MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

The Group is an established food and beverage grocery distributor in Hong Kong with over 40 years of experience in the food and beverage grocery distribution industry. The Group's customers include restaurants, non-commercial dining establishments, hotels and private clubs, food processing operators and wholesalers in Hong Kong. The Group also offers product sourcing, repackaging, quality assurance, warehousing and storage, transportation as well as other value-added services to provide one-stop food and beverage grocery distribution solutions to the customers. The Group's product portfolio ranges from food commodities, speciality food ingredients to kitchen and hygiene products which can be broadly categorised into (i) commodities and cereal products; (ii) packaged food; (iii) sauce and condiment; (iv) dairy products and eggs; (v) beverage and wine; and (vi) kitchen and hygiene products.

The Group's business model, revenue structure and cost structure basically remain unchanged after the Listing. Based on the unaudited financial information of our Group, our revenue was approximately HK\$61,032,000 for the three months ended 30 June 2020, representing an increase of approximately 24.5% as compared to approximately HK\$49,003,000 in the corresponding period of 2019.

Year 2020 was a very difficult period for Hong Kong's food and beverage industry as a whole. Since the beginning of January 2020, the outbreak of Coronavirus Disease 2019 ("**COVID-19 outbreak**") has adversely affected the global business environment. Although the Group's operations continue as usual, the COVID-19 outbreak has caused temporary slowdown of demand and decrease in sales orders for our food and beverage products from our customers after the Chinese New Year. The Directors expect that it will take some time for the Hong Kong economy to recover to normal, and will adversely affect the Group's results until the end of year 2020. The Group will closely monitor the market conditions and seek suitable business opportunities in order to minimize the negative effects of the COVID-19 outbreak to our business.

FINANCIAL REVIEW

Revenue

During the three months ended 30 June 2020, our revenue increased by approximately HK\$12,029,000 or approximately 24.5% to approximately HK\$61,032,000 (three months ended 30 June 2019: approximately HK\$49,003,000), mainly due to the sharp increase in sales of our kitchen and hygiene products. Our high-quality kitchen and hygiene products included face masks, gloves, bleach, kitchen paper and toilet paper, etc. The sales of kitchen and hygiene products increased by approximately HK\$16,120,000 to approximately HK\$18,862,000 for the three months ended 30 June 2020 (three months ended 30 June 2019: approximately HK\$2,742,000). Due to the COVID-19 outbreak in year 2020, people's awareness of hygiene was raised, there was an excess demand for face masks in Hong Kong. Our Group was able to source large quantity of supply of face masks from oversea suppliers. The sales of face masks contributed approximately HK\$15,920,000 to our revenue during the three months ended 30 June 2020, compensated the decrease in sales of our food and beverage products.

Cost of sales

Our cost of sales solely represented cost of inventories sold, which represented the cost of finished goods purchased by us from suppliers. Our cost of sales represents the costs of products, net of discounts and rebates, charged by our suppliers. Our cost of sales increased by approximately HK\$12,140,000 or approximately 32.7% to approximately HK\$49,230,000 for the three months ended 30 June 2020, as compared to approximately HK\$37,090,000 for the three months ended 30 June 2019, due to the increased sales volumes and increase in cost of finished goods purchased from suppliers.

Gross profit and gross profit margin

The Group's gross profit decreased by approximately 0.9% from approximately HK\$11,913,000 for the three months ended 30 June 2019 to approximately HK\$11,802,000 for the three months ended 30 June 2020. Gross profit decreased slightly despite the sharp increase in revenue as the sales margin for face masks was low. The decrease in gross profit caused by decrease in sales of our food and beverage products outweighed the increase in gross profit generated by sales of face masks. For the three months ended 30 June 2020, the Group's gross profit margin decreased to 19.3% as compared with previous period at 24.3%.

Other income

Other income represented interest income from bank deposits, rent concession, government subsidy and sundry income. Other income increased from approximately HK\$116,000 for the three months ended 30 June 2019 to approximately HK\$1,069,000 for the three months ended 30 June 2020 mainly due to the receipt of subsidy in June 2020 from the Employment Support Scheme launched by the government to provide time-limited financial support to employers to retain their employees who will otherwise be made redundant.

