# CHARACTERISTICS OF GEM ("GEM") OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the "Directors") of PF Group Holdings Limited (the "Company") collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the "GEM Listing Rules") for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief, the information contained in this report is accurate and complete in all material respects and not misleading or deceptive and there are no other matters the omission of which would make any statement herein or this report misleading.

### CHAIRMAN'S STATEMENT

Dear Shareholders,

On behalf of the board of Directors (the "**Board**") of the Company, I am delighted to present to you the annual report of the Company and its subsidiaries (collectively the "**Group**") for the year ended 31 March 2019.

### **REVIEW**

During the year under review, uncertainties prevail in the global economic environment. The Hong Kong financial market has been troubled by the Sino-US trade tension and many other uncertainties such as the tightening liquidity due to the United States (the "US") interest rate hikes as well as worries over a synchronized global economic slowdown in the coming year. These uncertainties have affected the overall performance of the Hong Kong stock market.

The Group's income from the securities dealing and brokerage services and the placing and underwriting services decreased of approximately 31.31% and 18.5% respectively as compared to the year ended 31 March 2018. Interest income from margin financing decreased by approximately 1.2% from approximately HK\$6.54 million for the year ended 31 March 2018 to approximately HK\$6.46 million for the year ended 31 March 2019.

On the other hand, fee income from asset management services for the year ended 31 March 2019 decreased by approximately 12.5% from approximately HK\$1.6 million for the year ended 31 March 2018 to approximately HK\$1.4 million for the year ended 31 March 2019, it was mainly due to decrease in performance fee recorded. The Group was engaged by two new hedge funds for asset management and had five (2018: six) asset management clients in total and the total net assets value managed by the Group was approximately HK\$5.2 billion (2018: approximately HK\$4.8 billion). The management believes that the Group's asset management business will expand in the coming future.

Other revenue for the year ended 31 March 2019 represents the monthly referred income generated from the referred investors. Since the Group currently does not have a Shanghai Hong Kong Stock Connect licence to executive the overseas trade, the Group had sign a referred agreements with other securities companies who have proper licences. The amount decreased by approximately HK\$0.9 million from approximately HK\$4.8 million for the year ended 31 March 2018 to approximately HK\$3.9 million for the year ended 31 March 2019. The decreased mainly arisen from decrease of referred fee income by approximately HK\$3.8 million.

Overall, total revenue for the year ended 31 March 2019 decreased by approximately 18.6% or HK\$15.4 million as compared to the year ended 31 March 2018 mainly as a result of the decrease in fee and commission income from the securities dealing and brokerage services and the placing and underwriting services.

### CHAIRMAN'S STATEMENT

### OUTLOOK

The Directors are of the view that the Hong Kong and global financial markets are full of uncertainties arising from, among others, concerns over hikes in Hong Kong's benchmark interest rate to catch up with the US, the Brexit negotiation process and the US's policies on interest rate and tariff. The Directors and senior management of the Group will continue to monitor the Group's risk and credit exposure prudently, review the working capital level on an on-going basis, keep abreast of the latest developments of statutory requirements and the Hong Kong financial industry in order to maximise returns to shareholders.

Looking forward, it is expected that the Group's revenue mix will be similar to that in 2019 with primary focus on securities dealing and brokerage services, placing and underwriting services, financial services including securities and initial public offering margin financing and asset management services.

The Group and the Directors will continue to keep abreast of the latest development of the Hong Kong financial market and the update on the regulatory requirements applicable to the Group and to strive to achieve the business objective to increase the Group's exposure and scale of operations in Hong Kong within the capital markets and to capture a larger market share.

### **APPRECIATION**

On behalf of the Board, I would like to take this opportunity to express my sincere gratitude to the Group's shareholders, customers and business partners for their continuous support, and to our management and staff members for their diligence and contribution to the growth of the Group.

On behalf of the Board,

Lo Tak Wing Benson Chairman and Executive Director

Hong Kong, 21 June 2019

### **BUSINESS REVIEW**

The Group is principally engaged in the provision of (i) securities dealing and brokerage services; (ii) placing and underwriting services; (iii) financing services including securities and initial public offering ("IPO") margin financing; and (iv) asset management services. The Group's services mainly relate to equity and debt securities trading on the Stock Exchange in Hong Kong.

The Group conducts its abovementioned principal business activities through Pacific Foundation Securities Limited ("**PFSL**"), the operating subsidiary of the Company, which is a corporation licensed to carry on Type 1 (dealing in securities) and Type 9 (asset management) regulated activities under the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) (the "**SFO**").

Since 6 January 2017, the shares of the Company have been successfully listed on GEM of the Stock Exchange (the "Listing") by way of placing at the placing price of HK\$0.15 per share (the "Placing").

### Securities Dealing and Brokerage Services

The Group provides securities and brokerage services to customers for trading in securities listed on the Stock Exchange which comprise of corporate and individual customers. For the year ended 31 March 2019, the Group had 480 active securities trading accounts (2018: 677). The Group's commission income from securities dealing and brokerage services decreased by approximately HK\$3.1 million or 31.31% from approximately HK\$9.9 million for the year ended 31 March 2019. The decrease was mainly attributable to (i) total transaction value of securities trading carried out by the Group on behalf of customers decreased to approximately HK\$3.4 billion for the year ended 31 March 2019 (2018: HK\$5.8 billion); and (ii) the Group completed a securities trading transaction in which the Group generated commission income of approximately HK\$2.9 million during the year ended 31 March 2018, whereas no such one-off significant commission income was recorded for the year ended 31 March 2019.

### **Placing and Underwriting Services**

The Group acts as an underwriter or a sub-underwriter or a placing agent or a sub-placing agent for companies listed or to be listed on the Stock Exchange or for shareholders of companies listed on the Stock Exchange for their fund raising exercises such as IPOs, rights issue, open offer or placing of new or existing shares or bonds.

Placing and underwriting fee and commission income is principally affected by the number of engagements participated by the Group, the size of engagements and the commission rates. For the year ended 31 March 2019, the Group completed 24 placing and underwriting engagements with a total transaction value of approximately HK\$0.8 billion (2018: 44 placing and underwriting engagements with a total transaction value of approximately HK\$1.3 billion). Attributed to the decrease in (i) number of engagements participated by the Group and (ii) the average commission rate, the Group generated fee and commission income from placing and underwriting activities of approximately HK\$49.0 million for the year ended 31 March 2019, representating a decrease of approximately HK\$11.1 million or 18.5% compared with that of approximately HK\$60.1 million for the year ended 31 March 2018.

### **BUSINESS REVIEW (continued)**

#### Margin Financing Services

Interest income from margin financing mainly represents the interest income generated from the provision of margin financing services to customers who would like to purchase securities listed on the Stock Exchange on a margin basis, which offers funding flexibility to the Group's customers.

The Group's margin financing business maintains stable. The Group recorded an average daily margin loan balance of approximately HK\$97.6 million for the year ended 31 March 2019 (2018: HK\$96.2 million) and interest income from margin financing recorded approximately HK\$6.54 million for the year ended 31 March 2018 to approximately HK\$6.46 million for the year ended 31 March 2019.

#### Asset Management Services

The Group's asset management operations have been resumed in July 2016. As at 31 March 2019, the Group had five (2018: six) asset management clients and the total net assets value managed by the Group amounted to approximately HK\$5.2 billion (2018: HK\$4.8 billion). Pursuant to the relevant asset management agreements with these clients, the Group acts as an investment manager and provides asset management services to them on a discretionary basis pursuant to each client's investment requirements, objectives and restrictions, and is entitled to (i) management fees on a fixed fee basis or on a percentage basis ranging from 1.0% per annum to 1.5% per annum; (ii) performance fees on a percentage basis ranging from 10% to 20%; and (iii) discretionary bonus. Total fee income from asset management services for the year ended 31 March 2019 was approximately HK\$1.4 million, representing a decrease of approximately 12.5% as compared to that of approximately HK1.6 million for the year ended 31 March 2018, which was mainly due to the decrease in performance fee recorded.

### **Other Services**

In addition to the above business activities, the Group may on a case by case basis come across other projects, the fee income from which is recorded as other revenue. The other revenue for the year ended 31 March 2019 was approximately HK\$3.9 million, representing a decrease of approximately 18.8% as compared to the other revenue of approximately HK\$4.8 million for the year ended 31 March 2018.

The Group was notified the interest of some investors in trading securities through Shanghai-Hong Kong Stock Connect. However, the Group currently does not have a Shanghai-Hong Kong Stock Connect licence to execute such trades on behalf of these investors. As such, the Group entered into referral agreements with other securities companies in Hong Kong (the "**Securities Companies**"), who have proper licences, and pursuant to the referral agreements, the Group will refer investors to the Securities Companies (the "**Referral**") and is entitled to a monthly referral fee calculated with reference to the revenue of the Securities Companies generated from the referred investors. For the year ended 31 March 2019, revenue from other services mainly represented referral fee income of approximately HK\$0.5 million generated from such Referral. For the year ended 31 March 2018, the Group generated a referred fee income of HK\$4.3 million.

### FINANCIAL REVIEW (continued)

### Revenue (continued)

The Group recorded a total revenue for the year ended 31 March 2019 of approximately HK\$67.6 million, representing a decrease of approximately HK\$15.4 million, or 18.6% from approximately HK\$83.0 million for the year ended 31 March 2018. The decrease in revenue was mainly attributed to:

- (i) a decrease in commission income from securities dealing and brokerage services decreased by approximately HK\$3.1 million. The decrease was mainly due to the total transaction value of securities trading carried out by the Group on behalf of customers decreased to approximately HK\$3.4 billion for the year ended 31 March 2019 (2018: HK\$5.8 billion); and (ii) the Group completed a securities trading transaction in which the Group generated commission income of approximately HK\$2.9 million during the year ended 31 March 2018, whereas no such one-off significant commission income was recorded for the year ended 31 March 2019;
- a decrease in revenue generated from the placing and underwriting services by approximately HK\$11.1 million mainly as a result of the decrease in number of placing and underwriting engagements participated by the Group and the average commission rate during the year;
- (iii) a decrease in interest income from margin financing by approximately HK\$0.08 million which was mainly attributable to the increase in average daily margin loan provided by the Group during the year;
- (iv) a decrease in fee income from asset management services by approximately HK\$0.2 million which was mainly due to the decrease in performance fee recorded; and
- (v) a decrease in income from other services by approximately HK\$0.9 million from approximately HK\$4.8 million for the year ended 31 March 2018 to approximately HK\$3.9 million for the year ended 31 March 2019.

### Other Gains and Losses

Other gains and losses mainly consist of interest charged on overdue accounts receivable (at 5% plus prime rate), settlement and handling fee income and exchange gain. The total other gains and losses for the year ended 31 March 2019 was approximately HK\$0.7 million (2018: HK\$1.7 million).

### **Commission Expenses**

Commission expenses represent commission paid to the Group's accounts executives (including in-house and selfemployed accounts executives) and commission paid to sub-placing agents or sub-underwriters engaged by the Group for the fund raising exercises participated by the Group. Total commission expenses increased by approximately 66.3% from approximately HK\$8.6 million for the year ended 31 March 2018 to approximately HK\$14.3 million for the year ended 31 March 2019 which was mainly due to the increase in commission paid to sub-placing agents or subunderwriters by approximately HK\$6.2 million.

### FINANCIAL REVIEW (continued)

### Staff Costs

Staff costs include Directors' emoluments, staff salaries, bonus, allowances and contribution to Mandatory Provident Fund. As at 31 March 2019, the Group had a total of 28 employees including Directors (2018: 29). Staff costs is a major expense item for the Group which accounted for approximately 26.2% of the total expenses of the Group for the year ended 31 March 2019 (2018: 37.3%). Total staff costs for the year ended 31 March 2019 was approximately HK\$12.1 million, representing a decrease of approximately HK\$6.4 million or 34.6% from approximately HK\$18.5 million for the year ended 31 March 2018. Such decrease was mainly attributable to the staff turnover during the year.

### Other Operating Expenses

Other operating expenses primarily consist of donations, entertainment expenses, legal and professional fees, office rent and rates, software and stock information expenses and various miscellaneous office expenses. For the year ended 31 March 2019, the Group's other operating expenses remain stable to approximately HK\$15.1 million as compared to approximately HK\$15.2 million for the year ended 31 March 2018.

#### **Income Tax Expense**

Income tax expense for the year ended 31 March 2019 was approximately HK\$4.5 million (2018: HK\$7.1 million) which was consistent with the decrease in assessable profit under Hong Kong Profits Tax.

### Profit for the Year

As a result of the foregoing, profit decreased by approximately HK\$13.1 million, or 37.3% from approximately HK\$35.1 million for the year ended 31 March 2018 to approximately HK\$22.0 million for the year ended 31 March 2019.

### Dividends

The Directors do not recommend the payment of any dividend in respect of the year ended 31 March 2019 (2018: nil).

### LIQUIDITY, FINANCIAL RESOURCES AND CAPITAL STRUCTURE

For the year ended 31 March 2019, the Group mainly financed its operations, capital expenditure and other capital requirements by internal resources and net proceeds raised from the Placing.

As at 31 March 2019, the net current assets of the Group amounted to approximately HK\$274.1 million (2018: HK\$250.8 million), including cash and cash equivalents of approximately HK\$189.6 million excluding pledged bank deposit and cash held on behalf of customers (2018: HK\$178.4 million). The current ratio of the Group, being the ratio of current assets to current liabilities, was approximately 3.7 times (2018: 2.7 times).

The capital of the Group comprises only ordinary shares. As at 31 March 2019, the total equity attributable to owners of the Company amounted to approximately HK\$280.4 million (2018: HK\$258.4 million). Such increase was attributed to the decrease of accounts payable using from the business of dealing in securities. As at 31 March 2019, no accounts payable to clearing house (2018: approximately HK\$6.9 million) and decreased of accounts payable to margin clients from approximately HK\$9.9 million for the year ended 31 March 2018 to approximately HK\$3.9 million for the year ended 31 March 2018 to approximately HK\$3.9 million for the year ended 31 March 2018 to approximately HK\$3.9 million for the year ended 31 March 2018 to approximately HK\$3.9 million for the year ended 31 March 2018 to approximately HK\$3.9 million for the year ended 31 March 2018 to approximately HK\$3.9 million for the year ended 31 March 2018 to approximately HK\$3.9 million for the year ended 31 March 2018 to approximately HK\$3.9 million for the year ended 31 March 2018 to approximately HK\$3.9 million for the year ended 31 March 2018 to approximately HK\$3.9 million for the year ended 31 March 2018 to approximately HK\$3.9 million for the year ended 31 March 2018 to approximately HK\$3.9 million for the year ended 31 March 2018 to approximately HK\$3.9 million for the year ended 31 March 2018 to approximately HK\$3.9 million for the year ended 31 March 2019.

