CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the "Directors") of Mi Ming Mart Holdings Limited (the "Company", together with its subsidiaries, the "Group") collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the "GEM Listing Rules") for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.

CHAIRMAN'S STATEMENT

To all shareholders,

On behalf of the Board of Directors (the "Board") of Mi Ming Mart Holdings Limited (the "Company", together with its subsidiaries, the "Group"), I am delighted to present to the shareholders of the Company (the Shareholders) the annual results of the Group for the year ended 31 March 2021.

Our Group is a multi-brand retailer, which operates ten retail stores under the brand of "MI MING MART" ("彌 明生活百貨") in Hong Kong. Driven by our Group's philosophy "defining clean beauty" ("擇善美麗"), our Group endeavours to select and offer products that do not contain any ingredients that, in our view, would adversely affect or impair the health of our customers. The Group targets to serve and offer our products to customers who are ingredient conscious and aspire to the betterment of their health. Our expansion plan, business strategies and philosophy contributed to the Group's continuous growth over the years.

REVIEW

Despite the outbreak of the Novel Coronavirus ("COVID-19") since early 2020 which resulted in weakened consumer sentiment and decreased consumers' spending in general, and dampened the sales of skincare and cosmetic products and health supplements in Hong Kong, our Group has recorded a growth in revenue of 4.5% in the year ended 31 March 2021 as compared to that for the previous year.

The encouraging results for the year ended 31 March 2021 were supported by a number of strategies and actions. Firstly, the Group has emphasised the importance of online sales by enhancing the Group's self-operating online shop and digital customer services. As a result, the revenue generated from the sales of the Group's products through its online shops increased by 96.1%. Secondly, the change in product strategy, being focused on the Group's own brand "POME" health supplement which leads to a growth in the revenue generated from the sales of Food and health supplements by 68.8%, was crucial to the revenue growth during the year.

The Group's profit attributable to the owners of the Company, excluding the legal and professional fees in relation to the preparation for the transfer of listing application of the Company's shares from the GEM to the Main Board of the Stock Exchange ("Transfer of Listing Application"), has significantly increased by approximately HK\$10.1 million or 44.3% from approximately HK\$22.9 million for the year ended 31 March 2020 to approximately HK\$33.0 million for the year ended 31 March 2021. The Board has recommended a final dividend of HK0.6 cent per share for the year ended 31 March 2021.

CHAIRMAN'S STATEMENT

PROSPECTS

Regardless of the unfavourable economic conditions and adversity posed to the retailers, the Group will continue to offer quality products and sincere services to our customers. While the Group stays agile to respond to market changes, the Group will uphold our philosophy to formulate business strategies to benefit the Group's stakeholders.

Despite the Group's decision not to continue with the Transfer of Listing Application, the Board believes that the discontinuation of the application has no material adverse impact on the financial and business operation of the Group. The Group will gradually implement its retail shop expansion plan and enhance its operation efficiency. The Group will focus on improving the service of its retail stores and launching new products in order to enhance the shopping experience of its customers.

APPRECIATION

On behalf of the Board, I would also like to take this opportunity to express my sincere gratitude to our shareholders, customers and business partners for their continuous support, and to our management and staff for their relentless efforts and input. I will continue to work with my colleagues on the Board and management team of our Group in seizing opportunities and making innovative moves in the fast-changing retail market, with the aim of delivering long-lasting and satisfactory returns to shareholders.

Yuen Mi Ming Erica

FINANCIAL HIGHLIGHTS

For the year ended 31 March 2021, audited operating results of the Group are as follows:

- the Group recorded a revenue of approximately HK\$148.9 million for the year ended 31 March 2021 (2020: HK\$142.5 million), representing an increase of approximately 4.5% as compared to that for the previous year.
- the Group recorded a gross profit of approximately HK\$97.9 million for the year ended 31 March 2021 (2020: HK\$91.4 million), representing an increase of approximately 7.1% as compared to that for the previous year.
- profit attributable to the owners of the Company for the year ended 31 March 2021 amounted to approximately HK\$27.1 million (2020: HK\$15.9 million), representing an increase of approximately 71.2% as compared to that for the previous year. Excluding the non-recurring legal and professional fees incurred in relation to the Transfer of Listing Application, the Group's profit attributable to owners of the Group for the year ended 31 March 2021 amounted to approximately HK\$33.0 million (2020: HK\$22.9 million).
- The Board has recommended a final dividend of HK0.6 cent per share for the year ended 31 March 2021 (2020: nil), in an aggregate amount of approximately HK\$6.7 million (2020: nil), to shareholders whose names appeared on the register of members of the Company on Tuesday, 28 September 2021.

BUSINESS REVIEW

The Group is a multi-brand retailer, which operates ten retail stores under the brand of "MI MING MART" ("彌 明生活百貨") in Hong Kong. The Group offers a wide range of beauty and health products, which can mainly be categorised into (i) skincare products; (ii) cosmetics products; and (iii) food and health supplements.

Driven by the Group's philosophy "defining clean beauty" ("擇善美麗"), the Group endeavours to select and offer products that do not contain ingredients that, in its view, would adversely affect or impair the health of its customers. The Group targets to serve and offer its products to customers who are ingredient conscious and aspire to the betterment of their health.

The Group mainly sells products at its retail stores, with a portion through its online shop at www.mimingmart.com and other e-commerce platforms operated by independent third parties, consignment sales and distributors. The Group also acts as the consignee for some suppliers on a consignment basis whereby the Group is entitled to consignment commission based on the amount of sales of the consignors' products and the predetermined percentage as agreed by the consignors and the Group.

FINANCIAL REVIEW

Revenue

The Group's revenue increased by approximately HK\$6.4 million to approximately HK\$148.9 million for the year ended 31 March 2021 from approximately HK\$142.5 million for the previous year, representing an increase of approximately 4.5%. The increase in revenue was primarily attributable to the increase in revenue generated from the sales of the Group's products through its online shops of approximately HK\$10.5 million, despite (i) the decrease in revenue generated from the sales of the Group's products through its retail shops of approximately HK\$2.7 million; and (ii) the decrease in sales to distributors of approximately HK\$1.3 million mainly due to the decrease in sales to a distributor in Taiwan. The Directors believe that the increase in sales through online shops was mainly due to the shift of customers' shopping habit from shopping at physical stores to online channels as a result of practising social distancing during the COVID-19 pandemic.

For the year ended 31 March 2021, the revenue generated from the sale of our products accounted for approximately 99.7% of our total revenue, whilst consignment commission accounted for approximately 0.3% of our total revenue.

Cost of sales

The Group's cost of sales primarily consists of cost of inventories sold, commission expenses, and incoming shipping, freight and delivery charges. Notwithstanding the increase in the sales during the year, the cost of sales of the Group remained stable at approximately HK\$51.0 million as compared to that for the previous year primarily due to the increase in the proportion of the aggregate sales of products under the Group's exclusive brands and own brand "POME" (which generally had a relatively lower cost of sales ratio as compared to that of the non-exclusive products) to the total sales of the Group's products.

Gross profit and gross profit margin

The Group's gross profit increased by approximately HK\$6.5 million to approximately HK\$97.9 million for the year ended 31 March 2021 from approximately HK\$91.4 million for the previous year, representing an increase of approximately 7.1%, whilst the Group's gross profit margin increased from approximately 64.2% to approximately 65.8% for the respective years. The increase in the gross profit margin was mainly attributable to the increase in the proportion of the aggregate sales of products under the Group's exclusive brands and own brand "POME" (which generally had a relatively higher gross profit margin as compared to that of the non-exclusive products) to the total sales of the Group's products.

Other income, gains and losses

The Group's other income, gains and losses increased by approximately HK\$3.4 million to approximately HK\$3.6 million for the year ended 31 March 2021 from approximately HK\$0.2 million for the year ended 31 March 2020, representing an increase of approximately 14 times. The increase in the other income, gains and losses was primarily attributable to (i) an exchange gain of approximately HK\$2.0 million recognised mainly upon translation of the Group's bank deposits denominated in Australian dollar as a result of the appreciation of Australian dollar against Hong Kong dollar during the year; and (ii) the subsidy of approximately HK\$0.8 million received from the Government under the Retail Sector Subsidy Scheme.

Selling and distribution expenses

The Group's selling and distribution expenses decreased by approximately HK\$2.0 million to approximately HK\$32.6 million for the year ended 31 March 2021 from approximately HK\$34.6 million for the previous year, representing a decrease of approximately 5.9%. The decrease in the Group's selling and distribution expenses was primarily due to (i) a decrease in marketing expenses of approximately HK\$0.6 million; and (ii) a decrease in staff costs for sales staff of approximately HK\$1.6 million mainly due to the net effect of the receipt of subsidies of approximately HK\$2.3 million from the Government under the Employment Support Scheme and the increase in staff bonus in the amount of approximately HK\$0.4 million.

Administrative and operating expenses

Administrative and operating expenses increased slightly by approximately HK\$0.2 million to approximately HK\$35.7 million for the year ended 31 March 2021 from approximately HK\$35.5 million for the previous year, representing an increase of approximately 0.5%. Such increase was mainly due to the net effect of (i) an increase in the Directors' remuneration of approximately HK\$2.0 million; (ii) a decrease in the non-recurring legal and professional fees incurred for the Transfer of Listing Application of approximately HK\$1.1 million; and (iii) a decrease in salaries and allowances of approximately HK\$0.8 million mainly due to the net effect of the receipt of subsidies of approximately HK\$2.1 million from the Government under the Employment Support Scheme and the increase in staff bonus in the amount of approximately HK\$1.0 million.

Interest expenses on lease liabilities

Interest expenses on the lease liabilities remained relatively stable at approximately HK\$0.7 million for the year ended 31 March 2021 as compared to the previous year.

Income tax expense

For the years ended 31 March 2020 and 2021, the Group's income tax expense was approximately HK\$4.9 million and HK\$5.4 million respectively, representing an effective tax rate of approximately 23.5% and 16.6% respectively. The effective tax rate was lower for the year ended 31 March 2021 mainly attributable to (i) the subsidies received from the Government under the aforementioned Retail Sector Subsidy Scheme and Employment Support Scheme are exempted from the Hong Kong Profits Tax; and (ii) the lower non-recurring legal and professional fees in relation to the preparation for the Transfer of Listing Application incurred in that year which are not deductible for taxation purpose.

Profit and total comprehensive income for the year attributable to owners of the Company

As a result of the foregoing, the Group's net profit increased by approximately HK\$11.2 million or approximately 71.2% from approximately HK\$15.9 million for year ended 31 March 2020 to approximately HK\$27.1 million for the year ended 31 March 2021, whilst the Group's net profit margin increased from approximately 11.1% to approximately 18.2% for the respective years.

GEARING RATIO

As at 31 March 2021, the Group did not have any bank borrowings or other borrowings and therefore, gearing ratio is not applicable (31 March 2020: nil).

LIQUIDITY AND FINANCIAL RESOURCES AND TREASURY POLICY

As	o.f	21	M	oro	h
AS	aı	31	IVI	arc	п

	2021	2020
Current ratio (Note)	5.6	5.4

Note: Current ratio is calculated by dividing current assets by current liabilities as at the end of respective years.

The current ratio of the Group as at 31 March 2021 remained relatively stable at 5.6 times as compared to that of 5.4 times as at 31 March 2020.

The Group's management closely monitors the Group's cash flow position to ensure that the Group has sufficient working capital available to meet its operational needs. The management takes into account the trade receivables, trade payables, cash on hand, accrued expenses and other payables, administrative and capital expenditures of the Group when preparing the cash flow forecast to forecast the Group's future financial liquidity.

Since the listing of the Company's shares on the GEM of the Stock Exchange on 12 February 2018 (the "Listing"), the Group generally financed its capital expenditure and operational requirements through a combination of cash generated from operations, net proceeds from the share offer of the Company's shares from the Listing and bank borrowings.

FOREIGN EXCHANGE EXPOSURE

As at 31 March 2021, the Group had certain bank balances denominated in foreign currency, such as Australian dollar, United States Dollars, Euro, Japanese Yen and Swiss Franc which exposed the Group to foreign currency risk. The Directors consider that the Group's policy to maintain sufficient Australian dollar and United State Dollars for payment of purchase for at least three months and keeping of at least two months' inventory, with reference to its historical sales, will provide us with a sufficient buffer to minimise its exposure to the fluctuation in those foreign currencies. The Group currently does not have a foreign currency hedging policy. However, the management closely monitors foreign exchange exposure and will consider hedging significant foreign currency exposure should the need arise.

SIGNIFICANT INVESTMENTS

As at 31 March 2021, there was no significant investment held by the Group (2020: nil).

CAPITAL STRUCTURE

The Shares of the Company (the "Shares") were successfully listed on the GEM of the Stock Exchange on 12 February 2018 ("Listing Date"). There has been no change in the capital structure of the Company since then. The equity of the Company only comprises of ordinary shares.

As at the date of this annual report, the issued share capital of the Company is HK\$11.2 million and the number of issued ordinary shares was 1,120,000,000 of HK\$0.01 each.

CAPITAL COMMITMENT

As at 31 March 2021, the Group did not have any significant capital commitments (2020: nil).

CONTINGENT LIABILITIES

As at 31 March 2021, the Group did not have any material contingent liabilities (2020: nil).

DIVIDEND

The Board has recommended a final dividend of HK0.6 cent per share for the year ended 31 March 2021 (2020: nil), in an aggregate amount of approximately HK\$6.7 million (2020: nil), to shareholders whose names appeared on the register of members of the Company on Tuesday, 28 September 2021.

EMPLOYEES AND REMUNERATION POLICIES

The Group recognises the importance of a good relationship with its employees. The Directors believe that the working environment and benefits offered to the employees have contributed to building good staff relations and retention. The Group is committed to employee development and has implemented various training programs to strengthen their management, industry and product knowledge. The Directors believe such training programs will equip the employees with skills and knowledge to enhance the Group's services to its customers.

The remuneration policy of the Group to reward its employees and executives is based on their performance, qualifications, competence displayed and market comparable. Employee remuneration packages are typically comprised of salary, sales commission, contribution to pension schemes and discretionary bonuses relating to the profit of the Group. The remuneration package of the Group's Executive Directors and the senior management is, in addition to the above factors, linked to the return to the shareholders. The Remuneration Committee will review the remuneration of all the Group's Executive Directors and senior management annually to ensure that it is attractive enough to attract and retain a competent team of executive members.

A Remuneration Committee has been set up since the Listing for reviewing the Group's emolument policy and structure of all remuneration of the Directors and senior management of the Group, having regard to the Group's operating results, individual duties and responsibilities, individual performance and comparable market practices.

As at 31 March 2021, the Group employed a total of 79 (2020: 78) full-time employees and 11 (2020: 11) part-time employees. The staff costs, including Directors' emoluments, of the Group for the year ended 31 March 2021 was approximately HK\$28.9 million (2020: HK\$29.4 million). The Company maintains a share option scheme for the purpose of providing incentives and rewards to the participants for their contributions to the Group. As at the date of this report, no option has been granted under the share option scheme.