Other gain and losses, net

The Group recorded net losses of approximately HK\$927,000 for the three months ended 30 June 2019, which was attributable to the loss on disposal of items of property, plant and equipment. Since the Group reallocated its headquarters and principal place of business to newly rented office and warehouse in Yau Tong in May 2019, the Group disposed items of property, plant and equipment which included leasehold improvement, plant and machinery and furniture and equipment in the offices and warehouses in Kwun Tong during the three months ended 30 June 2019.

Selling and distribution expenses

Our selling and distribution expenses mainly comprised transportation expenses, commission expenses to sales persons based on a certain percentage of the gross profit on successful sales, staff costs for our sales team, advertising and marketing expenses. The decrease of selling and distribution expenses of the Group were mainly due to decrease in entertainment expenses and transportation expenses. The selling and distribution expenses accounted for approximately 8.5% and 11.0% of the total revenue for the three months ended 30 June 2020 and 2019 respectively.

Administrative expenses

For the three months ended 30 June 2020, the Group's administrative expenses primarily comprised legal and professional fees, staff costs for administrative and management personnel, directors' remuneration, depreciation and insurance. Administrative expenses increased from approximately HK\$5,849,000 for the three months ended 30 June 2019 to approximately HK\$6,160,000 for the three months ended 30 June 2020. The increase of administrative expenses of the Group was mainly due to increase in legal and professional fees, partially offset by decrease in rental expenses.

Finance costs

Finance costs amounted to approximately HK\$83,000 for the three months ended 30 June 2020, increased by approximately HK\$81,000 as compared to approximately HK\$2,000 for the three months ended 30 June 2019. Finance costs of the Group represented interest expenses on finance leases.

Income tax expense

For the three months ended 30 June 2020 and 2019, our income tax expenses were approximately HK\$183,000 and HK\$44,000, respectively.

Profit/(loss) and total comprehensive income/(expense) attributable to owners of the Company

For the three months ended 30 June 2020, the Group's profit and total comprehensive income attributable to owners of the Company was approximately HK\$1,250,000. For the three months ended 30 June 2019, the Group's loss and total comprehensive expense attributable to owners of the Company was approximately HK\$163,000. The increase of profit and total comprehensive income attributable to owners of the Company was mainly attributable to the decrease in disposal loss of items of property, plant and equipment and the receipt of government subsidy, partially offset by the increase in legal and professional fees. Since the Group reallocated its headquarters and principal place of business to newly rented office and warehouse in Yau Tong in May 2019 and disposed large amount of items of property, plant and equipment in the existing offices and warehouses in Kwun Tong, therefore, a one-off loss on disposal of items of property, plant and equipment amounted to approximately HK\$927,000 was recorded during the three months ended 30 June 2019. No such loss was recorded during the current period.

Dividend

No dividend was paid, declared or proposed during the period. The Directors do not recommend the payment of any dividend for the three months ended 30 June 2020 (three months ended 30 June 2019: nil).

No shareholder of the Company has waived or agreed to waive any dividends during the period.

LIQUIDITY AND FINANCIAL POSITION

As at 30 June 2020, bank balances and cash of the Group amounted to approximately HK\$58,489,000 (As at 31 March 2020: approximately HK\$54,001,000). The current ratios (current assets divided by current liabilities) of the Group were 7.0 times and 8.3 times as at 30 June 2020 and 31 March 2020 respectively. The Group generally financed its daily operations from internally generated cash flows. The Group financed its business expansion and new business opportunities from the net proceeds from the Listing. The remaining unused net proceeds as at 30 June 2020 were placed as interest bearing deposits with licensed bank in Hong Kong.

The total interest-bearing borrowing (i.e. finance leases) of the Group as at 30 June 2020 was approximately HK\$5,505,000 (31 March 2020: approximately HK\$6,297,000). The Group's gearing ratio as at 30 June 2020 was approximately 5.3% (31 March 2020: approximately 6.1%), which is calculated as the Group's total borrowing over the Group's total equity.

SIGNIFICANT INVESTMENT, MATERIAL ACQUISITION AND DISPOSAL OF SUBSIDIARIES

During the three months ended 30 June 2020, the Group did not have any significant investment, material acquisition nor disposal of subsidiaries and affiliated companies.

