# MANAGEMENT DISCUSSION AND ANALYSIS

## **BUSINESS REVIEW AND OUTLOOK**

We are a leading digital video technology solution and service company in the TV broadcasting industry in China. We provide a full range of solutions, services and products to TV broadcasters and other digital video content providers, to effectively assist and enhance digital video technology content in the upgrade and management works on the post-production segment. We have been at the forefront of digital video technology innovation in China. Our emphasis on developing a demand-driven and highly responsive R&D is particularly critical for us because of our focus on the solutions and services business, where the customers demand customized services. Our solutions, services and products businesses facilitate the processing, enhancement and management of digital video content at the post-production stage between the ingestion of raw content and the output of finished content.

We have established business relationship with most of the central- and provincial-level TV stations in China and with some of the provincial-level TV broadcasters in China for over 23 years. We have also served alternative broadcasting platforms, such as cable networks operators, internet media content providers and IPTV operators. In view of the sustained losses of the Group, while we will continue our existing principal business, we will conduct a review of our business activities for the purpose of formulating business plans and strategies for our future business development. We may explore other business opportunities and consider whether any asset disposal, asset acquisition, business rationalisation, business divestment, fund raising, restructuring of the existing business and/or business diversification will be appropriate in order to enhance our long-term growth potential.

## **FINANCIAL REVIEW**

We recorded a total revenue of RMB195.2 million for the nine months ended 30 September 2019, representing a decrease of 8.9% from RMB214.4 million for the nine months ended 30 September 2018. We derived revenue primarily from (i) sale of solutions; (ii) provision of services; and (iii) sale of products. The following table sets out a breakdown of our revenue for the periods indicated:

|           | Nine months ended 30 September |                  |                     |            |  |  |  |  |

|           | (Unaudited)                    |                  | (Unaudited)         |            |  |  |  |  |

|           | (R/                            | MB in thousands, | except percentages) |            |  |  |  |  |
| Solutions | 111,031                        | 56.9             | 129,481             | 60.4       |  |  |  |  |
| Services  | 50,389                         | 25.8             | 39,685              | 18.5       |  |  |  |  |
| Products  | 33,794                         | 17.3             | 45,190              | 21.1       |  |  |  |  |
| Total     | 195,214                        | 100.0            | 214,356             | 100.0      |  |  |  |  |

Our revenue decreased by 8.9% to RMB195.2 million for the nine months ended 30 September 2019 from RMB214.4 million for the nine months ended 30 September 2018. The decrease in revenue was mainly attributable to the deteriorating market condition as a result of competition from new media and the Internet.

## **Cost of Sales**

Our cost of sales decreased by 6.8% to RMB151.6 million for the nine months ended 30 September 2019 from RMB162.7 million for the nine months ended 30 September 2018 as a result of the decrease in revenue.

Our gross profit represents revenue less cost of sales. Our gross profit decreased by 15.6% to RMB43.6 million for the nine months ended 30 September 2019 from RMB51.7 million for the nine months ended 30 September 2018, and our gross profit margin decreased to 22.4% for the nine months ended 30 September 2019 from 24.1% for the nine months ended 30 September 2018. The decrease in gross profit was primarily attributable to the lower gross profit margin for projects as a result of intense competition as well as the increase in the amortization of research and development expenses.

## **Other Income**

Our other income increased by 35.5% to RMB26.9 million for the nine months ended 30 September 2019 from RMB19.8 million for the nine months ended 30 September 2018 as a result of the increase in interest income.

#### Selling and Marketing Expenses

Our selling and marketing expenses decreased by 16.5% to RMB38.9 million for the nine months ended 30 September 2019 from RMB46.6 million for nine months ended 30 September 2018, primarily due to the decrease in the costs relating to sales and marketing staff.

### **Administrative Expenses**

Our administrative expenses decreased by 8.6% to RMB30.0 million for the nine months ended 30 September 2019 from RMB32.8 million for the nine months ended 30 September 2018, primarily due to the decrease in the costs relating to administrative staff.

