## **CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)**

**GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.**

**Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.**

*Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.*

*This report, for which the directors (the “**Directors**”) of Hyfusin Group Holdings Limited (the “**Company**”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the “**GEM Listing Rules**”) for the purpose of giving information with regard to the Company and its subsidiaries (together, the “**Group**”). The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.*

# CHAIRMAN'S STATEMENT AND MANAGEMENT DISCUSSION AND ANALYSIS

The board (the “**Board**”) of Directors of the Group is pleased to present the audited consolidated financial results of the Group for the year ended 31 December 2021 to the shareholders of the Company (the “**Shareholders**”).

## REVIEW OF RESULTS

For the year ended 31 December 2021, the Group's revenue was approximately HK\$815.1 million. The Group recorded a net profit of approximately HK\$106.2 million for the year ended 31 December 2021.

## LISTING IN HONG KONG

On 19 July 2018 (the “**Listing Date**”), the Company had been successfully listed on GEM of the Stock Exchange in Hong Kong (the “**Listing**”), demonstrating the realisation of capital expansion and structure optimization of the Company as well as enhancing the recognition and social influence of the Company.

## BUSINESS REVIEW

The Group is principally engaged in the manufacturing and sale of candle products with headquarters in Hong Kong and operations in Vietnam. The Group mainly manufactures and sells daily-use candles, scented candles, decorative candles and other products such as diffusers. The major customers of the Group are mostly U.S. and U.K. department store operators and buying agents.

The Group mainly manufactures candle products based on the requirements and specifications from its customers. The Group would also assess the design and specifications and put forward suggestions to its customers. The Group offers a wide variety of services to its customers ranging from product design, raw material selection and procurement, provision of sample candle before mass production, laboratory testing to recommendation to improve the product quality.

The Group targets in mid-to-high end candle products in overseas markets in different countries and regions, mainly in U.S. and U.K. markets. The candle market has an increasing preference over candle products which are scented and with colour additives. With the preference for candle products with scent and coloured additives for use in rooms and households, increasing demand for scented candle products has provided the impetus for the whole market. We are welcomed and favoured by consumers, and are therefore confident about the future business development of the Group.

The analysis of product segment of the Group for the year ended 31 December 2021 is set out in Note 6 to the consolidated financial statements. The scented candles remains the best selling product of the Group during the year ended 31 December 2021, which the sales of scented candles increased by approximately HK\$230.2 million or 67.8% as compared with the same period in 2020. It reflects the trend of preference for candle products with scent and coloured additives is increasing in the U.S. market.

Simultaneously, the demand of daily-use candles is also increasing during the year, the sales of daily-use candles, increased by approximately HK\$48.3 million or 49.2% as compared with the same period in 2020.

In order to catch up the rapid growth of candle products especially in the U.S. market, the Group entered into the contracts with sales representatives for the sales incentive to sales representatives for the orders from customers introduced by them since 2018. The management of the Group gladly cooperates with sales representatives and expects the potential orders introduced by sales representatives in future.

## CHAIRMAN'S STATEMENT AND MANAGEMENT DISCUSSION AND ANALYSIS (CONTINUED)

During the year ended 31 December 2021, the Group was continuously awarded as one of the winners of "Business Partner Award Winner for Differentiate Owned Brands" from our major customer since 2020, as we helped our customer to evolve their category of candle products and increase their sales in candle products. The Group consistently offers compelling designs, competitive price while ensuring product quality, responsible sourcing, sustainability, and a commitment to business partners.

Based on the well established long-term relationships with the customers and with support from our experienced management team of the Group in the industry, the Group has confidence in capturing business opportunities and growth in future.

Since early 2020, the novel coronavirus ("**COVID-19**") pandemic spread worldwide and caused significant threats to the global health and economy. The prolonged COVID-19 pandemic in 2021, had resulted in, among other things, ongoing travel restrictions, prolonged closures of workplaces, lockdowns in certain countries.

In order to control the spread of the COVID-19 pandemic, the Vietnamese Government had implemented a series of precautionary measures such as lockdowns, quarantines, travel restrictions, business shutdowns and vaccination during the year ended 31 December 2021.

The outbreak of the COVID-19 has brought about additional uncertainties in the Group's operating environment and may affect the Group's operations and financial position.

Fortunately, the main businesses of the Group located in Vietnam and Hong Kong had not been affected, mainly attributable to (i) the effective management in stable supply of raw materials for production; and (ii) the Group's enhanced protection against the COVID-19 to ensure the production.

In early July 2021, following the outbreak of the COVID-19 in Vietnam, the local government has implemented a series of containment measures which resulted in many factories in Vietnam imposed temporarily suspension of operation. The Group's subsidiary in Vietnam is one of the model factories recommended by the Vietnamese Government that those factories was allowed for normal operation if they were capable to supply accommodation, meals and living resources and vaccine protection to staff who worked and lived inside factory. The Group's subsidiary in Vietnam maintained the living for approximately 1,200 staff for the productions for around 3 months from July 2021. In August 2021, all of our staff worked and stayed in factory in Vietnam got one dose vaccinated. Vietnam had shifted to the transition phase towards COVID-19 resilience in the 4th quarter of 2021. The precautionary measures such as lockdowns, quarantines were released and resumed in Vietnam from October 2021. As at 31 December 2021, all of our staff in Vietnam got two doses vaccinated. As a result, the Group spent approximately HK\$6.0 million for the above arrangements to safeguard the health of our staff and maintain the operation of the Group's subsidiary in Vietnam which benefited the Group to deliver better financial results in 2021.

The Group has been closely monitoring the impact from the COVID-19 on the Group's businesses to ensure the safety of employees and stable operations. Based on the information currently available, the Directors confirmed that there was no material adverse change in the financial or trading position of the Group up to the date of this report. However, the actual impacts may differ from these estimates as the situation continues evolving and is subject to further information becomes available.

### FINANCIAL REVIEW

#### Revenue

Revenue for the year ended 31 December 2021 amounted to approximately HK\$815.1 million, representing an increase of approximately HK\$259.2 million or 46.6% as compared with that of approximately HK\$555.9 million for the same period in 2020.

The increase in revenue was due to the increase in sales of scented candles and daily-use candles for approximately HK\$230.2 million and HK\$48.3 million respectively for the year ended 31 December 2021.

#### Gross profit and gross profit margin

Gross profit for the year ended 31 December 2021 amounted to approximately HK\$269.9 million, representing an increase of approximately HK\$63.3 million or 30.6% as compared with that of approximately HK\$206.6 million for the same period in 2020.

The gross profit margin decreased to approximately 33.1% for the year ended 31 December 2021 as compared with that of 37.2% for the same period in 2020.

The decrease in the gross profit margin was mainly due to the significant increase of wax price that resulting in our wax cost increased approximately 37.0% averagely for the year ended 31 December 2021.

#### Other income and other gains and losses

Other income for the year ended 31 December 2021 was approximately HK\$1.8 million, representing a decrease of approximately HK\$1.1 million or 37.9% as compared to that of approximately HK\$2.9 million for the same period in 2020. The decrease in other income mainly due to the decrease in surcharge income for the charges on customers for cancellation of orders and the wage subsidies from the Hong Kong SAR Government.

Other losses for the year ended 31 December 2021 amounted to approximately HK\$3.3 million, representing an increase of approximately HK\$0.9 million or 37.5% as compared with other losses of approximately HK\$2.4 million for the same period in 2020. The increase was the combined effect of the increase in allowance of trade receivables for approximately HK\$3.3 million and net off by the decrease in written off of trade receivables for approximately HK\$2.3 million.

### Selling and distribution expenses

Selling and distribution expenses for the year ended 31 December 2021 amounted to approximately HK\$37.1 million, representing an increase of approximately HK\$8.8 million or 31.1% as compared with that of approximately HK\$28.3 million for the same period in 2020.

The increase was mainly due to (i) the increase in transportation and declarations expenses of approximately HK\$5.5 million which was in line with the increase in sales; and (ii) increase in marketing and promotion expenses of approximately HK\$3.7 million which mainly include the increase of approximately HK\$2.6 million for the commission to sales representative in relation to the introduction of new customer orders and increase of approximately HK\$1.1 million for design consultation fee for the new products from new orders.

### Administrative expenses

Administrative expenses for the year ended 31 December 2021 amounted to approximately HK\$96.6 million, representing an increase of approximately HK\$31.5 million or 48.4% as compared with that of approximately HK\$65.1 million for the same period in 2020. The increase in administrative expenses was mainly due to the increase in salary and allowance of approximately HK\$28.0 million.

### Finance costs

Finance costs for the year ended 31 December 2021 amounted to approximately HK\$4.9 million, representing an increase of approximately HK\$0.9 million or 22.5% as compared to that of approximately HK\$4.0 million for the same period in 2020. The increase was mainly due to the increase in using bank borrowings to cope with revenue growth.

### Income tax expense

Income tax expense for the year ended 31 December 2021 amounted to approximately HK\$23.6 million (2020: approximately HK\$19.3 million), representing an increase of approximately HK\$4.3 million or 22.3% as compared with last year. The increase was primarily due to the increase in profit before taxation in Hong Kong and Vietnam.

### Profit for the year

The Group incurred net profit of approximately HK\$106.2 million for the year ended 31 December 2021, representing an increase of approximately HK\$15.8 million or 17.5% as compared with net profit of approximately HK\$90.4 million for the same period in 2020.

Such increase was the combined effect of increase in gross profit of approximately HK\$63.3 million; and offset by (a) decrease in other income of approximately HK\$1.1 million; (b) increase in other losses for approximately HK\$0.9 million; (c) increase in selling and distribution expenses for approximately HK\$8.8 million; (d) the increase in administrative expenses for approximately HK\$31.5 million; (e) increase in finance costs for approximately HK\$0.9 million; and (f) increase in income tax expenses for approximately HK\$4.3 million.

### Dividend

The Board does not recommend the payment of any dividend for the year ended 31 December 2021. The detail is disclosed in Note 14 of the consolidated financial statements.

### Liquidity and Financial Resources

As at 31 December 2021, the Group had total assets of approximately HK\$483.0 million (2020: approximately HK\$353.7 million), which is financed by total liabilities and shareholders' equity (comprising share capital and reserves) of approximately HK\$152.5 million (2020: approximately HK\$129.5 million) and approximately HK\$330.5 million (2020: approximately HK\$224.3 million) respectively.

The total interest-bearing borrowings of the Group as at 31 December 2021 were approximately HK\$62.6 million (31 December 2020: approximately HK\$29.7 million), and the current ratio of the Group as at 31 December 2021 was approximately 2.7 times (31 December 2020: approximately 2.4 times) mainly due to the increase in cash and cash equivalents and inventories.

The Group's gearing ratio, which is calculated by dividing total debt by total equity as at the end of each of the financial year, increased from approximately 14.3% as at 31 December 2020 to approximately 20.0% as at 31 December 2021, primarily due to the increase in bank borrowings.

As at 31 December 2021 and 2020, the Group has unutilised banking facilities of approximately HK\$46.0 million and HK\$62.3 million respectively.

