CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

NOTES TO THE UNAUDITED CONDENSED COMBINED FINANCIAL STATEMENTS

For the nine months ended 30 September 2019

1. GENERAL INFORMATION

The Company is an exempted company with limited liability incorporated in the Cayman Islands on 22 May 2017. The registered office of the Company is situated at PO Box 1350, Clifton House, 75 Fort Street, Grand Cayman KY1-1108, Cayman Islands. The principal place of business in Hong Kong under Part 16 of the Companies Ordinance (Cap. 622 of the Laws of Hong Kong) is at Room 901, 9th Floor, Prosperity Tower, 39 Queen's Road Central, Central, Hong Kong.

The Company's shares were listed on GEM of the Stock Exchange on 9 May 2018.

The Company is an investment holding company. The Company's subsidiaries are principally engaged in the business of:

- (1) dining operations in Singapore; and
- (2) artisanal bakery chains in Malaysia.

2. BASIS OF PREPARATION

Our Company was incorporated in the Cayman Islands as an exempted company with limited liability on 22 May 2017 and became the ultimate holding company of our Group on 11 August 2017 subsequent to our Reorganisation in preparation for the Listing. For further information about the Reorganisation, please see the section headed "History, Reorganisation and Corporate Structure — Reorganisation" in the Prospectus. The companies now comprising our Group were under the common control of our Controlling Shareholder, Ms. Low Yeun Ching @Kelly Tan ("**Ms. Low**"), before and after the Reorganisation. Accordingly, the financial information has been prepared on a consolidated basis by applying the principles of merger accounting as if the Reorganisation had been completed at the beginning of the relevant periods.

The consolidated statements of profit or loss and other comprehensive income and the statements of changes in equity of our Group for the relevant periods include the results of all companies now comprising our Group from the earliest date presented or since the date when the subsidiaries first came under the common control of our Controlling Shareholder. The consolidated statements of financial position of the Group have been prepared to present the assets and liabilities of the subsidiaries using the existing book values from the Controlling Shareholder's perspective.

All intra-group transactions and balances have been eliminated on combination.

The unaudited condensed combined financial statements have been prepared in accordance with the International Financial Reporting Standards ("**IFRSs**") (which comprise all standards and interpretations) approved by the International Accounting Standards Board (the "**IASB**").

The unaudited condensed combined financial statements have been prepared under the historical cost convention, except for available-for-sale investment, which has been measured at fair value. The unaudited condensed combined financial statements are presented in Singapore dollar (“S\$”) and all values in the tables are rounded to the nearest thousand (“S\$’000”), except where otherwise indicated.

The basis of preparation and accounting policies adopted in the preparation of the unaudited condensed combined financial statements for the nine months ended 30 September 2019 are consistent with those adopted in the preparation of the of the Group’s consolidated financial statements for the year ended 31 December 2018 included in the 2018 Annual Report, except for the adoption of the new and revised International Financial Reporting Standards (“IFRSs”) which are effective for its financial year beginning 1 January 2019.

The Group has adopted IFRS 16 and elected to apply the standard retrospectively with the cumulative effect of initial application as an adjustment to the opening balance of retained earnings as at 1 January 2019. In addition, the Group elected the following practical expedients:

- (i) not to reassess whether a contract is, or contains a lease at the end of initial application and to apply IFRS 16 to all contracts that were previously identified as leases
- (ii) to apply the exemption not to recognise right-of-use asset and lease liabilities to lease for which the lease term ends within 12 months as of 1 January 2019
- (iii) to apply a single discount rate to a portfolio of leases with reasonably similar characteristics

Basis of consolidation

The unaudited condensed consolidated financial statements include the financial statements of the Company and its subsidiaries now comprising the Group for the nine months ended 30 September 2019. A subsidiary is an entity (including a structured entity), directly or indirectly, controlled by the Company. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee (i.e., existing rights that give the Group the current ability to direct the relevant activities of the investee).

When the Company has, directly or indirectly, less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- (a) the contractual arrangement with the other vote holders of the investee;
- (b) rights arising from other contractual arrangements; and
- (c) the Group’s voting rights and potential voting rights.

The financial statements of the subsidiaries are prepared for the same reporting period as the Company, using consistent accounting policies. The results of subsidiaries are consolidated from the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Profit or loss and each component of other comprehensive income are attributed to the owners of the parent of the Group. All intra-group income and expenses relating to transactions between members of the Group are eliminated in full on consolidation.

Weighted average number of ordinary Shares ('000)	500,000	500,000	500,000	500,000

Basic loss per share for the nine months ended 30 September 2019 is S\$(0.34) cents (nine months ended 30 September 2018: S\$(0.39) cents).

The weighted average number of ordinary Shares for calculating the basic loss per share has been retrospectively adjusted, assuming the reorganisation had been effective on 1 January 2017.

The Group had no potentially dilutive ordinary share in issue for the nine months ended 30 September 2019 and 2018.