USE OF PROCEEDS AND ACTUAL PROGRESS OF THE GROUP'S BUSINESS OBJECTIVES

The net proceeds from the Listing (after deducting the underwriting fees and related expenses) amounted to approximately HK\$48,500,000. Following the Listing, in response to changing business environment and business development requirement of the Group, the Board has resolved to update the proposed use of the net proceeds for reasons as more fully explained in the paragraph headed "Reasons for the Update on Use of Proceeds" in the announcement of the Company dated 27 March 2019. Set out below is the actual utilisation of net proceeds up to the date of this quarterly report:

As disclosed in the prospectus of the Company dated 31 March 2017 (the “**Prospectus**”), the Group’s principal business objectives are to strengthen its position in the food and beverage grocery distribution industry and further expand its business operations with a view to creating long-term Shareholders’ value. The Directors intend to achieve the objectives by (a) increasing warehouse facilities strategically located in certain districts of Hong Kong in proximity to the Group’s customers; (b) upgrading the ERP system to enhance the Group’s operation efficiency; (c) further penetrating the food and beverage grocery distribution market through sales and marketing activities and the Group’s quality value-added services; and (d) attracting and retaining quality personnel.

In light of the rise in number of customers and purchase orders, the Group had planned to lease two warehouse facilities, one in the New Territories and another on the Hong Kong Island for accommodating the increased inventory level. However, since the second half of 2017, the rent and the rent price index in the factory building rental market in Hong Kong showed a continuous uptrend and the Group had not yet identified suitable premises for the warehouse facilities in both areas, therefore the leasing was not yet commenced up to March 2019.

In early 2019, the Group surveyed a premise in Yau Tong, Kowloon, which size and location are suitable for our warehousing, and additionally, the proposed rental fee is relatively cost-effective. The Board evaluated that the premise in Yau Tong, Kowloon is meeting the Group’s requirements for fair and efficient use of financial resources. Therefore, the Board had decided to establish a new warehouse at the above mentioned premise and migrated all inventory from the existing warehouses to the new location. Up to the date of this report, a total of approximately HK\$7,844,000 was spent on rental deposits, rental payments, renovation costs and start-up costs for the warehouse facility.

The Group had planned to use approximately HK\$12,560,000 of the net proceeds to upgrade the ERP system, which is used to monitor the inventory level and minimise incidences of overstocking, so as to enhance the operational efficiency of the Group. Up to the date of this report, the Group selected a new ERP software for implementation and a total of approximately HK\$3,442,000 was spent on consultancy services and software and hardware acquisition for the upgrade of the ERP system.

The Group had planned to use approximately HK\$5,540,000 of the net proceeds to conduct sales and marketing activities to attract more customers and strengthen customer loyalty so as to further penetrate the food and beverage grocery distribution market. Up to the date of this report, a total of approximately HK\$463,000 was spent on participating in domestic food exhibition and sales exhibition to showcase our products to potential buyers.

The Group had planned to use approximately HK\$3,500,000 to purchase new repackaging equipment to further automate the repackaging process and increase efficiency. Up to the date of this report, a total of approximately HK\$237,000 was spent on purchasing new automatic repackaging machines. The Group will continue to install more repackaging equipment and develop packaging design.

Looking forward, the Group is still reasonably optimistic to sustain the core business given all the economic uncertainties with the COVID-19 outbreak. However, the Directors are actively assessing and managing the uncertainties, and implementing, if necessary measures to conquer this challenging time. At the same time, the Group remains committed to the strategies that we have promised our shareholders before being listed and will continue to seek for the best possible opportunities to grow our business by leveraging our current client base, offering a wide spectrum of products for customers and exercising careful cost controls.

The principal strategic, operational and financial risks faced by the Group are market competition, employee commitment and satisfaction, warehouse disruption, credit risk of customers and fund investments and returns. With the Group's proven track record, plus its experienced management team and reputation in the market, the Directors consider that the Group is well-positioned to compete against its competitors. The Directors will also continue to explore opportunities to diversify the Group's operation so that the customer base could be strengthened and diversified. The Directors will continue to review and evaluate the business objectives and strategies and make timely execution taking into account the business risks and market uncertainties. The Directors believe that the Group will continue to expand to become one of the leading food and beverage grocery distributors in Hong Kong.