The Directors are of the view that as at the date hereof, the Group's financial resources are sufficient to support its business and operations.

### Treasury Policy

The Group adopts a prudent financial management approach towards its treasury policy and thus maintained a healthy liquidity position throughout the reporting period. The management of the Group regularly reviews the recoverable amount of trade receivables by performing ongoing credit assessments and monitoring prompt recovery and if necessary to make adequate impairment losses for irrecoverable amounts. In order to achieve better cost control and minimise the cost of funds, the Group's treasury activities are centralised and cash is generally deposited with leading licensed banks in Hong Kong and denominated in US dollars.

### Capital Structure

The Company's shares were successfully listed on GEM on 19 July 2018. There has been no change in the Company's capital structure since 19 July 2018 to 31 December 2021. The capital structure of the Group comprises of issued share capital and reserves. The Directors review the Group's capital structure regularly.

As at 31 December 2021, the Company's issued share capital was HK\$11,000,000 and the number of its issued ordinary shares was 1,100,000,000 of HK\$0.01 each.

### Pledge of Assets

As at 31 December 2021 and 2020, the Group had corporate guarantee and pledged certain assets including property, plant and equipment, right-of-use assets, debt instruments at fair value through other comprehensive income, pledged bank deposits with carrying amounts of approximately HK\$82.6 million and HK\$39.9 million respectively to secure the Group's bank borrowings.

### Future Plans for Material Investments or Capital Assets

Save as disclosed in the prospectus of the Company dated 29 June 2018 (the "**Prospectus**") and this annual report, the Group did not have any other plans for material investment and capital assets as at 31 December 2021.

### Foreign Currency Exposure

The majority transactions of expenditure and bank borrowings of the Group are denominated in foreign currencies which are different from the functional currency of the Group, i.e. US dollar. The Group is mainly exposed to foreign exchange risk arising from transactions that are denominated in Hong Kong dollar and Vietnamese dong. During the year ended 31 December 2021, the Group did not have any hedging arrangements. The Group currently does not have a foreign currency hedging policy. However, the management of the Group manages its foreign currency risk by closely monitoring the movement of the foreign currency rates and considering hedging significant foreign currency exposure should the need arises. The management of the Group considers the exposure to the foreign exchange risk fluctuation for the Group is not material.

### Capital Commitments

As at 31 December 2021, the Group had capital commitments of approximately HK\$1.2 million in respect of property, plant and equipment and construction in Vietnam (2020: approximately HK\$23.9 million).

### Contingent Liabilities

As at 31 December 2021, the Group did not have any contingent liabilities (2020: Nil).

### Employees and Remuneration Policies

As at 31 December 2021, the Group employed approximately 1,400 (2020: approximately 1,830) staff (including executive Directors). The Group determines the employees' remuneration based on factors such as qualification, duty, contributions and years of experience. In addition, the Group provides comprehensive training programs to its employees or sponsors the employees to attend various job-related training courses.

### Significant Investments, Material Acquisitions and Disposals of Subsidiaries and Capital Assets

Fleming International Vietnam Limited, an indirect wholly-owned subsidiary of the Company, entered into the construction contract with the independent contractor in relation to the construction of the new factory on the land located at plot no. 236 (formerly known as plot no. 51), Amata Road, Amata Industrial Park, Long Binh Park, Bien Hoa City, Dong Nai Province, Vietnam which acquired in 2018 with the final construction cost of approximately VND106,554,000,000 (equivalent to approximately HK\$36.5 million).

The building construction work of the new factory commenced in December 2020 and completed in December 2021. For further details on the construction of the new factory, please refer to the circular of the Company dated 8 December 2020 and the announcements of the Company 15 October 2018, 2 November 2020 and 5 March 2021.

The Directors consider that the terms of the construction contract and the contract price are fair and reasonable and in the interests of the Company and the Shareholders as a whole.

Save as disclosed above and other than disclosed as elsewhere in this annual report, the Group did not have any significant investments, material acquisitions and disposals of subsidiaries and capital assets during the year ended 31 December 2021.

### PRINCIPAL RISKS AND UNCERTAINTIES

There are certain risks and uncertainties involved in the Group's current operations, some of which are beyond the Group's control. The most significant risks relating to the business such as (i) fluctuations in prices of raw materials or unstable supply of raw materials could negatively impact the operations and may affect our profitability; (ii) our business is concentrated in the U.S. and the U.K. and is highly susceptible to any adverse economic or social conditions in these markets which would materially and adversely affect the demand for the products; (iii) our business relies on key management personnel; and (iv) the credit risk of trade receivables that the cash flow position may be affected. A detailed discussion of the risk factors is set out in the section headed "Risk Factors" in the Prospectus.

### OUTLOOK

Looking forward, the business and operation environments of the Group will remain challenging. Nevertheless, we will embrace these challenges by implementing proactive marketing strategies, investing more resources for product development and reinforcing on cost control measures.

Based on our success, we remain optimistic about the Group's future development. We intend to execute our development plan as set forth in the Prospectus carefully and prudently for the purpose of bringing a desirable return to the Shareholders and facilitating the long-term growth of the business of the Group.

## USE OF PROCEEDS

The net proceeds received by the Group from the Listing after deducting the relevant one-off and non-recurring listing expenses amounted to approximately HK\$44.5 million (based on the public offering price of HK\$0.295 per share), which was below the estimated net proceeds of approximately HK\$50.5 million (estimated on the assumption that the public offering price would be HK\$1.1 per share), the midpoint of the range stated in the Prospectus.

The following sets forth a summary of the allocation of the net proceeds and its utilisation as at 31 December 2021, as compared to that envisaged in the Prospectus.

### Comparison of Business Objectives with Actual Business Progress

An analysis comparing the business objectives as stated in the Prospectus with the Group's actual business progress for the period from the Listing Date (i.e. 19 July 2018) to 31 December 2021 is set out below:

	Approximate amount of net proceeds <i>HK\$ million</i>	Approximate actual utilised as at 31 December 2021 <i>HK\$ million</i>	Unused amount of net proceeds as at 31 December 2021 <i>HK\$ million</i>
Upgrade existing production facilities	6.2	–	6.2
Acquisition of new production facilities	18.1	18.1	–
Purchase of new machinery	9.2	9.2	–
Installation of ERP systems	2.0	0.1	1.9
Partial repayment of bank loans	6.9	6.9	–
General working capital	2.1	2.1	–
	44.5	36.4	8.1

### Upgrade existing production facilities

As at 31 December 2021, the management of the Group would consider the renovation of existing production facilities after the completion of the construction of new production facility. The Group expects the demolition works and renovation of existing production facilities will be scheduled in 2022.

### Acquisition of new production facility

In 2019, the Group completed the acquisition of the new land for new production facility. In 2020, the Group completed the tender process and commenced the construction work for building construction of new production facility. As at 31 December 2021, the Group's building construction of new production facility was completed and fully utilised approximately HK\$18.1 million from part of net proceeds allocated for the new production facility.

### Acquisition of new machinery

As at 31 December 2021, the Group paid approximately HK\$9.2 million for the acquisition of machineries for the expected increasing purchase orders from its customers.

### Installation of ERP systems

As at 31 December 2021, a total of approximately HK\$0.1 million was spent on the purchase of new computers and related hardware peripherals. The Group is planning to install ERP systems for production and warehouse management and customer relationship management. The Group is seeking various systems and expects the implementation of such ERP systems in 2022.

### Partial repayment of bank loans

The Group repaid the balance of bank loans in Hong Kong and Vietnam of approximately HK\$2.9 million and repaid overdraft in Hong Kong amounting to approximately HK\$4.0 million.

Except as explained above, the Group intends to continue to apply the net proceeds received from the Listing in the manner consistent with that mentioned in the section headed "Future Plans and Use of Proceeds" of the Prospectus.

All the unutilised balances of net proceeds have been placed in licensed banks for short-term deposits.

The Directors are not aware of any material change to the planned use of proceeds as at the date of this annual report.

## CORPORATE GOVERNANCE PRACTICES

The Board acknowledges the importance of good corporate governance practices and believes that maintaining a high standard of corporate governance practices is crucial to the development of the Company. The Board will continue to review its corporate governance practices in order to enhance its corporate governance standards, comply with the increasingly complicated regulatory requirements, and meet with the rising expectations of the Shareholders and respective investors. The Corporate Governance Code (the “**CG Code**”) as set out in Appendix 15 to the GEM Listing Rules has been applicable to the Company from the Listing Date. The Board is of the view that during the year ended 31 December 2021 (the “**Relevant Period**”), the Company has complied with all applicable code provisions as set out in the CG Code.

According to the code provision C.2.1 of the CG Code, the roles of the chairman and the chief executive should be separate and should not be performed by the same individual. During the year ended 31 December 2021, the role of the chairman of the Company is performed by Mr. Wong Wai Chit and the executive functions of a chief executive officer are discharged by Mr. Wong Man Chit as the chief executive officer of the Company.

In accordance with article 132 of the memorandum and articles of association (the “**Articles**”) of the Company, the Directors may elect a chairman of the Board meetings and determine the period for which he/she is to hold office. If no such chairman is elected, the Directors present may choose one of their members to be chairman of the meeting. The Board considers this arrangement allows contributions from all Directors with different expertise to manage the Group’s overall business development, implementation and management.

The key corporate governance principles and practices of the Company are summarised as follows:

## BOARD OF DIRECTORS

The Board cultivates good governance as the cornerstone of the Group’s corporate culture. The Board is responsible for the leadership and control of the Company and is accountable to the Shareholders for the strategic development of the Group with a targeted goal in respect of maximising long-term Shareholder value, while balancing stakeholders’ interests. The Board formulates the overall strategic direction, while the management is delegated with the power to implement policies and strategies as set out by the Board. The Board has also delegated the day-to-day responsibility to the executive Directors who will meet regularly to review the financial results and performance of the Group. The Group oversees the Group’s affairs in a responsible and effective manner.

The Board has a balanced composition of executive and non-executive Directors. Currently, the Board comprises two executive Directors and three independent non-executive Directors. At all times during the Relevant Period, the independent non-executive Directors represent at least one-third of the Board. Each of the executive Directors has entered into a service agreement with the Company for a term of three years commencing from 19 July 2021 which shall continue thereafter unless and until terminated by not less than three months’ notice in writing served by either party on the other. Mr. Chan Cheong Tat and Mr. Ho Chi Wai have entered into a letter of appointment as independent non-executive Directors with the Company for a three years commencing from 19 July 2021, Mr. Chu Kin Wang, Peleus appointed on 1 December 2021 has entered into a letter of appointment as independent non-executive Director with the Company for an initial term of three years commencing from 1 December 2021 which shall continue thereafter unless and until terminated by not less than three months’ notice in writing by either party on the other. Their appointments are subject to retirement by rotation and re-election at the Company’s annual general meeting (“**AGM**”) in accordance with the Articles.

