CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the “**Directors**”) of Gameone Holdings Limited (the “**Company**”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the “**GEM Listing Rules**”) for the purpose of giving information with regard to the Company and its subsidiaries (together, the “**Group**”). The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief, the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.

CHAIRMAN'S STATEMENT

Dear Shareholders,

On behalf of the Board of Directors (the “**Board**”) of the Company, I present the annual results of the Company and its subsidiaries (collectively, the “**Group**”) for the year ended 31 December 2020.

OVERVIEW

The outbreak of the novel Coronavirus 2019 since the beginning of 2020 is a fluid and challenging situation faced by all the industries of Hong Kong and even worldwide. In the financial year ended 31 December 2020, the Group recorded a net loss of approximately HK\$10.1 million as compared to a net loss of approximately HK\$2.0 million for the same period in 2019. Such increase in net loss of the Group during this year was mainly attributable to the decrease in revenue arising from the Group's licensed mobile games and self/co-developed games by approximately 36.0% as compared to the same period in 2019 and the recognition of impairment losses on the intangible assets as at 31 December 2020.

FUTURE PROSPECTS

Nowadays, competition in the game industry is intense in Hong Kong and Taiwan. We compete with other game developers, operators and publishers of online PC games and mobile games in Hong Kong and Taiwan. We also face competition from emerging mobile game developers, operators and publishers, as well as some traditional online PC game companies that are entering the mobile game market. Some of our existing and potential competitors have significantly greater financial, technological and marketing resources, larger player base, stronger relationship with industry participants (such as game developers), a larger and more diverse game portfolio, and stronger mobile game development experience and resources than us. We further compete with other entertainment or leisure time activities which divert our target customers' time and attention.

While we compete with a wide spectrum of existing and potential competitors, we rely primarily on our abilities to self/co-develop and/or license games that are attractive to game players and fulfil the demands and expectation of game players. This would in turn depend on our advertising efforts, the stability of our game operation systems, and in particular, whether we can secure development rights or licensed games that are based on popular literatures, comics and animations. Benefiting from over ten years of experience in game development, operation and publishing in the Hong Kong market, as well as possessing a number of development rights based on popular literatures, comics and animations, we believe that we can differentiate from our competitors in the future.

We have secured rights to turn various popular literatures, comics and animations, including, “My Date with a Vampire” (我和殭屍有個約會), “Dragon and Tiger Gate” (龍虎門), “Teddy Boy” (古惑仔), “Fengshenji” (封神紀), and “The Ravages of Time” (火鳳燎原) into games. We believe that we can leverage on the critical mass of the captive readership, to maximize market recognition and receptiveness at reduced marketing costs, and attract readers of these popular literatures, comics and animations, to try and play these games.

CHAIRMAN'S STATEMENT

APPRECIATION

On behalf of the Board, I would like to express my gratitude towards the support and advice of our shareholders and business partners, for their recognition of the Company's direction and strategies of development, as well as the devotion and enthusiasm of our staff in all scopes of tasks. They all helped us to drive the Company towards perfection. We, the Board and all the Company's staff, will continue to dedicate ourselves to refine our services to maximize the returns for our shareholders.

Sze Yan Ngai

Chairman and Executive Director

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW AND OUTLOOK

We are an integrated game developer, operator and publisher focusing on the market of Hong Kong and Taiwan. We operate and publish our self/co-developed and licensed games in Hong Kong and Taiwan primarily through our game distribution platforms as well as other third-party distribution platforms. We collect payments from players either through our own game platform, third-party distribution platforms such as Apple Store and Google Play, or third-party payment vendors, which include convenience stores selling prepaid game cards/vouchers. We consider such integration of upstream and downstream services in the value chain of the game industry has provided us with a better market position.

The outbreak of the novel Coronavirus 2019 since the beginning of 2020 is a fluid and challenging situation faced by all the industries of Hong Kong and even worldwide. In the financial year ended 31 December 2020, the Group recorded a net loss of approximately HK\$10.1 million as compared to a net loss of approximately HK\$2.0 million for the same period in 2019. Such increase in net loss of the Group during this year was mainly attributable to the decrease in revenue arising from the Group's licensed mobile games and self/co-developed games by approximately 36.0% as compared to the same period in 2019 and the recognition of impairment losses on the intangible assets as at 31 December 2020.

In order to increase our market share in the mobile game industry, we plan to expand our business through both organic growth and strategic partnerships. We intend to selectively invest in or enter into strategic partnerships with complementary game developers, development teams, other game operators and distributors in order to broaden the scope, spectrum and reach of our games, particularly mobile games. The Board will closely monitor the performance of the Group and the Group will continue to pursue the key business strategies to expand its gaming portfolio through introducing more high-quality licensed games with a focus on mobile games, to consolidate market position and to enhance marketing efforts.

OUR NEWLY LICENSED MOBILE GAMES

The Group has entered into an exclusive agency agreement with Beijing Crazy Sports Management Company Limited* (北京瘋狂體育產業管理有限公司) (under V1 Group Limited (Stock Code: 82)), and Shanghai Stararray Information Technology Co., Ltd.* (上海陣星信息科技有限公司) in March 2021, to obtain the operational right of a mobile game named "ACE SOCCER (球場風雲)" in Hong Kong, Macau and Taiwan. The game is expected to be launched in the second quarter of 2021.

In February 2021, the Group has entered into a cooperation agreement with Linekong Interactive Group Co., Ltd. (Stock Code: 8267), to obtain the right of operation of "Dawn Awakening (黎明覺醒)" in Hong Kong, Macau and Taiwan. The game is expected to be launched in the first quarter of 2021.

PRINCIPAL RISKS AND UNCERTAINTIES FACING THE GROUP

The Group recognizes the importance of risk management practices. Thus, it endeavors its best to mitigate its exposure to operating and financial risks in an effective and efficient manner.

* it is a direct transliteration of its Chinese name

MANAGEMENT DISCUSSION AND ANALYSIS

The principal risks, challenges and uncertainties faced by the Group include: (i) the mobile game industry is highly competitive; (ii) the game industry is subject to rapid technological changes which may render our games obsolete or unattractive to our users; (iii) we may not be able to extend licenses for our existing licensed games or introduce new licensed games, which will materially and adversely affect our revenue; and (iv) we rely on key personnel and our business may be severely disrupted if we lose the services of our key executives and employees.

The financial risk management objectives and policies of the Group can be found in note 31 to the consolidated financial statements.

FINANCIAL REVIEW

Revenue

The Group's revenue was approximately HK\$51.3 million for the year ended 31 December 2020 representing a decrease of approximately 36.0% from approximately HK\$80.2 million for the corresponding period in 2019, which was primarily attributable to the decrease in the Group's game operation income of licensed games and self/co-developed games, and the delay in launching new games.

Revenue by game ownership and forms

The following table sets out a breakdown of our revenue by its type in absolute amounts and as percentage of our revenue for the periods indicated:

	For the year ended 31 December

Total	<u>51,304</u>	<u>100.0</u>	<u>80,180</u>	<u>100.0</u>

Cost of services rendered

The Group's cost of services rendered for the year ended 31 December 2020 was approximately HK\$40.6 million, representing a decrease of approximately 28.9% from approximately HK\$57.1 million for the corresponding period in 2019, which was primarily attributable to the combined effect of (i) an approximately HK\$8.0 million decrease in channel fees; (ii) an approximately HK\$5.5 million decrease in royalty expenses; and (iii) an approximately HK\$2.4 million decrease in amortization of intangible assets during the year ended 31 December 2020.

Gross profit and gross profit margin

The Group's gross profit for the year ended 31 December 2020 was approximately HK\$10.7 million, representing a decrease of approximately 53.7% from approximately HK\$23.1 million for the year ended 31 December 2019, primarily due to a decrease in the Group's game operation income from the licensed mobile games and self/co-developed games. The Group's gross profit margin for the year ended 31 December 2020 was approximately 20.9%, representing a decrease of approximately 7.9 percentage points compared to the gross profit margin of approximately 28.8% for the year ended 31 December 2019.

Selling expenses

The Group's selling expenses for the year ended 31 December 2020 were approximately HK\$11.0 million, representing a decrease of approximately 24.1% from approximately HK\$14.5 million for the corresponding period in 2019, primarily attributable to a decrease in advertising and promotion expenses.

MANAGEMENT DISCUSSION AND ANALYSIS

Administrative expenses

The Group's administrative expenses for the year ended 31 December 2020 were approximately HK\$11.1 million, representing a decrease of approximately 12.6% from approximately HK\$12.7 million for the year ended 31 December 2019, primarily attributable to the decrease in staff cost, legal and professional fees and overseas travelling expenses.

Other expenses

The Group's other expenses were approximately HK\$2.1 million for the year ended 31 December 2020 representing an increase of approximately 90.9% from approximately HK\$1.1 million for the corresponding period in 2019, which was mainly attributable to the recognition of impairment loss on the intangible assets of certain games of the Group for the year ended 31 December 2020 due to the write-down of license fees paid for certain games of the Group which failed to achieve the expected performance level.

Loss for the year

The Group recorded a loss for the year ended 31 December 2020 of approximately HK\$10.1 million as compared with a loss of approximately HK\$2.0 million for the corresponding period in 2019, which was primarily attributable to (i) an approximately HK\$12.4 million decrease in the gross profit for the year ended 31 December 2020 due to a decrease in the Group's revenue contributed by the Group's game operation income from the Group's licensed mobile games and self/co-developed games; and (ii) the recognition of impairment loss on the intangible assets of certain games of the Group for the year ended 31 December 2020 due to the write-down of license fees paid for certain games of the Group which failed to achieve the expected performance level.

CAPITAL STRUCTURE

The Group's shares were successfully listed on GEM on 13 January 2016 (the "**Listing Date**"). There has been no change in the capital structure of the Group since the Listing Date and up to the date of this annual report. The share capital of the Group only comprises of ordinary shares.

As at 31 December 2020, the Company's issued share capital was HK\$1.6 million and the number of its issued ordinary shares was 160,000,000 of HK\$0.01 each.

LIQUIDITY, FINANCIAL RESOURCES AND FUNDING

We financed our operations primarily through cash generated from our operating activities. During the year ended 31 December 2020, we did not have any bank borrowings. As at 31 December 2020, we had cash and cash equivalents of approximately HK\$38.2 million (31 December 2019: approximately HK\$45.0 million), which were cash at banks and on hand. No banking facility has been arranged by our Group during the year ended 31 December 2020.

Our primary uses of cash have been and are expected to continue to be operating costs and capital expenditure.

MANAGEMENT DISCUSSION AND ANALYSIS

MATERIAL ACQUISITIONS AND DISPOSALS OF SUBSIDIARIES AND ASSOCIATED COMPANIES

Save as disclosed herein, there was no material acquisition and disposal of subsidiaries and associated companies by the Company during the year ended 31 December 2020.

SIGNIFICANT INVESTMENTS HELD BY THE GROUP

During the year ended 31 December 2020, there was no significant investment held by the Group.

FUTURE PLAN FOR MATERIAL INVESTMENTS AND CAPITAL ASSETS

The Group did not have any concrete plan for material investments or capital assets as at 31 December 2020.

FOREIGN EXCHANGE EXPOSURE

Foreign currency risk refers to the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Our exposures to currency risk arise mainly from its overseas income or payment on royalty and license fee, which are primarily denominated in United States dollar, Japanese Yen or Renminbi. These are not the functional currencies of our principal subsidiaries to which these transactions related. We currently do not have a foreign currency hedging policy. However, we monitor foreign exchange exposure and will consider hedging significant foreign currency exposure should the need arises.

BORROWING AND GEARING RATIO

During the year ended 31 December 2020, we did not have any short-term or long-term bank borrowings.

As at 31 December 2020, the gearing ratio of the Group, calculated as total liabilities, divided by total assets, was approximately 36.7% (31 December 2019: approximately 27.7%).

TREASURY POLICIES

The Group adopts a conservative approach towards its treasury policies. We monitor our trade receivables on an ongoing basis and only trade with creditworthy parties. We consider the credit risk on liquid funds as low because the counterparties are major banks with high credit ratings. We are subject to concentration of credit risk since majority of our trade receivables are due from a limited number of trade debtors which were primarily the third-party game distribution platforms and payment channels. To manage liquidity risk, we closely monitor the Group's liquidity position to ensure that the liquidity structure of the Group's assets, liabilities and commitments can meet its funding requirement.

CHARGE ON GROUP ASSETS

As at 31 December 2020, no asset of the Group was pledged as a security for bank borrowing or any other financing facilities (31 December 2019: Nil).

MANAGEMENT DISCUSSION AND ANALYSIS

CONTINGENT LIABILITIES

As at 31 December 2020, the Group did not have any significant contingent liabilities (31 December 2019: Nil).

COMMITMENTS

Our contract commitments mainly involve acquisition of intangible assets. As at 31 December 2020, the Group's capital commitments for acquisition of intangible assets were approximately HK\$1.0 million (31 December 2019: approximately HK\$1.0 million).

INFORMATION ON EMPLOYEES

As at 31 December 2020, the Group had 53 employees (31 December 2019: 60) working in Hong Kong and Taiwan. Employees are remunerated according to their performance and work experience. On top of basic salaries, discretionary bonus and share option may be granted to eligible staff by reference to the Group's performance as well as individual's performance. The total staff cost (including remuneration, allowances and mandatory provident funds contributions of the Directors) for the year ended 31 December 2020 amounted to approximately HK\$17.5 million (31 December 2019: approximately HK\$20.0 million). The dedication and hard work of the Group's staff during the year ended 31 December 2020 are generally appreciated and recognized.

SHARE OPTION SCHEME

The following is a summary of the principal terms of the share option scheme (the "**Share Option Scheme**") conditionally approved and adopted by written resolutions of the then shareholders of the Company (the "**Shareholders**") on 23 December 2015.

(a) Purpose

The purpose of the Share Option Scheme is to attract and retain the best quality personnel for the development of the Group's businesses; to provide additional incentives to the employees (whether full-time or part-time employee) and the person who is an officer of any members of the Group or any affiliates, the person who is seconded to work for any member of the Group or any affiliates, the consultant, agent, representative, adviser, customer, contractor of the Group or any affiliates and other selected participants; and to promote the long term financial success of the Group by aligning the interests of option holders to Shareholders.

(b) The participants of the Share Option Scheme

On and subject to the terms of the Share Option Scheme and the requirements of the GEM Listing Rules, the Board may offer to grant an option to the employees (whether full-time or part-time employee) and the person who is an officer of any members of the Group or any affiliates, the person who is seconded to work for any member of the Group or any affiliates, the consultant, agent, representative, adviser, customer, contractor of the Group or any affiliates and other selected participants.

MANAGEMENT DISCUSSION AND ANALYSIS

(c) Maximum number of shares available for issue

The limit on the number of shares of the Company (the “**Shares**”) which may be issued upon exercise of all outstanding options granted and yet to be exercised under the Share Option Scheme and any other schemes must not exceed 30% of the Shares in issue from time to time. No options may be granted under any schemes of the Company if this will result in the limit being exceeded (the “**Overriding Limit**”).

In addition to the Overriding Limit and prior to the approval of a Refreshed Mandate Limit below, the total number of Shares which may be issued upon exercise of all options to be granted under the Share Option Scheme and any other schemes of the Company must not in aggregate exceed 10% of the Shares in issue on the Listing Date. Options lapsed in accordance with the terms of the Share Option Scheme or any other schemes will not be counted for the purpose of calculating the 10% limit.

The Company may by ordinary resolutions of the Shareholders refresh the mandate limit provided the Company shall issue a circular containing such information as required by the GEM Listing Rules to Shareholders before such approval is sought. However, the total number of Shares which may be issued upon exercise of all options to be granted under all of the schemes of the Company under the limit as refreshed (the “**Refreshed Mandate Limit**”) must not exceed 10% of the Shares in issue as at the date of approval of the Refreshed Mandate Limit. Options previously granted under the schemes (including those outstanding, cancelled, lapsed in accordance with any of the schemes or exercised options) will not be counted for the purpose of calculating the limit as refreshed.

The Company has refreshed the Share Option Scheme mandate limit at the annual general meeting held on 8 May 2020, representing 20% of the total number of the issued Shares on the same date (i.e. a total of 32,000,000 Shares).

(d) Maximum entitlement of each participants

The total number of Shares issued and to be issued upon exercise of options (whether exercised or outstanding) granted in any 12-month period to each Qualifying Grantee must not exceed 1% of the Shares in issue. Where any further grant of options to a Qualifying Grantee would result in the Shares issued and to be issued upon exercise of all options granted and to be granted to such person (including exercised, cancelled and outstanding options) in the 12-month period up to and including the date of such further grant representing in aggregate over 1% of the Shares in issue, such further grant shall be subject to separate approval by Shareholders in general meeting with the relevant Qualifying Grantee and his close associates (or his associates if the participant is a connected person) abstaining from voting. Prior to seeking such approval, the Company shall issue a circular containing such information as required by the GEM Listing Rules to Shareholders.

MANAGEMENT DISCUSSION AND ANALYSIS

(e) Acceptance and payment on acceptance of option offer

An offer shall remain open for acceptance by the Qualifying Grantee concerned for a period of 28 days from the date of the offer (or such period as the Board may specify in writing).

HK\$1 is payable by the grantee to the Company on acceptance of the option offer.

(f) Option period

The period as the Board may in its absolute discretion determine and specify in relation to any particular option holder in his option agreement during which the option may be exercised (subject to such restriction on exercisability specified therein), which shall be not greater than the period prescribed by the GEM Listing Rules from time to time (which is, as at the date of adoption of the Share Option Scheme, a period of 10 years from the date of the granting of the option).

(g) Subscription price

The subscription price in respect of any particular option shall be such price as the Board may in its absolute discretion determine at the time of grant of the relevant option but the subscription price shall not be less than whichever is the highest of: (i) the closing price of the Shares as stated in the Stock Exchange's daily quotations sheet on the date of the granting of the option; (ii) the average closing prices of the Shares as stated in the Stock Exchange's daily quotation sheets for the five business days immediately preceding the date of the granting of the option; and (iii) the nominal value of a Share.

For more details of the principal terms of the Share Option Scheme, please refer to the section headed "Share Option Scheme" in Appendix IV to the Prospectus.

For the year ended 31 December 2020, no share option was granted, exercised, expired or lapsed and there was no outstanding share option under the Share Option Scheme.

CORPORATE GOVERNANCE REPORT

INTRODUCTION

We are committed to achieving and maintaining high standards of corporate governance, as our Board believes that good and effective corporate governance practices are key to obtaining and maintaining the trust of the shareholders of the Company and other stakeholders, and are essential for encouraging accountability and transparency so as to sustain the success of the Group and to create long-term value for the shareholders of the Company.

CORPORATE GOVERNANCE PRACTICE

The Company has applied the principles and code provisions in the Corporate Governance Code and Corporate Governance Report (the “**Code**”) as set out in Appendix 15 to the GEM Listing Rules. During the year ended 31 December 2020, to the best knowledge of the Board, the Company has complied with all the applicable code provisions set out in the Code.

DIRECTORS’ SECURITIES TRANSACTIONS

The Company has adopted a code of conduct regarding securities transactions by the Directors (the “**Code of Conduct**”) on terms no less exacting than the required standards of dealings set out in Rules 5.48 to 5.68 of the GEM Listing Rules (the “**Required Standard Dealings**”). The Company had also made specific enquiry of all the Directors and each of them was in compliance with the Code of Conduct and Required Standard Dealings throughout the year under review. Further the Company was not aware of any non-compliance with the required standard of dealings regarding securities transactions by the Directors throughout the year under review.

BOARD OF DIRECTORS

The Board supervises the management of the business and affairs of the Company and ensures that it is managed in the best interests of the shareholders as a whole while taking into account the interest of other stakeholders. The Board is primarily responsible for formulating the business strategy, reviewing and monitoring the business performance of the Group, approving the financial statements and annual budgets as well as directing and supervising the management of the Company. Execution of operational matters and the powers thereof are delegated to the management by the Board with clear directions. The Board is regularly provided with management update report to give a balanced and understandable assessment of the performance, position, recent development and prospect of the Group in sufficient details.

The Board is also responsible for the corporate governance functions under code provision D.3.1 of the Code. The Board has reviewed and discussed the corporate governance policy of the Group and is satisfied with the effectiveness of the corporate governance policy.

The Directors acknowledge their responsibility for the preparation of the consolidated financial statements which give a true and fair view in accordance with Hong Kong Financial Reporting Standards issued by Hong Kong Institute of Certified Public Accountants and the disclosure requirements of the Hong Kong Companies Ordinance and the GEM Listing Rules.

CORPORATE GOVERNANCE REPORT

The Directors have selected appropriate account policies and applied them consistently; made judgments and estimates that are prudent and reasonable. As at 31 December 2020, the Board was not aware of any material uncertainties relating to events or conditions that might cast significant doubt upon the Group's ability to continue as a going concern. The Directors' responsibilities in the preparation of the consolidated financial statements and the auditors' responsibilities are set out in the Independent Auditor's Report from pages 42 to 47 of this annual report.

Composition

The composition of the Board as at this report is set out as follows:

Executive Directors

Mr. Sze Yan Ngai (Chairman)

Mr. Lam Kin Fai (Chief Executive Officer)

Non-executive Director

Ms. Wong Pui Yain

Independent non-executive Directors

Mr. Yung Kai Tai

Dr. Fung Ying Him Anthony

Mr. Lu Tak Meng Teddy

Biographical details of the Directors are set out in "Biographical Details of the Directors and Senior Management" on pages 14 to 17 of this annual report.

In compliance with rule 5.05A, 5.05(1) and (2) of the GEM Listing Rules, the Company has appointed three independent non-executive Directors representing more than one-third of the Board and at least one of whom has appropriate professional qualifications, or accounting or related financial management expertise. The Company has received from each independent non-executive Director an annual confirmation of his independence, and the Company considers such Directors to be independent in accordance with the criteria set out in rule 5.09 of the GEM Listing Rules.

With the various experience of the executive Directors, the non-executive Director and the independent non-executive Directors and given the nature of the Group's business, the Board considered that the Directors have a balance of skills and experience for the business of the Group.

CORPORATE GOVERNANCE REPORT

TERMS OF APPOINTMENT AND RE-ELECTION OF DIRECTORS

Each of our executive Directors has entered into a service contract with our Company respectively on 23 December 2015 and each of our non-executive Director and our independent non-executive Directors entered into a letter of appointment with our Company respectively on 23 December 2015. The service contracts with our executive Directors and the letter of appointment with our non-executive Director are commencing from 13 January 2019. The letters of appointment with our independent non-executive Directors are commencing from 13 January 2019. The service contracts and letters of appointment are subject to termination in accordance with their respective terms. The service contracts may be renewed in accordance with our articles of association and the applicable GEM Listing Rules.

According to our articles of association, one-third of the Directors for the time being shall retire from office by rotation at every annual general meeting of the Company, provided that every Director shall retire from office by rotation and be subject to re-election at annual general meeting at least once every three years. Directors who are appointed to fill casual vacancies or as additions to the Board shall hold office only until the next following annual general meeting after their appointment, and are subject to re-election at that annual general meeting.

Each of Mr. Sze and Dr. Fung will retire from office as Directors at the forthcoming annual general meeting of the Company to be held on 10 May 2021 pursuant to article 16.18 of our articles of association. Mr. Sze and Dr. Fung, being eligible, will offer themselves for re-election.

At the forthcoming annual general meeting of the Company, separate ordinary resolutions will be put forward to the shareholders of the Company in relation to the proposed re-election of Mr. Sze as an executive Director and Dr. Fung as an independent non-executive Director.

CHAIRMAN AND CHIEF EXECUTIVE OFFICER

The roles of chairman and chief executive officer are separate and not performed by the same individual to avoid power being concentrated in any one individual. Mr. Sze has been the chairman of the Board throughout the year. Mr. Lam is the chief executive officer of the Company.

DIRECTORS' TRAINING AND PROFESSIONAL DEVELOPMENT

The Group acknowledges the importance of adequate and ample continuing professional development for the Directors for sound and effective internal control system and corporate governance. In this regard, the Group has always encouraged our Directors to attend relevant training courses to receive the latest news and knowledge regarding corporate governance.

During the year ended 31 December 2020, the Company has provided and all Directors have attended at least one training course on the updates of the GEM Listing Rules concerning good corporate governance practices. The Company will, if necessary, provide timely and regular trainings to the Directors to ensure that they keep abreast with the current requirements under the GEM Listing Rules.

CORPORATE GOVERNANCE REPORT

BOARD COMMITTEE

The Board has established three Board committees, namely, the Remuneration Committee, the Nomination Committee and the Audit Committee, for overseeing particular aspects of the Company's affairs. All Board committees have been established with defined written terms of reference, which are posted on the website of the Stock Exchange at www.hkexnews.hk and the Company's website at www.gameone.com.hk. All the Board committees should report to the Board on their decisions or recommendations made.

The practices, procedures and arrangements in conducting meetings of Board committees follow in line with, so far as practicable, those of the Board meetings set out above.

All Board committees are provided with sufficient resources to perform their duties and, upon reasonable request, are able to seek independent professional advice in appropriate circumstances, at the Company's expense.

The Board is responsible for performing the corporate governance duties set out in the Code which include developing and reviewing the Company's policies and practices on corporate governance, training and continuous professional development of Directors, and reviewing the Company's compliance with the code provisions in the Code and disclosures in this annual report.

Remuneration Committee

The Remuneration Committee was established on 23 December 2015. The chairman of the Remuneration Committee is Mr. Yung, our independent non-executive Director, and other members include Dr. Fung and Mr. Lu, our independent non-executive Directors. The written terms of reference of the Remuneration Committee are posted on the Stock Exchange website and the Company's website.

The Remuneration Committee has been charged with the responsibility of making recommendations to the Board on the appropriate policy and structure for all aspects of Directors' and senior management's remuneration. The Remuneration Committee considers factors such as salaries paid by comparable companies, time commitment and responsibilities of the Directors and senior management, employment conditions elsewhere in the Group and desirability of performance-based remuneration. The Remuneration Committee has reviewed the renewed service contracts and letter of appointment of the directors and the remuneration packages and emoluments of the Directors and senior management and considered that they were fair and reasonable during the year ended 31 December 2020.

Nomination Committee

The Nomination Committee was established on 23 December 2015. The chairman of the Nomination Committee is Mr. Sze, our chairman and executive Director, and other members include Mr. Yung, Dr. Fung and Mr. Lu, our independent non-executive Directors. The written terms of reference of the Nomination Committee are posted on the Stock Exchange website and on the Company's website.

CORPORATE GOVERNANCE REPORT

The primary duties of the Nomination Committee are to review and assess the composition of the Board and the independence of the independent non-executive Directors and to make recommendations to the Board on the appointment of new Directors of the Company. In recommending candidates for appointment to the Board, the Nomination Committee considers candidates based on merit against objective criteria and with due regards to the benefits of diversity on the Board.

In designing the Board's composition, Board diversity has been considered from a number of perspectives, including but not limited to gender, age, cultural and educational background, industry experience, technical and professional skills and/or qualifications, knowledge, length of services and time to be devoted as a Director. The Company will also take into account factors relating to its own business model and specific needs from time to time. The ultimate decision is based on merit and contribution that the selected candidates will bring to the Board.

Audit Committee

The Audit Committee was established on 23 December 2015. The chairman of the Audit Committee is Mr. Lu, our independent non-executive Director, and other members include Mr. Yung and Dr. Fung, our independent non-executive Directors. The written terms of reference of the Audit Committee are posted on the Stock Exchange website and on the Company's website.

The primary duties of the Audit Committee are mainly to review the financial information and reporting process, internal control procedures and risk management system, audit plan and relationship with external auditors and arrangements to enable employees of the Company to raise, in confidence, concerns about possible improprieties in financial reporting, internal control or other matters of the Company.

The Company has complied with Rule 5.28 of the GEM Listing Rules that at least one of the members of the Audit Committee (which must comprise a minimum of three members, the majority of the members of the Audit Committee must be independent non-executive Directors and must be chaired by an independent non-executive Director) is an independent non-executive Director who possesses appropriate professional qualifications or accounting or related financial management expertise.

The Group's consolidated financial statements for the year ended 31 December 2020 have been reviewed by the Audit Committee. The Audit Committee is of the opinion that the consolidated financial statements of the Group for the year ended 31 December 2020 comply with applicable accounting standards, GEM Listing Rules and the Hong Kong Companies Ordinance and adequate disclosures have been made.

During the year, the Audit Committee held four meetings to review and comment in the Company's 2019 annual results, 2020 interim results and quarterly results as well as the Company's material control procedures and risk management system.

CORPORATE GOVERNANCE REPORT

ATTENDANCE RECORDS OF MEETINGS

Our Board meets regularly for considering, reviewing and/or approving matters relating to, among others, the financial and operating performance, as well as, the overall strategies and policies of our Company. Additional meetings are held when significant events or important issues are required to be discussed and resolved.

Subsequent to the year ended 31 December 2020, one more Board meeting was held on 25 March 2021. The forthcoming annual general meeting will be held on 10 May 2021.

Here below are details of all Directors' attendance at the Board meeting, Board committees' meeting and general meetings held during the year ended 31 December 2020:

	Board Meeting	Audit Committee Meeting	Remuneration Committee Meeting	Nomination Committee Meeting	2020 Annual General Meeting
	Number of Meetings Attended/Held				
Executive Directors					
Mr. Sze Yan Ngai	5/5			1/1	1/1
Mr. Lam Kin Fai	5/5				1/1
Non-executive Directors					
Ms. Wong Pui Yain	5/5				1/1
Independent non-executive Directors					
Mr. Yung Kai Tai	5/5	4/4	2/2	1/1	1/1
Dr. Fung Ying Him Anthony	5/5	4/4	2/2	1/1	1/1
Mr. Lu Tak Meng Teddy	5/5	4/4	2/2	1/1	1/1

Code Provision A.1.3 of the Code stipulates that at least 14 days' notice should be given for a regular Board meeting. For other Board and Board committees' meetings, reasonable notices are generally given. Board papers together with all appropriate, complete and reliable information are sent to all Directors at least 3 days before each Board meeting or Board Committee meeting to keep the Directors apprised of the latest developments and financial position of the Company and to enable them to make informed decisions. All Directors are provided with details of agenda items for decision making with reasonable notice and are welcomed to include matters in the agenda of each Board meeting. Directors have access to the advice and services of the Company Secretary who is responsible for ensuring that the procedures are complied with and advising the Board on compliance matters.

CORPORATE GOVERNANCE REPORT

Minutes of Board meetings and meetings of Board committees are kept by the Company Secretary and are open for inspection as requested by Directors. During the year, the Board was given sufficient time to review and approve the minutes of Board meetings and meetings of Board committees. Directors are also provided with access to independent professional advice, where necessary, in carrying out their obligations as the Directors of the Company, at the expense of the Company.

If potential conflict of interest involving a substantial shareholder or a Director arises which the Board has determined to be material, the matter will be dealt with by a physical Board meeting rather than a written resolution. Directors who are considered to have conflict of interests or material interests in the proposed transactions or issues to be discussed would not be counted in the quorum of meeting and would abstain from voting. The Directors attend meetings in persons or through other means of electronic communication in accordance with the articles of association of the Company.

The day-to-day management, administration and operation of the Company are delegated to the executive Directors and the senior management of the Company. The delegated functions and work tasks are periodically reviewed. Approval has to be obtained from the Board prior to any significant transactions entered into by the executive Directors and senior management.

All Directors assume the responsibilities owed to the shareholders of the Company for the well-being and success of the Company. They are aware of their duties to act in good faith and in the best interests of the Company.

The Board is responsible for maintaining proper accounting records so as to enable the Directors to monitor the Company's overall financial position. The Board updates shareholders on the operations and financial position of the Group through quarterly, half yearly and annual results announcements as well as the publication of timely announcements of other matters as prescribed by the relevant rules and regulations.

COMPANY SECRETARY

The Company Secretary is responsible for ensuring that procedures are followed and facilitating communications among Directors as well as with shareholders and management.

The Company engages an external service provider, which assigned Ms. Ng as the Company Secretary. Ms. Ng possesses the necessary qualification and experience, and is capable of performing the functions of the company secretary. Mr. Sze, an executive Director of the Company is the primary contact person who Ms. Ng contacts.

For the year ended 31 December 2020, Ms. Ng undertook no less than 15 hours of relevant professional training to update her skill and knowledge.

CORPORATE GOVERNANCE REPORT

BOARD DIVERSITY POLICY

The Board adopted a board diversity policy (the “**Board Diversity Policy**”) on 28 December 2018. The Company embraced the benefits of having a diverse Board, as such, the Board Diversity Policy aimed to set out the approach to maintain diversity of the Board. A summary of the Board Diversity Policy, together with the measurable objectives set for implementing the Board Diversity Policy, and the progress made towards achieving those objectives are disclosed as below.

Summary of the Board Diversity Policy

With a view to achieving a sustainable and balanced development, the Company sees increasing diversity at the Board level as an essential element in supporting the attainment of its strategic objectives and its sustainable development. In determining the Board’s composition, Board diversity has been considered from a number of aspects, including but not limited to gender, age, culture, ethnicity, educational background, professional experience, skills, knowledge and individuality. All Board appointments will be based on meritocracy, and candidates will be considered against objective criteria, having due regard for the benefits of diversity on the Board.

Measurable Objectives

Selection of Board candidates will be based on a range of diversity perspectives, including but not limited to gender, age, culture, ethnicity, educational background, professional experience, skills, knowledge and individuality. The ultimate decision will be based on merit and contribution that the selected candidates will bring to the Board.

Monitoring and reporting

The nomination committee will report annually, in the corporate governance report, on the Board’s composition under diversified perspectives, and monitor the implementation of the Board Diversity Policy including but is not limited to the progress towards meeting the measurable objectives of this Board Diversity Policy.

NOMINATION POLICY

The Board adopted a nomination policy (the “**Nomination Policy**”) on 28 December 2018. A summary of the Nomination Policy, together with the measurable objectives set for implementing the Nomination Policy, and the progress made towards achieving those objectives are disclosed as below.

Summary of the Nomination Policy

The Nomination Policy aims to set out the approach to guide the Nomination Committee in relation to the selection, appointment and re-appointment of the directors of the Company. This also ensure that the Board has a balance of skills, experience, knowledge and diversity of perspectives appropriate to the requirements of the Company’s business.

CORPORATE GOVERNANCE REPORT

Measurable Objectives

The Nomination Committee will evaluate, select and recommend candidate(s) for directorships to the Board by giving due consideration to criteria including but not limited to (collectively, the “Criteria”):

- (a) The Nomination Committee will, giving due consideration to the current composition and size of the Board, develop a list of desirable skills, perspectives and experience at the outset to focus the search effort;
- (b) The Nomination Committee may consult any source it deems appropriate in identifying or selecting suitable candidates, such as referrals from existing Directors, advertising, recommendations from an independent agency firm and proposals from shareholders of the Company with due consideration given to the Criteria;
- (c) The Nomination Committee may adopt any process it deems appropriate in evaluating the suitability of the candidates, such as interviews, background checks, presentations and third-party reference checks;
- (d) Upon considering a candidate suitable for the directorship, the Nomination Committee will hold a meeting and/or by way of written resolutions to, if thought fit, approve the recommendation to the Board for appointment;
- (e) The Nomination Committee will thereafter make the recommendation to the Board in relation to the proposed appointment and the proposed remuneration package; and
- (f) The Board will have the final authority on determining the selection of nominees and all appointment of Directors will be confirmed by the filing of the consent to act as Director of the relevant Director (or any other similar filings requiring the relevant Director to acknowledge or accept the appointment as Director, as the case may be) to be filed with the Companies Registry of Hong Kong.

Monitoring and Reporting

The Nomination Committee will assess and report annually, in the corporate governance report, on the composition of the Board, and launch a formal process to monitor the implementation of this Nomination Policy as appropriate.

Review of Nomination Policy

The Nomination Committee will launch a formal process to review this Nomination Policy periodically to ensure that it is transparent and fair, remains relevant to the Company’s needs and reflects the current regulatory requirements and good corporate governance practice. The Nomination Committee will discuss any revisions that may be required and recommend any such revisions to the Board for consideration and approval.

CORPORATE GOVERNANCE REPORT

Disclosure of this Policy

A summary of this Nomination Policy including the nomination procedures and the process and Criteria adopted by the Nomination Committee to select and recommend candidates for directorship during the year will be disclosed in the annual corporate governance report.

In the circular to shareholders for proposing a candidate as an independent non-executive director, it should also set out:

- the process used for identifying the candidate and why the Board believes the candidate should be elected and the reason why it considers the candidate to be independent;
- if the proposed independent non-executive director will be holding their seventh (or more) listed company directorship, the reason the board believes the candidate would still be able to devote sufficient time to the Board;
- the perspectives, skills and experience that the candidate can bring to the Board; and
- how the candidate can contribute to the diversity of the Board.

DIVIDEND POLICY

The Board adopted a dividend policy (the “**Dividend Policy**”) on 28 December 2018. According to the Dividend Policy, in deciding whether to propose any dividend payout, the Board shall also take into account, *inter alia*:

- the Group actual and expected financial performance;
- shareholders’ interests;
- retained earnings and distributable reserves of the Company and each of the other members of the Group;
- the level of the Group’s debts to equity ratio, return on equity and financial covenants to which the Group is subject;
- possible effects on the Group’s creditworthiness;
- any restrictions on payment of dividends that may be imposed by the Group’s lenders;
- the Group’s expected working capital requirements and future expansion plans;
- liquidity position and future commitments at the time of declaration of dividend;

CORPORATE GOVERNANCE REPORT

- taxation considerations;
- statutory and regulatory restrictions;
- general business conditions and strategies;
- general economic conditions, business cycle of the Group's business and other internal or external factors that may have an impact on the business or financial performance and position of the Company; and
- other factors that the Board deems appropriate.

Such declaration and payment of dividends shall remain to be determined at the discretion of the Board and subject to all applicable requirements (including without limitation restrictions on dividend declaration and payment) under the Companies Ordinance (Cap. 622 of the Laws of Hong Kong) and the Memorandum and Articles of Association of the Company. Except for interim dividend, any dividends declared by the Company must be approved by an ordinary resolution of shareholders at the general meeting and must not exceed the amount recommended by the Board. The Board may from time to time pay to the shareholders such interim dividends as appear to the directors to be justified by the profits of the Company available for distribution.

The Company will continually review the Policy and reserves the right in its sole and absolute discretion to update, amend and/or modify the Policy at any time, and this Policy shall in no way constitute a legally binding commitment by the Company that dividends will be paid in any particular amount and/or in no way obligate the Company to declare a dividend at any time or from time to time.

INDEPENDENT AUDITORS' REMUNERATION

BDO Limited is appointed as the external auditor of the Company. The fee paid and payable in respect of audit services amounted to HK\$470,000 for the year ended 31 December 2020.

SHAREHOLDERS' RIGHT

As one of the measures to safeguard shareholders' interest and rights, separate resolutions are proposed at shareholders' meetings on each substantial issue, including the election of individual directors, for shareholders' consideration and voting. All resolutions put forward at shareholders' meeting will be voted by poll pursuant to the GEM Listing Rules and the poll voting results will be posted on the GEM website and the Company's website after the relevant shareholders' meeting.

CORPORATE GOVERNANCE REPORT

Extraordinary general meeting may be convened by the Board on requisition of shareholders holding not less than one-tenth of the paid up capital of the Company or by such shareholders who made the requisition (the “**Requisitionists**”) (as the case may be) pursuant to Article 12.3 of the articles of association. Such requisition must state the object of business to be transacted at the meeting and must be signed by the Requisitionists and deposited at the registered office of the Company or the Company’s principal place of business in Hong Kong. Shareholders should follow the requirements and procedures as set out in such articles of association for convening an extraordinary general meeting. Shareholders may put forward proposals with general meeting of the Company by sending the same to the Company at the principal office of the Company in Hong Kong.

For putting forward any enquiries to the Board, shareholders may send written enquiries to the Company. Shareholders may send their enquiries or requests in respect of their rights to the Company’s principal place of business in Hong Kong.

RISK MANAGEMENT AND INTERNAL CONTROL

The Board acknowledges that it is its duty to monitor the risk management and internal control systems of the Group on an ongoing basis and review their effectiveness. Such systems are designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss.

During the year ended 31 December 2020, the Board, through the Audit Committee, conducted an annual review of both design and implementation effectiveness of the risk management and internal control systems of the Group, covering all material controls, including financial, operational and compliance controls, with a view to ensuring that resources, staff qualifications and experience, training programmes and budget of the Group’s accounting, internal audit and financial reporting functions are adequate. In this respect, the Audit Committee communicates any material issues to the Board.

During the year ended 31 December 2020, the Group appointed BT Corporate Governance Limited (“**BT**”) to:

- assist in identifying and assessing the risks of the Group through a series of workshops and interviews; and
- independently perform internal control review and assess effectiveness of the Group’s risk management and internal control systems.

The results of the independent review and assessment were reported to the Audit Committee and the Board. Moreover, improvements in internal control and risk management measures as recommended by BT to enhance the risk management and internal control systems of the Group and mitigate risks of the Group were adopted by the Board. Based on the findings and recommendations of BT as well as the comments of the Audit Committee, the Board considered the internal control and risk management systems as effective and adequate.

CORPORATE GOVERNANCE REPORT

The Group has established internal control procedures for the handling and dissemination of inside information in order to comply with Chapter 17 of the GEM Listing Rules as well as Part XIVA of the Securities and Futures Ordinance. The internal control mechanism includes information flow and reporting processes, confidentiality arrangements, disclosure procedures, and staff training arrangements, etc.

To avoid uneven dissemination of inside information, the dissemination of inside information of the Company shall be conducted by publishing the relevant information on the Hong Kong Exchanges and Clearing Limited's website and the Company's website.

OUR ENTERPRISE RISK MANAGEMENT FRAMEWORK

The Group has established its enterprise risk management framework in 2016. While the Board has the overall responsibility to ensure that sound and effective internal controls are maintained, management is responsible for designing and implementing an internal control system to manage all kinds of risks faced by the Group.

Through the risk identification and assessment processes, risks are identified, assessed, prioritized and allocated treatments. Our risk management framework follows the COSO Enterprise Risk Management — Integrated Framework, which allows the Board and management to manage the risks of the Group effectively. The Board receives regular reports through the Audit Committee that oversees risk management and internal audit functions.

OUR RISK CONTROL MECHANISM

The Group adopts a “three lines of defence” corporate governance structure with operational management and controls performed by operations management, coupled with risk management monitoring carried out by the finance and compliance team and independent internal audit outsourced to and conducted by BT. The Group maintains a risk register to keep track of all identified major risks of the Group. The risk register provides the Board, the Audit Committee, and management with a profile of its major risks and records management's action taken to mitigate the relevant risks. Each risk is evaluated at least annually based on its likelihood of occurrence and potential impact upon the Group. The risk register is updated by management as the risk owners with addition of new risks and/or removal of existing risks, if applicable, at least annually, after the annual risk evaluation has been performed. This review process can ensure that the Group proactively manages the risks faced by it in the sense that all risk owners have access to the risk register and are aware of and alert to those risks in their area of responsibility so that they can take follow-up action in an efficient manner.

Our risk management activities are performed by management on an ongoing process. The effectiveness of our risk management framework will be evaluated at least annually, and periodic management meeting is held to update the progress of risk monitoring efforts. Management is committed to ensuring that risk management forms part of the daily business operation processes in order to align risk management with corporate goals in an effective manner.

CORPORATE GOVERNANCE REPORT

The Company will continue to engage external independent professionals to review the Group's system of internal controls and risk management annually and further enhance the Group's internal control and risk management systems as appropriate.

There is currently no internal audit function within the Group. The Directors have reviewed the need for an internal audit function and are of the view that in light of the size, nature and complexity of the business of the Group, it would be more cost effective to appoint external independent professionals to perform internal audit function for the Group in order to meet its needs. Nevertheless, the Directors will continue to review at least annually the need for an internal audit function.

COMMUNICATION WITH SHAREHOLDERS AND INVESTOR RELATIONS

The Company has adopted shareholders communication policy with objective of ensuring that the shareholders and potential investors are provided with ready, equal and timely access to balanced and understandable information about the Company.

The Company has established several channels to communicate with the shareholders as follows:

- (I) corporate communications such as annual reports, quarterly reports, interim reports and circulars are issued in printed form and are available on the Stock Exchange's website at "www.hkexnews.hk" and the Company's website at "www.gameone.com.hk";
- (II) periodic announcements are made through the Stock Exchange and published on the respective websites of the Stock Exchange and the Company;
- (III) corporate information is made available on the Company's website;
- (IV) annual and special general meetings provide a forum for the shareholders to make comments and exchange views with the Directors and senior management; and
- (V) the Hong Kong share registrar of the Company serves the shareholders in respect of share registration, dividend payment and related matters.

The Company keeps on promoting investor relations and enhancing communication with the existing shareholders and potential investors. It welcomes suggestions from investors, stakeholders and the public. Enquires to the Board or the Company may be sent by post to the Company's principal place of business in Hong Kong.

During the year ended 31 December 2020, there is no significant change in the Company's memorandum and articles of association.

CORPORATE GOVERNANCE REPORT

ENVIRONMENTAL POLICIES AND PERFORMANCE

The Group is committed to the long term sustainability of the environment and communities in which it operates. Green initiatives and measures including recycling of resources, energy saving and eco-friendly management practice, have been adopted in the daily operation of the Group. As a responsible corporation, to the best knowledge of the Directors, the Group has complied with all relevant laws and regulations regarding environmental protection for the year ended 31 December 2020.

COMPLIANCE WITH RELEVANT LAWS AND REGULATIONS

The Group recognizes the importance of compliance with legal and regulatory requirements and the risk of non-compliance with such requirements. The Group conducts on-going reviews of newly enacted/revised laws and regulations affecting its operations. The Company is not aware of any non-compliance in any material respect with the relevant laws and regulations that have a significant impact on the business and operation of the Group for the year ended 31 December 2020.

RELATIONSHIP WITH EMPLOYEES, SUPPLIERS, CUSTOMERS AND OTHER STAKEHOLDERS

To the members of Gameone Holdings Limited

(incorporated in the Cayman Islands with limited liability)

OPINION

We have audited the consolidated financial statements of Gameone Holdings Limited (the “**Company**”) and its subsidiaries (together the “**Group**”) set out on pages 48 to 111, which comprise the consolidated statement of financial position as at 31 December 2020, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2020 and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants (“**HKICPA**”) and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing (“**HKSAs**”) issued by the HKICPA. Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements” section of our report. We are independent of the Group in accordance with the HKICPA’s “Code of Ethics for Professional Accountants” (the “**Code**”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

INDEPENDENT AUDITOR'S REPORT

KEY AUDIT MATTERS *(continued)*

Impairment assessment of intangible assets

Refer to note 5 and 14 to the consolidated financial statements

The carrying amount of the Group's intangible assets was HK\$2,858,000 as at 31 December 2020. An impairment loss of HK\$2,078,000 was recognised for the year ended 31 December 2020. In performing the impairment assessment of intangible assets, the management determined the recoverable amounts with reference to the value-in-use calculations based on cash flow forecasts. Estimations of the recoverable amounts are dependent on certain key assumptions that require significant management judgment for the underlying cash flow forecasts. Favorable or unfavorable changes to these assumptions would result in change in the recoverable amounts of the intangible assets and hence the amount of the impairment loss recognized for the year and the carrying amount of the intangible assets as at 31 December 2020.

We have identified impairment assessment of intangible assets as a key audit matter as it requires the management to exercise significant judgment and make estimation, and was assessed by us to be a significant risk of material misstatement.

Our response:

Our procedures in relation to the management's impairment assessment of intangible assets included:

- assessing the factors considered by the management for determining whether an impairment event had occurred and thus impairment assessment is required;
- challenging the reasonableness of management's key assumptions adopted in the impairment assessment based on our knowledge of the Group's business and gaming industry;
- assessing whether there is evidence of management bias on impairment assessment by considering the consistency of judgment and estimation made by the management on a year-by-year basis through discussion with the management to understand their rationale; and
- assessing management's estimation on the recoverable amounts of the intangible assets.

INDEPENDENT AUDITOR'S REPORT

KEY AUDIT MATTERS *(continued)*

Estimates of the Player Relationship Period

Refer to note 4.9 and 21 to the consolidated financial statements

As described in note 4.9 and 21, the Group recognises revenue from durable in-game virtual items ratably over the Player Relationship Period. If the Group does not possess relevant data and information to differentiate revenue attributable to durable in-game virtual items from consumable in-game virtual items for a specific game, the Group recognises revenue for that game ratably over the Player Relationship Period. The determination of Player Relationship Period in each game is based on the Group's best estimate that takes into account all known and relevant information at the time of assessment.

We have identified estimation of the Player Relationship Period as a key audit matter as it requires the management to exercise significant judgment and make estimation and was assessed by us to be a significant risk of material misstatement.

Our response:

Our procedures in relation to management's estimation of the Player Relationship Period included:

- understanding the method of calculation of the Player Relationship Period;
- challenging the reasonableness of management's key assumptions adopted in the calculation of the Player Relationship Period based on our knowledge of the Group's business and the gaming industry;
- verifying the data input used by the management in the calculation of the Player Relationship Period; and
- checking the calculation of game operation income based on the Player Relationship Period.

INDEPENDENT AUDITOR'S REPORT

OTHER INFORMATION IN THE ANNUAL REPORT

The directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

DIRECTORS' RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with Hong Kong Financial Reporting Standards issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The directors are also responsible for overseeing the Group's financial reporting process. The Audit Committee assists the directors in discharging their responsibilities for overseeing the Group's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with the terms of our engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

INDEPENDENT AUDITOR'S REPORT

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS *(continued)*

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSA's will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSA's, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

INDEPENDENT AUDITOR'S REPORT

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS *(continued)*

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2020

1. CORPORATE INFORMATION

Gameone Holdings Limited was incorporated in Cayman Islands with limited liability under the Companies Law of Cayman Islands on 14 April 2010. The Company's registered office is located at PO Box 309, Uglan House, Grand Cayman, KY1-1104 Cayman Islands. The Company's principal place of business is located at Unit No.07, 5/F, Workingberg Commercial Building, Nos.41-47 Marble Road, Hong Kong.

The Company's shares were listed on GEM of The Stock Exchange of Hong Kong Limited (the "**Stock Exchange**") on 13 January 2016.

The principal activity of the Company is investment holding. The principal activities of the Company and its subsidiaries are engaged in development, operation, publishing and distribution of online and mobile games (the "**Core Business**") in Hong Kong, People's Republic of China ("**PRC**") and Taiwan.

2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs")

(a) Adoption of new/revised HKFRSs-effective 1 January 2020

The HKICPA has issued a number of new or amended HKFRSs that are first effective for the current accounting period of the Group:

Amendments to HKFRS 3	Definition of a Business
Amendments to HKAS 1 and HKAS 8	Definition of Material
Amendments to HKAS 39, HKFRS 7 and HKFRS 9	Interest Rate Benchmark Reform
Amendments to HKFRS 16	Covid-19 Related Rent Concessions
Revised Conceptual Framework for Financial Reporting	

The new or amended HKFRSs that are effective from 1 January 2020 did not have any significant impact on the Group's accounting policies.

Amendments to HKFRS 3 – Definition of a Business

The amendments clarify the definition of a business and introduce an optional concentration test that permits a simplified assessment of whether an acquired set of activities and assets is not a business. The election to apply the concentration test is made for each transaction. The concentration test is met if substantially all of the fair value of the gross assets acquired is concentrated in a single identifiable asset or group of similar identifiable assets. If the concentration test is met, the set of activities and assets is determined not to be a business. If the concentration test is failed, the acquired set of activities and assets is further assessed based on the elements of a business.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2020

2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) *(continued)*

(a) Adoption of new/revised HKFRSs – effective 1 January 2020 *(continued)*

Amendments to HKAS 1 and HKAS 8 – Definition of Material

The amendments clarify the definition and explanation of “material”, aligning the definition across all HKFRS Standards and the Conceptual Framework, and incorporating supporting requirements in HKAS 1 into the definition.

Amendments to HKFRS 9, HKAS 39 and HKFRS 7 – Interest Rate Benchmark Reform

The amendments modify some specific hedge accounting requirements to provide relief from potential effects of the uncertainties caused by interest rate benchmark reform. In addition, the amendments require companies to provide additional information to investors about their hedging relationships which are directly affected by these uncertainties.

Amendments to HKFRS 16 – Covid -19- Related Rent Concessions

HKFRS 16 was amended to provide a practical expedient to lessees in accounting for rent concessions arising as a result of the Covid-19 pandemic, by including an additional practical expedient in HKFRS 16 that permits entities to elect not to account for rent concessions as modifications. The practical expedient applies only to rent concessions occurring as a direct consequence of Covid-19 pandemic and only if all of the following criteria are satisfied:

- (a) the change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change;
- (b) the reduction in lease payments affects only payments originally due on or before 30 June 2021; and
- (c) there is no substantive change to other terms and conditions of the lease.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2020

2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (continued)

(a) Adoption of new/revised HKFRSs – effective 1 January 2020 (continued)

Amendments to HKFRS 16 – Covid -19- Related Rent Concessions (continued)

Rent concessions that satisfy these criteria may be accounted for in accordance with this practical expedient, which means the lessee does not need to assess whether the rent concession meets the definition of lease modification. Lessees shall apply other requirements of HKFRS 16 in accounting for the rent concession.

Accounting for rent concessions as lease modifications would have resulted in the Group remeasuring the lease liability to reflect the revised consideration using a revised discount rate, with the effect of the change in the lease liability recorded against the right-of-use asset. By applying the practical expedient, the Group is not required to determine a revised discount rate and the effect of the change in the lease liability is reflected in profit or loss in the period in which the event or condition that triggers the rent concession occurs.

The Group has elected to utilise the practical expedient for all rent concessions that meet the criteria. In accordance with the transitional provisions, the Group has applied the amendment retrospectively, and has not restated prior period figure. As the rent concessions have arisen during the current financial period, there is no retrospective adjustment to opening balance of retained earnings at 1 January 2020 on initial application of the amendment.

Revised Conceptual Framework for Financial Reporting

Conceptual Framework for Financial Reporting 2018 (the “**Conceptual Framework**”) sets out a comprehensive set of concepts for financial reporting and standard setting, and provides guidance for preparers of financial statements in developing consistent accounting policies and assistance to all parties to understand and interpret the standards. The Conceptual Framework includes new chapters on measurement and reporting financial performance, new guidance on the derecognition of assets and liabilities, and updated definitions and recognition criteria for assets and liabilities. It also clarifies the roles of stewardship, prudence and measurement uncertainty in financial reporting. The Conceptual Framework is not a standard, and none of the concepts contained therein override the concepts or requirements in any standard.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2020

2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) *(continued)*

(b) New/revised HKFRSs that have been issued but are not yet effective

The following new/revised HKFRSs, potentially relevant to the Group’s financial statements, have been issued, but are not yet effective and have not been early adopted by the Group.

Amendments to HKAS 1	Classification of Liabilities as Current or Non-current ⁴
Amendments to HKAS 16	Proceeds before Intended Use ²
Amendments to HKAS 37	Onerous Contracts – Cost of Fulfilling a Contract ²
Amendments to HKFRS 3	Reference to the Conceptual Framework ³
Amendments to HKFRS 10 and HKAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture ⁵
Amendments to HKAS 39, HKFRS 4, HKFRS 7, HKFRS 9 and HKFRS 16	Interest Rate Benchmark Reform – Phase 2 ¹
Annual Improvements to HKFRSs 2018-2020 Cycle	HKFRS 9 “Financial Instruments” ²
Annual Improvements to HKFRSs 2018-2020 Cycle	Illustrative Examples accompanying HKFRS16 “Leases” ²

¹ Effective for annual periods beginning on or after 1 January 2021.

² Effective for annual periods beginning on or after 1 January 2022.

³ Effective for business combination for which the date of acquisition is on or after the beginning of the annual period beginning on or after 1 January 2022.

⁴ Effective for annual periods beginning on or after 1 January 2023.

⁵ The amendments shall be applied prospectively to the sale or contribution of assets occurring in annual periods beginning on or after a date to be determined.

Amendments to HKAS 1 – Classification of Liabilities as Current or Non-current

The amendments clarify that the classification of liabilities as current or non-current is based on rights that are in existence at the end of the reporting period, specify that classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability and explain that rights are in existence if covenants are complied with at the end of the reporting period. The amendments also introduce a definition of ‘settlement’ to make clear that settlement refers to the transfer to the counterparty of cash, equity instruments, other assets or services.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2020

2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) *(continued)*

(b) New/revised HKFRSs that have been issued but are not yet effective *(continued)*

Amendments to HKAS 16 – Proceeds before Intended Use

The amendments prohibit deducting from the cost of an item of property, plant and equipment any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, the proceeds from selling such items, and the cost of producing those items, is recognised in profit or loss.

Amendments to HKAS 37 – Onerous Contracts – Cost of Fulfilling a Contract

The amendments specify that the ‘cost of fulfilling’ a contract comprises the ‘costs that relate directly to the contract’. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (e.g. direct labour and materials) or an allocation of other costs that relate directly to fulfilling contracts (e.g. the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract).

Amendments to HKFRS 3 – Reference to the Conceptual Framework

The amendments update HKFRS 3 so that it refers to the revised Conceptual Framework for Financial Reporting 2018 instead of the version issued in 2010. The amendments add to HKFRS 3 a requirement that, for obligations within the scope of HKAS 37, an acquirer applies HKAS 37 to determine whether at the acquisition date a present obligation exists as a result of past events. For a levy that would be within the scope of HK(IFRIC)-Int 21 Levies, the acquirer applies HK(IFRIC)-Int 21 to determine whether the obligating event that gives rise to a liability to pay the levy has occurred by the acquisition date. The amendments also add an explicit statement that an acquirer does not recognise contingent assets acquired in a business combination.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2020

2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) *(continued)*

(b) New/revised HKFRSs that have been issued but are not yet effective *(continued)*

Amendments to HKFRS 10 and HKAS 28 – Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

The amendments clarify with situations where there is a sale or contribution of assets between an investor and its associate or joint venture. When the transaction with an associate or joint venture that is accounted for using the equity method, any gains or losses resulting from the loss of control of a subsidiary that does not contain a business are recognised in the profit or loss only to the extent of the unrelated investors’ interests in that associate or joint venture. Similarly, any gains or losses resulting from the remeasurement of retained interest in any former subsidiary (that has become an associate or a joint venture) to fair value are recognised in the profit or loss only to the extent of the unrelated investors’ interests in the new associate or joint venture.

Amendments to HKAS 39, HKFRS 4, HKFRS 7, HKFRS 9 and HKFRS – 16, Interest Rate Benchmark Reform – Phase 2

The amendments address issues that might affect financial reporting when a company replaces the old interest rate benchmark with an alternative benchmark rate as a result of the interest rate benchmark reform (the “**Reform**”). The amendments complement those issued in November 2019 and relate to (a) changes to contractual cash flows in which an entity will not have to derecognise or adjust the carrying amount of financial instruments for changes required by the Reform, but will instead update the effective interest rate to reflect the change to the alternative benchmark rate; (b) hedge accounting in which an entity will not have to discontinue its hedge accounting solely because it makes changes required by the Reform, if the hedge meets other hedge accounting criteria; and (c) disclosures in which an entity will be required to disclose information about new risks arising from the Reform and how it manages the transition to alternative benchmark rates.

Annual Improvements to HKFRS 2018–2020 Cycle – HKFRS 9 “Financial Instruments”

The amendment clarifies which fees an entity includes when it applies the ‘10 per cent’ test in paragraph B3.3.6 of HKFRS 9 in assessing whether to derecognise a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other’s behalf.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2020

2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (continued)

(b) New/revised HKFRSs that have been issued but are not yet effective (continued)

Annual Improvements to HKFRS 2018–2020 Cycle – Illustrative Examples accompanying HKFRS 16 “Leases”

The amendment to Illustrative Example 13 accompanying HKFRS 16 removes from the example the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives are illustrated in that example.

The Group is in the process of making an assessment of the potential impact of these new pronouncements. The Directors so far concluded that the application of these new pronouncements is unlikely to have a significant impact on the Group’s financial performance and financial position.

3. BASIS OF PREPARATION

(a) Statement of compliance

The financial statements have been prepared in accordance with applicable HKFRSs, Hong Kong Accounting Standards (“**HKASs**”) and Interpretations (hereinafter collectively referred to as the “**HKFRS**”) and the provisions of the Hong Kong Companies Ordinance which concern the preparation of financial statements. In addition, the financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on GEM of the Stock Exchange.

(b) Basis of measurements

The financial statements have been prepared under the historical cost convention. The measurement bases are fully described in the accounting policies set out below.

(c) Functional and presentation currency

The financial statements are presented in Hong Kong dollars (“**HK\$**”), which is the same as the functional currency of the Company.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2020

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1 Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries (see note 4.2 below). Inter-company transactions and balances between group companies together with unrealised profits are eliminated in full in preparing the consolidated financial statements. Unrealised losses are also eliminated unless the transaction provides evidence of impairment on the asset transferred, in which case the loss is recognised in profit or loss.

When the Group loses control of a subsidiary, the profit or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets and liabilities of the subsidiary and any non-controlling interest. Amounts previously recognised in other comprehensive income in relation to the subsidiary are accounted for in the same manner as would be required if the relevant assets or liabilities were disposed of.

The carrying amount of non-controlling interests that represent present ownership interests in the subsidiary is the amount of those interests at initial recognition plus such non-controlling interest's share of subsequent changes in equity. Non-controlling interests are presented in the consolidated statement of financial position within equity, separately from equity attributable to owners of the Company. Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income is attributed to such non-controlling interests even if this results in those non-controlling interests having a deficit balance.

4.2 Subsidiaries

A subsidiary is an investee over which the Company is able to exercise control. The Company controls an investee if all three of the following elements are present:

- power over the investee;
- exposure, or rights, to variable returns from the investee; and
- the ability to use its power to affect those variable returns.

Control is reassessed whenever facts and circumstances indicate that there may be a change in any of these elements of control.

In the Company's statement of financial position, investments in subsidiaries are stated at cost less impairment loss, if any. The results of the subsidiaries are accounted for by the Company on the basis of dividends received and receivable.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2020

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

4.3 Property, plant and equipment

Property, plant and equipment are stated at acquisition cost less accumulated depreciation and accumulated impairment losses.

The cost of property, plant and equipment includes its purchase price and any costs directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other costs, such as repairs and maintenance, are recognised as an expense in profit or loss during the financial period in which they are incurred.

Property, plant and equipment are depreciated so as to write off their cost net of expected residual value over their estimated useful lives on a straight-line basis. The useful lives, residual value and depreciation method are reviewed, and adjusted if appropriate, at the end of each reporting period. The useful lives are as follows:

Leasehold improvements	5 years, or over the term of leases, whichever is shorter
Furniture, fixtures and office equipment	5 years
Computers	3-5 years
Motor vehicle	3 years

An asset is written down immediately to its recoverable amount if its carrying amount is higher than the asset's estimated recoverable amount.

The gain or loss on disposal or retirement of an item of property, plant and equipment is the difference between the net sale proceeds and its carrying amount, and is recognised in profit or loss on disposal.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2020

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

4.4 Intangible assets

(i) Acquired intangible assets

Intangible assets acquired separately are initially recognised at cost. Subsequently, intangible assets with finite useful lives are carried at cost less accumulated amortisation and accumulated impairment losses.

Amortisation is provided on a straight-line basis over their estimated useful lives as follows. The amortisation expense is recognised in profit or loss and included in cost of services rendered.

Game licenses	2-4 years, or over the term of licenses
---------------	---

(ii) Internally generated intangible assets (research and development costs)

Expenditure on internally developed products is capitalised if it can be demonstrated that:

- it is technically feasible to develop the product for it to be used or sold;
- adequate resources are available to complete the development;
- there is an intention to complete and use or sell the product;
- the Group is able to use or sell the product;
- use or sale of the product will generate future economic benefits; and expenditure on the project can be measured reliably.

Capitalised development costs are amortised over the periods the Group expects to benefit from using or selling the products developed. The amortisation expense is recognised in profit or loss and included in cost of services rendered.

Development expenditure not satisfying the above criteria and expenditure on the research phase of internal projects are recognised in profit or loss as incurred.

4.4 Intangible assets (*continued*)

(iii) *Impairment of intangible assets*

Intangible assets with finite lives are tested for impairment when there is an indication that an asset may be impaired (see the accounting policies in respect of impairment losses for non-financial assets in note 4.5).

If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised as an expense immediately.

4.5 Impairment of non-financial assets

At the end of each reporting period, the Group reviews the carrying amounts of the following assets to determine whether there is any indication that those assets have suffered an impairment loss or an impairment loss previously recognised no longer exists or may have decreased:

- property, plant and equipment;
- intangible assets; and
- right-of-use assets

If the recoverable amount (i.e. the greater of the fair value less costs to sell and value-in-use) of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised as an expense immediately.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised in profit or loss immediately.

Value-in-use is based on the estimated future cash flows expected to be derived from the asset, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

4.6 Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. If the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration, it is classified as a lease.

Group as a lessee

All leases are required to be capitalised in the statement of financial position as right-of-use assets and lease liabilities, but accounting policy choices exist for an entity to choose not to capitalise (i) leases which are short-term leases and/or (ii) leases for which the underlying asset is of low-value. The Group has elected not to recognise right-of-use assets and lease liabilities for low-value assets and leases for which at the commencement date have a lease term of less than 12 months. The lease payments associated with those leases have been expensed on straight-line basis over the lease term.

Right-of-use asset

The right-of-use asset should be recognised at cost and would comprise: (i) the amount of the initial measurement of the lease liability (see below for the accounting policy to account for lease liability); (ii) any lease payments made at or before the commencement date, less any lease incentives received; (iii) any initial direct costs incurred by the lessee and (iv) an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset to the condition required by the terms and conditions of the lease, unless those costs are incurred to produce inventories. The Group measures the right-to-use at cost, less any accumulated depreciation and any impairment losses, and adjusted for any remeasurement of lease liability.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2020

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*continued*)

4.6 Leases (*continued*)

Lease liabilities

The lease liability is recognised at the present value of the lease payments that are not paid at the date of commencement of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses the Group's incremental borrowing rate.

The following payments for the right-to-use the underlying asset during the lease term that are not paid at the commencement date of the lease are considered to be lease payments: (i) fixed payments less any lease incentives receivable; (ii) variable lease payments that depend on an index or a rate, initially measured using the index or rate as at commencement date; (iii) amounts expected to be payable by the lessee under residual value guarantees; (iv) the exercise price of a purchase option if the lessee is reasonably certain to exercise that option and (v) payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease.

Subsequent to the commencement date, the Group measures the lease liability by: (i) increasing the carrying amount to reflect interest on the lease liability; (ii) reducing the carrying amount to reflect the lease payments made; and (iii) remeasuring the carrying amount to reflect any reassessment or lease modifications, e.g., a change in future lease payments arising from change in an index or rate, a change in the lease term, a change in the in substance fixed lease payments or a change in assessment to purchase the underlying asset.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

4.7 Financial instruments

(i) Financial assets

A financial asset (unless it is a trade receivable without a significant financing component) is initially measured at fair value plus, for an item not at fair value through profit or loss (“**FVTPL**”), transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

All regular way purchases and sales of financial assets are recognised on the trade date, that is, the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the market place.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Debt instruments

Subsequent measurement of debt instruments depends on the Group’s business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets at amortised cost are subsequently measured using the effective interest rate method. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain on derecognition is recognised in profit or loss.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*continued*)

4.7 Financial instruments (*continued*)

(i) *Financial assets (continued)*

Debt instruments (*continued*)

Fair value through other comprehensive income (“**FVOCI**”): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets’ cash flows represent solely payments of principal and interest, are measured at fair value through OCI. Debt investments at fair value through other comprehensive income are subsequently measured at fair value. Interest income calculated using the effective interest rate method, foreign exchange gains and losses and impairment are recognised in profit or loss. Other net gains and losses are recognised in other comprehensive income. On derecognition, gains and losses accumulated in other comprehensive income are reclassified to profit or loss.

Fair value through profit or loss (“**FVTPL**”): Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortised cost or at fair value through other comprehensive income, as described above, debt instruments may be designated at fair value through profit or loss on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

(ii) *Impairment loss on financial assets*

The Group recognises loss allowances for expected credit loss (“**ECL**”) on trade receivables, contract assets, financial assets measured at amortised cost and debt investments measured at FVOCI. The ECLs are measured on either of the following bases: (1) 12 months ECLs: these are the ECLs that result from possible default events within the 12 months after the reporting date; and (2) lifetime ECLs: these are ECLs that result from all possible default events over the expected life of a financial instrument. The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive. The shortfall is then discounted at an approximation to the assets’ original effective interest rate.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2020

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

4.7 Financial instruments *(continued)*

(ii) Impairment loss on financial assets (continued)

The Group has elected to measure loss allowances for trade receivables and contract assets using HKFRS 9 simplified approach and has calculated ECLs based on lifetime ECLs. The Group has established a provision matrix that is based on the Group's historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For other debt financial assets, the ECLs are based on the 12-month ECLs. However, when there has been a significant increase in credit risk since origination, the allowance will be based on the lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECL, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information analysis, based on the Group's historical experience and informed credit assessment and including forward-looking information.

The Group assumes that the credit risk on a financial asset has increased significantly if it is more than 30 days past due.

The Group considers a financial asset to be credit-impaired when: (1) the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held); or (2) the financial asset is more than 90 days past due.

Interest income on credit-impaired financial assets is calculated based on the amortised cost (i.e. the gross carrying amount less loss allowance) of the financial asset. For non credit-impaired financial assets interest income is calculated based on the gross carrying amount.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

4.7 Financial instruments *(continued)*

(iii) Financial liabilities

The Group classifies its financial liabilities, depending on the purpose for which the liabilities were incurred. Financial liabilities at fair value through profit or loss are initially measured at fair value and financial liabilities at amortised costs are initially measured at fair value, net of directly attributable costs incurred.

Financial liabilities at amortised cost

Financial liabilities at amortised cost including trade and other payables, accrued expenses and contract liabilities are subsequently measured at amortised cost, using the effective interest method. The related interest expense is recognised in profit or loss.

Gains or losses are recognised in profit or loss when the liabilities are derecognised as well as through the amortisation process.

(iv) Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income or interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts or payments through the expected life of the financial asset or liability, or where appropriate, a shorter period.

(v) Equity instruments

Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

The Hong Kong Companies Ordinance, Cap. 622, came into operation on 3 March 2014. Under the Ordinance shares of the Company do not have a nominal value. Consideration received or receivable for the issue of shares on or after 3 March 2014 is credited to share capital. Commissions and expenses are allowed to be deducted from share capital under s. 148 and s. 149 of the Ordinance.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

4.7 Financial instruments *(continued)*

(vi) Derecognition

The Group derecognises a financial asset when the contractual rights to the future cash flows in relation to the financial asset expire or when the financial asset has been transferred and the transfer meets the criteria for derecognition in accordance with HKFRS 9.

Financial liabilities are derecognised when the obligation specified in the relevant contract is discharged, cancelled or expires.

Where the Group issues its own equity instruments to a creditor to settle a financial liability in whole or in part as a result of renegotiating the terms of that liability, the equity instruments issued are the consideration paid and are recognised initially and measured at their fair value on the date the financial liability or part thereof is extinguished. If the fair value of the equity instruments issued cannot be reliably measured, the equity instruments are measured to reflect the fair value of the financial liability extinguished. The difference between the carrying amount of the financial liability or part thereof extinguished and the consideration paid is recognised in profit or loss for the year.

4.8 Cash and cash equivalents

Cash and cash equivalents include cash at banks and on hand, demand deposits with banks and as short-term highly liquid investments with original maturities of three months or less which are readily convertible into known amounts of cash and which are subject to an insignificant risks of changes in value.

4.9 Revenue recognition

The Group is principally engaged in the development, operation, publishing and distribution of online and mobile games.

Revenue from contracts with customers is recognised when control of goods or services is transferred to the customers at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services, excluding those amounts collected on behalf of third parties. Revenue excludes value added tax or other sales taxes and is after deduction of any trade discounts.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2020

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

4.9 Revenue recognition *(continued)*

Depending on the terms of the contract and the laws that apply to the contract, control of the goods or services may be transferred over time or at a point in time. Control of the goods or services is transferred over time if the Group's performance:

- provides all of the benefits received and consumed simultaneously by the customer;
- creates or enhances an asset that the customer controls as the Group performs; or
- does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

If control of the goods or services transfers over time, revenue is recognised over the period of the contract by reference to the progress towards complete satisfaction of that performance obligation. Otherwise, revenue is recognised at a point in time when the customer obtains control of the goods or services.

(i) Revenue generated from operations of online and mobile games

The Group operates both self-developed games and games licensed from third party game developers. The Group's games are free to play. Players can purchase game credits which are virtual currency for acquisition of in-game virtual items or purchase those in-game virtual items directly for better in-game experience. The Group sells prepaid game credits and in-game virtual items through its own game platform (the "**GO Platform**") and cooperation with various third party game distribution platforms and payment channels. These game distribution platforms include major online application stores (such as Apple Inc.'s App Store and Google Play installed in mobile telecommunications devices).