7. EVENTS AFTER THE END OF THE REPORTING PERIOD

There were no important events affecting the Group that have occurred after the end of the reporting period and up to the date of this report.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

We are a food and beverage group which owns and operates award-winning restaurants in Singapore under different brands and owns one of the largest artisanal bakery chains in Malaysia in terms of revenue and the number of bakery retail outlets in Malaysia. We operate our dining operations in Singapore under two self-owned brands and one franchised brand. Our “Central Hong Kong Café” brand is primarily focused on offering a casual and authentic Cha Chaan Teng experience in a full service environment while our “Black Society” brand offers Chinese cuisines with a contemporary twist in a full service environment. The franchised “Greyhound Café” brand provides stylish and trendy ambience which serves a specialised Thai menu with creative twists. Our artisanal bakery chain in Malaysia offers a wide selection of artisan breads, pastries and cakes under our “Bread Story” brand.

We believe that our Group is competitively positioned based on our operating history of more than ten years, our strong brand recognition and reputation, diversified customer base, innovative product offerings, unique dining experience and experienced management. In addition, the locations of our restaurants in Singapore and our bakery retail outlets in Malaysia are vital to our Group’s strategy of targeting areas which are high in customer traffic and easily accessible by our target customers that will help in promoting our brands image and awareness.

OUTLOOK

The Company’s shares were successfully listed on GEM of the Stock Exchange on 9 May 2018 (the “**Listing Date**”) by way of share offer of a total of 125,000,000 Shares, at the offer price of HK\$0.50 per Share (the “**Share Offer**”). The amount of net proceeds from the Share Offer received by the Company was approximately HK\$23.7 million.

The Directors believe that the listing of the Company on GEM of the Stock Exchange (the “**Listing**”) would facilitate the implementation of our business plans to capture more market share in the industry. The Listing would (i) strengthen our Group’s corporate profile; (ii) provide a fund-raising platform for our Group; and (iii) diversify our shareholder base.

Moving forward, with the additional capital raised from the Share Offer, the Group will pursue the following business strategies to expand our market share in Singapore and Malaysia, and enhance our brand recognition, service and product quality: (i) continue to expand our dining operations in Singapore; (ii) continue to expand our artisanal bakery chain in Malaysia; (iii) continual enhancement and upgrade to our existing dining operations in Singapore and artisanal bakery chain in Malaysia; and (iv) continue to strengthen our staff training.

Uncertainty surrounding the US China trade war is hitting global growth which could be driving the slowdown on businesses across the wider spectrum and Singapore is not spared. Singapore’s economic growth slows to 0.1% in third quarter of 2019, growing at its slowest pace in a decade.

Locally, the worsening labour market is not abating as the government has been consistent in its stance in reducing the lower skilled foreign worker quota and as such labour costs have been moving up substantially over time. In addition, traditional retail F&B businesses face not only stiff competition with the increasing F&B tenants in the mall but also competition from the rapid growing online food delivery platforms.

Having said that, our Group has recently within the span of one month opened two new artisanal dimsum café restaurants under a new brand “MASA by Black Society” which is a sub-brand of Black Society. The first MASA was launched on 22 June 2019 at Orchard Gateway Shopping Mall (the “**Black Society (OG)**”) and the second was launched on 22 July 2019 at Great World City Mall (the “**Black Society (GWC)**”). Both are within the vicinity of the Orchard shopping belt radius. We are confident that the two new restaurants under our MASA brand will contribute positively to the Group moving ahead.

In midst of the looming uncertainty of the global economy, we will continue to focus our resources in the key markets and ensure that our cost structure remains competitive.

We urge our shareholders to maintain patience and faith in our management where looking after the interest of all our stakeholders remains key.

FINANCIAL REVIEW

Revenue

Our revenue increased by approximately S\$0.76 million or 5.3% from approximately S\$14.31 million for the nine months ended 30 September 2018 to S\$15.07 million for the nine months ended 30 September 2019. The increase in our revenue was primarily contributed by the expansion of our dining operations in Singapore through the opening of Black Society (OG) and Black Society (GWC) in the end of June 2019 and late July 2019, respectively. The increase was partially offset against the decrease in revenue generated from “Central Hong Kong Café” restaurants.

Cost of inventories sold and consumed

Our cost of inventories sold and consumed increased by approximately S\$0.43 million or 12.1% from approximately S\$3.58 million for the nine months ended 30 September 2018 to approximately S\$4.02 million for the nine months ended 30 September 2019. The increase in our cost of inventories sold and consumed was primarily due to the increase in key raw ingredients cost and increase in purchase of food ingredients and beverages for our dining operations in Singapore as a results of opening Black Society (OG) and Black Society (GWC) in the end of June 2019 and late July 2019, respectively.

Employee benefits expense

Our employee benefits expense increased by approximately S\$0.77 million or 16.3% from approximately S\$4.71 million for the nine months ended 30 September 2018 to approximately S\$5.48 million for the nine months ended 30 September 2019. The increase in our employee benefits expense was primarily due to additional staff costs incurred for the opening of Black Society (OG) and Black Society (GWC).

Depreciation of right-of-use assets

Depreciation of right-of-use assets of S\$2.25 million for the nine months ended 30 September 2019 related to the adoption of IFRS 16 which resulted in the recognition of lease related depreciation attributed to the right-of-use assets on the balance sheet.