## Share-Based Compensation Expense

The lower share-based compensation expense recorded for the nine months ended 30 September 2019 was mainly due to the lapse of the option period.

#### **Research and Development Expenses**

Our research and development expenses increased by 60.8% to RMB19.0 million for the nine months ended 30 September 2019 from RMB11.8 million for the nine months ended 30 September 2018, primarily due to the increase in research and development efforts with respect to 4k and 8k ultra-high definition technology as a result of the optimization of staff structure.

### Loss before Income Tax

As a result of the foregoing factors, we recorded a loss before income tax of RMB75.1 million for the nine months ended 30 September 2019 as compared to a loss before income tax of RMB43.3 million for the nine months ended 30 September 2018.

## SHARE OPTION SCHEME

On 18 May 2017, the Company adopted the Share Option Scheme which is subject to the provisions under Chapter 23 of the GEM Listing Rules. The purpose of the Share Option Scheme is to attract, retain and motivate employees, Directors and other participants, and to provide a means of compensation through the grant of options for their contribution to the growth and profits of the Group, and to allow them to participate in the future growth and profitability of the Group. The participants of the Share Option Scheme are any executive, non-executive or independent non-executive Directors or any employees (whether full-time or part-time) of the Company, or any of its subsidiaries or associated companies or any other person whom the Board considers, in its sole discretion, has contributed or will contribute to our Group. The basis of eligibility of any of the class of the participants to the grant of any options under the Share Option Scheme shall be determined by the Board from time to time on the basis of their contribution to the development and growth of our Group and any invested entity.

The Shares which may be issued upon exercise of all options to be granted under the Share Option Scheme and other share option schemes of the Company (and to which the provisions of the GEM Listing Rules are applicable) shall not exceed 10% of the aggregate of the Shares in issue on 18 May 2017, being a total of 62,000,000 Shares.

The total number of Shares issued and to be issued upon exercise of the options granted to each eligible participant under the Share Option Scheme (including exercised, cancelled and outstanding options) in any 12-month period shall not exceed 1% of the Shares in issue. Any further grant of options to an eligible participant under the Share Option Scheme which would result in the Shares issued and to be issued upon exercise of all options granted and to be granted to such participant (including exercised, cancelled and outstanding options) in the 12-month period up to and including the date of such further grant exceeding the aforesaid limit shall be subject to our Shareholders' approval in general meeting with such participant and his associates (as defined under the GEM Listing Rules) abstaining from voting.

The amount of HK\$1.00 is payable as consideration for each grant of options under the Share Option Scheme, upon acceptance of such grant. The subscription price in respect of the Shares upon exercise of options under the Share Option Scheme shall be such price as determined by the Board in its absolute discretion at the time of the grant of the relevant option (and shall be stated in the letter containing the offer of the grant of the option), but in any case the subscription price shall not be less than the higher of (a) the closing price of the Shares as stated in the daily quotation sheet of the Stock Exchange on the date of grant, which must be a business day; (b) the average closing price of the Shares as stated in the daily quotation sheets of the Stock Exchange for the five business days immediately preceding the date of grant; and (c) the nominal value of a Share.

An option granted under the Share Option Scheme may be exercised in accordance with the terms of the Share Option Scheme at any time during the period to be determined by our Board at its absolute discretion and notified by our Board to each grantee as being the period during which an option may be exercised and in any event, such period shall not be longer than 10 years from the date upon which any particular option is granted in accordance with the Share Option Scheme.

The following details the options granted pursuant to the Share Option Scheme but not yet exercised as at 30 September 2019. 177,000 options lapsed during the nine months ended 30 September 2019.

