The address of the registered office and principal place of business in Hong Kong of the Company are disclosed in the Corporate Information section to this report.

The Company is an investment holding company. The principal activities of its subsidiaries are to provide one-stop full-service apparel supply chain management ("SCM") services.

2. BASIS OF PREPARATION AND PRINCIPAL ACCOUNTING POLICIES

The unaudited condensed consolidated financial statements have been prepared in accordance with Hong Kong Accounting Standard 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants as well as with the applicable disclosure requirements of Chapter 18 of the GEM Listing Rules.

The unaudited condensed consolidated financial statements are presented in Hong Kong dollar ("HK\$"), which is different from the functional currency of the Company, United States dollars ("US\$"). The Directors consider that presenting the unaudited condensed consolidated financial statements in HK\$ is preferable as the Group's principal place of business is in Hong Kong.

The accounting policies and basis of preparation adopted in the preparation of these unaudited condensed consolidated interim financial statements are consistent with those followed in the preparation of the Group's annual financial statements for the year ended 31 December 2018, which have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") and disclosed in Appendix I of the prospectus of the Company dated 23 April 2018 (the "Prospectus"), except for the adoption of the following new and amendments to HKFRSs effective from 1 January 2019, as noted below.

HKFRS 16	Leases
HK(IFRIC)-Int 23	Uncertainty over Income Tax Treatments
Amendments to HKFRS 9	Prepayment Features with Negative Compensation
Amendments to HKAS 19	Plan Amendment, Curtailment or Settlement
Amendments to HKAS 28	Long-term Interests in Associates and Joint Ventures
Amendments to HKFRSs	Annual Improvements to HKFRSs 2015–2017 Cycle

The application of the new and amendments to HKFRSs in the current period has had no significant financial effect on these unaudited condensed consolidated financial statements for the six months ended 30 June 2019.

The Group has not early applied those new and revised HKFRSs that have been issued but are not yet effective.

The Directors anticipate that the application of those new standard(s), amendments and interpretation(s) will have no material impact on the unaudited condensed consolidated financial statements.

FINANCIAL REVIEW

Revenue

The Group's revenue increased by 25.7% from HK\$33.8 million for the six months ended 30 June 2018 to HK\$42.5 million for the six months ended 30 June 2019. The increase was mainly driven by the increased revenue from a number of customers in Germany, Switzerland and Austria.

Cost of sales

Cost of sales mainly consists of purchase costs, import duty and other cost of sales. Purchase cost represents the cost of finished goods purchased from our suppliers located in the People's Republic of China, Madagascar and Cambodia.

The cost of sales increased by 29.0% from HK\$26.0 million for the six months ended 30 June 2018 to HK\$33.6 million for the six months ended 30 June 2019, which was in line with the increase in sales for the six months ended 30 June 2019.

Gross profit and gross profit margin

Gross profit was HK\$7.8 million and HK\$8.9 million for the six months ended 30 June 2018 and 2019 respectively. The gross profit margin dropped from 23.0% for the six months ended 30 June 2018 to 21.0% for the six months ended 30 June 2019, which was mainly due to the change in customer mix of the Group, in which the overall gross profit margin was lowered by the increased sales to the customers with lower gross profit margin.

Other income

Other income dropped significantly from HK\$1.2 million for the six months ended 30 June 2018 to HK\$0.3 million for the six months ended 30 June 2019, mainly due to the decrease in the financial guarantee income. As the Group provided cross financial guarantee in favour of banks for bank loans of certain related companies before the Listing, such arrangement

resulted in a financial guarantee liability recognised at fair value at initial recognition. Such financial guarantee liability had been amortised over the term of the financial guarantee contract and be recognised as financial guarantee income. All financial guarantee liability was released upon Listing and no financial guarantee income has been incurred thereafter.

Other gains and losses

Other gains and losses mainly represent (i) the net gain on structured foreign currency forward contracts; and (ii) the net foreign exchange (loss) gain resulted from fluctuations in the exchange rate of the foreign currency incurred in our operation.

Selling and distribution expenses

Selling and distribution expenses mainly include staff costs, customer service fee, freight and transportation cost, travelling expenses, exhibition fees, design fee, sample and development cost and other selling and distribution expenses.

The selling and distribution expenses amounted to HK\$3.3 million and HK\$3.5 million for the six months ended 30 June 2018 and 2019, respectively. Such an increase was primarily due to the increase in our staff cost and exhibition fees for participating in trade fairs.

Administrative expenses

Administrative expenses mainly include professional fees, staff costs (including Directors' remuneration), amortisation of intangible assets, depreciation, rent and rates and other administrative expenses.

The administrative expenses amounted to HK\$3.5 million and HK\$4.9 million for the six months ended 30 June 2018 and 2019 respectively. Such an increase was mainly due to (i) an increase in the professional fees as a result of being a listed company; and (ii) the depreciation of property resulting from the purchase of showroom in September 2018. The depreciation of property is recognised on a straight-line basis over its property lease term.