Rentals and related expense

Rentals and related expenses decreased significantly by approximately S\$2.31 million or 66.2% from approximately S\$3.49 million for the nine months ended 30 September 2018 to approximately S\$1.18 million for the nine months ended 30 September 2019 as a result of adoption of IFRS 16.

Other expenses

Other expenses primarily consist of legal and professional fees, cleaning fee, repair and maintenance expenses for our restaurants and bakery outlets, kitchen and bar utensils expenses, bank charges relating to credit card settlement, office expenses and other miscellaneous expenses. If we exclude the non-recurring listing expenses, our other expenses would have increased by S\$0.81 million from approximately S\$1.34 million for the nine months ended 30 September 2018 to approximately S\$2.14 million for the nine months ended 30 September 2019. The increase is mainly due to increase in post listing expenses and additional expenses incurred for the preparation of Black Society (OG) and Black Society (GWC) as compared with nil for the nine months ended 30 September 2018.

Legal and professional fees related to the Listing are set out below:

	Three months ended 30 September		Nine months ended 30 September	
	2019 S\$'000 (Unaudited)	2018 S\$'000 (Unaudited)	2019 S\$'000 (Unaudited)	2018 S\$'000 (Unaudited)
Listing expenses	–	51	–	1,517
Total	–	51	–	1,517

Loss for the period

Our Group recorded a loss of approximately S\$1.71 million and S\$1.93 million for the nine months ended 30 September 2019 and 2018, respectively. If we exclude the non-recurring listing expenses, our Group would have recorded a loss of approximately S\$1.71 million and loss of S\$0.41 million for the nine months ended 30 September 2019 and 2018, respectively. The loss for the nine months ended 30 September 2019 was mainly attributable to (i) increase in other expenses after the Listing which was not incurred in the corresponding period in 2018; (ii) additional expenses incurred related to the preparation of newly opened restaurants namely Black Society (OG) and Black Society (GWC) in the end of June 2019 and late July 2019, respectively; and (iii) increase in key raw ingredients cost.

USE OF PROCEEDS FROM THE SHARE OFFER

The amount of the net proceeds from the Share Offer received by the Company, after deducting the expenses related to the Share Offer payable by the Company, is approximately HK\$23.7 million. The Company intends to apply such net proceeds for the following purposes:

	Total HK\$' million	Approximate % of net proceeds
Continue to expand our dining operations in Singapore	18.1	76.4
Setting up new head office and enhance our workforce	3.2	13.5
Further enhance our brand recognition in Singapore and Malaysia	0.2	0.8
Upgrade our information technology systems	0.2	0.8
General working capital	2.0	8.5
Total	23.7	100.0

Up to 30 September 2019, the Group has applied the net proceeds as follows:

	Proposed amount to be used up to 30 September 2019 HK\$'million	Actual usage up to 30 September 2019 HK\$'million	Unutilised net proceeds up to 30 September 2019 HK\$'million
Continue to expand our dining operations in Singapore	18.1	8.4	9.7
Setting up new head office and enhance our workforce	3.2	2.2	1.0
Further enhance our brand recognition in Singapore and Malaysia	0.2	0.2	–
Upgrade our information technology systems	0.2	0.1	0.1
General working capital	2.0	2.0	–
Total	23.7	12.9	10.8

For further details of the Group's intended use of the net proceeds from the Share Offer, please refer to the section headed "Future Plans and Use of Proceeds" in the Prospectus. The business objectives, future plans and planned use of proceeds as stated in the Prospectus were based on the best estimation and assumption of future market conditions made by the Group at the time of preparing the Prospectus while the proceeds were applied based on the actual development of the Group's business. As at the date of this report, the unutilized net proceeds have been temporarily placed as short term deposits with licensed institutions in Hong Kong and Singapore.

For the unutilised net proceeds up to 30 September 2019, the Company intends to use them in the same manner and proportions as described in the Prospectus. The completion time of the use of the net proceeds will be determined based on the future business development of the Company.

During the period up to 30 September 2019, the reason for the delay in the use of proceeds in the amount of approximately HK\$10.8 million is mainly due to the reduction in the pace of the Group's expansion as a result of the unfavourable condition in the Singapore food and beverage market.

Referring to the announcement of the Company dated 19 July 2019, the Group has planned to use approximately HK\$8.4 million of the net proceeds to open the second "Greyhound Café" restaurant. Although the Group had made attempts to identify suitable locations, there was no location available which the Group considered to be suitable for the new "Greyhound Café" restaurant.

As the Company considered that there would be growth potential in dim sum café business in Singapore, the Board therefore decided to re-allocate approximately HK\$8.4 million which was originally planned for opening of new restaurant under the franchised "Greyhound Café" brand to be applied towards the opening of the Black Society (GWC) under "MASA by Black Society" brand. For details, please refer to the announcements of the Company dated 19 July 2019 and 22 July 2019.

The Directors regularly evaluate the Group's business objective and may change or modify plans against the changing market conditions to ascertain the business growth of the Group.