Notes:

1. As at 30 September 2019, all options granted under the Share Option Scheme were vested.

## SHARE AWARD SCHEME

On 20 March 2017, the Company adopted the Share Award Scheme to recognize and reward the contribution of certain selected participants to the growth and development of the Group. The Share Award Scheme does not constitute a share option scheme or an arrangement analogous to a share option scheme for the purpose of Chapter 23 of the GEM Listing Rules. The Shares under the Share Award Scheme will be acquired by a trustee by way of subscription of new Shares (whether pursuant to general mandate or specific mandate granted by the Shareholders or otherwise) and/or purchase of Shares from the market out of cash contributed by the Group and be held on trust for the participants until such awarded Shares are vested in the relevant selected participants in accordance with the provisions of the Share Award Scheme. The administrator of the Share Award Scheme, may from time to time, at their absolute discretion, select any participant for participation in the Share Award Scheme as a selected participant.

The Company has appointed The Core Trust Company Limited as the trustee (the "**Trustee**"). The Trustee is an independent third party of the Company and is acting for a wide scope of participants under the Share Award Scheme.

Unless early terminated by the Board, the Share Award Scheme shall be valid and effective for a term of 10 years commencing on the adoption date of the Share Award Scheme, provided that no contribution to the trust fund will be made by the Company on or after the 10th anniversary date of the adoption date of the Share Award Scheme.

The maximum number of Shares which may be allocated and awarded to a selected participant under the Share Award Scheme in any 12-month period shall not exceed 1% of the issued share capital of the Company immediately preceding such allocation and award.

Vesting of the Shares will be conditional on the selected participant remaining a participant at all times from after the relevant dates of the fulfillment of the performance targets (if any) specified by the Board and on the vesting date until and on each of the relevant vesting dates and his/her execution of the relevant documents to effect the transfer from the Trustee, unless otherwise determined by the Board.

On 30 August 2017, 12,000,000 awarded Shares were issued by the Company to the Trustee under the Share Award Scheme. The 12,000,000 awarded Shares shall vest in the grantees subject to the vesting scale under the grant letter.

During the nine months ended 30 September 2019, the Company neither issued new Shares nor arranged any funds to be paid to the Trustee for purchasing of Shares from the market.

## **COMPETING BUSINESSES**

For the nine months ended 30 September 2019, none of the Directors or controlling shareholders of the Company and their respective associates (as defined under the GEM Listing Rules) had any interest in a business that competes or may compete with the business of the Group, or had any other conflict of interest with the Group.

## MANAGEMENT DISCUSSION AND ANALYSIS

## COMPLIANCE WITH CORPORATE GOVERNANCE PRACTICES

The Company has adopted the code provisions as set out in the Corporate Governance Code and Corporate Governance Report (the "**Corporate Governance Code**") as contained in Appendix 15 of the GEM Listing Rules as its corporate governance practices.

Mr. Zheng Fushuang ("**Mr. Zheng**") was appointed as the chief executive officer of the Company (the "**CEO**") with effect from 3 April 2018 and is currently serving as both the chairman (the "**Chairman**") and the CEO of the Company. Such practice deviates from code provision A.2.1 of the Corporate Governance Code. The Board believes that vesting the roles of both the Chairman and the CEO in the same person can facilitate the execution of the Group's business strategies and boost the effectiveness of its operation. The Board is comprised of three executive Directors and three independent nonexecutive Directors, which is appropriately structured to ensure that there is a balance of power to provide sufficient checks to protect the interests of the Company and the Shareholders. Therefore, the Board considers that the deviation from the code provision A.2.1 of the Corporate Governance Code is appropriate in such circumstance.

Saved as disclosed above, in the opinion of the Directors, the Company had complied with all the code provisions set out in the Corporate Governance Code from 1 January 2019 and up to the date of this report.

## CODE OF CONDUCT REGARDING SECURITIES TRANSACTIONS BY DIRECTORS

The Company has adopted a code of conduct regarding Directors' securities transactions on terms no less exacting than the required standard of dealings set out in Rules 5.48 to 5.67 of the GEM Listing Rules. The Company has made specific enquiries with all the Directors, who confirmed their compliance with the required standard of dealings and the code of conduct regarding Directors' securities transactions during the nine months ended 30 September 2019 and up to the date of this report. No incident of non-compliance was noted by the Company during this period.

