line method.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from its disposals. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the profit or loss in the period in which the investment property is derecognised.

Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

The Group as lessor

Rental income from operating leases is recognised in profit or loss on a straight-line basis over the term of the relevant lease.

The Group as lessee

Assets held under finance leases are recognised as assets of the Group at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the consolidated statement of financial position as a finance lease obligation.

Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognised immediately in profit or loss. Contingent rentals are recognised as expenses in the periods in which they are incurred.

Operating lease payments are recognised as an expense on a straight-line basis over the lease term. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.

Leasehold land and building

When the Group makes payments for a property interest which includes both land and building elements, the Group assesses the classification of each element as a finance or an operating lease separately based on the assessment as to whether substantially all the risks and rewards incidental to ownership of each element have been transferred to the Group, unless it is clear that both elements are operating leases in which case the entire property is accounted as an operating lease. Specifically, the entire consideration (including any lump-sum upfront payments) is allocated between the leasehold land and the building elements in proportion to the relative fair values of the leasehold interests in the land element and building element of the lease at initial recognition.

FOR THE YEAR ENDED 31 MARCH 2019

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Leasehold land and building (Continued)

When the lease payments cannot be allocated reliably between the leasehold land and building elements, the entire property is generally classified as if the leasehold land is under finance lease.

Impairment

At the end of the reporting period, the Group reviews the carrying amounts of its assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the relevant asset is estimated in order to determine the extent of the impairment loss, if any.

When it is not possible to estimate the recoverable amount of an asset individually, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset (or a cash-generating unit) for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or a cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or a cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or a cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

Financial instruments

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value except for trade receivables arising from contracts with customers where are initially measured in accordance with HKFRS 15 since 1 April 2018. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets or financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income and interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset or financial liability, or, where appropriate, a shorter period to the net carrying amount on initial recognition.

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial instruments (Continued)

Financial assets

Classification and subsequent measurement of financial assets (upon application of HKFRS 9 in accordance with transitions in note 3)

Financial assets that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognised using the effective interest method for financial assets measured subsequently at amortised cost. Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired, interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset from the next reporting period. If the credit risk on the credit-impaired financial instrument improves so that the financial asset is no longer credit-impaired, interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset from the beginning of the reporting period following the determination that the asset is no longer credit impaired.

Impairment of financial assets (upon application HKFRS 9 with transitions in accordance with note 3)

The Group recognises a loss allowance for ECL on financial assets which are subject to impairment under HKFRS 9 (including trade receivables, pledged bank deposits, bank deposits with original maturity of more than three months and bank balances). The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of the relevant instrument. In contrast, 12m ECL represents the portion of lifetime ECL that is expected to result from default events that are possible within 12 months after the reporting date. Assessments are done based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current conditions at the reporting date as well as the forecast of future conditions.

The Group always recognises lifetime ECL for trade receivables. The ECL on these assets are assessed individually.

For all other instruments, the Group measures the loss allowance equal to 12m ECL, unless when there has been a significant increase in credit risk since initial recognition, the Group recognises lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition.

FOR THE YEAR ENDED 31 MARCH 2019

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial instruments (Continued)

Financial assets (Continued)

Impairment of financial assets (upon application HKFRS 9 with transitions in accordance with note 3) (Continued)

(i) Significant increase in credit risk

In assessing whether the credit risk has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk, e.g. a significant increase in the credit spread, the credit default swap prices for the debtor;
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor;
- an actual or expected significant adverse change in the regulatory, economic, or technological
 environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt
 obligations.

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Group has reasonable and supportable information that demonstrates otherwise.

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

(ii) Definition of default

For internal credit risk management, the Group considers an event of default occurs when information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full.

Irrespective of the above, the Group considers that default has occurred when a financial asset is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial instruments (Continued)

Financial assets (Continued)

Impairment of financial assets (upon application HKFRS 9 with transitions in accordance with note 3) (Continued)

(iii) Credit-impaired financial assets

A financial asset is credit-impaired when one or more events of default that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- (a) significant financial difficulty of the issuer or the borrower;
- (b) a breach of contract, such as a default or past due event;
- (c) the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider;
- (d) it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- (e) the disappearance of an active market for that financial asset because of financial difficulties.