## CORPORATE GOVERNANCE REPORT (CONTINUED)

The composition of the Board is as follows:

### Executive Directors

Mr. Wong Wai Chit (*Chairman*)

Mr. Wong Man Chit (*Chief Executive Officer*)

### Non-executive Director

Ms. Wong Fong (resigned on 1 December 2021)

### Independent non-executive Directors

Mr. Chan Cheong Tat

Mr. Ho Chi Wai

Mr. Chu Kin Wang, Peleus (appointed on 1 December 2021)

Mr. Yu Pui Hang (resigned on 1 December 2021)

The biographical information of the Directors, which is set out on pages 26 to 29 in this annual report, demonstrates a balance of skills, experience and diversity perspectives of the Board. Except as disclosed in the biography of Directors, the Directors have no financial, business, family or other material/relevant relationships with the Group.

The Company has throughout the Relevant Period met the requirements of the GEM Listing Rules relating to the appointment of the independent non-executive Directors with at least one of them possessing appropriate accounting professional qualifications as required under Rule 5.05(2) of the GEM Listing Rules. Mr. Ho Chi Wai is one of three independent non-executive Directors, possesses the appropriate professional qualifications, or accounting or related financial management expertise as required under Rule 5.05(2) of the GEM Listing Rules. Each of the independent non-executive Directors has submitted a written statement to the Stock Exchange confirming their independence prior to their respective appointment and has undertaken to inform the Stock Exchange as soon as practicable if there is any subsequent change of circumstances which may affect their independence. The Company has also received a written confirmation from each of the independent non-executive Directors in respect of their independence during the year ended 31 December 2021. The Board considers that all independent non-executive Directors are being considered to be independent by reference to the factors stated in Rule 5.09 of the GEM Listing Rules throughout the year ended 31 December 2021.

In accordance with article 108(a) of the Articles, at each AGM one-third of the Directors for the time being (or, if their number is not three or a multiple of three, then the number nearest to but not less than one-third) shall retire from office by rotation provided that every Director shall be subject to retirement by rotation at least once every three years. Such retiring Directors shall be eligible for re-election at the AGM.

In accordance with article 112 of the Articles, any Director appointed by the Board during the year to fill a casual vacancy shall hold office only until the first general meeting of the Company after such appointment and be subject to re-election at such meeting and any Director appointed by the Board as an addition to the existing Board shall hold office only until the next following AGM and shall then be eligible for re-election. Any Director appointed under article 112 of the Articles shall not be taken into account in determining the Directors of the number of Directors who are to retire by rotation at the AGM. Other matters reserved for the Board include consideration of dividend policy, approval of major investments and review of the corporate governance practices of the Group. Daily operations and administration are delegated to management teams.

The Company has arranged insurance cover in respect of legal action against its Directors. The insurance coverage is reviewed at least annually to ensure that the Directors and officers are adequately protected against potential liabilities.

Each Director is normally able to seek independent professional advice in appropriate circumstances at the Company's expense, upon reasonable request made to the Board.

### NOMINATION COMMITTEE

The Company has established the nomination committee (the "**Nomination Committee**") on 23 June 2018 with specific written terms of reference in compliance with the CG Code as set out in Appendix 15 to the GEM Listing Rules. The terms of reference setting out the Nomination Committee's authority, duties and responsibilities are available on both the GEM website and the Company's website. The primary duties of the Nomination Committee are to review the structure, size and composition of the Board on a regular basis; identify qualified individuals to become Board members; assess the independence of independent non-executive Directors; make recommendations to the Board on relevant matters relating to the appointment or re-appointment of Directors; and monitor the implementation of the board diversity policy on an ongoing basis.

To facilitate sustainable and balanced development of the Company, the Nomination Committee has adopted a board diversity policy (the "**Diversity Policy**"), which sets out the approach to achieve diversity of the Board. Under the Diversity Policy, the appointment and/or recommendation for appointment will be based on objective criteria, having due regard to the benefits of diversity on the Board, including, among others, the candidates' gender, age, cultural and educational background, ethnicity, professional experience, skills, knowledge and length of service. Decisions of the Nomination Committee are made based on the merits and contribution of the selected candidates.

## CORPORATE GOVERNANCE REPORT (CONTINUED)

The Nomination Committee has also adopted a nomination policy (the “**Nomination Policy**”) which sets out the selection criteria and procedure of appointment and re-appointment of Directors.

### Procedure and Process for Nomination of Directors

The Nomination Committee will recommend to the Board for the appointment of a Director including an independent non-executive Director in accordance with the following selection criteria and nomination procedures:

#### Selection Criteria

The Nomination Committee shall consider the following criteria in evaluating and selecting candidates for directorships:

- (a) Diversity in the aspects, amongst others, of gender, age, cultural and educational background, professional experience, skills, knowledge and length of service;
- (b) The number of directorships in other listed/public companies;
- (c) Commitment for responsibilities of the Board in respect of available time and relevant interest;
- (d) Qualifications, including accomplishment and experience in the relevant industries in which the Group’s business is involved;
- (e) Experience in the Group’s principal business and/or the industry in which the Group operates;
- (f) Independence;
- (g) Reputation for integrity; and
- (h) Potential contributions that the individual can bring to the Board.

#### Nomination Procedures

The Nomination Committee will recommend to the Board for the appointment of a Director in accordance with the following procedures and process:

- i. The Nomination Committee and/or the Board may select candidates for directorship from various channels, including but not limited to internal promotion, re-designation, referral by other member of the management and external recruitment agents, and may seek independent professional advice to access a wider range of potential candidates.
- ii. The secretary of the Nomination Committee shall invite nomination of candidates from the Board members (if any) for consideration by the Nomination Committee. The Nomination Committee may also put forward candidates who are not nominated by the Board.

- iii. Upon considering a candidate suitable for the directorship, the Nomination Committee will hold a meeting and/or by way of written resolutions to, if thought fit, approve the recommendation to the Board for appointment.
- iv. The Nomination Committee will provide the relevant information of the selected candidate to the Remuneration Committee for consideration of the remuneration package of such selected candidate.
- v. The Nomination Committee will thereafter make the recommendation to the Board in relation to the proposed appointment, and the Remuneration Committee will make the recommendation to the Board on the policy and structure for the remuneration.
- vi. All appointment of Directors will be confirmed by the filing of the consent to act as Director of the relevant Director (or any other similar filings requiring the relevant Director to acknowledge or accept the appointment as Director, as the case may be) to be filed with the relevant regulatory authorities, if required.
- vii. For any person that is nominated by a Shareholder for election as a Director at the general meeting of the Company, the Nomination Committee and/or the Board should evaluate such candidate based on the criteria as set out above to determine whether such candidate is qualified for directorship.
- viii. The Nomination Committee and/or the Board should make recommendation to the Shareholders in respect of the proposed election of Director at the general meeting.

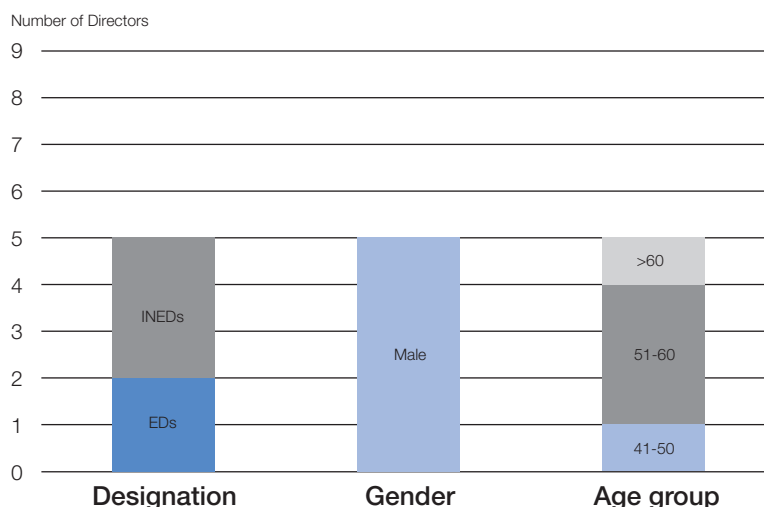

The Nomination Committee comprised a total of three members, being the three independent non-executive Directors, namely Mr. Chan Cheong Tat, Mr. Ho Chi Wai and Mr. Chu Kin Wang, Peleus. The chairman of the Nomination Committee is Mr. Ho Chi Wai.

During the Relevant Period, the Nomination Committee held two meetings for, *inter alia*, considering the retirement and re-election of the Directors at the AGM, assess the independence of independent non-executive Directors, nomination of appointment of an independent non-executive Director and to assess, review and make recommendations on the structure, size and composition of the Board.

Details of the attendance records of each committee member at the Nomination Committee meeting are set out under the subheading “Practices and Conduct of Meetings” below.

## REMUNERATION COMMITTEE

The Company has established the remuneration committee (the “**Remuneration Committee**”) on 23 June 2018 with specific written terms of reference in compliance with the CG Code. The terms of reference setting out the Remuneration Committee’s authority, duties and responsibilities are available on both the GEM website and the Company’s website. The primary duties of the Remuneration Committee are to make recommendations to the Board on the overall remuneration policy and structure relating to the Directors and senior management of the Group; review performance-based remuneration; make recommendations to the Board on the remuneration packages of the Directors and senior management of the Group; and ensure none of the Directors determine their own remuneration. The remuneration committee has adopted the model as described in the code provision B.1.2(c)(ii) of the CG Code to make recommendations to the Board on the remuneration packages of individual executive Directors, including salaries, bonuses and benefits in kind.

The Remuneration Committee comprised a total of three members, being the three independent non-executive Directors, namely Mr. Chan Cheong Tat, Mr. Ho Chi Wai and Mr. Chu Kin Wang, Peleus. The chairman of the Remuneration Committee is Mr. Chu Kin Wang, Peleus.

For the financial year ended 31 December 2021, the remuneration of Directors was determined by their experience, responsibility, workload and the time devoted to the Group. Executive Directors and employees also participate in bonus arrangements determined in accordance with the performance of the Group and the individual’s performance.

During the Relevant Period, the Remuneration Committee held five meetings for, *inter alia*, reviewing the remuneration policy of the Company, the Directors’ fee of the independent non-executive Directors and non-executive Director and remuneration packages of the executive Directors.

Details of the attendance records of each committee member at the Remuneration Committee meeting are set out under the subheading “Practices and Conduct of Meetings” below.

### AUDIT COMMITTEE

The Company has established the audit committee (the “**Audit Committee**”) on 23 June 2018 with specific written terms of reference in compliance with Rules 5.28 to 5.29 of the GEM Listing Rules and the CG Code. The terms of reference setting out the Audit Committee’s authority, duties and responsibilities are available on both the GEM website and the Company’s website. The primary duties of the Audit Committee are mainly to make recommendation to the Board on the appointment and removal of external auditor; review financial statements and material advice in respect of financial reporting; and review risk management and internal control system of the Company. The Audit Committee shall consider whether, in order to assure continuing auditor independence, there should be a regular rotation of the independent registered public accounting firm.