### ACHIEVEMENT OF BUSINESS OBJECTIVES

As set out in the prospectus of the Company dated 12 December 2016 (the "**Prospectus**"), the principal business objective of the Group is to increase the Group's exposure and scale of operations in Hong Kong within the capital markets and to capture a larger market share. Set out below are the key business strategies adopted by the Group in order to achieve such business objective and the Group's actual business progress:

### (i) Developing the Group's brokerage services with a focus on enlarging its customer base and targeting high net worth customers from the Mainland China

In order to further enhance the Group's reputation and public awareness after Listing so as to soliciting new customers through referrals, the Group's asset management staff involved in the promotion and marketing activities for the Group by, among other things, providing stock market commentary published in various local newspapers, participating in radio broadcasts hosted by Hong Kong radio and discussing the Hong Kong stock market. For the year ended 31 March 2019, there were 11 (2018: 26) new Mainland China clients who have opened securities accounts with the Group, which have accounted for approximately 12.36% (2018: 22.2%) of the total 89 new clients during the year.

For the year ended 31 March 2019, after considering existing manpower of the Group and the market condition, did not hire any new in-house accounts executive during the year. The management will continue to review the market condition from time to time and look for suitable candidates when appropriate.

#### (ii) Developing the Group's placing and underwriting services

For the year ended 31 March 2019, the Group completed 24 (2018: 44) placing and underwriting engagements with a total transaction value of approximately HK\$0.8 billion (2018: 44 placing and underwriting engagements with a total transaction value of approximately HK\$1.3 billion) and the fee and commission income from placing and underwriting activities decreased by approximately 18.5%.

Revenue generated from placing and underwriting services of the Group mainly arisen from the Initial Public Offering projects (the "IPO Projects") for the placing and underwriting services. According to the market data issued by the Stock Exchange, 126 companies were listed in 2016 while 174 companies were listed in 2017 and 218 companies were listed in 2018, increased of 38% and 25.2% respectively. The Company expects the IPO Projects will retain the upward trend in 2020 and the Company continues to observe the market condition and look for suitable projects when appropriate.

#### (iii) Enhancing PFSL's revolving capital resources

The Group planned to apply majority of the net proceeds from the Placing to its margin financing services. With these additional capital resources and coupled with the keen demand for financing services from the Group's customers, the Directors believe that the margin financing business of the Group will continue to expand in the long run.

Furthermore, as margin receivable, subject to the Hong Kong Securities and Futures (Financial Resources) Rules ("SF(FR)R") calculation, is classified as liquid assets, the funds designated for margin financing also improved the liquid capital and thus raising the Group's capacity of undertaking underwriting activities.

### **USE OF PROCEEDS**

Net proceeds from the Placing was approximately HK\$55.3 million. As disclosed in the Prospectus and the allotment results announcement of the Company dated 5 January 2017 (the "Announcement"), (i) approximately HK\$48.1 million or approximately 87.0% of the net proceeds will be used for the expansion of the Group's margin financing services; (ii) approximately HK\$1.7 million or approximately 3.0% of the net proceeds will be used to upgrade the Group's IT systems; and (iii) approximately HK\$5.5 million or approximately 10.0% of the net proceeds will be used as general working capital of the Group.

The Group's planned and actual use of net proceeds from the Placing up to 31 March 2019 is as follows:

	Planned use of proceeds up to 31 March 2019 adjusted in the same manner and proportion as stated in the Prospectus and the Announcement HK\$ million	Actual usage up to 31 March 2019 HK\$ million
Expansion of margin financing services	48.1	48.1
Upgrade of the Group's IT Systems	1.7	1.7
General working capital	5.5	5.5
	55.3	55.3

### **RISK RELATING TO THE FUTURE PLAN**

As set out in more details in the section headed "Business Objectives and Strategies" in the Prospectus, the Group intended to (i) develop its brokerage services; (ii) develop its placing and underwriting services through establishing new relationships and maintain existing relationships with other investment banks and professionals in the industry; and (iii) enhance its quality of service.

The above expansion plans are based on the intentions and assumptions at that time. The future execution may be subject to capital investment and human resources constraints. Furthermore, the expansion plans may also be hindered by other factors beyond the Group's control, such as the general market conditions, the performance of the financial service industry, and the economic and political environment of Hong Kong, Mainland China and the globe. Therefore, the Group's expansion plans may not materialise in accordance with the timetable or at all.

### OUTLOOK

The Directors are of the view that the Hong Kong and global financial markets are full of uncertainties arising from, among others, concerns over hikes in Hong Kong's benchmark interest rate to catch up with the US, the Brexit negotiation process and the US's policies on interest rate and tariff. The Directors and senior management of the Group will continue to monitor the Group's risk and credit exposure prudently, review the working capital level on an on-going basis, keep abreast of the latest developments of statutory requirements and the Hong Kong financial industry in order to maximise returns to shareholders of the Company (the "Shareholder").

Looking forward, it is expected that the Group's revenue mix will be similar to that in 2019 with primary focus on securities dealing and brokerage services, placing and underwriting services, financial services including securities and initial public offering margin financing and asset management services.

The Group and the Directors will continue to keep abreast of the latest development of the Hong Kong financial market and the update on the regulatory requirements applicable to the Group and to strive to achieve the business objective to increase the Group's exposure and scale of operations in Hong Kong within the capital markets and to capture a larger market share.

### EMPLOYEES AND REMUNERATION POLICIES

As at 31 March 2019, the Group had a total of 28 employees including Directors (2018: 29). Total staff costs (including Directors' emoluments, staff salaries, bonus, allowances and contribution to Mandatory Provident Fund) for the year ended 31 March 2019 were approximately HK\$12.1 million (2018: HK\$18.5 million). Employees' remuneration was determined based on the employees' qualification, experience, position and seniority. The remuneration packages comprise mainly monthly fixed salaries and discretionary bonuses based on individual performance, which are paid to employees as recognition of, and reward for, their contributions.

### PLEDGE OF THE GROUP'S ASSETS

As at 31 March 2019, the Group had pledged its bank deposit amounting to HK\$5.0 million (2018: HK\$5.0 million) for banking facilities granted by a bank in Hong Kong to the Group.

### FOREIGN EXCHANGE EXPOSURE

The Group's exposure to foreign exchange risk is primarily related to transactions denominated in a currency other than Hong Kong dollars. Except for part of the referral fee income which was settled in Renminbi, the turnover and operation costs of the Group were principally denominated in Hong Kong dollars. The Group currently does not have a policy on hedges of foreign exchange risk. However, the Group will closely monitor the fluctuations in exchange rates and will consider to employ financial instrument for hedging should the needs arise.

### SIGNIFICANT INVESTMENTS

The Group did not hold any significant investments during the year ended 31 March 2019 (2018: nil).

### MATERIAL ACQUISITIONS OR DISPOSALS OF SUBSIDIARIES AND AFFILIATED COMPANIES

There was no material acquisition or disposal of subsidiaries and affiliated companies during the year ended 31 March 2019.

### CAPITAL COMMITMENTS

As at 31 March 2019, the Group did not have any significant capital commitments.

### **CONTINGENT LIABILITIES**

The Group had no significant contingent liabilities as at 31 March 2019 (2018: nil).

### EVENT AFTER THE REPORTING PERIOD

After the reporting period and up to the date of this annual report, there was no significant event relevant to the business or financial performance of the Group that come to the attention of the Directors.

### PRINCIPAL RISKS AND UNCERTAINTIES

The Group's risk management objectives are to achieve a proper balance between risks and yield, minimise the adverse impacts of risks on the Group's operating performance, and maximise the benefits of the shareholders. The Group has in place a risk management structure and implemented compliance and operational manuals, which contain credit policies, operating procedures and other internal control measures for control of exposure to risks during the course of business activities.

### **Credit Risk**

The Group is exposed to credit risk which will cause a financial loss to the Group due to failure to discharge an obligation by the counterparties.

In order to minimise the credit risk, the management of the Group has delegated a team responsible for the determination of credit limits, credit approvals and other monitoring procedures to ensure follow-up action is taken to recover overdue debts. In addition, the Group holds collateral to cover its credit risks associated with its accounts receivable from margin clients and reviews the recoverable amount of each individual accounts receivable at the end of each reporting period to ensure adequate impairment losses are made for irrecoverable amounts. In this regard, the Directors consider that the Group's credit risk is significantly reduced.

### Liquidity Risk

PFSL is subject to liquid capital requirements under the SF(FR)R. The management of the Group closely monitors, on a daily basis, the liquid capital level of PFSL to ensure compliance with the requirements under the SF(FR)R.

The Group also has other monitoring systems to monitor and maintain a level of cash and cash equivalents deems adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows. In addition, as at 31 March 2019, the Group had available banking facilities of HK\$55.0 million (2018: HK\$55.0 million) to meet any contingency in its operations.

### **Operational Risk**

The Group has responsible officers and compliance officers in charge of overseeing the day-to-day operations, controlling and monitoring compliance issues and solving dealing problems. They also formulate and update the compliance and operational manuals for each business function based on regulatory and industrial requirements to standardise the Group's operational procedures and reduce human errors.

Pursuant to rule 18.44 of the GEM Listing Rules, the Board is pleased to present this corporate governance report for the year ended 31 March 2019. This report highlights the key corporate governance practices of the Company.

### COMPLIANCE WITH THE CORPORATE GOVERNANCE CODE

The Board is committed to promoting high standards of corporate governance practices and procedures. The Directors believe that sound and reasonable corporate governance practices are essential for the growth of the Group and for safeguarding the shareholders' interests and the Group's assets.

The Company's corporate governance practices are based on the principles and code provisions as set out in the Corporate Governance Code (the "CG Code") in Appendix 15 of the GEM Listing Rules. For the year ended 31 March 2019, to the best knowledge of the Board, the Company has applied the principles and complied with the applicable code provisions set out in the CG Code except for the following deviation from the code provision of the CG Code:

### Code Provision A.6.7

The Code Provision A.6.7 stipulates that independent non-executive directors and other non-executive directors should attend general meetings, to gain and develop a balanced understanding of the views of shareholders. An independent non-executive Director could not attend the AGM held on 29 August 2018 due to other important business engagements.

The Board will continue to review its corporate governance practices in order to enhance its corporate governance standards, comply with the increasingly complicated regulatory requirements, and meet with the rising expectations of the shareholders and respective investors of the Company.

### DIRECTORS' SECURITIES TRANSACTIONS

The Company has adopted the required standard of dealings (the "**Required Standard of Dealings**") set out in rules 5.48 to 5.67 of the GEM Listing Rules as the code of conduct for dealing in securities of the Company by the Directors. Having made specific enquiries with all Directors, all of them confirmed that they have complied with the Required Standard of Dealings throughout the year ended 31 March 2019 and up to the date of this annual report.

### THE BOARD

### Responsibilities

The Board has the responsibility for leadership and control of the Group and the Directors are collectively responsible for promoting the success of the Group by directing and supervising the Group's affairs. The Board is accountable to shareholders for the strategic development of the Group with the goal of maximising long-term shareholder value, while balancing broader stakeholder interests. The Board has delegated the day-to-day responsibility to the executive Directors and senior management of the Company who will meet regularly to review the financial results and performance of the Group and make financial and operational decisions for the implementation of strategies and plans approved by the Board. The Board is also responsible to communicate with shareholders and regulatory bodies and, where appropriate, will make recommendations to shareholders on final dividends and approve the declaration of any interim dividend.

### THE BOARD (continued)

### Composition of the Board

Up to the date of this annual report, the Board comprises six Directors, including two executive Directors, one non-executive Director and three independent non-executive Directors.

#### Executive Directors

Mr. Lo Tak Wing Benson ("**Mr. B Lo**") (*Chairman*) Mr. Lo Shiu Wing Chester ("**Mr. C Lo**") (*Chief Executive Officer*)

<u>Non-executive Director</u> Mr. Khoo Ken Wee ("**Mr. Khoo**")

Independent non-executive Directors Mr. Ma Wai Hung Vincent ("**Mr. Ma**") Mr. Mok Kwai Pui Bill ("**Mr. Mok**") Mr. Ng Shu Bun Andrew ("**Mr. Ng**")

The biographical details of the Directors are set out on pages 15 to 18 of this annual report.

To the best of the knowledge of the Company, there is no financial, business, family or other material or relevant relationship between board members or between the chairman and the chief executive officer except that Mr. B Lo is the brother of Mr. C Lo.

### Appointment and Re-election of Directors

In accordance with article 83(3) of the Articles of Association of the Company (the "Articles"), the Directors shall have the power from time to time and at any time to appoint any person as a Director either to fill a casual vacancy on the Board or as an addition to the existing Board. Any Director appointed by the Board to fill a casual vacancy shall hold office until the first general meeting of shareholders of the Company after his/her appointment and be subject to re-election at such meeting and any Director appointed by the Board as an addition to the existing Board shall hold office only until the next following annual general meeting of the Company and shall then be eligible for re-election.

In addition, in accordance with article 84 of the Articles, at each annual general meeting, one-third of the Directors for the time being (or if their number is not a multiple of three, then the number nearest to but not less than one-third) shall retire from office by rotation and being eligible offer themselves for re-election provided that every Director shall be subject to retirement by rotation at an annual general meeting at least once every three years. The Directors to retire by rotation in every year shall be those who have been longest in office since their last appointment or re-appointment.

### CHAIRMAN AND CHIEF EXECUTIVE OFFICER

The role of the chairman is separate from that of the chief executive officer so as to delineate their respective areas of responsibility, power and authority. The chairman focuses on the Group's strategic planning, overall management, business development and customer referrals while the chief executive officer has overall executive responsibility for the Group's operations, internal business control and compliance matters.

The Board, led by the chairman, sets the overall direction, strategy and policies of the Company. The chairman provides leadership for the Board to ensure that it works effectively, performs its responsibilities and acts in the best interests of the Company.

### NON-EXECUTIVE DIRECTORS

The non-executive Directors (including the independent non-executive directors) are seasoned individuals from diversified backgrounds and industries.

In compliance with rules 5.05(1) and (2), and 5.05A of the GEM Listing Rules, the Company has appointed three independent non-executive Directors representing more than one-third of the Board, and with at least one of them possessing the appropriate professional qualifications, or accounting or related financial management expertise.

The non-executive Directors are appointed for an initial term of one year and thereafter from year to year, subject to reelection at the annual general meeting of the Company ("AGM"), whichever shall be the earlier, next following their appointment and thereafter retirement by rotation and re-election at the AGMs in accordance with the Articles.

The Company has received an annual confirmation of independence from each of the independent non-executive Directors. The Company is of the view that all of the them meet the guidelines for assessing independence as set out in rule 5.09 of the GEM Listing Rules and considers them to be independent.

### CORPORATE GOVERNANCE FUNCTIONS

The Board is responsible for performing the corporate governance duties as set out in the code provision D.3.1 of the CG Code which include (i) developing and reviewing the Company's policies and practices on corporate governance and make recommendations to the Board; (ii) reviewing and monitoring the training and continuous professional development of Directors and senior management; (iii) reviewing and monitoring the Company's policies and practices on compliance with legal and regulatory requirements; (iv) developing, reviewing and monitoring the code of conduct and compliance manual (if any) applicable to employees and Directors; and (v) reviewing the Company's compliance with the CG Code and disclosure in the Corporate Governance Report.

### **BOARD COMMITTEES**

#### Audit Committee

The Company has established an audit committee (the "Audit Committee") in compliance with rules 5.28 and 5.29 of the GEM Listing Rules and with the written terms of reference in compliance with the CG Code. The Audit Committee currently comprises three independent non-executive Directors, namely Mr. Ma, Mr. Mok and Mr. Ng. Mr. Mok is the chairman of the Audit Committee.

The primary duties of the Audit Committee are mainly (i) to make recommendations to the Board on the appointment and removal of external auditors; (ii) to review and supervise the financial statements and provide advices in respect of financial reporting; (iii) to oversee financial reporting system, internal control and risk management systems of the Group; and (iv) to monitor any continuing connected transactions.

During the year ended 31 March 2019, the Audit Committee held 4 meetings to review, assess and comment on the consolidated quarterly, interim and final results of the Group. It has also reviewed the risk management and internal control systems of the Group, the effectiveness of the Group's internal audit function, the continuing connected transactions carried out by the Group and the compliance with the deed of non-competition as set out in the section headed "REPORT OF THE DIRECTORS" of this annual report. The Audit Committee is of the opinion that the consolidated financial statements of the Group have complied with the applicable accounting standards, the GEM Listing Rules and other applicable legal requirements and that adequate disclosures have been made.

### **Nomination Committee**

The Company has established a nomination committee (the "Nomination Committee") with written terms of reference in compliance with the CG Code. The Nomination Committee currently comprises one executive Director, namely Mr. C Lo, and three independent non-executive Directors, namely Mr. Ma, Mr. Mok and Mr. Ng. Mr. Ma is the chairman of the Nomination Committee.

The primary duties of the Nomination Committee are mainly (i) to review the structure, size, composition and diversity of the Board on a regular basis; (ii) to identify individuals suitably qualified to become Board members; (iii) to assess the independence of independent non-executive Directors; (iv) to make recommendations to the Board on relevant matters relating to the appointment or re-appointment of Directors; and (v) to make recommendations to the Board regarding the candidates to fill vacancies on the Board.

### **BOARD COMMITTEES (continued)**

### Nomination Committee (continued)

One meeting was held during the year. During the year, the Nomination Committee has reviewed the structure, size, composition and diversity of the Board and also adopted the nomination policy which sets out the nomination procedures, criteria and process in the nomination and appointment of Directors. The Nomination Committee will continue to review the necessity of recruiting more competent staff in the expansion of the Group.

#### **Board Diversity Policy**

The board diversity policy as adopted by the Board aims to achieve diversity in the Board in order to have a balance of skills, experience and diversity of perspectives in accordance with the business nature of the Group. The Company endorses and recognises the benefits of having a diversified Board. Selections on the Board for appointments are based on a range of diversity of perspectives, including gender, age, cultural and educational background, professional experience, skills, knowledge and length of service.

The Board is of the view that the Board comprises members with diversified background and industry expertise to oversee and operate the Company efficiently and safeguard the interests of various stakeholders of the Company.

#### **Nomination Policy**

The Board has adopted a nomination policy which sets out the nomination procedures, criteria and process in the nomination and appointment of Directors.

### **Selection Criteria**

The Nomination Committee shall consider the following criteria in evaluating and selecting candidates for directorships:

- character and integrity;
- qualifications including professional qualifications, skills, knowledge and experience and diversity aspects under the Board Diversity Policy that are relevant to the Company's business and corporate strategy;
- any measurable objectives adopted for achieving diversity on the Board;
- requirement in accordance with the GEM Listing Rules and whether the candidate would be considered independent with reference to the independence guidelines set out in the GEM Listing Rules (in case of independent non-executive Directors);
- any potential contributions the candidate can bring to the Board in terms of qualifications, skills, experience, independence and gender diversity;
- willingness and ability to devote adequate time to discharge duties as a member of the Board and/or Board committee(s) of the Company; and
- any other perspectives that are appropriate to the Company's business and succession plan and where applicable, may be adopted and/or amended by the Board and/or the Nomination Committee from time to time for nomination of Directors and succession planning.

### **BOARD COMMITTEES (continued)**

#### Nomination Committee (continued)

#### **Directors Nomination Procedures**

The Board has the relevant procedures for Directors' nomination which are pursuant to the GEM Listing Rules and the Articles as below:

#### (a) Appointment of New Director

The Nomination Committee or the company secretary of the Company shall call for a meeting of the Nomination Committee upon receipt of any nominations of candidates. The Nomination Committee should evaluate such candidate based on the selection criteria mentioned above to determine whether such candidate is qualified for directorship. The Nomination Committee should then recommend to the Board to appoint the appropriate candidate for directorship. For any person that is nominated by a Shareholder for election as a Director at the General Meeting, the Nomination Committee and/or the Board should evaluate such candidate based on the same selection criteria as mentioned above to determine whether such candidate is qualified for directorship, and where appropriate, the Nomination Committee and/or the Board should make recommendation to the Shareholders in respect of the proposed election of Director at the General Meeting. The Board should have the final decision on all matters relating to its recommendation of candidates to stand for election at any General Meeting.

#### (b) Re-election of Director at General Meeting

Retiring Directors are eligible for nomination by the Board to stand for re-election at the General Meeting according to the Articles. The Nomination Committee and/or the Board should review the overall contribution and service of the retiring Director to the Company, his/her level of participation and performance on the Board and determine whether the retiring Director continues to meet the above selection criteria. The Nomination Committee and/or the Board should then make recommendation to the Shareholders in respect of the proposed re-election of Director at the General Meeting.

#### **Remuneration Committee**

The Company has established a remuneration committee (the "**Remuneration Committee**") in compliance with the rule 5.34 of the GEM Listing Rules and with written terms of reference in compliance with the CG Code. The Remuneration Committee currently comprises one executive Director, namely Mr. B Lo, and three independent non-executive Directors, namely Mr. Ma, Mr. Mok and Mr. Ng. Mr. Ng is the chairman of the Remuneration Committee.

The primary duties of the Remuneration Committee are mainly (i) to review and make recommendations to the Board on the overall remuneration policy and structure relating to all Directors and senior management of the Group; (ii) to review other remuneration-related matters, including benefits-in-kind and other compensation payable to the Directors and senior management; and (iii) to review performance based remunerations and to establish a formal and transparent procedure for developing policy in relation to remuneration.

One meeting was held during the year. During the year, the Remuneration Committee has reviewed the remuneration package of the Directors and senior management of the Group and considered that they are fair and reasonable.

### **DIVIDEND POLICY**

The Board approved and adopted a dividend policy (the "**Dividend Policy**") which outlines general principles for the determination and payment of dividend to its Shareholders. Dividends or distributions by the Company shall be determined and declared in accordance with the applicable laws and regulations, the Articles and the Dividend Policy. The Board may amend any provision in the Dividend Policy if it considers necessary.

Pursuant to the Dividend Policy, that, in recommending or declaring dividends, the Company shall maintain adequate and sufficient cash reserves for meeting its working capital requirements and future growth as well as its Shareholder value. The Board has the absolute discretion to declare and distribute dividends from time to time to the Shareholders, and any final dividend for a financial year will be subject to Shareholders' approval. In proposing any dividend payout, the Board shall also take into account, among other things, the Group's financial results, financial position, cash flow situation, business conditions and strategies, expected future operations and earnings, capital requirements and expenditure plans, interests of Shareholders, any restrictions on payment of dividends and any other factors the Board may consider relevant.

### CONSTITUTIONAL DOCUMENTS

Pursuant to rule 17.102 of the GEM Listing Rules, the Company has published on the respective websites of the Stock Exchange and the Company its Memorandum and Articles. There are no changes in the Company's constitutional documents during the year ended 31 March 2019 and up to the date of this annual report.

### RISK MANAGEMENT AND INTERNAL CONTROL SYSTEMS

The Board has overall responsibilities for the establishment and maintenance of an effective risk management and internal control systems to safeguard the interest of the shareholders of the Group and the Group's assets. The Group has developed its systems of internal control and risk management for its needs and to mitigate the risks that it is exposed to. The Board has engaged an independent external auditor to annually assess and review the effectiveness of the Group's internal control system. The Board will continue to assess the effectiveness of risk management and internal control systems by considering reviews performed by the Audit Committee and executive management.

As the corporate and operating structure of the Group is not complex and a separate internal audit department may divert resources of the Group, the Group does not have an internal audit department. However, because the Group has engaged independent external auditor to conduct internal control review, the Board considered that the Group's internal control system is adequate and effective.

The scope of external auditor work includes reviewing the design of the control and performing walkthrough of the processes. The independent external auditor has reported major findings and areas of improvement to the Board. All the recommendations have been properly followed up by the Group to ensure that they will be implemented within a reasonable period of time.

Key elements of the risk management and internal control systems of the Group is described below. They have been operating throughout the year and reviewed regularly by the Board up to the date of this report.

- management structure is clearly defined with lines of responsibilities and delegation of authority;
- high recruitment standards and formal career development and training to ensure the integrity and competence of the staff;
- regular and comprehensive information provided to management, covering financial results and nonfinancial performance indicators;
- procedures for the approval of capital expenditure, investments and acquisitions;
- detailed budgeting process in which top management is involved in budget setting, constant monitoring of key statistics and review of management accounts on a monthly basis, noting and investigating major variances;
- consideration of mitigating measures against significant business risks at monthly management review meetings, with quarterly briefings to the Board.

### RISK MANAGEMENT AND INTERNAL CONTROL SYSTEMS (continued)

The processes used to identify, evaluate and manage significant risks by the Group are summarized as follows:

The main features of the risk management and internal control systems includes:

#### **Risk Identification**

Identifies risks relating to changing regulatory and operating environment that may potentially affect the Group's business and operations.

#### **Risk Assessment**

Assesses the risks identified by using the assessment criteria developed by management; and Considers the impacts of risks on the business caused by adverse events together with the likelihood of occurrence of these adverse events.

### **Response to Risks**

Prioritizes the risks by comparing the results of the risk assessments; and Determines the risk mitigation plan and internal control processes to prevent, avoid and mitigate the risks.

### **Risk Monitoring and Reporting**

Performs ongoing and periodic monitoring of the risks and ensures that appropriate internal control processes are in place and resolve material internal control defects (if any); Revises the risk mitigation plan and internal control processes in case of any significant change of situation; and Reports the results of risk monitoring to management and the Board regularly.

### **Inside Information**

The Group has in place, as an element of its risk management and internal control systems, a policy on disclosure of inside information, to ensure that inside information is handled and disseminated properly and in accordance with the applicable laws and regulations. The department heads within the Group and an executive Director and the Chief Executive Officer of the Company are responsible for monitoring the changes and developments in their respective areas of operation and report any potential or suspected inside information events to the Board. Based on this information obtained through internal reporting, the Board assesses whether any of the information constitutes inside information which needs to be released to the public. Should public disclosure be required, the Board will determine the scope of information to be disclosed and the timing of disclosure. If and when appropriate, the Board may seek independent professional advice to ensure that the Company complies with the disclosure requirements.

### **INVESTOR RELATIONS**

The Company believes that maintaining a high level of transparency is a key to enhance investor relations. It is committed to a policy of timely disclosure of corporate information to its shareholders and investment public.

Information of the Company shall be communicated to the shareholders and potential investors mainly through the Company's quarterly, interim and annual reports, annual general meetings and other general meetings that may be convened as well as by making available all the disclosure submitted to the Stock Exchange and the corporate communications and other corporate publications on the Company's website.

### **RIGHTS OF THE SHAREHOLDERS**

### Procedures for the Shareholders to Convene an Extraordinary General Meeting

Pursuant to article 58 of the Articles, any one or more members holding, at the date of deposit of the requisition, not less than one-tenth of the paid up capital of the Company carrying the right of voting at general meetings of the Company, shall at all times have the right, by written requisition to the Board or the company secretary of the Company, to require an extraordinary general meeting to be called by the Board for the transaction of any business specified in such requisition.

Such meeting shall be held within two months after the deposit of such requisition. If within twenty-one days of such deposit the Board fails to proceed to convene such meeting, the requisitionist(s) himself (themselves) may do so in the same manner, and all reasonable expenses incurred by the requisitionist(s) as a result of the failure of the Board shall be reimbursed to the requisitionist(s) by the Company.

#### Procedures for Putting Forward Proposals by Shareholders at Shareholders' Meetings

The shareholders may include a resolution to be considered at an extraordinary general meeting. The requirements and procedures are set out above in the paragraph headed "Procedures for the Shareholders to Convene an Extraordinary General Meeting".

#### Procedures for directing shareholders' enquiries to the Board

The shareholders may send their enquiries to the Board by addressing them to the principal place of business of the Company in Hong Kong (located at 11/F, New World Tower, Tower II, 16–18 Queen's Road Central, Hong Kong) by post or by email to info@pfs.com.hk. Shareholders may at any time make a request for the Company's information to the extent such information is publicly available.

### Procedures for the Shareholders to Propose a Person for Election as a Director

Pursuant to article 85 of the Articles, a written notice signed by a shareholder of the Company (other than the person to be proposed) duly qualified to attend and vote at the general meeting of the Company for which such notice is given of his intention to propose such person for election and also a written notice signed by the person to be proposed of his willingness to be elected shall have been lodged at the Company's principal place of business in Hong Kong at 11/F, New World Tower, Tower II, 16–18 Queen's Road Central, Hong Kong provided that the minimum length of the period, during which such notices are given, shall be at least seven days and that (if the notices are submitted after the despatch of the notice of the general meeting appointed for such election) the period for lodgment of such notices shall commence on the day after the despatch of the notice of the general meeting. The written notice must state that person's biographical details as required by rule 17.50(2) of the GEM Listing Rules. The procedures for shareholders of the Company to propose a person for election as a Director are posted on the Company's website.

Pursuant to the requirements set out in Appendix 20 "Environmental, Social and Governance ("**ESG**") Reporting Guide" of the GEM Listing Rules, the Board hereby presents the ESG report of the Group for the year ended 31 March 2019.

The Board is responsible for the Group's ESG strategy and reporting and is of the view that sound ESG performance is important to the sustainable development of the Group's business and community, and hence the Group is committed to promoting environmental protection, social responsibility and effective corporate governance. The Group adheres closely to the principle of sustainable development and seeks to achieve required standards in various ESG areas so as to create positive values to stakeholders.

Being an integrated financial service provider, the Group offers a broad range of services including (i) securities dealing and brokerage services; (ii) placing and underwriting services; (iii) financing services including securities and IPO margin financing; and (iv) asset management services. As the Group's business nature is the provision of financial services in Hong Kong and primarily an office based group with relatively low energy, power and water consumption, the direct environmental impact is immaterial in the process of the Group's daily operation and business development.

The following sections provide more information about the Group's practices in areas of environmental protection, employment and labour practices, operating practices and contribution to the community.

### ENVIRONMENTAL PROTECTION

### Emissions, Use of Resources, the Environment and Natural Resources

As the Group's primary business is the provision of financial services, waste generated from the Group's business activities mainly consists of paper and no substantial hazardous waste was produced by the Group. The water consumption of the Group is not material. In addition, there is minimal need for the employees of the Group to travel overseas for business, so the main contributor to the Group's carbon footprint is the indirect greenhouse gas ("GHG") emissions from electricity consumption, which is mainly attributed to the use of lighting system, air-conditioning and office equipment. The details of the Group's GHG emissions and uses of resources for the years ended 31 March 2019 and 2018 were as follows:

#### **GHG** Emissions

The GHG emissions emitted by the Group's business operation for the year ended 31 March 2019 were approximately 41,976 kg (2018: 44,466 kg) of carbon dioxide equivalent (" $CO_2e$ ") and were mainly from indirect emission. Analysis of the major GHG emissions of the Group for the years ended 31 March 2019 and 2018 is set out below:

	GHG Emission	
Sources of GHG emission	2019	2018
	(kg CO <sub>2</sub> e)	(kg CO <sub>2</sub> e)
Purchased electricity	37,419	38,708
Paper waste	4,557	5,758
Total GHG emissions	41,976	44,466

### ENVIRONMENTAL PROTECTION (continued)

#### Emissions, Use of Resources, the Environment and Natural Resources (continued)

### Uses of Resources

### (a) Energy — Electricity

Electricity consumed by the Group in its normal business operations is supplied by The Hongkong Electric Co., Limited. For the year ended 31 March 2019, the total electricity consumption was approximately 47,366 Kilowatt-hour (kWh) (2018: 48,997 kWh), with an energy intensity of approximately 9.6 kWh per square foot (2018: 10.0 kWh per square foot) or approximately 1,691.6 kWh per person (2018: 1,959.9 kWh per person). The slight decrease in electricity consumption was mainly attributable to the Group's continuous encouragement of energy-saving in office.

#### (b) Water

Due to the nature and scope of the Group's business, the Group's office is located in commercial premises. The water consumption of the Group is minimal and was included in the management fee and therefore the figures were not available for the GHG emission calculation.

#### (c) Paper

During the year ended 31 March 2019, the Group used a total of approximately 949 kg (2018: 1,200 kg) of paper in its normal business operations. This equates to approximately 33.9 kg per person (2018: 48.0 kg per person). The slight decrease in total paper consumption was mainly due to the Group's decrease the bulk printing of quarterly report.

The Group is committed to fulfilling the environmental protection and realising the sustainable co-development between the Group and the environment. The Group's commitment to the environment is mainly focused on the energy saving, minimising the use of paper and the reduction of waste by recycling. With the vision of incorporating environmental sustainability into its business functions and processes, the Group has established environmental policies which are communicated to every staff of the Group, including, but not limited to:

#### Energy saving

- Lights and air-conditioning in office premise are turned off when not in use.
- Air-conditioning is set at optimal temperature.
- Electronic appliances, such as computers, photocopy machines, printers, are turned off when employees are off duty or on leave.

#### Use of paper

- Other than formal documents that require the use of papers, each department is advised to handle documents electronically and employees are also encouraged to communicate electronically.
- When the use of paper is required, duplex printing and reusing single-side printed papers are recommended.

#### Reduction of waste

- When procuring office equipment and supplies, considerations are taken on environmental protection, resource saving and recycling readiness.
- The Group will donate unused computer devices to charity organisations.

### EMPLOYMENT AND LABOUR PRACTICES

### **Employment and Labour Standards**

Employees are the most valuable assets of the Group. To retain and motivate employees, the Group recognises their contribution by offering competitive remuneration package, including staff salaries, discretionary bonus and allowances. The management regularly reviews the Group's remuneration policy in relation to relevant market standards.

The Group also strives to create a workplace that is free from discrimination and provide equal employment and promotion opportunities by recruiting or promoting people mainly based on job requirements and employees' performance. No one is subject to discrimination due to nationality, age, gender, religion, marital status, disability, and/ or other forms of difference. The Group has published an employment hand book that includes the terms and conditions of employment, the staff benefits and the office rules and policies.

The Group strictly prohibits the use of child and forced labour. Through the well-established recruitment policies, the Group ensures that its employees are all above the minimum legal working age and no forced labour is hired. The Group has complied with all applicable laws and regulations in relation to employment matters during the year ended 31 March 2019.

### Health and Safety

The Group is committed to providing employees with a safe and healthy working environment. The office layouts are designed based on relevant safety provisions. The exit aisles are equipped with lighting panels "Exit" to guide the way out of the workplace when an emergency (especially fire) occurs. Smoking is strictly prohibited in the entire office premises.

The Group continues to promote work-life balance by encouraging its employees to pursue personal interests and achieve physical and mental health. In addition to annual leave and sick leave, employees of the Group are entitled to maternity leave, paternity leave and marriage leave so that they can manage their work and life more effectively. Group medical insurance packages are provided to each employee at the expenses of the Group.

The Group has complied with all applicable laws and regulations in relation to health and safety matters during the year ended 31 March 2019.

### **Development and Training**

The Group is subject to various ordinances, rules and guidelines such as, but not limited to, the Securities and Futures Commission Ordinance, the Personal Data (Privacy) Ordinance, the GEM Listing Rules and the Hong Kong Securities and Futures Commission's Guideline on Anti-Money Laundering and Counter-Terrorist Financing ("AML Guideline"). Every licensed individual must fulfill prescribed hours of continuous professional training for each type of regulated activity in each calendar year. Also, pursuant to the GEM Listing Rules, the company secretary and all Directors are required to participate in continuous professional training to develop and refresh their knowledge and skills.

Knowledge and skills of employees are vital to the continuous business growth and success of the Group. As such, the Group is committed to providing support to its employees in continuous professional training and encourages them to attend professional training programs by offering eligible employees with sponsorship, examination fee reimbursement, education and examination leaves.

### **OPERATING PRACTICES**

#### **Product Responsibilities**

#### **Quality of Services**

The Group recognises that market reputation and customers' confidence in its services are keys to success and strives to win customer loyalty by providing them with quality and reliant services and managing customers' inquiries and complaints promptly and effectively. In addition, the Group has in place a risk management structure and implemented compliance and operational manuals to ensure its full compliance with all applicable laws, rules and regulations. This is controlled and monitored by a team of experienced management, including responsible officers and compliance officers.

#### Responsible Margin Financing

Trading securities on a margin basis is a high-risk investment strategy. The Group works closely with margin clients to help them to understand the benefits and risks involved with margin trading, and to closely monitor their margin positions through well-established margin lending policies, including but not limited to conducting sufficient know-yourclient procedures to assess the suitability and creditworthiness of margin clients; setting a proper margin loan limit for each margin client; determining appropriate margin ratios for pledging securities; and communicating with margin clients for strategy to meet a margin call should one occurs.

#### **Customer Privacy Protection**

The Group emphasises the importance of confidentiality of personal data and privacy of its clients. Apart from complying with the provisions of the Personal Data (Privacy) Ordinance when collecting, processing and using clients' personal data, the Group has implemented various measures to prevent unauthorised access of clients' data, such as installation of firewall and storing clients' data in a secured place.

### Anti-corruption

The Group is committed to promoting a culture of integrity, fairness, honesty and openness when doing business and zero tolerance of bribery and corruption. To encourage employees of the Group to report any suspected illegal activities such as money laundering, bribery and fraud, the Group has implemented an effective whistle-blowing policy. All employees of the Group are regulated by the Prevention of Bribery Ordinance in Hong Kong and required to adhere to high standards of business and ethical conducts as lay out in the Group's employment handbook.

In addition, all employees of the Group are required to adhere to the requirements set out in the Anti-Money Laundering and Counter-Terrorist Financing (Financial Institutions) Ordinance and the AML Guideline and any update in relation thereto. The Group has adopted policies and procedures in its operations and procedures manual to identify and detect money laundering activities, covering policies in relation to, among others, customer due diligence, records retention, handling of cash and reporting of suspicious transactions to the management of the Group.

The Group has complied with all applicable laws and regulations in relation to anti-corruption matters during the year ended 31 March 2019.

### ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

#### CONTRIBUTION TO COMMUNITY

The Group has been supporting charity activities for years through donations and sponsorships to various charities, including Hong Kong Network for the Promotion of Inclusive Society Limited, Hong Kong Blind Sports Federation, The Hong Kong Society for the Blind, etc., with the aims to promote community development as well as the Group's corporate social responsibilities.

The Group also encourages its employees to join such charity activities. #### PURCHASE, SALE OR REDEMPTION OF LISTED SECURITIES OF THE COMPANY

Neither the Company nor any of its subsidiaries purchased, sold or redeemed any of the Company's listed securities during the year ended 31 March 2019.

#### **PRE-EMPTIVE RIGHTS**

There are no provisions for pre-emptive rights under the Articles of Association of the Company (the "Articles") or the laws of the Cayman Islands, the jurisdiction in which the Company was incorporated, which would oblige the Company to offer new shares on a pro-rata basis to existing shareholders of the Company.

#### SHARE OPTION SCHEME

A share option scheme (the "Scheme") was adopted by the shareholder of the Company and was effective on 5 December 2016. Unless otherwise cancelled or amended, the Scheme will remain in force for a period of 10 years from the date of its adoption on 5 December 2016. Subject to the terms of the Scheme, the Board shall be entitled to make an offer of the grant of an option to subscribe for shares of the Company (the "**Option**") to any Directors, employees of the Group, consultants or advisers of the Group, providers of goods and/or services to the Group, customers of the Group, holders of securities issued by any member of the Group, or any other person, who at the sole discretion of the Board, has contributed to the Group (the "**Eligible Participants**"), whom the Board may select at its absolute discretion.

The purpose of the Scheme is to advance the interests of the Company and the shareholders by enabling the Company to grant Options to attract, retain and reward the Eligible Participants and to provide the Eligible Participants an incentive or reward for their contribution to the Group and by enabling such persons' contribution to further advance the interests of the Group.

The Board may in its absolute discretion specify such conditions as it thinks fit when granting an Option to an Eligible Participant (including, without limitation, as to any minimum period an Option must have been held or the minimum period of service or relationship with any member of the Group to be achieved before an Option can be exercised (or any part thereof), to the extent of the Option which can be exercised at any material time, or any performance criteria which must be satisfied by the Eligible Participant, the Company, and its subsidiaries, before an Option may be exercised), provided that such conditions shall not be inconsistent with any other terms and conditions of the Scheme and the relevant requirements under the applicable laws or the GEM Listing Rules.

The Option will be offered for acceptance for a period of ten business days from the date on which the Option is granted. The amount payable by the grantee to the Company on acceptance of the offer shall be a nominal amount to be determined by the Board. The subscription price in respect of any Option shall, subject to any adjustments made pursuant to the terms of the Scheme, be a price determined by the Board and notified to each grantee and shall be at least the highest of: (i) the closing price per share of the Company as stated in the Stock Exchange's daily quotations sheet on the date of grant of the Options, which must be a day on which the Stock Exchange is open for the business of dealing in securities ("Trading Day"); (ii) the average of the closing prices per share of the Company as stated in the Stock Exchange's daily quotations sheets for the five Trading Days immediately preceding the date of grant of the Options; and (iii) the nominal value of the shares of the Company on the date of grant of the Options.

#### SHARE OPTION SCHEME (continued)

The total number of shares of the Company which may be issued upon exercise of all Options to be granted under the Scheme and any other share option schemes of the Company shall not in aggregate exceed 10% of the total number of shares of the Company in issue as at 6 January 2017 (the "Listing Date") (i.e. 2,000,000,000 shares) unless the Company obtains a fresh approval from the shareholders. The Company may seek approval of shareholders in general meeting to renew the 10% limit above such that the total number of shares in respect of which Options may be granted by the Board under the Scheme and any other share option schemes of the Company in issue shall not exceed 10% of the total number of shares in issue as at the date of approval of the renewed limit. The Company may grant Options to specified participant(s) beyond the 10% limit set out above provided that the Options granted in excess of such limit are specifically approved by the shareholders in general meeting and the participants are specifically identified by the Company before such approval is sought. Notwithstanding the foregoing and subject to the maximum entitlement of each Eligible Participant, the maximum number of shares in respect of which Options may be granted under the Scheme together with any Options outstanding and yet to be exercised under the Scheme and any other share option schemes of the Company in issue shall not exceed 30% (or such higher percentage as may be allowed under the GEM Listing Rules) of the total number of shares in issue from time to time.

The total number of shares of the Company issued and to be issued upon exercise of the Options granted to each Eligible Participant (including both exercised and outstanding Options under the Scheme) in the twelve-month period expiring on the offer date shall not exceed 1% of the issued share capital of the Company, unless approval of the shareholders of the Company has been obtained in accordance with the GEM Listing Rules. Where Options are proposed to be granted to a substantial shareholder or an independent non-executive Director or any of their respective associates, and the proposed grant of Options will, result in the total number of shares issued and to be issued upon exercise of all Options already granted and to be granted (including Options exercised, cancelled and outstanding) to such person in the twelve-month period up to and including the date of such grant representing in aggregate over 0.1% of the issued share capital of the Company and having an aggregate value, based on the closing price of the shares at the date of each grant, in excess of HK\$5 million, such grant must be approved by the shareholders of the Company at general meeting in accordance with the GEM Listing Rules.

An Option may be exercised in accordance with the terms of the Scheme at any time during a period as the Board may determine save that such period shall not exceed ten years from the date of acceptance of the offer subject to the provisions of early termination thereof.

As at the date of this annual report, the total number of shares available for issue under the Scheme is 200,000,000 shares, representing 10% of the issued share capital of the Company. Since the adoption of the Scheme and up to 31 March 2019, no Option has been granted by the Company.

#### EQUITY-LINKED AGREEMENTS

Save and except for the Scheme as disclosed in the paragraph headed "SHARE OPTION SCHEME" above, no equitylinked agreement that (i) will or may result in the Company issuing shares or (ii) requires the Company to enter into any agreement that will or may result in the Company issuing shares, was entered into by the Company during the year ended 31 March 2019 or subsisted at the end of the year.

#### CORPORATE GOVERNANCE

The principal corporate governance practices as adopted by the Company are set out in the section headed "CORPORATE GOVERNANCE REPORT" from pages 20 to 31 of this annual report.

#### COMPLIANCE WITH RELEVANT LAWS AND REGULATIONS

During the year ended 31 March 2019, to the best of knowledge of the Directors, there was no material breach of or noncompliance with the applicable laws and regulations by the Group that has a significant impact on the businesses and operations of the Group.

#### DISCLOSURES UNDER RULES 17.22 TO 17.24 OF THE GEM LISTING RULES

As at 31 March 2019, the Group had no circumstances which would give rise to a disclosure obligation under rules 17.22 to 17.24 of the GEM Listing Rules.

#### ENVIRONMENTAL POLICIES AND KEY RELATIONSHIP WITH EMPLOYEES

Discussion on the Group's environmental policies and key relationship with employees is set out in the section headed "ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT" from pages 32 to 36 of this annual report.

#### KEY RELATIONSHIPS WITH CUSTOMERS AND SUPPLIERS

For the year ended 31 March 2018, the Group has 480 (2018: 677) active securities accounts. The Group is committed to establish and maintain long term and harmonious relationships with its customers. In order to maintain the relationships with customers, various means have been established to strengthen the communications between the Group and the customers including email, telephone and face-to-face meeting. In addition, the Group will continue to expand the customer base by utilising the network it has and referrals from existing customers.

The Group does not have any supplier due to the nature of its principal business activities.

#### DONATION

During the year ended 31 March 2019, the Group made charitable donations of approximately HK\$0.5 million (2018: HK\$1.3 million).

#### DIRECTORS AND DIRECTORS' SERVICE CONTRACTS

The Directors of the Company during the year ended 31 March 2019 and up to date of this report were as follows:

#### **Executive Directors**

Mr. Lo Tak Wing Benson ("**Mr. B Lo**") (*Chairman*) Mr. Lo Shiu Wing Chester ("**Mr. C Lo**") (*Chief Executive Officer*)

#### Non-executive Director

Mr. Khoo Ken Wee ("**Mr. Khoo**")

#### Independent non-executive Directors

Mr. Ma Wai Hung Vincent ("**Mr. Ma**") Mr. Mok Kwai Pui Bill ("**Mr. Mok**") Mr. Ng Shu Bun Andrew ("**Mr. Ng**")

The biographical details of the Directors are set out on pages 15 to 18 of this annual report.

Pursuant to the Articles, at the forthcoming annual general meeting of the Company (the "2019 AGM"), Mr. C Lo and Mr. Ng will retire as Directors and, being eligible, offer themselves for re-election.

The executive Directors have entered into service contracts with the Company for a term of three years and be thereafter continuous unless and until the termination by either party thereto by giving not less than three months' prior written notice and are subject to retirement by rotation and re-election in accordance with the Articles.

The non-executive Director is appointed for a term of one year and thereafter renewable from year to year and either party may terminate such appointment at any time by giving at least one month' prior notice in writing to the other and is subject to retirement by rotation and re-election in accordance with the Articles.

The independent non-executive Directors are appointed for a term of one year and either party may terminate such appointment at any time by giving at least three months' prior notice in writing to the other and are subject to retirement by rotation and re-election in accordance with the Articles.

No Director proposed for re-election at the 2019 AGM has a service contract with the Company or any of its subsidiaries which is not determinable by the Company within one year without payment of compensation, other than the normal statutory compensation.

#### CONFIRMATION OF INDEPENDENCE

The Company has received annual confirmation of independence from each of the independent non-executive Directors pursuant to the requirement of rule 5.09 of the GEM Listing Rules. The Company considers all independent non-executive Directors to be independent.

#### DIRECTORS' AND SENIOR MANAGEMENT'S BIOGRAPHIES

Biographical details of the Directors and the senior management of the Group are set out in the section headed "BIOGRAPHICAL DETAILS OF DIRECTORS AND SENIOR MANAGEMENT" from pages 15 to 19 of this annual report.

#### **EMOLUMENT POLICY**

The emolument policy of the Group is on the basis of the qualifications and contributions of individuals to the Group as well as the performance of the Group. The Company has adopted a share option scheme as an incentive to eligible participants, details of which are set out in the paragraph headed "SHARE OPTION SCHEME".

The Remuneration Committee will review and determine the remuneration and compensation packages of the Directors with reference to their experience, responsibilities, workload and time devoted to the Group and performance of the Group.

Details of the emoluments of the Directors, five highest paid individuals and senior management by band are set out in notes 29, 30 and 32 to the consolidated financial statements respectively.

#### PERMITTED INDEMNITY PROVISION

The Company has arranged for appropriate insurance covering the liabilities of its Directors and officers in respect of legal actions against them arising out of corporate activities. A permitted indemnity provision (as defined under the Hong Kong Companies Ordinance) is currently in force and was in force throughout the year ended 31 March 2019 for the benefit of the Directors.

#### **COMPETING INTERESTS**

None of the Directors, the controlling shareholders of the Company nor their respective close associates (as defined in the GEM Listing Rules) had any interest in a business which competes or is likely to compete, either directly or indirectly, with the business of the Group during the year ended 31 March 2019 and up to the date of this annual report.

#### NON-COMPETITION UNDERTAKING

Each of Thoughtful Mind Limited ("TML"), Mr. B Lo and Mr. C Lo (collectively, the "Covenantors" and each a "Covenantor") entered into a deed of non-competition (the "Deed of Non-Competition") with the Company on 5 December 2016 pursuant to which each of the Covenantors has, among other things, undertaken with the Company that at any time during the period that the Deed of Non-Competition remains effective, such Covenantor shall not, and shall procure that neither their respective close associates nor companies controlled by the Covenantors (other than the members of the Group) will, directly or indirectly, be interested in or engaged in any form of business, including but not limited to any joint venture, alliance, cooperation, partnership which competes or is likely to compete directly or indirectly with the Group's business in any area in which the Group carries or may carry on business ("Restricted Activity") from time to time; nor provide support in any form to persons other than the members of the Group is currently and from time to time carrying on.

#### NON-COMPETITION UNDERTAKING (continued)

Such non-competition undertaking does not apply to holding shares of a company which conducts or is engaged in any Restricted Activity provided that, such shares are listed on a recognised stock exchange and: (a) the total number of the shares held by the Covenantors and/or their respective close associates (in aggregate) does not amount to more than 5% of the issued shares of such company; and (b) the Covenantors and/or their respective associates are not entitled to appoint a majority of the directors or management of that company.

The Covenantors have confirmed in writing to the Company of their compliance with the Deed of Non-Competition, and the independent non-executive Directors have reviewed the status of compliance and confirmed that all the undertakings under the Deed of Non-Competition have been complied by each of the Covenantors for the year ended 31 March 2019 and up to the date of this annual report.

#### **RELATED PARTY TRANSACTIONS**

Details of the related party transactions undertaken by the Group are set out in note 32 to the consolidated financial statements. #### **CONNECTED TRANSACTIONS (continued)**

#### Auditor's Letter on Continuing Connected Transactions

The Company has engaged the Company's auditor, HLB to report on the CCT in accordance with Hong Kong Standard on Assurance Engagements 3000 (Revised) "Assurance Engagements Other Than Audits or Reviews of Historical Financial Information" and with reference to Practice Note 740 "Auditor's Letter on Continuing Connected Transactions under the Hong Kong Listing Rules" issued by the Hong Kong Institute of Certified Public Accountants.

HLB has reviewed the CCTs and, pursuant to Rule 20.54 of the GEM Listing Rules, confirmed to the Board that nothing has come to their attention that causes them to believe that:

- (i) the CCTs have not been approved by the Board;
- (ii) the CCTs were not, in all material respects, in accordance with the pricing policies of the Group;
- (iii) the CCTs were not entered into, in all material respects, in accordance with the relevant agreements governing the transactions; and
- (iv) the CCTs have exceeded the annual cap as set by the Company.

#### Confirmation of independent non-executive Directors

The independent non-executive Directors have reviewed the above continuing connected transactions and confirmed that these transactions have been entered into: (i) in the ordinary and usual course of business of the Group; (ii) on normal commercial terms or better for the Group; and (iii) in accordance with the relevant agreements governing them on terms that are fair and reasonable and in the interests of the shareholders of the Company as a whole.

#### DIRECTORS' AND CHIEF EXECUTIVES' INTERESTS AND SHORT POSITIONS IN THE SHARES, UNDERLYING SHARES AND DEBENTURES OF THE COMPANY AND ITS ASSOCIATED CORPORATIONS

As at 31 March 2019, the interests and short positions in the shares, underlying shares and debentures of the Company or any associated corporation (within the meaning of Part XV of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) (the "SFO")) held by the Directors and chief executives of the Company (the "Chief Executives") which have been notified to the Company and the Stock Exchange pursuant to Divisions 7 and 8 of Part XV of the SFO (including interests and short positions which they were taken or deemed to have under such provisions of the SFO) or have been notified to the register maintained by the Company pursuant to section 352 of the SFO, or as otherwise have been notified to the Company and the Stock Exchange pursuant to rules 5.46 to 5.67 of the GEM Listing Rules are as follows:

TML	Beneficial interest	1,500,000,000	75%
Ms. Lui Wing Patsie	Interest in spouse (Note)	1,500,000,000	75%

Note: Ms. Lui Wing Patsie is the spouse of Mr. B Lo.

Save as disclosed above, as at 31 March 2019, the Directors were not aware of any person or corporation (other than the Directors and the Chief Executives) who had any interest or short position in the shares or underlying shares of the Company which would fall to be disclosed to the Company under the provisions of Divisions 2 and 3 of Part XV of the SFO, or pursuant to section 336 of the SFO, which would have to be recorded in the register referred to therein.

#### DIRECTORS' RIGHTS TO ACQUIRE SHARES OR DEBENTURES

Save as disclosed under the paragraphs headed "DIRECTORS' AND CHIEF EXECUTIVES' INTERESTS AND SHORT POSITIONS IN THE SHARES, UNDERLYING SHARES AND DEBENTURES OF THE COMPANY AND ITS ASSOCIATED CORPORATIONS" and "SHARE OPTION SCHEME" in this annual report, at no time during the year ended 31 March 2019 was the Company, or any of its subsidiaries or its parent company a party to any arrangements to enable the Directors and Chief Executives (including their respective spouse and children under 18 years of age) to acquire benefits by means of the acquisition of shares or underlying shares in, or debentures of, the Company or any of its associated corporation.

# DIRECTORS' INTERESTS IN SIGNIFICANT TRANSACTIONS, ARRANGEMENTS AND CONTRACTS

Save for those disclosed under the section headed "CONNECTED TRANSACTIONS" above and those disclosed in note 32 to the consolidated financial statements, during the year ended 31 March 2019, there was no transaction, arrangement or contract of significance in relation to the Group's business to which the Company, or any of its subsidiaries or its parent company was a party and in which a Director or a connected entity of that Director has or had, directly or indirectly, a material interest.

#### MANAGEMENT CONTRACTS

No contracts, other than employment contracts, concerning the management and administration of the whole or any substantial part of the Group's business were entered into or existed during the year ended 31 March 2019.

#### **PUBLIC FLOAT**

Based on the information that is publicly available to the Company and within the best knowledge of the Directors, as at the date of this annual report, there is sufficient public float of 25% of the Company's issued shares as required under the GEM Listing Rules.

#### COMPLIANCE ADVISER'S INTERESTS

On 5 December 2016, Ample Capital Limited, a licensed corporation under the SFO to carry out type 4 (advising in securities), type 6 (advising on corporate finance) and type 9 (asset management) regulated activities entered into between the Company a compliance adviser's agreement (the "**Compliance Adviser's Agreement**") as the Compliance adviser of the Company (the "**Compliance Adviser**").

As at 31 March 2019, as notified by the Compliance Adviser save and except for the Compliance Adviser's Agreement neither the Compliance Adviser nor its directors, employees or close associates (as defined in the GEM Listing Rules) had any interests in the securities of the Company or any other companies of the Group (including options or rights to subscribe for such securities) which is required to be notified to the Company pursuant to rule 6A.32 of the GEM Listing Rules.

#### AUDITOR

On 29 April 2019, Deloitte Touche Tohmatsu ("**Deloitte**") has resigned as the auditor of the Company (the "**Auditor**"), as the Company and the Auditor could not reach an agreement on the audit fee for the year ended 31 March 2019. Following the resignation of Deloitte, HLB Hodgson Impey Cheng Limited ("**HLB**") has been appointed as the Auditor on 30 April 2019.

The consolidated financial statements of the Group for the year ended 31 March 2019 were audited by HLB, who shall retire and, being eligible, offer itself for re-appointment at the 2019 AGM. A resolution for the re-appointment of HLB as the independent Auditor will be proposed at the 2019 AGM.

#### 2019 AGM

The 2019 AGM will be held at 11:00 a.m. on 29 August 2019 at 7/F, Nexxus Building, 77 Des Voeux Road Central, Hong Kong and a notice of the 2019 AGM will be published and despatched in due course.

#### TO THE SHAREHOLDERS OF PF GROUP HOLDINGS LIMITED (Incorporated in Cayman Islands with limited liability)

#### **OPINION**

We have audited the consolidated financial statements of PF Group Holdings Limited (the "**Company**") and its subsidiaries (collectively referred to as "**the Group**") set out on pages 56 to 113, which comprise the consolidated statement of financial position as at 31 March 2019, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 March 2019, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

#### **BASIS FOR OPINION**

We conducted our audit in accordance with Hong Kong Standards on Auditing ("**HKSAs**") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "**Code**"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **KEY AUDIT MATTERS**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

#### **KEY AUDIT MATTERS (continued)**

#### Key audit matter

#### How our audit addressed the key audit matter

Allowance for expected credit losses assessment on accounts receivable

Refer to Note 19 and Note 34 to the consolidated financial statements.

As at 31 March 2019, the Group had accounts receivable of approximately HK\$103,016,000 and no provision for allowance for expected credit losses was recognised to consolidated statement of profit or loss and other comprehensive income.

Management performed periodic assessment on the recoverability of the accounts receivable and the sufficiency of provision for allowance for expected credit losses based on information including credit profile of different customers, ageing of the accounts receivable, historical settlement records, subsequent settlement status, expected timing and amount of realisation of outstanding balances, and on-going trading relationships with the relevant customers. Management also considered forward-looking information that may impact the customers' ability to repay the outstanding balances in order to estimate the expected credit losses for the allowance for expected credit losses assessment.

We focused on this area due to the allowance for expected credit losses assessment of accounts receivable under the expected credit losses model involved the use of significant management judgements and estimates. Our procedures in relation to management's impairment assessment of the accounts receivable included:

- Understanding and evaluating the key controls that the Group has implemented to manage and monitor its credit risk, and validating the control effectiveness on a sample basis;
- Checking, on a sample basis, the ageing profile of the accounts receivable to the underlying financial records and post year-end settlements to bank receipts;
  - Inquiring of management for the status of each of the material accounts receivable past due as at year end and corroborating explanations from management with supporting evidence, such as performing public search of credit profile of selected customers, understanding ongoing business relationship with the customers based on trade records, checking historical and subsequent settlement records of and other correspondence with the customers; and
  - Assessing the appropriateness of the expected credit loss provisioning methodology, examining the key data inputs on a sample basis to assess their accuracy and completeness, and challenging the assumptions, including both historical and forward-looking information, used to determine the expected credit losses.

We found that the management judgment and estimates used to assess the recoverability of the accounts receivable and determine the impairment provision to be supportable by available evidence.

#### OTHER MATTER

The consolidated financial statements of the Group for the year ended 31 March 2018 were audited by another independent auditors who expressed an unmodified opinion on those consolidated financial statements on 22 June 2018.

#### OTHER INFORMATION

The directors are responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditors' report thereon (the "Other Information").

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

# RESPONSIBILITIES OF DIRECTORS AND THE AUDIT COMMITTEE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The Audit Committee are responsible for overseeing the Group's financial reporting process.

# AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. We report our opinion solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

# AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement director on the audit resulting in the independent auditors' report is Shek Lui.

#### 1. GENERAL

PF Group Holdings Limited (the "**Company**") was incorporated in the Cayman Islands as an exempted company with limited liability on 3 August 2015 under the Companies Law of the Cayman Islands. The shares of the Company have been listed on GEM of The Stock Exchange of Hong Kong Limited (the "**Stock Exchange**") since 6 January 2017. Its ultimate holding company is Thoughtful Mind Limited ("**TML**"), a company incorporated in the British Virgin Islands (the "**BVI**") with limited liability.

The Company is an investment holding company. The Company and its subsidiaries (collectively referred to as the "**Group**") are principally engaged in the provision of (i) securities dealing and brokerage services; (ii) placing and underwriting services; (iii) financing services including securities and initial public offering ("**IPO**") margin financing; and (iv) asset management services.

The Company's registered office is Cricket Square, Hutchins Drive, P.O. Box 2681, Grand Cayman, KY1-1111, Cayman Islands and the principal place of business of the Company is 11/F, New World Tower, Tower II, 16–18 Queen's Road Central, Hong Kong.

The consolidated financial statements are presented in Hong Kong dollars ("HK\$"), which is also the functional currency of the Company and its subsidiaries and all values are rounded to the nearest thousands ("HK\$'000"), unless otherwise stated.

# 2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs")

#### Amendments to HKFRSs that are mandatorily effective for the current year

The Group has applied the following new and amendments to HKFRSs issued by the Hong Kong Institute of Certified Public Accountants (the "**HKICPA**") for the first time in the current year:

HKFRS 2 (Amendments)	Classification and Measurement of Share-based Payment Transactions
HKFRS 4 (Amendments)	Applying HKFRS 9 Financial Instruments with HKFRS 4 Insurance Contracts
HKFRS 9	Financial Instruments
HKFRS 15	Revenue from Contracts with Customers and related Amendments
HKFRS 15 (Amendments)	Clarification to HKFRS 15 Revenue from contracts with customers
HKAS 28 (Amendments)	As part of the Annual Improvements to HKFRSs 2014–2016 Cycle
HKAS 40 (Amendments)	Transfers of Investment Property
HK(IFRIC) Int 22	Foreign currency transactions and advance consideration

Except as described below, the application of the new and amendments to HKFRSs in the current year has had no material impact on the Group's financial performance and positions for the current and prior periods and/or on the disclosures set out in these consolidated financial statements.

For the year ended 31 March 2019

# 2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (continued)

## Amendments to HKFRSs that are mandatorily effective for the current year (continued) *HKFRS 9 Financial Instruments*

In the current year, the Group has applied HKFRS 9 "Financial Instruments" and the related consequential amendments to other HKFRSs. HKFRS 9 introduces new requirements for (1) the classification and measurement of financial assets and financial liabilities, (2) expected credit losses ("ECL") for financial assets and (3) general hedge accounting.

The Group has applied HKFRS 9 in accordance with the transition provisions set out in HKFRS 9, i.e. applied the classification and measurement requirements (including impairment) retrospectively to instruments that have not been derecognised as at 1 April 2018 (date of initial application) and has not applied the requirements to instruments that have already been derecognised as at 1 April 2018. The difference between carrying amounts as at 31 March 2018 and the carrying amounts as at 1 April 2018 are recognised in the opening retained profits and other components of equity, without restating comparative information.

Accordingly, certain comparative information may not be comparable as comparative information was prepared under HKAS 39 "Financial Instruments: Recognition and Measurement".

Accounting policies resulting from application of HKFRS 9 disclosed in Note 3 to consolidated financial statements.

#### Summary of effects arising from initial application of HKFRS 9

Below illustrates the classification and measurement (including impairment) of financial assets and financial liabilities and other items subject to ECL under HKFRS 9 and HKAS 39 at the date of initial application, 1 April 2018.

#### Classification and measurement of financial assets and financial liabilities at amortised cost

All recognised financial assets and financial liabilities that are within the scope of HKFRS 9 are subsequently measured at amortised cost.

For the year ended 31 March 2019

# 2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (continued)

#### Amendments to HKFRSs that are mandatorily effective for the current year (continued) Impairment under ECL model

The Group applies the HKFRS 9 simplified approach to measure ECL which uses a lifetime ECL for all accounts receivable. Except for those which had been determined as credit impaired under HKAS 39, the remaining balances are grouped based on internal credit rating and/or past due analysis. The Group has therefore estimated the expected loss rates for the accounts receivable on the same basis. Based on assessment by the directors, the directors consider the ECL for accounts receivable is insignificant at 1 April 2018.

Except for those which had been determined as credit impaired under HKAS 39, ECL for other financial assets at amortised cost, including deposit and other receivables and pledged bank deposit and cash and bank balances, are assessed on 12-month ECL ("**12m ECL**") basis as there had been no significant increase in credit risk since initial recognition.

For deposits and other receivables, the directors make periodic collective as well as individual assessment on the recoverability of deposits and other receivables based on historical settlement records and past experience with available reasonable and supportive forward-looking information. Based on assessment by the directors, the directors consider the ECL for deposits and other receivables is insignificant.

#### **HKFRS 15 Revenue from Contracts with Customers**

The Group has adopted HKFRS 15 Revenue from Contracts with Customers form 1 April 2018 which resulted in changes in accounting policies and adjustments to the amounts recognised in the consolidated financial statements. In accordance with the transitional provisions in HKFRS 15, prior period comparative figures have not been restated. The Group recognises revenue mainly form the following major sources which arise from contracts with customers:

- Provision of securities dealing and brokerage services
- Provision of placing and underwriting services
- Provision of financing services including securities and initial public offering ("IPO") margin financing ; and
- Provision of asset management services

Information about the Group's performance obligations and the accounting policies resulting from application of HKFRS 15 are disclosed in Note 3 to consolidated financial statements.

As a result of the changes in the Group's accounting policies, as explained above, HKFRS 15 was generally adopted without restating any other comparative information. The adoption of HKFRS 15 in the current period does not result in any significant impact on the amounts reported in the consolidated financial information and/or disclosures set out in the consolidated financial information except that, the Group has adopted the following accounting policies on revenues with effect from 1 April 2018.

For the year ended 31 March 2019

# 2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (continued)

#### New and revised HKFRSs and interpretations in issue but not yet effective

The Group has not early applied the following new and revised HKFRSs that have been issued but not yet effective:

Amendments to HKFRSs	Annual Improvements to HKFRSs 2015–2017 Cycle <sup>1</sup>
Amendments to HKFRS 3	Definition of a business <sup>4</sup>
Amendments to HKFRS 9	Prepayment Features with Negative Compensation <sup>1</sup>
Amendments to HKFRS 10 and HKAS 28	Sale or Contribution of Assets between an Investor and its
	Associate or Joint Venture <sup>3</sup>
HKFRS 16	Leases <sup>1</sup>
HKFRS 17	Insurance Contracts <sup>2</sup>
Amendments to HKAS 1 and HKAS 8	Definition of Material <sup>5</sup>
Amendments to HKAS 19	Plan Amendment, Curtailment or Settlement <sup>1</sup>
Amendments to HKAS 28	Long-term interests in Associates and Joint Ventures <sup>1</sup>
HK(IFRIC) Interpretation 23	Uncertainty over Income Tax Treatments <sup>1</sup>

<sup>1</sup> Effective for annual periods beginning on or after 1 January 2019.

- <sup>2</sup> Effective for annual periods beginning on or after 1 January 2021.
- <sup>3</sup> Effective for annual periods beginning on or after a date to be determined.
- <sup>4</sup> Effective for business combinations and assets acquisition for which the acquisition date is on or after the beginning of the first annual period beginning on or after 1 January 2020.
- <sup>5</sup> Effective for annual periods beginning on or after 1 January 2020.

The Directors anticipate that, except as described below, the application of other new and revised HKFRSs will have no material impact on the results and the consolidated statement of financial position of the Group.

For the year ended 31 March 2019

# 2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (continued)

#### **HKFRS 16 Leases**

HKFRS 16 introduces a comprehensive model for the identification of lease arrangements and accounting treatments for both lessors and lessees. HKFRS 16 will supersede HKAS 17 Leases and the related interpretations when it becomes effective.

HKFRS 16 distinguishes lease and service contracts on the basis of whether an identified asset is controlled by a customer. In addition, HKFRS 16 requires sales and leaseback transactions to be determined based on the requirements of HKFRS 15 as to whether the transfer of the relevant asset should be accounted as a sale. HKFRS 16 also includes requirements relating to subleases and lease modifications.

Distinctions of operating leases and finance leases are removed for lessee accounting, and is replaced by a model where a right-of-use asset and a corresponding liability have to be recognised for all leases by lessees, except for short-term leases and leases of low value assets.

The right-of-use asset is initially measured at cost and subsequently measured at cost (subject to certain exceptions) less accumulated depreciation and impairment losses, adjusted for any remeasurement of the lease liability. The lease liability is initially measured at the present value of the lease payments that are not paid at that date. Subsequently, the lease liability is adjusted for interest and lease payments, as well as the impact of lease modifications, amongst others. For the classification of cash flows, the Group currently presents upfront prepaid lease payments as investing cash flows in relation to leasehold lands for owned use while other operating lease payments are presented as operating cash flows. Upon application of HKFRS 16, lease payments in relation to lease liability will be allocated into a principal and an interest portion which will be presented as financing cash flows by the Group.

Furthermore, extensive disclosures are required by HKFRS 16.

At 31 March 2019, the Group has non-cancellable operating lease commitments of approximately HK\$10,804,000 as disclosed in Note 31 to the consolidated financial statements. A preliminary assessment indicates that these arrangements will meet the definition of a lease. Upon application of HKFRS 16, the Group will recognise a right-of-use asset and a corresponding liability in respect of all these leases unless they qualify for low value or short-term leases.

The application of new requirements may result in changes in measurement, presentation and disclosure as indicated above. The Group intends to elect the modified retrospective approach for the application of HKFRS 16 as lessee and will recognise the cumulative effect of initial application to opening retained profits without restating comparative information.

For the year ended 31 March 2019

#### 3. SIGNIFICANT ACCOUNTING POLICIES

#### Statement of compliance

The consolidated financial statements have been prepared in accordance with HKFRSs issued by the HKICPA. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on GEM of the Stock Exchange and by the Hong Kong Companies Ordinance.

#### **Basis of preparation**

The consolidated financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies set out below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for leasing transactions that are within the scope of HKAS 17, and measurements that have some similarities to fair value but are not fair value, such as value in use in HKAS 36 "Impairment of Assets".

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below.

For the year ended 31 March 2019

#### 3. SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Group gains control until the date when the Group ceases to control the subsidiary.

When necessary, adjustments are made to the financial statements of the subsidiaries to bring their accounting policies into line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

#### Revenue and other income recognition

Under HKFRS 15, the Group recognises revenue when (or as) a performance obligation is satisfied, i.e. when "control" of the goods or services underlying the particular performance obligation is transferred to the customer.

A performance obligation represents a good or service (or a bundle of goods or services) that is distinct or a series of distinct goods or services that are substantially the same.

Control is transferred a point in time and revenue is recognised a point in time by reference to the progress towards complete satisfaction of the relevant performance obligation if one of the following criteria is met:

- the customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs;
- the Group's performance creates and enhances an asset that the customer controls as the Group performs; or
- the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

For the year ended 31 March 2019

#### 3. SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Revenue and other income recognition (continued)

Otherwise, revenue is recognised at a point in time when the customer obtains control of the distinct good or service.

A contract asset represents the Group's right to consideration in exchange for goods or services that the Group has transferred to a customer that is not yet unconditional. It is assessed for impairment in accordance with HKFRS 9. In contrast, a receivable represents the Group's unconditional right to consideration, i.e. only the passage of time is required before payment of that consideration is due.

A contract liability represents the Group's obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer.

A contract asset and a contract liability relating to a contract are accounted for an presented on a net basis.

For contracts that contain more than one performance obligations, the Group allocates the transaction price to each performance obligation on a relative stand-alone selling price basis.

The stand-alone selling price of the distinct good or service underlying each performance obligation is determined at contract inception. It represents the price at which the Group would sell a promised good or service separately to a customer. If a stand-alone selling price is not directly observable, the Group estimates it using appropriate techniques such that the transaction price ultimately allocated to any performance obligation reflects the amount of consideration to which the Group expects to be entitled in exchange for transferring the promised goods or services to the customer.

#### Commission income from securities dealing and brokerage services

Securities brokerage commission income is recognised on trade date basis when the relevant sale or purchase of securities transactions is executed.

#### Fee and commission income from placing and underwriting services and referral income

Placing and underwriting commission and referral income are recognised in accordance with the terms of the underlying agreement or deal mandate when the relevant significant act has been completed.

#### Fee income from handling and settlement

Handling and settlement fee income is recognised when the relevant transactions have been arranged or the relevant services have been rendered.

For the year ended 31 March 2019

#### 3. SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Fee income from asset management services

Fee income from asset management services is recognised as income in accordance with the terms of the agreements on the valuation date. Asset management fee income are charged at a fixed amount and a fixed percentage per month of the net asset value of the managed accounts under management of the Group. Investment advisory fee income is charged at a fixed amount per month for managing the investment portfolio of each client.

#### Revenue recognition (prior to 1 April 2018)

Revenue is measured at the fair value of the consideration received or receivable, and represents the amounts received or receivable for services provided in the normal course of business. Revenue is recognised when it is probable that the economic benefits will flow to the Group and when revenue can be measured reliably, on the following basis:

- (i) Commission income from (a) securities dealing and brokerage services and (b) placing and underwriting activities are recognised as income on a trade date basis;
- (ii) Fee income from placing and underwriting activities and referral fee income are recognised as income in accordance with the terms of the agreements when the relevant significant acts have been completed;
- (iii) Interest income from a financial asset is accrued on a time basis by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition;
- Management fee income from asset management services, settlement fee income and handling fee income are recognised as income when services are rendered;
- (v) Performance fee income from asset management services is recognised as income in accordance with the terms of the agreements on the valuation date; and
- (vi) Loan commitment fee income is recognised in accordance with the terms of the engagements on a time basis over the commitment period.

For the year ended 31 March 2019

#### 3. SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Property and equipment

Property and equipment are stated in the consolidated statement of financial position at cost less subsequent accumulated depreciation and subsequent accumulated impairment losses, if any.

Depreciation is recognised so as to write off the cost of items of property and equipment less their residual values over their estimated useful lives, using straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

#### Intangible asset

Intangible asset with indefinite useful life that is acquired separately is carried at cost less any subsequent accumulated impairment losses.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains and losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

#### Impairment losses on tangible and intangible assets

At the end of the reporting period, the Group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the relevant asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an asset individually, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible asset with indefinite useful life is tested for impairment at least annually, and whenever there is an indication that they may be impaired.

For the year ended 31 March 2019

#### 3. SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Impairment losses on tangible and intangible assets (continued)

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset (or a cash-generating unit) for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or a cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or a cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or a cash-generating unit) in prior years. A reversal of an impairment loss is recognised as income immediately.

#### Leasing

Operating lease payments are recognised as an expense on a straight-line basis over the lease term.

#### Foreign currencies

Transactions in currencies other than the functional currency of the group entity (foreign currencies) are recognised at the rates of exchanges prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on the retranslation of monetary items, are recognised in profit or loss in the period in which they arise.

#### **Employee benefits**

Payments to the Mandatory Provident Fund Scheme are recognised as an expense when employees have rendered service entitling them to the contributions.

For the year ended 31 March 2019

## 3. SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Taxation

Income tax expense represents the tax currently payable.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from "profit before tax" as reported in the consolidated statement of profit or loss and other comprehensive income because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of each reporting period.

Current tax is recognised in profit or loss, except when it relates to items that are recognised in other comprehensive income or directly in equity, in which case, the current tax is also recognised in other comprehensive income or directly in equity respectively.

#### **Financial instruments**

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instrument. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

Financial assets and financial liabilities are initially measured at fair value except for trade receivables arising from contracts with customers which are initially measured in accordance with HKFRS 15 since 1 April 2018. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets at fair value through profit or loss are recognised immediately in profit or loss.

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income and interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts and payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset or financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Interest/dividend income which are derived from the Group's ordinary course of business are presented as revenue.

For the year ended 31 March 2019

## 3. SIGNIFICANT ACCOUNTING POLICIES (continued)

### Financial instruments (continued) Financial assets Classification and subsequent measurement of financial assets (upon application of HKFRS 9 in accordance with transition in Note 2) Financial assets that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets that meet the following conditions are subsequently measured at fair value through other comprehensive income ("FVTOCI"):

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at FVTPL, except that the derivative is designated as a hedging instrument in a cash flow hedge or at the date of initial application/initial recognition of a financial asset the Group may irrevocably elect to present subsequent changes in fair value of an equity investment in other comprehensive income ("OCI") if that equity investment is neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which HKFRS 3 "Business Combinations" applies.

A financial asset is classified as held for trading if:

- it has been acquired principally for the purpose of selling in the near term; or
- on initial recognition it is a part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

In addition, the Group may irrevocably designate a financial asset that are required to be measured at the amortised cost or FVTOCI as measured at FVTPL if doing so eliminates or significantly reduces an accounting mismatch.

For the year ended 31 March 2019

## 3. SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Financial instruments (continued)

#### Financial assets (continued)

Classification and subsequent measurement of financial assets (upon application of HKFRS 9 in accordance with transition in Note 2) (continued)

#### Amortised cost and interest income

Interest income is recognised using the effective interest method for financial assets measured subsequently at amortised cost. Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired (see below). For financial assets that have subsequently become credit-impaired, interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset from the next reporting period (with the amortised cost being the gross carrying amount less the impairment allowance). If the credit risk on the credit-impaired financial instrument improves so that the financial asset is no longer credit-impaired, interest income is recognised by applying the reporting period following the determination that the asset is no longer credit-impaired.

Financial assets at FVTPL

Financial assets that do not meet the criteria for being measured at amortised cost are measured at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any fair value gains or losses recognised in profit or loss. The net gain or loss recognised in profit or loss includes any dividend and interest income on the financial assets.

Impairment of financial assets (upon application of HKFRS 9 in accordance with transition in Note 2) The Group recognises a loss allowance for ECL on financial assets which are subject to impairment under HKFRS 9 (including accounts receivable, other receivables and cash and bank balances). The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of the relevant instrument. In contrast, 12m ECL represents the portion of lifetime ECL that is expected to result from default events that are possible within 12 months after the reporting period. Assessment are done based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current conditions at the reporting period as well as the forecast of future conditions.

The Group always recognises lifetime ECL for accounts receivable that result from transactions within the scope of HKFRS 15 and the ECL on these assets are assessed individually for debtors with significant balances and/or collectively using a provision matrix with debtors having similar credit ratings.

For all other instruments, the Group measures the loss allowance equal to 12m ECL, unless when there has been a significant increase in credit risk since initial recognition, the Group recognises lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition.

#### Financial instruments (continued)

#### Financial assets (continued)

Classification and subsequent measurement of financial assets (upon application of HKFRS 9 in accordance with transition in Note 2) (continued)

Impairment of financial assets (upon application of HKFRS 9 in accordance with transition in Note 2) (continued) <u>Significant increase in credit risk</u>

In assessing whether the credit risk has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk, e.g. a significant increase in the credit spread, the credit default swap prices for the debtor;
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor; and
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk has increased significantly since initial recognition when contractual payments are more than 30 days past due (except for accounts receivable from margin clients where a shorter period of "past due" has been applied by the directors in view of the nature of business operation and practice in managing the credit risk), unless the Group has reasonable and supportable information that demonstrates otherwise.

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

#### Financial assets (continued)

Classification and subsequent measurement of financial assets (upon application of HKFRS 9 in accordance with transition in Note 2) (continued)

Impairment of financial assets (upon application of HKFRS 9 in accordance with transition in Note 2) (continued) <u>Definition of default</u>

For internal credit risk management, the Group considers an event of default occurs when information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full.

Irrespective of the above, the Group considers that default has occurred when a financial asset is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

#### Credit-impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit impaired includes observable data about the following events:

- (a) significant financial difficulty of the issuer or the borrower;
- (b) a breach of contract, such as a default or past due event;
- (c) the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider;
- (d) it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- (e) the disappearance of an active market for that financial asset because of financial difficulties.

#### Write-off policy

The Group writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, for example, when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. A write-off constitutes a derecognition event. Any subsequent recoveries are recognised in profit or loss.

#### Financial assets (continued)

Classification and subsequent measurement of financial assets (upon application of HKFRS 9 in accordance with transition in Note 2) (continued)

Impairment of financial assets (upon application of HKFRS 9 in accordance with transition in Note 2) (continued) Measurement and recognition of ECL

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information. Estimation of ECL reflects an unbiased and probability-weighted amount that is determined with the respective risks of default occurring as the weights.

Generally, the ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and the cash flows that the Group expects to receive, discounted at the effective interest rate determined at initial recognition.

Where ECL is measured on a collective basis or cater for cases where evidence at the individual instrument level may not yet be available, the financial instruments are grouped on the following basis:

- Nature of financial instruments (i.e. the Group's accounts receivable, deposits and other receivables and cash and bank balances are each assessed as a separate group);
- Past-due status;
- Nature, size and industry of debtors; and
- External credit ratings where available.

The grouping is regularly reviewed by management to ensure the constituents of each group continue to share similar credit risk characteristics.

Interest income is calculated based on the gross carrying amount of the financial asset unless the financial asset is credit impaired, in which case interest income is calculated based on amortised cost of the financial asset.

The Group recognises an impairment gain or loss in profit or loss for all financial instruments by adjusting their carrying amount, with the exception of accounts receivable, advances to customers in margin financing, advances to customers for merger and acquisition activities and asset-backed financing to customers and investment securities at amortised cost, where the corresponding adjustment is recognised through a loss allowance account.

## 3. SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Financial instruments (continued)

#### Financial assets (continued)

#### Classification and subsequent measurement of financial assets (before application of HKFRS 9 on 1 April 2018)

The Group's financial assets are classified as loans and receivables. The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

#### Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Loans and receivables including accounts receivable, other receivables and cash and bank balances are measured at amortised cost using the effective interest method, less any impairment.

Interest income is recognised by applying the effective interest rate, except for short-term receivables where the recognition of interest would be immaterial.

## Classification and subsequent measurement of financial assets (before application of HKFRS 9 on 1 April 2018)

#### Impairment of financial assets

Financial assets are assessed for indicators of impairment at the end of each reporting period. Financial assets are considered to be impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the financial assets have been affected.

Objective evidence of impairment could include:

- significant financial difficulty of the issuer or counterparty; or
- breach of contract, such as default or delinquency in interest and principal payments; or
- it becoming probable that the borrower will enter bankruptcy or financial reorganisation.

For certain categories of financial assets, such as accounts receivable, assets are assessed for impairment on a collective basis even if they were assessed not to be impaired individually. Objective evidence of impairment for a portfolio of receivables could include the Group's past experience of collecting payments, an increase in the number of delayed payments and observable changes in national or local economic conditions that correlate with default on receivables.

For financial assets carried at amortised cost, the amount of the impairment loss recognised is the difference between the asset's carrying amount and the present value of the estimated future cash flows, discounted at the financial asset's original effective interest rate.

For the year ended 31 March 2019

## 3. SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Financial instruments (continued)

#### Financial assets (continued)

Classification and subsequent measurement of financial assets (before application of HKFRS 9 on 1 April 2018) (continued)

#### Impairment of financial assets (continued)

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of accounts receivable, where the carrying amount is reduced through the use of an allowance account. When accounts receivable is considered uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited to profit and loss. Changes in the carrying amount of the allowance account are recognised in profit or loss.

For financial assets measured at amortised cost, if, in a subsequent period, the amount of impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent that the carrying amount of the asset at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

#### Financial liabilities and equity

#### Classification as debt or equity

Debt and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

#### Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

#### Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method.

#### Financial liabilities at amortised cost

Financial liabilities (including accounts payable, other payables and accruals and bank borrowings are subsequently measured at amortised cost, using the effective interest method.

### Financial instruments (continued)

#### Derecognition

Financial assets are derecognised when the rights to receive cash flows from the assets expire or, the financial assets are transferred and the Group has transferred substantially all the risks and rewards of ownership of the financial assets to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income accumulated in equity is recognised in profit or loss.

On derecognition of a financial asset other than in its entirety, the Group allocates the previous carrying amount of the financial asset between the part it continues to recognize under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

Financial liabilities are derecognised when the obligation specific in the relevant contract is discharged, cancelled or expires. The difference between the carrying amount of the financial liabilities derecognised and the consideration paid and payable is recognised in profit or loss.

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated statement of financial position if, and only if, there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities.

For the year ended 31 March 2019

#### Related party transactions

- (a) A person, or a close member of that person's family, is related to the Group if that person:
  - (i) has control or joint control over the Group;
  - (ii) has significant influence over the Group; or
  - (iii) is a member of the key management personnel of the Group or of a parent of the Group.
- (b) An entity is related to the Group if any of the following conditions applies:
  - the entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others);
  - (ii) one entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group which the other entity is a member);
  - (iii) both entities are joint ventures of the same third party;
  - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
  - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group;
  - (vi) the entity is controlled or jointly controlled by a person identified in (a);
  - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); or
  - (viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the Group's parent.

Close family members of an individual are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

- a. that person's children and spouse or domestic partner;
- b. children of that person's spouse or domestic partner; and
- c. dependants of that person or that person's spouse or domestic partner.

A transaction is considered to be a related party transaction when there is a transfer of resources and obligations between related parties.

## 4. KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, which are described in note 3, the management of the Company is required to make estimates, judgments and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and associated assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of each reporting period, that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

#### **Income taxes**

Significant judgement is required in determining the provision for income tax. There are many transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determinations are made.

#### Impairment assessment of intangible asset

Intangible asset with indefinite useful life that is acquired separately is carried at cost less any subsequent accumulated impairment losses. Intangible assets are reviewed for impairment at the end of each reporting period or whenever events or changes in circumstances indicate that the carrying amount of the asset exceeds its recoverable amount. The recoverable amount of the asset is the greater of the fair value less costs of disposal and value in use. An estimation of the value in use of the asset involves estimating the future cash flows expected to arise from its continuing use and applying the appropriate discount rate that reflects current market assessment of the time value of money and the risk specific to the asset.

As at 31 March 2019, the carrying amounts of intangible assets at the end of the reporting period were approximately HK\$5,000,000 (2018: HK\$5,000,000) and no impairment loss was recognised for both years.

For the year ended 31 March 2019

### 4. KEY SOURCES OF ESTIMATION UNCERTAINTY (continued)

#### Provision of ECL for financial assets at amortised cost

The loss allowances for financial assets at amortised cost are based on assumptions about risk of default and expected loss rates. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Group's past history, existing market conditions as well as forward-looking estimates at the end of each reporting period. Details of the key assumptions and inputs used are disclosed in Note 34 to the consolidated financial statements.

The Group reviews its accounts receivable to assess impairment on a periodic basis.

In determining whether an impairment loss for accounts receivable arising from the business of dealing in securities should be recognised in profit or loss, the Group first reviews the value of the securities collateral received from the customers and customers' collection history and subsequent repayment of monies on an individual basis.

In determining whether an impairment loss for accounts receivable arising from the provisions of placing and underwriting services, asset management services and other services should be recognised in profit or loss, the Group reviews the customers' current creditworthiness, past collection history and subsequent repayment of monies.

The collective impairment allowance for accounts receivable of the Group is determined based on management judgment of the debtors' ability to pay all amounts due according to the contractual terms of the receivables being evaluated and management assessment of the recoverable amount. A considerable amount of judgment is required in assessing the ultimate realisation of these accounts receivable, including the current creditworthiness and the applicability of past collection history and subsequent repayment of monies of each amount.

As at 31 March 2019, the carrying amount of accounts receivable and deposits and other receivables are approximately HK\$103,016,000 and HK\$2,002,000 respectively.

The provision of ECL is sensitive to changes in estimates. The information about the ECL and the Group's accounts receivable and deposits and other receivables are disclosed in Notes 17, 18, 19, 20 and 34 to the consolidated financial statement.

For the year ended 31 March 2019

### 5. SEGMENT REPORTING

The chief operating decision maker ("CODM") of the Group, being the executive directors and senior management of the Group, regularly review revenue analysis by major services to make decisions about resource allocation. No discrete financial information other than revenue is regularly provided to the CODM. The management assesses the performance of the Group based on the revenue and profit as presented in the consolidated statement of profit or loss and other comprehensive income.

No segment assets or liabilities is presented as the CODM does not review segment assets and liabilities.

#### Revenue from major services

The Group provides five types of services:

- (a) securities dealing and brokerage services, which primarily generate commission on securities dealing;
- (b) placing and underwriting services, which primarily generate fee and commission from equity and debt securities placing and underwriting;
- (c) financing services, including securities and IPO margin financing, which generate interest income from margin clients;
- (d) asset management services, which primarily generate management fee and performance fee; and
- (e) other services, which primarily generate fee income (such as settlement fees and referral fees) from other services provided.

Revenue represents the aggregate of the amounts received and receivable from third parties, income from securities dealing and brokerage services, placing and underwriting services and asset management services. Revenue recognised during the years are as followings:

#### Disaggregation of revenue from contracts with customers

	2019 HK\$'000	2018 HK\$'000

Hong Kong Profits Tax is calculated at 16.5% of the estimated assessable profit for the year ended 31 March 2018.

On 21 March 2018, the Hong Kong Legislative Council passed the Inland Revenue (Amendment) (No.7) Bill 2017 (the "Bill") which introduces the two-tiered profits tax rates regime. The Bill was signed into law on 28 March 2018 and was gazetted on the following day.

Under the two-tiered profits tax rates regime, the first HK\$2 million of assessable profits of qualifying corporations will be taxed at 8.25%, and assessable profits above HK\$2 million will be taxed at 16.5%. The assessable profits of corporation not qualifying for the two-tiered profits tax rates regime will continue to be taxed at a flat rate of 16.5%. The two-tiered profits tax rates regime is applicable to the Group for the year ended 31 March 2019.

For the year ended 31 March 2019

## 12. INCOME TAX EXPENSE (continued)

Accounts receivable arising from asset management services	293	353
Accounts receivable arising from other services	540	-
	103,016	84,342

Accounts receivable from clearing house and cash clients represent trades pending settlement arising from business of dealing in securities transactions which are normally due within two trading days after the trade date. All accounts receivable from clearing house and cash clients are included in "neither past due nor impaired" category. The management believes that no impairment allowance is necessary in respect of these balances as the balances are considered fully recoverable.