(iv) Write-off policy

The Group writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, for example, when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings, or in the case of trade receivables, when the amounts are over one years past due, whichever occurs sooner. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. A write-off constitutes a derecognition event. Any subsequent recoveries are recognised in profit or loss.

(v) Measurement and recognition of ECL

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information. Estimation of ECL reflects an unbiased and probability-weighted amount that is determined with the respective risks of default occurring as the weights.

Generally, the ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and the cash flows that the Group expects to receive, discounted at the effective interest rate determined at initial recognition.

Where ECL is measured on a collective basis or cater for cases where evidence at the individual instrument level may not yet be available, the financial instruments are grouped on the following basis:

- Nature of financial instruments
- Past-due status;
- Nature, size and industry of debtors; and
- External credit ratings where available.

Financial instruments (Continued)

Financial assets (Continued)

Impairment of financial assets (upon application HKFRS 9 with transitions in accordance with note 3) (Continued)

(v) (Continued)

The grouping is regularly reviewed by management to ensure the constituents of each group continue to share similar credit risk characteristics.

Interest income is calculated based on the gross carrying amount of the financial asset unless the financial asset is credit impaired, in which case interest income is calculated based on amortised cost of the financial asset

The Group recognises an impairment gain or loss in profit or loss for all financial instruments by adjusting their carrying amount, with the exception of trade receivables, where the corresponding adjustment is recognised through a loss allowance account.

Classification and subsequent measurement of financial assets (before application of HKFRS 9 on 1 April 2018)

The Group's financial assets are classified as loans and receivables. The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Subsequent to initial recognition, loans and receivables (including trade receivables, pledged bank deposits, bank deposits with original maturity of more than three months and bank balances and cash) are carried at amortised cost using the effective interest method, less any identified impairment loss.

Interest income is recognised by applying the effective interest rate, except for short-term receivables where the recognition of interest would be immaterial.

Impairment of financial assets (before application of HKFRS 9 on 1 April 2018)

Financial assets are assessed for indicators of impairment at the end of each reporting period. Financial assets are considered to be impaired when there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the financial assets have been affected.

Objective evidence of impairment could include:

- significant financial difficulty of the issuer or counterparty; or
- breach of contract, such as a default or delinquency in interest or principal payments; or
- it becoming probable that the borrower will enter bankruptcy or financial re-organisation.

For certain categories of financial asset such as trade receivables, assets that are assessed not to be impaired individually are, in addition, assessed for impairment on a collective basis. Objective evidence of impairment for a portfolio of receivables could include the Group's past experience of collecting payments, an increase in the number of delayed payments in the portfolio past the general credit period, observable changes in national or local economic conditions that correlate with default on receivables.

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial instruments (Continued)

Financial assets (Continued)

Impairment of financial assets (before application of HKFRS 9 on 1 April 2018) (Continued)

For financial assets carried at amortised cost, the amount of the impairment loss recognised is the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the financial asset's original effective interest rate.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade receivables, where the carrying amount is reduced through the use of an allowance account. Changes in the carrying amount of the allowance account are recognised in profit or loss. When a trade receivable is considered uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited to profit or loss.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent that the carrying amount of the investment at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

Financial liabilities and equity

Classification as debt or equity

Debt and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Financial liabilities at amortised cost

Financial liabilities are subsequently measured at amortised cost, using the effective interest method.

Derecognition

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

FOR THE YEAR ENDED 31 MARCH 2019

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit before taxation because of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax assets and liabilities reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

Current and deferred tax are recognised in profit or loss.

Foreign currencies

In preparing the financial statements of each individual group entity, transactions in currencies other than the functional currency of that entity (foreign currencies) are recognised at the rates of exchanges prevailing on the dates of the transactions. At the end of the reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on the retranslation of monetary items, are recognised in profit or loss in the period in which they arise.

FOR THE YEAR ENDED 31 MARCH 2019

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Borrowing costs

All borrowing costs not attributable to the acquisition, construction or production of qualifying assets are recognised in profit or loss in the period in which they are incurred.