The Audit Committee comprised a total of three members, being the three independent non-executive Directors, namely Mr. Chan Cheong Tat, Mr. Ho Chi Wai and Mr. Chu Kin Wang, Peleus. The chairman of the Audit Committee is Mr. Chan Cheong Tat. None of the members of the Audit Committee is a former partner of the Company’s and its subsidiary’s existing external auditors.

During the Relevant Period, the Audit Committee held four meetings for, *inter alia*, (1) discussing with the external auditor to assess the impact on applying the new accounting standard; (2) reviewing the audited consolidated financial statements for the year ended 31 December 2020, the unaudited consolidated financial statements for the nine months ended 30 September 2021, six months ended 30 June 2021 and three months ended 31 March 2021; (3) reviewing risk management and internal control system in accordance with code provision D.2.1 of the CG Code; (4) improving current standard of operational control procedures; and (5) considering the appointment and re-appointment of external auditor of the Company and reviewing and approving the audit scope and fees proposed by the external auditor.

Details of the attendance records of each committee member at the Audit Committee meeting are set out under the subheading “Practices and Conduct of Meetings” below.

### PRACTICES AND CONDUCT OF MEETINGS

Schedules and agendas for regular Board meetings are normally agreed with the Directors in advance in order to facilitate them to attend. Notice of at least 14 days is given for a regular Board meeting. For other Board meetings, reasonable notice is given. Board papers together with appropriate, complete and reliable information are circulated to all Directors not less than 3 days before the date of the Board meetings to enable them to make informed decisions.

All Directors are supplied in a timely manner with all relevant documentation and financial information. The company secretary is responsible to keep minutes of all Board meetings. Draft minutes are normally circulated to all Directors for comments within a reasonable time after each meeting and the final version is open for their inspection.

The Board has acknowledged their responsibility for the preparation of the consolidated financial statements for the year ended 31 December 2021 which give a true and fair view of the state of affairs of the Group in accordance with the statutory requirements and accounting standards and other financial disclosure requirement under the GEM Listing Rules. The management of the Group has provided sufficient explanation and information to the Board as necessary to enable the Board to make an informed assessment of the financial information and position of the Group for the Board's approval. The statement by auditor about their reporting responsibilities is set out in the independent auditor's report on the consolidated financial statements.

## REMUNERATION POLICY FOR DIRECTORS AND SENIOR MANAGEMENT

The remuneration policy of the Group is to ensure the fairness and competitiveness of total remuneration. The emoluments of executive Directors are determined based on the skills, knowledge, individual performance as well as contributions, the scope of responsibility and accountability of such Directors, taking into consideration the Company's performance and prevailing market conditions. The remuneration of the executive Directors and senior management of the Group is subject to review and approval by the Remuneration Committee. The remuneration policy of independent non-executive Directors is to ensure that they are adequately compensated for their efforts and time dedicated to the Company's affairs. Their emoluments are determined with reference to their skills, experience, knowledge, duties and market trends. The remuneration of the independent non-executive Directors is subject to approval by the Board.

Particulars of the Directors' remuneration for the year ended 31 December 2021 are set out in Note 12 to the consolidated financial statements.

## CORPORATE GOVERNANCE REPORT (CONTINUED)

## RISK MANAGEMENT AND INTERNAL CONTROLS

The Board acknowledges its responsibility for the effectiveness of the Group's internal control and risk management systems. Such internal control and risk management systems are designed to manage rather than eliminate the risk of failure to achieve business objectives and can only provide reasonable but not absolute assurance against material misstatement or loss. The Board had conducted a review on the effectiveness of the Group's internal control and risk management systems once during the year ended 31 December 2021 which covered financial, operational, compliance procedural and risk management functions and had considered the adequacy of resources, staff qualifications and experience, training programmes and budget of the Group's accounting and financial reporting function. In light of the size and scale of the Group's business, the Group does not have an internal audit function as the Board has reviewed the effectiveness of the internal control system of the Group and is currently of the view that there is no immediate need to set up an internal audit function within the Group. The Board will review and consider to establish such department as and when it thinks necessary.

The Group has engaged an external professional consultant, to conduct independent internal control review for the year ended 31 December 2021 and the review is completed as at the date of this annual report.

The Group believes that good corporate governance practices are very important for maintaining and promoting investor confidence and for the sustainable growth of the Group. The Group has therefore made continued efforts to uplift its quality of corporate governance. It has established an effective system of internal controls and adopted a series of measures to ensure its safety and effectiveness. As a result, the Group is able to safeguard its assets and protect the interests of the Shareholders.

The Board is of the view that the systems of internal control and risk management are effective and there are no irregularities, improprieties, fraud or other deficiencies that suggest material deficiency in the effectiveness of the Group's internal control system.

## CORPORATE GOVERNANCE REPORT (CONTINUED)

### Internal Control System

The Company has maintained an internal control system and its implementation has been considered effective by the Audit Committee and the Board. Meanwhile, the Group strives for continual improvement through efforts to enhance controls, ongoing employee training and development, talent retention, and other measures. The Group follows a disciplined and balanced compensation framework with strong internal governance and independent Board oversight. The impact of risk and control issues are carefully considered in the Group's performance evaluation and incentive compensation processes.

### SHAREHOLDERS AND INVESTORS' RELATIONS

The Board has established shareholders communication policy and is dedicated to maintaining an on-going dialogue with the Shareholders and the investment community. The policy is subject to review regularly to ensure its effectiveness. It aims to ensure the Shareholders and the investment community are provided with ready and timely access to all publicly available information about the Company such as circulars and Company's financial reports (quarterly, interim and annual reports) so as to enable the Shareholders to exercise their rights in an informed manner and to allow the Shareholders and investment community to engage actively with the Company. We welcome the Shareholders and investment community to visit the Company's website at <http://www.hyfusingroup.com> to obtain up-to-date information regarding the Company.

### TO THE SHAREHOLDERS OF HYFUSIN GROUP HOLDINGS LIMITED

(incorporated in the Cayman Islands with limited liability)

#### Opinion

We have audited the consolidated financial statements of Hyfusin Group Holdings Limited (the “Company”) and its subsidiaries (together the “Group”) set out on pages 49 to 121, which comprise the consolidated statement of financial position as at 31 December 2021, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2021, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

#### Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing (“HKSA”) issued by the HKICPA. Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements” section of our report. We are independent of the Group in accordance with the HKICPA’s “Code of Ethics for Professional Accountants” (“the Code”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

### Impairment assessment of trade receivables

As at 31 December 2021, the Group's gross trade receivables and loss allowances amounted to approximately HK\$90,486,000 and HK\$4,089,000 respectively.

In determining the expected credit losses ("ECL") for trade receivables, management considers the credit rating of the debtors on an individual basis, taking into consideration of forward-looking information that is reasonable and supportable without undue costs or effort.

We identified the impairment of trade receivables as a key audit matter because of the significant judgement involved in developing and implementing the ECL model and high level of estimation uncertainty and the significance of the carrying amounts of trade receivables to the Group's consolidated financial statements.

Refer to Notes 20 and 31(b) to the consolidated financial statements and the accounting policies in Note 4(l)(ii) to the consolidated financial statements.

Our response:

- Evaluated the ECL model applied by the management and verified whether it is consistent with the requirements of HKFRS 9;
- Checked data inputs to supporting documents in determining the ECL;
- Challenged key assumptions and judgements, such as evaluating whether the probability of default and loss given default are reasonable and appropriately adjusted based on current economic conditions and forward-looking information; and
- Read and assessed the disclosures made in the consolidated financial statements.

## INDEPENDENT AUDITOR'S REPORT (CONTINUED)

### Other Information in the Annual Report

The directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Directors' Responsibilities for the Consolidated Financial Statements

The directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The directors are also responsible for overseeing the Group's financial reporting process. The Audit Committee assists the directors in discharging their responsibility in this regards.

### Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with the terms of our engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

## INDEPENDENT AUDITOR'S REPORT (CONTINUED)

As part of an audit in accordance with HKSAAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

## INDEPENDENT AUDITOR'S REPORT (CONTINUED)

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2021

## 1. GENERAL INFORMATION

Hyfusin Group Holdings Limited (the “**Company**”) was incorporated in the Cayman Islands as an exempted company and registered in the Cayman Islands with limited liability under the Companies Act of the Cayman Islands on 5 July 2017. The shares of the Company have been listed on GEM of The Stock Exchange of Hong Kong Limited (the “**Stock Exchange**”) on 19 July 2018. Its registered office is located at Windward 3, Regatta Office Park, PO Box 1350, Grand Cayman KY1-1108, Cayman Islands and principal place of business is located at Unit Nos. 4-8, 2/F, Aberdeen Marina Tower, 8 Shum Wan Road, Aberdeen, Hong Kong.

The Company is an investment holding company and its subsidiaries (the “**Group**”) are principally engaged in manufacturing and sale of candle products. Its parent and ultimate holding company is AVW International Limited (“**AVW**”), a private company incorporated in the British Virgin Islands (the “**BVI**”). Its ultimate controlling shareholders are Mr. Wong Man Chit (“**Mr. Andrew Wong**”) and Mr. Wong Wai Chit (“**Mr. Vincent Wong**”), who are brothers and act in concert over AVW and the companies now comprising the Group (the “**Controlling Shareholders**”).

## 2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS (“**HKFRSs**”)

### (a) Adoption of new or amended HKFRSs

In the current year, the Group has applied the following amendments to HKFRSs issued by the Hong Kong Institute of Certified Public Accountants (“**HKICPA**”) for the first time, which are relevant to and effective for the Group’s consolidated financial statements for the annual period beginning on 1 January 2021:

Amendment to HKFRS 16	Covid-19 Related Rent Concessions
Amendments to HKAS 39, HKFRS 4, HKFRS 7, HKFRS 9 and HKFRS 16	Interest Rate Benchmark Reform – Phase 2

Except as described below, the adoption of the above amendments to HKFRSs has no material impact on the Group’s results and financial position for the current or prior period. The Group has not early applied any new or amended HKFRSs that is not yet effective for the current accounting period.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

For the year ended 31 December 2021

### 2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (Continued)

#### (a) Adoption of new or amended HKFRSs (Continued)

##### **Amendments to HKAS 39, HKFRS 4, HKFRS 7, HKFRS 9 and HKFRS 16 – Interest Rate Benchmark Reform – Phase 2**

The amendments relate to changes in the basis for determining the contractual cash flows of financial assets, financial liabilities and lease liabilities as a result of interest rate benchmark reform, specific hedge accounting requirements and related disclosure requirements applying HKFRS 7 Financial Instruments: Disclosure (“**HKFRS 7**”).

As at 1 January 2021, the Group has several bank borrowings, the interests of which are indexed to benchmark rates that will or may be subject to interest rate benchmark reform. The following table shows the total amounts of these outstanding contracts. The amounts of bank borrowings are shown at their carrying amounts.

	<b>USD London Interbank Offered Rate (“LIBOR”) HK\$’000</b>
<b>Financial liabilities</b>	
Bank borrowings	11,729

The amendments have had no impact on the consolidated financial statements as none of the relevant contracts has been transitioned to the relevant replacement rates during the year. The Group will apply the practical expedient in relation to the changes in contractual cash flows resulting from the interest rate benchmark reform for bank loans measured at amortised cost. Additional disclosures as required by HKFRS 7 are set out in note 31(b)(i).