## AUDIT COMMITTEE AND REVIEW OF QUARTERLY RESULTS

The Company has established an audit committee with written terms of reference in compliance with the GEM Listing Rules on 23 May 2016. The primary duties of the audit committee are to review and supervise the financial reporting process and internal control systems of the Group, and oversee the audit process and the audits of the financial statements of the Group.

The audit committee comprises three independent non-executive Directors, namely Ms. Cao Qian, Dr. Li Wanshou and Mr. Frank Christiaens, and is chaired by Ms. Cao Qian. The audit committee has reviewed the unaudited financial statements for the nine months ended 30 September 2019 and is of the opinion that (i) the unaudited financial statements of the Group for the nine months ended 30 September 2019 comply with the applicable accounting standards and the GEM Listing Rules; and (ii) adequate disclosure has been made in such unaudited financial statements.

## **COMPOSITION OF THE BOARD**

The composition of the Board reflects the necessary balance of skills and experience desirable for effective leadership of the Company and independence in decision making. The Board currently comprises three executive Directors and three independent non-executive Directors. The Directors have no financial, business, family or other material/relevant relationships with one another.

## 1. GENERAL INFORMATION

China Digital Video Holdings Limited (the "**Company**") was incorporated in the Cayman Islands on 8 January 2007 as an exempted company with limited liability under the Companies Law (as consolidated and revised) of the Cayman Islands. The Company's shares were listed on the GEM of The Stock Exchange of Hong Kong Limited (the "**Stock Exchange**") since 27 June 2016 (the "**Listing**").

The Company is an investment holding company and its subsidiaries (collectively, the "**Group**") are principally engaged in research, development and sales of video-related and broadcasting equipment and software and provision of related technical services (the "**Business**") in the People's Republic of China (the "**PRC**").

## 2. BASIS OF PREPARATION

This unaudited condensed consolidated quarterly financial information for the nine months ended 30 September 2019 (the "**Quarterly Financial Information**") has been prepared in accordance with the applicable disclosure provisions of the Rules Governing the Listing of Securities on the GEM of the Stock Exchange. The Quarterly Financial Information was authorised for issue by the Company's board of directors (the "**Board**") on 8 November 2019.

The accounting policies and methods of computation used in the preparation of the Quarterly Financial Information are consistent with those used in the annual financial statements for the year ended 31 December 2018 except for the adoption of a number of amendments to International Financial Reporting Standards ("**IFRSs**") that have become effective for accounting period beginning on 1 January 2019 and are relevant to the Group.

The Group has applied all the new and amended standards, which are mandatory for the financial year beginning 1 January 2019. The adoption had no material impact on how the results and financial position for the current and prior periods have been prepared and presented.

The Group has not early adopted any other standard or amendment that has been issued but is not yet effective.

The Quarterly Financial Information does not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Group's annual financial statements for the year ended 31 December 2018.

The Quarterly Financial Information is presented in Renminbi ("RMB"), unless otherwise stated.

The Quarterly Financial Information was unaudited.

# NOTES TO THE CONDENSED CONSOLIDATED QUARTERLY FINANCIAL INFORMATION

FOR THE NINE MONTHS ENDED 30 SEPTEMBER 2019

## 3. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of the Quarterly Financial Information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing the Quarterly Financial Information, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements for the year ended 31 December 2018.

## 4. REVENUE AND SEGMENT INFORMATION

The Group's operating activities are attributable to a single reportable and operating segment focusing primarily on the research, development and sales of video-related and broadcasting equipment and software and provision of related technical services in the PRC. This operating segment has been identified on the basis of internal management reports reviewed by the chief operating decision-makers (the "**CODM**"), being the executive directors of the Group. The CODM mainly reviews revenue derived from sales of products, solutions and services, which are measured in accordance with the Group's accounting policies. However, other than revenue information, no operating results and other discrete financial information is available for the assessment of performance of the respective type of revenue. The CODM reviews the overall results of the Group as a whole to make decisions about resources allocation. Accordingly, no segment information is presented. An analysis of the Group's revenue is as follows:
