The group's quarterly results for the nine months ended 31 December 2020 have been reviewed by the audit committee, who is of the opinion that such statements comply with the applicable accounting standards, the GEM Listing Rules and legal requirements, and that adequate disclosures had been made.

CORPORATE GOVERNANCE

The company has applied the principles and complied with all the code provisions as set out in the Code on Corporate Governance Practices (the "Code") contained in Appendix 15 of the GEM Listing Rules throughout the period, save for the deviations discussed below.

Under the code provision A.2.1 stipulates that the roles of chairman and chief executive officer should be separated and should not be performed by the same individual. The division of responsibilities between the chairman and chief executive officer should be clearly established and set out in writing.

Mr. Lau Hon Kwong, Vincent is both the chairman and chief executive officer of the company who is responsible for managing the board and the group's business. Mr. Lau has been both chairman and chief executive officer of the company since its incorporation. The board considers that, with the present board structure and scope of business of the group, there is no imminent need to separate the roles into two individuals as Mr. Lau is perfectly capable of distinguishing the priority of these roles in which he has been acting. However, the board will continue to review the effectiveness of the group's corporate governance structure to assess whether the separation of the positions of chairman and chief executive officer is necessary.

Under the code provision A.4.1 stipulates that non-executive directors should be appointed for a specific term, subject to re-election. However, the non-executive directors do not have a specific term of appointment, but are subject to rotation in accordance with the articles of association of the company. As such, the company considers that sufficient measures have been taken to serve the purpose of the code provision A.4.1 of the Code.

The company has not arranged any insurance coverage for the directors' liabilities in respect of any potential legal actions against the directors. Given the nature of the company's business, directors believe that the occurring of legal actions against the directors is very slight, and the company still can achieve excellent corporate government through various management and monitoring mechanism so as to reduce such risks, such as periodic review on the effectiveness of internal control system, clear division of duties and providing training for staffs and the management. The board will review, on a regular basis, the necessity to arrange insurance cover for potential legal actions against the directors.

COMPLIANCE WITH RULES 5.48 TO 5.67 OF THE GEM LISTING RULES

The company has adopted a code of conduct regarding directors' securities transactions on terms no less exacting than the required standard of dealing as set out in Rules 5.48 to 5.67 of the GEM Listing Rules throughout the period ended 31 December 2020. Having made specific enquiry of all directors, the directors have complied with such code of conduct and the required standard of dealings throughout the period ended 31 December 2020.