For the year ended 31 December 2021

## 2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (Continued)

### (b) New and amendments to HKFRSs that have been issued but are not yet effective

The following new and amendments to HKFRSs, potentially relevant to the Group’s consolidated financial statements, have been issued, but are not yet effective and have not been early adopted by the Group. The Group’s current intention is to apply these changes on the date they become effective.

HKFRS 17	Insurance Contracts and the related Amendments <sup>3</sup>
Amendments to HKFRS 3	Reference to Conceptual Framework <sup>2</sup>
Amendments to HKFRS 10 and HKAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture <sup>4</sup>
Amendment to HKFRS 16	Covid-19-Related Rent Concessions beyond 30 June 2021 <sup>1</sup>
Amendments to HKAS 1	Classification of Liabilities as Current or Non-current and related amendments to Hong Kong Interpretation 5 (2020) <sup>3</sup>
Amendments to HKAS 1 and HKFRS Practice Statement 2	Disclosure of Accounting Policies <sup>3</sup>
Amendments to HKAS 8	Definition of Accounting Estimates <sup>3</sup>
Amendments to HKAS 12	Deferred Tax related to Assets and Liabilities arising from a Single Transaction <sup>3</sup>
Amendments to HKAS 16	Property, Plant and Equipment: Proceeds before Intended Use <sup>2</sup>
Amendments to HKAS 37	Onerous Contracts – Cost of Fulfilling a Contract <sup>2</sup>
Amendments to HKFRSs	Annual Improvements to HKFRSs 2018-2020 <sup>2</sup>

<sup>1</sup> Effective for annual periods beginning on or after 1 April 2021

<sup>2</sup> Effective for annual periods beginning on or after 1 January 2022

<sup>3</sup> Effective for annual periods beginning on or after 1 January 2023

<sup>4</sup> Effective for annual periods beginning on or after a date to be determined

The Group is in the process of making an assessment of what the impact of these new or revised HKFRSs is expected to be in the period of initial application. So far the directors of the Company (the “**Directors**”) concluded that the adoption of these new and amendments to HKFRSs will have no material impact on the Group’s consolidated financial statements.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

For the year ended 31 December 2021

### 3. BASIS OF PREPARATION

#### (a) Statement of compliance

The consolidated financial statements have been prepared in accordance with all applicable HKFRSs, Hong Kong Accounting Standards (“**HKASs**”) and Interpretations (hereinafter collectively referred to as the “**HKFRSs**”) and the disclosure requirements of the Hong Kong Companies Ordinance. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on GEM of the Stock Exchange of Hong Kong Limited (the “**GEM Listing Rules**”).

#### (b) Basis of measurement

The Directors have, at the time of approving the consolidated financial statements, a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the consolidated financial statements.

The consolidated financial statements have been prepared under historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies set out below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of HKFRS 2 Share-Based Payment, leasing transactions that are accounted for in accordance with HKFRS 16 Leases, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in HKAS 2 Inventories or value in use in HKAS 36 Impairment of Assets.

For the year ended 31 December 2021

### 3. BASIS OF PREPARATION (Continued)

#### (b) Basis of measurement (Continued)

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

#### (c) Functional and presentation currency

The functional currency of the Company is United States dollars (“**US\$**”), while the consolidated financial statements are presented in Hong Kong dollars (“**HK\$**”). As the Company is listed on GEM of the Stock Exchange of Hong Kong Limited, the Directors consider that it will be more appropriate to adopt HK\$ as the Group’s and the Company’s presentation currency.

### 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### (a) Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

For the year ended 31 December 2021

### 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (a) Basis of consolidation (Continued)

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Group gains control until the date when the Group ceases to control the subsidiary.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

#### (b) Subsidiaries

A subsidiary is an investee over which the Company is able to exercise control. The Company controls an investee if all three of the following elements are present: (i) power over the investee, (ii) exposure, or rights, to variable returns from the investee, and (iii) the ability to use its power to affect those variable returns. Control is reassessed whenever facts and circumstances indicate that there may be a change in any of these elements of control.

In the Company's statement of financial position, investments in subsidiaries are carried at cost less impairment loss, if any. The results of the subsidiaries are accounted for by the Company on the basis of dividends received and receivable.

#### (c) Revenue recognition

Under HKFRS 15, the Group recognises revenue when (or as) a performance obligation is satisfied, i.e. when "control" of the goods or services underlying the particular performance obligation is transferred to the customer.

Control is transferred over time and revenue is recognised over time by reference to the progress towards complete satisfaction of the relevant performance obligation if one of the following criteria is met:

- the customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs;
- the Group's performance creates and enhances an asset that the customer controls as the Group performs; or
- the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

Otherwise, revenue is recognised at a point in time when the customer obtains control of the distinct good or service.

For the year ended 31 December 2021

#### 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

##### (c) Revenue recognition (Continued)

###### **Sales of candle products**

Revenue is thus recognised at the point in time when customers obtain control of candle products when the goods are transferred to the customers, being when the goods have been shipped to customers' specified location. There is generally only one performance obligation.

###### **Interest income**

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

###### **Dividend income**

Dividend income from investments is recognised when the shareholders' rights to receive payment have been established.

###### **Refund liability**

A refund liability is recognised for the obligation to refund some or all of the consideration received (or receivable) from a customer and is measured at the amount the Group ultimately expects it will have to return to the customer. The Group updates its estimates of refund liabilities (and the corresponding change in the transaction price) at the end of each reporting period.

###### **Variable consideration**

For contracts that contain variable consideration in relation to sales rebate and refund for defective goods to customers, the Group estimates the amount of consideration to which it will be entitled using either (a) the expected value method or (b) the most likely amount, depending on which method better predicts the amount of consideration to which the Group will be entitled.

The estimated amount of variable consideration is included in the transaction price only to the extent that it is highly probable that such an inclusion will not result in a significant revenue reversal in the future when the uncertainty associated with the variable consideration is subsequently resolved.

At the end of each reporting period, the Group updated the estimated transaction price (including updating its assessment of whether an estimate of variable consideration is constrained) to represent faithfully the circumstances present at the end of the reporting period and the changes in circumstances during the reporting period.

#### (c) Revenue recognition (Continued)

##### **Contract assets and liabilities**

A contract asset represents the Group's right to consideration in exchange for goods or services that the Group has transferred to a customer that is not yet unconditional. In contrast, a receivable represents the Group's unconditional right to consideration, i.e. only the passage of time is required before payment of that consideration is due.

A contract liability represents the Group's obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer.

A contract asset and a contract liability relating to the same contract are accounted for and presented on a net basis.

#### (d) Property, plant and equipment

Property, plant and equipment are tangible assets held for use in the production or supply of goods or services, or for administrative purposes are stated in the consolidated statement of financial position at cost less subsequent accumulated depreciation and subsequent accumulated impairment losses, if any.

Buildings in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Costs include any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management and, for qualifying assets, borrowing costs capitalised in accordance with the Group's accounting policy. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Depreciation is recognised so as to write off the cost of assets less their residual values over their estimated useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

##### (e) Leases

###### *Definition of a lease*

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

###### *The Group as a lessee*

###### *Allocation of consideration to components of a contract*

For a contract that contains a lease component and one or more additional lease or non-lease components, the Group allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

###### *Short-term leases and leases of low-value assets*

The Group applies the short-term lease recognition exemption to leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option. It also applies the recognition exemption for lease of low-value assets. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis or another systematic basis over the lease term.

###### *Right-of-use assets*

The Group recognises right-of-use assets at the commencement date of the lease. Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities.

The cost of right-of-use asset includes:

- the amount of the initial measurement of the lease liability;
- any lease payments made at or before the commencement date, less any lease incentives received;
- any initial direct costs incurred by the Group; and
- an estimate of costs to be incurred by the Group in dismantling and removing the underlying assets, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease, unless those costs are incurred to produce inventories.

Right-of-use assets in which the Group is reasonably certain to obtain ownership of the underlying leased assets at the end of the lease term are depreciated from commencement date to the end of the useful life. Otherwise, right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term.

The Group presents right-of-use assets as a separate line item on the consolidated statement of financial position.

#### (e) Leases (Continued)

##### *The Group as a lessee (Continued)*

##### *Refundable rental deposits*

Refundable rental deposits paid are accounted under HKFRS 9 and initially measure at fair value. Adjustments to fair value at initial recognition are considered as additional lease payments and included in the cost of right-of-use assets.

##### *Lease liabilities*

At the commencement date of a lease, the Group recognises and measures the lease liability at the present value of lease payments that are unpaid at that date. In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable.

The lease payments include:

- fixed payments (including in-substance fixed payments) less any lease incentives receivable;
- variable lease payments that depend on an index or a rate, initially measure using the index or rate as at the commencement date;
- amounts expected to be payable by the Group under residual value guarantees;
- the exercise price of a purchase option reasonably certain to be exercised by the Group; and
- payments of penalties for terminating a lease, if the lease term reflects the Group exercising the option to terminate.

After the commencement date, lease liabilities are adjusted by interest accretion and lease payments.

The Group remeasures lease liabilities (and makes a corresponding adjustment to the related right-of-use assets) whenever:

- the lease term has changed or there is a change in the assessment of exercise of a purchase option, in which case the related lease liability is remeasured by discounting the revised lease payments using a revised discount rate at the date of reassessment.
- the lease payments change due to changes in market rental rate following a market rent review/expected payment under a guaranteed residual value, in which cases the related lease liability is measured by discounting the revised lease payments using the initial discount rate.

The Group presents lease liabilities as a separate line item on the consolidated statement of financial position.

**4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

**(e) Leases** (Continued)

*The Group as a lessee (Continued)*

*Lease modifications*

The Group accounts for a lease modification as a separate lease if:

- the modification increases the scope of the lease by adding the right to use one or more underlying assets; and
- the consideration for the leases increases by an amount commensurate with the stand-alone price for the increase in scope and any appropriate adjustments to that stand-alone price to reflect the circumstances of the particular contract.

For a lease modification that is not accounted for as a separate lease, the Group remeasures the lease liability based on the lease term of the modified lease by discounting the revised lease payments using a revised discount rate at the effective date of the modification.

The Group accounts for the remeasurement of lease liabilities by making corresponding adjustments to the relevant right-of-use asset.

**(f) Borrowing costs**

Borrowing costs attributable directly to the acquisition, construction or production of qualifying assets which require a substantial period of time to be ready for their intended use or sale, are capitalised as part of the cost of those assets. Income earned on temporary investments of specific borrowings pending their expenditure on those assets is deducted from borrowing costs capitalised.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

**(g) Impairment losses on tangible assets**

At the end of the reporting period, the Group reviews the carrying amounts of its property, plant and equipment and right-of-use assets to determine whether there is any indication that these assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the relevant asset is estimated in order to determine the extent of the impairment loss (if any).