MATERIAL ACQUISITIONS AND DISPOSALS OF SUBSIDIARIES, ASSOCIATES AND JOINT VENTURES

The Group had no material acquisitions or disposals of subsidiaries, associates and joint ventures during the year ended 31 March 2021.

FUTURE PLANS FOR MATERIAL INVESTMENTS OR CAPITAL ASSETS

As at 31 March 2021, the Group did not have other plans for material investments and capital assets.

COMPARISON OF BUSINESS PLAN WITH ACTUAL BUSINESS PROGRESS

The following is a comparison of the Group's business plan as set out in the Prospectus of the Company dated 30 January 2018 (the "Prospectus") and the announcement entitled "Change in use of proceeds" dated 9 March 2020 (the "Announcement") with actual business progress up to 31 March 2021.

Implementation plan as set out in Prospectus and subsequently adjusted in the Announcement

Actual progress up to 31 March 2021

Expand our retail network by opening more retail stores and refurbishing our existing retail stores

Open four retail stores, one in Kowloon Bay/Tai
 Po, one in Mongkok, one in Kwun Tong and one in
 Causeway Bay

Since the Listing, the Group has actively searched for suitable premises to open new retail stores in Kowloon Bay, Mongkok, Tai Po and Kwun Tong and has received offers from a number of landlords. However, after considering factors such as (i) spending power of the target customers in a particular area; (ii) accessibility of the location; (iii) neighbouring tenants and competition of other retail stores and merchandise sold in the neighbourhood; (iv) the availability of other amenities, entertainment and dining facilities in the location or nearby area; (v) the relevant lease terms or other restrictions on the premises; (vi) the foot traffic of the premises or the shopping malls in which the premises are situated; and (vii) size of the premises, the Directors concluded that most of the premises presented to them were unsuitable save and except that in December 2018, the Group identified and rented a suitable premises in Kwun Tong for opening a new retail store, which subsequently commenced business in April 2019.

As disclosed in the Prospectus, the Group planned to open a second retail store in Causeway Bay during the six months ended 31 March 2019. However, having identified a larger premises in a prime shopping mall in the same district and having considered the above factors, the Group relocated its old Causeway Bay retail store to the larger premises in June 2018 in order to drive more foot traffic and enhance its customers' shopping experience.

Implementation plan as set out in Prospectus and
subsequently adjusted in the Announcement

Actual progress up to 31 March 2021

As mentioned in the Announcement, the Group intends to proceed with its plan to open the two remaining new retail stores, one in a prime shopping area, and one in a local shopping area of Hong Kong, when the suitable premises is available, while closely monitoring the retail market environment in Hong Kong to ensure that the business expansion is conducted in a prudent and cost effective manner.

- Recruitment of new staff members

Owing to the postponed shop expansion plan as mentioned above, the Group did not recruit additional staff members originally planned for these retail stores.

The Group recruited five additional staff members to cater for the manpower required for the Group's larger retail store in Causeway Bay and the new retail store in Kwun Tong as mentioned above.

Recruitment of a shop expansion manager and payment of his/her salaries

The Group has recruited a shop expansion manager.

Refurbishing existing retail stores

The Group has fully utilised the proceeds designated for refurbishing existing retail stores.

Acquire a warehouse

Partial payment for acquiring the warehouse

The Group has acquired a warehouse.

Expand our product portfolio and explore new suppliers

Recruitment of a product expansion manager and payment of his/her salaries

The Group has recruited a product expansion manager and supporting staff to handle the product expansion work.

 Attending trade fairs, exhibitions and conducting feasibility studies and research on new products and markets The representatives of the Group had attended trade fairs/field visit in Korea, the United States, Japan and Australia.

Implementation plan as set out in Prospectus and subsequently adjusted in the Announcement

Notes:

- Based on the best estimation of the Directors and after taking into consideration the COVID-19 outbreak and the current retail and economic environment in Hong Kong, the unutilised net proceeds allocated to this business strategy will be fully applied for the purpose as planned by March 2024.
- Based on the best estimation of the Directors and subject to the uplifting of the travel restriction currently imposed by different countries and the resumption of the trade
 fairs which may have to be cancelled or suspended due to the COVID-19 outbreak, all the unutilised net proceeds allocated to this business strategy will be applied for
 the purpose as planned by around March 2022.
- Based on the best estimation of the Directors, all the unutilised net proceeds allocated to this business strategy, including enhancement of the Group's self-operated
 online shop, recruitment of additional staff for the self-operating online shop and payment of salaries to such staff, will be applied for the purpose as planned by around
 September 2022.

The business objectives, future plans and planned use of proceeds as stated in the Prospectus and the Announcement were based on the best estimation and assumption of future market conditions made by the Group at the time of preparing the Prospectus and the Announcement while the proceeds were applied based on the actual development of the Group's business and the industry.

CANCELLATION OF THE PROPOSED TRANSFER OF LISTING

As stated in the announcement dated 20 May 2021, the Company has decided not to continue the application of transfer of listing from the GEM to the Main Board of the Stock Exchange. The Board believes that the discontinuation of the application has no material adverse impact on the financial and business operation of the Group.

OUTLOOK AND PROSPECTS

The Directors believe that the Group's success is attributable to the brand image of "MI MING MART" ("彌明生活百貨"), which emphasises its offer of quality beauty and health products selected by its senior management team, reinforcing its customers' confidence in the Group's products and building up its customers' loyalty to the Group's brand. The Group believes that its marketing strategy, established network of retail stores and the quality products offered by the Group will continue to strengthen its brand image and customer base.

The Group aims to expand its sales network, product portfolio and e-commerce business to enhance its competitiveness and maintain its leading position in the small and medium segments of the skincare and cosmetics multibrand specialty retailers' market in Hong Kong. Going forward, the Group will gradually carry out the implementation plans as set out in the paragraphs headed "Comparison of business plan with actual business progress" and "Use of proceeds" in this section. With its comprehensive knowledge in both the skincare and cosmetics market and the health supplements market in Hong Kong, the Directors believe that the Group is well-positioned to capture the growth.

Mr. Mak is a member of the Hong Kong Institute of Certified Public Accountants and has over six years of auditing experience. Prior to joining our Group, Mr. Mak worked as a senior auditor in East Asia Sentinel Limited, a firm of certified public accountants from 2010 to 2015.

Mr. Mak obtained a Bachelor's Degree of Business Administration from the Lingnan University in October 2008.

CORPORATE GOVERNANCE PRACTICES

The Board of the Company is committed to maintaining good corporate governance standards.

The Board believes that good corporate governance standards are essential in providing a framework for the Group to safeguard the interests of shareholders, enhance corporate value, formulate its business strategies and policies, and enhance its transparency and accountability.

The Company's corporate governance practices are based on the principles and code provisions as set out in the Corporate Governance Code (the "CG Code") contained in Appendix 15 of the Rules Governing the Listing of Securities on GEM of The Stock Exchange of Hong Kong Limited (the "Stock Exchange") (the "GEM Listing Rules").

The shares of the Company (the "Shares") were listed on the GEM of the Stock Exchange on 12 February 2018 (the "Listing Date"). Except for code provision A.2.1, the Company has adopted and complied with the CG Code from the Listing Date up to the date of this annual report (the "Relevant Period"). Please refer to the paragraph headed "Chairman and Chief Executive Officer" below.

MODEL CODE FOR SECURITIES TRANSACTIONS

The Company has adopted the "required standard of dealings" as set out in Rules 5.48 to 5.67 of the GEM Listing Rules as the code regarding securities transactions by Directors (the "Model Code").

Specific enquiry has been made of all the Directors and the Directors have confirmed that they have complied with the Model Code throughout the Relevant Period.

The Company has also established written guidelines (the "Employees Written Guidelines") no less exacting than the Model Code for securities transactions by employees (include Directors) who are likely to be in possession of unpublished price-sensitive information of the Company. No incident of non-compliance of the Employees Written Guidelines by the employees has been noted by the Company.

BOARD OF DIRECTORS

The Board oversees the Group's businesses, strategic decisions and performance and should take decisions objectively in the best interests of the Company.

The Board regularly reviews the contribution of the Directors in performing their duties.

Board Composition

The Board of the Company currently comprises the following Directors:

Executive Directors

Ms. Yuen Mi Ming Erica (Chairlady and Chief Executive Officer)

Ms. Yuen Mimi Mi Wahng

Non-executive Directors

Mr. Cheung Siu Hon Ronald

Mr. Lam Yue Yeung Anthony

Mr. Wong Siu Ki (appointed on 11 June 2021)

Independent Non-executive Directors

Ms. Chan Sze Lai Celine

Ms. Tsang Wing Yee

Ms. Hung Yuen Wa

The biographical information of the Directors and relationships between the Directors are set out in the section headed "Biographical Details of Directors and senior management" on pages 18 to 22 of this annual report.

Board Meetings and Directors' Attendance Records

Regular Board meetings are held at least four times a year involving active participation, either in person or through electronic means of communication, of a majority of the Directors.

The Board has held 7 meetings during the year ended 31 March 2021 and the Directors' attendance records are as follows:

Name of Directors Attendance Ms. Yuen Mi Ming Erica 6/7 6/7 Ms. Yuen Mimi Mi Wahng 6/7 Mr. Cheung Siu Hon Ronald Mr. Lam Yue Yeung Anthony 6/7 Ms. Chan Sze Lai Celine 7/7 Ms. Tsang Wing Yee 7/7 Ms. Hung Yuen Wa 7/7

Chairman and Chief Executive Officer

Code provision A.2.1 stipulates that the roles of Chairman and Chief Executive should be separate and should not be performed by the same individual.

The Company has deviated from the CG Code since Ms. Erica Yuen is both the Chairlady of the Board and the Chief Executive Officer of the Company. The Board believes that it is necessary to vest the roles of the Chairlady and the Chief Executive Officer in the same person as Ms. Erica Yuen has been operating and managing the Group since 2009 and is a prominent social media icon on one of the most popular social media platforms in Hong Kong. The dual role arrangement provides strong and consistent market leadership and is critical for effective management and business development. As all major decisions are made in consultation with the members of the Board, and there are three Independent Non- executive Directors on the Board offering independent perspectives, the Board is therefore of the view that there are adequate safeguards in place to ensure sufficient balance of powers within the Board. The Board will also continue to review and monitor the practices of the Company for the purpose of complying with the CG Code and maintaining a high standard of corporate governance practices of the Company.

Independent Non-executive Directors

During the Relevant Period, the Board at all times met the requirements of Rule 5.05 of the GEM Listing Rules relating to the appointment of at least three Independent Non-executive Directors representing one-third of the Board with one of whom possessing appropriate professional qualifications or accounting or related financial management expertise.

The Company has received written annual confirmation from each of the Independent Non-executive Directors in respect of her independence in accordance with the independence guidelines set out in Rule 5.09 of the GEM Listing Rules. The Company considers all Independent Non-executive Directors are independent.

Appointment and Re-election of Directors

The Non-executive Directors (including Independent Non-executive Directors) of the Company are appointed for a specific term of three years, subject to renewal after the expiry of the then current term.

Article 108(a) of the Articles of Association of the Company provides that at each annual general meeting, one-third of the Directors for the time being, or if their number is not three or a multiple of three, the number nearest to but not less than one-third shall retire from office by rotation provided that every Director shall be subject to retirement by rotation at least once every three years. The retiring Directors shall be eligible for re-election. In addition, pursuant to article 112 of the Articles of Association, any Director appointed by the Board shall hold office only until the next following general meeting of the Company.

Accordingly, Ms. Yuen Mi Ming Erica, Ms. Yuen Mimi Mi Wahng, Ms. Chan Sze Lai Celine and Mr. Wong Siu Ki (appointed by the Board on 11 June 2021 and whose appointment will end at the forthcoming annual general meeting (the "2021 AGM")) will retire and, being eligible, offer themselves for re-election at the 2021 AGM of the Company.

Responsibilities of the Directors

The Board should assume responsibility for leadership and control of the Company; and is collectively responsible for directing and supervising the Company's affairs.

The Board directly, and indirectly through its committees, leads and provides direction to management by laying down strategies and overseeing their implementation, monitors the Group's operational and financial performance, and ensures that sound internal control and risk management systems are in place.

All Directors, including Non-executive Directors and Independent Non-executive Directors, have brought a wide spectrum of valuable business experience, knowledge and professionalism to the Board for its efficient and effective functioning.

The Independent Non-executive Directors are responsible for ensuring a high standard of regulatory reporting of the Company and providing a balance in the Board for bringing effective independent judgement on corporate actions and operations.

All Directors have full and timely access to all the information of the Company and may, upon request, seek independent professional advice in appropriate circumstances, at the Company's expenses for discharging their duties to the Company.

The Directors shall disclose to the Company details of other offices held by them.

The Board reserves for its decision all major matters relating to policy matters, strategies and budgets, internal control and risk management, material transactions (in particular those that may involve conflict of interests), financial information, appointment of Directors and other significant operational matters of the Company. Responsibilities relating to implementing decisions of the Board, directing and co-ordinating the daily operation and management of the Company are delegated to the management.

CORPORATE GOVERNANCE REPORT

Diversity Policy

The Board adopted a Board Diversity Policy on 15 June 2018 which sets out the approach to achieve diversity on the Board. The Board has on 27 December 2018 adopted a Diversity Policy to replace the Board Diversity Policy adopted on 15 June 2018. This Diversity Policy sets out the approach to achieve diversity on the Company's Board and senior management.

The Board recognizes and embraces the benefits of diversity in the Board and senior management and believes that it will enhance decision-making capability and a diverse Board and senior management is more effective in dealing with organizational changes and less likely to suffer from group thinking. The Company seeks to achieve board diversity through the consideration against a range of objective criteria, including but not limited to gender, age, nationality, cultural and educational background, skills and professional experience. The ultimate decision will be based on merit and contribution that the selected candidates will bring to the Company.

During the year and at the date of this annual report, the Board comprises of eight Directors, five of them are female and three of them are male. The following tables further illustrate the diversity of the Board members as of the date of this annual report:

Measurable Objectives and Selection

The Board will take opportunity to increase the proportion of male members over time when selecting and making recommendation on suitable candidates for Board appointments. The Board would ensure that appropriate balance of gender diversity is achieved with reference to stakeholders' expectation and international and local recommended best practices, with the ultimate goal of bringing the Board to gender parity. The Board also aspires to having an appropriate proportion of Directors who have direct experience in the Group's core markets, with different ethnic backgrounds, and reflecting the Group's strategy.

Implementation and Monitoring

The Nomination Committee will monitor the implementation of the Diversity Policy and report to the Board annually.

Indemnity of the Directors

The Company has arranged appropriate insurance coverage on Directors' and officers' liabilities in respect of any legal actions taken against Directors and senior management arising out of corporate activities. The insurance coverage would be reviewed on an annual basis.

