

## CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the "Directors") of Hyfusin Group Holdings Limited (the "Company") collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the "GEM Listing Rules") for the purpose of giving information with regard to the Company and its subsidiaries (together, the "Group"). The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.

#### 1. GENERAL AND BASIS OF PREPARATION

Hyfusin Group Holdings Limited (the "Company") was incorporated in the Cayman Islands as an exempted company and registered in the Cayman Islands with limited liability under the Companies Law, Cap. 22 (Law 3 of 1961, as amended, supplemented or otherwise modified from time to time) of the Cayman Islands on 5 July 2017. The shares of the Company (the "Shares") have been listed on GEM of The Stock Exchange of Hong Kong Limited (the "Stock Exchange") on 19 July 2018 (the "Listing"). Its registered office is located at PO Box 1350, Clifton House, 75 Fort Street, Grand Cayman KY1-1108, Cayman Islands and principal place of business is located at Unit Nos. 4–8, 2/F, Aberdeen Marina Tower, 8 Shum Wan Road, Aberdeen, Hong Kong.

The Company is an investment holding company and its subsidiaries (the "**Group**") are principally engaged in manufacturing and sale of candle products. Its parent and ultimate holding company is AVW International Limited ("**AVW**"), a private company incorporated in the British Virgin Islands (the "**BVI**"). Its ultimate controlling shareholders are Mr. Wong Man Chit and Mr. Wong Wai Chit, who are brothers and act in concert over AVW and the companies now comprising the Group (the "**Controlling Shareholders**").

The functional currency of the Company and its subsidiaries is United States dollars ("US\$") while the presentation currency of the consolidated financial statements is Hong Kong dollars ("HK\$") as the directors of the Company (the "Directors") consider that HK\$ is preferable in presenting the operating results and financial position of the Group, which is more beneficial to the users of the consolidated financial statements.

The condensed consolidated financial statements of the Group have been prepared in accordance with the Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"), accounting principles generally accepted in Hong Kong, the disclosure requirements of the Hong Kong Companies Ordinance (Cap. 622) and the GEM Listing Rules.

The condensed consolidated financial statements of the Group have been prepared under the historical cost basis, except for certain financial instrument which have been measured at fair values.

#### 2. PRINCIPAL ACCOUNTING POLICIES

#### Application of new and amendments to HKFRSs

The principal accounting policies used in the condensed consolidated financial statements for the three months ended 31 March 2020 are the same as those followed in the preparation of the Group's annual report for the year ended 31 December 2019, except for the following new and amendments to HKFRSs issued by the HKICPA that are adopted for the first time for the current accounting period of the Group:

Amendments to HKAS 1 and HKAS 8

Definition of Material

Definition of Business

Amendments to HKFRS 9, HKAS 29

Interest Rate Benchmark Reform

and HKFRS 7

The application of the new and amendments to HKFRSs has had no material effect on the amounts reported in the condensed consolidated financial statements and/or disclosures set out in the condensed consolidated financial statements.

#### New/revised HKFRSs that have been issued but are not yet effective

The following new/revised HKFRSs, potentially relevant to the Group's consolidated financial statements, have been issued, but are not yet effective and have not been early adopted by the Group. The Group's current intention is to apply these changes on the date they become effective.

HKFRS 17 Insurance Contracts¹

Amendments to HKFRS 10 and Sale or Contribution of Assets between an Investor and its Associate or Joint Venture²

- <sup>1</sup> Effective for annual periods beginning on or after 1 January 2021.
- The amendments were originally intended to be effective for periods beginning on or after 1 January 2018. The effective date has now been deferred/removed. Early application of the amendments continue to be permitted.

The Group is in the process of making an assessment of what the impact of these new or revised HKFRSs is expected to be in the period of initial application. So far the Directors concluded that the adoption of the new HKFRSs will have no material impact on the amounts reported in the Group's condensed consolidated financial statements.

#### MANAGEMENT DISCUSSION AND ANALYSIS

#### **BUSINESS REVIEW**

The Group principally engages in the manufacturing and sale of candle products with headquarters in Hong Kong and operations in Vietnam. The Group mainly manufactures and sells daily-use candles, scented candles, decorative candles and other products such as diffusers. The major customers of the Group are mostly U.S. and U.K. department store operators and buying agents.

The Group mainly manufactures candle products based on the requirements and specifications from its customers. The Group would also assess the design and specifications and put forward suggestions to its customers. The Group offer a wide variety of services to its customers ranging from product design, raw material selection and procurement, provision of sample candle before mass production, laboratory testing to recommendation to improve the product quality.

According to an industry overview report prepared by Frost & Sullivan International Limited (the "F&S Report"), an independent market research and consulting firm, the Group ranked the third, the fourth and the fourth among the candle manufacturers in Vietnam in terms of estimated export value, estimated revenue and estimated production capacity in 2017, respectively. According to the F&S Report, the import value and share of candle products in U.S. and U.K. from Vietnam expected to reach approximately US\$195.6 million and approximately US\$15.6 million, respectively.

The F&S Report also mentioned that as the economy in the U.S. and other developed countries continue to recover, the consumption of mid-to-high end candle products is expected to increase. The candle market also has an increasing preference over candle products which are scented and with colour additives. With the preference for candle products with scent and coloured additives for use in rooms and households, increasing demand for scented and decorative candle products has provided the impetus for the whole market.

The analysis of product segment of the Group for the three months ended 31 March 2020 is set out in Note 3 to the condensed consolidated financial statements, where the scented candles are still the best selling products of the Group during the period, the sales of scented candles increased by approximately HK\$11.3 million or 37.4% as compared with the same period in 2019 that reflects the trend of preference for candle products with scent and coloured additives is increasing recently in the U.S. market.

#### MANAGEMENT DISCUSSION AND ANALYSIS (CONTINUED)

In order to catch up the rapid growth of candle products especially in the U.S. market since 2018, the Group entered into the contracts with sales representatives for the sales incentive to sales representatives for the orders from customers introduced by them. The management of the Group gladly to cooperate with sales representatives and expects the potential orders introduced by sales representatives in future.

Based on the well established long-term relationships with the customers and with support from the experienced management team of the Group in the industry, the Group are confidence on capitalizing further business opportunities and growth.

The recent outbreak of the novel coronavirus ("**COVID-19**") has brought about additional uncertainties in the Group's operating environment and may impact the Group's operations and financial position. The Group has been closely monitoring the impact from the COVID-19 on the Group's businesses. Based on the information currently available, the Directors confirm that there has been no material adverse change in the financial or trading position of the Group up to the date of this report. However, the actual impacts may differ from these estimates as the situation continues to evolve and further information becomes available.

#### **FINANCIAL REVIEW**

#### Revenue

Revenue for the three months ended 31 March 2020 amounted to approximately HK\$78.8 million, representing an increase of approximately HK\$27.5 million or 53.6% as compared with that of approximately HK\$51.3 million for the same period in 2019. The increase in revenue was mainly due to an increase in sales of scented candles of approximately HK\$11.3 million and other candle products (included diffusers) of approximately HK\$11.2 million.