Finance costs

The Group's finance costs amounted to less than HK\$0.1 million and HK\$0.2 million for the six months ended 30 June 2018 and 2019 respectively.

Income tax expense

The income tax expense amounted to HK\$0.3 million and HK\$0.2 million for the six months ended 30 June 2018 and 2019, respectively.

Profit (loss) for the period

The profit of the Group for the six months ended 30 June 2019 amounted to HK\$0.5 million (loss for the six months ended 30 June 2018: HK\$5.1 million). Such a significant increase in profit was mainly attributable to (i) the decrease in Listing expenses from HK\$7.0 million for the six months ended 30 June 2018 to nil for the corresponding period in 2019; and (ii) the increase in gross profit due to the increase in revenue for the six months ended 30 June 2019.

Charge of the Group's assets

As at 30 June 2019, the Group pledged the property comprising workshops 1–3 and 5–7 on 3rd Floor of China United Plaza, No. 1008 Tai Nan West Street, Kowloon, Hong Kong to a bank for the bank finance facility for the Group.

Share capital

Details of the movements in share capital are set out in note 14 of the financial statements.

Related Party Transactions

For the six months ended 30 June 2019, the Company purchased certain goods from MIGCL. The cumulative purchase from MIGCL for the six months ended 30 June 2019 was approximately HK\$1.2 million. The payment amount was determined based on market price and our Directors (including the independent non-executive Directors) considered that the connected transaction as described above had been entered into in the ordinary and usual course of business of the Group and had been based on arm's length negotiations and on normal commercial terms.

Pursuant to Rule 20.74 of the GEM Listing Rules, the relevant applicable percentage ratios (other than the profit ratio) as prescribed under Chapter 20 of the GEM Listing Rules of transactions contemplated under the above arrangement was less than 5% and the total consideration was less than HK\$3.0 million, hence the connected transaction contemplated herein was fully exempt from the annual review, reporting, announcement and independent shareholders' approval requirements under Chapter 20 of the GEM Listing Rules.

Significant investment held

As at 30 June 2019, the Group did not hold any significant investment.

Contingent liabilities

The Group did not have any material contingent liabilities or guarantees as at 30 June 2019.

Foreign exchange exposure

The revenue of the Group is mainly denominated in US\$, while a certain amount of the revenue is denominated in HK\$ and EUR.

Our Group considered that the foreign exchange risk with respect to US\$ is not significant as HK\$ is pegged to US\$.

For the transaction denominated in EUR during the six months ended 30 June 2019, our Group considers that there is no significant foreign exchange risk in respect of EUR.

Nevertheless, the Group will endeavour to manage the foreign exchange risk by closely monitoring the movement of foreign currency rates and will consider hedging significant foreign currency exposure should the need arises.

PROSPECTS

The Directors expect that the forthcoming business environment would remain challenging as the China-US trade war exerts uncertainties on the markets and the economies of Europe, Asia, China and Hong Kong, which might lead to possible slowdown in the European and Asian economy. Moreover, the recent social unrest in Hong Kong might affect the appetite of our overseas customers for visiting our showroom and placing sales orders.

Nonetheless, the Directors are confident that the Group can overcome the aforesaid challenges with the extensive experience of our management team in the apparel SCM market. Further, going forward, the Group will continue to strive to improve our competitiveness and strengthen its key market player position in the apparel SCM industry, by solidifying relationship with existing customers and exploring new customers, increasing geographic footprint to new apparel retail markets, strengthening design and development capabilities to develop new design collections, and enhancing quality control process.

USE OF PROCEEDS

The net proceeds from the Listing, after deducting the actual underwriting commission and expenses paid by the Company in connection thereto, were approximately HK\$32.2 million. The Company intends to utilise the net proceeds according to the section headed "Statement of Business Objectives and Use of Proceeds" of the Prospectus.

Up to 30 June 2019, the Group has utilised approximately HK\$17.5 million to set up a new showroom, HK\$5.2 million to repay its bank borrowings, HK\$1.7 million to fund the general working capital need, HK\$1.0 million to solidify relationship with existing customers and explore new customers, HK\$0.2 million to enhance quality control process, and HK\$0.2 million to strengthening our design and development capabilities to develop new design collections.

The unutilised proceeds were placed in a licensed bank in Hong Kong.

CAPITAL STRUCTURE, LIQUIDITY AND FINANCIAL RESOURCES

As at 30 June 2019, the total equity of the Group was HK\$69.9 million (31 December 2018: HK\$82.4 million). The Group's cash and cash equivalent was HK\$21.6 million (31 December 2018: HK\$37.8 million). Our working capital represented by the net current assets as at 30 June 2019 was HK\$32.6 million (31 December 2018: HK\$44.1 million). Our current ratio was 2.0 times as at 30 June 2019 (31 December 2018: 3.0 times). Our gearing ratio (calculated based on bank borrowings divided by total equity) was 15.2% as at 30 June 2019 (31 December 2018: 13.2%).

Based on the above analysis, coupled with sufficient cash and bank balances, we have adequate liquidity and financial resources to meet our working capital requirements.