Continuous Professional Development of Directors

Directors shall keep abreast of regulatory developments and changes in order to effectively perform their responsibilities and to ensure that their contribution to the Board remains informed and relevant.

Every newly appointed Director will receive induction on the first occasion of his/her appointment to ensure appropriate understanding of the business and operations of the Company and full awareness of Director's responsibilities and obligations under the Listing Rules and relevant statutory requirements.

Directors are advised to participate in appropriate continuous professional development to develop and refresh their knowledge and skills. All Directors are encouraged to attend relevant training courses at the Company's expenses. In addition, relevant reading materials including memorandum on the duties and responsibilities of the Directors have been provided to the Directors for their reference and studying.

The record of continuous professional development relating to director's duties and regulatory and business development that have been received by the current Directors during the period from 1 April 2020 and up to the date of this annual report are summarized as follows:

BOARD COMMITTEES

The Board has established three committees, namely, the Audit Committee, the Remuneration Committee and the Nomination Committee, for overseeing particular aspects of the Company's affairs. All Board committees of the Company are established with specific written terms of reference which deal clearly with their authority and duties. The terms of reference of the Audit Committee, the Remuneration Committee and the Nomination Committee have been posted on the Company's website and the Stock Exchange's website and are available to shareholders upon request.

The list of the chairman and members of each Board committee is set out under "Corporate Information" on page 3.

Audit Committee

The Audit Committee consists of three Independent Non-executive Directors, namely Ms. Chan Sze Lai Celine, Ms. Tsang Wing Yee and Ms. Hung Yuen Wa. Ms. Tsang Wing Yee is the chairlady of the Audit Committee.

The Board has on 27 December 2018 revised the Terms of Reference of the Audit Committee which was adopted on 23 January 2018. The revised Terms of Reference has been posted on the websites of the Company and the Stock Exchange.

The Terms of Reference of the Audit Committee are of no less exacting terms than those set out in the CG Code. The main duties of the Audit Committee are to assist the Board in reviewing the financial information and reporting process, risk management and internal control systems, effectiveness of the internal audit function, scope of audit and appointment of external auditor, and arrangements to enable employees of the Company to raise concerns about possible improprieties in financial reporting, internal control or other matters of the Company.

Pursuant to the terms of reference of the Audit Committee, the Audit Committee shall hold at least four meetings a year. The Audit Committee held four meetings during the year ended 31 March 2021 to review and approve the Group's quarterly, interim and annual financial results and reports before submission to the Board for approval.

The Audit Committee may hold separate private meeting(s) with the internal auditor and/or the external auditor, without the presence of the Executive Directors or senior management of the Company whenever they think fit and appropriate.

The attendance records of the members of the Audit Committee are as follows:

Remuneration Committee

The Remuneration Committee consists of three members, namely Ms. Yuen Mi Ming Erica, Executive Director, Ms. Chan Sze Lai Celine, Independent Non-executive Director and Ms. Hung Yuen Wa, Independent Non-executive Director. Ms. Chan Sze Lai Celine is the chairlady of the Remuneration Committee.

The Terms of Reference of the Remuneration Committee are of no less exacting terms than those set out in the CG Code. A copy of the Terms of Reference has been posted on the websites of the Company and the Stock Exchange.

The primary functions of the Remuneration Committee include reviewing and making recommendations to the Board on the remuneration packages of individual Directors and senior management, the remuneration policy and structure for all Directors and senior management; and establishing transparent procedures for developing such remuneration policy and structure to ensure that no Director or any of his/her associates will participate in deciding his/her own remuneration.

The Remuneration Committee shall meet at least once every year. The Remuneration Committee has held two meetings during the year ended 31 March 2021.

Details of the remuneration of the senior management by band are set out in note 9 in the Notes to the Audited Financial Statements for the year ended 31 March 2021.

Nomination Committee

The Nomination Committee consists of three members, namely Ms. Yuen Mi Ming Erica, Executive Director, Ms. Chan Sze Lai Celine, Independent Non-executive Director and Ms. Hung Yuen Wa, Independent non-executive Director, Ms. Yuen Mi Ming Erica is the chairlady of the Nomination Committee.

The Terms of Reference of the Nomination Committee are of no less exacting terms than those set out in the CG Code. A copy of the Terms of Reference has been posted on the websites of the Company and the Stock Exchange.

The principal duties of the Nomination Committee include reviewing the Board composition, developing and formulating relevant procedures for the nomination and appointment of Directors, making recommendations to the Board on the appointment and succession planning of Directors, and assessing the independence of Independent Non-executive Directors.

The Nomination Committee has held two meetings during the year ended 31 March 2021.

Nomination Policy

A Nomination Policy has been adopted by the Board on 27 December 2018 to enable the Nomination Committee to consider and make recommendations to the shareholders for election as Directors at general meetings or to the Directors for appointment to fill casual vacancies.

Selection Criteria

In considering the nomination of new Directors, the Nomination Committee will consider the following criteria in evaluating and selecting candidates for directorship:

- (1) Character and integrity;
- (2) Qualifications including professional qualification, skills, knowledge and experience that are relevant to the Company's business and corporate strategy;
- (3) Willingness to devote adequate time to discharge duties as a Board member and other directorships and significant commitments;
- (4) Requirements for the Board to have Independent Non-executive Directors in accordance with the GEM Listing Rules and whether the candidates would be considered independent with reference to the independence guidelines set out in Rules 5.09 of the GEM Listing Rules;
- (5) Diversity Policy and any measurable objectives adopted by the Nomination Committee for achieving diversity on the Board; and
- (6) Such other perspectives appropriate to the Company's business.

Nomination Procedure

Subject to the provisions of the Articles of Association and the GEM Listing Rules, if the Board recognizes the need for an additional Director or a member of senior management, the following procedure will be followed:

- (A) Appointment of a new Director
 - (1) The Nomination Committee shall, upon receipt of the proposal on appointment of a new Director and the biographical information (or relevant details) of the candidate, evaluate such candidate based on the criteria set out in the Nomination Policy to determine whether such candidate is qualified for directorship;
 - (2) If the process yields one or more desirable candidates, the Nomination Committee shall rank them by order of preference based on the needs of the Company and reference check of each candidate (where applicable);
 - (3) The Nomination Committee shall then recommend to the Board/shareholders to appoint the appropriate candidate for directorship; and

(4) For any person that is nominated by a shareholder for election as a Director at a general meeting of the Company, the Nomination Committee shall evaluate such candidate based on the criteria set out in the Nomination Policy to determine whether such candidate is qualified for directorship and where appropriate, the Committee and/or the Board shall make recommendation to shareholders in respect of the proposed election of Directors at the general meeting.

(B) Re-election of Directors at General Meeting

- (i) The Nomination Committee shall review the overall contribution and service to the Company of the retiring Director including his/her attendance of Board meetings and, where applicable, general meetings, and the level of participation and performance on the Board;
- (ii) The Nomination Committee shall also review and determine whether the retiring Director continues to meet the criteria set out in the Nomination Policy;
- (iii) The Nomination Committee and the Board shall then make recommendation to shareholders in respect of the proposed re-election of Director at the general meeting.

Corporate Governance Functions

The Board is responsible for performing the functions set out in the code provision D.3.1 of the CG Code.

During the year, the Board had reviewed the Company's corporate governance policies and practices, training and continuous professional development of Directors and senior management, the Company's policies and practices on compliance with legal and regulatory requirements, the compliance of the Model Code and Employees Written Guidelines, and the Company's compliance with the CG Code and disclosure in this Corporate Governance Report.

RISK MANAGEMENT AND INTERNAL CONTROLS

The Board of the Company is committed to complying with the legal and regulatory requirements in relation to governance, risk management, compliance and internal control of Company operations.

The Board acknowledges its overall responsibility for evaluating and determining the nature and extent of the risks it is willing to take to achieve the Company's strategic objectives, and establishing and maintaining appropriate and effective risk management and internal control systems. Such systems are designed to manage rather than eliminate the risk of failure to achieve business objectives, and can provide reasonable assurance against material misstatement or loss.

The Board, supported by the Audit Committee as well as the management, is responsible for establishing our internal control system, reviewing its effectiveness, and overseeing the design, implementation and monitoring of the risk management and internal control systems.

Risk assessment has been performed with senior management to identify the major risks that the Company is facing. This review has been conducted based on risk parameters such as the probability and hazard of the risks, critical points that may trigger the risk control measures, and prioritization of risk control, among others.

The senior management has identified uncertainties and ranked such risks from a long-term perspective instead of concentrating only short-term risks. The management, in coordination with department heads, assesses the likelihood of risk occurrence, and monitors the risk management progress, and reports to the Audit Committee and the Board on all findings and the effectiveness of the systems.

The Board considers the qualification and experience of responsible staff, as well as training programs for staff and relevant budgets, are sufficient after reviewing the resources allocated to accounting, internal control and financial reporting.

The management considered that given the size and scale of our operations, it is more appropriate for the Company to outsource its internal audit function to an external service provider.

The Company has developed a Disclosure Policy to provide the Company's Directors, senior management and relevant employees a general guide in handling confidential/inside information, monitoring information disclosure and responding to enquiries. Control procedures have been implemented to ensure that unauthorized access and use of inside information are strictly prohibited. Any inside information and any information which may potentially constitute inside information is promptly identified, assessed and put forward to the Board and for the Board to decide on the need for disclosure. Inside information and other information which is required to be disclosed pursuant to the GEM Listing Rules and the Securities and Futures Ordinance will be announced on the websites of the Company and the Stock Exchange.

The Board has conducted an annual review of the risk management and internal control systems in May 2021 and confirmed that the systems are effective and adequate.

Dividend Policy

The Company has on 27 December 2018 adopted a Dividend Policy that aims to provide guidelines for the Board to determine whether dividends are to be declared and paid to the shareholders and the level of dividend to be paid. Under the Dividend Policy, in deciding whether to propose a dividend and in determining the amount of dividend payable, the Board shall take into consideration the Company's future operations, earnings, capital requirements, surplus, general financial condition and such other factors that the Directors consider appropriate.

Any declaration and payment as well as the amount of dividend will also be subject to the Articles of Association of the Company and the Companies Law of the Cayman Islands, including (where required) the approval of the shareholders of the company. There is no assurance that any particular dividend amount, or any dividend at all, will be declared and paid in the future.

Upon receipt, the Company will verify the requisitionists' particulars and if the request is in order, the Company will convene the extraordinary general meeting in accordance with the Articles.

Communication with Shareholders

To ensure effective communication between the Board and the Shareholders, the Company has adopted a Shareholders' Communication Policy (the "Policy") on 12 February 2018. Under the Policy, the Company's information shall be communicated to the Shareholders mainly through general meetings, including annual general meetings of the Company, the Company's financial reports (quarterly reports, interim reports and annual reports), and its corporate communications and publications which include announcements and circulars on the Company's website and the Stock Exchange's website.

Shareholders may at any time make a request for the Company's information to the extent such information is publicly available. Any such questions, requests, comments and suggestions can be addressed to the Company by post to its head office and principal place of business in Hong Kong or via telephone.

Contact Details

Shareholders may send their enquiries or requests as mentioned above to the following address:

Address: 16/F., Guangdong Tours Centre, 18 Pennington Street, Hong Kong (For the attention of the Company Secretary)

For the avoidance of doubt, shareholder(s) must deposit the original duly signed written requisition, notice or statement, or enquiry (as the case may be) to the above address and provide their full name, contact details and identification in order to give effect thereto. Shareholders' information may be disclosed as required by law.

CONSTITUTIONAL DOCUMENTS

During the period from the Listing Date to the date of this annual report, there have been no significant changes to the constitutional documents of the Company. An up to date version of the Company's Articles is available on the Company's website and the Stock Exchange's website.

REPORTING STANDARD, PERIOD AND SCOPE

This environmental, social and governance report (hereinafter referred to as "ESG Report") was prepared in compliance with the "Environmental, Social and Governance Reporting Guide" set out in Appendix 20 of the GEM Board Listing Rules of The Stock Exchange of Hong Kong Limited ("HKEX").

This ESG Report describes the progress of Environmental, Social and Governance ("ESG") efforts made by Mi Ming Mart Holdings Limited (the "Company") and its subsidiaries (collectively "we", "us" ours", or the "Group") during the period from 1 April 2020 to 31 March 2021 (the "Reporting Period") in formulating policies, monitoring its progress and reporting to investors and other stakeholders beyond its financial results. The reporting scope of this ESG report covers 12 (2020:12) locations including the head office, the ten retail stores and the warehouse which were all located in Hong Kong.

OUR BACKGROUND

Since the commencement of business in 2009, the Group has upheld the philosophy of "defining clean beauty" ("擇善美麗") to continue with the commitment to serve and offer to customers our products that contain no ingredients that would affect or impair health. Our philosophy and commitment have been the cornerstones of our ESG strategy which has enabled the Group to increase the number of different brand offerings to our customers over the past ten years.

OUR COMMITMENT AND APPROACH TO ENVIRONMENTAL, SOCIAL AND GOVERNANCE

The board of directors (the "Board") of the Company recognizes the importance of strong ESG performance in meeting the changing expectations of the stakeholders, enhancing and supporting the Group's sustainability development. The Board, working together with the management has taken on the overall responsibility to set the appropriate ESG strategies for the Group in order that it can assess and identify ESG risks and opportunities, tackle ESG related issues, build the data collection mechanism necessary for the purpose of ESG reporting, and allocate Group's resources effectively to respond to its ESG related risks. Additionally, the Board has a far-reaching commitment to promote environmentally and socially sustainable culture among all our employees to maintain sustainable growth for the Group using a top-down approach. We assimilate our ESG strategies and concepts into our daily operations at the workplace, through establishing various policies and guidelines, and implementing various ESG measures, so that each of our employees becomes the ambassador of our sustainability vision. Through our employees we can ensure that the scope of our ESG efforts is sufficiently broad to cover the significant parts of our businesses.

STAKEHOLDER ENGAGEMENT AND MATERIALITY ASSESSMENT

Stakeholder Engagement

The Group values the engagement with its stakeholders and endeavours to understand and accommodate their views and interests related to ESG, through constructive communication and the fostering of strong working relationships. The Company, while formulating operational strategies, takes into account the stakeholders' expectations in ESG through their mutual cooperation and active engagement, in doing so creating value not only for our business, but also for our environment, our employees and our community.

The stakeholder groups, their expectations and their typical communication channels with the Group are as below:

Materiality Assessment

To enable us to report on the most important issues, the Group has assessed the issues in accordance with the ESG aspects as set out in the ESG Reporting Guide during the Reporting Period. The Group has further collected relevant information from its stakeholders to estimate the impact of these issues to the Group and have obtained the following materiality assessment results.

