CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

*This report, for which the directors (the “**Directors**”) of Gameone Holdings Limited (the “**Company**”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the “**GEM Listing Rules**”) for the purpose of giving information with regard to the Company and its subsidiaries (together, the “**Group**”). The Directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief, the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.*

The board of Directors (the “Board”) announces the unaudited condensed consolidated results of the Group for the three months and nine months ended 30 September 2019, together with the unaudited comparative figures for the corresponding periods in 2018 as follows:

3. CHANGES IN HKFRSs

The HKICPA has issued a number of new or amended HKFRSs that are first effective for the current accounting period of the Group:

HKFRS 16	Leases
HK(IFRIC)-Int 23	Uncertainty over Income Tax Treatments
Amendments to HKFRS 9	Prepayment Features with Negative Compensation
Amendments to HKAS 19	Plan Amendment, Curtailment or Settlement
Amendments to HKAS 28	Long-term Interests in Associates and Joint Ventures
Annual Improvements to HKFRSs 2015-2017 Cycle	Amendments to HKFRS 3, Business Combinations
Annual Improvements to HKFRSs 2015-2017 Cycle	Amendments to HKFRS 11, Joint Arrangements
Annual Improvements to HKFRSs 2015-2017 Cycle	Amendments to HKAS 12, Income Taxes
Annual Improvements to HKFRSs 2015-2017 Cycle	Amendments to HKAS 23, Borrowing Costs

The impact of the adoption of HKFRS 16 Leases have been summarised in below. The other new or amended HKFRSs that are effective from 1 January 2019 did not have any material impact on the Group's accounting policies.

3.1 Impacts and changes in accounting policies of application on HKFRS 16 Leases

HKFRS 16 supersedes HKAS 17 Leases ("**HKAS 17**"), IFRIC 4 Determining whether an Arrangement contains a Lease, SIC-15 Operating Leases-Incentives and SIC-27 Evaluating the Substance of Transactions Involving the Legal Form of a Lease. The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases, and requires lessees to account for all leases under a single on-balance sheet model.

Lessor accounting under HKFRS 16 is substantially unchanged under HKAS 17. Lessors will continue to classify leases as either operating or finance leases using similar principles as in HKAS 17. Therefore, HKFRS 16 did not have an impact for leases where the Group is the lessor.

The Group adopted HKFRS 16 using the modified retrospective method of adoption with the date of initial application of 1 January 2019. Under this method, the standard is applied retrospectively with the cumulative effect of initially applying the standard recognised at the date of initial application.

Impacts for the period

As a result of initially applying HKFRS 16, in relation to the leases that were previously classified as operating leases, the Group recognised HK\$1,971,000 of right-of-use assets and HK\$2,002,000 of lease liabilities as at 30 September 2019.

Also in relation to those leases under HKFRS 16, the Group has recognised depreciation and interest costs, instead of operating lease expense. During the nine months ended 30 September 2019, the Group recognised HK\$1,384,000 of depreciation charges and HK\$101,000 of interest costs from these leases.

4. SEGMENT INFORMATION

An operating segment is a component of the Group that is engaged in business activities from which the Group may earn revenue and incur expenses, and is defined on the basis of the internal management reporting information that is provided to and regularly reviewed by the executive directors in order to allocate resources and assess performance of the segment. During the period, executive directors regularly review revenue and operating results derived from development, operation, publishing and distribution of online and mobile games and consider as one single operating segment. The game operation income and licence fee income are recognized over time while the game publishing income is recognized at a point in time.

The Company is an investment holding company and the principal place of the Group's operation is in Hong Kong. For the purpose of segment information disclosures under HKFRS 8, the Group regarded Hong Kong as its country of domicile.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW AND OUTLOOK

We are an integrated game developer, operator and publisher focusing on the markets of Hong Kong and Taiwan. We operate and publish our self/co-developed and licensed games in Hong Kong and Taiwan primarily through our game distribution platforms as well as other third-party distribution platforms. We collect payments from players either through our own game platform, third-party distribution platforms such as Apple Store and Google Play, or third-party payment vendors, which include convenience stores selling pre-paid game cards/vouchers. We consider such integration of upstream and downstream services in the value chain of the game industry has provided us with a better market position.

FINANCIAL REVIEW

Revenue

The Group's revenue decreased by approximately 20.1% from approximately HK\$81.0 million for the nine months ended 30 September 2018 to approximately HK\$64.7 million for the nine months ended 30 September 2019, primarily attributable to the comparatively lower level of recorded revenue in the current period due to the relatively lower revenue contribution from the product launch in the period in contrast with the significant increase in revenue recorded in the corresponding period last year as a result of the launch of Demi-Gods and Semi-Devils (Mobile Version) (天龍八部手機版) in December 2017, which had contributed approximately HK\$41.2 million to the revenue for the nine months ended 30 September 2018.

Cost of services rendered

The Group's cost of services rendered for the nine months ended 30 September 2019 was approximately HK\$44.4 million, representing a decrease of approximately 31.1% from approximately HK\$64.4 million for the corresponding period in 2018, primarily attributable to the combined effect of (i) an approximately HK\$3.9 million decrease in channel fee; (ii) an approximately HK\$13.5 million decrease in royalty expenses primarily resulted from a decrease in our game operation income from our licensed games for the nine months ended 30 September 2019; and (iii) an approximately HK\$2.3 million decrease in amortisation of our intangible assets during the nine months ended 30 September 2019.

Gross profit and gross profit margin

The Group's gross profit margin for the nine months ended 30 September 2019 was approximately 31.5%, representing increase of approximately 11.0 percentage points compared to approximately 20.5% for the nine months ended 30 September 2018. Loss for the period

The Group recorded a loss for the nine months ended 30 September 2019 of approximately HK\$0.5 million as compared with a loss of approximately HK\$9.0 million for the corresponding period in 2018, primarily attributable to the combined effect of (i) an approximately HK\$3.8 million increase in the gross profit for nine months ended 30 September 2019 due to a decrease in the royalty expenses and channel fee from the Group's licensed mobile games; and (ii) a decrease in staff costs due to the decrease of headcount in Taiwan branch and executive director's welfare benefits.
