## First Quarterly Report

## CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

# MANAGEMENT DISCUSSION AND ANALYSIS

## FINANCIAL REVIEW

### Revenue

The total revenue of the Group decreased from approximately HK\$84.3 million for the three months ended 30 June 2022 to approximately HK\$64.4 million for the three months ended 30 June 2023, representing a decrease of approximately HK\$19.9 million, or 23.6%. Such decrease was mainly due to the decrease in revenue from renovation and maintenance works, alteration and addition works (“**RMAA**”) and fitting-out works and mixed projects undertaken by the Group as a result of the strong recovery from the outbreak of the Pandemic in Hong Kong during the three months ended 30 June 2022.

### Cost of Sales

The cost of sales of the Group decreased from approximately HK\$74.4 million for the three months ended 30 June 2022 to approximately HK\$56.7 million for the three months ended 30 June 2023, representing a decrease of approximately HK\$17.7 million, or 23.8%. Such decrease was mainly attributable to the decrease in the subcontracting charges which is driven by the result of decrease in the revenue from RMAA and fitting-out works undertaken by the Group for the three months ended 30 June 2023.

### Gross Profit

The gross profit of the Group decreased by approximately HK\$2.2 million, or 22.2% from approximately HK\$9.9 million for the three months ended 30 June 2022 to approximately HK\$7.7 million for the three months ended 30 June 2023. The decrease was mainly driven by the decrease in revenue for the three months ended 30 June 2023. The overall gross profit margin remained stable at 11.8% and approximately 11.9% for the three months ended 30 June 2022 and 2023 respectively.

## **Other Income**

Other income of the Group amounted to approximately HK\$74,000 for the three months ended 30 June 2022 and approximately HK\$291,000 for the three months ended 30 June 2023. The increase was mainly attributable to the increase in interest income from the loan to a joint venture during the three months ended 30 June 2023.

## **Administrative Expenses**

Administrative expenses of the Group increased by approximately HK\$1.0 million or 21.7% from approximately HK\$4.6 million for the three months ended 30 June 2022 to approximately HK\$5.6 million for the three months ended 30 June 2023. Administrative expenses primarily comprised staff costs, audit fee and other professional fees and depreciation expenses. The increase was mainly attributable to the increase in staff costs.

## **Finance Costs**

Finance costs of the Group increased by approximately HK\$0.5 million or 62.5% from approximately HK\$0.8 million for the three months ended 30 June 2022 to approximately HK\$1.3 million for the three months ended 30 June 2023. The increase was mainly due to the increase in usage of bank loan and factoring loan during the three months ended 30 June 2023.

## **Income Tax Expense**

Income tax expense of the Group decreased by approximately HK\$0.6 million or 85.7% from approximately HK\$0.7 million for the three months ended 30 June 2022 to approximately HK\$0.1 million for the three months ended 30 June 2023. The decrease was mainly due to the decrease in profit before taxation during the three months ended 30 June 2023. Our effective tax rate, which is calculated by dividing income tax expense by profit before taxation, was approximately 5.8% and 15.8% for the three months ended 30 June 2023 and 2022, respectively. The decrease in effective tax rate was mainly due to 8.25% tax rate under two-tiered profits tax rates regime enjoyed by the qualifying group entity for the first HK\$2 million of profits during the three months ended 30 June 2023.

## **Profit and Total Comprehensive Income for the Period**

Profit and total comprehensive income attributable to the owners of the Company decreased by approximately HK\$2.9 million or 74.4% from approximately HK\$3.9 million for the three months ended 30 June 2022 to approximately HK\$1.0 million for the three months ended 30 June 2023.

Such decrease was primarily attributable to the combined effect of (i) the decrease in revenue for the three months ended 30 June 2023; (ii) the decrease in gross profit for the three months ended 30 June 2023; and (iii) the increase in the administrative expenses incurred by the Group for the three months ended 30 June 2023.