Low	Medium	High
Environment	Employee	
Environmental compliance Investment in environmental protection Greenhouse gas emissions Waste management	 Salary and welfare Health and safrty protection Employee diversification Training and career development 	
Business	Community	
9. Product safety10. Product quality11. Intellectual property rights12. Supply chain management	Community development Charitable donations and community service	

Based on these results, the Company will continue to improve its ESG performance to meet the stakeholders' expectations and deal with the risks faced by it. Details of our work under these ESG aspects which are considered to be relevant to the operation during the Reporting Period will be presented in the following four sections, namely "Our Environment", "Our Employee", "Our Business" and "Our Community".

OUR ENVIRONMENT

The Group is aware of the risk associated with climate change and the importance of the efforts in managing these risks in the global community. Although the Group does not engage in activities that have a significant environmental impact, it has been our mission to conduct our business in a manner that is environmentally responsible as far as possible, minimising the adverse impact to the environment from our business operations however small it may be.

Nonetheless, the Group has attached great importance to the protection of the environment and has adopted a number of measures which are regularly carried out to manage the amount and volume of emissions and waste in the course of our business operations.

The Group is also committed to complying with all applicable environmental laws and regulations. During the Reporting Period and the year ended 31 March 2021, the Company has not received any related complaint, nor has it breached, any relevant environmental laws and regulations which includes but not limited to the following:

- Waste Disposal Ordinance (Chapter 354 of the Laws of Hong Kong);
- Waste Disposal (Chemical Waste) (General) Regulation (Chapter 354C of the Laws of Hong Kong);
- Waste Disposal (Clinical Waste) (General) Regulation (Chapter 345O of the Laws of Hong Kong); and
- Water Pollution Control Ordinance (Cap. 358 of the Laws of Hong Kong).

In this section we shall detail the ESG performances of the Group with regards to emissions and waste, use of resources, and environment and natural resources.

Aspect A1: Emissions and Wastes

Air and Greenhouse Gas ("GHG") emissions

The approximate volume of different types of GHG emissions in carbon dioxide equivalent ("CO₂e") during the Reporting Period were as follows:

				For the year end	ed 31 March		
(Units: t	(Units: tonnes of CO ₂ e)		202	2021		2020	
	2		Volume		Volume		
Greenho	ouse gas emissions	Emission source(s)	emitted	Intensities (Note 1)	emitted	Intensities (Note 1)	
Scope 2							
Energy i	ndirect emissions (Note 2)	Purchased electricity	93.05	9.31	114.34	11.43	
Note 1:	Intensities is calculated by dividing	ng the volume emitted by the number of ret	ail stores as at the end of	Reporting Period.			
Note 2:	Energy indirect emissions are ca issued by the HKEX.	alculated with reference to the "How to	prepare an ESG Report	- Appendix II: Report	ing Guidance on En	vironmental KPIs"	

The Group's vehicle is in minimal use and has been scrapped during the Reporting Period, thus, the Group has made an assessment and decided not to compile this information for the purpose of disclosure in this ESG Report. However, the Group will continue to monitor its business closely and may make disclosure for direct (Scope 1) GHG emission in the future should it be become material and cost-effective to do so.

Energy indirect (Scope 2) GHG emissions were the major contributor of the Group's emissions during the Reporting Period. This is an indirect emission by the Group as a result of the use of electricity at our head office, retail stores and the warehouse. This electricity is purchased from electricity companies which generated these GHG emissions directly by the burning of fuel. During the Reporting Period, a total of approximately 93 (2020: 114) tonnes of Scope 2 GHG emissions were emitted, representing a monthly average emission of approximately 7.8 (2020: 9.5) tonnes.

The total GHG emissions has remained at a steadily low level during this Reporting Period as well as those in the past years showed that the Group has manage the emission level effectively. These will be detailed in the later section headed "environmental protection measures".

Wastes

During the Reporting Period, the Group did not generate any hazardous waste and there was no discharge into water and land (2020: nil). Wastes generated by the Group are non-hazardous in nature which include cosmetic consumables such as cotton pads, make-up brushes, plastic bottles from suppliers, bubble wraps, carton boxes and paper from office printing. Due to the various waste reduction measures implemented in the Group, the amount of wastes generated during the Reporting Period were negligible. These measures are described in the later section headed "environmental protection measures". By considering the cost effectiveness and insignificance of the impact as compared with other key performance indicators ("KPIs"), volume data for non-hazardous waste generation has not been collected for analysis purpose.

Aspect A2: Use of Resources

Energy and water resources

The major source of energy consumed by the Group is electricity. It is used in all areas of the Group's business operation, which include general lighting and powering of laptops, monitors, printers, Point-Of-Sales systems and other equipment in the office, retail stores and the warehouse.

Water resource used by the Group remains minimal, since it is mainly used in the pantries and toilets. There is no sourcing issue for water occurred during the Reporting Period.

The amount of energy and resources consumed during the Reporting Period were as follows:

			For the year end	led 31 March		
		202	1	2020	0	
Energy and Resources		Consumption	sumption Consumption			
Consumption	Units	amount	Intensities	amount	Intensities	
			(Note 1)		(Note 1)	
Electricity	kWh	162,568	16,257	157,330	15,733	
Water	Tonnes	142	14	144	14	
Paper	kg	792	79	792	79	

Note 1: Intensities is calculated by dividing the consumption amount by the number of retail stores as at the end of Reporting Period.

The energy and resources consumption remain steady when compared to that for the last year. Our energy and resources conservation measures will be detailed in the later section headed "environmental protection measures".

Packaging materials

The products offered by the Group require a substantial amount of packaging materials, including bottles, droppers and boxes. The consumption of packaging materials during the Reporting Period is shown as below:

For the year ended 31 March 2021 2020 Consumption Consumption **Type** amount **Intensities** amount **Intensities** (Note 2) (Note 1) (Note 2) (Note 1) 9.58 tonnes 49 grams 7.14 tonnes 49 grams Bottles and droppers 1.63 tonnes 1.65 tonnes 11.5 grams Boxes 11.5 grams

Aspect A3: Environment and Natural Resources

The Group is principally engaged in the retailing of beauty and health products to customers. Hence apart from the use of resources as mentioned in the previous section, the Group does not consume other natural resources in the process of its business. Additionally, the Group is dedicated to selecting products that is environmental friendly and hence the impact on the adverse environment or natural resources was minimal during the Reporting Period.

The Company is well aware of the importance of environmental protection. In furtherance of the Company's ESG strategy, we have adopted policies and implemented a range of measures to minimize the negative impact and manage any potential adverse impact in the future, persisting in conducting our business in an environmentally responsible manner.

Note 1: Intensities is the weights of each of the packaging materials with reference to an average-sized product.

Note 2: The consumption amount is calculated by multiplying the intensity and the pieces of packaging materials consumed during the Reporting Period.

These policies and measures are described below:

Environmental Protection Measures

Our implementation of environmental protection measures aims to reduce emissions, make efficient use of resources, properly manage and control wastage and dispose of waste in an environmental-friendly manner. The Company is committed to aligning the business operation with the overall ESG strategy through the effective implementation of these measures, which are regularly carried out in the course of our business operations including:

- The staff handbook and various other policies are updated as and when necessary to incorporate environmental protection ideas. For example, encouraging employees to turn off electronic equipment when not in use or when leaving the office in order to save energy; thinking twice before printing emails and re-use printing paper wherever possible in order to save paper; reduce the use of office consumables (such as paper, pens, file folders, post-it notes and toner or ink cartridges, etc) and recycle office waste (such as paper cartons) whenever possible.
- In addition to the written guidelines, the Group has wherever possible also invested resources in exploring environmental-friendly products and equipment, for instance installation of water-efficient taps and the use of energy-efficient lightings and electrical appliances in the office, retail stores and the warehouse.
- The workplace temperature has been maintained at a comfortable level to reduce overcooling or under-cooling and thus reducing excessive use of electricity.
- We conduct regular operational training sessions to ensure our employees are fully aware of the Company's policies and to align our practices, one of which is fostering environmental protection awareness.
- Waste produced in the course of business operations such as plastic bottles, bubble wraps, carton boxes are reused wherever possible, for instance by our online store to ship products to customers, otherwise recycled by
 disposing them into the appropriate local waste collection points.
- We use reusable plastic box to transport products between retail stores and the warehouse.
- In a selection of products under our own brand "POME", we use Forest Stewardship Council certified recycle papers as the packaging materials. In addition, we do not use additional packaging materials on finished products other than those supplied by the suppliers, and we also encourage customers to bring their own bags to purchase our products at our retail stores.
- New renovation of the retail stores is kept as minimalistic as possible, and any dismantled materials (e.g. the display board and festival decoration, etc) from old stores that can be reused will be stored and re-used again in the new stores.
- We do most promotion online and keep the printing of paper promotion leaflets to a minimum to reduce the consumption of paper.
- We have stringent procedures in ensuring that we only select suppliers that fits our selection criteria, one of which is environmental friendliness. This will ensure that regardless of whether procuring for sales and for self-consumption, the Group procures from suppliers whose products are harmless to humans and the environment. This is described in detail in later section titled "Aspect B5: Supply Chain Management".

OUR EMPLOYEE

The Group highly values its employees, as the workforce is not only the most valuable asset of the Group but is also the solid foundation of sustainable development. We are committed to providing our employees with a fair and equitable workplace environment. In this section we shall detail the ESG performances of the Group with regards to employment, health and safety, development and training, and labour standards.

Aspect B1: Employment

With the aim to foster a fair, honest, safe and comfortable working environment for all our employees, the Group is committed to the compliance of, and had complied with, significant and applicable laws and regulations relating to the employment of labour of Hong Kong during the Reporting Period, which include:

- The Employment Ordinance (Chapter 57 of the Laws of Hong Kong);
- The Sex Discrimination Ordinance (Chapter 480 of the Laws of Hong Kong);
- The Disability Discrimination Ordinance (Chapter 487 of the Laws of Hong Kong);
- The Family Status Discrimination Ordinance (Chapter 527 of the Laws of Hong Kong);
- The Race Discrimination Ordinance (Chapter 602 of the Laws of Hong Kong);
- The Employees' Compensation Ordinance (Chapter 282 of the Laws of Hong Kong); and
- Minimum Wage Ordinance (Chapter 608 of the Laws of Hong Kong).

To further protect the interests of the employees, the Group has formulated a set of human resources policies written in the staff handbook in respect of recruitment, employment, working hour, remuneration, commission, salary adjustment, termination of employment, leave entitlements and other employee benefits, as well as guidelines related to occupational health & safety, misconducts, anti-bribery and equal opportunities, and handling procedures for suggestion and complaints. These policies are clearly communicated to all levels of employees.

Through the implementation of these policies, the Group aims to eliminate all forms of discrimination and unfairness at the workplace, thus ensuring equal opportunities. Our employees are fairly recruited, remunerated and their promotions are based upon their individual merits, qualifications, competence, suitability and contribution to the Group, and not based upon gender, family position or ethnic background. There is no limit imposed on age other than the legal minimum age limits.

The Group respects and protects employee rights, while also encourages employees at all levels to embrace the same corporate values to treat each other with respect, and conduct business in a professional manner with integrity, impartiality and honesty. Unethical conducts regardless of inside or outside of the Group are strictly prohibited. To that end, the Company has stipulated a code of conduct in the employment contract as well as in the staff handbook and has established a whistle-blowing policy to weed out corrupted practices as outlined in the section "Aspect B7: Anti-corruption".

Our dedicated workforce

The number and the age distribution of employees working for the Group have been stable during the Reporting Period, with a total number of 90 employees as at the end of Reporting Period (2020: 89), all employed in Hong Kong. The workforce categorised by age groups is depicted below:

Employees by age groups

In total there were 73 (2020: 74) general staff, 13 (2020: 11) middle management employees, and 4 (2020: 4) senior management employees. Employees in the senior management roles are Chief Executive Officer, Executive Director, Financial Controller and the Head of Logistics Department, who are experienced individuals responsible for making strategic-level decision, as well as overseeing and monitoring the performance of these strategic goals. Employees in the middle management roles are mainly departmental principals, who supervise the daily operations and the performance of their responsible departments, while employees in the general staff roles are those who are at the front-line of their respective functional departments, for instance, shop supervisors who regularly deal with customers, and logistics & quality assurance staff who deal with the daily stock in and out, repackaging, and quality assurance operations.

As at end of Reporting Period, our workforce was predominantly in the "30 to 50" age group, accounting for 60% (2020: 61%) of the workforce, while approximately 32% (2020: 31%) belonged to the "below 30" group, and the remaining approximately 8% (2020: 8%) belonged to employees over 50 years old.

The workforce categorized by gender and employment type are depicted below:

Employees by gender

Employees by employment type

There were 66 (2020: 66) female and 24 (2020: 23) male employees, with a female-to-male ratio of approximately 3:1 similar to last year. The ratio of female employees remains higher due to the higher percentage of female general staff required as front-line employees to facilitate the sales and to give advice on products which predominantly appear only to females, such as make-up and cosmetic products.

The majority of the Group's employees are employed full-time. As at the end of Reporting Period, there were 79 (2020: 78) full-time versus 11 (2020: 11) part-time employees. Most of the part-time employees are beauty consultants who work at our retail stores.

Employee turnover

During the Reporting Period, a total of 20 (2020: 22) employees left the Group, of which 7 were male and 13 were female and resulting in an overall turnover rate (Note 1) of 22% (2020: 25%). The slight decrease in the turnover rate shows an improvement in employees' retention.

All the employee turnover was from the general staff category during the Reporting Period, which showed the same situation as last year, showing a high retention rate of employees in the middle and senior management categories.

The employee turnover number and rate (Note 2) categorized by gender and age groups are depicted below:

	For the year ended 31 March		
	2021	2020	
		(Note 3)	
By gender			
Male	7 (30%)	5 (23%)	
Female	13 (20%)	17 (26%)	
By age groups			
Below 30	7 (25%)	10 (34%)	
30 to 50	12 (22%)	11 (21%)	
Over 50	1 (14%)	1 (15%)	

Note 1: Overall turnover rate is calculated by dividing the turnover number of employees by the average number of employees at beginning and the end of the year.

Retaining talents

To address talent retention, the Group has implemented an annual appraisal program that periodically reviews staff performances, motivates them to attain their career goals and ultimately help them to explore and achieve their full potentials. Based on these appraisals the Group also performs regular salary reviews to ensure the employees are reasonably remunerated and incentivised. A system to review employees' leaves and other benefits is also conducted regularly. Promotion and internal transfer to different roles within the Group are also offered to employees needing a new challenge or a change of environment.

The Group also invest in its employees by providing numerous training and continuous development opportunities, which will be further discuss in the next section "Aspect B3: Development and Training".

All employees are provided with leave and rest days as stipulated in their individual employment contracts and staff handbook, in accordance with labour laws and regulations through paid statutory, annual, sick, paternity and maternity leave. Moreover, the Company also provides additional leave such as compassionate leave and birthday leave, as well as other staff benefits such as discretionary performance bonus and year-end bonus as a way to reward those who are at their best.

Note 2: The employee turnover rate is calculated by dividing the number of turnover employees in that category by the average number of employees at beginning and the end of the year in that category.

