PROSPECTS

Consistent with the outlook shared at the chairman's statement in 2019 annual report, the demand in construction sector activities has declined which would adversely affect the Group's revenue. In addition, the Ministry of Health of Singapore has implemented additional measures to reduce the risk of further local transmission of COVID-19 in April 2020. The measures include the closure of workplace premises. Other than essential services, business activities have to be conducted through telecommuting or other means from home or be suspended from 7 April 2020 to 1 June 2020 (subject to further guidance by the Singapore authorities). As the Group's principal place of business is in Singapore, its operation will be suspended during the aforesaid period. Looking forward, due to the outbreak of COVID-19, the fierce competition in bidding prices and higher material costs, both revenue and gross profit of the local construction market is expected to be decreased.