The recoverable amount of property, plant and equipment and right-of-use assets are estimated individually. When it is not possible to estimate the recoverable amount individually, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

For the year ended 31 December 2021

### 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (g) Impairment losses on tangible assets (Continued)

In testing a cash-generating unit for impairment, corporate assets are allocated to the relevant cash-generating unit when a reasonable and consistent basis of allocation can be established, or otherwise they are allocated to the smallest group of cash generating units for which a reasonable and consistent allocation basis can be established. The recoverable amount is determined for the cash-generating unit or group of cash-generating units to which the corporate asset belongs, and is compared with the carrying amount of the relevant cash-generating unit or group of cash-generating units.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset (or cash-generating unit) for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or a cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or a cash-generating unit) is reduced to its recoverable amount. For corporate assets or portion of corporate assets which cannot be allocated on a reasonable and consistent basis to a cash-generating unit, the Group compares the carrying amount of a group of cash-generating units, including the carrying amounts of the corporate assets or portion of corporate assets allocated to that group of cash-generating units, with the recoverable amount of the group of cash-generating units. In allocating the impairment loss, the impairment loss is allocated first to reduce the carrying amount of any goodwill (if applicable) and then to the other assets on a pro-rata basis based on the carrying amount of each asset in the unit or the group of cash-generating units. The carrying amount of an asset is not reduced below the highest of its fair value less costs of disposal (if measurable), its value in use (if determinable) and zero. The amount of the impairment loss that would otherwise have been allocated to the asset is allocated pro rata to the other assets of the unit or the group of cash-generating units. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

#### (h) Inventories

Inventories are stated at the lower of cost and net realisable value. Costs of inventories are determined on a weighted average method. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

#### 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

##### (i) Foreign currencies

In preparing the financial statements of each individual group entity, transactions in currencies other than the functional currency of that entity (foreign currencies) are recognised at the rates of exchanges prevailing on the dates of the transactions. At the end of the reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on the retranslation of monetary items, are recognised in profit or loss in the period in which they arise.

For the purposes of presenting the consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated into the presentation currency of the Group (i.e. HK\$) using exchange rates prevailing at the end of each reporting period. Income and expenses items are translated at the average exchange rates for the period, unless exchange rates fluctuate significantly during the period, in which case the exchange rates prevailing at the dates of transactions are used. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity under the heading of translation reserve.

##### (j) Employee benefits

###### (i) Retirement benefit costs

Payments to the defined contribution retirement benefit plans including the Mandatory Provident Fund Scheme in Hong Kong and state pension scheme in Vietnam are recognised as an expense when employees have rendered service entitling them to the contributions.

###### (ii) Short-term and other long term employee benefits

Short-term employee benefits are recognised at the undiscounted amount of the benefits expected to be paid as and when employees rendered the services. All short-term employee benefits are recognised as an expense unless another HKFRS requires or permits the inclusion of the benefit in the cost of an asset.

A liability is recognised for benefits accruing to employees (such as wages and salaries, annual leave and sick leave) after deducting any amount already paid.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date. Any changes in the liabilities' carrying amounts resulting from service cost, interest and remeasurement are recognised in profit or loss except to the extent that another HKFRS requires or permits their inclusion in the cost of an asset.

### 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (k) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit/loss before tax because of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

#### 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

##### (l) Financial instruments

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instrument. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

Financial assets and financial liabilities are initially measured at fair value except for trade receivables arising from contracts with customers which are initially measured in accordance with HKFRS 15. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets or financial liabilities at fair value through profit or loss (“**FVTPL**”)) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in profit or loss.

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income and interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts and payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset or financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

##### (i) Financial assets

###### *Classification and subsequent measurement of financial assets*

Financial assets that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets that meet the following conditions are subsequently measured at fair value through other comprehensive income (“**FVTOCI**”):

- the financial asset is held within a business model whose objective is achieved by both selling and collecting contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

### 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (l) Financial instruments (Continued)

##### (i) Financial assets (Continued)

###### *Classification and subsequent measurement of financial assets (Continued)*

All other financial assets are subsequently measured at FVTPL, except that at initial recognition of a financial asset the Group may irrevocably elect to present subsequent changes in fair value of an equity investment in other comprehensive income (“OCI”) if that equity investment is neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which HKFRS 3 Business Combinations applies.

A financial asset is classified as held for trading if:

- it has been acquired principally for the purpose of selling in the near term; or
- on initial recognition it is a part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

In addition, the Group may irrevocably designate a financial asset that are required to be measured at the amortised cost or FVTOCI as measured at FVTPL if doing so eliminates or significant reduces an accounting mismatch.

###### *Amortised cost and interest income*

Interest income is recognised using the effective interest method for financial assets measured subsequently at amortised cost and debt instruments/receivables subsequently measured at FVTOCI. Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired. For financial assets that have subsequently become credit-impaired, interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset from the next reporting period. If the credit risk on the credit-impaired financial instrument improves so that the financial asset is no longer credit-impaired, interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset from the beginning of the reporting period following the determination that the asset is no longer credit-impaired.

For the year ended 31 December 2021

#### 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

##### (l) Financial instruments (Continued)

##### (i) Financial assets (Continued)

###### *Classification and subsequent measurement of financial assets (Continued)*

###### *Debt instruments classified as at FVTOCI*

Subsequent changes in the carrying amounts for debt instruments classified as at FVTOCI as a result of interest income calculated using the effective interest method are recognised in profit or loss. All other changes in the carrying amount of these debt instruments are recognised in OCI and accumulated under the heading of FVTOCI reserve. Impairment allowances are recognised in profit or loss with corresponding adjustment to OCI without reducing the carrying amounts of these debt instruments. The amounts that are recognised in profit or loss are the same as the amounts that would have been recognised in profit or loss if these debt instruments had been measured at amortised cost. When these debt instruments are derecognised, the cumulative gains or losses previously recognised in other comprehensive income are reclassified to profit or loss.

###### *Financial assets at FVTPL*

Financial assets that do not meet the criteria for being measured at amortised cost or FVTOCI or designated as FVTOCI are measured at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any fair value gains or losses recognised in profit or loss. The net gain or loss recognised in profit or loss excludes any dividend or interest earned on the financial asset and is included in the “other gains and losses” line item.

##### (ii) Impairment loss on financial assets

The Group recognises a loss allowance for expected credit loss (“**ECL**”) on financial assets which are subject to impairment under HKFRS 9 (including trade and other receivables, pledged bank deposits and bank balances and cash). The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of the relevant instrument. In contrast, 12-month ECL (“**12m ECL**”) represents the portion of lifetime ECL that is expected to result from default events that are possible within 12 months after the reporting date. Assessment are done based on the Group’s historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current conditions at the reporting date as well as the forecast of future conditions.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

For the year ended 31 December 2021

### 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (i) Financial instruments (Continued)

##### (ii) Impairment loss on financial assets (Continued)

The Group always recognises lifetime ECL for trade receivables. The ECL on these assets are assessed individually.

For all other instruments, the Group measures the loss allowance equal to 12m ECL, unless there has been a significant increase in credit risk since initial recognition, in which case the Group recognises lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition.

##### *Significant increase in credit risk*

In assessing whether the credit risk has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk, e.g. a significant increase in the credit spread;
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor; or
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Group has reasonable and supportable information that demonstrates otherwise.

For the year ended 31 December 2021

#### 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

##### (i) Financial instruments (Continued)

##### (ii) Impairment loss on financial assets (Continued)

##### *Significant increase in credit risk (Continued)*

Despite the foregoing, the Group assumes that the credit risk on a debt instrument has not increased significantly since initial recognition if the debt instrument is determined to have low credit risk at the reporting date. A debt instrument is determined to have low credit risk if (i) it has a low risk of default, (ii) the borrower has a strong capacity to meet its contractual cash flow obligations in the near term and (iii) adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations. The Group considers a debt instrument to have low credit risk when it has an internal or external credit rating of “investment grade” as per globally understood definitions.

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

##### *Definition of default*

For internal credit risk management, the Group considers an event of default occurs when information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collaterals held by the Group).

Irrespective of the above, the Group considers that default has occurred when a financial asset is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

##### *Credit-impaired financial assets*

A financial asset is credit-impaired when one or more events of default that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- significant financial difficulty of the issuer or the borrower;
- a breach of contract, such as a default or past due event;
- the lender(s) of the borrower, for economic or contractual reasons relating to the borrower’s financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider;

#### (I) Financial instruments (Continued)

##### (ii) Impairment loss on financial assets (Continued)

###### *Credit-impaired financial assets (Continued)*

- it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for that financial asset because of financial difficulties.

###### *Write-off policy*

The Group writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, for example, when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings, or in the case of trade receivables, when the amounts are over one year past due, whichever occurs sooner. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. A write-off constitutes a derecognition event. Any subsequent recoveries are recognised in profit or loss.

###### *Measurement and recognition of ECL*

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data and forward-looking information. Estimation of ECL reflects an unbiased and probability-weighted amount that is determined with the respective risks of default occurring as the weights.

Generally, the ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and the cash flows that the Group expects to receive, discounted at the effective interest rate determined at initial recognition.

Interest income is calculated based on the gross carrying amount of the financial asset unless the financial asset is credit impaired, in which case interest income is calculated based on amortised cost of the financial asset.

Except for investments in debt instruments that are measured at FVTOCI, the Group recognises an impairment gain or loss in profit or loss for all financial instruments by adjusting their carrying amount, with the exception of trade receivables, where the corresponding adjustment is recognised through a loss allowance account. For investments in debt instruments that are measured at FVTOCI, the loss allowance is recognised in OCI and accumulated in the FVTOCI reserve without reducing the carrying amount of these debt instruments.

For the year ended 31 December 2021

#### 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

##### (i) Financial instruments (Continued)

##### (iii) Financial liabilities and equity instruments

Debt and equity instruments issued by a group entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

##### *Equity instruments*

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of direct issue costs.

##### *Financial liabilities at amortised cost*

Financial liabilities including trade and other payables and bank borrowings are subsequently measured at amortised cost, using the effective interest method.

##### (iv) Derecognition

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Group neither transfer nor retains substantially all the risks and rewards of ownership and continued to control the transferred assets, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

On derecognition of an investment in a debt instrument classified as at FVTOCI upon application of HKFRS 9, the cumulative gain or loss previously accumulated in the FVTOCI reserve is reclassified to profit or loss.

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

### 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

#### (m) Cash and cash equivalents

Cash and cash equivalents comprise cash balances and short-term deposits and highly liquid investments with maturities of three months or less from the date of acquisition that are subject to an insignificant risk of changes in their fair value, and are used by the Group in the management of its short-term commitments.

For the purpose of the statement of cash flows, bank overdrafts that are repayable on demand and that form an integral part of the Group's cash management are included in cash and cash equivalents.

#### (n) Provisions and contingent liabilities

Provisions are recognised for liabilities of uncertain timing or amount when the Group has a legal or constructive obligation arising as a result of a past event, which it is probable will result in an outflow of economic benefits that can be reliably estimated.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, the existence of which will only be confirmed by the occurrence or non-occurrence of one or more future events, are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

#### (o) Government grants

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions to them and that the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate.