Note 3: The percentage calculations are updated with reference to the "How to prepare an ESG Report? – Appendix III: Reporting Guidance on Social KPIs" issued by the HKEX, i.e. dividing the number of turnover employees in that category by the average number of employees at beginning and the end of the year in that category.

The Group offers employees the opportunities to express their complaints, opinions and feelings about working arrangement or company policies by directly reflecting to their immediate supervisor or department head so as to explore solutions to deal with it.

During the Reporting Period, there had been no breach in the compliance of applicable employment laws and regulations in Hong Kong (2020: nil).

Aspect B2: Health and Safety

The Company acknowledges the significance of employees' occupational health and safety. We are committed to maintaining and improving the well-being of our employees and customers who work/visit our stores, offices and warehouse as the health and safety of our employees and customers are important.

Occupational health and safety policies are stipulated in the staff handbook to give guidance and promote awareness to our employees to mitigate the relevant risks. Work-related accidents must be reported to the department supervisor and the Human Resources Department. Employees' Compensation Insurance is provided to employees for injuries at work as stipulated in the Employees' Compensation Ordinance. In order to further foster health and safety awareness among our employees, we have developed training plans which regularly provide our employees training on occupational health and safety, equipping them with the essential knowledge on occupational hazard mitigation. For more details on our employees' training programme, please refer to the next section "Aspect B3: Development and Training".

In addition to policies and staff training, the Group ensures the health and safety of both our customers as well as employees by complying with the latest building and fire safety requirements when renovating and modifying our retail stores, offices and warehouse, and by fully co-operating with the Fire Department of the Hong Kong SAR Government should any inspection is needed to be carried out.

The Group had neither significant case of workplace injury, nor work-related fatalities nor lost day due to these injuries in the past three years which include the Reporting Period. The Group had fully complied with the Buildings Ordinance (Chapter 123 of the Laws of Hong Kong) relating to the planning, design, construction and obtaining all appropriate and necessary permissions of buildings and associated works, the Occupational Safety and Health Ordinance (Chapter 509 of the Laws of Hong Kong) in relation to employee's safety and health protection at workplace, and the subsidiary legislations of these ordinances.

The outbreak of the COVID-19 pandemic is a global health crisis that affects many individuals, including our staff and their friends and families. During the Reporting Period, the Company has monitored the changing situation diligently and response to them as quickly as possible in order to protect the health and safety of our employees and customers. For instance, we had temperature measures for our employees and customers, distributed various protective materials such as masks and anti-bacterial hand sanitiser to employees, had flexible working arrangement and reimbursed employees if they did the COVID-19 test.

Aspect B3: Development and Training

The Company places great importance on the continuing development of professional knowledge and skills for our employees. The Company believes that the continued growth and success of our business is built upon employee excellence and their ability to provide quality services to our customers, and also a key element on skilled workforce retention.

The Company has established policies, through systematic training and professional development, to ensure that the employees have the requisite training to fulfil the continuous professional training requirements of their respective profession. Through the implementation of these policies, the Company has engaged a third-party training institution to construct an annual training schedule that includes a range of internal training opportunities for all the employees within the Group. Internal trainings topics include but not limited to corporate culture, retail management, customer experience, communication skills, mental health and health & occupational safety. These trainings enable our staff to keep abreast of the latest developments in safety and health at work, as well as other compliance related matters.

On-the-job training opportunities for all levels of employees are also provided. Management staff of the Group also visits all our retails shops in a regular 2 week cycle to provide trainings as well as receiving feedback from staff. These visits also serve to ensure the servicing quality of the retail staff.

In addition, training on product information are held monthly on average for our employees to keep abreast of the latest developments in product knowledge including new products launch. Suppliers are invited to carry out these training on product information. In order to ensure our employees have acquired the relevant product knowledge after training and to create a positive learning atmosphere among employees, the Company conducts online quizzes on a regular basis.

During the Reporting Period, our employees had completed a total of approximately 386 training hours (2020: 916) which took place in Hong Kong. The average training hours (Note 1) for each employee is approximately 4.31 hours (2020: 10.29). The decrease in the total training hours during the Reporting Period was due to the impact of the COVID-19 pandemic in which the number of face-to-face training decreased accordingly. In the future, the Group will continue to conduct training for employees to further enhance their skills for daily operation needs. Summary of training by gender and by hierarchy is presented as below:

Aspect B4: Labour Standards

The Company attaches great importance to, and strictly abides by all applicable labour laws and regulations on employment in Hong Kong including those mentioned in the section "Aspect B1: Employment".

Through the implementation of policies, continuous staff training and staff's adherence to the code of conduct, unethical business practices such as child and forced labour, can be effectively eliminated by the Group. In addition, we actively detect and prevent these practices through our regular internal quality audit and our comprehensive screening in the recruiting process. Staff from the Human Resources Department will check the identification documents of those intended to be hired in order to ensure that they have already reached the legal working age. We also have a whistle-blowing policy for anyone who includes the employees to voice any grievances, file a complaint against the Group or to report on unethical behaviour. This will be described in detail in the later section "Aspect B7: Anti-corruption".

Work schedules are reasonably arranged with feedback from the employees to ensure it is set up fairly, and that the employees work voluntarily to ensure they have the appropriate work-life balance. Where there is an urgent need for overtime work, the employees may request to do so on their own accord and the approval obtain from their departmental heads will be required, in which case overtime compensation are provided in accordance with relevant labour laws and regulations.

OUR BUSINESS

Aspect B5: Supply Chain Management

The Group has a network of retail stores in Hong Kong as well as an online store that offer products from a wide range of product category such as skincare, cosmetic, food and health supplements, as well as detergents that are environmental and skin-friendly and air purifier that can filter out contaminants that can be dangerous to health. These stores have attracted customers not only from Hong Kong but also many from overseas.

The quality assurance of our suppliers is of particular importance to uphold the Company's values and mission in the products we offer to our customers. As at the end of the Reporting Period, we had 43 (2020: 40) approved suppliers, 29 (2020: 27) from Hong Kong, 5 (2020: 4) from Australia, 4 (2020: 4) from the United States and the remaining 5 (2020: 5) from other countries.

As part of our product quality assurance system, the Company adopts a comprehensive product quality evaluation process to select suppliers of goods and services for sales and for self-consumption. These processes ensure that the suppliers of products and services, either new or existing, meet the standard of quality required by the Company. In addition, the cost-quality of these suppliers are also regularly compared, analysed, assessed in an open and fair manner. Non-performing suppliers are timely eliminated from the approved supplier list, and we also actively source for new suppliers to be added to the list. We assess new and existing suppliers on the same stringent selection criteria set by the Group, based upon the Group's philosophy on product quality. These criteria include the following but not limited to:

- level of social responsibility of the supplier;
- level of environmental-friendliness of the supplier;
- quality and reputation of the ultimate source of their products;
- reputation of the supplier in the industry;
- whether or not their products have undergone animal testing;
- quality of products or services the Company has received in the past; and
- timing of their past deliveries.

New suppliers are added onto the list of approved suppliers only if they meet the new admission criteria, and upon the approval by our Chief Executive Officer.

Before initiating business with these suppliers, we will also request relevant laboratory test report, and arrange samples of the product for ingredient examination internally or through an external laboratory if necessary, or review its ingredients lists to ensure the product and its ingredients comply with all the relevant rules and regulations.

The Company also keeps a list of blacklist ingredients which is updated regularly. It is updated with reference to information from the Environmental Working Group, a non-profit, non-partisan organization dedicated to protecting human health and the environment that advocates cruelty-free and environmental-friendliness in consumer products. The Company regularly checks this list against our products to ensure the safety of our products.

Among many other eco-friendly and socially responsible products the Company has sourced during the Reporting Period, the brand of products "INIKA" are of particular significance. These products are certified to contain more than 70% certified organic ingredients, bio-degradable, contain no animal derivatives, and never tested on animals or contain ingredients which are a result of animal cruelty. It is also free of alcohol and vegan which meet the requirements for halal certification by top halal certifying body. In addition to INIKA products, we also offer some products which have been certified by FDA, the United States government agency which regulates food and drug safety.

Aspect B6: Product Responsibility

Quality Assurance

In addition to selecting the right suppliers as detailed in the previous section, we have strict policies and procedures to ensure product quality which differentiates ourselves from our competitors in the industry.

We control the quality of our product by ensuring the quality of their regular shipments, relying on our dedicated Quality Assurance Team to carry out inspection of these products upon arrival. The Quality Assurance Team is responsible for visually inspect all received products for defects and ensure that the ingredients and labelling on the products are as expected. For the exceptional case that some labelling have been changed and have doubt with the product quality, we communicate with the suppliers immediately for further action.

For product repackaging and labelling services, we follow stringent guidelines given to us by the suppliers and as per our own quality control system to ensure cleanliness. We have posted all these guidelines in the Repacking and Labelling Office to make sure all staff can follow. Repacking is done under a dust-free environment where the repackaging and labelling staff need to wear protective gown, hat and gloves before getting into the repackaging and labelling area. The Repackaging and Labelling Team will focus on only one product at a time to avoid mixing of different products by mistake. All repacking containers are disinfected by ultraviolet light. Repackaging machines are regularly serviced or replaced once at least every half year. Our Quality Assurance Officer also conducts periodic checks on the repacking and labelling processes to ensure these guidelines are strictly followed and the labelling of the products are correct and are in compliance with the relevant laws.

In recognition for our service excellence, the Company's repackaging service of skin care products has been certified by Hong Kong Quality Assurance Agency ("HKQAA") with the ISO9001:2015 certificate. The HKQAA will conduct checking every half a year to ensure regular compliance.

We have complied with the requirements to registered as a food importer/distributor under the Food and Environmental Hygiene Department in accordance with the Food Safety Ordinance (Chapter 612 of the Laws of Hong Kong), as well as laws and regulations related to the retailing of goods such as the Consumer Goods Safety Ordinance (Chapter 456 of the Laws of Hong Kong) and Product Eco-responsibility Ordinance (Chapter 603 of the Laws of Hong Kong).

Ultimately we rely on the diligence and the effectiveness of our employees for the execution of the quality control system to ensure product quality. Hence the competence of our employees is also undoubtedly a crucial element of our Company's quality assurance framework. Through our comprehensive recruitment process, we ensure our employees are sufficiently qualified and experienced. Also as mentioned in the previous section headed "Aspect B3: Development and Training", we provide numerous trainings to our employees to ensure they have the latest product knowledge and soft skills required to serve our customers well, as well as providing a wide range of staff benefits, promotion and internal transfer opportunities to retain and reward our best employees.

There was no product recall during the Reporting Period (2020: nil).

Advertising of products

We advertise on traditional as well as on digital platforms such as our website and our Facebook page on a regular basis to keep our customers well-informed with the accurate and comprehensive information about our products and the latest trend in health and skincare. We have a team of dedicated marketing professionals to ensure that these advertisements and any other content published by the Company are appropriate and in compliance with the relevant laws such as the Trade Descriptions Ordinance (Chapter 362 of the Laws of Hong Kong), by regularly checking and ensuring that our published contents do not contain any false statement or misleading information.

Complaint Handling

We treat all complaints seriously and view them as means to consistently improve the quality of our services and the products we offer. Customers or other stakeholders can visit any of our stores or email us should there be any issue with our product or service. Customer service staff takes immediate action upon receipt of any request, resolving or following up the request until resolution, offering replacement or refund according to the Company's policies where appropriate. We also maintain a Facebook page which handles complaints from customers and other stakeholders. In case the complaint refers to our product, there would be internal communication within different departments, and communicate with suppliers when necessary.

Moreover, in order to have a deeper understanding of our clients' needs, we will conduct a satisfaction survey on customers that have purchased in either the physical stores or online store after the month of purchase. This satisfaction survey serves the purpose of seeking feedback from customers regarding their purchases experience and welcome all kinds of opinion on our services and the products we offer. Opinions collected from customers are consolidated by our staff from the sales team and report to the management. Further action for following up is performed when necessary.

During the Reporting Period we have not received any significant complaints (2020: nil).

Protection of Intellectual Property

The Company respects and protects intellectual property rights by strictly complying with the Trade Marks Ordinance (Chapter 559, Laws of Hong Kong). Our Company has taken active steps to protect our trademarks and other intellectual property rights by making the necessary filing of claims or registration of trademarks. We rely on our trademarks and other intellectual property rights, including trade names, website, domain names which are either owned or registered by us. We are the registered owner of over twenty trademarks, including "mi ming mart", "MI MING MART", "袁彌明生活百貨" and "彌明生活百貨", which are pertinent to the ordinary course of our business operations.

To protect our customers, we will notify the suppliers when we are aware of counterfeit products and smuggled products in the market, discuss and work closely with the suppliers to determine the course of actions to be taken.

We believe that we have taken all the reasonable measures to prevent ourselves from infringing intellectual property rights of others, and others from infringing our own intellectual property rights. During the Reporting Period, we have not engaged in and have not been threatened with any claim for infringement of any intellectual property rights (2020: nil).

Data Privacy and Protection

We recognize the importance of privacy of information of our suppliers, customers and other third-parties. The Company has implemented various information security programmes, including the "Privacy Policy", to protect and to ensure the privacy and confidentiality of data and compliance with data protection laws and regulations. We will obtain consent before we collect the necessary data and use the data only for the intended purpose. The data will then be saved in our system while only authorized persons can input and access the data. The salesman in the retail stores can only read the customer membership's basic information but cannot input, modify or output the data. We will destroy the data when they are no longer required. Our employees are bound by the terms of their employment contracts to ensure that confidential information is properly protected and these information will be kept in strict confidence. Any information that has come to the possession of our employees as a result of their employment with us will not be disclosed without the prior approval of the designated officer(s) of our Company. We actively prohibit the unauthorized copying, dissemination or disclosure of confidential information, including identities and transaction records of customers. Serious consequences will ensue in case of breach of the above-mentioned policies, which may include the termination of employment and/or taking of legal action against them.

The Company is committed to complying with the relevant laws and regulations on customer data protection and privacy. We are subject to the Personal Data (Privacy) Ordinance (Chapter 486 of the Laws of Hong Kong) which restricts the use of personal data of customers collected by us for specific purposes.

During the Reporting Period, the Group has no significant incident or complaint with regards to data privacy (2020: nil).

Aspect B7: Anti-corruption

The Company is committed to adhering to the highest ethical standards and maintaining a corporate culture of integrity and fairness by preventing, detecting and reporting all types of corrupted and fraudulent practices, such as bribes, kickbacks, favouritisms, money-laundering, etc. and is committed to complying with the laws and regulations in relation to the prevention of bribery which includes the Prevention of Bribery Ordinance (Chapter 201 of the Laws of Hong Kong).

We have incorporated effective anti-corruption procedures, including but not limited to, declaration of conflicts of interests, whistle-blowing procedures, guidelines on the giving and taking of money and money-in-kind into our staff handbook. Through the establishment of these policies, we encourage all the employees to discharge their duties and conduct themselves in compliance with laws and regulations and to do so with integrity and honesty. Furthermore, similar to compliant handling procedures as described in the previous section, the employees and our stakeholders can also utilise these complaint channels to file to the Company complaint personally or anonymously.

The Company's disclosure policy requires its employees to report gifts, entertainment and travel acceptance while conducting business on behalf of the Company and to manage such gifts and entertainment provided by business associates according to Company guidelines.

The Company takes these matters very seriously and as stipulated in the staff handbook any employee in violation will be subject to severe disciplinary actions, including summary dismissal and/or legal action.

During the Reporting Period, there was no legal case regarding corrupt practices, nor any case of corruption found by or reported to the Group (2020: nil).

REPORT OF THE DIRECTORS

EQUITY-LINKED AGREEMENTS

Save for the share option scheme as set out below, no equity-linked agreement was entered into by the Group, or existed during the year ended 31 March 2021.

SHARE OPTION SCHEME

The Company has adopted a share option scheme on 23 January 2018 (the "Scheme") as approved by a resolution of the sole shareholder passed on 23 January 2018.

Details of the Scheme are as follows:

1. Purpose of the Scheme

The Scheme enables our Company to grant share options to eligible persons as incentives or rewards for their contributions to our Group.

2. Eligible persons to the Scheme

The Board may at its discretion grant options pursuant to the terms of this Scheme to: (i) any director, full-time or part-time employee, consultant, professional, customer, supplier, agent, partner or adviser of or contractor to the Group or a company in which a member of the Group holds interest or a subsidiary of such company (the "Affiliate"); or (ii) the trustee of any trust the beneficiary of which or any discretionary trust the discretionary objects of which include any director, employee, consultant, professional, customer, supplier, agent, partner or adviser of or contractor to the Group or an Affiliate; or (iii) a company wholly and beneficially owned by any director, employee, consultant, professional, customer, supplier, agent, partner, adviser of or contractor to the Group or an Affiliate.

The basis of eligibility shall be determined by the Board from time to time.

 Maximum number of shares available for the Scheme and percentage to the issued shares as at the date of this annual report 112,000,000 shares (equivalent to 10% of the total number of shares in issue as at the Listing Date).

4. Maximum entitlement of each participant under the Scheme

The total number of Shares issued and to be issued upon exercise of the options granted to a participant under this scheme or any other share option schemes (including both exercised and outstanding options) in any 12-month period must not exceed 1% of the Shares from time to time in issue. Any further grant of share option in excess of such limit must be separately approved by the shareholders in general meeting.

 The period within which the shares must be exercise under an option A period which shall not be more than ten (10) years from the date of the grant of option and subject to the provisions for lapse of option as contained in the Scheme.

 The minimum period for which an option must be held before it can be exercised Unless otherwise determined by the Board, there is no performance target required to be achieved and no minimum period required under the Scheme for the holding of an option before it can be exercised.

7. The amount payable on application or acceptance of the option and the period offered for acceptance

Upon acceptance of the option, the eligible person shall pay HK\$1.00 (or such other nominal sum in any currency as the Board may determine) to our Company as consideration for the grant thereof. The share option offer shall be offered for acceptance by the eligible person concerned for a period not less than 5 business days from the date on which the offer is made, except for any offer which is made within last 5 business days of the life of this share option scheme, the offer shall remain open for acceptance on a business day by the eligible person concerned for a period of not longer than the remaining life of this scheme.

8. The basis of determining the exercise price

Being determine by the Board and shall be a least the highest of:

- (a) the closing price of the Shares as stated in the Stock Exchange's daily quotations sheet on the date of grant of the options, which must be a trading day;
- (b) the average closing price of the shares as stated in the Stock Exchange's daily quotations sheets for the five business days immediately preceding the grant of the options; and
- (c) the nominal value of a share on the offer date.
- 9. The remaining life of the Scheme

The Scheme is valid and effective for a period of ten (10) years commencing on the Listing Date.

No share option has been granted under the Scheme since its adoption and up to the date of this annual report.

TO THE SHAREHOLDERS OF MI MING MART HOLDINGS LIMITED

彌明生活百貨控股有限公司

(incorporated in the Cayman Islands with limited liability)

Opinion

We have audited the consolidated financial statements of Mi Ming Mart Holdings Limited (the "Company") and its subsidiaries (collectively referred to as the "Group") set out on pages 77 to 129, which comprise the consolidated statement of financial position as at 31 March 2021, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 March 2021, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

Key audit matter is the matter that, in our professional judgment, was of most significance in our audit of the consolidated financial statements of the current period. The matter was addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on the matter.

Key audit matter

How our audit addressed the key audit matter

Assessment of net realisable value of inventories

We identified the assessment of net realisable value of inventories as a key audit matter due to the significant judgments involved in the determination of the net realisable value of the inventories by the management of the Group.

As disclosed in note 4 to the consolidated financial statements, allowance for inventories is estimated based on an assessment of the net realisable value of inventories by the management. In determining the net realisable value of the inventories, the management considers the inventory ageing analysis, current market conditions, marketing and promotion plans, historical sales records and subsequent sales of the inventories.

The carrying amount of the inventories balances as at 31 March 2021 was HK\$13,743,000 and there is no allowance for inventories as at 31 March 2021.

Our procedures in relation to assessment of net realisable value of inventories included:

- Obtaining an understanding from the management on how the allowance for inventories is estimated and the net realisable value of the inventories is determined, including understanding the key controls of the Group on identifying aged or obsolete, slow-moving or out-of-season inventories that are no longer suitable for sale in the market:
- Assessing the reasonableness of the net realisable value of the inventories based on inventory ageing analysis, marketing and promotion plans and subsequent sales of the inventories;
- Testing the accuracy of the inventory ageing analysis, on a sample basis, to goods received notes; and
- Testing the subsequent sales, on a sample basis, to the sales invoices.

Other Information

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Directors and Those Charged with Governance for the Consolidated Financial Statements

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business
 activities within the Group to express an opinion on the consolidated financial statements. We are responsible
 for the direction, supervision and performance of the group audit. We remain solely responsible for our audit
 opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in the independent auditor's report is Woo King Wa.

1. GENERAL

Mi Ming Mart Holdings Limited (the "Company") was incorporated in the Cayman Islands as an exempted company with limited liability under the Companies Law chapter 22 (Law 3 of 1961, as consolidated and revised) of the Cayman Islands on 4 November 2016 and its shares have been listed on the GEM of the Stock Exchange. Its immediate and ultimate holding company is Prime Era Holdings Limited ("Prime Era"), a private limited company incorporated in the British Virgin Islands ("BVI"). The address of the registered office of the Company is Windward 3, Regatta Office Park, P.O. Box 1350, Grand Cayman, KY1-1108, Cayman Islands and the principal place of business of the Company in Hong Kong is 16th Floor, Guangdong Tours Centre, 18 Pennington Street, Hong Kong.

The Company acts as an investment holding company. The principal activities of its principal subsidiaries are set out in note 32. Hereinafter, the Company and its subsidiaries are collectively referred to as the "Group".

The consolidated financial statements are presented in Hong Kong dollars ("HK\$"), which is also the functional currency of the Company.

2. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs")

Amendments to HKFRSs that are mandatorily effective for the current year

In the current year, the Group has applied the Amendments to Reference to the Conceptual Framework in HKFRS Standards and the following amendments to HKFRSs issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"), for the first time, which are mandatory effective for the annual periods beginning on or after 1 January, 2020 for the preparation of consolidated financial statements:

Amendments to HKAS 1 and HKAS 8 Amendments to HKFRS 3 Amendments to HKFRS 9, HKAS 39 and HKFRS 7 Definition of Material Definition of a Business Interest Rate Benchmark Reform

Application of Amendments to HKAS 1 and HKAS 8 Definition of Material

The Group has applied the Amendments to HKAS 1 and HKAS 8 for the first time in the current year. The amendments provide a new definition of material that states "information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements, which provide financial information about a specific reporting entity". The amendments also clarify that materiality depends on the nature or magnitude of information, either individually or in combination with other information, in the context of the financial statements taken as a whole.

The application of Amendments to Reference to the Conceptual Framework in HKFRS and the amendments to HKFRSs in the current year had no material impact on the Group's financial positions and performance for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

For the year ended 31 March 2021

2. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (continued)

New and amendments to HKFRSs in issue but not yet effective

The Group has not early applied the following new and amendments to HKFRSs that have been issued but are not yet effective:

Amendments to HKAS 37	Onerous Contracts – Cost of Fulfilling a Contract ²

Effective for annual periods beginning on or after 1 January 2023.

Amendments to HKFRSs

The directors of the Company anticipate that the application of new and amendments to HKFRSs will have no material impact on the consolidated financial statements in the foreseeable future.

Annual Improvements to HKFRSs 2018 - 2020²

Effective for annual periods beginning on or after 1 January 2022.

³ Effective for annual periods beginning on or after a date to be determined.

Effective for annual periods beginning on or after 1 June 2020.

⁵ Effective for annual periods beginning on or after 1 January 2021.

⁶ Effective for annual periods beginning on or after 1 April 2021.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES

3.1 Basis of preparation of consolidated financial statements

The consolidated financial statements have been prepared in accordance with HKFRSs issued by the HKICPA. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on GEM of the Stock Exchange and by the Hong Kong Companies Ordinance.

The consolidated financial statements have been prepared on the historical cost basis, as explained in the accounting policies set out below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in the consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of HKFRS 2 "Share-based Payment", leasing transactions that are accounted for in accordance with HKFRS 16, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in HKAS 2 "Inventories" or value in use in HKAS 36 "Impairment of Assets".

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the
 entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

For the year ended 31 March 2021

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (continued)

3.2 Significant accounting policies

The principal accounting policies are set out below.

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Group gains control until the date when the Group ceases to control the subsidiary.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies.

All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Assets acquisitions

When the Group acquires a group of assets and liabilities that do not constitute a business, the Group identifies and recognises the individual identifiable assets acquired and liabilities assumed by allocating the purchase price first to financial assets/financial liabilities at the respective fair values, the remaining balance of the purchase price is then allocated to the other identifiable assets and liabilities on the basis of their relative fair values at the date of purchase. Such a transaction does not give rise to goodwill or bargain purchase gain.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (continued)

3.2 Significant accounting policies (continued)

Revenue from contracts with customers

The Group recognises revenue when (or as) a performance obligation is satisfied, i.e. when "control" of the goods or services underlying the particular performance obligation is transferred to the customer.

A performance obligation represents a good or service (or a bundle of goods or services) that is distinct or a series of distinct goods or services that are substantially the same.

Control is transferred over time and revenue is recognised over time by reference to the progress towards complete satisfaction of the relevant performance obligation if one of the following criteria is met:

- the customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs;
- the Group's performance creates and enhances an asset that the customer controls as the Group performs; or
- the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

Otherwise, revenue is recognised at a point in time when the customer obtains control of the distinct good or service.

A contract liability represents the Group's obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer.

Contracts with multiple performance obligations (including allocation of transaction price)

For contracts that contain more than one performance obligations, the Group allocates the transaction price to each performance obligation on a relative stand-alone selling price basis.

The stand-alone selling price of the distinct good or service underlying each performance obligation is determined at contract inception. It represents the price at which the Group would sell a promised good or service separately to a customer. If a stand-alone selling price is not directly observable, the Group estimates it using appropriate techniques such that the transaction price ultimately allocated to any performance obligation reflects the amount of consideration to which the Group expects to be entitled in exchange for transferring the promised goods or services to the customer.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (continued)

3.2 Significant accounting policies (continued)

Revenue from contracts with customers (continued)

Variable consideration

For contracts that contain variable consideration, the Group estimates the amount of consideration to which it will be entitled using either (a) the expected value method or (b) the most likely amount, depending on which method better predicts the amount of consideration to which the Group will be entitled.

The estimated amount of variable consideration is included in the transaction price only to the extent that it is highly probable that such an inclusion will not result in a significant revenue reversal in the future when the uncertainty associated with the variable consideration is subsequently resolved.

At the end of each reporting period, the Group updates the estimated transaction price (including updating its assessment of whether an estimate of variable consideration is constrained) to represent faithfully the circumstances present at the end of the reporting period and the changes in circumstances during the reporting period.

Refund liabilities

The Group recognises a refund liability if the Group expects to refund some or all of the consideration received from customers.

Sale with a right of return

For a sale of products with a right of return, the Group recognises all of the following:

- (a) revenue for the transferred products in the amount of consideration to which the Group expects to be entitled (therefore, revenue would not be recognised for the products expected to be returned);
- (b) a refund liability; and
- (c) an asset (and corresponding adjustment to cost of sales) for its right to recover products from customers and are presented as right to returned goods asset.

Accounting for unredeemed loyalty stamps under customer loyalty programme

The unredeemed loyalty stamps under customer loyalty programme are recorded as contract liabilities, and only reflect the value that is expected to be redeemed. The Group estimated the value that is expected to be redeemed with reference to historical experience under customer loyalty programme. Revenue is recognised when the stamps are redeemed.

Leases

Definition of a lease

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

For contracts entered into or modified or arising from business combinations on or after the date of initial application, the Group assesses whether a contract is or contains a lease based on the definition under HKFRS 16 at inception, modification date or acquisition date, as appropriate. Such contract will not be reassessed unless the terms and conditions of the contract are subsequently changed.

The Group as a lessee

Allocation of consideration to components of a contract

For a contract that contains a lease component and one or more additional lease or non-lease components, the Group allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

Non-lease components are separated from lease component on the basis of their relative standalone prices.

Right-of-use assets

The cost of right-of-use assets includes:

- the amount of the initial measurement of the lease liability;
- any lease payments made at or before the commencement date, less any lease incentives received;
- any initial direct costs incurred by the Group; and
- an estimate of costs to be incurred by the Group in dismantling and removing the underlying assets, restoring the site on which they are located or restoring the underlying assets to the condition required by the terms and conditions of the lease.

Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities.

Right-of-use assets are depreciated on a straight-line basis over the shorter of their estimated useful life and the lease term.

The Group presents right-of-use assets as a separate line item in the consolidated statement of financial position.

Leases (continued)

The Group as a lessee (continued)

Refundable rental deposits

Refundable rental deposits paid are accounted under HKFRS 9 "Financial Instruments" ("HKFRS 9") and initially measured at fair value. Adjustments to fair value at initial recognition are considered as additional lease payments and included in the cost of right-of-use assets.

Lease liabilities

At the commencement date of a lease, the Group recognises and measures the lease liability at the present value of lease payments that are unpaid at that date. In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable.

The lease payments include:

- fixed payments (including in-substance fixed payments) less any lease incentives receivable; and
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as
 at the commencement date.

Variable lease payments that do not depend on an index or a rate are not included in the measurement of lease liabilities and right-of-use assets, and are recognised as expense in the period on which the event or condition that triggers the payment occurs.

After the commencement date, lease liabilities are adjusted by interest accretion and lease payments.

The Group remeasures lease liabilities (and makes a corresponding adjustment to the related right-of-use assets) whenever the lease term has changed, in which case the related lease liability is remeasured by discounting the revised lease payments using a revised discount rate at the date of reassessment.

The Group presents lease liabilities as a separate line item on the consolidated statement of financial position.

3.2 Significant accounting policies (continued)

Leases (continued)

The Group as a lessee (continued)

Lease modifications

The Group accounts for a lease modification as a separate lease if:

- the modification increases the scope of the lease by adding the right to use one or more underlying assets; and
- the consideration for the leases increases by an amount commensurate with the stand-alone price
 for the increase in scope and any appropriate adjustments to that stand-alone price to reflect the
 circumstances of the particular contract.

For a lease modification that is not accounted for as a separate lease, the Group remeasures the lease liability based on the lease term of the modified lease by discounting the revised lease payments using a revised discount rate at the effective date of the modification.

The Group accounts for the remeasurement of lease liabilities by making corresponding adjustments to the relevant right-of-use asset. When the modified contract contains a lease component and one or more additional lease or non-lease components, the Group allocates the consideration in the modified contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

Purchase rebates

Incentive rebates provided by vendors are recognised on an accrual basis based on the expected entitlement earned up to the reporting date pursuant to each relevant supplier contract. Incentive rebates relating to the goods purchased and sold are deducted from cost of sales, while incentive rebates relating to the goods purchased but still held as inventories at the reporting date are deducted from the carrying value of such inventories so that the cost of inventories is recorded net of applicable rebates.

Foreign currencies

In preparing the financial statements of each individual group entity, transactions in currencies other than the functional currency of that entity (foreign currencies) are recognised at the rates of exchanges prevailing on the dates of the transactions. At the end of the reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on the settlement of monetary items, and on the retranslation of monetary items, are recognised in profit or loss in the period in which they arise.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (continued)

3.2 Significant accounting policies (continued)

Government grants

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate.

Government grants related to income that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable. Government grants relating to compensation of expenses are deducted from the related expenses, other government grants are presented under "other income, gains and losses".

Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from "profit before tax" as reported in the consolidated statement of profit or loss and other comprehensive income because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of the reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

For the year ended 31 March 2021

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (continued)

3.2 Significant accounting policies (continued)

Taxation (continued)

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the asset is realised or the liability is settled, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax assets and liabilities reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

For the purposes of measuring deferred tax for leasing transactions in which the Group recognises the right-of-use assets and the related lease liabilities, the Group first determines whether the tax deductions are attributable to the right-of-use assets or the lease liabilities.

For leasing transactions in which the tax deductions are attributable to the lease liabilities, the Group applies HKAS 12 "Income Taxes" requirements to right-of-use assets and lease liabilities separately. Temporary differences on initial recognition of the relevant right-of-use assets and lease liabilities are not recognised due to application of the initial recognition exemption. Temporary differences arising from subsequent revision to the carrying amounts of right-of-use assets and lease liabilities, resulting from remeasurement of lease liabilities and lease modifications, that are not subject to initial recognition exemption are recognised on the date of remeasurement or modification.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied to the same taxable entity by the same taxation authority.

Current and deferred tax are recognised in profit or loss.

Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

3.2 Significant accounting policies (continued)

Retirement benefits costs

Payments to the Mandatory Provident Fund Scheme are charged as an expense when employees have rendered service entitling them to the contributions.

Short-term employee benefits

Short-term employee benefits are recognised at the undiscounted amount of the benefits expected to be paid as and when employees rendered the services. All short-term employee benefits are recognised as an expense unless another HKFRS requires or permits the inclusion of the benefit in the cost of an asset.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Property, plant and equipment

Property, plant and equipment are tangible assets that are held for use in the production or supply of goods or services, or for administrative purposes. Property, plant and equipment are stated in the consolidated statement of financial position at cost less subsequent accumulated depreciation and subsequent accumulated impairment losses, if any.

Ownership interests in leasehold land and building

When the Group makes payments for ownership interests of properties which includes both leasehold land and building elements, the entire consideration is allocated between the leasehold land and the building elements in proportion to the relative fair values at initial recognition.

To the extent the allocation of the relevant payments can be made reliably, interest in leasehold land is presented as "right-of-use assets" in the consolidated statement of financial position. When the consideration cannot be allocated reliably between non-lease building element and undivided interest in the underlying leasehold land, the entire properties are classified as property, plant and equipment.

Depreciation is recognised so as to write off the cost of assets less their residual values over their estimated useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Impairment on property, plant and equipment and right-of-use assets

At the end of the reporting period, the Group reviews the carrying amounts of its property, plant and equipment and right-of-use assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss, if any.

The recoverable amount of property, plant and equipment and right-of-use assets are estimated individually. When it is not possible to estimate the recoverable amount individually, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

In testing a cash-generating unit for impairment, corporate assets are allocated to the relevant cash-generating unit when a reasonable and consistent basis of allocation can be established, or otherwise they are allocated to the smallest group of cash generating units for which a reasonable and consistent allocation basis can be established. The recoverable amount is determined for the cash-generating unit or group of cash-generating units to which the corporate asset belongs, and is compared with the carrying amount of the relevant cash-generating unit or group of cash-generating units.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset (or a cash-generating unit) for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or a cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or a cash-generating unit) is reduced to its recoverable amount. For corporate assets or portion of corporate assets which cannot be allocated on a reasonable and consistent basis to a cash-generating unit, the Group compares the carrying amount of a group of cash-generating units, including the carrying amounts of the corporate assets or portion of corporate assets allocated to that group of cash-generating units, with the recoverable amount of the group of cash-generating units. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit or a group of cash-generating units) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or a cash-generating unit or a group of cash-generating units) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

Inventories

Inventories represent mainly finished goods held for resale (including packaged and unpackaged goods) and are stated at the lower of cost and net realisable value. Cost of inventories are calculated using the weighted average cost method. Net realisable value represents the estimated selling price for inventories less costs necessary to make the sale.

Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle that obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (where the effect of the time value of money is material).

Restoration provisions

Provisions for the costs to restore leased assets to their original condition, as required by the terms and conditions of the lease, are recognised at the date of inception of the lease at the directors' best estimate of the expenditure that would be required to restore the assets, estimates are regularly reviewed and adjusted as appropriate for new circumstances.

Financial instruments

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value except for trade receivables arising from contracts with customers which are initially measured in accordance with HKFRS 15 "Revenue from contracts with Customers". Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

Financial instruments (continued)

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income and interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts and payments (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset or financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Financial assets

Classification and subsequent measurement of financial assets

Financial assets that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to collect contractual cash flows;
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Amortised cost and interest income

Interest income is recognised using the effective interest method for financial assets measured subsequently at amortised cost. Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired (see below). For financial assets that have subsequently become credit-impaired, interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset from the next reporting period. If the credit risk on the credit-impaired financial instrument improves so that the financial asset is no longer credit-impaired, interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset from the beginning of the reporting period following the determination that the asset is no longer credit impaired.

Impairment of financial assets

The Group performs impairment assessment under expected credit loss ("ECL") model on financial assets (including trade receivables, other receivables, rental deposits, pledged bank deposits and bank balances) which are subject to impairment assessment under HKFRS 9. The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of the relevant instrument. In contrast, 12-month ECL ("12m ECL") represents the portion of lifetime ECL that is expected to result from default events that are possible within 12 months after the reporting date. Assessment are done based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current conditions at the reporting date as well as the forecast of future conditions.

The Group always recognises lifetime ECL for trade receivables. The ECL on these assets are assessed individually for debtors with significant balances.

For all other instruments, the Group measures the loss allowance equal to 12m ECL, unless when there has been a significant increase in credit risk since initial recognition, the Group recognises lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition.

(i) Significant increase in credit risk

In assessing whether the credit risk has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

(i) Significant increase in credit risk (continued)

In particular, the following information is taken into account when assessing whether credit risk has increased significantly:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk, e.g. a significant increase in the credit spread, the credit default swap prices for the debtor;
- an actual or expected significant deterioration in the operating results of the debtor;
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations; or
- an actual or expected significant adverse change in the regulatory, economic, or technological
 environment of the debtor that results in a significant decrease in the debtor's ability to meet its
 debt obligations.

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Group has reasonable and supportable information that demonstrates otherwise.

Despite the a foregoing, the Group assumes that the credit risk on a debt instrument has not increased significantly since initial recognition if the debt instrument is determined to have low credit risk at the reporting date. A debt instrument is determined to have low credit risk if i) it has a low risk of default, ii) the borrower has a strong capacity to meet its contractual cash flow obligations in the near term and iii) adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations. The Group considers a debt instrument to have low credit risk when it has an internal or external credit rating of 'investment grade' as per globally understood definitions.

(i) Significant increase in credit risk (continued)

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

(ii) Definition of default

For internal credit risk management, the Group considers an event of default occurs when information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collaterals held by the Group).

Irrespective of the above, the Group considers that default has occurred when a financial asset is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

(iii) Credit-impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- significant financial difficulty of the issuer or the borrower;
- a breach of contract, such as a default or past due event;
- the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider; or
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation.

(iv) Write-off policy

The Group writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, for example, when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. A write-off constitutes a derecognition event. Any subsequent recoveries are recognised in profit or loss.

(v) Measurement and recognition of ECL

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information. Estimation of ECL reflects an unbiased and probability-weighted amount that is determined with the respective risks of default occurring as the weights.

Generally, the ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and the cash flows that the Group expects to receive, discounted at the effective interest rate determined at initial recognition.

Interest income is calculated based on the gross carrying amount of the financial asset unless the financial asset is credit impaired, in which case interest income is calculated based on amortised cost of the financial asset.

The Group recognises an impairment gain or loss in profit or loss for all financial instruments by adjusting their carrying amount, with the exception of trade receivables, where the corresponding adjustment is recognised through a loss allowance account.

3.2 Significant accounting policies (continued)

Financial assets (continued)

Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

Financial liabilities and equity instruments

Classification of debt or equity

Debt and equity instruments issued by a group entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of direct issue costs.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method.

Derecognition of financial liabilities

The Group derecognised financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

For the year ended 31 March 2021

4. KEY SOURCE OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, which are described in note 3, the directors of the Company are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets within the following twelve months.

Estimated allowance for inventories

Inventories are valued at the lower of cost and net realisable value. Judgment and estimates are required based on the condition and marketability of the inventories. Allowance for inventories is estimated based on an assessment of the net realisable value of inventories by the management. In determining the net realisable value of the inventories, the management considers the inventory ageing analysis, current market conditions, marketing and promotion plans, historical sales records and subsequent sales of the inventories. If the net realisable value of the inventories of the Group are less than cost of inventories, additional allowance may be required. As at 31 March 2021, the carrying amount of inventories is HK\$13,743,000 (2020: HK\$12,000,000), and there is no allowance for inventories (2020: nil).

Estimated impairment of property, plant and equipment and right-of-use assets

Property, plant and equipment and right-of-use assets are stated at costs less accumulated depreciation and impairment, if any. In determining whether an asset is impaired, the Group has to exercise judgment and make estimation, particularly in assessing: (1) whether an event has occurred or any indicators that may affect the asset value; (2) whether the carrying value of an asset can be supported by the recoverable amount, in the case of value in use, the net present value of future cash flows which are estimated based upon the continued use of the asset; and (3) the appropriate key assumptions to be applied in estimating the recoverable amounts including cash flow projections and an appropriate discount rate. When it is not possible to estimate the recoverable amount of an individual asset (including right-of-use assets), the Group estimates the recoverable amount of the cash-generating unit to which the assets belongs. Changing the assumptions and estimates, including the discount rates or the growth rate in the cash flow projections, could materially affect the net present value used in the impairment test. As at 31 March 2021, the carrying amounts of right-of-use assets and property, plant and equipment are HK\$13,339,000 and HK\$31,882,000 (2020: HK\$10,421,000 and HK\$33,007,000), respectively, and there is no impairment losses recognised in respect of right-of-use assets and property, plant and equipment (2020: nil).

Performance obligation for contracts with customers

All revenue generated by the Group are recognised at a point in time as descripted below.

Sales of goods

The Group sells a wide range of beauty and health products to the distributors and directly to customers both through its own retail outlets and through online sales.

For sales of goods to the distributors, revenue is recognised when control of the goods has transferred, being when the goods have been shipped to the distributors' specific location (delivery). Following delivery, the distributors have full discretion over the manner of distribution and price to sell the goods, has the primary responsibility when on selling the goods and bears the risks of obsolescence and loss in relation to the goods. The normal credit term is 30 days upon delivery. Starting from prior year, the Group allows one of the distributors an unconditional right of return for the goods purchased for a certain period prior to product expiry. Revenue recognised for sales to this distributor is constrained to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur. A refund liability is recognised for billings of goods delivered to this distributor, of which revenue is constrained, not recognised and estimated to be refunded.

For sales of goods to retail customers, revenue is recognised when control of the goods has transferred, being at the point the customer purchases the goods at the retail outlet. Payment of the transaction price is due immediately at the point the customer purchases the goods.

For sales of goods to bulk purchase customers, revenue is recognised when control of the goods has transferred, being at the point the goods are delivered to the customer. Delivery occurs when the goods have been shipped to the customer's specific location. When the customer initially purchases from the Group, the transaction price received by the Group is recognised as a contract liability until the goods have been delivered to the customers.

For the year ended 31 March 2021

5. REVENUE (continued)

Performance obligation for contracts with customers (continued)

Sales of goods (continued)

For online sales, revenue is recognised when control of the goods has transferred to the customer, being at the point the goods are delivered to the customer. Delivery occurs when the goods have been shipped to the customer's specific location. When the customer initially purchases the goods online, the transaction price received by the Group is recognised as a contract liability until the goods have been delivered to the customer.

Consignment commission income

The Group provides consignment sales services to customers. Such services are recognised at a point in time when the services rendered.

Transaction price allocated to the remaining performance obligation for contracts with customers

The Group offers loyalty stamps to customers when they meet a certain level of sales amount in every transaction. The customer loyalty stamps are generally effective for 6 months from the date of issuance.

The sales amount will be allocated based on the performance obligations and the unsatisfied or partially unsatisfied portion will be recorded as contract liabilities and the expected timing of recognising revenue are within one year.

The amount of HK\$2,160,000 (2020: HK\$203,000) represent the Group's expectation on the timing of redemption made by customers.

6. SEGMENT INFORMATION

The Group has one operating segment based on information reported to the chief operating decision maker of the Group (the executive directors of the Company) (the "CODM"), for the purpose of resource allocation and performance assessment, which is the aggregate results of the Group including all income, expenses (excluding the legal and professional expenses for the proposed transfer of listing of the shares of the Company from GEM to Main Board of the Stock Exchange ("Transfer Listing Expenses") and tax charges). As a result, there is only one operating and reporting segment of the Group.

