Interim Report 2019

CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

The Board is of the view that it is in the best interests of the Group to have an executive chairman so that the Board can have the benefit of a chairman who is knowledgeable about the business of the Group and is most capable to guide discussions and brief the Board in a timely manner on pertinent issues and developments to facilitate open dialogue between the Board and the management.