Accounts receivable from margin clients are recoverable on demand or according to agreed repayment schedules, and bearing interest at a rate of 5.25% to 10.38% as at 31 March 2019 (2018: 3.25% to 10.75%). The credit facility limits to margin clients are determined by the discounted market value of the collateral securities accepted by the Group. The Group maintains a list of approved stocks for margin lending at a specified loan-to-collateral ratio. A margin call may occur when the balances of the accounts receivable from margin clients exceed the permitted margin loan limit, or when the discounted market value of the collateral security is less than the balances of the accounts receivable from margin the balances of the accounts receivable from the balances of the accounts r

## 19. ACCOUNTS RECEIVABLE (continued)

Accounts receivable from margin clients as at 31 March 2019 and 2018 were secured by securities or debt instrument, which were pledged to Pacific Foundation Securities Limited ("**PFSL**"), the Company's subsidiary, as collateral. The securities had a fair value of approximately HK\$539,041,000 as at 31 March 2019 (2018: HK\$464,741,000). The Group is not prohibited to sell the collaterals upon customers' default or repledge the collaterals upon receiving customers' authorisation.

As at 31 March 2019, the Group held securities and debt instrument as collateral over these balances. The average age of these receivables is 120 days. Except as described above, all accounts receivable from margin clients are included in "neither past due nor impaired" category.

As at 31 March 2019, 100% (2018: 100%) of the accounts receivable from margin clients were secured by sufficient collateral on an individual basis. The management of the Group has assessed the market value of the pledged securities of each individual customer as at the end of each reporting period and considered that no impairment allowance is necessary taking into consideration of client's credit quality, collateral provided and subsequent repayment of monies.

As at 31 March 2019, accounts receivable from margin clients includes accounts receivable from directors of the Company of approximately HK\$1,322,000 (2018: HK\$3,779,000), accounts receivable from a family member of a director of the Company of approximately HK\$24,992,000 (2018: nil) and accounts receivable from an entity controlled by the directors of the Company of approximately HK\$689,000 (2018: HK\$26,000). All these amounts represented continuing connected transactions.

Except for the ageing of accounts receivable from margin clients which are past due but not impaired, no ageing analysis is disclosed for accounts receivable arising from the business of dealing in securities as, in the opinion of directors of the Company, the ageing analysis does not give additional value in view of the nature of broking business.

Accounts receivable arising from the placing and underwriting services, asset management services and other services are recoverable in accordance with the contract terms.

For the year ended 31 March 2019

61–90 days past due	-	749
>90 days past due	268	2,357
	268	3,131

Included in the Group's accounts receivable arising from the placing and underwriting services, asset management services and other services as at 31 March 2019 are debtors with aggregate carrying amount of approximately HK\$268,000 (2018: HK\$3,131,000) which are past due as at the reporting date for which the Group has not provided for impairment loss. The Group does not hold any collateral over these balances. The average age of these receivables is 34 days (2018: 51 days). Except as described above, all accounts receivable arising from the placing and underwriting services, asset management services and other services are included in "neither past due nor impaired" category.

The management believes that no impairment allowance is necessary in respect of all accounts receivable arising from the placing and underwriting services, asset management services and other services because these debtors are of good credit.

Details of impairment assessment of accounts receivable for the year ended 31 March 2019 are set out in Note 34 to the consolidated financial statements.

### 21. CASH AND BANK BALANCES

Bank balances represent demand deposits at bank which bear interest at the prevailing market rates.

The Group maintains segregated bank accounts to hold customers' deposits arising from normal business transactions. The Group has recognised the corresponding amount in accounts payable. The cash held on behalf of customers is restricted and governed by the Securities and Futures (Client Money) Rules under the Securities and Futures Ordinance.

#### Segregated accounts

From the Group's ordinary business in provision of securities brokerage and related services, the Group receives and holds money deposited by clients in the course of the conduct of the regulated activities. These clients' monies are maintained in segregated bank accounts at market interest rates. The Group has recognised the corresponding accounts payables to respective clients. At 31 March 2019, the segregated accounts with authorised institutions in securities relation to its brokerage business totaled HK\$73,441,000 (2018: HK\$130,133,000).

#### House accounts

Cash and bank balances comprise cash held by the Group and bank deposits at variable interest rate with original maturity of three months or less.

As at 31 March 2019, the Group has pledged deposits at bank of HK\$5,000,000 to secure banking facilities granted to the Group (2018: HK\$5,000,000).

## 27. SHARE OPTION SCHEME

The share option scheme (the "Scheme") was adopted by the resolutions in writing of all shareholders of the Company and was effective on 5 December 2016 (the "Adoption Date").

The major terms of the Share Option Scheme are summarised as follows:

### (a) Purpose of the Scheme

The purpose of the Scheme is to advance the interests of the Company and the shareholders by enabling the Company to grant Options to attract, retain and reward the Eligible Participants and to provide the Eligible Participants an incentive or reward for their contribution to the Group and by enabling such persons' contribution to further advance the interests of the Group.

#### (b) Participants of the scheme

The Board may in its absolute discretion specify such conditions as it thinks fit when granting an Option to an Eligible Participant (including, without limitation, as to any minimum period an Option must have been held or the minimum period of service or relationship with any member of the Group to be achieved before an Option can be exercised (or any part thereof), to the extent of the Option which can be exercised at any material time, or any performance criteria which must be satisfied by the Eligible Participant, the Company, and its subsidiaries, before an Option may be exercised), provided that such conditions shall not be inconsistent with any other terms and conditions of the Scheme and the relevant requirements under the applicable laws or the GEM Listing Rules.

# (c) Total number of shares available for issue under the Scheme and percentage of the issued share capital at the date of the annual report

The total number of shares of the Company which may be issued upon exercise of all Options to be granted under the Scheme and any other share option schemes of the Company shall not in aggregate exceed 10% of the total number of shares of the Company in issue as at 6 January 2017 (the "Listing Date") (i.e. 2,000,000,000 shares) unless the Company obtains a fresh approval from the shareholders. The Company may seek approval of shareholders in general meeting to renew the 10% limit above such that the total number of shares in respect of which Options may be granted by the Board under the Scheme and any other share option schemes of the Company in issue shall not exceed 10% of the total number of shares in issue as at the date of approval of the renewed limit.

As at the date of this annual report, the total number of shares available for issue under the Scheme is 200,000,000 shares, representing 10% of the issued share capital of the Company. Since the adoption of the Scheme and up to 31 March 2019, no Option has been granted by the Company.

#### (d) Maximum entitlement of each participant under the Scheme

The Company may grant Options to specified participant(s) beyond the 10% limit set out above provided that the Options granted in excess of such limit are specifically approved by the shareholders in general meeting and the participants are specifically identified by the Company before such approval is sought. Notwithstanding the foregoing and subject to the maximum entitlement of each Eligible Participant, the maximum number of shares in respect of which Options may be granted under the Scheme together with any Options outstanding and yet to be exercised under the Scheme and any other share option schemes of the Company in issue shall not exceed 30% (or such higher percentage as may be allowed under the GEM Listing Rules) of the total number of shares in issue from time to time.

For the year ended 31 March 2019

### 27. SHARE OPTION SCHEME (continued)

#### (e) The period within which the shares must be taken up under an option

An Option may be exercised in accordance with the terms of the Scheme at any time during a period as the Board may determine save that such period shall not exceed ten years from the date of acceptance of the offer subject to the provisions of early termination thereof.

#### (f) The minimum period for which an option must be held before it can be exercised

The board of directors at its discretion, may specify the offer of grant of option the minimum period for which an option must be held before it can be exercised.

(g) The amount payable on application or acceptance of the option and the period within which payments or calls must or may be made or loans for such purposes must be repaid

The amount payable by the grantee to the Company on acceptance of the offer shall be a nominal amount to be determined by the Board.

#### (h) The basis of determining the exercise price

The subscription price in respect of any Option shall, subject to any adjustments made pursuant to the terms of the Scheme, be a price determined by the Board and notified to each grantee and shall be at least the highest of: (i) the closing price per share of the Company as stated in the Stock Exchange's daily quotations sheet on the date of grant of the Options, which must be a day on which the Stock Exchange is open for the business of dealing in securities ("**Trading Day**"); (ii) the average of the closing prices per share of the Company as stated in the Stock Exchange's daily quotations sheets for the five Trading Days immediately preceding the date of grant of the Options; and (iii) the nominal value of the shares of the Company on the date of grant of the Options.

#### (i) The remaining life of the Scheme

The Scheme will remain in force for a period of 10 years from the date of its adoption on 5 December 2016.

No share option has been granted since the adoption of the Share Option Scheme and there was no share option outstanding as at 31 March 2019 and 2018.

### 33. CAPITAL MANAGEMENT

The Group manages its capital to ensure that it will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged during the reporting periods.

The capital structure of the Group consists of cash and cash equivalents and equity attributable to owners of the Company.

Pacific Foundation Securities Limited ("**PFSL**") is registered with the Hong Kong Securities and Futures Commission ("**SFC**") for the business in which it operates and is subject to liquid capital requirements under the Hong Kong Securities and Futures (Financial Resources) Rules ("**SF(FR)R**"). Under the SF(FR)R, it is required to maintain liquid capital in excess of HK\$3 million or 5% of the total adjusted liabilities, whichever is higher. PFSL had complied with the capital requirements imposed by the SF(FR)R throughout the reporting periods.

Other than PFSL, the Group is not subject to any externally imposed capital requirements.

For the year ended 31 March 2019

### 33. CAPITAL MANAGEMENT (continued)

#### Gearing ratio

The management of the Group reviews the capital structure on an ongoing basis. As part of this review, the management of the Group considers the cost of capital and the risks associated with each class of capital.

The gearing ratio at the end of each reporting periods are as follows:

	2019 HK\$'000	2018 HK\$'000

### 34. FINANCIAL INSTRUMENTS (continued)

#### Financial risk management objectives and policies

The Group's risk management objectives are to achieve a proper balance between risks and yield, minimise the adverse impacts of risks on the Group's operating performance, and maximise the benefits of the shareholders. Based on these risk management objectives, the Group's basic risk management strategy is to identify and analyse the various risks the Group is exposed to, and to establish an appropriate tolerance for risk management practice, so as to monitor, notify and respond to the risks regularly and effectively and to control risks at an acceptable level.

The risks the Group is exposed to in its daily operating activities mainly include market risk (including currency risk and interest rate risk), credit risk and liquidity risk. The Group has established policies and procedures accordingly to identify and analyse the risks. The Group has set up appropriate risk indicators, risk limits, risk policies and internal control process. The Group also manages risks with information system on a continuous monitoring basis.

There has been no change to the types of the Group's exposure in respect of financial instruments or the manner in which it manages and measures the risks.

The management of the Group manages and monitors these exposures to ensure appropriate measures are implemented in a timely and effective manner.

#### Market risk

#### Interest rate risk

At the end of the reporting period, the cash flow interest rate risk mainly arises from the Group's bank balances (house account), which are financial instruments carried at variable interest rates. Based on the year end interestbearing bank balances (house account), if interest rates had been 50 basis points higher/lower and all other variables were held constant, the Group's profit after tax for the financial year ended 31 March 2019 would increase/decrease by approximately HK\$771,000 (2018: approximately HK\$175,000).

#### Currency risk

Currency risk is the risk of loss due to adverse movements in foreign exchange rates relating to foreign currency deposits with banks. The carrying amounts of the Group's foreign currency denominated monetary assets at the end of the reporting period are as follows:

	Foreign currency	2019 HK\$'000	2018 HK\$'000
Bank balances	USD	18,878	7,495
	RMB	14,680	23,856
	GBP	73	73

As USD is pegged to HK\$, the Group does not expect any significant movement in the USD/HK\$ exchange rate. The following table demonstrates the sensitivity at the end of the reporting period to a reasonably possible change in the RMB exchange rates, with all other variables held constant, of the Group's profit after tax.

For the year ended 31 March 2019

If Hong Kong Dollar strengthens/weakens against RMB by 5%

#### Credit risk

At the end of the reporting period, the Group's maximum exposure to credit risk which will cause a financial loss to the Group due to failure to discharge an obligation by the counterparties is arising from the carrying amount of accounts receivable, other receivables and cash and bank balances as stated in the consolidated statement of financial position.

996

In order to minimise the credit risk, the management of the Group has delegated a team responsible for determination of credit limits, credit approvals and other monitoring procedures to all clients including cash and margin clients. This ensure that follow-up action is taken to recover overdue debts. Cash clients are required to place deposits as prescribed by the Group's credit policy before execution of any purchase transaction. Receivables due from cash clients are normally due within two trading days after the trade date. Because of the prescribed deposit requirements and the short settlement period involved, credit risk arising from the accounts receivable from cash clients is considered insignificant. In addition, the Group holds collateral to cover its credit risks associated with its accounts receivable from margin clients as mentioned in Note 19 and reviews the recoverable amount of each individual accounts receivable at the end of the reporting period to ensure that adequate impairment losses are made for irrecoverable amounts. In this regard, the directors of the Company consider that the Group's credit risk is significantly reduced.

Further quantitative data in respect of the collaterals and the Group's exposure to credit risk arising from accounts receivable are disclosed in Note 19 to the consolidated financial statements.

For the year ended 31 March 2019

### 34. FINANCIAL INSTRUMENTS (continued)

#### Credit risk (continued)

As at 31 March 2019, the Group has concentration of credit risk on accounts receivable as 57% of the total accounts receivable was due from top five largest customers (2018: 47%) and 18% of the total accounts receivable was due from a clearing house (2018: 49%).

As at 31 March 2019, the Group has concentration of credit risk on liquid funds as bank balances are deposited with two banks (2018: two banks). The credit risk on liquid funds and accounts receivable from clearing house is limited because the counterparties are bank and a clearing house with high credit ratings assigned by international credit-rating agencies.

Other than concentration of credit risk on liquid funds and accounts receivable, the Group does not have any other significant concentration of credit risk.

#### Liquidity risk

In the management of the liquidity risk, the Group monitors and maintains a level of cash and cash equivalents deems adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows.

The tables below present the cash flows payable by the Group within the remaining contractual maturities at the end of the reporting period. The amounts disclosed in the tables are the contractual undiscounted cash flows. The tables include both interest and principal cash flows. To the extent that interest rates are floating, the undiscounted amount is derived from interest rate at the end of the reporting period.

#### Fair value measurements

The directors of the Company consider that the carrying amounts of financial assets and financial liabilities recorded at amortised cost in the consolidated statement of financial position approximate their fair values.

### 35. OFFSETTING FINANCIAL ASSETS AND FINANCIAL LIABILITIES

The Group offsets the following financial assets and financial liabilities since it currently has a legally enforceable right to set off the balances, and intends either to settle on a net basis, or to realise the balances simultaneously.

Under the agreement signed between the Group and the selected customers, money obligations receivable and payable with the same customers on the same settlement date are settled on net basis.

Under the continuous net settlement, money obligations receivable and payable with Hong Kong Securities Clearing Company Limited and other brokers on the same settlement date are settled on a net basis.

For the year ended 31 March 2019