Government grants related to income that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable. Such grants are presented under "other income".

### 5. CRITICAL ACCOUNTING JUDGEMENT AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, which are described in Note 4, the Directors is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

#### Key sources of estimation uncertainty

In addition to information disclosed elsewhere in these financial statements, other key sources of estimation uncertainty that have a significant risk of resulting a material adjustment to the carrying amounts of assets and liabilities within next financial year are as follows:

#### *Provision of ECL for trade receivables*

Upon the application of HKFRS 9, the Group assessed trade debtors individually for the expected credit losses, by considering the external credit rating of the debtors based on countries and industry in which the debtors operate on an individual basis, taking into consideration forward-looking information that is reasonable and supportable without undue costs or effort. Forward-looking information considered future prospects of the countries in which the Group's debtors operate. At every reporting date, the external credit rating are reassessed and changes in the forward-looking information are considered.

The provision of ECL is sensitive to changes in estimates. The information about the ECL and the Group's trade receivables are disclosed in Notes 20 and 31(b).

#### *Allowance for inventories*

The Group makes allowance for inventories based on an assessment of the net realisable value of inventories. Allowances are applied to inventories where events or changes in circumstances indicate that the net realisable value is lower than the cost of inventories. The identification of obsolete inventories requires the use of judgement and estimates on the conditions and usefulness of the inventories. In cases where the net realisable value of inventories assessed are less than expected, recognition of a material allowance for inventories may arise which would be recognised in profit or loss in the period in which such recognition takes place.

### 5. CRITICAL ACCOUNTING JUDGEMENT AND KEY SOURCES OF ESTIMATION UNCERTAINTY (Continued)

#### Key sources of estimation uncertainty (Continued)

##### Leases – Estimating the incremental borrowing rate

The Group cannot readily determine the interest rate implicit in a lease, and therefore, it uses an incremental borrowing rate (“IBR”) to measure lease liabilities. The IBR is the rate of interest that the Group would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment. The IBR therefore reflects what the Group “would have to pay”, which requires estimation when no observable rates are available (such as for subsidiaries that do not enter into financing transactions) or when it needs to be adjusted to reflect the terms and conditions of the lease (for example, when leases are not in the subsidiary’s functional currency). The Group estimates the IBR using observable inputs (such as market interest rates) when available and is required to make certain entity-specific estimates (such as the subsidiary’s stand-alone credit rating).

### 6. REVENUE AND SEGMENT INFORMATION *(Continued)*

#### (ii) Performance obligations

##### *Sale of candle products (revenue recognised at one point in time)*

The Group sells candle products to external customers in which the revenue is recognised when the control of the goods has transferred to the customers, being when the goods have been shipped to the external customers' specified location.

#### (iii) Transaction price allocated to the remaining performance obligation for contracts with customers

All performance obligations for sale of candle products are for periods of one year or less. As permitted under HKFRS 15, the transaction price allocated to these unsatisfied contracts is not disclosed.

#### Segment information

Information reported to the executive directors of the Company, being the chief operating decision maker ("**CODM**"), regularly review revenue analysis by product type as set out in the revenue analysis above for the purpose of resource allocation and assessment of performance. However, other than revenue analysis, no operating results and other discrete financial information is regularly reviewed by the CODM for the purpose of resource allocation and assessment of performance of respective businesses. The CODM reviews the operating results of the Group as a whole to make decisions about resource allocation and for assessment of performance. The operation of the Group constitutes one single operating and reportable segment under HKFRS 8 Operating Segments and accordingly no separate segment information is presented.

## 29. SHARE BASED PAYMENT TRANSACTIONS

### Share Option Scheme

The Company adopted the share option scheme on 23 June 2018 (the “**Share Option Scheme**”) for the purpose to provide the Company with a flexible means of giving incentive and reward to employee, advisor, customer, service provider, agent, customer, partner or joint-venture partner of the Group (including a director of the Group) (the “**Eligible Participants**”) for incentive or reward for their contribution to the Group. Under the Share Option Scheme, the board of directors (the “**Board**”) may make an offer to the Eligible Participants. The limit on the number of shares which may be issued upon exercise of all outstanding options granted and yet to be exercised under the Share Option Scheme and any other options granted and yet to be exercised under the Share Option Scheme and any other share option schemes of the Group must not exceed 30% of the total number of Shares in issue from time to time.

Unless approved by the shareholders of the Company at the general meeting, the total number of shares issued and to be issued upon exercise of the options granted and to be granted pursuant to the Share Option Scheme and any other share option schemes of the Group to each Eligible Participant (including both exercised and outstanding options) in any 12-month period up to and including the date on grant of the options must not exceed 1% of the shares in issue.

The maximum number of shares which may be issued upon exercise of all options to be granted under the Share Option Scheme and any other share option schemes of the Company must not exceed 110,000,000, representing 10% of the total number of shares in issue on 19 July 2018 (the date of listing of the Company’s shares to the Stock Exchange) and the date of this report unless the Company seeks the approval of the shareholders in general meeting for refreshing the 10% limit under the Share Option Scheme provided that options lapsed in accordance with the terms of the Share Option Scheme or any other share option schemes of the Group will not be counted for the purpose of calculating 10% limit.

### 29. SHARE BASED PAYMENT TRANSACTIONS (Continued)

#### Share Option Scheme (Continued)

The Share Option Scheme was adopted for a period of 10 years commencing from 23 June 2018 and remains in force until 23 June 2028. The Company may, by ordinary resolution in general meeting or, such date as the Board determined, terminate the Share Option Scheme at any time without prejudice to the exercise of options granted prior to such termination. The exercise price per Share for each option granted shall be determined by the Board in its absolute discretion but in any event shall be at least the higher of (i) the closing price of the Shares as stated in the daily quotations sheets issued by the Stock Exchange on the offer date of the option which must be a trading day; (ii) the average of the closing prices of the Shares as shown in the daily quotations sheets issued by the Stock Exchange for the five consecutive business days immediately preceding the offer date of the option; and (iii) the nominal value of the shares on the offer date of the option.

As at 31 December 2021 and 2020, no options have been granted under the Share Option Scheme.

### 30. CAPITAL RISK MANAGEMENT

The Company manages its capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged from prior year.

The capital structure of the Group consists of debt, which includes the bank overdrafts and bank borrowings and lease liabilities, net of cash and cash equivalents and equity attributable to owners of the Company, comprising share capital and reserves.

The Directors review the capital structure from time to time. As part of this review, the Directors consider the cost of capital and the risks associated with each class of capital. Based on recommendations of the Directors, the Group will balance its overall capital structure through the payment of dividends, the issue of new shares, new debt or the redemption of existing debts.

The gearing ratio at the end of reporting period was as follows:

	2021 HK\$'000	2020 HK\$'000
Bank borrowings, including bank overdrafts	62,581	29,723
Lease liabilities	3,359	2,405

<b>Financial liabilities</b>		
Financial liabilities at amortised cost	145,254	113,704

#### (b) Financial risk management objectives and policies

The Group's major financial instruments include financial assets at FVTPL, debt instruments at FVTOCI, trade receivables, deposit and other receivables, pledged bank deposits, bank balances and cash, trade and other payables, and bank overdrafts and bank borrowings. Details of these financial instruments are disclosed in the respective notes. The risks associated with these financial instruments include market risk (currency risk and interest rate risk), credit risk and liquidity risk and risks arising from the interest rate benchmark reform. The policies on how to mitigate these risks are set out below. The Directors manage and monitor these exposures to ensure appropriate measures are implemented on a timely and effective manner.

#### **Market risks**

The Group's activities expose it primarily to the financial risks of changes in interest rates, foreign currency exchange rates and equity price. Details of each type of market risks are described as follows:

##### (i) Interest rate risk

The Group is exposed to fair value interest rate risk in relation to its fixed-rate debt instruments at FVTOCI and secured bank overdrafts and bank borrowings.

The Group is exposed to cash flow interest rate risk in relation to variable-rate bank balances, pledged bank deposits and secured bank overdrafts and bank borrowings. The Group currently does not enter into any hedging instrument for cash flow interest rate risk. The Group monitors interest rate risk exposure and will consider hedging significant interest rate risk should the need arises.

### 31. FINANCIAL INSTRUMENTS (Continued)

#### (b) Financial risk management objectives and policies (Continued)

##### **Market risks** (Continued)

##### (i) Interest rate risk (Continued)

A fundamental reform of major interest rate benchmarks is being undertaken globally, including the replacement of some interbank offered rates (“**IBORs**”) with alternative nearly risk-free rates. Details of the impacts on the Group’s risk management strategy arising from the interest rate benchmark reform and the progress towards implementation of alternative benchmark interest rates are set out under “interest rate benchmark reform” in this note.

##### Sensitivity analysis

The sensitivity analysis below has been determined based on the exposure to variable-rate interest rates for bank balances, pledged bank deposits and secured bank overdrafts and bank borrowings at the end of the reporting period. The analysis is prepared assuming amounts of these financial instruments outstanding at the end of the reporting period were outstanding for the whole year. A 50 basis points increase or decrease represents management’s assessment on the reasonably possible change in interest rates.

If interest rates had been 50 basis points higher/lower for variable rate bank balances and pledged bank deposits, with all other variables held constant, the Group’s profit for the year ended 31 December 2021 would increase/decrease by HK\$574,000 (2020: HK\$583,000).

If interest rates had been 50 basis points higher/lower for variable rate bank overdrafts and bank borrowings, with all other variables held constant, the Group’s profit for the year ended 31 December 2021 would decrease/increase by HK\$257,000 (2020: HK\$121,000).

No sensitivity analysis for the decrease in interest rate of financial assets at FVTOCI is presented as the impact is insignificant as at 31 December 2021 and 2020.

#### (b) Financial risk management objectives and policies (Continued)

##### Market risks (Continued)

##### (ii) Foreign currency risk

Certain transactions of the Group are denominated in foreign currencies which are different from the functional currency of the respective relevant entities. The Group is mainly exposed to foreign exchange risk arising from transactions that are denominated in HK\$ and VND. The Group currently does not have a foreign currency hedging policy. However, the management manages its foreign currency risk by closely monitoring the movement of the foreign currency rates and considering hedging significant foreign currency exposure should the need arises.

The carrying amounts of the foreign currency denominated monetary assets and liabilities at the reporting period are as follows:

	Assets		Liabilities

#### (b) Financial risk management objectives and policies (Continued)

##### Market risks (Continued)

##### (ii) Foreign currency risk (Continued)

##### Sensitivity analysis

The Group is mainly exposed to the effects of fluctuations in US\$ against VND and HK\$.

As HK\$ is pegged to US\$, the exposures to fluctuations in exchange rate of US\$ against HK\$ are considered insignificant and are not considered in the sensitivity analysis.