Retirement benefit costs

Payments to the Mandatory Provident Fund Scheme are recognised as an expense when employees have rendered service entitling them to the contributions.

Short-term employee benefits

Short-term employee benefits are recognised at the undiscounted amount of the benefits expected to be paid as and when employees rendered the services. All short-term employee benefits are recognised as an expense unless another HKFRS requires or permits the inclusion of the benefit in the cost of an asset.

A liability is recognised for benefits accruing to employees such as wages and salaries after deducting any amount already paid.

5. KEY SOURCES OF ESTIMATION UNCERTAINTY

The followings are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that may have a significant risk of causing a material adjustment to the carrying amounts of assets within the next financial year.

Net realisable value ("NRV") assessment of inventories

The Group makes allowance for inventories based on an assessment of the NRV of inventories. Allowances are applied to inventories where events or changes in circumstances indicate that the NRV is lower than the cost of inventories. The identification of obsolete inventories requires the use of judgment and estimates on the fluctuations in price, the inventory level, the conditions, aging and expiry dates of inventories. If the NRV of the inventories of the Group is less than expected, additional allowance may be required. As at 31 March 2019, the carrying amount of inventories is HK\$35,723,000 (2018: HK\$32,929,000). No allowance for inventories has been made for both years.

Impairment assessment of trade receivables

The management of the Group estimates the amount of lifetime ECL of trade receivables based on individual assessment, after considering internal credit ratings of trade debtors, aging, repayment history and/or past due status of respective trade receivables. Estimated loss rates are based on historical observed default rates over the expected life of the debtors and are adjusted for forward-looking information. At every reporting date, the historical observed default rates are reassessed and changes in the forward-looking information are considered. The provision of ECL is sensitive to changes in estimates. The information about the ECL and the Group's trade receivables are disclosed in notes 36 and 18 respectively. As at 31 March 2019, the carrying amount of trade receivables is HK\$28,576,000 (2018: HK\$31,012,000). No impairment loss on trade receivables has been made for both years.

FOR THE YEAR ENDED 31 MARCH 2019

6. REVENUE AND SEGMENT INFORMATION

Revenue represents amounts received or receivable from trading of frozen seafood products. Revenue is recognised when control of the goods has transferred, being when the goods have been shipped to the customer's specified location. Following delivery, the customer has full discretion over the manner of distribution and price to sell the goods and bears the risks of obsolescence and loss in relation to the goods.

The Group's operating activities are attributable to a single operating segment focusing on importing and wholesaling of frozen seafood products. This operating segment has been identified on the basis of internal management reports prepared in accordance with accounting policies which conform to HKFRSs that are regularly reviewed by the executive directors of the Company, the chief operating decision maker ("CODM"). The CODM reviews the results of the Group as a whole in order to assess financial performance and allocation of resources. Accordingly, the operation of the Group constitutes only one single operating segment. Other than entity wide information, no further analysis of this single segment is presented.

All sales contracts are for periods of one year or less. As permitted under HKFRS 15, the transaction price allocated to these unsatisfied contracts is not disclosed.

The disaggregated information of revenue are as follows:

FOR THE YEAR ENDED 31 MARCH 2019

12. TAXATION (Continued)

On 21 March 2018, the Hong Kong Legislative Council passed The Inland Revenue (Amendment) (No. 7) Bill 2017 (the "Bill") which introduces the two-tiered profits tax rates regime. The Bill was signed into law on 28 March 2018 and was gazetted on the following day. Under the two-tiered profits tax rates regime, the first HK\$2 million of profits will be taxed at 8.25%, and profits above HK\$2 million will be taxed at 16.5%.

During the year ended 31 March 2019, Hong Kong Profits Tax is calculated at 8.25% on the first HK\$2 million of the estimated assessable profits and at 16.5% on the estimated assessable profits above HK\$2 million.

During the year ended 31 March 2018, Hong Kong Profits Tax was calculated at a flat rate of 16.5% of the estimated assessable profits.

