## BUSINESS REVIEW

We are a chained bar group mainly offering beverages and light refreshments under the brands of “Bar Pacific” and “Pacific” with locations scattered over Hong Kong. The main focuses of the Group’s growth strategies lie in its networks expansion and upgrade of the existing shops facilities. As at 30 June 2021, we operated 42 shops throughout Hong Kong.

Before the date of this report (the “**Reporting Date**”), we opened two new shops under the brands of “Moon Ocean” and “Katachi” which located at Causeway Bay and Mong Kok respectively. Each brands will focus on different target customers. “Bar Pacific” is a neighborhood bar in different districts in Hong Kong looking for social connection and relaxation, “Pacific” is a mid-range bar at urban areas. “Moon Ocean” is a luxury bar located at Causeway Bay. “Katachi” is a Japanese barbecue restaurant.

## PROSPECT

Looking ahead, the Group will ride on its raised profile upon its Listing and maintain its core business of bar operation and its existing branding strategy, targeting the mass market, to increase market share in Hong Kong. With the existing client base garnered over the years, there is a superiority in leveraging its extensive network in Hong Kong. During the period from the Listing Date to the Reporting Date, we opened twelve new shops and will open two new shops to further expand our network within 2021.

Bars and pubs can resume business from 29 April 2021 by compulsory adapting Type D (*Note 2*) Mode of Operation. Starting from 10 June 2021, Bar operation can choose to adapt Type C (*Note 1*) Mode of operation. The revenue recovered to a significant extent comparing with the revenue before the spreading of the novel coronavirus (COVID-19) disease (the “**COVID-19**” or the “**Pandemic**”, respectively).

Given the continuous spreading of the COVID-19 in Hong Kong, we will closely monitor the development of the Pandemic and the market situation and will adjust our strategies when necessary. We are confident that our management will be able to overcome the adverse impacts of the Pandemic and generate the highest possible returns for the shareholders of the Company upon the business resumes normal.

### Notes:

1. If Type C Mode of Operation is adopted, a “Designated Zone C” must be delineated and (a) it must be ensured that all staff members involved in the operation of the business in the premises have received the first dose of COVID-19 vaccine and keep the vaccination record as proof of vaccination; and (b) it must be ensured that before the customer is allowed to enter the “Designated Zone C” of the premises, he/she scans the “LeaveHomeSafe” venue QR code using the “LeaveHomeSafe” mobile application on his/her mobile phone.
2. If Type D Mode of Operation is adopted, a “Designated Zone D” must be delineated and (a) it must be ensured that all staff members involved in the operation of the business in the premises have completed the COVID-19 vaccination course and keep the vaccination record as proof of vaccination; (b) it must be ensured that at least two-third of the customers have received the first dose of COVID-19 vaccine; and before the customer is allowed to enter the “Designated Zone D” of the premises, he/she scans the “LeaveHomeSafe” venue QR code using the “LeaveHomeSafe” mobile application on his/her mobile phone.

## FINANCIAL REVIEW

### Revenue from operation of bars and gross profit margin

Revenue from operation of bars declined by 69.3% to approximately HK\$8.4 million for the Period, compared to that of approximately HK\$27.4 million for the three months ended 30 June 2020 (the “**Previous Period**”). During the Period, the continuous spreading of COVID-19 in Hong Kong resulted in the imposition of the compulsory shut down of all bars and pubs from 1 April 2021 to 28 April 2021 (the “**Mandatory Closure Period**”). Thus, no revenue was recorded by the Group during the period. The customer flow has also reduced during the period from 29 April 2021 to 9 June 2021 as a result of complying with Type D mode of operation.

Gross profit from operation of bars for the Period amounted to HK\$6.6 million (Previous Period: HK\$20.6 million), representing a decrease of 68.0% as compared with the Previous Period. Such decrease was in line with the decrease in revenue for the Period. The gross profit margin for the Period remained stable at approximately 77.9% (Previous Period: 74.9%).

### Revenue from properties investment

Our revenue from property leasing activities increased by 36.4% to HK\$120,000 for the Period from HK\$88,000 for the Previous Period.

### Other income

Other income decreased from approximately HK\$12.7 million for the Previous Period to approximately HK\$9.2 million for the Period, representing a decrease of approximately 27.6%. Such decrease was mainly due to the reduction of recognition of the subsidies received and receivable under the Catering Business (Social Distancing) Subsidy Scheme launched by the Food and Environmental Hygiene Department of the Hong Kong Government, which amounted to approximately HK\$7.8 million (Previous Period: HK\$12.6 million).

### Staff costs

Staff costs comprise salaries and benefits, including wages, salaries, bonuses, retirement benefit cost and other allowances to all our staff, including our Directors as well as head office and shop staff. Staff costs decreased to approximately HK\$6.9 million for the Period from approximately HK\$10.6 million for the Previous Period, representing a decrease of approximately 34.9%. The staff costs were saved during the Mandatory Closure Period.

### Depreciation of property, plant and equipment

Depreciation represents depreciation charges on its property, plant and equipment, including in leasehold improvements, computer equipment, furniture and fixtures and motor vehicles. Our depreciation charges decreased to approximately HK\$1.8 million for the Period from approximately HK\$2.3 million for the Previous Period, representing a decrease of approximately 21.7%. Such decrease was primarily attributable to the impairment made from Previous Year.

### Depreciation of right-of-use assets

Depreciation represents depreciation charges on right-of-use of shops' lease term. Our depreciation charges decreased by approximately 35.0% to approximately HK\$5.0 million for the Period from approximately HK\$7.7 million for the Previous Period. Such decrease was primarily attributable to the impairment made from Previous Year.

## **FINANCIAL REVIEW** *(Continued)*

### **Property rentals and related expenses**

Our property rentals and related expenses consist of property management fee, operating lease payments and government rates on our shops, office and warehouse. For the Period, property rentals and related expenses increase by approximately 21.3% to approximately HK\$860,000 from approximately HK\$709,000 for the Previous Period. The increase in property rentals and related expenses of approximately HK\$151,000 was mainly due to increase in number of shops during the Period.

### **Other operating expenses**

Other operating expenses recorded a decrease of approximately 25.2% from approximately HK\$5.7 million for the Previous Period to approximately HK\$4.3 million for the Period. The reduction of operating expenses was mainly due to cost saved as a result of the Mandatory Closure Period.

### **Finance costs**

Finance costs for the Period amounted to approximately HK\$829,000, representing an increase of 3.0% when compared to those of approximately HK\$805,000 for the Previous Period. The main reason for the increase in finance costs for the Period was due to increase in finance cost on new borrowing.

### **Taxation**

No current tax provided for the Period being no assessable profit.

### **Dividend**

The Board has resolved not to declare any interim dividend for the Period (Previous Period: Nil).

### **Contingent liabilities**

As at 30 June 2020 and 2021, the Group did not have any significant contingent liabilities.

### **Foreign currency exposure**