The following table details the Group's sensitivity to a 5% increase and decrease in the entity's respective functional currency against VND, excluding HK\$. 5% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents the Directors' assessment of the reasonably possible change in foreign exchange rate. The sensitivity analysis includes outstanding foreign currency denominated monetary items and adjusts their translation at the end of the reporting period for a 5% change in foreign currency rate. A positive/(negative) number below indicates increase/(decrease) in profit for the years ended 31 December 2021 and 2020 where US\$ strengthens against the relevant currency. For a 5% weakening of US\$ against the relevant currency, there would be an equal and opposite impact on the results for the year.

	2021 HK\$'000	2020 HK\$'000
Profit for the year – VND	1,655	931

##### (iii) Other price risk

The Group is exposed to price risk through its financial assets at FVTPL. The Directors manage this exposure by maintaining a portfolio of investments with different risks.

No sensitivity analysis is presented for the other price risk on the Group's financial assets at FVTPL for the years ended 31 December 2021 and 2020 as the carrying amount of financial assets at FVTPL is considered as insignificant to the Group.

##### (iv) Liquidity risk

In the management of the liquidity risk, the Group monitors and maintains a level of cash and cash equivalents as well as undrawn banking facilities deemed adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows. The management monitors the utilisation of bank borrowings.

The following table details the Group's remaining contractual maturity for its financial liabilities and lease liabilities. The table has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay. Specifically, bank loans with a repayment on demand clause are included in the earliest time band regardless of the probability of the banks choosing to exercise their rights. The maturity dates for other non-derivative financial liabilities are based on the agreed repayment dates. The table includes both interest and principal cash flows. To the extent that interest flows are variable rate, the undiscounted amount is derived from weighted average interest rate at the end of the reporting period.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

For the year ended 31 December 2021

### 31. FINANCIAL INSTRUMENTS (Continued)

#### (b) Financial risk management objectives and policies (Continued)

##### *Credit risks and impairment provision*

As at 31 December 2021 and 2020, the Group's maximum exposure to credit risk which will cause a financial loss to the Group due to failure to discharge an obligation by the counterparties is arising from the carrying amount of respective financial assets as stated in the consolidated statement of financial position. The Group does not hold any collateral or other credit enhancements to cover its credit risks associated with its financial assets. There is no significant changes in the quality of that collateral as a result of deterioration or changes in the collateral policies of the entity during both reporting periods.

##### *Trade receivables from sales of candle products*

In respect of trade receivables from sales of candle products, individual credit evaluations are performed on all customers requiring credit over a certain amount. These evaluations focus on the customer's credit rating, past history of making payments when due and current ability to pay, and take into account information specific to the customers as well as pertaining to the economic environment in which the customers operate. In addition, the Group performs impairment assessment under ECL model on trade balances individually. In this regard, the Directors consider that the Group's credit risk is significantly reduced.

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The default risk of the industry and country in which customers operate also has an influence on credit risk but to a lesser extent. At the end of reporting period, the Group has a certain concentration of credit risk as 83% (2020: 80%) of the total trade receivables was due from the Group's five largest customers.

##### *Debt instruments at FVTOCI*

The Group only invests in debt securities with low credit risk. The Group's debt instruments at FVTOCI mainly comprise unlisted bonds that are graded in the top investment grade as per globally understood definitions and therefore are considered to be low credit risk investments. During the years ended 31 December 2021 and 2020, the expected credit losses on debt instruments at FVTOCI was considered insignificant.

#### (b) Financial risk management objectives and policies (Continued)

##### Credit risks and impairment provision (Continued)

##### Other receivables, pledged bank deposits and bank balances and cash

The Group performs impairment assessment under ECL model on deposits and other receivables, pledged bank deposits and bank balances and cash based on 12m ECL.

The credit risk on other receivables is limited because the counterparties have no historical default record and the directors expect that the general economic conditions will not significantly change for the 12 months after the reporting date. Accordingly, no impairment loss allowance is recognised for other receivables.

The credit risk on pledged bank deposits and bank balances and cash is limited because the counterparties are banks with high credit ratings assigned by international credit-rating agencies. Accordingly, no impairment loss allowance is recognised for pledged bank deposits and bank balances and cash.

The tables below detail the credit risk exposures of the Group's financial assets which are subject to ECL assessment:

	Notes	12-month or lifetime ECL	Gross carrying amount	
			2021 HK\$'000	2020 HK\$'000
<b>Financial assets at amortised cost</b>

#### (b) Financial risk management objectives and policies (Continued)

##### *Credit risks and impairment provision (Continued)*

*Other receivables, pledged bank deposits and bank balances and cash (Continued)*

*Note:*

For trade receivables from sales of candle products, the Group has applied the simplified approach in HKFRS 9 to measure the loss allowance at lifetime ECL.

Trade receivables have been assessed individually for debtors by considering the external credit rating of debtors based on the countries and industries in which the Group's trade debtors operate, taking into consideration forward-looking information includes future prospects of the economies in which the Group's debtors operate.

As at 31 December 2021, the ECL rates for non-default trade receivables ranged from 0.000067% to 2.1784% (2020: 0.0014% to 0.4168%) and the ECL rates for default trade receivables of 53.20% (2020: 39.67%) are estimated based on observed default rates of the debtors from external sources of information and are adjusted for forward-looking information that is available without undue cost or effort.

During the year ended 31 December 2021, expected credit loss of HK\$3,348,000 (2020: HK\$3,000) for trade receivables from sales of candle products is recognised to profit or loss.

##### **Interest rate benchmark reform**

Several of the Group's LIBOR and Hong Kong Interbank Offered Rate ("**HIBOR**") bank loans will or may be subject to the interest rate benchmark reform. The Group is closely monitoring the market and managing the transition to new benchmark interest rates, including announcements made by the relevant IBOR regulators.

##### *LIBOR*

The Financial Conduct Authority has confirmed all LIBOR settings will either cease to be provided by any administrator or no longer be representative (i) immediately after 31 December 2021, in the case of all sterling, euro, Swiss franc and Japanese yen settings, and the 1-week and 2-month US dollar settings; and (ii) immediately after 30 June 2023, in the case of the remaining US dollar settings.

##### *HIBOR*

While the Hong Kong Dollar Overnight Index Average ("**HONIA**") has been identified as an alternative to HIBOR, there is no plan to discontinue HIBOR. The multi-rate approach has been adopted in Hong Kong, whereby HIBOR and HONIA will co-exist.

For the year ended 31 December 2021

### 31. FINANCIAL INSTRUMENTS (Continued)

#### (b) Financial risk management objectives and policies (Continued)

##### *Interest rate benchmark reform (Continued)*

##### *Risk arising from the interest rate benchmark reform*

The following are the key risks for the Group arising from the transition:

##### *Interest rate related risks*

For contracts which have not been transitioned to the relevant alternative benchmark rates and without detailed fallback clauses, if the bilateral negotiations with the Group's counterparties are not successfully concluded before the cessation of LIBORs, there are significant uncertainties with regard to the interest rate that would apply. This gives rise to additional interest rate risk that was not anticipated when the contracts were entered into.

There are fundamental differences between IBORs and the various alternative benchmark rates. IBORs are forward looking term rates published for a period (e.g. 3 months) at the beginning of that period and include an inter-bank credit spread, whereas alternative benchmark rates are typically risk-free overnight rates published at the end of the overnight period with no embedded credit spread. These differences will result in additional uncertainty regarding floating rate interest payments.

##### *Liquidity risk*

The additional uncertainty on various alternative rates which are typically published on overnight basis will require additional liquidity management. The Group's liquidity risk management policy has been updated to ensure sufficient liquid resources to accommodate unexpected increases in overnight rates.

##### *Progress towards implementation of alternative benchmark interest rates*

As part of the Group's risk management for transition, new contracts entered into by the Group are linked to the relevant alternative benchmark rates or interest rates which are not subject to reform to the extent feasible. Otherwise, the Group ensured the relevant contracts include detailed fallback clauses clearly referencing the alternative benchmark rate and the specific triggering event on which the clause is activated.

During the year ended 31 December 2021, the Group has no contracts which are linked to 1 week and 2 months LIBOR US dollar settings. As at 31 December 2021, approximately HK\$3,955,000 of the Group's bank borrowings are using LIBOR as the base rate. The Group is planning to transition its LIBOR-linked contracts through introduction of, or amendments to, fallback clauses into the contracts according to the financial institutions' practices which will change the basis for determining the interest cash flows from LIBOR to alternative reference rate at an agreed point in time.

At the date of this report, the Group expects floating rate contracts that are linked to HIBOR as the base rate will continue until maturity.

### 31. FINANCIAL INSTRUMENTS (Continued)

#### (c) Fair value measurements of financial instruments

This note provides information about how the Group determines fair values of various financial assets.

The Directors consider that the carrying amounts of financial assets and financial liabilities measured at amortised cost in the consolidated financial statements approximate their fair values.

#### **Fair value of the Group's financial assets that are measured at fair value on a recurring basis**

Some of the Group's financial assets are measured at fair value at the end of each reporting period. The following table gives information about how the fair values of these financial assets are determined (in particular, the valuation technique(s) and inputs used) as well as the level of the fair value hierarchy into which the fair value measurements are categorised (levels 1 to 3) based on the degree to which the inputs to the fair value measurements is observable.

#### Financial assets

	Fair value as at		Fair value hierarchy	Valuation technique and key inputs	Relationship of unobservables inputs to fair value
	31 December 2021 HK\$'000	31 December 2020 HK\$'000			
Financial assets at FVTPL (Note 17)	-	11	Level 1	Quoted price in active market.	N/A
Debt instruments at FVOCI (Note 18)	1,152	1,166	Level 3	Based on the reference prices of respective unlisted bonds provided by financial institution which is reflecting the credit risk of the issuers.	A slight increase in discount rate used would result in significant decrease in fair value measurement to the unlisted bonds investments and vice versa.

Note: There were no transfers between level 1 and level 3 during the years ended 31 December 2021 and 2020.

Contributions made during the year	11,100	7,928

The employees of the Group's subsidiary in Vietnam are members of a state-managed retirement benefit scheme operated by the local government. The subsidiary is required to contribute 5% of the relevant payroll costs to those staff employed before 2009 (details in Note 26) and a specified percentage of their payroll costs to the retirement benefit scheme to fund the benefits. The only obligation of the Group's subsidiary in Vietnam with respect to the retirement benefit scheme is to make the specified contributions. The total contribution to the state-managed retirement benefit scheme and charged to profit or loss amounted to HK\$10,777,000 for the year ended 31 December 2021 (2020: HK\$7,606,000).

The Group operates a scheme under Mandatory Provident Fund Scheme (the "MPF Scheme") established under the Mandatory Provident Fund Schemes Ordinance in December 2000 for the Group's Hong Kong employees. The assets of the MPF Scheme are held separately from those of the Group, in funds under the control of trustees. For employees who are members of the MPF Scheme, the Group contributes 5% of relevant payroll costs to the scheme subject to a maximum of HK\$1,500 per month, which contribution is matched by the employee. The total contribution to MPF Scheme and charged to profit or loss amounted to HK\$323,000 for the year ended 31 December 2021 (2020: HK\$322,000).