The taxation charge for the year can be reconciled to the profit before taxation per the consolidated statement of profit or loss and other comprehensive income as follows:

	2019 HK\$'000	2018 HK\$'000
Profit before taxation	30,100	10,401

61 to 90 days	343	940
Over 90 days	_	2
	28,576	31,012

The management of the Group closely monitors the credit quality of trade receivables and considers the debtors that are neither past due nor impaired to be of a good credit quality. Before accepting any new customer, the Group's management will assess the potential customer's credit quality and determine the credit limits of each customer. Credit limits attributable to customers are reviewed periodically.

The Group has a policy for allowance of impairment loss which is based on the evaluation of collectability and aging analysis of accounts and on management's judgement including the creditworthiness and the past collection history of each customer.

As at 31 March 2019, included in the Group's trade receivables balance are debtors with aggregate carrying amount of HK\$10,297,000, which are past due at the end of the reporting period. The Group does not hold any collateral over these balances.

26. SHARE OPTION SCHEME

The Company's share option scheme (the "Share Option Scheme") was adopted pursuant to a resolution passed on 21 September 2017. The purpose of the Share Option Scheme is to enable the Group to grant options to the eligible participants to reward the employees, the directors of the Company and other selected participants for their contributions to the Group, and it is expected that they will make an effort to contribute to the development of the Group.

The board of directors may, at its absolute discretion, offer to grant an option to eligible participant(s) to subscribe for the shares of the Company at an exercise price and subject to the other terms of the Share Option Scheme. The maximum number of shares in respect of which options may be granted under the Share Option Scheme and any other schemes of the Group must not in aggregate exceed 10% of the total number of shares in issue at the time dealings in the shares of the Company first commence on the Stock Exchange (i.e. 28,000,000 shares) and that none of the options granted the Share Option Scheme are exercised. HK\$1 is payable by eligible participant(s) on acceptance of an offer of option.

The Share Option Scheme will remain in force for a period of ten years from its adoption date. Subject to certain restrictions contained in the Share Option Scheme, an option may be exercised by an eligible participant, in whole or in part, at any time during the period commencing from the date of grant and ending on such date as the board of directors may determine in granting the option, but in any event not exceeding ten years from the date of grant except that no option may be exercised until the expiry of 12 months after the date of grant. There is no general requirement on the minimum period for which an option must be held or the performance targets which must be achieved before an option can be exercised under the terms of the Share Option Scheme. However, at the time of granting any option, the board of directors may, on a case by case basis, make such grant subject to such conditions, restrictions or limitations including (without limitation) those in relation to the minimum period of the options to be held and/or the performance targets to be achieved as the board of directors may determine in its absolute discretion.

No options were granted or exercised during the year ended 31 March 2019 and 2018 and no share options were outstanding as at 31 March 2019 and 2018.

27. OPERATING LEASE COMMITMENTS

The Group as lessee

30. RETIREMENT BENEFIT SCHEME

The Group participates in the Mandatory Provident Fund Scheme for all qualifying employees in Hong Kong. The assets of the scheme are held separately from those of the Group in funds under the control of trustees. The Group contributes of 5% of relevant payroll costs to the scheme, which contribution is matched by employees but subject to a maximum amount of HK\$1,500 per month for each employee to the scheme.

The total expense recognised in profit or loss of HK\$184,000 (2018: HK\$164,000) represents contributions to the scheme by the Group at rate specified in the rule of the scheme during the year ended 31 March 2019.

31. NON-CASH TRANSACTION

During the year ended 31 March 2019, the Group disposed of a fully depreciated motor vehicle at a consideration of HK\$220,000 and purchased another motor vehicle at HK\$935,000 from a supplier. The transaction is settled on a net basis.

35. CAPITAL RISK MANAGEMENT

The Group manages its capital to ensure that the Group will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged from prior year.

The capital structure of the Group consists of net debt, which includes bank borrowings and obligation under a finance lease disclosed in notes 21 and 22, respectively, net of cash and cash equivalents and equity attributable to owners of the Company, comprising issued share capital and reserves.

The directors of the Company review the capital structure regularly. As part of this review, the directors of the Company consider the cost of capital and the risks associated with each class of capital, and will balance its overall capital structure through the payment of dividends, new share issues as well as the issue of new debt or the redemption of existing debt.