Principal vs agent consideration

The Group has evaluated the respective roles and responsibilities of the Group, third-party game developers, third-party distribution platforms, third-party payment channels and third-party prepaid game credit distributors in the delivery of game experiences to the paying players ("**Paying Players**") in determining if the Group is acting as a principal or as an agent in the arrangement, and therefore if the Group's revenue from such arrangement should be reported on a gross or net basis, by assessing various factors, including but not limited to whether the Group (i) has the primary responsibility in the arrangement; (ii) changes the product or performs part of the services; (iii) has latitude in establishing the selling prices and (iv) has involvement in the determination of product and services specification.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

4.9 Revenue recognition *(continued)*

(i) Revenue generated from operations of online and mobile games (continued)

Principal vs agent consideration *(continued)*

The Group takes primary responsibilities in the delivery of game experiences to the Paying Players, including the marketing and promotion, determining distribution and payment channels, hosting game servers and providing customer services. In addition, the Group also controls game and service specifications and pricing of the in-game virtual items. Therefore, the Group considers itself the principal in the delivery of game experience to the Paying Players as the Group has the primary responsibility in the arrangement and latitude in establishing the selling price and thus records revenues on a gross basis. Payment to third-party game developers and service charges by third-party distribution platforms and third-party payment channels are recorded as cost of services rendered.

As the Group has determined that it is the principal in the delivery of game experience to the Paying Players, the Paying Players are identified by the Group to be its customers. Accordingly the Group considers the actual price paid by the Paying Players to be the gross amount of revenue. In determining the gross amount of revenue generated from operations of the Group's games, the Group makes estimates of the discounts given to the Paying Players by the third-party distribution platforms and third-party prepaid game credit distributors (the discounts are borne by these third-party distribution platforms and third-party prepaid game credit distributors) based on available information and recorded such discounts as a deduction of revenue.

Paying Players purchase the game credits through the GO Platform and third-party distribution platforms' charging systems or through the Paying Players' accounts maintained with third party payment channels, or charging from the prepaid game credits they purchased. Third-party distribution platforms and third party payment channels collect the payment from the Paying Players and remit the cash net of commission charges which are pre-determined according to the relevant terms entered into between the Group and the third-party distribution platforms or third party payment channels.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

4.9 Revenue recognition *(continued)*

(i) Revenue generated from operations of online and mobile games (continued)

Recognition of revenue generated from operations of online and mobile games

Upon the sales of game credits or in-game virtual items, the Group typically has an implied obligation to provide the services which enable the game credits or in-game virtual items to be displayed, used or converted into other in-game virtual currencies/items in the games. As a result, the proceeds received from sales of game credits or in-game virtual items are initially recorded as contract liabilities in current liabilities. The attributable portion of the contract liabilities relating to values of the game credits consumed and in-game virtual items converted are immediately or ratably recognised as revenue only when the services are rendered to the respective Paying Players.

For the purposes of determining when services have been provided to the respective Paying Players, the Group has determined the following:

Consumable in-game virtual items represent items that are extinguished after consumption by a specific game player action. The Paying Players will not continue to benefit from the in-game virtual items thereafter. Revenue is recognised (as a release from contract liabilities) when the items are consumed and the related services are rendered.

Durable in-game virtual items represent items that are accessible and beneficial to Paying Players over an extended period of time. Revenue is recognised ratably over the average life of durable in-game virtual items for the applicable game, which the Group makes best estimates to be average playing period of Paying Players ("**Player Relationship Period**").

The Group estimates the Player Relationship Period on a game-by-game basis and re-assesses such periods semi-annually. If there is insufficient data to determine the Player Relationship Period, such as in the case of a newly launched game, the Group estimates the Player Relationship Period based on other similar types of games developed by the Group or by third-party developers until the new game establishes its own patterns and history. The Group mainly considers the Paying Players' spending and consumption behavior in estimating the Player Relationship Period.

If the Group does not possess relevant data and information to differentiate revenue attributable to durable in-game virtual items from consumable in-game virtual items for a specific game, the Group recognises revenue for that game ratably over the Player Relationship Period (i.e. recognizes revenue over time).

4.9 Revenue recognition *(continued)*

(ii) Revenue generated from game publishing services

The Group provides publishing services through cooperation with other third party game developers or operators. The Group publishes these games on its own GO Platform.

The Group's game publishing revenue is pre-determined according to the relevant terms of the agreements entered into between the Group and the third party game developers or operators. The games published on the GO Platform are hosted, maintained, operated and updated independently by the third party game developers or operators. The Group mainly provides the Paying Players with access to the GO Platform.

The Group has evaluated and determined that it is not the primary obligor in the services rendered and is therefore, acting as an agent in publishing these games. Accordingly, the Group recognises its revenue, net of the portion of sharing of revenue with the third party game developers or operators when the Paying Players purchase the game credits for the relevant games (i.e. recognizes revenue at a point in time).

(iii) Licensing and royalty income

The Group licenses online and mobile games and other intellectual rights to third parties. Any fixed upfront licensing fee is recognised on a straight-line basis over the period of the license agreement. Royalty income from the licensing arrangements is recognised in accordance with the terms of agreements. The sales-based royalty is recognized based on the revenue from the license game.

(iv) Interest income

Interest income is accrued on a time basis on the principal outstanding at the applicable interest rate.

(v) Contract assets and contract liabilities

A contract assets is a vendor's right to consideration in exchange for goods or services that the vendor has transferred to a customer, when that right is conditional on the vendor's future performance. A receivable is a vendor's unconditional right to consideration, and is accounted for in accordance with HKFRS 15. As at 31 December 2020, the Group did not have contract assets.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

4.9 Revenue recognition *(continued)*

(v) Contract assets and contract liabilities (continued)

Contract liabilities primarily consist of the unamortised revenue from sales of in-game virtual items in online and mobile games, where there is still an implied obligation to be provided by the Group and will be recognized as revenue when all of the revenue recognition criteria are met. Advances disclosed in other payables and deferred revenue were previously presented separately in the consolidated statement of financial position, but are now presented together in contract liabilities to reflect their similar nature.

4.10 Accounting for income tax

Income taxes for the year comprise current tax and deferred tax.

Current tax is based on the profit or loss from ordinary activities adjusted for items that are non-assessable or disallowable for income tax purposes and is calculated using tax rates that have been enacted or substantively enacted at the end of reporting period. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects any uncertainty related to income tax.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for tax purposes. Except for recognised assets and liabilities that affect neither accounting nor taxable profits, deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Deferred tax is measured at the tax rates appropriate to the expected manner in which the carrying amount of the asset or liability is realised or settled and that have been enacted or substantively enacted at the end of reporting period, and reflects any uncertainty related to income tax.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income tax levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the assets to be recovered.

Income taxes are recognised in profit or loss except when they relate to items recognised in other comprehensive income in which case the taxes are also recognised in other comprehensive income or when they relate to items recognised directly in equity in which case the taxes are also recognised directly in equity.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

4.11 Foreign currency

Transactions entered into by the group entities in currencies other than the currency of the primary economic environment in which they operate (the “**functional currency**”) are recorded at the rates ruling when the transactions occur. Foreign currency monetary assets and liabilities are translated at the rates ruling at the end of reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on the translation of monetary items, are recognised in profit or loss in the period in which they arise.

On consolidation, income and expense items of foreign operations are translated into the presentation currency of the Group (i.e. HK\$) at the average exchange rates for the year, unless exchange rates fluctuate significantly during the period, in which case, the rates approximating to those ruling when the transactions took place are used. All assets and liabilities of foreign operations are translated at the rate ruling at the end of reporting period. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity as translation reserve. Exchange differences recognised in profit or loss of group entities’ separate financial statements on the translation of long-term monetary items forming part of the Group’s net investment in the foreign operation concerned are reclassified to other comprehensive income and accumulated in equity as translation reserve.

On disposal of a foreign operation, the cumulative exchange differences recognised in the translation reserve relating to that operation up to the date of disposal are reclassified to profit or loss as part of the profit or loss on disposal.

4.12 Government grants

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose primary condition is that the Group should purchase, construct or otherwise acquire non-current assets (including property, plant and equipment) are recognised as deferred income in the statement of financial position and transferred to profit or loss on a systematic and rational basis over the useful lives of the related assets.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable and are recognised as other revenue, rather than reducing the related expense.

4.13 Employee benefits

(i) *Bonus*

The expected cost of bonus payment is recognised as a liability when the Group has a present legal or constructive obligation as a result of services rendered by employees and a reliable estimate of the obligation can be made.

(ii) *Defined contribution retirement plan*

A defined contribution plan is a pension plan under which the Group pays fixed contributions into a separate entity.

The Group operates a defined contribution Mandatory Provident Fund retirement benefits scheme (the “**MPF Scheme**”) under the Mandatory Provident Fund Schemes Ordinance for those employees who are eligible to participate in the MPF Scheme. The Group has no legal or constructive obligations to pay further contributions after payment of the fixed contribution. Contributions are made based on a percentage of the employees’ basic salaries to the maximum mandatory contributions as required by the MPF Scheme. Liabilities and assets may be recognised if underpayment or prepayment has occurred and are included in current liabilities or current assets, respectively, as they are normally of a short-term nature. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group’s employer contributions vest fully with the employees when contributed into the MPF Scheme.

Contributions to defined contribution retirement plans are recognised as an expense in profit or loss when the services are rendered by the employees.

Employees of the Group’s subsidiary companies in China are required to participate in defined contribution retirement schemes which are administered and operated by the local municipal government. The Group’s subsidiary companies contribute funds which are calculated on certain percentage of the payroll to the schemes to fund the retirement benefits of the employees. Contributions to the schemes vest immediately.

A branch of a subsidiary company of the Group in Taiwan has a defined contribution scheme governed by the Taiwan Labor Pension Act. Under the scheme, a branch of a subsidiary company of the Group in Taiwan contributes monthly to the Bureau of Labour Insurance on certain percentage of the payroll of the employees who choose to participate in the scheme. Contributions to the scheme vest immediately.

(iii) Short-term employee benefits

Short term employee benefits are employee benefits (other than termination benefits) that are expected to be settled wholly before twelve months after the end of the annual reporting period in which the employees render the related service. Short term employee benefits are recognised in the year when the employees render the related service.

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the reporting date.

Non-accumulating compensated absences such as sick leave and maternity leave are not recognised until the time of leave.

4.14 Provisions and contingent liabilities

Provisions are recognised for liabilities of uncertain timing or amount when the Group has a legal or constructive obligation arising as a result of a past event, which will probably result in an outflow of economic benefits that can be reasonably estimated.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, the existence of which will only be confirmed by the occurrence or non-occurrence of one or more future events, are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

4.15 Related parties

A party is considered to be related to the Group if:

- (a) A person or a close member of that person's family is related to the Group if that person:
 - (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of the key management personnel of the Group or the Company's parent.

- (b) An entity is related to the Group if any of the following conditions apply:
- (i) the entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others);
 - (ii) one entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member);
 - (iii) both entities are joint ventures of the same third party;
 - (iv) one entity is a joint venture of a third party and the other party is an associate of the third entity;
 - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group;
 - (vi) the entity is controlled or jointly controlled by a person identified in (a);
 - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); and

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that individual in their dealings with the entity and include:

- (i) that person's children and spouse or domestic partner;
- (ii) children of that person's spouse or domestic partner; and
- (iii) dependents of that person or that person's spouse or domestic partner.

4.16 Segment reporting

The Group identifies operating segments and prepares segment information based on the regular internal financial information reported to the executive directors for their decisions about resources allocation to the Group's business components and for their review of the performance of those components. The business components in the internal financial information reported to the executive directors are determined following the Group's line of business.

The measurement policies the Group uses for reporting segment results under HKFRS "8 Operating Segments" are the same as those used in its financial statements prepared under HKFRSs.

5. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

In the application of the Group's accounting policies, the Directors are required to make judgment, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

The directors have considered the development, selection and disclosure of the Group's accounting policies and estimates. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

Estimates of the Player Relationship Period

As described in note 4.9, the Group recognises revenue from durable in-game virtual items ratably over the Player Relationship Period. If the Group does not possess relevant data and information to differentiate revenue attributable to durable in-game virtual items from consumable in-game virtual items for a specific game, the Group recognises revenue for that game ratably over the Player Relationship Period. The determination of Player Relationship Period in each game is based on the Group's best estimate that takes into account all known and relevant information at the time of assessment. Such estimates are subject to re-evaluation on a semi-annual basis. Any adjustments arising from changes in the Player Relationship Period as a result of new information will be accounted for prospectively as a change in accounting estimate.

5. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS *(continued)*

Recognition of contract liabilities

Revenue from game operation income is recognised based on the usage of the relevant game credits. Income received in respect of unutilised game credits are recognised as contract liabilities. Game operation income received is net of discounts given to certain distribution channels. In respect of the amount of contract liabilities arising from unutilised game credits, management's estimation is required in determining the average sales value of these unutilised game credits as discounts given are different for different sales channels.

Impairment of receivables

Management determines impairment of receivables on a regular basis. This estimate is based on the credit history of its customers and debtors, past default experience and the current market conditions. Management reassesses the impairment at the reporting date.

Impairment of non-financial assets

The Group assesses whether there are indicators of impairment for non-financial assets at the end of each reporting period. Non-financial assets are tested for impairment when there are indicators that the carrying amounts may not be recoverable. Impairment exists when the carrying amount of an asset or a cash-generating unit exceeds its recoverable amount, which is the higher of its fair value less costs to sell and its value-in-use. The calculation of fair value less costs to sell is based on available data from binding sales transactions in an arm's length transaction of similar assets or observable market prices less incremental costs for disposing of the asset. When value-in-use calculations are undertaken, management estimates the expected future cash flows from the asset or cash-generating unit and chooses a suitable discount rate in order to calculate the present value of those cash flows.

Leases – Estimating the incremental borrowing rate

The Group cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (“**IBR**”) to measure lease liabilities. The IBR is the rate of interest that the Group would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment. The IBR therefore reflects what the Group “would have to pay”, which requires estimation when no observable rates are available (such as for subsidiaries that do not enter into financing transactions) or when they need to be adjusted to reflect the terms and conditions of the lease (for example, when leases are not in the subsidiary's functional currency). The Group estimates the IBR using observable inputs (such as market interest rates) when available and is required to make certain entity-specific estimates.

6. SEGMENT INFORMATION

An operating segment is a component of the Group that is engaged in business activities from which the Group may earn revenue and incur expenses, and is defined on the basis of the internal management reporting information that is provided to and regularly reviewed by the executive directors in order to allocate resources and assess performance of the segment. During the year, executive directors regularly review revenue and operating results derived from development, operation, publishing and distribution of online and mobile games and consider as one single operating segment. The game operation income and license fee income are recognized over time while the game publishing income is recognized at a point in time.

The Company is an investment holding company and the principal place of the Group's operation is in Hong Kong. For the purpose of segment information disclosures under HKFRS 8, the Group regarded Hong Kong as its country of domicile.

The intangible assets represented licenses with finite useful life.

For the year ended 31 December 2020, an impairment loss of approximately HK\$2,078,000 (2019: HK\$1,032,000) (note 8) was recognised, which represented the write-down of license fee paid for certain games operated by the Group to the recoverable amounts as a result of number of paying players of these games not achieving expected level. The impairment loss was recognised in the consolidated statement of profit or loss and other comprehensive income as other expenses. The recoverable amounts have been determined with reference to the value-in-use calculations based on cash flow projections from approved budgets covering a period of one to three years which is the expected useful life of these games estimated by the management. Budgeted gross margin is determined based on the past performance on similar games and management's expectations for market development. The discount rate used is pre-tax rate of approximately 13% (2019: 10%).

	HK\$'000	HK\$'000
Trade receivables	<u>3,558</u>	<u>3,127</u>

The Group normally allows credit period within 60 days to its trade debtors. At each reporting date, the Group reviews receivables for evidence of impairment on both an individual and collective basis. Further details on the Group's credit policy and credit risk arising from trade receivable are set out in note 31.3.

The ageing analysis of trade receivables (net of impairment losses), based on the invoice date, as of the end of the reporting period is as follows:

	2020	2019
	HK\$'000	HK\$'000
Not more than 30 days	3,293	2,950
30-60 days	256	153
Over 60 days	<u>9</u>	<u>24</u>
	<u>3,558</u>	<u>3,127</u>

At each reporting date, the Group reviews receivables for evidence of impairment on both individual and collective basis. During the year ended 31 December 2020, the Group has no written off trade receivables (2019: Nil) directly to the profit or loss for the year. The expected credit loss rate on trade receivables was assessed to be minimal and no provision was made for the year.

The directors consider that the carrying amounts of trade receivables approximate their fair value.

The directors expect that the transaction price allocated to the unsatisfied contract as of 31 December 2020 will be recognised HK\$550,000 as revenue in the 2021 financial year and HK\$550,000 will be recognized as revenue in the 2022 financial year. The remaining part of HK\$137,000 will be recognised in the 2023 financial year.

Other license contract and deferred income for periods of one year or less or are billed based on time incurred. As permitted under HKFRS 15, the transaction price allocated to these unsatisfied contract is not disclosed.

The directors consider that the carrying amounts of accrued expenses, other payables and contract liabilities approximate their fair values.

25. SHARE OPTION SCHEME

A share option scheme (the “**Scheme**”) conditionally adopted by the Company was approved by the shareholders on 23 December 2015.

The Scheme became effective for a period of 10 years commencing on the listing date of the Company. Under the Scheme, the Board may in its absolute discretion determine at the time of grant of the relevant option but the subscription price shall not be less than whichever is the highest of: (i) the closing price of the shares as stated in the Stock Exchange’s daily quotations sheet on the date of the granting of the option; (ii) the average closing prices of the shares as stated in the Stock Exchange’s daily quotation sheets for the five business days immediately preceding the date of the granting of the option; and (iii) the nominal value of a share. An offer shall remain open for acceptance by the Qualifying Grantee concerned for a period of 28 days from the date of the offer (or such period as Board may specify in writing). HK\$1 is payable by the grantee to Company on acceptance of the option offer.

The period as the Board may in its absolute discretion determine and specify in relation to any particular option holder in his option agreement during which the option may be exercised (subject to such restriction on exercisability specified therein), which shall be not greater than the period prescribed by the GEM Listing Rules from time to time (which is, as at the date of adoption of the Scheme, a period of 10 years from the date of the granting of the option).

The limit on the number of shares which may be issued upon exercise of all outstanding options granted and yet to be exercised under the Scheme and any other schemes must not exceed 30% of the shares in issue from time to time. No options may be granted under any schemes of the Company if this will result in the limit being exceeded. The total number of shares which may be issued upon exercise of all options to be granted under the Scheme and any other schemes of the Company must not in aggregate exceed 10% of the shares in issue immediately following the completion of the Capitalization Issue and the Placing. Options lapsed in accordance with the terms of the Scheme or any other schemes will not be counted for the purpose of calculating the 10% limit.

No share options were granted under the Scheme during the year. At 31 December 2020, there were no outstanding options granted under the Scheme. Share options do not confer rights to the holders to dividends or to vote at shareholders’ meetings.

Due to their short term nature, the carrying amount of the above items approximates fair value.

31. FINANCIAL RISK MANAGEMENT

Exposures to interest rate, credit, liquidity and foreign currency risks arise in the normal course of the Group's business. The management meets periodically to analyse and formulate strategies to manage the Group's exposure to market risk (including foreign currency risk and interest rate risk), credit risk and liquidity risk. Generally, the Group employs conservative strategies regarding its risk management. As the Group's exposure to market risk is kept to minimum level, the Group has not used any derivatives or other financial instruments for hedging purposes.

The Group does not engage in the trading of financial assets for speculative purposes nor does it write options. The most significant financial risks to which the Group is exposed to are described below.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2020

31. FINANCIAL RISK MANAGEMENT *(continued)*

31.1 Foreign currency risk

Foreign currency risk refers to the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Group's exposures to currency risk arise mainly from its overseas income or payment on royalty and license fee, which are primarily denominated in US dollar, Japanese Yen or Renminbi. These are not the functional currencies of the Group's major entities to which these transactions related. The Group currently does not have a foreign currency hedging policy. However, the management monitors foreign exchange exposure and will consider hedging significant foreign currency exposure should the need arises.

As the Group does not have significant exposure to foreign currency risk, the Group's income and operating cash flows are substantially independent of changes in foreign currency exchange rates.

31.2 Interest rate risk

The Group does not have any interest-bearing borrowings. The Group's exposure to changes in interest rates primarily arises from bank deposits. The Group currently does not have any interest rate hedging policy. However, the directors monitor interest rate exposure and will consider hedging significant interest rate exposure should the need arise.

The directors are of the opinion that the sensitivity of the Group's loss for the year to the reasonably possible change in interest rates in the next twelve months is low.

31.3 Credit risk

Credit risk arises from the possibility that the counterparty to a transaction is unwilling or unable to fulfill its obligation with the results that the Group thereby suffers financial loss. The Group is exposed to credit risk in respect of its trade receivables, other receivables and bank balances.

In respect of cash deposited at banks, the credit risk is considered to be low as the counterparties are reputable banks. The existing counterparties do not have defaults in the past. Therefore, expected credit loss rate of cash at bank is assessed to be close to zero and no provision was made as of 31 December 2020.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2020

31. FINANCIAL RISK MANAGEMENT *(continued)*

31.3 Credit risk *(continued)*

The Group monitors the trade receivables on an ongoing basis and only trades with creditworthy parties. The credit risk on liquid funds is low because the counterparties are major banks with high credit-ratings. The Group has no significant concentrations of credit risk with respect to its customers, except for the trade receivables due from game distribution platforms and payment channels as discussed below.

The Group has monitoring procedures to ensure that follow-up action is taken to recover overdue debts. The Group applies the simplified approach to provide for expected credit losses prescribed by HKFRS 9, which permits the use of the lifetime expected credit loss provision for all trade receivables. To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics. The Group has performed historical analysis and identified the key economic variables impacting credit risk and expected credit loss. It considers available reasonable and supportive forwarding-looking information. The directors consider that there are no significant credit risk on trade receivables due to the past payment history and taking into account of the sound financial performance and position of the debtors to meet contractual cash flow obligations in the near term. Accordingly, the ECL rate on trade receivables was assessed to be minimal and no provision was made for the year.

The credit quality of other receivables excluding prepayments has been assessed with reference to historical information about the counterparties default rates and financial position of the counterparties. The directors are of the opinion that the credit risk of other receivables is low due to the sound collection history of the receivables due from them. Therefore, expected credit loss rate of other receivables excluding prepayments is assessed to be close to zero and no provision was made as of 31 December 2020.

There is no single customer contributed to 10% or more revenue to the Group's revenue for the years ended 31 December 2020 and 2019.

Revenue generated from game operation income through game distribution platforms and payment channels representing over 10% of the total revenues of the Group for the years ended 31 December 2020 and 2019 are as follows:

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2020

31. FINANCIAL RISK MANAGEMENT *(continued)*

31.3 Credit risk *(continued)*

The trade receivables from game distribution platforms and payment channels represented over 10% of trade receivables balances of the Group as of 31 December 2020 and 2019 were as follows:

	2020	2019
Game Distribution Platform A	41.7%	38.7%
Game Distribution Platform B	38.5%	49.2%
Game Distribution Platform C	15.0%	10.2%
	<u>95.2%</u>	<u>98.1%</u>

31.4 Liquidity risk

Liquidity risk relates to the risk that the Group will not be able to meet its obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group is exposed to liquidity risk in respect of settlement of accrued expenses and other payables, and also in respect of its cash flow management. The Group's objective is to maintain an appropriate level of liquid assets and committed lines of funding to meet its liquidity requirements in the short and longer term.

The liquidity policies have been followed by the Group during the year and are considered by the directors to have been effective in managing liquidity risks.

Analysed below is the Group's remaining contractual maturities for its financial liabilities as at the reporting date. When the creditor has a choice of when the liability is settled, the liability is included on the basis of the earliest date on when the Group can be required to pay. Where the settlement of the liability is in installments, each installment is allocated to the earliest period in which the Group is committed to pay.

32. CAPITAL MANAGEMENT

The Group's capital management objectives include:

- (i) to safeguard the Group's ability to continue as a going concern, so that it continues to provide returns for owners and benefits for other stakeholders;
- (ii) to support the Group's stability and growth; and
- (iii) to provide capital for the purpose of strengthening the Group's risk management capability.

The Group actively and regularly reviews and manages its capital structure to ensure optimal capital structure and shareholder's returns, taking into consideration the future capital requirements of the Group and capital efficiency, prevailing and projected profitability, projected operating cash flows, projected capital expenditures and projected strategic investment opportunities.

Management regards total equity as capital. The amount of capital as at 31 December 2020 amounted to approximately HK\$34,051,000 (2019: HK\$45,137,000), which the management considers as optimal having consider the projected capital expenditures and the projected strategic investment opportunities.