For the year ended 31 March 2021

6. SEGMENT INFORMATION (continued)

The following is an analysis of the Group's revenue and results by its operating segment – marketing, selling and distributing a wide range of beauty and health products.

	2021	2020
	HK\$'000	HK\$'000
Revenue – external sales	148,913	142,465
Segment results	33,037	22,893
Less:		
Transfer Listing Expenses	(5,900)	(7,041)
Profit for the year	27,137	15,852

The accounting policies of the operating segments are the same as the Group's accounting policies described in note 3. Segment results represents profit earned from each segment without allocation of Transfer Listing Expenses. This is the measure reported to the CODM for the purpose of resource allocation and performance assessment.

No analysis of segment assets or segment liabilities is presented as such information is not regularly provided to the CODM.

Revenue from major products and service

Tax effect of two-tiered profits tax rate regime	(165)	(165)
Overprovision in prior years	(62)	(3)
Income tax expense	5,398	4,875

On 21 March 2018, the Hong Kong Legislative Council passed The Inland Revenue (Amendment) (No. 7) Bill 2018 (the "Bill") which introduces the two-tiered profits tax rates regime. The Bill was signed into law on 28 March 2018 and was gazetted on the following day.

Under the two-tiered profits tax rates regime, the first HK\$2 million of profits of qualifying group entity will be taxed at 8.25%, and profits above HK\$2 million will be taxed at 16.5%. The profits of group entities not qualifying for the two-tiered profits tax rates regime will continue to be taxed at a flat rate of 16.5%.

The two-tiered profits tax rates regime is applicable to the Group for both years and only one subsidiary in the Group could elect for the two-tiered rates regime and the election, once made, is irrevocable.

The directors of the Company are in the view that the impact of the two-tiered profits tax rates regime on the Group's deferred tax position is not material.

For both years, the Group leases various offices and retail stores for its operations. Lease contracts are entered into for fixed term of one to three years. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. In determining the lease term and assessing the length of the non-cancellable period, the Group applies the definition of a contract and determines the period for which the contract is enforceable.

Leases of retail stores are charged with fixed lease payments and variable lease payments including payments that are based on 8.5% to 13.0% (2020: 8.5% to 10.0%) of sales that are fixed over the lease term. The payment terms are common in retail stores in Hong Kong where the Group operates. 	10	10	11,220	514	11,734

The overall financial effect of using variable payment terms is that higher rental costs are incurred by stores with higher sales. Variable rent expenses are expected to continue to represent a similar proportion of store sales in future years.

Restrictions on leases

The lease agreements do not impose any covenants other than the security interests in the leased assets that are held by the lessor. Leased assets may not be used as security for borrowing purposes.

15. DEPOSITS PAID FOR ACQUISITION OF ASSETS

- (a) The deposits as at 31 March 2020 and 2021 were paid by the Group in connection with the acquisition of certain custom software to be used by the Group.
- (b) On 28 February 2019, an indirect wholly-owned subsidiary of the Company, the vendors and the agent entered into a provisional sale and purchase agreement pursuant to which the Group conditionally agreed to purchase and the vendors conditionally agreed to sell the sale shares (being in aggregate the entire issued share capital of CI CI Investment Limited (the "Target Company")) and sale debt at the consideration of HK\$28,780,000 which was subject to the completion adjustment and the post-completion adjustment ("Acquisition"). The Target Company was principally engaged in property holding and the property was its only asset which was an industrial property. Details of the Acquisition were set out in the circular issued by the Company dated 26 April 2019.

During the year ended 31 March 2020, the Acquisition has been completed and the directors of the Company accounted for the Acquisition as acquisition of a subsidiary not constituting a business.

Fair value of assets recognised at the date of acquisition:

For the year ended 31 March 2021

16. OTHER NON-CURRENT ASSETS

The balances mainly represent rental deposits placed by the Group in connection with its rented premises. The relevant leases will expire after one year from the end of the respective reporting period, or if the remaining lease term is less than one year, the Group has the positive intention to renew the leases upon expiry. Therefore, the balances are classified as non-current.

17. INVENTORIES

Inventories represent finished goods held for resale (including packaged and unpackaged goods) at the end of the reporting period.

18. TRADE RECEIVABLES

The following is an aged analysis of trade receivables from sales of goods and services presented based on the revenue recognition date at the end of the reporting period.

	2021 HK\$'000	2020 HK\$'000
Within 30 days	943	686
31 – 60 days	548	16
61 – 90 days	150	6
Over 90 days	-	12
	1,641	720

The Group's revenue is generated mainly from cash, credit card sales, cash vouchers from landlords of retail stores, sales to distributors and consignment sales. The credit periods on credit cards sales, cash vouchers from landlords of retail stores, sales to distributors and consignment sales are 2 days, ranging from 30 to 45 days, 30 days and ranging 30 to 90 days, respectively.

As at 31 March 2021, included in the Group's trade receivables balance are primarily debtors from credit card sales, cash vouchers from a landlord of retail stores, consignment sales and sales to distributors, in which the carrying amount of approximately HK\$16,000 (2020: HK\$27,000) are past due as at the reporting date. All the past due balances are not considered as in default because the trade receivables are of good credit quality and those debtors do not have any default payment history. The Group does not hold any collateral over these balances.

Trade receivables on overdue debtors are provided for allowance based on estimated irrecoverable amounts from the sale of goods, determined by reference to past default experience, if any.

Details of impairment assessment are set out in note 30.

For the year ended 31 March 2021

19. DEPOSITS, PREPAYMENTS AND OTHER RECEIVABLES

	2021 HK\$'000	2020 HK\$'000

Details of impairment assessment are set out in note 30.

20. PLEDGED BANK DEPOSITS/BANK BALANCES AND CASH

Pledged bank deposits with original maturity of more than three months carried interest rate is 0.25% (2020: 0.6%) per annum as at 31 March 2021. The bank deposits have been pledged to secure the bank facilities of the Group and are classified as current assets.

Bank balances carry interest at prevailing market rate ranging from 0.001% to 0.28% (2020: 0.001% to 2.02%) per annum.

Details of impairment assessment are set out in note 30.

21. TRADE PAYABLES

The following is an aged analysis of trade payables based on the invoice date at the end of the reporting period.

	·	<u> </u>
Advance from customers in sales of goods	175	406
Customer loyalty programme	2,160	203
	2,335	609

The Group receives certain portions of the contract value as deposits from customers when they entered into the agreement with customers. Contract liabilities represent the receipts in advance from customers which are recognised as revenue at a point in time when the control of the goods are transferred to the customer. During the year ended 31 March 2021, revenue recognised in the current year relating to contract liabilities arising from receipts in advance from customers at the beginning of the year is HK\$406,000 (2020: HK\$207,000).

The Group operates a customer loyalty programme which a stamp will issue to customers when reach certain sales amount in a single transaction with effective period of 6 months from the date of issuance. The directors of the Company estimated the redemption of the stamp with reference to the historical experience.

24. REFUND LIABILITIES

The Group allows one of the distributors an unconditional right of return for the goods purchased for a certain period prior to product expiry. Revenue recognised for sales to this distributor is constrained to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur. A refund liability is recognised for billings of goods delivered to this distributor, of which revenue is constrained, not recognised and estimated to be refunded. As at 31 March 2021, the refund liabilities of the Group is nil (2020: HK\$189,000).

27. RETIREMENT BENEFIT SCHEME

The Group operates the Mandatory Provident Fund ("MPF") scheme for qualifying employees of the Group in Hong Kong. The assets of the MPF scheme are held separately from those of the Group in funds under the control of trustees. The Group contributes at the lower of HK\$1,500 or 5% of relevant monthly payroll costs to the MPF scheme, which contribution is matched by employees.

The only obligation of the Group with respect to the MPF Scheme is to make the required contributions under the scheme.

For the year ended 31 March 2021

28. RELATED PARTY DISCLOSURES

(a) During the year, the Group entered into the following transactions with its related parties:

The remuneration of directors and other member of key management personnel of the Company are determined having regard to the performance of the individuals.

29. CAPITAL RISK MANAGEMENT

The Group manages its capital to ensure that the Group will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged throughout the year.

The capital structure of the Group consists of equity of the Group, comprising issued share capital and reserves.

The directors of the Company review the capital structure regularly. As part of this review, the directors of the Company consider the cost and the risks associated with each class of capital. Based on recommendations of the directors, the Group will balance its overall capital structure.

30b. Financial risk management objectives and policies

The Group's major financial instruments include trade receivables, other receivables, rental deposits, pledged bank deposits, bank balances and cash and trade and other payables. Details of the financial instruments are disclosed in the respective notes. The risks associated with these financial instruments include market risks (represented by interest rate risk and currency risk), credit risk and liquidity risk. The policies on how to mitigate these risks are set out below. Management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

Market risk - Currency risk

The Group's operational activities are mainly denominated in HK\$. The Group is exposed to foreign currency risk primarily arising from purchase of goods by foreign currencies. The Group currently does not have a foreign currency hedging policy. However, the management closely monitors foreign exchange exposure and will consider hedging significant foreign currency exposure should the need arise.

The carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities at the end of each reporting period are as follows:

	Assets		Liabilities

Sensitivity Analysis

Under the pegged exchange rate system, the financial impact arising from changes in exchange rates between HK\$ and USD is not expected to be significant and therefore, the corresponding sensitivity analysis is not prepared.

The following table details the Group's sensitivity to a 10% (2020: 10%) increase and decrease in the relevant foreign currencies against HK\$. 10% (2020: 10%) represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 10% (2020: 10%) change in foreign currency rates. There is an increase in post-tax profit for the year where the relevant currency strengthens 10% (2020: 10%) against HK\$. For a 10% (2020: 10%) weakening the relevant currency against HK\$, there would be an equal and opposite impact on the post-tax profit.

Market risk - Interest rate risk

The Group is exposed to fair value interest rate risk in relation to interest bearing bank deposit and lease liabilities.

The Group is exposed to cash flow interest rate risk in relation to variable-rate bank balances and pledged bank deposits. Management monitors interest rate exposure and will consider other necessary actions when significant interest rate exposure is anticipated.

The directors of the Company consider that the Group's exposure to cash flow interest rate risk as a result of the change of market interest rate is insignificant, therefore, no sensitivity analysis is presented.

Total interest income from financial assets that are measured at amortised cost is as follows:

Credit risk and impairment assessment

The Group's maximum exposure to credit risk which will cause a financial loss to the Group due to failure to discharge an obligation by the counterparties is arising from the carrying amount of the respective recognised financial assets as stated in the consolidated statement of financial position.

The Group's credit risk is primarily attributable to its trade receivables, other receivables, rental deposits, pledged bank deposits and bank balances. In order to minimise the credit risk, the management of the Group has assessed the credibility and other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. In addition, the Group performs impairment assessment under ECL model upon application of HKFRS 9 on trade balances individually. In this regards, the directors of the Company consider that the Group's credit risk is significantly reduced.

The credit risk on pledged bank deposits and bank balances are limited because the counterparties are banks with high credit ratings.

The Group has assessed that the expected loss rates for pledged bank deposits and bank balances were immaterial. Thus, no loss allowance for pledged bank deposits and bank balances were recognised.

The Group has no significant concentration of credit risk, with exposure spread over a number of counterparties and customers.

The Group's internal credit risk grading assessment comprises the following categories:

			Other
Category	Description	Trade receivables	financial assets
Performing	The counterparty has a low risk of default and has no past due amounts	Lifetime ECL – not credit-impaired	12m ECL
Doubtful	There has been a significant increase in credit since initial recognition	Lifetime ECL – not credit-impaired	Lifetime ECL – not credit-impaired
In default	There is evidence indicating that the asset is credit-impaired	Lifetime ECL – credit-impaired	Lifetime ECL – credit-impaired
Write-off	There is evidence indicating that the debtor is in severe financial difficulty and the Group has no realistic prospect of recovery	Amount is written off	Amount is written off

The estimated loss rates are determined based on historical observed default rates over the expected lives of the debtors and are adjusted for forward-looking information, including but not limited to the expected growth rate of the industry, that is available without undue cost or effort.

30. FINANCIAL INSTRUMENTS (continued)

30b. Financial risk management objectives and policies (continued)

Credit risk and impairment assessment (continued)

For trade receivables, the Group has applied the simplified approach in HKFRS 9 to measure the loss allowance at lifetime ECL. Trade receivables are assessed individually for impairment allowance based on the historical credit losses experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the end of the reporting period, including the time value of money where appropriate.

In determining the ECL for other receivables and rental deposits, the management of the Group has taken into account the historical default experience and forward-looking information, as appropriate, for example, the Group has considered the consistently low historical default rate in connection with payments, and concluded that credit risk inherent in the Group's outstanding other receivables and rental deposits are insignificant.

Liquidity risk

Ultimate responsibility for liquidity risk management rests with management, which has built an appropriate liquidity risk management framework for the management of the Group's short term funding and liquidity management requirements.

The Group manages liquidity risk by maintaining adequate reserves and borrowing facilities and continuously monitoring forecast and actual cash flows.

The following table details the Group's remaining contractual maturity for its financial liabilities and lease liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities and lease liabilities based on the earliest date on which the Group can be required to pay.

30c. Fair value

For financial reporting purpose, fair value measurements are based on the inputs which are unobservable inputs for the asset and liability.

The fair values of the financial assets and financial liabilities are determined in accordance with generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparties.

The directors of the Company consider that the carrying amounts of financial assets and financial liabilities recorded at amortised cost in the consolidated financial statements approximate their fair values.

33. SHARE-BASED PAYMENT TRANSACTIONS

Equity-settled share option scheme of the Company

The Company's share option scheme (the "Scheme") was adopted pursuant to a resolution passed on 23 January 2018 for the primary purpose of providing incentives to directors and eligible employees, and will expire on 22 January 2028. Under the Scheme, the Board of Directors of the Company may grant options to eligible employees, including directors of the Company and its subsidiaries, to subscribe for shares in the Company. Additionally, the Company may, from time to time, grant share options to outside third parties for settlement in respect of goods or services provided to the Company.

At 31 March 2021, no share in respect of which options had been granted and remained outstanding under the Scheme (2020: nil). The total number of shares in respect of which options may be granted under the Scheme is not permitted to exceed 10% of the shares of the Company in issue at any point in time, without prior approval from the Company's shareholders. The number of shares issued and to be issued in respect of which options granted and may be granted to any individual in any one year is not permitted to exceed 1% of the shares of the Company in issue at any point in time, without prior approval from the Company's shareholders. Options granted to directors, chief executive and substantial shareholders, or any of their respective associates in excess of 0.1% of the Company's share capital and with a value in excess of HK\$5,000,000 must be approved in advance by the Company's shareholders.

Options may be exercised at any time from the date of grant of the share. The exercise price is determined by the directors of the Company, and will not be less than the higher of (i) the closing price of the Company's shares on the date of grant, (ii) the average closing price of the shares for the five business days immediately preceding the date of grant; and (iii) the nominal value of the Company's share.