Financial risk management objectives and policies

The Group's financial instruments include trade receivables, pledged bank deposits, bank deposits with original maturity of more than three months, bank balances and cash, trade payables, bank borrowings and bank overdrafts. Details of these financial instruments are disclosed in respective notes. The risks associated with these financial instruments and the policies on how to mitigate these risks are set out below. The management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

Financial risk management objectives and policies (Continued)

Currency risk

The carrying amounts of the Group's monetary assets and liabilities (including bank balances, trade payables) denominated in currencies other than the functional currency of the respective group entity at the end of the reporting period are as follows:

	Ass	sets	Liabilities		
	2019	2018	2019	2018	
	HK\$'000	HK\$'000	HK\$'000	HK\$'000	
JPY	1,346	_	4,522	5,516	
US\$	51	132	642	359	

The Group currently does not have a foreign currency hedging policy in respect of foreign currency exposure. However, management monitors the related foreign currency exposure closely and will consider hedging significant currency exposure should the need arise.

Sensitivity analysis

The Group is mainly exposed to fluctuation against a foreign currency of JPY and US\$. Under the pegged exchange rate system, the financial impact on exchange differences between US\$ and HK\$ is expected to be immaterial and therefore no sensitivity analysis has been prepared.

The following table details the Group's sensitivity to a 10% increase and decrease in the functional currency of the Group against JPY. 10% is the sensitivity rate which represents management's assessment of the reasonably possible change in JPY rate. The sensitivity analysis includes only outstanding JPY denominated monetary items and adjusts their translation at the year end for a 10% change. A positive number indicates an increase in post-tax profit for the year when HK\$ strengthens 10% against JPY. For a 10% weakening of HK\$ against JPY, there would be an equal but opposite impact on the post-tax profit for the year.

	2019 HK\$'000	2018 HK\$'000
JPY	265	461

In the opinion of the directors of the Company, the sensitivity analysis is unrepresentative of the inherent foreign currency risk as the year end exposures at the end of the reporting period do not reflect the exposure during both years.

FOR THE YEAR ENDED 31 MARCH 2019

36. FINANCIAL INSTRUMENTS (Continued)

Financial risk management objectives and policies (Continued)

Interest rate risk

The Group is exposed to cash flow interest rate risk in relation to certain pledged bank deposits and bank balances, bank overdrafts and bank borrowings (see notes 19 and 21 for details of these balances). Interest charged on the Group's borrowings and bank overdrafts are varied to Hong Kong Prime Rate. The Group is also exposed to fair value interest rate risk in relation to certain pledged bank deposits and bank deposits with original maturity more than three months (see note 19). The directors of the Company consider the Group's exposures of the bank balances and pledged bank deposits are not significant as interest bearing bank balances are within short maturity period and thus they are not included in sensitivity analysis. The Group currently does not have a policy on cash flow hedges of interest rate risk. However, the management monitors interest rate exposure and will consider hedging significant interest rate risk should the need arise.

The Group's exposures to interest rates on financial liabilities are detailed in the liquidity risk management section of this note.

Sensitivity analysis

The sensitivity analysis below has been determined based on the exposure to interest rates for bank borrowings and bank overdrafts. The analysis is prepared assuming that the amount of liabilities outstanding at the end of the reporting period were outstanding for the whole year. 100 basis points increase or decrease represent the management's assessment of the reasonably possible change in interest rates of bank borrowings and bank overdrafts.

If interest rates on variable-rate bank borrowings and bank overdrafts had been 100 basis points higher/lower and all other variables were held constant, the potential effect on the Company's post-tax profit for the year would decrease/increase by HK\$136,000 (2018: HK\$65,000).

Credit risk and impairment assessment

The Group's maximum exposure to credit risk in the event of the counterparties failure to perform their obligations in relation to each class of recognised financial assets is the carrying amount of these assets as stated in the consolidated statement of financial position.

In order to minimise the credit risk, the management has delegated a team responsible for determination of credit limits, credit approvals and other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. In addition, the Group performs impairment assessment under ECL model upon application of HKFRS 9 (2017: incurred loss model) on trade balances individually. In this regard, the directors of the Company consider that the Group's credit risk is significantly reduced.

Upon adoption of HKFRS 9 on 1 April 2018, the Group applies the simplified approach to provide for expected credit losses prescribed by HKFRS 9, which permits the use of the lifetime expected loss provision for trade receivables.