## **MATERIAL ACQUISITIONS AND DISPOSALS OF SUBSIDIARIES AND AFFILIATED COMPANIES**

## BUSINESS REVIEW AND OUTLOOK

The Group is an established main contractor for the provision of (i) new capital works; (ii) site formation and geotechnical works; (iii) renovation and maintenance works; (iv) alteration and addition works; and (v) fitting-out works in Hong Kong. As a main contractor, the Group is responsible for the overall management, implementation and supervision of projects. The Group focuses on the management of projects, development of work programmes, procurement of works materials, operation of site works, co-ordination with the customers or their consultants and the environmental, safety and quality control of the works carried by the employees and the subcontractors. In addition, the Group also engages in property development and investment in Hong Kong and earns rental income.

New capital works refers to the development of new infrastructure or assets, encompassing projects such as roads, bridges, gardens, residential housing, commercial structures, and industrial facilities. In respect of renovation and maintenance works, the Group encompasses the general upkeep, restoration and improvement of existing facilities and components of the buildings and their surroundings. As for alteration and addition works and fitting-out works, the Group revolves around the alteration and addition of building layout and structural works and decoration works to the interior spaces to the existing premises.

The Group was in the progress of recovering from the COVID-19 pandemic (“**Pandemic**”) during the period under review. During the period under review, none of the Group’s projects were subject to suspension due to the Pandemic. The Directors will continue to closely monitor the latest development of the Pandemic and assess and respond to its impact on the Group’s results of operations, cash flows and financial condition.

Looking forward, the Directors consider that the future opportunities and challenges facing the Group will continue to be affected by the progress of recovery of Hong Kong from the Pandemic, which in turn affects the development of the construction industry in Hong Kong as well as labour costs and material costs. The Directors are of the view that the number of properties to be built and maintained in Hong Kong remains to be the key driver for the growth of the Hong Kong renovation and maintenance, alteration and addition works and fitting-out sector. With the Group's experienced management team and reputation in the market, the Directors consider that the Group is well-positioned to compete against its competitors under such future challenges that are commonly faced by all competitors, and the Group will continue to strengthen the market position in the industry and expand the market share. In addition, the Group has completed the acquisition of 50% of the issued share capital of Acasa Property Limited ("**Acasa**") and Acasa became a joint venture company owned as to 50% by the Group during 2023. K18 Property Limited, being a wholly owned subsidiary of Acasa, wholly owns a piece of land located in Kimberley Street (the "**Property**"), in which the Group participates in the redevelopment of the Property and the construction of a new building to be erected on the Property. The Board believes that these transactions give an opportunity for the Group to undertake more sizeable construction projects and to broaden the Group's customer base. Going forward, the Group will continue to explore business and investment opportunities to further strengthen the Group's income stream and to enhance the Group in obtaining more sizeable projects. In this regard, the Group may consider whether any acquisitions, business rationalisation, fund raising and/or business diversification will be appropriate in order to enhance the long-term growth potential of the Group.

## CORPORATE GOVERNANCE CODE

Pursuant to the Code Provision C.2.1 of Part 2 of the Corporate Governance Code (the “**CG Code**”) as set out in Appendix 15 to the GEM Listing Rules, the roles of chairman and chief executive should be separate and should not be performed by the same individual. The division of responsibilities between the chairman and chief executive should be clearly established.

Mr. Leung Ka Ho, Raymond currently assumes the role of both chairman of the Company and chief executive of the Company. Considering that Mr. Leung Ka Ho, Raymond has been operating and managing the Group since 2002, the Board believes that it is in the best interest of the Group to have Mr. Leung Ka Ho, Raymond taking up both roles for effective management and business development. It provides a strong and consistent leadership to the Group and that the current management has been effective in the development of the Group and the implementation of business strategies under the leadership of Mr. Leung Ka Ho, Raymond. In allowing the two roles to be vested in the same person, the Group believes both positions require in-depth knowledge and considerable experience of the Group's business and Mr. Leung Ka Ho, Raymond is the most suitable person to occupy both positions for effective management of the Group. Therefore, the Board considers that the deviation from Code Provision C.2.1 of Part 2 of the CG Code is appropriate in such circumstance.