Financial risk management objectives and policies (Continued)

Credit risk and impairment assessment (Continued)

The Group's internal credit risk grading assessment comprises the following categories:

Internal credit rating	Description
Low risk	The counterparty has a low risk of default and does not have any past-due amounts.
Watch list	Debtor frequently repays but usually settles after due dates.
Doubtful	There have been significant increases in credit risk since initial recognition through information developed internally or external resources.
Write-off	There is evidence indicating that the debtor is in severe financial difficulty and the Group has no realistic prospect of recovery.

The table below details the credit risk exposures of the Group's financial assets, which are subject to ECL assessment:

2019	External credit rating	Internal credit rating	12m ECL or lifetime ECL	Gross carrying amount HK\$'000
Trade receivables	N/A	Low risk Watch list	Lifetime ECL (not credit impaired) Lifetime ECL (not credit impaired)	9,728 18,848
Bank balances	A1–A3	N/A	12m ECL	20,853

As at 31 March 2019, the Group has concentration of credit risk by geographical location as 87% (2018: 88%) of trade receivables are in Hong Kong.

No impairment allowance for trade receivables were provided since the loss given default and exposure at default are insignificant based on historical credit loss experience. The directors of the Company has also assessed all available forward looking information, including but not limited to expected growth rate of the industry and subsequent settlement, and concluded that there is no significant increase in credit risk.

The credit risks on bank balances are limited because the counterparties are banks with high crediting ratings assigned by international credit-rating agencies. The management of the Group considers the probability of default in negligible and accordingly, no loss allowance was recognised.

Financial risk management objectives and policies (Continued) Liquidity risk

For the management of the liquidity risk, the Group monitors and maintains a level of cash and cash equivalents deemed adequate by management to finance the Group's operations and mitigate the effects of fluctuations in cash flows. The management monitors the utilisation of bank borrowings and bank overdrafts and ensures compliance with loan covenants.

The following table details the Group's remaining contractual maturity for their non-derivative financial liabilities. The table has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay. Specifically, bank borrowings with a repayment on demand clause are included in the earliest time band regardless of the probability of the banks choosing to exercise their rights. The maturity dates for other non-derivative financial liabilities are based on the agreed repayment dates.

The table includes both interest and principal cash flows. To the extent that interest cash flows are at floating rate, the undiscounted amount is derived from current interest rates at the end of the reporting period.

Liquidity and interest risk tables (Continued)

Bank borrowings with repayment on demand clauses are included in the "on demand or less than 1 year" time band in the above maturity analysis. As at 31 March 2019, the aggregate carrying amounts of these bank borrowings amounted to HK\$16,232,000 (2018: HK\$6,042,000). Taken into account the Group's financial position, the directors of the Company do not believe that it is probable that the lenders will exercise their discretionary rights to demand immediate repayment. The directors of the Company believe that such bank borrowings will be repaid in accordance with the scheduled repayment dates set out in the loan agreements, details of which are set out in the table below:

	Weighted	On demand			Total	
	effective interest rate %	or less than 1 year HK\$'000	1–2 years HK\$′000	2–5 years HK\$'000	undiscounted cash flows HK\$'000	Carrying amount HK\$'000

2018						
Bank borrowings						
— variable-rate	3.49	1,988	1,806	2,615	6,409	6,042

The amount included above for variable interest rate instruments for non-derivative financial liabilities are subject to change if changes in variable interest rates differ to those estimates of interest rates determined at the end of the reporting period.

Fair value measurement of financial instruments

The fair values of financial assets and financial liabilities have been determined in accordance with generally accepted pricing models based on a discounted cash flow analysis.

The directors of the Company consider that the carrying amounts of financial assets and financial liabilities recorded at amortised cost in the consolidated financial statements approximate their fair values.

37. RECONCILIATION OF LIABILITIES ARISING FROM FINANCING ACTIVITIES

The table below details changes in the Group's liabilities arising from financing activities, including both cash and non-cash changes. Liabilities arising from financing activities are those for which cash flows were, or future cash flows will be, classified in the Group's consolidated statement of cash flows as cash flows from financing activities.
